Our Values Enable Our Success

CLIENT 1

"Waystar's integration with our EHR system has helped our staff assist patients more efficiently, both in person and via phone, by eliminating the need to switch between multiple tools and workflows. In fact, this has resulted in reduced patient call handle times, improving the patient financial experience while boosting staff productivity."

"We're much more efficient and much faster, in both keeping the patients satisfied and getting paid for our services."

CLIENT 2

"I hopped on Waystar's platform and moved around pretty easily. This was important because our staff members range from college grads to long-time professionals. Waystar's solutions are so intuitive, people at all technology experience levels pick it up quickly without a lot of training."

"Waystar is like our 'sixth man'."

CLIENT 3

"My staff were living in backlogs of work, and unpaid accounts could remain unresolved up to 82 days or even 120 days in some facilities. Waystar really stuck its neck out for us to do what no vendor had previously done. I was very impressed by that."

"Waystar's solution promised to alleviate the burden on my staff. This was important. For [us], the cash improvements and cost savings have been very apparent — it's much less expensive to automate claim status verification with Waystar than add new staff."

CLIENT 4

"Our journey started with finding a vendor that checked all the boxes from our product must-haves category—and that's how we came to partner with Waystar."

"We've optimized our workflow so that Waystar technology pulls the information from the physician order seamlessly to initiate an authorization on the payer website, statuses it, and then pulls the information back into our electronic health record. It's a really slick workflow. That means when an authorization cannot be secured, we have two weeks to have that conversation with the patient and can potentially redirect them to a different site of care, or they can choose to make an informed decision about paying out of pocket."

Non-GAAP financial measures

This prospectus contains “non-GAAP financial measures” that are financial measures that either exclude or include amounts that are not excluded or included in the most directly comparable measures calculated and presented in accordance with GAAP. Specifically, we make use of the non-GAAP financial measures “Adjusted EBITDA” and “Adjusted EBITDA margin.” Adjusted EBITDA and Adjusted EBITDA margin have been presented in this prospectus as supplemental measures of financial performance that are not required by, or presented in accordance with, GAAP. We believe they assist investors and analysts in comparing our operating performance

across reporting periods on a consistent basis by excluding items that we do not believe are indicative of our core operating performance. Management believes Adjusted EBITDA and Adjusted EBITDA margin are useful to investors in highlighting trends in our operating performance, while other measures can differ significantly depending on long-term strategic decisions regarding capital structure, the tax jurisdictions in which we operate, and capital investments. Management uses Adjusted EBITDA and Adjusted EBITDA margin to supplement GAAP measures of performance in the evaluation of the effectiveness of our business strategies, to make budgeting decisions, to establish discretionary annual incentive compensation, and to compare our performance against that of other peer companies using similar measures. Management supplements GAAP results with non-GAAP financial measures to provide a more complete understanding of the factors and trends affecting the business than GAAP results alone provide.

Adjusted EBITDA and Adjusted EBITDA margin are not recognized terms under GAAP and should not be considered as an alternative to net income (loss) or net income (loss) margin as measures of financial performance or cash provided by operating activities as a measure of liquidity, or any other performance measure derived in accordance with GAAP. Additionally, these measures are not intended to be a measure of free cash flow available for management's discretionary use, as they do not consider certain cash requirements such as interest payments, tax payments, and debt service requirements. The presentations of these measures have limitations as analytical tools and should not be considered in isolation, or as a substitute for analysis of our results as reported under GAAP. Because not all companies use identical calculations, the presentations of these measures may not be comparable to other similarly titled measures of other companies and can differ significantly from company to company. For a discussion of the use of these measures and a reconciliation of the most directly comparable GAAP measures, see "Summary—Summary historical financial and other data."

Our mission

Our mission is to simplify healthcare payments through our modern cloud-based software, enabling our healthcare clients to prioritize patient care and optimize their financial performance.

Overview

Waystar provides healthcare organizations with mission-critical cloud software that simplifies healthcare payments. Our enterprise-grade platform streamlines the complex and disparate processes our healthcare provider clients must manage to be reimbursed correctly, while improving the payments experience for providers, patients, and payers. We leverage internally developed artificial intelligence ("AI") as well as proprietary, advanced algorithms to automate payment-related workflow tasks and drive continuous improvement, which enhances claim and billing accuracy, enriches data integrity, and reduces labor costs for providers.

Put simply, our software helps providers get paid faster, accurately, and more efficiently, while ensuring patients receive a modern, transparent, and consumer-friendly financial experience.

The healthcare payment ecosystem is highly complex, beginning with pre-service patient onboarding and extending through post-service revenue collection, with dozens of interdependent steps in between. Within this multi-step workflow, the process for determining how much a provider should be reimbursed involves millions of permutations of variables, such as over 10,000 diagnosis codes that are constantly changing and unique payer contracts, each with individual rules, processes, and reimbursement requirements. The burden borne by providers of tracking and managing all of these variables, coupled with a constantly evolving regulatory framework, often results in incorrect payments or denials that require time-consuming appeals procedures to resolve. Historically, healthcare providers have relied upon a patchwork of manual processes and systems to navigate these complexities and support their payment functions. However, this legacy approach has resulted in workflow delays, lost revenue, and slower time to payment. Our purpose-built software platform addresses these challenges and optimizes healthcare payments across all stages of the patient journey. Our clients utilize our software to manage pre-encounter workflows such as eligibility checks and prior authorization approvals, as well as mid- and post-encounter workflows such as co-pay collection, claims submission and monitoring, and payer remittances.

Our software is used daily by providers of all types and sizes across the continuum of care, including physician practices, clinics, surgical centers, and laboratories, as well as large hospitals and health systems. We currently serve approximately 30,000 clients of various sizes, representing approximately one million distinct providers practicing across a variety of care sites, including 18 of the top 22 U.S. News Best Hospitals. Our client base is highly diversified, and for the nine months ended September 30, 2023 and the year ended December 31, 2022, our top 10 clients accounted for only 11.5% and 11.4%, respectively, of our total revenue. Our business model is designed such that as our clients grow to serve more patients, their claims and transactional volumes increase, resulting in corresponding growth in our business. In addition, our clients frequently adopt a greater number of our solutions over time and introduce our solutions across new sites of care. The number of clients from whom we generate over \$100,000 of revenue has grown from 733 in the twelve months ended March 31, 2021 to 1,033 in the twelve months ended September 30, 2023, driven by large, new client wins and successful cross-selling and up-selling efforts. In 2022, we facilitated over 4 billion healthcare payments transactions, including over \$900 billion in gross claims volume, spanning approximately 50% of patients in the United States.

Our platform benefits from powerful network effects. Our cloud-based software is driven by a sophisticated, automated, and curated rules engine, employing AI to generate and incorporate real-time feedback from millions of network transactions processed through our platform each day. Every transaction we process provides additional data insights across providers, patients, and payers, which are embedded in updates that are deployed efficiently across our client base. This results in cumulative benefits to us over time — as we capture more data from each transaction we process, we leverage that data to continue to improve the Waystar platform through embedded machine learning, advanced algorithms, and other in-house AI technologies to deliver added value to our clients. In turn, the more value we create for our clients, the more likely it is that they will continue to use our products, allowing us to continue to capture more data that results in tangible improvements to our platform. As a result, our clients benefit from faster and more efficient performance from software that is evolving to meet ever-changing regulatory and payer requirements, enabling accurate and timely reimbursement.

We have demonstrated an ability to drive recurring, predictable, and profitable growth. Over 99% of our revenue is either recurring subscription or based on highly predictable volumes. For the twelve months ended September 30, 2023, our Net Revenue Retention Rate was 109.0%, and for the year ended December 31, 2022, our Net Revenue Retention Rate was 109.5%. For the nine months ended September 30, 2023, we generated revenue of \$584.3 million (reflecting a 11.8% increase compared to revenue of \$522.8 million for the same period in the prior year), net loss of \$36.9 million (reflecting a 2.8% decrease compared to net loss of \$35.9 million for the same period in the prior year), and Adjusted EBITDA of \$247.5 million (reflecting a 13.9% increase compared to Adjusted EBITDA of \$217.2 million for the same period in the prior year). For the year ended December 31, 2022, we generated revenue of \$704.9 million (reflecting a 22% increase compared to revenue of \$578.6 million in the prior year), net loss of \$44.0 million (reflecting a 6% decrease compared to net loss of \$47.1 million in the prior year), and Adjusted EBITDA of \$295.5 million (reflecting a 16% increase compared to Adjusted EBITDA of \$254.5 million in the prior year).

Industry background

Healthcare is one of the largest and most complex vertical end-markets within the U.S. economy, accounting for 18.3% of the U.S. gross domestic product as of 2021. According to the Centers for Medicare & Medicaid Services (“CMS”), total U.S. healthcare spending was \$4.3 trillion in 2021 and is expected to grow at a 5% annual rate to \$6.8 trillion in 2030. According to the Journal of the American Medical Association, the annual cost of wasteful spending in healthcare has ranged from \$760 billion to \$935 billion in recent years, or nearly one-quarter of total healthcare spending. Of this, \$350 billion is administrative-related, which is inclusive of healthcare payments-related waste.

The Waystar platform is purpose-built to address the administrative headwinds faced by healthcare providers, including:

- **Antiquated, legacy technology systems and data silos.** The historically slow pace of digital adoption by healthcare organizations has led to a patchwork of disparate software point-solutions that lack the interoperability and scalability of a modern cloud-based technology architecture.
- **Reliance on inefficient, manual processes.** Poorly integrated legacy systems have led many healthcare organizations to employ labor-dependent solutions to address the critical demands of their businesses, often resulting in suboptimal financial performance for providers and a substandard experience for patients.
- **Increasing labor and administrative costs.** Staffing costs continue to present a major challenge, with clinical labor costs in 2021 increasing an average of 8% per patient day when compared to a pre-pandemic baseline period in 2019, according to an analysis by Premier, Inc.
- **Reimbursement complexity and collection challenges.** Determining reimbursement to a provider from a payer or a patient is dependent on a myriad of factors that are both highly complex and constantly evolving. Providers bear the burden of navigating reimbursement obstacles, and missteps can ultimately result in lost revenue or delayed cash flow. In addition, healthcare providers often struggle to convert patient bills (i.e., patient responsibility) to cash payments as patients are also tasked with navigating ever-changing benefits policies and interacting with outdated technology.
- **Accelerating consumer demand for digital tools.** Patients are bearing a greater burden of healthcare costs than ever before, with more than 50% of American employees enrolling in high deductible health plans according to SHADAC Data (2022). Out-of-pocket costs constituted 12% of total U.S. personal healthcare expenditures in 2021 according to CMS, and the estimated average patient lifetime spending is \$1.4 million, based on a 2021 Health Management Academy Research report. Despite these trends, patients lack access to digital tools and accurate information for healthcare payments, such as transparency in insurance coverage and out-of-pocket cost estimates pre-service, as well as flexible payment arrangements to pay for care, resulting in 40% of patients paying their bills late, according to a Company survey.

Our market opportunity

Over time, administrative workflows that were traditionally insourced by healthcare providers have undergone a meaningful transformation. Seeking more effective solutions to address industry challenges, providers initially outsourced these functions to third-party specialized services vendors. However, with advances in technology infrastructure and cloud-based software, as well as increased interoperability between systems, providers are increasingly utilizing automated software solutions to further enhance efficiency. We believe the healthcare payments workflow is currently undergoing such an evolution, and that Waystar is well-positioned to benefit from providers gravitating towards more modern, software-oriented solutions.

We estimate that our total addressable market ("TAM") with respect to our current software solution set is approximately \$15 billion today. To estimate our market opportunity, we categorized the United States healthcare provider market into tiers based on setting of care and size of practice. We then applied our average pricing by product, accounting for pricing differences at varying sized providers, and multiplied the average product price by the corresponding practice count per setting of care to determine our TAM.

Based on a third-party study commissioned by the Company, we believe our TAM has the potential to increase to almost \$20 billion in 2027, reflecting a 5% compounded annual growth rate ("CAGR") over the next five years, driven by growth within healthcare payments (notably, in prior authorizations, patient payments, and revenue cycle management analytics), increased outsourcing in revenue cycle management, as well as secular technology tailwinds such as greater utilization of AI. We expect to expand our TAM further over time as we develop new solutions and address adjacent workflows.

We believe we have consistently grown in excess of the market since 2016 and expect we will continue to grow our market share in the future by virtue of our differentiated platform and capabilities. We believe the market share

of our solutions within the hospital segment and ambulatory practice segment is approximately 3% and 7% (calculated as a percentage of our revenue as compared to our TAM estimates by setting of care), respectively, demonstrating the ample white space in which we can continue driving our growth.

The Waystar platform

Our innovative, cloud-based software platform is purpose-built to simplify our clients' payment-related challenges. We believe our platform significantly outperforms those of our competitors, who lack either modern functionality or the ability to address the full end-to-end payments workflow.

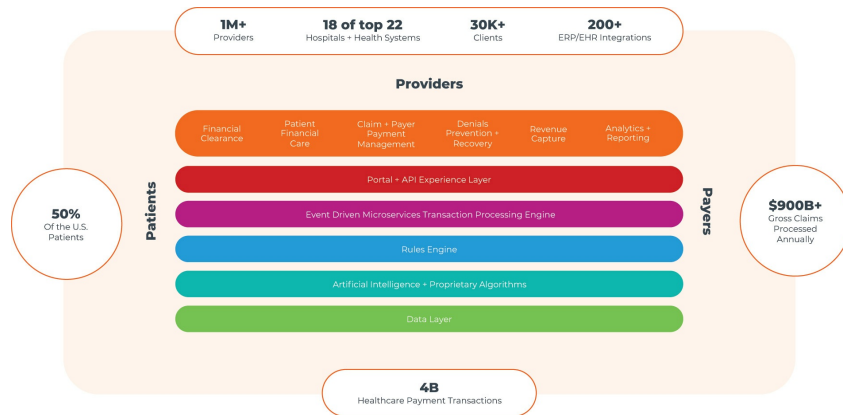

The key components of our platform include:

- **Modern, differentiated software.** We provide modern, cloud-native, scalable healthcare payments software solutions. Our single-instance, multi-tenant infrastructure is underpinned by an event-driven microservices architecture, all of which we have built in-house.
- **A comprehensive solution set.** Our software addresses the entire healthcare payments workflow, from pre-service patient onboarding and prior authorization through post-service payment collection, allowing our clients to address the full demands of their organizations with a single software platform.
- **Seamless integrations.** Our solutions are integrated with a broad range of systems provided by over 200 channel partners, including enterprise resource planning ("ERP") applications, as well as practice management ("PM") and electronic health record ("EHR") systems.
- **An expansive network.** Our extensive network of clients and counterparties, which we have built over two decades of industry experience, underpins our platform and has allowed us to develop a large database of information to generate insights and drive continuous improvements.
- **Advanced AI capabilities driven by proprietary data asset.** We build predictive scoring capabilities using extensive training data sets and advanced machine learning which we apply to data that passes through our platform. Using these machine-learning models, we are able to predict an outcome for a variety of reimbursement workflows which we incorporate into our solutions to drive improved results for payers, providers, and patients. Our data asset is comprised of the billions of transactions we facilitate each year and the numerous variables that factor into each of those payments. This allows us to leverage the compounding value of this data asset to advance our AI and automation capabilities, which continuously learn and improve our platform.

Our platform provides the following benefits to our clients:

- **Increased revenue.** Our software solutions simplify the payment process, allowing our clients to increase the share of revenue they collect.
- **Quicker payments.** Our software helps expedite payments by streamlining and automating cumbersome workflows that create excessive delays.
- **Greater productivity.** Our ability to automate portions of the payment cycle allows our clients to reduce operating costs and focus on their core mission of caring for their patients.
- **Financial visibility.** We deploy analytics, reporting, and forecasting tools that provide our clients with unprecedented visibility into areas where they can further improve their payment process and collections.
- **Rapid time-to-value.** Our architecture seamlessly integrates with our clients' existing systems and technology, allowing our clients to quickly realize value from our solutions.

Our platform enables us to provide industry-leading technology at scale to more than 30,000 clients across more than four billion healthcare payment transactions worth over \$900 billion in annual gross claims. The quality and innovation of our technology has been widely recognized, as evidenced by our receipt of a MedTech Breakthrough Award for healthcare payments innovation and numerous Best in KLAS awards.

Why Waystar wins

Through decades of experience, we have honed our deep domain expertise, fostered long-standing client relationships, and built our library of rules and algorithms. We believe our modern, cloud-based platform combined with our subject matter expertise are extremely difficult to replicate and provide us with a meaningful competitive advantage. We believe these factors, together with the following additional strengths, position us well for continued success:

- **Strong brand with attractive client return on investment (“ROI”).** The Waystar brand is synonymous with quality, reliability, robust analytics, exceptional customer service, and a deep and interconnected network. This strength is evidenced by our high provider Net Promoter Score (“NPS”) of 74 and #1 rank versus competitors in percentage of clients indicating the highest level of satisfaction with our services based on a third-party survey commissioned by us in 2023. Our brand, as well as the tangible ROI that we deliver, drives strong client loyalty, as evidenced by our 109.0% Net Revenue Retention Rate for the twelve months ended September 30, 2023. Our clients view us as a trusted vendor and support our success by recommending Waystar to other providers, further driving growth and adoption of our solutions.
- **Differentiated client experience.** We have a relentless focus on operational execution and deliver outstanding client experience. According to a third-party survey commissioned by us in 2023, Waystar ranked #1 in client satisfaction with implementation time versus competitors, 94% of clients are satisfied with our integrations with other systems, and 98% of clients say we deliver on trust very well or extremely well. For our larger clients, we deploy a client success team, which serves as both a dedicated resource and trusted strategic partner to help drive our value proposition. From our consistently on-time implementations to our highly responsive client service, we seek to support our clients so they can maximize the benefits of our software.
- **Mission-driven innovation culture.** We have cultivated a company culture that is focused on helping our clients by developing and delivering industry-leading software solutions. This innovation-focused culture has been foundational in creating a modern technology platform that delivers a comprehensive end-to-end suite of solutions with an intuitive user interface. According to a third-party survey commissioned by us in 2023, Waystar ranked #1 in satisfaction with rate of product innovation and vision versus competitors, and 94% of clients are satisfied with our capabilities in automation.

- **Experienced leadership and technology teams with a track record of execution.** Our values-driven and award-winning leadership team brings together deep experience in the software and healthcare industries and strong relationships with our clients and key stakeholders. We believe our team has the strategic vision, leadership qualities, technological expertise, and operational capabilities to continue to successfully drive our growth.

We believe our platform strengths and differentiation are most evident in our ability to win clients. We have an 82% win rate against our competitors over the past 30 months in situations where the client ultimately elected to switch vendors or purchase a new solution.

Our growth strategy

We plan to capitalize on our market opportunity by executing on the following growth strategies:

- **Expand our relationships with existing clients.** We believe we have a meaningful opportunity to continue driving growth within our current client base. We grow with existing clients in three ways—first, as they expand their businesses, provide more healthcare services, and see more patients; second, through cross-selling as they adopt additional Waystar offerings; and third, through up-selling as they leverage our solutions across additional providers and sites of care. We have a track record of building long-standing relationships with our clients, often growing from an initial solution to multi-solution adoption. Based on the estimated whitespace within our existing clients for the solutions we currently provide, we believe we have the opportunity to approximately double our revenue through cross-sell and up-sell of our solutions to existing clients.
- **Grow our client base.** We address a large and growing market that has a meaningful need for the solutions we provide. While we serve over one million providers today, there are over 7.5 million providers that we believe can benefit from our solutions.
- **Deepen and expand our relationships with strategic channel partners.** We are highly focused on furthering our strategic channel partnerships. Our channel partners accelerate our growth by providing us access to a larger client base and actively promoting Waystar. We have established strong relationships with the nation's leading EHR and PM providers, which drives a significant competitive advantage. We will continue to invest in deepening our current relationships and building new ones to drive our growth.
- **Innovate and develop adjacent solutions.** We will continue to invest heavily in the Waystar platform to expand our product breadth and depth, increase automation, strengthen system performance, and improve the user experience. Our product roadmap is informed by both continuous client feedback as well as our own assessments of opportunities to further streamline and simplify healthcare payments. Due to our modern architecture and purpose-built software, we have little technical debt as compared with legacy software platforms serving the market. As a result, we can focus our resources on innovating and advancing our platform for the benefit of our clients.
- **Selectively pursue strategic acquisitions.** Since 2018, we have completed and successfully integrated seven acquisitions, and we recently closed our eighth. These acquisitions complement our organic product roadmap and have helped us enhance our platform, add new solutions, and expand our market reach. Our approach is to fully integrate and consolidate our acquisitions into the Waystar platform, which enables us to provide a seamless user experience for our clients, as well as drive innovation on the combined platform. We will continue to evaluate acquisition opportunities that improve our offering and accelerate our growth.

Implications of being an emerging growth company

We qualify as an “emerging growth company” as defined in Section 2(a)(19) of the Securities Act. As a result, we are permitted to, and intend to, rely on exemptions from certain disclosure requirements that are applicable to other companies that are not emerging growth companies. Accordingly, in this prospectus, we (i) have presented only two years of audited financial statements and (ii) have not included a compensation discussion and analysis of our executive compensation programs. In addition, for so long as we are an emerging growth company, among other exemptions, we will:

- not be required to engage an independent registered public accounting firm to report on our internal controls over financial reporting pursuant to Section 404(b) of the Sarbanes-Oxley Act of 2002 (the “Sarbanes-Oxley Act”);
- not be required to comply with the requirement in Public Company Accounting Oversight Board Auditing Standard 3101, The Auditor’s Report on an Audit of Financial Statements When the Auditor Expresses an Unqualified Opinion, to communicate critical audit matters in the auditor’s report;
- be permitted to present only two years of audited financial statements and only two years of related “Management’s discussion and analysis of financial condition and results of operations” in our periodic reports and registration statements, including in this prospectus;
- not be required to disclose certain executive compensation related items such as the correlation between executive compensation and performance and comparisons of the chief executive officer’s compensation to median employee compensation; or

- not be required to submit certain executive compensation matters to stockholder advisory votes, such as “say-on-pay,” “say-on-frequency,” and “say-on-golden parachutes.”

We will remain an “emerging growth company” until the earliest to occur of:

- our reporting of \$1.24 billion or more in annual gross revenue;
- our becoming a “large accelerated filer,” with at least \$700.0 million of equity securities held by non-affiliates;
- our issuance, in any three year period, of more than \$1.0 billion in non-convertible debt; and
- the fiscal year-end following the fifth anniversary of the completion of this initial public offering.

The JOBS Act also permits an emerging growth company such as us to take advantage of an extended transition period to comply with new or revised accounting standards applicable to public companies. We have elected to use this extended transition period under the JOBS Act.

For additional information, see the section titled “Risk factors—Risks related to this offering and ownership of our common stock—We are an “emerging growth company” and we cannot be certain if the reduced disclosure requirements applicable to “emerging growth companies” will make our common stock less attractive to investors.”

<p>(1) Adjusted EBITDA and Adjusted EBITDA margin are supplemental measures of our performance that are not required by or presented in accordance with GAAP. These measures are not recognized terms under GAAP and should not be considered as an alternative to net income (loss) and net income (loss) margin as measures of financial performance or cash provided by operating activities as a measure of liquidity, or any other performance measure derived in accordance with GAAP. In addition, in evaluating these non-GAAP measures, you should be aware that in the future, we may incur expenses similar to the adjustments in the presentation of these non-GAAP measures. The presentation of these non-GAAP measures should not be construed as an inference that our future results will be unaffected by unusual or non-recurring items. Because not all companies use identical calculations, the presentations of these measures may not be comparable to other similarly titled measures of other companies and can differ significantly from company to company.</p> <p>We present these non-GAAP measures because we believe they assist investors and analysts in comparing our operating performance across reporting periods on a consistent basis by excluding items that we do not believe are indicative of our core operating performance. Management believes Adjusted EBITDA and Adjusted EBITDA margin are useful to investors in highlighting trends in our operating performance, while other measures can differ significantly depending on long-term strategic decisions regarding capital structure, the tax jurisdictions in which we operate, and capital investments. Management uses Adjusted EBITDA and Adjusted EBITDA margin to supplement GAAP measures of performance in the evaluation of the effectiveness of our business strategies, to make budgeting decisions, to establish discretionary annual incentive compensation, and to compare our performance against that of other peer companies using similar measures. Management supplements GAAP results with non-GAAP financial measures to provide a more complete understanding of the factors and trends affecting the business than GAAP results alone provide.</p> <p>(2) We define Adjusted EBITDA as net loss before interest expense, net, income tax benefit, depreciation and amortization, and as further adjusted for stock-based compensation expense, acquisition and integration costs, asset and lease impairments, costs of extinguishing debt, and IPO related costs. Adjusted EBITDA margin represents Adjusted EBITDA as a percentage of revenue.</p> <p>However, Adjusted EBITDA and Adjusted EBITDA margin have limitations as analytical tools, and you should not consider either of them in isolation, or as a substitute for analysis of our results as reported under GAAP. Some of the limitations are:</p> <ul style="list-style-type: none"> Adjusted EBITDA and Adjusted EBITDA margin do not reflect changes in, or cash requirements for, our working capital needs; Adjusted EBITDA and Adjusted EBITDA margin do not reflect interest expense, or the cash requirements necessary to service interest or principal payments on our debt; 				

- Adjusted EBITDA and Adjusted EBITDA margin do not reflect our tax expense or the cash requirements to pay our taxes; and although depreciation and amortization are non-cash charges, the tangible assets being depreciated will often have to be replaced in the future, and Adjusted EBITDA and Adjusted EBITDA margin do not reflect any cash requirements for such replacements.

The following table reconciles net (loss) income to Adjusted EBITDA and net loss margin to Adjusted EBITDA margin:

Risk factors

Investing in our common stock involves a high degree of risk. You should carefully consider all of the risks and uncertainties described below and the other information set forth in this prospectus before deciding to invest in shares of our common stock. If any of the following risks actually occurs, our business, results of operations, prospects, and financial condition may be materially adversely affected. In such case, the trading price of our common stock could decline, and you may lose all or part of your investment. Some statements in this prospectus, including statements in the following risk factors, constitute forward-looking statements. See "Forward-looking statements."

Risks related to our business and our industry

We operate in a highly competitive industry.

We operate in a highly fragmented and competitive market that is characterized by rapidly evolving technology standards, evolving regulatory requirements, and frequent changes in client needs and introduction of new products and solutions. Our competitors range from smaller niche companies to large, well-financed, and technologically-sophisticated entities, including EHR and PM, with which we integrate. The increasing standardization of certain healthcare IT products and solutions has made it easier for companies to enter our industry with, or expand their product offerings to include, competitive products and solutions. Many software, hardware, information systems, and business process outsourcing companies, both with and without healthcare companies as their partners, offer or have announced their intention to offer products or solutions that are competitive with products and solutions that we offer. In particular, well-funded large technology companies are increasingly entering the revenue cycle technology market. In addition, EHR and PM providers (including those with which we integrate) could expand their product offerings to include solutions that compete directly with the solutions we provide. Some of these EHR and PM systems already offer, or may begin to offer, solutions that compete with our platform, including claim management and patient management solutions, payment processing tools, and direct patient communication solutions. Further, we expect that competition will continue to increase as a result of consolidation in both the technology and healthcare industries.

We compete on the basis of several factors, including breadth, depth, and quality of products and solutions, ability to deliver financial and operational performance improvement through the use of products and solutions, quality and reliability of solutions, ease of use and convenience, brand recognition, price, and the ability to integrate our platform solutions with various EHR and PM systems and other new and existing technology, including AI. Some of our competitors have greater name recognition, longer operating histories, lower cost products and solutions, and significantly greater resources than we do. As a result, our competitors may be able to respond more quickly and effectively than we can to new or changing opportunities, technologies, standards, or client requirements. In addition, current and potential competitors have established, and may in the future establish, strategic relationships with vendors of complementary products, solutions, technologies, or services to increase the availability of their products to the marketplace. Our competitors may have greater market share, larger client bases, more widely adopted proprietary technologies, greater marketing expertise, greater financial resources, and larger sales forces than we have, which could put us at a competitive disadvantage.

Additionally, the pace of change in the revenue cycle technology market is rapid and there are frequent new solution introductions, solution enhancements, and evolving industry standards and requirements. We cannot guarantee that we will be able to upgrade our existing products and solutions, or introduce new products and solutions at the same rate as our competitors, or at all, nor can we guarantee that upgrades or new products and solutions will achieve market acceptance over or among competitive offerings, or at all.

We also may be subject to pricing pressures as a result of competition within the industry, among other factors. If we reduce our pricing in response to competitive pressure, our margins and results of operations will be adversely affected. Conversely, if we do not reduce our pricing, we could lose clients and be unable to attract new clients to our platform, which would adversely affect our business and our results of operations.

These competitive pressures could have a material adverse impact on our business, financial condition, and results of operations.

We must retain our existing clients and attract new clients.

Our business substantially depends on our ability to retain our existing clients and attract new clients. We expect to derive a significant portion of our revenue from renewal of existing clients' contracts and sales of additional products and solutions to existing clients. As a result, achieving a high client retention rate, expanding within existing clients, and selling additional products and solutions are critical to our revenue. In addition, our ability to increase our client base will be critical to our future growth. In order to retain existing clients and attract new clients, we must provide solutions that enable our existing and prospective clients to simplify and improve the payment process, increase speed and efficiencies, and deliver exceptional client service.

Factors that may affect our client satisfaction, our ability to sell additional products and solutions to existing clients, and expand our client base include, but are not limited to, the following:

- the performance and functionality of our platform;
- our ability to deliver a high-quality client experience;
- our ability to develop and sell complementary products and solutions;
- the stability, performance, and security of our hosting infrastructure;
- our ability to attract, retain, and effectively train sales and marketing personnel;
- the delivery of products that are easy to use and deliver tangible value to clients;
- changes in healthcare laws, regulations, or trends, and our ability to quickly adapt;
- the business environment of our clients, including healthcare staffing shortages and headcount reductions by our clients;
- the price of our products and solutions relative to our competitors;
- our ability to integrate with EHR or PM systems; and
- our ability to maintain and enhance our reputation and brand recognition.

Our clients have no obligation to renew their subscriptions for our platform solutions after the initial term expires, which is typically a two to three-year term. Our contracts generally provide for the automatic renewal for one-year subsequent terms, with the ability for our clients to terminate the contract with limited notice to us. Our clients' renewal rates may fluctuate or decline because of several factors, including their satisfaction or dissatisfaction with our solutions and support, the prices of our solutions as compared to our competitors' pricing, or reductions in our clients' spending levels due to the macroeconomic environment or other factors. In addition, our clients may negotiate terms less advantageous to us upon renewal, which may reduce our revenue from these clients and may decrease our annual revenue. If our clients notify us of intent not to renew, renew their contracts upon less favorable terms, or at lower fee levels or fail to purchase new products and solutions from us, our revenue may decline, or our future revenue growth may be constrained.

We must be able to successfully execute on our business strategies in order to grow.

Our growth strategies include expanding our relationships with existing clients, growing our client base, deepening and expanding our relationships with strategic channel partners, innovating and developing adjacent solutions, and selectively pursuing strategic acquisitions. We are actively identifying growth and expansion opportunities in new markets, technology, or offerings, as well as exploring opportunities to increase our existing client base and cross-sell and upsell to our existing clients. To successfully execute on our growth initiatives, we will need to, among other things, successfully identify and execute on those opportunities and successfully identify, acquire, and integrate complementary businesses. We must also manage changing business conditions, anticipate and react to changes in the regulatory environment, and develop expertise in areas outside of our business's historical core competencies. In addition, our future financial results will depend in part on our ability to profitably manage our business in new markets that we may enter. Failure to successfully address any of the foregoing risks could have a significant negative impact on our business, financial condition, and results of operations.

We must accurately assess the risks related to acquisitions and successfully integrate acquired businesses.

We have historically acquired, and in the future may acquire, businesses, technologies, product lines, and other assets. The successful integration of any businesses and assets we have acquired or may acquire may be critical to our business and growth strategy.

The amount and timing of the expected benefits of any acquisition, including potential synergies, are subject to risks and uncertainties. These risks and uncertainties include, but are not limited to, those relating to:

- our ability to maintain relationships with the clients and suppliers of the acquired business;
- our ability to retain or replace key personnel of the acquired business;
- potential conflicts in payer, client, partner, vendor, or marketing relationships;
- our ability to coordinate organizations that are geographically diverse and may have different business cultures;
- the acceptance of acquired company clients of product upgrades and platform changes;
- the diversion of management's attention to the integration of the operations of businesses or other assets we have acquired;
- difficulties in the integration or migration of IT systems, including secure data sharing across networks securely, and maintaining the security of the IT systems;
- incurrence of debt or assumption of known and unknown liabilities;
- write-off of goodwill, client lists, and amortization of expenses related to intangible assets; and
- compliance with regulatory, contracting, and other requirements, including internal control over financial reporting.

We cannot guarantee that any acquired businesses, technologies, services, product lines, or other assets will be successfully integrated with our operations in a timely or cost-effective manner, or at all. Failure to successfully integrate acquired businesses or to achieve anticipated operating synergies, revenue enhancements, or cost savings could have a material adverse impact on our business, results of operations, or financial condition. Although we attempt to evaluate the risks inherent in each transaction and evaluate acquisition candidates appropriately, we may not properly ascertain all risks and the acquired businesses or other assets may not perform as expected or enhance our value as a whole. Acquired businesses also may have larger than expected liabilities that are not covered by the indemnification, if any, that we are able to obtain from the sellers. If we are unable to successfully complete and integrate strategic acquisitions in a timely manner, our business and growth strategies could be negatively affected.

Our business depends on our ability to establish and maintain strategic relationships.

We depend on strategic relationships, and if we lose any of these strategic relationships or fail to establish additional relationships, or if our relationships fail to benefit us as expected, this could materially and adversely impact our business, financial condition, and operating results. For example, our solutions are integrated with many EHR and PM solutions offered by providers with whom we have a strategic relationship. Our ability to form and maintain these relationships in order to facilitate the integration of our platform into the EHR and PM systems used by our clients and their patients is important to the success of our business. If providers of EHR or PM solutions amend, terminate, or fail to perform their obligations under their agreements with us, we may need to seek other ways of integrating our platform with the EHR and PM systems of our clients, which could be costly and time consuming, and could adversely affect our business results.

In addition, we have entered into contracts with channel partners to market and sell certain of our solutions, which are generally on a non-exclusive basis. However, under contracts with some channel partners, we may be bound by provisions that restrict our ability to market and sell solutions to potential clients. Our arrangements with

some of these channel partners involve negotiated payments to them based on percentages of revenue our common clients generate. If the payments prove to be too high, we may be unable to realize acceptable margins, but if the payments prove to be too low, channel partners may not be motivated to work with us at the levels initially contemplated. The success of these partnerships will depend in part upon the channel partners' own competitive, marketing, and strategic considerations, including the relative advantages of using alternative solutions being developed and marketed by them or by competitors. If channel partners are unsuccessful in marketing our solutions or seek to amend the terms of their contracts, we may need to broaden our marketing efforts and alter our strategy, which may divert planned efforts and resources from other projects and may increase our costs. In addition, as part of the packages these channel partners sell, they may offer a choice to end-users between our solutions and similar solutions offered by competitors or by the channel partners directly. If our solutions are not chosen or renewed by existing channel partner end-users, revenue we earn via our channel partner relationships will decrease. Significant changes in the terms of our agreements with channel partners may also have an adverse effect on our ability to successfully market our solutions.

Our revenues rely, in part, on the growth and success of our clients and overall healthcare transaction volumes, which are subject to factors outside of our control.

We enter into agreements with our clients, under which a significant portion of our fees may be variable, including fees which are dependent upon the number of add-on features that our clients choose to subscribe to and the utilization of our solutions. These fees, above contractual minimums, are generally not required to be paid in the absence of healthcare transactions. Therefore, if there is a general reduction in patient visits, it may result in a reduction in fees generated from our clients or a reduction in the number of add-on features subscribed for by our clients. Our revenue can also be adversely affected by the impact of lower than normal healthcare utilization trends and other negative economic factors such as higher unemployment. For example, weakened economic conditions or a recession could reduce the amounts patients are willing or able to spend on healthcare services. Further, the number of patients utilizing our patient payment solutions, and the amounts those patients pay directly to our clients for services, is often impacted by factors outside of our control, such as the number of patients with high deductible health plans. The growth and success of our clients could also be impacted by changes in governmental policies and regulations, such as the creation of any future government single-payer system, which would have a significant adverse impact on our business.

For these reasons, revenue under these agreements can be uncertain and unpredictable, and if the associated transaction volumes were reduced by a material amount, such decrease would lead to a decrease in our revenue, which could harm our business, financial condition, and results of operations.

Consolidation in the healthcare industry could adversely impact our business, financial condition, and operating results.

Many healthcare provider organizations are consolidating to create integrated healthcare delivery systems with greater market power. As provider networks and managed care organizations consolidate, thus decreasing the number of market participants, competition to provide products and solutions like ours will become more intense, and the importance of establishing and maintaining relationships with key industry participants will increase. These industry participants may try to use their market power to negotiate price reductions for our products and solutions. Further, consolidation of management and billing services through integrated delivery systems may decrease demand for our products. Such consolidation may also lead integrated delivery systems to require newly acquired physician practices to replace our product with that already in use in the larger enterprise. In addition, vertical integration whereby healthcare provider organizations acquire EHR, PM, revenue management cycle, or similar systems may make it more challenging to establish new relationships with such providers or may lead to such provider organizations replacing our solutions with those offered by systems that they acquire. Any of these factors could materially and adversely impact our business, financial condition, and operating results.

We face a selling cycle of variable length to secure new client agreements.

We face a selling cycle of variable length, which can span from weeks to 18 months or longer, to secure a new agreement with a client. We invest a substantial amount of time and resources on our sales efforts without any

assurance that our efforts will produce sales. Even if we succeed at completing a sale, we may be unable to predict the size of the initial arrangement until very late in the sales cycle. We expend time and resources as part of our sales effort, and we may not recognize any revenue to offset such expenditures in the same period, particularly for longer sales cycles. We cannot accurately predict the timing of entering into agreements with new clients due to the complex procurement decision processes of many healthcare providers, which often involves high-level management or board committee approvals that can be delayed due to factors beyond our and their control. Due to our variable selling cycle length, we have only a limited ability to predict the timing of specific new client relationships, which affects our ability to predict future revenues and cash flows.

We face an implementation cycle that is dependent on our clients' timing and resources.

We face an implementation cycle that is dependent on our clients' timing, which may pose scheduling challenges, and our clients' resources, which may be constrained or significantly diverted to larger projects, each of which can impact timing of implementation of our solutions. Providers are faced with labor-intensive, manual tasks as well as disconnected systems and tools, compounded by broad workforce shortages and high staff turnover rates, which can further limit their resources and ability to implement our solutions. Implementation of our solutions may also require other technology implementation or process changes by the client. If implementation periods are delayed or extended, our ability to generate revenue from these solutions would also be delayed even though we have expended time and resources in the implementation of such solutions. Even if implementation has begun, there can be no assurance that we will recognize revenue on a timely basis or at all from our efforts, and any revenue may not be recognized during the same period in which we incur implementation expenses.

We depend on our senior management team and certain key employees and must continue to attract and retain highly skilled employees.

Our success depends, in part, on the skills, working relationships, and continued services of Matthew Hawkins (our Chief Executive Officer), the senior management team, and other key personnel. From time to time, there may be changes in our senior management team resulting from the hiring or departure of executives, which could disrupt our business. In addition, our hybrid work environment could make it difficult to manage our business and adequately oversee our employees and business functions, potentially resulting in harm to our company culture, increased employee attrition, and the loss of key personnel.

We must attract, train, and retain a significant number of highly skilled employees, including sales and marketing personnel, client support personnel, professional services personnel, software engineers, technical personnel, and management personnel, and the availability of such personnel, in particular software engineers, may be constrained. We also believe that our future growth will depend on the continued development of our direct sales force and its ability to obtain new clients and to manage our existing client base. If we are unable to hire and develop sufficient numbers of productive direct sales personnel or if new direct sales personnel are unable to achieve desired productivity levels in a reasonable period of time, sales of our products and solutions will suffer and our growth will be impeded.

Competition for qualified management and employees in our industry is intense and identifying and recruiting qualified personnel and training them requires significant time, expense, and attention. Many of the companies with which we compete for personnel have greater financial and other resources than we do. While we have entered into offer letters or employment agreements with certain of our executive officers, all of our employees are "at-will" employees, and their employment can be terminated by us or them at any time, for any reason, and without notice, subject, in certain cases, to severance payment rights. The departure and replacement of one or more of our executive officers or other key employees would likely involve significant time and costs, may significantly delay or prevent the achievement of our business objectives, and could materially harm our business. In addition, volatility or lack of performance in our stock price may affect our ability to attract replacements should key personnel depart.

The estimates and assumptions we use to determine the size of our total addressable market may prove to be inaccurate.

Market estimates and growth forecasts that we disclose are subject to significant uncertainty and are based on assumptions and estimates that may not prove to be accurate. The estimates and forecasts relating to the size and

expected growth of the market for our products and solutions may prove to be inaccurate. These estimates and forecasts may be impacted by economic uncertainty that is outside our control, including macroeconomic trends such as domestic supply chain risks, inflationary pressure, interest rate increases, and declines in consumer confidence that impact our clients. While we believe the information on which we base our total addressable market and the underlying estimates and assumptions is generally reliable, such information is inherently imprecise. We cannot assure you that these assumptions will prove to be accurate.

Risks related to our products and solutions

We may not be able to develop and market new solutions, or enhance our existing solutions, to respond to technological changes or evolving industry standards.

The markets in which we operate are characterized by rapid technological and regulatory change, evolving industry standards, and increasingly sophisticated client needs. For example, from time to time, government agencies may alter format and data code requirements applicable to electronic transactions. In addition, clients may request that solutions be customized to satisfy particular security protocols, modifications, and other contractual terms in excess of industry norms and standard configurations. In order to compete successfully, we must keep pace with our competitors in anticipating and responding to these rapid changes and evolving client demands. Our future success will depend, in part, upon our ability to enhance and improve the functionality of our existing solutions (including the successful continued deployment of the use of AI in our products and solutions) and develop and introduce in a timely manner or acquire new solutions that keep pace with technological and regulatory developments and industry requirements, satisfy increasingly sophisticated client requirements, and achieve market acceptance. Because some of our solutions are complex and require rigorous testing, development cycles can be lengthy, depending upon the solution and other factors. Our estimates of research and development expenses may be too low, our revenue may not be sufficient to support the future product development that is required for us to remain competitive, and development cycles may be longer than anticipated. Further, there is no assurance that research and development expenditures will lead to successful solutions or enhancements to our existing solutions. In addition, technological advances also may result in the downward pricing pressures, which could result in us losing sales unless we lower the prices we charge or provide additional efficiencies or capabilities to the client.

In addition, because some of the software and systems that we use to provide solutions to clients are inherently complex, changing, updating, enhancing, or creating new versions of our solutions or the software or systems we use to provide our solutions introduces a risk of errors or performance problems. These updates and enhancements also require training and support to effectively implement, and our clients may have difficulties doing so. If significant problems occur as a result of these changes, we may fail to meet our contractual obligations to clients, which could result in claims being made against us or in the loss of client relationships.

If we are unable, for technological or other reasons, to develop or acquire on a timely and cost-effective basis new software solutions or enhancements to existing solutions or if such new solutions or enhancements do not achieve market acceptance or are not properly implemented, or if new technologies emerge that are able to deliver competitive offerings at lower prices, more efficiently, more conveniently, or more securely than our offerings, our business, financial condition, and results of operations could be adversely affected.

Our business depends on the interoperability, connectivity, and integration of our solutions with our clients' and their vendors' networks and infrastructures.

Our solutions must interoperate, connect, and integrate with our clients' and their vendors' existing infrastructures, which often have different specifications, utilize multiple protocol standards, deploy products and solutions from multiple vendors, and contain multiple generations of products that have been added to that infrastructure over time. Some of the technologies supporting our clients and their vendors are constantly evolving and we must continue to adapt to these changes in a timely and effective manner at an acceptable cost. In addition, our clients and their vendors may implement new technologies into their existing networks and systems infrastructures that may not immediately interoperate with our solutions. Our continued success will depend on our ability to

adapt to changing technologies, manage, and process ever-increasing amounts of data and information and improve the performance, features, and reliability of our solutions in response to changing client and industry demands. If we encounter complications related to network configurations or settings, we may have to modify our solutions to enable them to interoperate with our clients' and their vendors' networks and manage clients' transactions in the manner intended. For example, if clients or their vendors implement new encryption protocols, it may be necessary for us to obtain a license to implement or interoperate with such protocols, and there can be no assurance that we will be able to obtain such a license on acceptable terms, if at all. On the other hand, any new or enhanced technologies that we employ must be accepted by our clients' and their vendors' existing infrastructures and be able to be integrated with their platforms and solutions. For example, we use automated software applications or "bot" technology and Application Interface ("API") technology in a number of our solutions. Certain of our clients' platforms may not support those technologies or functionalities for various reasons, which would adversely impact connectivity of our solutions. Any of these difficulties could delay or prevent the successful design, development, testing, introduction, or marketing of our solutions.

Further, because our solutions are interoperated and integrated, any disruption to our clients' and their vendors' networks and infrastructures, such as those of the EHR and PM vendors of our clients, could cause our solutions to become unavailable.

As a consequence of any of the foregoing, our ability to sell our solutions may be impaired, which could have a material adverse impact on our business, results of operations, or financial condition.

The successful operation of our business depends upon the performance and reliability of internet, mobile, and other infrastructure, none of which are under our control.

Our business and ability to provide our products and solutions is highly dependent upon the reliable performance of our platform and the underlying network and server infrastructure, including the performance and reliability of internet, mobile, and other infrastructures that are not under our control. This includes maintenance of a reliable network backbone with the necessary speed, data capacity, and security for providing reliable internet access and services and reliable mobile device, and telephone all at a predictable and reasonable cost. We have experienced and expect that we will experience interruptions and delays in services and availability from time to time.

We serve our clients primarily from third-party data-hosting facilities. These facilities are vulnerable to damage or interruption from earthquakes, floods, fires, power loss, telecommunications failures, and similar events. They are also subject to break-ins, sabotage, intentional acts of vandalism, and similar misconduct. Their systems and servers could also be subject to software and hardware errors, hacking, ransomware, viruses, and other disruptive problems or vulnerabilities. Despite precautions taken at these facilities, the occurrence of a natural disaster or an act of terrorism, a decision to close the facilities without adequate notice, or other unanticipated problems at the facilities could result in lengthy interruptions in our solutions. Although we have instituted disaster recovery arrangements, in certain cases, we do not maintain redundant systems or facilities. In the event of a catastrophic event, we may experience an extended period of system unavailability, which could negatively impact our relationship with users or clients.

Any disruption in network access or telecommunications could significantly harm our business. Almost all access to the internet is maintained through telecommunication operators who have significant market power that could take actions that degrade, disrupt, or increase the cost of users' ability to access our platform. Disruptions in internet infrastructure, cloud-based hosting, or the failure of telecommunications network operators to provide us with the bandwidth we need to provide our products and solutions could temporarily disrupt or shut down our business. The insurance coverage under our policies may not be adequate to compensate us for all losses that may occur. In addition, we cannot provide assurance that we will continue to be able to obtain adequate insurance coverage at an acceptable cost.

Further, the reliability and performance of the internet may be harmed by increased usage or by denial-of-service attacks. The internet has experienced a variety of outages and other delays as a result of damages to

portions of its infrastructure, and it could face outages and delays in the future. These outages and delays could reduce the level of internet usage as well as the availability of the internet to us for delivery of our products and solutions. Finally, recent changes in law could impact the cost and availability of necessary internet infrastructure. Increased costs and/or decreased availability would negatively affect our results of operations.

Our business would be adversely affected if we cannot obtain, process, use, disclose, or distribute the highly regulated data we require to provide our solutions.

Our business relies in part on our ability to obtain, process, monetize, use, disclose, and distribute highly regulated data in the healthcare and technology industries in a manner that complies with applicable laws, regulations, and contractual and technological restrictions. The failure by us or our data suppliers, processors, partners, and vendors to obtain, provide, maintain, use, and disclose data in a compliant manner could have a harmful effect on our ability to use and disclose data which in turn could impair our functions and operations, including our ability to share data with third parties or incorporate it into our product offerings. In addition, the processing, use, disclosure, and distribution of data may require us or our data suppliers, processors, partners, and vendors to obtain consent from third parties or follow additional laws, regulations, or contractual and technological restrictions that apply to the healthcare industry. These requirements could interfere with or prevent creation or use of rules and analyses or limit other data-driven activities that benefit us. Moreover, due to lack of valid notice, permission, authorization, consent, or waiver, we may be subject to claims or liability for use or disclosure of information. We have policies and procedures in place to address the proper handling, use, and disclosure of data, but could face claims that our practices occur in a manner not permitted under applicable laws or our agreements with or obligations to data providers, individuals, or other third parties. These claims or liabilities and other failures to comply with applicable requirements could damage our reputation, subject us to unexpected costs, and could have a material adverse impact on our business, results of operations, or financial condition. See "Risks related to information technology systems, cybersecurity, data privacy, and intellectual property—Privacy concerns or security breaches or incidents relating to our platform could result in economic loss, damage to our reputation, deter users from using our products, expose us to legal penalties and liability, and otherwise adversely affect our business" and "Risks related to legal and governmental regulation—We are subject to health care laws and data privacy and security laws and regulations governing our Processing of personal information, including protected health information ("PHI"), personal health records, and payment card data."

Additionally, to the extent we are permitted to de-identify personal information, including PHI, and use and disclose such de-identified information for our purposes, we must determine whether such PHI has been sufficiently de-identified to comply with our contractual obligations and the privacy standards under HIPAA. Such determinations may require complex factual and statistical analyses and may be subject to interpretation. Accordingly, we may be subject to claims or liability for failure to sufficiently de-identify data to comply with the HIPAA privacy standards and our contractual obligations. These claims or liabilities could damage our reputation, subject us to unexpected costs and could have a material adverse impact on our business, results of operations, or financial condition. If we are unable to properly protect the privacy and security of PHI entrusted to us, we could be found to have breached our contracts with our clients and be subject to investigation by the U.S. Department of Health and Human Services ("HHS"), Office for Civil Rights ("OCR"), or other governmental or regulatory authorities. In the event OCR or other governmental or regulatory authorities find that we have failed to comply with applicable privacy and security standards, we could face civil and criminal penalties. Additionally, in recent years, consumer advocates, media, and elected officials increasingly and publicly have criticized companies in data-focused industries regarding the Processing of personal information, including the licensing of de-identified information, by such companies. Concerns about our practices with regard to the Processing or security of PHI, personal information, the licensing of de-identified information, or other privacy related matters, even if unfounded, could damage our reputation and adversely affect our business, results of operations, or financial condition.

We rely on certain third-party vendors and providers.

We have entered contracts with third-party providers to provide critical services relating to our business, including clearinghouse systems and payment processing services. We primarily use clearinghouse systems for

our claims and payer payment management solutions to facilitate data exchanges between providers and payors in connection with the reimbursement process, and use payment processing services in our patient financial care solutions to facilitate patient payments to their providers. We also rely on third-party data providers to enable us to deliver automated eligibility and benefits verification as part of our financial clearance solutions, as well as third parties who print and deliver paper statements to patients as part of our patient financial care solution. We also use various third-party vendors, such as software as a service and infrastructure as a service, cybersecurity solutions, and cloud based hosting of our proprietary solutions. We rely on hosted software as a service applications from third parties to operate critical functions of our business, including enterprise resource planning, order management, contract management billing, accounting, human resources, and other operational activities. We also rely third parties with respect to internet, mobile, and other infrastructure as described under "—The successful operation of our business depends upon the performance and reliability of internet, mobile, and other infrastructure, none of which are under our control" below.

Our dependence on these third parties to support key functions of our business creates numerous risks, in particular, the risk that we may not maintain service quality, control, or effective management with respect to these operations, which, among other things, could result in our inability to meet certain obligations to our clients. For example, if our clearinghouse partners experience a disruption to their system, this could significantly adversely impact the availability and functionality of our claims management suite and, among other things, could cause us to be in breach of certain client contracts. In the event that these service providers fail to maintain adequate levels of support, do not provide high quality service, increase the fees they charge us, discontinue their lines of business, terminate our contractual arrangements, or cease or reduce operations, we may suffer additional costs and be required to pursue new third-party relationships, which could materially disrupt our operations and our ability to provide our products and solutions, divert management's time and resources, and cause us to fail to meet required service levels stipulated in our client contracts.

Our reputation and our clients' willingness to purchase our products and partners' willingness to use our products depend, in part, on our third-party providers' compliance with ethical employment practices, such as with respect to child labor, wages and benefits, forced labor, discrimination, safe and healthy working conditions, and with all legal and regulatory requirements relating to the conduct of their businesses. If our third-party providers fail to comply with applicable laws, regulations, safety codes, employment practices, human rights standards, quality standards, environmental standards, production practices, or other obligations, norms, or ethical standards, our reputation and brand image could be harmed and we could be exposed to litigation and additional costs that would harm our business, reputation, and results of operations. The ability of our third-party providers to effectively satisfy our business requirements could also be impacted by financial difficulty of our third-party providers or damage to their operations caused by fire, terrorist attack, natural disaster, or other events.

Any termination of our agreements with, or disruption in the performance of, one or more of these service providers could result in disruption or unavailability of our platform, and harm our ability to continue to develop, maintain, and improve our products, as well as harm our brand and reputation. While we have entered into agreements with these third-party service providers, they have no obligation to renew their agreements on similar terms or on terms that we find commercially reasonable, or at all. Identifying replacement third-party service providers, and negotiating agreements with them, requires significant time and resources. If any one of our material third-party service provider's ability to perform their obligations was impaired, we may not be able to find an alternative supplier in a timely manner or on acceptable financial terms, and we may not be able to meet the full demands of our clients within the time periods expected, or at all.

Any errors or malfunctions in our products and solutions could result in liability to our clients.

Our products and solutions are used to help simplify the payment process for healthcare providers. If our products and solutions fail to provide accurate and timely information or are associated with errors or malfunctions, then our clients could assert claims against us that could result in substantial costs to us, harm our reputation in the industry, and cause demand for our products and solutions to decline. Although we attempt to

limit by contract our liability for damages, the allocations of responsibility and limitations of liability set forth in our contracts may not be enforceable or may not otherwise sufficiently protect us from liability for damages. In certain circumstances, we may also be liable for the acts or omissions of others, such as our vendors or suppliers. On occasion, we enter into standard indemnification arrangements in the ordinary course of business. Pursuant to these arrangements, we indemnify, hold harmless, and agree to reimburse the indemnified parties for losses suffered or incurred by the indemnified party, in connection with any trade secret, copyright, patent, or other intellectual property infringement claim by any third-party with respect to its technology. The terms of these indemnification agreements are generally perpetual. See "Business—Indemnification and insurance."

Moreover, our products and solutions may contain defects, errors, bugs, vulnerabilities, or failures that are not detected until after the software is introduced or updates and new versions are released. From time to time we have discovered defects, errors, bugs, vulnerabilities, or failures in our software, and such defects, errors, bugs, vulnerabilities, or failures can be expected to occur in the future. Defects, errors, bugs, vulnerabilities, or failures that are not timely detected and remedied could expose us to risk of liability to our clients and cause delays in introduction of new solutions, result in increased costs and diversion of development resources, require design modifications, decrease market acceptance or client satisfaction with our solutions, and harm our brand and reputation.

In addition, we create rules within our products and solutions based on payers' authorization policy documents, and which may be used for financial recovery by our clients. These policies and related legal requirements can be complex and are subject to frequent changes. If such rules are inaccurate or contain errors, or if we fail to timely update our rules to reflect any changes in policies or requirements, then we may be subject to liability. If any of these risks occur, they could materially adversely affect our business, financial condition, or results of operations.

Failure by our clients to obtain proper permissions or provide us with accurate and appropriate information may result in claims against us or may limit or prevent our use of information.

To the extent we are not otherwise permitted to use and/or disclose client information, we require our clients to provide necessary notices and obtain necessary permissions, consents, and authorizations for the use and disclosure of the information that we receive from our solutions. We then provide patient information to third parties, pursuant to patient permissions, consents, and authorizations that permit the third parties to collect such information, and such patient information may be aggregated or combined with other data sources to gain additional insights from such patient information. Such patient information may also be anonymized/de-identified and sold to or collected by a data aggregator.

If our clients do not provide necessary notices or obtain necessary permissions, consents, or authorizations, then our use and disclosure of information that we receive from them or on their behalf may be limited or prohibited by federal or state privacy or other laws. Such failures by our clients could impair our functions, processes, and databases that reflect, contain, or are based upon such information. In addition, such failures by our clients could interfere with or prevent creation or use of rules, analyses, or other data-driven activities that benefit us or make our solutions less useful. Accordingly, we may be subject to claims or liability for inaccurate claims data submitted to payers, inaccurate or incomplete billing and coding claims or for use or disclosure of information by reason of lack of valid notice, permission, consent, or authorization. These claims or liabilities could damage our reputation, subject us to unexpected costs, and could have a material adverse impact on our business, results of operations, or financial condition.

Certain of our solutions present the potential for embezzlement, identity theft, or other similar illegal behavior by our employees or vendors and a failure of our employees or vendors to observe quality standards or adhere to environmental, social, and governance standards could damage our reputation.

As a payments facilitator, we handle payments from payers and from patients for many of our provider clients and are in possession of payment card information and banking account information. Even when we do not facilitate payments, our solutions also involve the use and disclosure of personal and business information that could be used to impersonate third parties or otherwise gain access to their data or funds. If any of our

employees or vendors or other bad actors does not comply with the law or engages in unethical conduct, such as taking, converting, or misusing funds, documents, or information, or if we experience a data breach creating a risk of identity theft, we could be liable for damages, and our reputation could be damaged or destroyed.

In addition, we could be perceived to have facilitated or participated in illegal misappropriation of funds, documents, or data and, therefore, be subject to civil or criminal liability. Federal and state regulators may take the position that a data breach or misdirection of data constitutes an unfair or deceptive act or trade practice. We also may be required to notify individuals affected by any data breaches. Further, a data breach or similar incident could impact the ability of our clients that are creditors to comply with the federal "red flags" rules, which require the implementation of identity theft prevention programs to detect, prevent, and mitigate identity theft in connection with client accounts. Any such data breach could have an adverse impact on our business, results of operations, and reputation.

We must comply with the applicable rules of the National Automated Clearing House Association ("NACHA"), and we, our clients, and our sales partners must comply with the applicable requirements of card networks.

We provide payments solutions for the secure processing of patient payments. Our payment processing tools can connect to multiple financial services providers and acquiring banks and can also connect directly with patients. We have developed partnerships with ACH operators and primary credit card processors to facilitate payment processing as a third-party sender for patient payments as well as funds disbursements to healthcare providers, and we are registered with numerous card networks as a service provider (payment facilitator or the equivalent) for acquiring banks. The NACHA and these card networks set the operating rules and standards with which we must comply. The termination of our status as a third-party sender or a decision by NACHA to bar us from serving as such, the termination of our status as a certified service provider or a decision by the card networks to disallow payment facilitators or bar us from serving as such, or any changes in NACHA or card network rules or standards, including interpretation and implementation of the operating rules or standards, that increase the cost of doing business or limit our ability to provide payment processing solutions to our clients, could adversely affect our business, financial condition, or results of operations.

In addition, we and our clients are subject to card network rules that could subject us or our clients to a variety of fines or penalties that may be levied by card networks for certain acts or omissions by us or our clients. If a client or sales partner fails to comply with the applicable requirements of card networks, we could be subject to a variety of fines or penalties that may be levied by card networks. We may have to bear the cost of such fines or penalties if we cannot collect them from the applicable client or sales partner, resulting in lower earnings or losses for us. Our violation of the network rules may result in the termination or suspension of our registration with the affected network. The termination of our registration, including a card network barring us from acting as a payment facilitator, or any changes in card network rules that would impair our registration, could require us to stop providing payment solutions relating to the affected card network, which would adversely affect our ability to conduct our business.

In addition, the rules of card networks are set by their boards, which may be influenced by card issuers. Many banks directly or indirectly sell payment processing services to clients in competition with us. These banks could attempt, by virtue of their influence on the networks, to alter the networks' rules or policies to the detriment of non-members, including us.

We are subject to increases in card network fees and other changes to fee arrangements.

From time to time, card networks, including Visa, MasterCard, American Express, and Discover, increase the fees that they charge, which are indirectly passed down to payment facilitators like us. Although we may attempt to pass these increases along to our clients, this may result in the loss of clients to our competitors that do not pass along the increases. If competitive practices prevent us from passing along the higher fees to our clients in the future, we may have to absorb all or a portion of such increases, which may increase our operating costs and adversely impact our results of operations.

Further, any future regulations on processing rates being capped when applied to transaction refunds could have a negative impact on our business. A provision of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Dodd-Frank Act") known as the Durbin Amendment empowered the Federal Reserve Board to establish and regulate a cap on the interchange fees that merchants pay banks for electronic clearing of debit card transactions. The final rule implementing the Durbin Amendment established standards for assessing whether debit card interchange fees received by debit card issuers were reasonable and proportional to the costs incurred by issuers for electronic debit transactions, and it established a maximum permissible interchange fee that an issuer may receive for an electronic debit transaction, limiting the fee revenue to debit card issuers and payment processors. To the extent that HSA-linked payment cards and other exempt payment cards used on our platform (or their issuing banks) lose their exempt status under the current rules or if the current interchange rate caps applicable to other payment cards used on our platform are increased, any such amendment, rule-making, or legislation could increase the interchange fees applicable to payment card transactions processed through our platform. As a result, this could decrease our revenue and profit and could have a material adverse effect on our financial condition and results of operations.

We are subject to the effect of payer and provider conduct which we cannot control .

We offer certain electronic claims submission products as part of our platform. While we have implemented certain product features designed to maximize the accuracy and completeness of claims submissions, these features may not be sufficient to prevent inaccurate claims data from being submitted to payers. Should inaccurate claims data be submitted to payers due to errors and omissions by Waystar, we may be subject to liability claims. Electronic data transmission services are offered by certain payers to healthcare providers that establish a direct link between the provider and payer. This process could reduce revenue to vendors such as us. A significant increase in the utilization of direct links between providers and payers would reduce the number of transactions that we process and for which we are paid, resulting in a decrease in revenue and an adverse effect on our financial condition and results of operations.

Risks related to information technology systems, cybersecurity, data privacy, and intellectual property

We and our vendors are subject to attacks of such information technology systems, including cyber-attacks, security breaches, or other incidents impacting the information Processed through our platform.

We collect, create, receive, maintain, process, use, transmit, disclose, transfer, alter, and store (collectively, "Process") significant amounts of personal information of patients received in connection with the utilization of our platform and otherwise in connection with the operation of our business, and other sensitive, confidential, and proprietary information such as payment data and PHI. Attacks on information technology systems are increasing in their frequency, levels of persistence, sophistication, and intensity, and they are being conducted by increasingly sophisticated and organized groups and individuals with a wide range of motives and expertise. In addition to extracting personal information and other sensitive or confidential information, such attacks could include the deployment of harmful malware, ransomware, denial-of-service attacks, social engineering, and other means to affect service reliability and threaten the confidentiality, integrity, security, and availability of information. The prevalent use of mobile devices also increases the risk of data security incidents. Further, like all internet-based solutions, our solutions are vulnerable to software bugs, computer viruses, malware, internet worms, break-ins, phishing attacks, attempts to overload servers with denial-of-service, or other attacks or similar disruptions from unauthorized use of our and third-party computer systems, any of which could lead to system interruptions, delays, or shutdowns, causing loss of critical data, or the unauthorized acquisition of or access to data. While we believe we have taken reasonable steps to protect such data, techniques used to gain unauthorized access to or acquisitions of data and systems, disable or degrade service, or sabotage systems, are constantly evolving, and we may be unable to anticipate such techniques or implement adequate preventative measures to avoid unauthorized access, acquisitions of, or other adverse impacts to such data or our systems. The risk of state-supported and geopolitical-related cyber-attacks may increase in connection with the war in Ukraine and any related political or economic responses and counter-responses. We may not discover all such incidents or activity

or be able to respond or otherwise address them promptly, in sufficient respects or at all. Any specific interruption or attack, any failure to maintain performance, reliability, security, and availability of our products, or failure to prevent software bugs and other corruptants such as those listed above, to the satisfaction of our clients or their patients, may harm our reputation and our ability to retain existing clients, negatively affect our clients and their patients, and adversely impact our business, results of operations, and financial condition.

In addition, some of our third-party service providers and vendors also Process our personal information and other sensitive information such as our clients' data on our behalf. These service providers and vendors are subject to similar threats of cyber-attacks, security incidents, and other malicious internet-based activities, which could also expose us to risk of loss, litigation, and potential liability. We may have limited insight into the data privacy or security practices of third-party vendors and providers, including as it relates to our AI algorithms. We have also acquired and may continue to acquire companies that are vulnerable to cyber-attacks and security incidents and breaches, and we may be responsible for any such attacks, incidents, and breaches of these newly acquired companies.

Further, the security systems in place at our employees', vendors', and service providers' offices and homes may be less secure than those used in our offices, and while we have implemented technical, physical, and administrative safeguards to help protect our systems when our employees, vendors, and service providers work from their offices, homes, and other remote locations, we may be subject to increased cybersecurity risk, which could expose us to risks of data or financial loss, and could disrupt our business operations. There is no guarantee that the data security and privacy safeguards we have put in place will ultimately be effective or that we will not encounter risks associated with employees, vendors, and service providers accessing company data and systems remotely. If an actual or perceived breach of security occurs to our systems or a third-party's systems, we could be required to expend significant resources to mitigate the breach of security, pay any applicable fines, and address matters related to any such breach, including notifying impacted individuals or regulators, making public disclosures, and addressing reputational harm.

Any theft, loss, or misappropriation of, or access to, clients', or other proprietary data, or other breach of our third-party service providers' and vendors' information technology systems could result in fines, legal claims, or proceedings, including regulatory investigations and actions, or liability for failure to comply with privacy and information security laws, which could disrupt our operations, damage our reputation, and expose us to claims from clients and individuals, any of which could have a material adverse effect on our business, financial condition, and results of operations.

The costs of mitigating data security risks are significant and are likely to increase in the future. Although we carry cybersecurity insurance, we cannot ensure our limits are sufficient to cover us against all potential losses for damages or fines in an amount exceeding our policy.

Our business is subject to complex and evolving laws and regulations regarding privacy, data protection, and cybersecurity.

There are numerous U.S. federal, state, local, and international laws and regulations regarding privacy, data protection, and cybersecurity that govern the Processing of personal information and other information. The scope of these laws and regulations is expanding and evolving, subject to differing interpretations, may be inconsistent among jurisdictions, or conflict with other rules. We are also subject to the terms of our privacy policies and obligations to third parties related to privacy, data protection, and cybersecurity.

For example, the California Consumer Privacy Act of 2018 (the "CCPA") took effect on January 1, 2020, which broadly defines personal information, gives California residents expanded privacy rights and protections, and provides for civil penalties for certain violations. Furthermore, in November 2020, California voters passed the California Privacy Rights and Enforcement Act of 2020 (the "CPRA"), which amended and expanded the CCPA with additional data privacy compliance requirements and established a regulatory agency dedicated to enforcing those requirements. Additional states, such as Virginia, Colorado, Connecticut, Iowa, Utah, and others have since also passed comprehensive state privacy laws that may impose additional obligations and requirements on

our business. Data privacy laws and regulations are constantly evolving and can be subject to significant change and/or interpretive application. Varying jurisdictional requirements could increase the costs and complexity of our compliance efforts and violations of applicable data privacy laws can result in significant penalties. Any failure, or perceived failure, by us to comply with applicable data protection or other laws could result in proceedings or actions against us by governmental entities or others, subject us to significant fines, penalties, judgments, and negative publicity, require us to change our business practices, increase the costs and complexity of compliance, and adversely affect our business. Several of these new laws, including the CCPA, require us to allow individuals to opt-out of the use of their personal information for targeted advertising, which may impact our marketing strategy.

Additionally, businesses are legally required to notify affected individuals, governmental entities, and/or credit reporting agencies of certain security incidents affecting personal information. Such laws are not all consistent, and compliance in the event of a widespread security incident is complex and costly and may be difficult to implement. We may also be contractually required to indemnify and hold harmless clients from the costs or consequences of non-compliance with any laws, regulations, or other legal obligations relating to data privacy or health care laws or any inadvertent or unauthorized Processing of personal information or PHI that we store or handle as part of operating our business. Our existing general liability and cyber liability insurance policies may not cover, or may cover only a portion of, any potential claims related to security breaches to which we are exposed or may not be adequate to indemnify us for all or any portion of liabilities that may be imposed. See "Risks related to legal and governmental regulation—We are subject to health care laws and data privacy and security laws and regulations governing our Processing of personal information, including PHI, personal health records, and payment card data" below for further discussion.

If our intellectual property rights are not adequately protected and enforced, we may not be able to build name recognition or protect our technology and products.

Our business depends on proprietary technology and content, including software, databases, confidential information and know-how, the protection of which is crucial to the success of our business. We rely on a combination of trademark, trade-secret, copyright, and other intellectual property laws, confidentiality procedures, and contractual provisions to protect our intellectual property rights in our proprietary technology, content, and brand. We may, over time, increase our investment in protecting our intellectual property through additional trademark, patent, and other intellectual property filings that could be expensive and time-consuming. Effective trademark, trade-secret, and copyright protection is expensive to develop and maintain, both in terms of initial and ongoing registration requirements and the costs of asserting our rights against third parties. Further, these measures may not be sufficient to offer us meaningful protection. If we are unable to protect our intellectual property and assert our rights in such intellectual property against third parties, our brand, competitive position, and business could be harmed, as third parties may be able to dilute our brand or commercialize and use technologies and software products that are substantially the same as ours without incurring the development and licensing costs that we have incurred. Any of our owned or licensed intellectual property rights could be challenged, invalidated, circumvented, infringed, or misappropriated, our trade secrets and other confidential information could be disclosed in an unauthorized manner to third parties, or our intellectual property rights may not be sufficient to permit us to take advantage of current market trends or otherwise provide us with competitive advantages, which could result in costly redesign efforts, discontinuance of certain products and solutions, or other competitive harm.

Monitoring unauthorized use of our intellectual property is difficult and costly. From time to time, we seek to analyze our competitors' products and solutions, and may in the future seek to enforce our rights against potential infringement. However, the steps we have taken to protect our proprietary rights may not be adequate to prevent infringement or misappropriation of our intellectual property. We may not be able to detect unauthorized use of, or take appropriate steps to enforce, our intellectual property rights. Any inability to meaningfully protect or enforce our intellectual property rights could result in harm to our brand or our ability to compete and reduce demand for our technology and products. Moreover, our failure to develop and properly manage new intellectual property could adversely affect our market positions and business opportunities. Also, some of our

products and solutions rely on technologies and software developed by or licensed from third parties. Any disruption or disturbance in such third-party products or services, which we have experienced in the past and may experience again in the future, could interrupt the operation of our platform, and could cause us to be in breach of contracts with our clients. We may not be able to maintain our relationships with such third parties or enter into similar relationships in the future on reasonable terms or at all.

Additional uncertainty may result from changes to intellectual property legislation enacted in the United States and elsewhere, and from interpretations of intellectual property laws by applicable courts and agencies. Accordingly, despite our efforts, we may be unable to obtain and maintain the intellectual property rights necessary to provide us with a competitive advantage. Our failure to obtain, maintain, and enforce our intellectual property rights could therefore have a material adverse effect on our business, financial condition, and results of operations.

Our business depends on our ability to use or license data and integrate third-party technologies.

We depend upon licenses from third parties for some of the technology and data used in our products and solutions, and for some of the technology platforms upon which these products and solutions are built and operate. We expect that we may need to obtain additional licenses from third parties in the future in connection with the development of our products and solutions. In addition, we obtain a portion of the data that we use from government entities and public records for specific client engagements. We believe that we have all rights necessary to use the data that is incorporated into our products and solutions.

However, we cannot assure you that our licenses for information will allow us to use that information for all potential or contemplated products and solutions. In addition, our ability to use data to support existing products and solutions and to develop new products and solutions is largely dependent upon the contractual rights we secure. For example, certain of our products depend on maintaining our data and analytics platform, which is populated with data disclosed to us by healthcare providers and payers with their consent. If these providers and/or payers revoke their consent for us to maintain, use, de-identify, and share this data, consistent with applicable law, our data assets could be degraded.

In the future, data providers could withdraw their data from us or restrict our usage for any reason, including if there is a competitive reason to do so, if legislation is passed restricting the use of the data, or if judicial interpretations are issued restricting use of the data that we currently use in our products and solutions. In addition, data providers could fail to adhere to our quality control standards in the future, causing us to incur additional expense to appropriately utilize the data. If a substantial number of data providers were to withdraw or restrict their data, or if they fail to adhere to our quality control standards, and if we are unable to identify and contract with suitable alternative data suppliers and integrate these data sources into our offerings, our ability to provide products and solutions to our partners would be materially adversely impacted, which could have a material adverse effect on our business, financial condition, and results of operations.

We also integrate into our proprietary products and solutions and use third-party software to maintain and enhance, among other things, content generation and delivery, and to support our technology infrastructure. Some of this software is proprietary and some is open source software. Our use of third-party technologies and open source software exposes us to increased risks, including, but not limited to, risks associated with the integration of new technology into our platform, the diversion of our resources from development of our own proprietary technology and our inability to generate revenue from licensed technology sufficient to offset associated acquisition and maintenance costs. These technologies may not be available to us in the future on commercially reasonable terms or at all and could be difficult to replace once integrated into our own proprietary products and solutions. Most of these licenses can be renewed only by mutual consent and may be terminated if we breach the terms of the license and fail to cure the breach within a specified period of time. Our inability to obtain, maintain, or comply with any of these licenses could delay development until equivalent technology can be identified, licensed, and integrated, which would harm our business, financial condition, and results of operations.

Most of our third-party licenses are non-exclusive and our competitors may obtain the right to use any of the technology covered by these licenses to compete directly with us. If our data suppliers choose to discontinue support of the licensed technology in the future, we might not be able to modify or adapt our own solutions.

Our use of “open source” software could adversely affect our ability to offer our products and solutions and subject us to possible litigation.

We have in the past incorporated and may in the future incorporate certain open source software into our products and solutions. Open source software is licensed by its authors or owners under open source licenses, which in some instances may subject us to certain unfavorable conditions, including requirements that we offer our products and solutions that incorporate such open source software for no cost, that we make publicly available the source code for any modifications or derivative works we create based upon, incorporating or using the open source software, or that we license such modifications or derivative works under the terms of the particular open source license. In addition, the use of third-party open source software could expose us to greater risks than the use of third-party commercial software to the extent open-source licensors do not provide warranties or controls on the functionality or origin of the software equivalent to those provided by third-party commercial software providers. Further, the public availability of open source software may make it easier for attackers to target and compromise our platform through cyber-attacks. Open sourcing such software requires us to make the source code publicly available, and therefore can limit our ability to protect our intellectual property rights with respect to that software. From time to time, companies that use open source software have faced claims challenging the use of open source software or compliance with open source license terms. Furthermore, there is an increasing number of open source software license types, many of which have not been tested in a court of law. We could be subject to suits by parties claiming copyright infringement or noncompliance with open source licensing terms. While we monitor the use of open source software and try to ensure that none is used in a manner that would require us to disclose our proprietary source code or that would otherwise breach the terms of an open source license, such use could inadvertently occur, in part because open source license terms are often ambiguous. Any requirement to disclose our proprietary source code or pay damages for breach of contract could have a material adverse effect on our business, financial condition, and results of operations and could help our competitors develop products and solutions that are similar to or better than ours.

Third parties may initiate legal proceedings alleging that we are infringing or otherwise violating their intellectual property rights.

Our commercial success depends on our ability to develop and commercialize our products and solutions and use our proprietary technology without infringing the intellectual property or proprietary rights of third parties. However, from time to time, we may be subject to legal proceedings and claims in the ordinary course of business with respect to intellectual property. Intellectual property disputes can be costly to defend and may cause our business, operating results, and financial condition to suffer. As the market for healthcare technology solutions in the United States expands and more patents are issued, the risk increases that there may be patents issued to third parties that relate to our products and technology of which we are not aware or that we must challenge to continue our operations as currently contemplated. Whether merited or not, we may face allegations that we, our licensees, or parties indemnified by us have infringed or otherwise violated the patents, trademarks, copyrights, or other intellectual property rights of third parties. Such claims may be made by competitors seeking to obtain a competitive advantage or by other parties. Additionally, so-called non-practicing entities collect patents and make claims of infringement in an attempt to extract settlements from companies like ours. We have faced such claims, although we do not believe they are material, and may attract such claims in the future. We may also face allegations that our employees have misappropriated the intellectual property or proprietary rights of their former employers or other third parties.

It may be necessary for us to initiate litigation to defend ourselves in order to determine the scope, enforceability, and validity of third-party intellectual property or proprietary rights, or to establish our respective rights. Regardless of whether claims that we are infringing patents or other intellectual property rights have merit, such claims can be time-consuming, divert management's attention and financial resources, and can be costly to evaluate and defend. Results of any such litigation are difficult to predict and may require us to stop commercializing or using our products or technology, obtain licenses, modify our solutions and technology while we develop non-infringing substitutes, or incur substantial damages, settlement costs, or face a temporary or permanent injunction prohibiting us from marketing or providing the affected products and solutions. If we require a third-party license, it may not be available on reasonable terms or at all, and we may have to pay substantial

royalties, upfront fees, or grant cross-licenses to intellectual property rights for our products and solutions. We may also have to redesign our products or solutions so they do not infringe third-party intellectual property rights, which may not be possible or may require substantial monetary expenditures and time, during which our technology and products may not be available for commercialization or use. Even if we have an agreement to indemnify us against such costs, the indemnifying party may be unable to uphold its contractual obligations. If we cannot or do not obtain a third-party license to the infringed technology, license the technology on reasonable terms, or obtain similar technology from another source, our revenue and earnings could be adversely impacted.

Further, some third parties may be able to sustain the costs of complex litigation more effectively than we can because they have substantially greater resources. And even if resolved in our favor, litigation or other legal proceedings relating to intellectual property claims may cause us to incur significant expenses and could distract our technical and management personnel from their normal responsibilities. In addition, there could be public announcements of the results of hearings, motions, or other interim proceedings or developments, and if securities analysts or investors perceive these results to be negative, it could have a material adverse effect on the price of our common stock. Moreover, any uncertainties resulting from the initiation and continuation of any legal proceedings could have a material adverse effect on our ability to raise the funds necessary to continue our operations. Assertions by third parties that we violate their intellectual property rights could therefore have a material adverse effect on our business, financial condition, and results of operations.

We may be subject to claims that our employees, consultants, or independent contractors have wrongfully used or disclosed confidential information of third parties.

We receive confidential and proprietary information from third parties in connection with the operation of our business. In addition, we may employ individuals who were previously employed at other technology companies, including our competitors. We may be subject to claims that us or our employees, consultants, or independent contractors have inadvertently or otherwise improperly used or disclosed confidential information of these third parties or our employees' or contractors' former employers. Further, we may be subject to ownership disputes in the future arising, for example, from conflicting obligations of employees, consultants, or others who are involved in developing our solutions. We may also be subject to claims that former employees, consultants, independent contractors or other third parties have an ownership interest in our patents or other intellectual property. Litigation may be necessary to defend against these and other claims challenging our right to and use of confidential and proprietary information. In addition to paying monetary damages, if we fail in defending against any such claims we may lose our rights therein, which could have a material adverse effect on our business. Even if we are successful in defending against these claims, litigation could result in substantial cost and be a distraction to our management and employees.

Risks related to legal and governmental regulation

We conduct business in a heavily regulated industry.

Our current and future arrangements with our channel partners, healthcare professionals, consultants, clients, and third-party payors subject us to various federal and state fraud and abuse laws and other healthcare laws, including, without limitation, the federal Anti-Kickback Statute (the "AKS") and state kickback laws, the federal civil and criminal false claims laws, civil monetary penalties laws, the Stark Law, HIPAA, and the regulations promulgated under such laws. These laws impact, among other things, proposed sales, marketing, and educational programs, and other interactions with healthcare professionals and provider clients. For more information regarding the risks related to these laws and regulations please see "Business—Regulation—Healthcare fraud and abuse provisions."

These laws are complex, may change rapidly, and the scope and enforcement and application of each of these laws to our specific services and relationships may not be clear and may be applied to our business in ways we do not anticipate. Federal and state regulatory and law enforcement authorities continue to focus on enforcement activities with respect to Medicare, Medicaid, other government and third-party payor programs, and other healthcare reimbursement laws and rules in an effort to reduce overall healthcare spending. Federal and state

enforcement bodies have recently increased their scrutiny of interactions between healthcare companies and healthcare providers, which has led to a number of investigations, prosecutions, convictions, and settlements in the healthcare industry. Because of the breadth of these laws and the narrowness of their statutory or regulatory exceptions and safe harbors, some of our business activities may be subject to challenge under one or more of them. In addition, new and evolving payment structures, for example, such as accountable care organizations and other arrangements involving combinations of healthcare providers who share savings, potentially implicate anti-kickback and other fraud and abuse laws. The government has prosecuted revenue cycle management service providers for causing the submission of false or fraudulent claims in violation of the federal civil False Claims Act, 31 U.S.C. § 3729 et seq. (the "FCA"), and vendors of EHR software for, among other things, misrepresenting the capabilities of their software and payment of kickbacks to certain customers in exchange for promoting their products in violation of the AKS and the FCA. Errors created by our platform and our proprietary products and solutions that relate to entry, formatting, preparation, or transmission of claims, reporting of quality or other data pursuant to value-based purchasing initiatives, or cost report information may be alleged or determined to cause the submission of false claims or otherwise be in violation of these laws. As we continue to build new and evolving technologies, such as AI, machine learning, analytics, and biometrics, into our products and solutions, our business may become subject to additional complex and evolving regulatory requirements pertaining to the sale or use of these technologies. The sale of these technologies, or their use by us or by our clients or partners, may also subject us to additional risks, including reputational harm, competitive harm, or legal liabilities.

Ensuring that our internal operations and future business arrangements with third parties comply with applicable healthcare laws and regulations will involve substantial costs. Achieving and sustaining compliance requires us to implement controls across our entire organization which may prove costly and challenging to monitor and enforce. The risk of our being found in violation of healthcare laws and regulations is increased by the fact that their provisions are sometimes open to a variety of interpretations. We cannot assure you that our arrangements and activities will be deemed outside the scope of these laws or that increased enforcement activities will not directly or indirectly have a material adverse effect on our business, financial condition, or results of operations.

It is possible that governmental authorities will conclude that our business practices do not comply with current or future statutes, regulations, agency guidance, or case law involving applicable fraud and abuse or other healthcare laws and regulations. If our operations are found to be in violation of any of the laws described above or any other governmental laws and regulations that may apply to us, we may be subject to significant penalties, including administrative, civil, and criminal penalties, damages, fines, disgorgement, the exclusion from participation in federal and state healthcare programs, disqualification from providing services to healthcare providers doing business with government programs, individual imprisonment, reputational harm, and the curtailment or restructuring of our operations, requirements to change or terminate some portions of our operations or business, as well as additional reporting obligations and oversight if we become subject to a corporate integrity agreement or other agreement to resolve allegations of non-compliance with these laws. If we are determined to have violated any of these laws, we may be required to give our clients the right to terminate our services agreements with them and/or required to refund portions of our base fee revenues and incentive payment revenues, any of which could have a material adverse effect on our business and results of operations. Likewise, if any of the physicians or other providers or entities with whom we expect to do business are found to not be in compliance with applicable laws, they may be subject to criminal, civil, or administrative sanctions, including exclusions from government funded healthcare programs and imprisonment as well. Any violations by, and resulting penalties or exclusions imposed upon, our clients could adversely affect their financial condition and, in turn, have a material adverse effect on our business and results of operations. Even absent an alleged violation of law by us, participants in the healthcare industry receive inquiries or subpoenas to produce documents and provide testimony in connection with government investigations. We could be required to expend significant time and resources to comply with these requests, and the attention of our management team could be diverted by these efforts. Further, defending against any such actions can be costly and time consuming, and may require significant financial and personnel resources. Therefore, even if we are successful in defending against any such actions that may be brought against us, our business may be impaired. If any of the above occur, our ability to operate our business and our results of operations could be adversely affected.

The healthcare regulatory and political framework is uncertain and evolving.

Almost all of our revenue is derived from the healthcare industry, which is subject to changing political, legislative, regulatory, and other influences. Healthcare laws and regulations are rapidly evolving and may change significantly in the future, which could adversely affect our financial condition and results of operations. For example, in March 2010, the Patient Protection and Affordable Care Act (the "ACA") was adopted, which is a healthcare reform measure that provides healthcare insurance for millions of Americans. The ACA includes a variety of healthcare reform provisions and requirements that substantially changed the way healthcare is financed by both governmental and private insurers, which may significantly impact our industry and our business. As another example, Members of the United States Congress have in recent years proposed measures that would expand the role of government-sponsored coverage, including single payer or so-called "Medicare-for-All" proposals, which could have far-reaching implications for the healthcare industry and our business if enacted. We are unable to predict the full impact of any challenges to current healthcare laws or any health reform initiatives on our operations in light of the uncertainty regarding whether, when, and how alternative reforms (including single payer proposals), if any, may be enacted, the timing of enactment and implementation of alternative provisions and the impact of alternative provisions on various healthcare industry participants.

Further, in 2020, the HHS, Office of the National Coordinator for Health Information Technology (the "ONC") and CMS promulgated final rules aimed at supporting seamless and secure access, exchange, and use of electronic health information ("EHI"), referred to as the Final Rule, by increasing innovation and competition by giving patients and their healthcare service providers secure access to health information and new tools, allowing for more choice in care and treatment. The Final Rule was intended to clarify and operationalize provisions of the 21st Century Cures Act regarding interoperability and "information blocking," and created significant new requirements for health care industry participants. Information blocking is defined as activity that is likely to interfere with, prevent, or materially discourage access, exchange, or use of EHI, where a health information technology developer, health information network, or health information exchange knows or should know that such practice is likely to interfere with access to, exchange, or use of EHI. The Final Rule focuses on patients enrolled in Medicare Advantage plans, Medicaid, and Children's Health Insurance Program ("CHIP") fee-for-service programs, Medicaid managed care plans, CHIP managed care entities, and qualified health plans on the federally-facilitated exchanges, and enacts measures to enable patients to have both their clinical and administrative information travel with them.

In April 2023, the ONC issued a notice of proposed rulemaking that would modify certain components of the Final Rule, including modifying and expanding certain exceptions to the information blocking regulations, which are intended to support information sharing. The April 2023 proposed rule would also establish new conditions and maintenance of certification requirements for health information technology developers under the ONC Health IT Certification Program.

Recent regulatory reform constitutes a significant departure from previous regulations regarding patient data. While these rules benefit us in that certain EHR vendors will no longer be permitted to interfere with our attempts at integration, they may also make it easier for other similar companies to enter the market, creating increased competition and reducing our market share.

In addition, we are subject to various other laws and regulations, including, among others, anti-kickback laws, antitrust laws, and the privacy and data protection laws described below. See "Business—Regulation—Healthcare fraud and abuse provisions."

We are subject to health care laws and data privacy and security laws and regulations governing our Processing of personal information, including PHI, personal health records, and payment card data.

Numerous complex federal and state laws and regulations govern the Processing of personal information, including PHI, personal health records, and payment card data. State laws may be even more restrictive and not preempted by HIPAA and may be subject to varying interpretations by the courts and government agencies. These laws and regulations, including their interpretation by governmental agencies, are subject to frequent change and could have a negative impact on our business. Further, these varying interpretations could create complex

compliance issues for us and our partners and potentially expose us to additional expense, liability, penalties, negatively impact our client relationships, and lead to adverse publicity, and these risks could adversely affect our business in the short and long term. See "Business—Regulation—Federal and state health information privacy and security laws."

We are a "Covered Entity" as defined under HIPAA when we provide our clearinghouse services, and we also are a "Business Associate" as defined under HIPAA for other Covered Entities when we provide revenue cycle management and other solutions. The HHS, OCR may impose civil penalties on both Covered Entities and Business Associates for their failure to comply with HIPAA requirements. The U.S. Department of Justice is responsible for criminal prosecutions under HIPAA. Penalties can vary significantly depending on a number of factors, such as whether the Covered Entity's or Business Associate's failure to comply was due to willful neglect. Violations of HIPAA could result in criminal penalties up to \$250,000 and ten years in prison and civil penalties of up to \$63,973 for each violation, with a cap of almost \$1.92 million for violations of the same standard per calendar year, administrative fines and penalties, and/or additional reporting and oversight obligations if we are required to enter into a resolution agreement and corrective action plan. A single breach incident can result in violations of multiple standards over many years, resulting in potential penalties in excess of \$1.92 million per year. For example, HIPAA violations at one covered entity resulted in total penalties of \$16 million in 2018. HIPAA also authorizes state attorneys general to file suit on behalf of the residents of their states. While HIPAA does not create a private right of action that would allow individuals to sue in civil court for HIPAA violations, its standards have been used as the basis for the duty of care in state civil suits, such as those for recklessness in misusing individuals' health information. If we are subject to investigation or litigation related to an alleged violation of HIPAA, then we may elect to resolve the matter through additional reporting and oversight obligations through a resolution agreement and corrective action plan with HHS to settle allegations of HIPAA non-compliance. Such settlement could require payment of a civil penalty or damages, corrective action, and/or monitoring of our business by a third party.

The security measures that we and our third-party vendors and subcontractors have in place to ensure compliance with privacy and data protection laws may not protect our facilities and systems from security breaches or incidents, acts of vandalism or theft, computer viruses, misplaced or lost data, malfeasance, programming, and human errors or other similar events. We may also be liable for privacy and security breaches and failures of our Business Associates and subcontractors. Even though we provide for appropriate protections through our agreements with our subcontractors, we still have limited control over their actions and practices. A breach of privacy or security of individually identifiable health information by a subcontractor may result in an enforcement action, including criminal and civil liability, against us. We are not able to predict the extent of the impact such incidents may have on our business. Our failure to comply with HIPAA and other health privacy laws may also result in criminal and civil liability. Enforcement actions against us could be costly and could interrupt regular operations, which may adversely affect our business. While we have not received any notices of violation of the applicable privacy and data protection laws and believe we are in compliance with such laws, there can be no assurance that we will not receive such notices in the future.

Our AI platform and the data it uses may also subject us to additional risks. We use de-identified claims data to train our revenue cycle management AI. In order to de-identify PHI for our AI, we must have explicit rights and permissions to do so from our clients. If we do not de-identify PHI in accordance with HIPAA's safe harbor method or if we do not have rights or permissions to de-identify PHI, but de-identify PHI for such purposes, a regulator or client may consider such actions to be a breach of HIPAA's requirements or of contractual requirements, and we may be subject to criminal and civil liability or other actions and our clients may not renew or terminate their contracts with us.

Even when HIPAA does not apply, according to the Federal Trade Commission (the "FTC"), failing to take appropriate steps to keep consumers' personal information secure constitutes unfair acts or practices in or affecting commerce in violation of Section 5(a) of the Federal Trade Commission Act (the "FTCA") 15 U.S.C. § 45(a). The FTC expects a company's data security measures to be reasonable and appropriate in light of the sensitivity and volume of consumer information it holds, the size and complexity of its business, and the cost of available tools

to improve security and reduce vulnerabilities. Individually identifiable health information is considered sensitive data that merits stronger safeguards. The FTC's current guidance for appropriately securing consumers' personal information is similar to what is required by the HIPAA security regulations, but this guidance may change in the future, resulting in increased complexity and the need to expend additional resources to ensure we are complying with the FTCA. For information that is not subject to HIPAA and deemed to be "personal health records," the FTC may also impose penalties for violations of the Health Breach Notification Rule ("HBNR") to the extent we are considered a "personal health record-related entity" or "third party service provider." The FTC has taken several enforcement actions under HBNR this year and indicated that the FTC will continue to protect consumer privacy through greater use of the agency's enforcement authorities. As a result, we expect even greater scrutiny by federal and state regulators, partners, and consumers of our Processing of health information, particularly with our AI-enabled solutions. Additionally, federal and state consumer protection laws are increasingly being applied by FTC and states' attorneys general to regulate the Processing of personal information, through websites or otherwise, and to regulate the presentation of website content.

Other federal and state laws that restrict the use and protect the privacy and security of personally identifiable information are, in many cases, not preempted by HIPAA and may be subject to varying interpretations by the courts and government agencies. These varying interpretations can create complex compliance issues for us and our partners and potentially expose us to additional expense, adverse publicity, and liability, any of which could adversely affect our business. Recently, Washington State enacted a broadly applicable law to protect the privacy of personal health information known as the "My Health, My Data Act," which generally requires consent for the collection, use, or sharing of any "consumer health data" which is defined as personal information that is linked or reasonably linkable to a consumer and that identifies a consumer's past, present, or future physical or mental health. Other states have enacted similar bills.

Future laws, regulations, standards, obligations, amendments, and changes in the interpretation of existing laws, regulations, standards, and obligations could impair our or our clients' ability to Process information relating to consumers, which could decrease demand for our platform, increase our costs, and impair our ability to maintain and grow our client base, and increase our revenue. New laws, amendments to or re-interpretations of existing laws and regulations, industry standards, and contractual obligations could impair our or our clients' ability to collect, use, or disclose information relating to patients or consumers, which could decrease demand for our platform offerings, increase our costs, and impair our ability to maintain and grow our client base, and increase our revenue. Accordingly, we may find it necessary or desirable to fundamentally change our business activities and practices or to expend significant resources to modify our software or platform and otherwise adapt to these changes.

We are also subject to self-regulatory standards and industry certifications that may legally or contractually apply to us. These include the Payment Card Industry Data Security Standards ("PCI-DSS") and AICPA Systems and Organization Controls 2 ("SOC 2"), with which we are currently compliant, and HITRUST certification, which we currently maintain. In the event we fail to comply with the PCI-DSS or fail to maintain our SOC 2 or HITRUST certification, we could be in breach of our obligations under client and other contracts, fines, and other penalties could result, and we may suffer reputational harm and damage to our business. Further, our clients may expect us to comply with more stringent privacy, data storage, and data security requirements than those imposed by laws, regulations or self-regulatory requirements, and we may be obligated contractually to comply with additional or different standards relating to our handling or protection of data.

Any failure or perceived failure by us to comply with domestic laws or regulations, industry standards, or other legal obligations, or any actual or suspected breach or privacy or security incident, whether or not resulting in unauthorized access to, or acquisition, release or transfer of personally identifiable information or other data, may result in governmental enforcement actions and prosecutions, private litigation, fines, and penalties or adverse publicity and could cause our clients to lose trust in us, which could have an adverse effect on our reputation and business. We may be unable to make such changes and modifications in a commercially reasonable manner or at all, and our ability to develop new products and features could be limited. Any of these developments could harm

our business, financial condition, and results of operations. Privacy and data security concerns, whether valid or not valid, may inhibit retention of our platform or services by existing clients or adoption of our platform or services by new clients.

The healthcare industry is rapidly evolving, and we may experience reduced revenues and/or be forced to reduce our prices in response to changes to the healthcare regulatory landscape. Value-based care, surprise medical billing, and other laws and regulations that reduce or otherwise affect physician payments and reimbursement could adversely affect the number of transactions we process and our ability to recover charges for our clients' services.

We may be subject to revenue reductions or pricing pressures arising from various sources, including government actions and the trend of payors shifting to new reimbursement models and value-based care arrangements that incentivize healthcare providers to improve the health of their patients while managing medical expenses of a particular population. Value-based care reimbursement models implemented by government healthcare programs or private third-party payors could materially change the manner in which our clients are reimbursed. Our clients and other entities with which we have business relationships are also affected by other changes in statutes, regulations, and limitations on government spending for Medicare, Medicaid, and other programs. Recent and future government actions and legislation could limit government spending for Medicare and Medicaid programs, limit payments to healthcare providers, initiate new and expanded value-based care reimbursement programs, impose price controls, and create other programs that potentially could have an adverse effect on our clients and the other entities with which we have a business relationship. If such actions or programs reduce the number of transactions, our revenues may decline along with our ability to absorb overhead costs, which may leave our business less profitable. Any failure to adequately implement strategic initiatives to adjust to these developments could have a material adverse impact on our business.

For example, the federal No Surprises Act, enacted in 2020, has impacted our clients, and may impact our business, product offerings, and procedures surrounding claims processing. The No Surprises Act may impact transaction volume and the manner in which our clients use our platform and may necessitate changes to our client contracting model to better align with the ways that our clients are being reimbursed. The No Surprises Act prohibits, among other things, "balance billing" or "surprise billing" by limiting patient costs for services to cost-sharing amounts and by banning providers from billing patients above these cost-sharing amounts. The No Surprises Act also created additional price transparency requirements, including the requirement that providers send patients and health plans a good faith estimate of the expected charges for furnishing certain items or services. If the actual charges are substantially higher than the estimate, the patient can invoke a dispute resolution process to challenge the higher amount. Further, subject to limited exceptions, the No Surprises Act also prohibited out-of-network providers from charging patients more than the relevant in-network cost sharing amount.

A number of state governments have also enacted or may enact legislation on surprise medical bills, which may adversely affect our revenue in those states. These measures could limit the amount our clients can recover for certain services they furnish where they have not contracted with the insurer, and therefore could have a material adverse effect on our business, financial condition, results of operations, and cash flows. For example, state surprise billing laws have established payment standards based on the median in-network rate or a multiplier of what Medicare would pay. These payment standards are often less than the average out-of-network payment and could therefore have an adverse effect on reimbursement rates, and we may experience additional impacts if more states adopt such laws. Moreover, these measures could affect our client's ability to contract with certain payors or under historically similar terms, and may cause, and the prospect of these changes may cause, payors to seek to terminate or modify their contracts with our clients, further affecting our business, financial condition, results of operations, and cash flows. There is also risk that additional legislation at the federal and state level will give rise to major third-party payors leveraging this legislation or related changes as an opportunity to terminate and renegotiate existing reimbursement rates, which may also adversely affect our business, financial condition, results of operations, and cash flows.

Additionally, there have been numerous federal legislative and administrative actions that have affected government programs, including adjustments that have reduced or increased payments to physicians and other

healthcare providers and adjustments that have affected the complexity of our work. For example, the Medicare Access and CHIP Reauthorization Act of 2015 established a Quality Payment Program that requires physician groups to track and report a multitude of data relating to quality, clinical practice improvement activities, use of an EHR, and cost. Success or failure with respect to these measures may impact reimbursement in future years. Similarly, hospitals participating in the Medicare Value-Based Purchasing Program, which requires the reporting of quality and cost measures, may receive a net decrease in payments. It is possible that the federal or state governments will implement additional reductions, increases, or changes in reimbursement under government programs that will adversely affect our client base or increase the cost of providing our services. Any such changes could adversely affect our own financial condition by reducing the reimbursement rates of our clients.

We may be a party to legal, regulatory, and other proceedings that could result in adverse outcomes.

We have been, and may in the future be, a party to legal and regulatory proceedings and investigations, and other proceedings and investigations arising in the ordinary course of business, such as claims brought by our clients in connection with commercial disputes and employment claims made by our current or former employees. Claims may also be asserted by or on behalf of a variety of other parties, including government agencies, patients or vendors of our clients, or stockholders. In addition, there are an increasing number of, and we may be subject to, investigations and proceedings in the healthcare industry generally that seek recovery under HIPAA, anti-kickback laws, false claims laws, civil monetary penalties laws, the Stark Law, state laws, and other statutes and regulations applicable to our business as described in more detail above. These and other similar statutory requirements impose statutory penalties for proven violations, which could be significant. We also may be subject to legal proceedings under non-healthcare federal and state laws affecting our business, such as the Telephone Consumer Protection Act (the "TCPA"), the Fair Debt Collections Practices Act (the "FDCPA"), the Fair Credit Reporting Act, Controlling the Assault of Non-Solicited Pornography and Marketing Act of 2003 (the "CAN-SPAM Act"), Junk Fax Act, the CCPA, employment, banking and financial services, and USPS laws and regulations, as further detailed above and below. Such proceedings are inherently unpredictable, and the outcome can result in verdicts and/or injunctive relief that may affect how we operate our business or we may enter into settlements of claims for monetary payments. In some cases, substantial non-economic remedies or punitive damages may be sought. Governmental investigations, audits, and other reviews could also result in criminal penalties or other sanctions, including restrictions, changes in the way we conduct business, or exclusion from participation in government programs. We evaluate our exposure to these legal and regulatory proceedings and establish reserves for the estimated liabilities in accordance with GAAP. Assessing and predicting the outcome of these matters involves substantial uncertainties. Unexpected outcomes in these legal proceedings, or changes in management's evaluations or predictions and accompanying changes in established reserves, could have a material adverse impact on our business, results of operations, or financial condition.

Litigation is costly, time-consuming, and disruptive to normal business operations. The defense of these matters could also result in continued diversion of our management's time and attention away from business operations, which could also harm our business. Insurance may not cover existing or future claims, be sufficient to fully compensate us for one or more of such claims, or continue to be available on terms acceptable to us. A claim brought against us that is uninsured or underinsured could result in unanticipated costs, thereby reducing our results of operations and resulting in a reduction in the trading price of our common stock. Even if these matters are resolved in our favor, the uncertainty and expense associated with unresolved legal proceedings could harm our business and reputation.

We are contractually required to comply with Bank Secrecy Act and Anti-Money Laundering ("BSA/AML") laws and regulations as a payment facilitator in certain instances.

We are contractually required to comply with certain anti-money laundering laws and regulations. For instance, we comply with certain provisions of the Bank Secrecy Act, as amended by the USA PATRIOT Act of 2001, and its implementing regulations (collectively, the "BSA"), which are enforced by the Financial Crimes Enforcement Network ("FinCEN"), a bureau of the U.S. Department of the Treasury and the U.S. Department of Justice. We have policies, procedures, systems, and controls designed to identify and address potentially impermissible

transactions under these laws and regulations. In addition, we provide BSA/AML training to certain employees to help ensure compliance with such contractual requirements. However, any failure to comply with such contractual requirements could subject us to potential liability for breach of contract, which could adversely affect our business or financial condition.

Existing laws regulate our ability to engage in certain marketing activities.

We rely on a variety of marketing techniques, including email and telephone marketing. These activities are regulated by legislation such as the CAN-SPAM Act and the TCPA. The CAN-SPAM Act imposes penalties for the transmission of commercial emails that do not comply with certain requirements, such as providing an opt-out mechanism for stopping future emails from the sender. The TCPA places certain restrictions on making outbound calls, faxes, and text messages to consumers. Any failure by us to comply fully with any such applicable laws or regulations may subject us to substantial fines and penalties. In addition, any future restrictions in laws such as the CAN-SPAM Act, the TCPA, and various other laws and regulations regarding marketing and solicitation activities could adversely affect the continuing effectiveness of our marketing efforts and could force changes in our marketing strategies. If this occurs, we may not be able to develop adequate alternative marketing strategies, which could have a material adverse impact on our results of operations.

We must comply fully with website accessibility standards.

We conduct business through various internet websites and web-based applications that are subject to accessibility requirements. Courts have ruled that the Americans with Disabilities Act ("ADA") applies to internet websites and other digital experiences and litigation related to ADA website accessibility has soared in recent years. Failing to comply with those requirements could leave us subject to claims, litigation, lawsuits, and, ultimately, substantial fines and penalties.

We could be subject to changes in our tax rates, the adoption of new tax legislation or exposure to additional tax liabilities.

Current economic and political conditions make tax rates in any jurisdiction subject to significant change. Our future effective tax rates could also be affected by changes in the valuation of our deferred tax assets and liabilities, or changes in tax laws or their interpretation, including changes in tax laws affecting our products and solutions and the healthcare industry more generally. We are also subject to the examination of our tax returns and other documentation by the Internal Revenue Service and state tax authorities. We regularly assess the likelihood of an adverse outcome resulting from these examinations to determine the adequacy of our provision for taxes. There can be no assurance as to the outcome of these examinations or that our assessments of the likelihood of an adverse outcome will be correct. If our effective tax rates were to increase or if the ultimate determination of our taxes owed is for an amount in excess of amounts previously accrued, then this could materially and adversely impact our financial condition and results of operations.

The Tax Cuts and Jobs Act of 2017 (the "TCJA") eliminated the option to deduct research and development expenses for tax purposes in the year incurred and requires taxpayers to capitalize and subsequently amortize such expenses over five years for research activities conducted in the United States and over 15 years for research activities conducted outside the United States. This change was effective January 1, 2022. Unless the United States Treasury Department issues regulations that narrow the application of this provision or the provision is deferred, modified, or repealed by Congress, it could harm our future operating results by effectively increasing our future tax obligations. The actual impact of this provision will depend on multiple factors, including the amount of research and development expenses we will incur, whether we achieve sufficient income to fully utilize such deductions, and whether we conduct our research and development activities inside or outside the United States.

Our ability to use our net operating losses ("NOLs") to offset future taxable income may be subject to certain limitations.

Future changes in our stock ownership, some of which are outside of our control, could result in an ownership change under Section 382 of the Internal Revenue Code of 1986, as amended (the "Code"). In addition, under the

TCJA, as amended by The Coronavirus Aid, Relief, and Economic Security Act of 2020, the amount of post 2017 NOLs that we are permitted to utilize in any taxable year is limited to 80% of our taxable income in such year, where taxable income is determined without regard to the NOL deduction itself. For these reasons, we may not be able to realize a tax benefit from the use of our NOLs. We have a valuation allowance related to our NOLs to recognize only the portion of the deferred tax asset that is more likely than not to be realized.

Goodwill and other intangible assets represent approximately 92% of our total assets and we could suffer losses due to asset impairment charges.

In accordance with GAAP, goodwill and intangible assets with an indefinite life are not amortized but are subject to a periodic impairment evaluation. We assess our goodwill and other intangible assets for impairment periodically in accordance with applicable authoritative accounting guidance. Our ability to realize the value of the goodwill and intangible assets will depend on the future cash flows of the businesses we have acquired, which in turn depend in part on how well we have integrated these businesses into our own business. Judgments made by management relate to the expected useful lives of long-lived assets and our ability to realize undiscounted cash flows of the carrying amounts of such assets. The accuracy of these judgments may be adversely affected by several factors, including significant:

- underperformance relative to historical or projected future operating results;
- changes in the manner of our use of acquired assets or the strategy for our overall business;
- negative industry or economic trends; or
- decline in our market capitalization relative to net book value for a sustained period.

These types of events or indicators and the resulting impairment analysis could result in impairment charges in the future. If we are not able to realize the value of the goodwill and intangible assets, we may be required to incur material charges relating to the impairment of those assets. Such impairment charges could materially and negatively affect our results of operations and financial condition.

Risks related to our indebtedness

We have a substantial amount of debt, which could adversely affect our financial position and our ability to raise additional capital and prevent us from fulfilling our obligations under our obligations.

As of September 30, 2023, on a pro forma basis after taking into account the expected use of proceeds of this offering, we would have had outstanding indebtedness of approximately \$ million, consisting of \$ million outstanding under our First Lien Credit Facility and \$ million outstanding under our Receivables Facility. Additionally, we would have had approximately \$ million of availability under our Revolving Credit Facility as of September 30, 2023. Our substantial indebtedness may:

- make it difficult for us to satisfy our financial obligations, including with respect to our indebtedness;
- limit our ability to borrow additional funds for working capital, capital expenditures, acquisitions, or other general business purposes;
- require us to use a substantial portion of our cash flow from operations to make debt service payments instead of other purposes, thereby reducing the amount of cash flow available for future working capital, capital expenditures, acquisitions, or other general business purposes;
- expose us to the risk of increased interest rates as certain of our borrowings, including under our secured credit facilities, are at variable rates of interest;
- limit our ability to pay dividends;
- limit our flexibility to plan for, or react to, changes in our business and industry;
- place us at a competitive disadvantage compared with our less-leveraged competitors;

- increase our vulnerability to the impact of adverse economic, competitive, and industry conditions; and
- increase our cost of borrowing.

Restrictive covenants in the agreements governing our Credit Facilities may restrict our ability to pursue our business strategies.

The credit agreements governing our Credit Facilities contain, and any future credit agreements we may enter into may contain, a number of covenants that, among other things, restrict our ability to, subject to certain exceptions:

- incur additional indebtedness and guarantee indebtedness;
- create or incur liens;
- enter into sale and lease-back transactions;
- engage in fundamental changes;
- sell, transfer, or otherwise dispose of assets;
- pay dividends and distributions or repurchase capital stock;
- make investments or acquisitions;
- prepay, redeem, repurchase, or amend the terms of certain subordinated indebtedness;
- create negative pledge clauses; and
- enter into transactions with affiliates.

As a result of these covenants and restrictions, we are and will be limited in how we conduct our business, and we may be unable to raise additional debt or equity financing to compete effectively or to take advantage of new business opportunities.

In addition, the Revolving Credit Facility requires us to maintain a first lien leverage ratio, to be tested on the last day of each fiscal quarter for which financial statements have been delivered, but only if, on the last day of such fiscal quarter, the aggregate amount of loans under the Revolving Credit Facility and certain letters of credit (in each case subject to certain exceptions specified therein) which are outstanding and/or issued, as applicable, exceeds 35% of the total amount of the commitments in respect of the Revolving Credit Facility.

Our ability to comply with these covenants may be affected by events beyond our control, and we may not be able to meet those covenants. The terms of any future indebtedness we may incur could include more restrictive covenants. A breach of any such covenants could result in a default under the applicable credit agreement, which could cause all of the outstanding indebtedness under such debt agreement to become immediately due and payable and terminate all commitments to extend further credit. If we are unable to meet our obligations, we may be required to repay any outstanding amounts with sources of capital we may otherwise use to fund our business, operations, and strategy. In addition, if we are forced to refinance these borrowings on less favorable terms, our results of operations and financial condition could be adversely affected.

Interest rate fluctuations may affect our results of operations and financial condition.

Because a substantial portion of our debt is variable-rate debt, fluctuations in interest rates could have a material effect on our business. We currently utilize, and may in the future utilize, derivative financial instruments such as interest rate swaps to hedge some of our exposure to interest rate fluctuations, but such instruments may not be effective in reducing our exposure to interest fluctuations, and we may discontinue utilizing them at any time. As a result, we may incur higher interest costs if interest rates increase. These higher interest costs could have a material adverse impact on our financial condition and the levels of cash we maintain for working capital.

In order to support the growth of our business, we may need to incur additional indebtedness under our current Credit Facilities or seek capital through new equity or debt financings, which sources of additional capital may not be available to us on acceptable terms or at all.

We intend to continue to make significant investments to support our business growth, respond to business challenges or opportunities, develop new products and solutions, enhance our existing products and solutions, enhance our operating infrastructure, and potentially acquire complementary businesses and technologies.

Our future capital requirements may be significantly different from our current estimates and will depend on many factors, including the need to:

- finance unanticipated working capital requirements;
- develop or enhance our technological infrastructure and our existing products and solutions;
- fund strategic relationships, including channel partners, joint ventures, and co-investments;
- respond to competitive pressures; and
- acquire complementary businesses, technologies, products, or solutions.

Accordingly, we may need to engage in equity or debt financings or collaborative arrangements to secure additional funds. Additional financing may not be available on terms favorable to us, or at all. If we raise additional funds through further issuances of equity or equity-linked securities, our existing stockholders could suffer significant dilution, and any new equity securities we issue could have rights, preferences, and privileges superior to those of holders of our common stock. Any debt financing secured by us in the future could involve additional restrictive covenants relating to our capital-raising activities and other financial and operational matters, which may make it more difficult for us to obtain additional capital and to pursue business opportunities, including potential acquisitions. In addition, during times of economic instability, it has been difficult for many companies to obtain financing in the public markets or to obtain debt financing, and we may not be able to obtain additional financing on commercially reasonable terms, if at all. If we are unable to obtain adequate financing or financing on terms satisfactory to us, it could have a material adverse effect on our business, financial condition, and results of operations.

General risk factors

Our business is significantly impacted by general macroeconomic conditions.

The COVID-19 pandemic, geopolitical instability, including the conflict between Russia and Ukraine, actual and potential shifts in U.S. and foreign, trade, economic, and other policies, and rising trade tensions between the United States and China, as well as other global events, have significantly increased macroeconomic uncertainty at a global level. The current U.S. macroeconomic environment is characterized by record-high inflation, supply chain challenges, labor shortages, high interest rates, foreign currency exchange volatility, volatility in global capital markets, and growing recession risk. Such economic volatility could adversely affect our business, financial condition, results of operations and cash flows, and future market disruptions could negatively impact us. Further, adverse macroeconomic conditions affect our clients' and prospective clients' operations and financial condition and make it difficult for our clients and prospective clients to accurately forecast and plan future business activities, which may in turn cause our clients to elect not to renew their contracts or affect their ability to pay amounts owed to us in a timely manner or at all, or adversely affect prospective clients' ability or willingness to enter into contracts with us. We have also observed the effect of inflation on our labor and cost structure. If these trends continue, our business, results of operations, financial condition, and cash flows may be materially adversely affected.

An economic downturn or increased uncertainty may also lead to increased credit and collectability risks, higher borrowing costs or reduced availability of capital and credit markets, reduced liquidity, adverse impacts on our suppliers, failures of counterparties including financial institutions and insurers, asset impairments, and declines in the value of our financial instruments.

We have a history of losses and we may not achieve or maintain profitability in the future.

We incurred net losses of \$44.0 million and \$47.1 million for the years ended December 31, 2022 and 2021, respectively. Our operating expenses may increase substantially in the foreseeable future, as we increase investments in our business. Furthermore, as a public company, we will incur additional legal, accounting, and other expenses that we did not incur as a private company. As a result, our net losses may continue for the foreseeable future.

These efforts and additional expenses may prove more expensive than we expect, and we cannot guarantee that we will be able to increase our revenue to offset such expenses. Our revenue growth may slow or our revenue may decline for a number of other reasons, including increased competition, or if we cannot capitalize on growth opportunities. If our revenue does not grow at a greater rate than our operating expenses, we will not be able to achieve profitability.

Risks related to this offering and ownership of our common stock***The Institutional Investors will continue to hold a significant percentage of our outstanding common stock after this offering and their interests may be different than the interests of other holders of our securities.***

Upon the completion of this offering, the Institutional Investors will own approximately % of our outstanding common stock, or approximately % if the underwriters exercise in full their option to purchase additional shares. As a result, the Institutional Investors are able to control or influence actions to be taken by us, including future issuances of our common stock or other securities, the payment of dividends, if any, on our common stock, amendments to our organizational documents, and the approval of significant corporate transactions, including mergers, sales of substantially all of our assets, distributions of our assets, the incurrence of indebtedness, and any incurrence of liens on our assets.

The interests of the Institutional Investors may be materially different than the interests of our other stakeholders. In addition, the Institutional Investors may have an interest in pursuing acquisitions, divestitures, and other transactions that, in their judgment, could enhance their investment, even though such transactions might involve risks to you. For example, the Institutional Investors may cause us to take actions or pursue strategies that could impact our ability to make payments under our Credit Facilities or cause a change of control. In addition, to the extent permitted by agreements governing our Credit Facilities, the Institutional Investors may cause us to pay dividends rather than make capital expenditures or repay debt. The Institutional Investors are in the business of making investments in companies and may from time to time acquire and hold interests in businesses that compete directly or indirectly with us. Our amended and restated certificate of incorporation will provide that none of the Institutional Investors, any of their respective affiliates, or any director who is not employed by us (including any non-employee director who serves as one of our officers in both his director and officer capacities) or his or her affiliates will have any duty to refrain from engaging, directly or indirectly, in the same business activities or similar business activities or lines of business in which we operate. The Institutional Investors also may pursue acquisition opportunities that may be complementary to our business, and, as a result, those acquisition opportunities may not be available to us.

So long as the Institutional Investors continue to own a significant amount of our outstanding common stock, even if such amount is less than 50%, they will continue to be able to strongly influence or effectively control our decisions and, so long as each of the Institutional Investors continues to own shares of our outstanding common stock, they will have the ability to nominate individuals to our board of directors pursuant to the Stockholders Agreement to be entered into in connection with this offering. See "Certain relationships and related party transactions—Stockholders agreement." In addition, the Institutional Investors, acting together, will be able to determine the outcome of all matters requiring stockholder approval and will be able to cause or prevent a change of control of our company or a change in the composition of our board of directors and could preclude any unsolicited acquisition of our company. The concentration of ownership could deprive you of an opportunity to receive a premium for your shares of common stock as part of a sale of our company and ultimately might affect the market price of our common stock.

We are an “emerging growth company” and we cannot be certain if the reduced disclosure requirements applicable to “emerging growth companies” will make our common stock less attractive to investors.

We are an “emerging growth company,” as defined in Section 2(a)(19) of the Securities Act, and we may take advantage of certain exemptions and relief from various reporting requirements that are applicable to other public companies that are not “emerging growth companies.” In particular, while we are an “emerging growth company,” among other exemptions:

- we will not be required to engage an independent registered public accounting firm to report on our internal controls over financial reporting pursuant to Section 404(b) of the Sarbanes-Oxley Act,
- we will be subject to reduced disclosure obligations regarding executive compensation in our periodic reports and proxy statements, and
- we will not be required to comply with the requirement in Public Company Accounting Oversight Board Auditing Standard 3101, The Auditor’s Report on an Audit of Financial Statements When the Auditor Expresses an Unqualified Opinion, to communicate critical audit matters in the auditor’s report;
- we will be permitted to present only two years of audited financial statements and only two years of related “management’s discussion and analysis of financial condition and results of operations” in our periodic reports and registration statements, including in this prospectus;
- we will not be required to disclose certain executive compensation related items such as the correlation between executive compensation and performance and comparisons of the chief executive officer’s compensation to median employee compensation; or
- we will not be required submit certain executive compensation matters to stockholder advisory votes, such as “say-on-pay,” “say-on-frequency,” and “say-on-golden parachutes.”

In addition, Section 107 of the JOBS Act provides that an emerging growth company can take advantage of the extended transition period provided in Section 7(a)(2)(B) of the Securities Act for complying with new or revised accounting standards, meaning that we can delay the adoption of certain accounting standards until those standards would otherwise apply to private companies. We have elected to take advantage of this extended transition period, and as a result, our financial statements may not be comparable with similarly situated public companies.

We will remain an “emerging growth company” until the earliest to occur of (1) our reporting of \$1.24 billion or more in annual gross revenue; (2) our becoming a “large accelerated filer,” with at least \$700 million of equity securities held by non-affiliates; (3) our issuance, in any three year period, of more than \$1.0 billion in non-convertible debt; and (4) the fiscal year end following the fifth anniversary of the completion of this initial public offering.

We cannot predict whether investors will find our common stock less attractive if we rely on the exemptions and relief granted by the JOBS Act. For example, if we do not adopt a new or revised accounting standard, our future results of operations may not be as comparable to the results of operations of certain other companies in our industry that adopted such standards. If some investors find our common stock less attractive as a result, there may be a less active trading market for our common stock, and our stock price may decline and/or become more volatile.

We will incur significant increased costs and become subject to additional regulations and requirements as a result of becoming a public company, and our management will be required to devote substantial time to new compliance matters.

As a public company, we will incur significant legal, regulatory, finance, accounting, investor relations, and other expenses that we have not incurred as a private company, including costs associated with public company reporting requirements and costs of recruiting and retaining non-executive directors. We also have incurred and will continue to incur costs associated with the Sarbanes-Oxley Act and the Dodd-Frank Act, and related rules implemented by the SEC, and Nasdaq. The expenses incurred by public companies for reporting and corporate

governance purposes have been increasing. We expect these rules and regulations to increase our legal and financial compliance costs and to make some activities more time-consuming and costly, although we are currently unable to estimate these costs with any degree of certainty. Our management will need to devote a substantial amount of time to ensure that we comply with all of these requirements, diverting the attention of management away from revenue-producing activities. These laws and regulations also could make it more difficult or costly for us to obtain certain types of insurance, including director and officer liability insurance, and we may be forced to accept reduced policy limits and coverage or incur substantially higher costs to obtain the same or similar coverage. These laws and regulations could also make it more difficult for us to attract and retain qualified persons to serve on our board of directors, our board committees, or as our executive officers. Furthermore, if we are unable to satisfy our obligations as a public company, we could be subject to delisting of our common stock, fines, sanctions, and other regulatory action and potentially civil litigation.

Failure to comply with requirements to design, implement, and maintain effective internal controls could have a material adverse effect on our business and stock price.

As a privately-held company, we were not required to evaluate our internal control over financial reporting in a manner that meets the standards of publicly traded companies required by Section 404(a) of the Sarbanes-Oxley Act ("Section 404"). As a public company, we will be subject to significant requirements for enhanced financial reporting and internal controls. The process of designing and implementing effective internal controls is a continuous effort that requires us to anticipate and react to changes in our business and the economic and regulatory environments and to expend significant resources to maintain a system of internal controls that is adequate to satisfy our reporting obligations as a public company. If we are unable to establish or maintain appropriate internal financial reporting controls and procedures, it could cause us to fail to meet our reporting obligations on a timely basis, result in material misstatements in our consolidated financial statements, and harm our results of operations. In addition, we will be required, pursuant to Section 404, to furnish a report by management on, among other things, the effectiveness of our internal control over financial reporting in the second annual report following the completion of this offering. This assessment will need to include disclosure of any material weaknesses identified by our management in our internal control over financial reporting. The rules governing the standards that must be met for our management to assess our internal control over financial reporting are complex and require significant documentation, testing, and possible remediation. Testing and maintaining internal controls may divert our management's attention from other matters that are important to our business. Once we are no longer an "emerging growth company," our auditors will be required to issue an attestation report on the effectiveness of our internal controls on an annual basis.

In connection with the implementation of the necessary procedures and practices related to internal control over financial reporting, we may identify deficiencies that we may not be able to remediate in time to meet the deadline imposed by the Sarbanes-Oxley Act for compliance with the requirements of Section 404. In addition, we may encounter problems or delays in completing the remediation of any deficiencies identified by us or our independent registered public accounting firm in connection with the issuance of their attestation report. Our testing, or the subsequent testing (if required) by our independent registered public accounting firm, may reveal deficiencies in our internal controls over financial reporting that are deemed to be material weaknesses. Any material weaknesses could result in a material misstatement of our annual or quarterly financial statements or disclosures that may not be prevented or detected.

We may not be able to conclude on an ongoing basis that we have effective internal control over financial reporting in accordance with Section 404 or our independent registered public accounting firm may not issue an unqualified opinion. If either we are unable to conclude that we have effective internal control over financial reporting or our independent registered public accounting firm is unable to provide us with an unqualified report (to the extent it is required to issue a report), investors could lose confidence in our reported financial information, which could have a material adverse effect on the trading price of our common stock.

No market currently exists for our common stock, and an active, liquid trading market for shares of our common stock may not develop or be sustained, which may cause shares of our common stock to trade at a discount from the initial public offering price and make it difficult to sell the shares of common stock you purchase.

Prior to this offering, there has not been a public trading market for shares of our common stock. We cannot predict the extent to which investor interest in us will lead to the development of a trading market or how active and liquid that market may become. If an active and liquid trading market does not develop or continue, you may have difficulty selling your shares of our common stock at an attractive price or at all. The initial public offering price per share of common stock will be determined by agreement among us and the representatives of the underwriters and may not be indicative of the price at which shares of our common stock will trade in the public market after this offering. The market price of our common stock may decline below the initial public offering price, and you may not be able to sell your shares of our common stock at or above the price you paid in this offering, or at all.

Our stock price may be volatile or may decline regardless of our operating performance, and you may not be able to resell your shares of our common stock at or above the price you paid or at all, and you could lose all or part of your investment as a result.

Even if a trading market develops, the market price of our common stock may be highly volatile and could be subject to wide fluctuations. You may not be able to resell your shares at or above the initial public offering price due to a number of factors such as those listed in "—Risks related to our business and our industry" and the following:

- results of operations that vary from the expectations of securities analysts and investors;
- results of operations that vary from those of our competitors;
- changes in expectations as to our future financial performance, including financial estimates and investment recommendations by securities analysts and investors, or failure of securities analysts to initiate or maintain coverage of our common stock;
- changes in economic conditions for companies in our industry;
- changes in market valuations of, or earnings and other announcements by, companies in our industry;
- declines in the market prices of stocks generally, particularly those of healthcare technology companies or SaaS companies regardless of industry;
- additions or departures of key management personnel;
- strategic actions by us or our competitors;
- announcements by us, our competitors, dispositions, joint ventures, other strategic relationships, or capital commitments;
- future sales of our common stock by our officers, directors, and significant stockholders;
- changes in preference of our clients and our market share;
- changes in general economic or market conditions or trends in our industry or the economy as a whole;
- changes in business or regulatory conditions;
- future sales of our common stock or other securities;
- investor perceptions of or the investment opportunity associated with our common stock relative to other investment alternatives;
- the public's response to press releases or other public announcements by us or third parties, including our filings with the SEC;

- changes or proposed changes in laws or regulations or differing interpretations or enforcement thereof affecting our business;
- announcements, claims and/or allegations relating to litigation, governmental investigations, or compliance with applicable laws and regulations;
- guidance, if any, that we provide to the public, any changes in this guidance, or our failure to meet this guidance;
- the development and sustainability of an active trading market for our stock;
- changes in accounting principles; and
- other events or factors, including those resulting from informational technology system failures and disruptions, data security incidents or breaches, natural disasters, war, including the ongoing conflict in Ukraine, acts of terrorism, or responses to these events.

Furthermore, the stock markets in general have experienced extreme volatility that, in some cases, may be unrelated or disproportionate to the operating performance of particular companies. These broad market and industry fluctuations may adversely affect the market price of our common stock, regardless of our actual operating performance. In addition, price volatility may be greater if the public float and trading volume of our common stock are low.

In the past, following periods of market volatility, stockholders have instituted securities class action litigation. If we were to become involved in securities litigation, it could have a substantial cost and divert resources and the attention of executive management from our business regardless of the outcome of such litigation.

Investors in this offering will incur immediate and substantial dilution.

The initial public offering price per share of common stock will be substantially higher than the as adjusted net tangible book value (deficit) per share immediately after this offering. As a result, you will pay a price per share of common stock that substantially exceeds the per share book value of our tangible assets after subtracting our liabilities. In addition, you will pay more for your shares of common stock than the amounts paid by our existing stockholders. Assuming an initial public offering price of \$ per share of common stock, which is the mid-point of the estimated price range set forth on the cover page of this prospectus, you will incur immediate and substantial dilution in an amount of \$ per share of common stock. If the underwriters exercise their option to purchase additional shares, you will experience additional dilution. See "Dilution."

Your percentage ownership in us may be diluted by future issuances of our common stock, which could reduce your influence over matters on which stockholders vote.

After this offering we will have approximately shares of common stock authorized but unissued. Our amended and restated certificate of incorporation to become effective immediately prior to the consummation of this offering will authorize us to issue these shares of common stock, other equity or equity-linked securities, options, and other equity awards relating to our common stock for the consideration and on the terms and conditions established by our board of directors in its sole discretion, whether in connection with acquisitions or otherwise. Issuances of common stock or voting preferred stock would reduce your influence over matters on which our stockholders vote, and, in the case of issuances of preferred stock, would likely result in your interest in us being subject to the prior rights of holders of that preferred stock, if any.

We have reserved, or will reserve in the future, shares for issuance (i) for outstanding awards under our 2019 Stock Incentive Plan and for grants under our 2023 Equity Incentive Plan and (ii) under our 2023 Employee Stock Purchase Plan. See "Executive compensation—Compensation arrangements to be adopted in connection with this offering." Any common stock that we issue, including under our 2019 Stock Incentive Plan, 2023 Equity Incentive Plan, 2023 Employee Stock Purchase Plan, or other equity incentive plans that we may adopt in the future, would dilute the percentage ownership held by the investors who purchase common stock in this offering. In the future, we may also issue our securities in connection with investments or acquisitions. The amount of

shares of our common stock issued in connection with an investment or acquisition could constitute a material portion of our then-outstanding shares of our common stock. Any issuance of additional securities in connection with investments or acquisitions may result in additional dilution to you.

Because we have no current plans to pay cash dividends on our common stock, you may not receive any return on investment unless you sell your shares of common stock for a price greater than that which you paid for it.

We have no current plans to pay cash dividends on our common stock. The declaration, amount, and payment of any future dividends will be at the sole discretion of our board of directors, and will depend on, among other things, general and economic conditions, our results of operations and financial condition, our available cash and current and anticipated cash needs, capital requirements, contractual, legal, tax, and regulatory restrictions and implications on the payment of dividends by us to our stockholders or by our subsidiaries to us, including restrictions under our credit agreements and other indebtedness we may incur, and such other factors as our board of directors may deem relevant. See “Dividend policy.”

As a result, you may not receive any return on an investment in our common stock unless you sell our common stock for a price greater than your purchase price.

Future sales, or the perception of future sales, by us or our existing stockholders in the public market following the completion of this offering could cause the market price for our common stock to decline.

The sale of substantial amounts of shares of our common stock in the public market after this offering, or the perception that such sales could occur, could harm the prevailing market price of shares of our common stock. These sales, or the possibility that these sales may occur, also might make it more difficult for us to sell equity securities in the future at a time and at a price that we deem appropriate.

Upon completion of this offering we will have a total of _____ shares of our common stock outstanding (or _____ shares if the underwriters exercise their option to purchase additional shares). Of the outstanding shares, the _____ shares sold in this offering (or _____ shares if the underwriters exercise their option to purchase additional shares) will be freely tradable without restriction or further registration under the Securities Act, except that any shares held by our affiliates, as that term is defined under Rule 144 of the Securities Act (“Rule 144”), including our directors, executive officers, and other affiliates, may be sold only in compliance with the limitations described in “Shares eligible for future sale.”

The remaining outstanding _____ shares of common stock held by our existing stockholders after this offering will be subject to certain restrictions on resale. We, our executive officers, directors, and our significant stockholders, including the Institutional Investors, will sign lock-up agreements with the underwriters that will, subject to certain customary exceptions, restrict the sale of the shares of our common stock and certain other securities held by them for 180 days following the date of this prospectus. The representatives of the underwriters may, in their sole discretion and at any time without notice, release all or any portion of the shares or securities subject to any such lock-up agreements. See “Underwriting” for a description of these lock-up agreements. In addition, all stockholders who are party to the Stockholders Agreement are also subject to certain lock-up provisions during such 180-day period.

Upon the expiration of the lock-up agreements and lock-up provisions described above, all of such _____ shares (or _____ shares if the underwriters exercise in full their option to purchase additional shares) will be eligible for resale in a public market, subject, in the case of _____ shares held by our affiliates, to volume, manner of sale, and other limitations under Rule 144.

In addition, pursuant to the Registration Rights Agreement, dated as of October 22, 2019, by and among Derby Topco and the other parties named therein, which we expect to amend and restate in connection with this offering, certain of our existing stockholders will have the right, subject to certain conditions, to require us to register the sale of their shares of our common stock under the Securities Act. See “Certain relationships and related party transactions—Registration rights agreement.” By exercising their demand registration rights and selling a large number of shares, such existing stockholders could cause the prevailing market price of our common stock to

decline. Following completion of this offering, the shares covered by demand registration rights would represent approximately % of common stock outstanding (or % if the underwriters exercise in full their option to purchase additional shares). Registration of any of these outstanding shares of our common stock would result in such shares becoming freely tradable without compliance with Rule 144 upon effectiveness of the registration statement. See "Shares eligible for future sale."

We intend to file one or more registration statements on Form S-8 under the Securities Act to register common stock issued or reserved for issuance under our 2019 Stock Incentive Plan, 2023 Equity Incentive Plan, or 2023 Employee Stock Purchase Plan. Any such Form S-8 registration statements will automatically become effective upon filing. Accordingly, shares registered under such registration statements will be available for sale in the open market. We expect that the initial registration statement on Form S-8 will cover shares of common stock.

As restrictions on resale end, or if the existing stockholders exercise their registration rights, the market price of our shares of common stock could drop significantly if the holders of these restricted shares sell them or are perceived by the market as intending to sell them. These factors could also make it more difficult for us to raise additional funds through future offerings of our shares of common stock or other securities.

If securities analysts do not publish research or reports about our business or if they downgrade our stock or our sector, our stock price and trading volume could decline.

The trading market for our common stock will depend in part on the research and reports that industry or financial analysts publish about us or our business. We do not control these analysts. Furthermore, if one or more of the analysts who do cover us downgrade our stock or our industry, or the stock of any of our competitors, or publish inaccurate or unfavorable research about our business, the price of our stock could decline. If one or more of these analysts ceases coverage of us or fails to publish reports on us regularly, we could lose visibility in the market, which in turn could cause our stock price or trading volume to decline.

Anti-takeover provisions in our organizational documents could delay or prevent a change of control.

Certain provisions of our amended and restated certificate of incorporation and amended and restated bylaws may have an anti-takeover effect and may delay, deter, or prevent a merger, acquisition, tender offer, takeover attempt, or other change of control transaction that a stockholder might consider in its best interest, including those attempts that might result in a premium over the market price for the shares held by our stockholders. These provisions will provide for, among other things:

- a classified board of directors until the second annual meeting of stockholders after the date on which the Institutional Investors collectively own less than 15% in voting power of the then-outstanding power of the then-outstanding shares of stock of our Company entitled to vote generally in the election of directors, as a result of which our board of directors will be divided into three classes until such time, with each class serving for staggered three-year terms;
- the ability of our board of directors to issue one or more series of preferred stock;
- advance notice requirements for nominations of directors by stockholders and for stockholders to include matters to be considered at our annual meetings;
- certain limitations on convening special stockholder meetings and taking stockholder action by written consent;
- during the Protective Period (as defined in "Description of capital stock"), the removal of directors only for cause and only upon the affirmative vote of the holders of at least 66 2/3% of the shares of common stock entitled to vote generally in the election of directors; and
- during the Protective Period, the required approval of at least 66 2/3% of the voting power of the outstanding shares of capital stock entitled to vote generally in the election of directors, voting together as a single class, to adopt, amend, or repeal certain provisions of our amended and restated certificate of incorporation.

These anti-takeover provisions could make it more difficult for a third party to acquire us, even if the third party's offer may be considered beneficial by many of our stockholders. These provisions also may have the effect of preventing changes in our Board of Directors and may make it more difficult to accomplish transactions that stockholders may otherwise deem to be in their best interests. As a result, our stockholders may be limited in their ability to obtain a premium for their shares. See "Description of capital stock."

Our board of directors will be authorized to issue and designate shares of our preferred stock in additional series without stockholder approval.

Our amended and restated certificate of incorporation will authorize our board of directors, without the approval of our stockholders, to issue 100,000,000 shares of our preferred stock, subject to limitations prescribed by applicable law, rules and regulations and the provisions of our amended and restated certificate of incorporation, as shares of preferred stock in series, to establish from time to time the number of shares to be included in each such series and to fix the designation, powers, preferences, and rights of the shares of each such series, and the qualifications, limitations, or restrictions thereof. The powers, preferences, and rights of these additional series of preferred stock may be senior to or on parity with our common stock, which may reduce its value.

Our amended and restated certificate of incorporation will provide that the Court of Chancery of the State of Delaware (or if such court does not have jurisdiction, another state or the federal courts (as appropriate) located within the State of Delaware) will be the sole and exclusive forum for certain stockholder litigation matters, which could limit our stockholders' ability to obtain a favorable judicial forum for disputes with us or our directors, officers, employees, or stockholders.

Our amended and restated certificate of incorporation will provide that unless we consent to the selection of an alternative forum, the Court of Chancery of the State of Delaware (or if such court does not have jurisdiction, another state or the federal courts (as appropriate) located within the State of Delaware) shall, to the fullest extent permitted by law, be the sole and exclusive forum for any (i) derivative action or proceeding brought on behalf of us, (ii) action asserting a claim of breach of a fiduciary duty owed by any current or former director, officer, or other employee or stockholder of ours to us or our stockholders, (iii) action asserting a claim against us or any director or officer of ours arising pursuant to any provision of the DGCL, or our amended and restated certificate of incorporation or our amended and restated bylaws or as to which the DGCL confers jurisdiction on the Court of Chancery of the State of Delaware, or (iv) action asserting a claim governed by the internal affairs doctrine of the State of Delaware. Our amended and restated certificate of incorporation further will provide that, unless we consent in writing to the selection of an alternative forum, to the fullest extent permitted by law, the federal district courts of the United States of America will be the exclusive forum for the resolution of any complaint asserting a cause of action arising under the federal securities laws of the United States, including any claims under the Securities Act and the Exchange Act. However, Section 22 of the Securities Act creates concurrent jurisdiction for federal and state courts over all suits brought to enforce a duty or liability created by the Securities Act or the rules and regulations thereunder and accordingly, we cannot be certain that a court would enforce such provision. See "Description of capital stock—Exclusive forum."

Any person or entity purchasing or otherwise acquiring any interest in shares of our capital stock shall be deemed to have notice of and consented to the forum provisions in our amended and restated certificate of incorporation, except our stockholders will not be deemed to have waived (and cannot waive) compliance with the federal securities laws and the rules and regulations thereunder. This choice of forum provision may limit a stockholder's ability to bring a claim in a judicial forum that it finds favorable for disputes with us or any of our directors, officers, other employees, or stockholders which may discourage lawsuits with respect to such claims. Alternatively, if a court were to find the choice of forum provision contained in our amended and restated certificate of incorporation to be inapplicable or unenforceable in an action, we may incur additional costs associated with resolving such action in other jurisdictions, which could harm our business, results of operations, and financial condition.

Our management may use the proceeds of this offering in ways with which you may disagree or that may not be profitable.

Although we anticipate using the net proceeds from the offering as described under "Use of proceeds," we will have broad discretion as to the application of the net proceeds and could use them for purposes other than those

contemplated by this offering. You may not agree with the manner in which our management chooses to allocate and use the net proceeds. Our management may use the proceeds for corporate purposes that may not increase our profitability or otherwise result in the creation of stockholder value. In addition, pending our use of the proceeds, we may invest the proceeds primarily in instruments that do not produce significant income or that may lose value.

We may not actually achieve the plans, intentions, or expectations disclosed in our forward-looking statements, and you should not place undue reliance on our forward-looking statements. Our forward-looking statements do not reflect the potential impact of any future acquisitions, mergers, dispositions, joint ventures, investments, or other strategic transactions we may make. Use of proceeds

We estimate that we will receive net proceeds of approximately \$ million from the sale of shares of our common stock in this offering, assuming an initial public offering price of \$ per share, which is the mid-point of the estimated price range set forth on the cover page of this prospectus, and after deducting the underwriting discount and estimated offering expenses payable by us. If the underwriters exercise in full their option to purchase additional shares, the net proceeds to us will be approximately \$ million.

We intend to use the net proceeds to us from this offering to repay all outstanding indebtedness under our Second Lien Credit Facility and \$ million aggregate principal amount of indebtedness under our First Lien Credit Facility, with any remainder to be used for general corporate purposes.

As of September 30, 2023, we had \$1.7 billion of outstanding borrowings under the First Lien Credit Facility. The First Lien Credit Facility is scheduled to mature on October 22, 2026. As of September 30, 2023, borrowings under the First Lien Credit Facility bore interest at 9.4% per annum.

As of September 30, 2023, we had \$468.0 million of outstanding borrowings under the Second Lien Credit Facility. The Second Lien Credit Facility is scheduled to mature on October 22, 2027. As of September 30, 2023, borrowings under the Second Lien Credit Facility bore interest at 13.2% per annum.

See "Management's discussion and analysis of financial condition and results of operations—Liquidity and capital resources—Indebtedness" for additional information regarding our First Lien Credit Facility and our Second Lien Credit Facility.

Certain of the underwriters and/or certain of their affiliates, and affiliates of CPPIB and Bain, are lenders under our First Lien Credit Facility and/or our Second Lien Credit Facility, and, as a result, will receive a portion of the net proceeds from this offering.

Dividend policy

We currently expect to retain all future earnings for use in the operation and expansion of our business and have no current plans to pay dividends on our common stock. The declaration, amount, and payment of any future dividends will be at the sole discretion of our board of directors, and will depend on, among other things, general and economic conditions, our results of operations and financial condition, our available cash and current and anticipated cash needs, capital requirements, contractual, legal, tax and regulatory restrictions and implications on the payment of dividends by us to our stockholders or by our subsidiaries to us, including restrictions under our credit agreements and other indebtedness we may incur, and such other factors as our board of directors may deem relevant. If we elect to pay such dividends in the future, we may reduce or discontinue entirely the payment of such dividends at any time.

Capitalization

The following table sets forth our cash and cash equivalents and capitalization as of September 30, 2023:

- on an actual basis; and
- on an as adjusted basis after giving effect to the issuance and sale of _____ shares of our common stock offered by us in this offering at an assumed initial public offering price of \$ _____ per share, which is the mid-point of the estimated price range set forth on the cover page of this prospectus, after deducting the underwriting discount and estimated offering expenses payable by us, and the application of the net proceeds to us therefrom as described under "Use of proceeds."

You should read this table in conjunction with the information contained in "Use of proceeds" and "Management's discussion and analysis of financial condition and results of operations" as well as our financial statements included elsewhere in this prospectus.

A \$1.00 increase (decrease) in the assumed initial public offering price of \$ _____ per share, which is the mid-point of the estimated price range set forth on the cover page of this prospectus, would increase (decrease) the net proceeds that we receive in this offering and each of additional paid-in capital, total stockholders' equity, and total capitalization by approximately \$ _____, assuming the number of shares offered by us remains the same as set forth on the cover page of this prospectus and after deducting the underwriting discount and estimated offering expenses payable by us. An increase (decrease) of 1,000,000 shares in the expected number of shares to be sold by us in this offering, assuming no change in the assumed initial public offering price of \$ _____ per share, which is the mid-point of the estimated price range set forth on the cover page of this prospectus, would increase (decrease) our net proceeds from this offering and each of additional paid-in capital, total stockholders' equity, and total capitalization by approximately \$ _____ after deducting the underwriting discount and estimated offering expenses payable by us.

Dilution

If you invest in our common stock in this offering, your ownership interest in us will be diluted to the extent of the difference between the initial public offering price per share of our common stock and the as adjusted net tangible book value (deficit) per share of our common stock after giving effect to this offering. Dilution results from the fact that the per share offering price of the common stock is substantially in excess of the book value per share attributable to the shares of our common stock held by existing stockholders.

Our net tangible book value (deficit) as of September 30, 2023 was approximately \$(2,300.7) million, or \$(11.44) per share of our common stock. We calculate net tangible book value (deficit) per share by taking the amount of our total tangible assets, reduced by the amount of our total liabilities, and then dividing that amount by the total number of shares of common stock outstanding.

After giving further effect to (i) our sale of _____ shares of common stock in this offering at an assumed initial public offering price of \$ _____ per share, which is the mid-point of the estimated price range set forth on the cover page of this prospectus, after deducting the underwriting discount and estimated offering expenses payable by us and (ii) the application of the net proceeds to us from this offering as set forth under "Use of proceeds," our as adjusted net tangible book value (deficit) as of September 30, 2023 would have been \$ _____ million, or \$ _____ per share of our common stock. This amount represents an immediate increase in net tangible book value (or a decrease in net tangible book deficit) of \$ _____ per share to existing stockholders and an immediate and substantial dilution in net tangible book value (deficit) of \$ _____ per share to new investors purchasing shares of common stock in this offering at the assumed initial public offering price.

The following table illustrates this dilution on a per share basis:

Assumed initial public offering price per share of our common stock	\$
Net tangible book value (deficit) per share of our common stock as of September 30, 2023	\$(11.44)
Increase in tangible book value per share attributable to new investors purchasing shares of our common stock in this offering	_____
As adjusted net tangible book value per share of our common stock after giving effect to this offering	_____
Dilution per share of our common stock to new investors in this offering	\$

Dilution is determined by subtracting as adjusted net tangible book value (deficit) per share of common stock after the offering from the initial public offering price per share of common stock.

If the underwriters exercise in full their option to purchase additional shares of our common stock, the as adjusted net tangible book value (deficit) per share after giving effect to the offering and the use of proceeds therefrom would be \$ _____ per share. This represents an increase in as adjusted net tangible book value (or a decrease in as adjusted net tangible book deficit) of \$ _____ per share to the existing stockholders and results in dilution in as adjusted net tangible book value (deficit) of \$ _____ per share to new investors.

Assuming the number of shares of common stock offered by us, as set forth on the cover page of this prospectus, remains the same, after deducting the underwriting discount and estimated offering expenses payable by us, a \$1.00 increase (decrease) in the assumed initial public offering price of \$ _____ per share, which is the mid-point of the estimated price range set forth on the cover page of this prospectus, would increase (decrease) the tangible book value attributable to new investors purchasing shares in this offering by \$ _____ per share and the dilution to new investors by \$ _____ per share and increase (decrease) the as adjusted net tangible book value (deficit) per share after giving effect to this offering by \$ _____ per share.

The following table summarizes, as of September 30, 2023, the differences between the number of shares purchased from us, the total consideration paid to us, and the average price per share paid by existing stockholders and by new investors. As the table shows, new investors purchasing shares of our common stock in this offering will pay an average price per share substantially higher than our existing stockholders paid. The table below assumes an initial public offering price of \$ _____ per share, which is the mid-point of the estimated price

range set forth on the cover page of this prospectus, for shares purchased in this offering and excludes the underwriting discount and estimated offering expenses payable by us:

	Shares purchased		Total consideration		Average price per share
	Number	Percent	Amount	Percent	
(in thousands, except per share amounts and percentages)					
Existing stockholders	201,109	%	\$ 2,176	%	\$ 10.82
New investors		%		%	\$
Total		100.0%	\$	100.0%	

If the underwriters were to exercise in full their option to purchase _____ additional shares of our common stock from us, the percentage of shares of our common stock held by existing stockholders who are directors, officers, or affiliated persons as of September 30, 2023 would be _____% and the percentage of shares of our common stock held by new investors would be _____%.

Assuming the number of shares offered by us, as set forth on the cover page of this prospectus, remains the same, a \$1.00 increase (decrease) in the assumed initial public offering price of \$ _____ per share, which is the mid-point of the estimated price range set forth on the cover page of this prospectus, would increase (decrease) total consideration paid by new investors, total consideration paid by all stockholders and average price per share paid by all stockholders by \$ _____ million, \$ _____ million, and \$ _____ per share, respectively.

To the extent that we grant options to our employees in the future and those options are exercised or other issuances of common stock are made, there will be further dilution to new investors.

Management's discussion and analysis of financial condition and results of operations

This management's discussion and analysis of financial condition and results of operations section should be read in conjunction with "Summary—Summary historical financial and other data," our consolidated financial statements, and the related notes included elsewhere in this prospectus. This discussion contains forward-looking statements that involve risks and uncertainties about our business and operations. Our actual results and the timing of selected events may differ materially from those anticipated in these forward-looking statements as a result of various factors, including those we describe under "Risk factors," "Forward-looking statements," and elsewhere in this prospectus. Additionally, our historical results are not necessarily indicative of the results that may be expected for any period in the future.

Overview

Waystar provides healthcare organizations with mission-critical cloud software that simplifies healthcare payments. Our enterprise-grade platform streamlines the complex and disparate processes our healthcare provider clients must manage to be reimbursed correctly, while improving the payments experience for providers, patients, and payers. We leverage AI as well as proprietary, advanced algorithms to automate payment-related workflow tasks and drive continuous improvement, which enhances claim and billing accuracy, enriches data integrity, and reduces labor costs for providers.

Our software is used daily by providers of all types and sizes across the continuum of care, including physician practices, clinics, surgical centers, and laboratories, as well as large hospitals and health systems. We currently serve approximately 30,000 clients of various sizes, representing approximately one million distinct providers practicing across a variety of care sites, including 18 of the top 22 U.S. News Best Hospitals. Our client base is highly diversified, and for the nine months ended September 30, 2023 and the year ended December 31, 2022, our top 10 clients accounted for only 11.5% and 11.4%, respectively, of our total revenue. Our business model is designed such that as our clients grow to serve more patients, their claims and transactional volumes increase, resulting in corresponding growth in our business. In addition, our clients frequently adopt a greater number of our solutions over time and introduce our solutions across new sites of care. The number of clients from whom we generate over \$100,000 of revenue has grown from 733 in the twelve months ended March 31, 2021 to 1,033 in the twelve months ended September 30, 2023, driven by large, new client wins and successful cross-selling and up-selling efforts. In 2022, we facilitated over 4 billion healthcare payments transactions, including over \$900 billion in gross claims volume, spanning approximately 50% of patients in the United States.

Our platform benefits from powerful network effects. Our cloud-based software is driven by a sophisticated, automated, and curated rules engine, employing AI to generate and incorporate real-time feedback from millions of network transactions processed through our platform each day. Every transaction we process provides additional data insights across providers, patients, and payers, which are embedded in updates that are deployed efficiently across our client base. This results in cumulative benefits to us over time — as we capture more data from each transaction we process, we leverage that data to continue to improve the Waystar platform through embedded machine learning, advanced algorithms, and other in-house AI technologies to deliver added value to our clients. In turn, the more value we create for our clients, the more likely it is that they will continue to use our products, allowing us to continue to capture more data that results in tangible improvements to our platform. As a result, our clients benefit from faster and more efficient performance from software that is evolving to meet ever-changing regulatory and payer requirements, enabling accurate and timely reimbursement.

We have demonstrated an ability to drive recurring, predictable, and profitable growth. Over 99% of our revenue is either recurring subscription or based on highly predictable volumes. For the twelve months ended September 30, 2023, our Net Revenue Retention Rate was 109.0%, and for the year ended December 31, 2022, our Net Revenue Retention Rate was 109.5%. For the nine months ended September 30, 2023, we generated revenue of \$584.3 million (reflecting a 11.8% increase compared to revenue of \$522.8 million for the same period in the prior year), net loss of \$36.9 million (reflecting a 2.8% decrease compared to net loss of \$35.9

million for the same period in the prior year), and Adjusted EBITDA of \$247.5 million (reflecting a 13.9% increase compared to Adjusted EBITDA of \$217.2 million for the same period in the prior year). For the year ended December 31, 2022, we generated revenue of \$704.9 million (reflecting a 22% increase compared to revenue of \$578.6 million in the prior year), net loss of \$44.0 million (reflecting a 6% decrease compared to net loss of \$47.1 million in the prior year), and Adjusted EBITDA of \$295.5 million (reflecting a 16% increase compared to Adjusted EBITDA of \$254.5 million in the prior year).

Significant items affecting comparability

We believe that the future growth and profitability of our business, and the comparability of our results from period to period, depend on numerous factors, including the following:

- **Our ability to expand our relationship with existing clients.** As our clients grow their businesses and provide more services and see more patients, our volume-based revenues also increase. In addition, our growth in revenues also depends on our ability to sell more products and solutions to existing clients, including through cross-selling as our clients adopt additional Waystar offerings as well as up-selling as our clients leverage our solutions across additional providers and sites of care.
- **Our ability to grow our client base.** We are focused on continuing to grow our client base, which will depend in part on our ability to continue to maintain our product leadership, invest in our research and development team, and maintain our reputation and brand.
- **Timing and number of acquisitions.** Since 2018, we have completed and successfully integrated seven acquisitions, and we recently closed our eighth. The historical results of operations of our acquisitions are only included starting from the date of closing of such acquisition. As a result, our consolidated statements of operations for any given period during which an acquisition closed may not be comparable to future periods, which would include the results of operations of such acquisition for the entirety of such future period.

On August 24, 2021, we closed the acquisition of 100% of the capital stock of Patientco, a leading provider of omnichannel patient payments, communications, and engagement software. We acquired this business to enable us to optimize the patient payments experience to complement our existing solutions, provide us greater access to the hospital market, and improve our competitive positioning. On August 3, 2023, we acquired 100% of HealthPay24 to further enhance our patient payment solutions. The acquired solutions primarily generate volume-based revenue, with a higher cost of revenue relative to the cost of revenue for other Waystar solutions. Our consolidated statements of operations include the results of operations of Patientco for approximately four months of 2021 and the full year in 2022, which impacts the comparability of our results of operations for the year ended December 31, 2021 as compared to the year ended December 31, 2022. HealthPay24 is included for approximately two months for the nine months ended September 30, 2023.

Impacts of the initial public offering

Impact of debt extinguishment

Assuming net proceeds after expenses to us of \$ million in connection of the sale of common stock in this offering and the application of such net proceeds to all outstanding indebtedness under our Second Lien Credit Facility and \$ million aggregate principal amount of indebtedness under our First Lien Credit Facility as described in "Use of proceeds," we expect to incur debt extinguishment costs of \$ million related to the write-off of unamortized debt discounts.

Stock-based compensation expenses

Upon the completion of this offering (and based on the initial offering price being equal to the midpoint of the range on the cover of this prospectus), we expect to recognize initial stock-based compensation expense of \$ million per year over the applicable vesting periods in connection the following equity awards that we expect to grant in connection with this offering: (i) options with an exercise price equal to the initial offering price and

restricted stock units that, in each case, we expect to award to certain of our employees and (ii) restricted stock units with an initial value of \$200,000 (based on the initial offering price) per award that we expect to award to each of our non-employee directors who are not employed by any of the Institutional Investors. Such stock-based compensation expense will be reflected in our results of operations from the closing date of this offering through the applicable vesting periods of such awards. In addition, it is expected that future equity awards will be issued under our 2023 Equity Incentive Plan in the ordinary course.

Incremental public company expenses

Following this offering, we will incur significant expenses on an ongoing basis that we did not incur as a private company. Those costs include additional director and officer liability insurance expenses, as well as third-party and internal resources related to accounting, auditing, Sarbanes-Oxley Act compliance, legal, and investor and public relations expenses. These costs will generally be expensed under general and administrative expenses.

Components of results of operations

Revenue

We primarily generate two types of revenue: (i) subscription revenue and (ii) volume-based revenue, which account for 99% of total revenue for all periods presented. We believe we have high visibility into our volume-based and subscription revenue from existing clients. We refer to the solutions our clients use to better process and understand their payment workflows from payers as provider solutions, and we refer to the products that assist healthcare providers in collecting payments from patients as patient payment solutions. We expect provider solutions will continue to generate the substantial majority of our total revenue, although the revenue mix attributable to patient payment solutions is expected to increase slightly over time.

- *Subscription revenue.* Reflects recurring monthly provider count fees and minimum amounts owed. The vast majority of subscription revenue is generated by provider solutions, which constituted approximately 70% of total revenue in each of 2021 and 2022 and the nine months ended September 30, 2023.
- *Volume-based revenue.* Represents recurring fees associated with transaction count or dollar volumes in excess of minimums. Generally, approximately half of our volume-based revenue is generated from provider solutions that are based on transaction count, with the other half from patient payment solutions that are based on either dollar volumes or transaction count.

We also derive revenue from implementation fees for our software, as well as hardware sales to facilitate patient payments. Our implementation fees are billed upfront and the revenue is recognized ratably over the contract term.

Cost of revenue (exclusive of depreciation and amortization)

Cost of revenue includes salaries, stock-based compensation, and benefits ("personnel costs") for our team members who are focused on implementation, support, and other client-focused operations, as well as team members focused on enhancing and developing our platform. Cost of revenue also includes costs for third-party technology such as interchange fees and infrastructure related to the operations of our platform, including communicating and processing patient payments, and services to support the delivery of our solutions. Third-party costs for patient payment solutions are approximately 60% of the revenue generated from these solutions, while third-party costs for provider solutions are approximately 6% of the associated revenue.

Sales and marketing

Sales and marketing costs consist primarily of personnel costs, internal sales commissions, channel partner fees, travel, and advertising costs.

General and administrative

General and administrative expenses consist of personnel costs incurred in our corporate service functions such as finance expenses, legal, human resources, and information technology, as well as other professional service costs.

Research and development

Research and development ("R&D") costs consist primarily of personnel costs for team members engaged in research and development activities as well as third-party fees. All such costs are expensed as incurred, except for capitalized software development costs.

Depreciation and amortization

Depreciation and amortization consists of the depreciation of property and equipment and amortization of certain intangible assets, including capitalized software.

Other expense

Other expense consists primarily of interest expense and related-party interest expense, inclusive of the impact of interest rate swaps.

Income tax benefit

Income tax benefit includes current income tax and income tax credits from deferred taxes. Income tax benefit is recognized in profit and loss except to the extent that it relates to items recognized in equity or other comprehensive income, in which case the income tax expense is also recognized in equity or other comprehensive income.

Total revenue	\$584,315	100.0%	\$522,773	100.0%	\$61,542	11.8%

Revenue was \$584.3 million for the nine months ended September 30, 2023 as compared to \$522.8 million for the nine months ended September 30, 2022, an increase of \$61.5 million, or 11.8%, of which \$25.0 million was attributed to subscription revenue primarily from existing clients and was almost entirely generated by provider solutions. Further, an increase of \$36.0 million was driven by volume-based revenue primarily related to the increase in existing client usage, with \$13.8 million generated by provider solutions and \$22.3 million related to patient payments solutions.

Cost of revenue (exclusive of depreciation and amortization)

Cost of revenue was \$182.6 million for the nine months ended September 30, 2023 as compared to \$161.2 million for the nine months ended September 30, 2022, an increase of \$21.4 million, or 13.3%. The increase was primarily driven by \$17.6 million in increased costs stemming from higher transaction volume and associated third-party costs, including higher platform usage, of which \$5.2 million was from costs associated with provider solutions and \$12.4 million from patient payments solutions.

Sales and marketing

Sales and marketing expense was \$93.5 million for the nine months ended September 30, 2023 as compared to \$81.6 million for the nine months ended September 30, 2022, an increase of \$11.9 million, or 14.6%. The increase was primarily driven by an increase in channel partner fees and internal sales commissions of \$7.0 million, and an increase in marketing expenses of \$2.5 million.

General and administrative

General and administrative expense was \$46.5 million for the nine months ended September 30, 2023 as compared to \$58.0 million for the nine months ended September 30, 2022, a decrease of \$11.5 million, or 19.7%. The decrease was primarily driven by an impairment expense of \$10.9 million recognized in 2022 related to leasehold improvements and right-of-use assets at closed office locations and a loss on extinguishment of debt of \$1.5 million recognized in 2022. This was partially offset by an increase of \$1.6 million in expenses incurred related to costs associated with the initial public offering that do not qualify as deferred offering costs recorded in 2023.

Research and development

Research and development expense was \$25.5 million for the nine months ended September 30, 2023, which was relatively flat as compared to \$24.5 million for the nine months ended September 30, 2022.

Depreciation and amortization

Depreciation and amortization expense was \$131.8 million for the nine months ended September 30, 2023 as compared to \$136.6 million for the nine months ended September 30, 2022, a decrease of \$4.8 million, or 3.5%. The decrease was primarily driven by \$6.3 million of amortization in 2022 related to intangible assets that were fully amortized as of January 1, 2023.

Other expense

Total interest expense was \$153.1 million for the nine months ended September 30, 2023 as compared to \$110.5 million for the nine months ended September 30, 2022, an increase of \$42.5 million, or 38.5%. The increase was related to higher interest expense with respect to our First Lien Credit Facility and Second Lien Credit Facility of \$41.1 million driven by increased interest rates, which is net of the impact of the swap arrangement.

Income tax benefit

Income tax benefit was \$11.7 million for the nine months ended September 30, 2023 as compared to \$13.7 million for the nine months ended September 30, 2022, an increase of \$1.9 million, or 14.2%. The decrease was primarily driven by the decrease in pre-tax loss.

Revenue was \$704.9 million for the year ended December 31, 2022 as compared to \$578.6 million for the year ended December 31, 2021, an increase of \$126.3 million, or 21.8%, of which \$32.1 million was attributed to

subscription revenue primarily from existing clients, with \$27.2 million generated by provider solutions, and \$4.9 million generated from patient payments solutions. Another \$93.7 million was attributed to volume-based revenue primarily related to expansion of existing client usage and acquired clients, of which \$20.6 million was generated by provider solutions and \$73.1 million by patient payments solutions. The increase from patient payments solutions was driven by the acquisition of Patientco, which was included in our consolidated results following the acquisition on August 24, 2021.

Cost of revenue (exclusive of depreciation and amortization)

Cost of revenue was \$214.9 million for the year ended December 31, 2022 as compared to \$151.8 million for the year ended December 31, 2021, an increase of \$63.1 million, or 41.6%. The increase was primarily driven by \$52.3 million in increased costs stemming from higher transaction volume and associated third-party costs, including higher platform usage, of which approximately \$2.6 million was from costs associated with provider solutions and \$49.6 million from patient payments solutions. In addition, there was an \$8.0 million increase in personnel costs. The increase from patient payments solutions was driven by the acquisition of Patientco, which was included in our consolidated results following the acquisition on August 24, 2021.

Sales and marketing

Sales and marketing expense was \$111.5 million for the year ended December 31, 2022 as compared to \$96.5 million for the year ended December 31, 2021, an increase of \$15.0 million, or 15.5%. The increase was primarily driven by an increase in personnel costs of \$6.8 million and channel partner fees and internal commissions of \$6.9 million.

General and administrative

General and administrative expense was \$73.1 million for the year ended December 31, 2022 as compared to \$65.5 million for the year ended December 31, 2021, an increase of \$7.5 million, or 11.5%. The increase was primarily driven by an impairment expense recognized related to leasehold improvements and right-of-use assets at closed office locations of \$10.9 million and incremental software license fees of \$0.8 million, which was partially offset by a \$5.0 million reduction in third-party professional fees.

Research and development

Research and development expense was \$32.8 million for the year ended December 31, 2022 as compared to \$28.3 million for the year ended December 31, 2021, an increase of \$4.5 million, or 15.8%. The increase was primarily driven by higher personnel costs, net of capitalized expenses, of \$4.0 million.

Depreciation and amortization

Depreciation and amortization expense was \$183.2 million for the year ended December 31, 2022 as compared to \$176.1 million for the year ended December 31, 2021, an increase of \$7.1 million, or 4.0%. The increase was primarily driven by amortization from intangible assets recorded in connection with the acquisition of Patientco.

Other expense

Total interest expense was \$155.3 million for the year ended December 31, 2022 as compared to \$127.0 million for the year ended December 31, 2021, an increase of \$28.3 million, or 22.3%. The increase was primarily related to increases in interest rates and debt incurred in connection with the acquisition of Patientco, which were partially offset by lower principal outstanding after the \$47.0 million partial pay down in principal of the Second Lien Credit Facility in April 2022.

Income tax benefit

Income tax benefit was \$21.8 million for the year ended December 31, 2022 as compared to \$19.6 million for the year ended December 31, 2021, an increase of \$2.3 million, or 11.6%. The increase was primarily driven by an increase in R&D credits generated, offset by a decrease in pre-tax earnings.

Key performance metrics and non-GAAP financial measures

We present Adjusted EBITDA and Adjusted EBITDA margin as supplemental measures of financial performance that are not required by, or presented in accordance with, GAAP. We believe they assist investors and analysts in comparing our operating performance across reporting periods on a consistent basis by excluding items that we do not believe are indicative of our core operating performance. Management believes Adjusted EBITDA and Adjusted EBITDA margin are useful to investors in highlighting trends in our operating performance, while other measures can differ significantly depending on long-term strategic decisions regarding capital structure, the tax jurisdictions in which we operate and capital investments. Management uses Adjusted EBITDA and Adjusted EBITDA margin to supplement GAAP measures of performance in the evaluation of the effectiveness of our business strategies, to make budgeting decisions, to establish discretionary annual incentive compensation, and to compare our performance against that of other peer companies using similar measures. Management supplements GAAP results with non-GAAP financial measures to provide a more complete understanding of the factors and trends affecting the business than GAAP results alone provide.

Adjusted EBITDA and Adjusted EBITDA margin are not recognized terms under GAAP and should not be considered as an alternative to net income (loss) or net income (loss) margin as measures of financial performance or cash provided by operating activities as a measure of liquidity, or any other performance measure derived in accordance with GAAP. Additionally, these measures are not intended to be a measure of free cash flow available for management's discretionary use, as they do not consider certain cash requirements such as interest payments,

tax payments, and debt service requirements. The presentations of these measures have limitations as analytical tools and should not be considered in isolation, or as a substitute for analysis of our results as reported under GAAP. Because not all companies use identical calculations, the presentations of these measures may not be comparable to other similarly titled measures of other companies and can differ significantly from company to company. A reconciliation is provided below for our non-GAAP financial measures to the most directly comparable financial measure stated in accordance with GAAP. Investors are encouraged to review the related GAAP financial measures and the reconciliation of non-GAAP financial measures to their most directly comparable GAAP financial measures, and not to rely on any single financial measure to evaluate our business.

Adjusted EBITDA and Adjusted EBITDA margin

We define Adjusted EBITDA as net loss before interest expense, net, income tax benefit, depreciation and amortization, and as further adjusted for stock-based compensation expense, acquisition and integration costs, asset and lease impairments, costs of extinguishing debt, and IPO related costs. Adjusted EBITDA margin represents Adjusted EBITDA as a percentage of revenue.

The following table presents a reconciliation of net loss to Adjusted EBITDA and net loss margin to Adjusted EBITDA margin for nine months ended September 30, 2023 and 2022, and for the years ended December 31, 2022 and 2021:

Net Revenue Retention Rate

We also regularly monitor and review our Net Revenue Retention Rate.

The following table presents our Net Revenue Retention Rate for September 30, 2023 and 2022 respectively, and for December 31, 2022 and 2021 respectively:

	Twelve months ended September 30, Year ended December 31,			
	2023	2022	2022	2021
Net Revenue Retention Rate	109.0%	109.0%	109.5%	111.0%

Our Net Revenue Retention Rate compares twelve months of client invoices for our solutions at two period end dates. To calculate our Net Revenue Retention Rate, we first accumulate the total amount invoiced during the twelve months ending with the prior period-end, or Prior Period Invoices. We then calculate the total amount

invoiced to those same clients for the twelve months ending with the current period-end, or Current Period Invoices. Current Period Invoices are inclusive of upsell, downsell, pricing changes, clients that cancel or chose not to renew, and discontinued solutions with continuing clients. The Net Revenue Retention Rate is then calculated by dividing the Current Period Invoices by the Prior Period Invoices. Our total invoices included in the analysis are greater than 98% of reported revenue. We use Net Revenue Retention Rate to evaluate our ongoing operations and for internal planning and forecasting purposes. Acquired businesses are included in the last-twelve month Net Revenue Retention Rate in the ninth quarter after acquisition, which is the earliest point that comparable post-acquisition invoices are available for both the current and prior twelve-month period.

Customer Count with >\$100,000 Revenue

We also regularly monitor and review our count of clients who generate more than \$100,000 of revenue.

The following table sets forth our count of clients who generate more than \$100,000 of revenue for the periods presented:

	March 31, 2021	June 30, 2021	September 30, 2021	December 31, 2021	March 31, 2022	June 30, 2022	September 30, 2022	December 31, 2022	March 31, 2023	June 30, 2023	September 30, 2023
Customer Count with >\$100,000 Revenue	733	808	859	893	920	939	963	982	1,007	1,023	1,033

Our count of clients who generate more than \$100,000 of revenue is based on an accumulation of the amounts invoiced to clients over the preceding twelve months. The invoices for acquired clients are included starting in the first full calendar quarter after the date of acquisition.

Liquidity and capital resources

Overview

We assess our liquidity in terms of our ability to generate adequate amounts of cash to meet current and future needs. Our expected primary uses on a short-term and long-term basis are for working capital, capital expenditures, debt service requirements, and investments in future growth, including acquisitions. We have historically funded our operations and acquisitions through our cash and cash equivalents, cash flows from operations, and debt financings. We believe that our existing unrestricted cash on hand, expected future cash flows from operations, and additional borrowings will provide sufficient resources to fund our operating requirements, as well as future capital expenditures, debt service requirements, and investments in future growth for at least the next 12 months. To the extent additional funds are necessary to meet our long-term liquidity needs as we continue to execute our business strategy, we anticipate that they will be obtained through the incurrence of additional indebtedness, additional equity financings, or a combination of these potential sources of funds. In the event that we need access to additional cash, we may not be able to access the credit markets on commercially acceptable terms or at all. Our ability to fund future operating expenses and capital expenditures and our ability to meet future debt service obligations or refinance our indebtedness will depend on our future operating performance, which will be affected by general economic, financial, and other factors beyond our control, including those described under "Risk factors."

On September 30, 2023 and December 31, 2022, we had restricted cash of \$8.4 million and \$8.1 million, respectively, which consists of cash deposited in lockbox accounts owned by us which are contractually required to be disbursed to participating clients on the following day, as well as cash collected on behalf of healthcare providers from patients that have not yet been remitted to providers. These funds payable are not available for our use and liquidity, and are offset on our balance sheet by an aggregated funds payable liability.

Our liquidity is influenced by many factors, including timing of revenue and corresponding cash collections, the amount and timing of investments in strategic initiatives, our investments in property, equipment, and software, as well as other factors described under "Risk factors." Depending on the severity and direct impact of these factors on us, we may not be able to secure additional financing on acceptable terms, or at all.

Cash flows provided by operating activities

Cash flows provided by operating activities were \$40.0 million for the nine months ended September 30, 2023 as compared to \$80.5 million for the nine months ended September 30, 2022. The decrease is primarily driven by the change in deferred income taxes resulting in a decrease of \$28.7 million. Additionally, the decrease was driven by an impairment expense of \$10.9 million recognized related to leasehold improvements and right-of-use assets at closed office locations and a loss on extinguishment of debt of \$1.5 million recognized in 2022.

Cash flows provided by operating activities were fairly consistent at \$102.6 million for the year ended December 31, 2022 as compared to \$106.4 million for the year ended December 31, 2021.

Cash flows used by investing activities

Cash flows used in investing activities were \$45.8 million for the nine months ended September 30, 2023 as compared to \$14.5 million for the nine months ended September 30, 2022. Cash flows used in investing activities increased in 2023 relative to 2022 as we used \$30.0 million for our acquisition of HealthPay24 in 2023.

Cash flows used in investing activities were \$17.4 million for the year ended December 31, 2022 as compared to \$444.3 million for the year ended December 31, 2021. Cash flows used in investing activities decreased in 2022 relative to 2021 as we used \$429.8 million for our acquisition of Patientco in 2021. We did not make any business acquisitions in 2022.

Cash flows used by financial activities

Cash flows used in financing activities were \$14.0 million for the nine months ended September 30, 2023 as compared to \$62.7 million for the nine months ended September 30, 2022. Cash flows used in financing activities decreased in the nine months ended September 30, 2023 relative to the nine months ended September 30, 2022 primarily due to the \$47.0 million partial pay down in principal of the Second Lien Credit Facility in April 2022.

Cash flows used in financing activities were \$67.1 million for the year ended December 31, 2022 as compared to \$331.5 million generated for the year ended December 31, 2021. Cash flows used in financing activities during

2022 includes \$65.0 million of payments on debt and \$2.5 million of share repurchases. Cash provided by financing activities during 2021 includes \$367.0 million of proceeds from issuances of debt associated with our acquisition of Patientco, partially offset by \$16.7 million of payments on debt and \$10.5 million of debt issuance costs.

Indebtedness

First lien credit facilities

Our indirect wholly-owned subsidiary, Waystar Technologies, Inc., a Delaware corporation (the "Borrower"), is the Borrower under a first lien credit agreement, dated as of October 22, 2019 (as amended from time to time, the "First Lien Credit Agreement"), that initially provided for an \$825.0 million senior secured first lien term loans and commitments under a revolving credit facility in an aggregate principal amount of \$125.0 million, with a sub-commitment for issuance of letters of credit of \$25.0 million. The initial first lien term loans are scheduled to mature on October 22, 2026 and commitments under the revolving credit facility and the loans thereunder were initially scheduled to terminate and mature on October 22, 2024.

On December 1, 2019, the Borrower and certain lenders amended the First Lien Credit Agreement to add 2019 first lien incremental term loans in the amount of \$100.0 million to be used for certain acquisitions consummated substantially simultaneously with the closing of such amendment. The terms of such 2019 first lien incremental term loans were the same as the terms of the initial first lien term loans, including in respect of maturity, and were considered an increase in the aggregate principal amount of the initial first lien term loans outstanding under the First Lien Credit Agreement and were part of the initial first lien term loans.

On September 23, 2020, the Borrower and certain lenders amended the First Lien Credit Agreement to (i) add 2020 first lien incremental term loans in the amount of \$620.0 million to be used for certain acquisitions consummated substantially simultaneously with the closing of such amendment and (ii) add revolving credit commitments in the amount of \$75.0 million to increase the revolving credit commitments available under the First Lien Credit Agreement to \$200.0 million. Such 2020 first lien incremental term loans constituted a separate class of first lien term loans from the initial first lien term loans but were otherwise on the same as the terms of the initial first lien term loans (other than with respect to the "LIBOR-floor" applicable thereto).

On March 24, 2021, the Borrower and certain lenders amended the First Lien Credit Agreement to (i) reduce the "LIBOR-floor" applicable to the 2020 first lien incremental term loans and (ii) in connection therewith, combine the initial first lien term loans with the 2020 first lien incremental term loans which thereafter then constituted one class of first lien term loans.

On August 24, 2021, the Borrower and certain lenders amended the First Lien Credit Agreement to add 2021 first lien incremental term loans in the amount of \$247.0 million to be used for certain acquisitions consummated substantially simultaneously with the closing of such amendment. The terms of such 2021 first lien incremental term loans were the same as the terms of the initial first lien term loans outstanding at such time, including in respect of maturity, and were considered an increase in the aggregate principal amount of the initial first lien term loans outstanding under the First Lien Credit Agreement at such time and were part of the initial first lien term loans.

On June 1, 2023, the Borrower and certain lenders amended the First Lien Credit Agreement to replace all LIBOR-based interest rates applicable to borrowings under the revolving credit facility with a Term SOFR-based rate.

On June 23, 2023, the Borrower and certain lenders amended the First Lien Credit Agreement to replace all LIBOR-based interest rates applicable to the first lien term loans with a Term SOFR-based rate.

On October 6, 2023, the Borrower and certain lenders amended the First Lien Credit Agreement to, among others, (i) increase the revolving credit commitments under the First Lien Credit Agreement by \$142.5 million to a total of \$342.5 million, with a sub-commitment for issuance of letters of credit of \$50.0 million, (ii) amend the applicable margin with respect thereto upon the consummation of a qualifying initial public offering, and

(iii) extend the availability period of such revolving credit commitments and the maturity date of loans thereunder from October 22, 2024 to October 6, 2028; *provided* that if, prior to October 6, 2028, either (i) on the date that is 91 days prior to the maturity date of the first lien term loans (or any loans refinancing such first lien term loans), more than \$150.0 million of such first lien term loans (or any such loans refinancing such first lien term loans) are outstanding or (ii) on the date that is 91 days prior to the maturity date of the second lien term loans under the Second Lien Credit Agreement (as defined below) (or any loans refinancing such second lien term loans), any such second lien term loans (or any such loans refinancing such second lien term loans) are outstanding, the commitments under the revolving credit facility and the loans thereunder will terminate and mature on such date (the "Springing Maturity Condition"). The revolving credit commitments as increased by the amendment replaced the existing revolving credit commitments under the First Lien Credit Agreement.

All obligations under the First Lien Credit Agreement are unconditionally guaranteed on a senior first lien priority basis by, subject to certain exceptions, the Borrower and each of the Borrower's existing and subsequently acquired or organized direct or indirect wholly owned restricted subsidiaries organized in the United States. Additionally, the obligations under First Lien Credit Agreement and such guarantees are secured on a first lien priority basis, subject to certain exceptions and excluded assets, by (i) the equity securities of the Borrower and of each subsidiary guarantor and (ii) security interests in, and mortgages on, substantially all personal property and material owned real property by the Borrower and each subsidiary guarantor. The first lien priority of such liens is governed by a customary intercreditor agreement applicable to obligations outstanding under the First Lien Credit Agreement and Second Lien Credit Agreement (as defined below).

Borrowings under the First Lien Credit Agreement currently bear interest at a rate per annum equal to, at the option of the Borrower, either (i) (x) the Term SOFR rate for the applicable interest period, with a floor of 0.00%, plus (y) an applicable margin rate of, for the first lien term loans, 4.00% and, for loans under the revolving credit facility, (a) prior to the consummation of a qualifying initial public offering, between 3.75% and 3.25% and (b) on or after the consummation of a qualifying initial public offering, between 3.00% and 2.25%, in each case, depending on the applicable first lien leverage ratio, plus (z) solely in the case of the first lien term loans, a "SOFR spread adjustment" between approximately 0.11% and 0.42%, depending on the applicable interest period or (ii) (x) an alternate base rate ("ABR"), with a floor of 1.00%, plus (y) an applicable margin rate of, for the first lien term loans, 3.00% and, for loans under the revolving credit facility, (a) prior to the consummation of a qualifying initial public offering, between 2.75% and 2.25% and (b) on or after the consummation of a qualifying initial public offering, between 2.00% and 1.25%, in each case, depending on the applicable first lien leverage ratio (with the ABR determined as the greatest of (a) the prime rate, (b) the federal funds effective rate plus 0.50%, and (c) the Term SOFR rate plus 1.00%).

In addition to paying interest on outstanding principal under the first lien term loans and the revolving credit facility, the Borrower is required to pay a commitment fee, payable quarterly in arrears, of (i) prior to the consummation of a qualifying initial public offering, 0.50% per annum on the average daily unused portion of the revolving credit facility, with step-downs to 0.375% and 0.25% per annum and (ii) on or after the consummation of a qualifying initial public offering, 0.375% per annum on the average daily unused portion of the revolving credit facility, with step-down to 0.25% per annum, in each case, on such portion upon achievement of certain first lien leverage ratios. The Borrower must also pay customary letter of credit issuance and participation fees and other customary fees and expenses of the letter of credit issuers.

The Borrower is required to repay installments on the first lien term loans in quarterly principal amounts equal to approximately \$4.50 million on the last business day of each March, June, September, and December of each year, with the balance payable on October 22, 2026. Additionally, the entire principal amount of revolving loans outstanding (if any) under the revolving credit facility are due and payable in full at maturity on October 6, 2028, subject to the Springing Maturity Condition, on which day the revolving credit commitments thereunder will terminate.

The Borrower is required, subject to certain exceptions, to pay outstanding amounts of the first lien term loan, (i) with 50% of excess cash flow, with step-downs upon achievement of certain first lien net leverage ratios, (ii) with 100% of the net cash proceeds of all non-ordinary course asset sales by the Borrower and its restricted

subsidiaries, subject to customary reinvestment right, and (iii) with 100% of the net cash proceeds of issuances of debt obligations of the Borrower and its restricted subsidiaries, other than permitted debt. Additionally, the Borrower may voluntarily repay outstanding loans under the first lien term loan and the revolving credit facility at any time without premium or penalty. In addition, the Borrower may elect to permanently terminate or reduce all or a portion of the revolving credit commitments and the letter of credit sub-limit under the revolving credit facility at any time without premium or penalty.

The First Lien Credit Agreement also includes customary representations, warranties, covenants, and events of default (with customary grace periods, as applicable).

As of September 30, 2023, we had \$1,735 million of outstanding borrowings on the first lien term loan and \$200 million of availability under the revolving credit facility under the First Lien Credit Agreement, and outstanding letters of credit of \$0 million under the first lien credit agreement. As of September 30, 2023 and December 31, 2022, we were in compliance with the covenants under the First Lien Credit Agreement.

Second lien credit facility

The Borrower is also the borrower under a second lien credit agreement, dated as of October 22, 2019 (as amended from time to time, the "Second Lien Credit Agreement"), that initially provided for an \$255.0 million senior secured second lien term loans. The initial second lien term loans are scheduled to mature on October 22, 2027.

On September 23, 2020, the Borrower and certain lenders amended the Second Lien Credit Agreement to add 2020 second lien incremental term loans in the amount of \$190.0 million to be used for certain acquisitions consummated substantially simultaneously with the closing of such amendment. Such 2020 second lien incremental term loans constituted a separate class of second lien term loans from the existing second lien term loans but were otherwise on the same as the terms of the initial second lien term loans (other than with respect to the applicable interest margin, "LIBOR-floor" and prepayment premiums applicable thereto).

On August 24, 2021, the Borrower and certain lenders amended the Second Lien Credit Agreement to add 2021 second lien incremental term loans in the amount of \$70.0 million to be used for certain acquisitions consummated substantially simultaneously with the closing of such amendment. Such 2021 second lien incremental term loans constituted a separate class of second lien term loans from the initial second lien term loans and 2020 second lien incremental term loans but were otherwise on the same as the terms of our initial second lien term loans (other than with respect to the applicable interest margin, "LIBOR-floor" and prepayment premiums applicable thereto).

On June 27, 2023, the Borrower and certain lenders amended the Second Lien Credit Agreement to replace all LIBOR-based interest rates applicable to the second lien term loans with a Term SOFR-based rate.

All obligations under the Second Lien Credit Agreement are unconditionally guaranteed on a senior second lien priority basis by, subject to certain exceptions, the direct parent of the Borrower and each of the Borrower's existing and subsequently acquired or organized direct or indirect wholly owned restricted subsidiaries organized in the United States. Additionally, the obligations under Second Lien Credit Agreement and such guarantees are secured on a second lien priority basis, subject to certain exceptions and excluded assets, by (i) the equity securities of the Borrower and of each subsidiary guarantor and (ii) security interests in, and mortgages on, substantially all personal property and material owned real property by the Borrower and each subsidiary guarantor. The second lien priority of such liens is governed by a customary intercreditor agreement applicable to obligations outstanding under the First Lien Credit Agreement and Second Lien Credit Agreement.

Borrowings under the Second Lien Credit Agreement currently bear interest at a rate per annum equal to, at the option of the Borrower, either (i) the (x) Term SOFR rate for the applicable interest period, with a floor of 0.00% (with respect to the initial second lien term loans), 1.00% (in the case of the 2020 second lien incremental term loans) or 0.75% (in the case of the 2021 second lien incremental term loans) plus (y) an applicable margin rate of 7.75% (with respect to the initial second lien term loans), 8.00% (in the case of the 2020 second lien

incremental term loans) or 7.00% (in the case of the 2021 second lien incremental term loans) plus (z) a "SOFR spread adjustment" between approximately 0.11% and 0.42%, depending on the applicable interest period or (ii) (x) an ABR, with a floor of 1.00% (with respect to the initial second lien term loans), 2.00% (in the case of the 2020 second lien incremental term loans) or 1.75% (in the case of the 2021 second lien incremental term loans) plus (y) an applicable margin rate of 6.75% (with respect to the initial second lien term loans), 7.00% (in the case of the 2020 second lien incremental term loans) or 6.00% (in the case of the 2021 second lien incremental term loans), (with the ABR determined as the greatest of (a) the prime rate, (b) the federal funds effective rate plus 0.50%), and (c) the Term SOFR rate plus 1.00%).

The Borrower is required to repay the balance of the initial second lien term loans, the 2020 second lien incremental term loans, and the 2021 second lien incremental term loans on October 22, 2027.

The Borrower is required, subject to certain exceptions, to pay outstanding amounts of the initial second lien term loans, the 2020 second lien incremental term loans, and 2021 second lien incremental term loans, (i) with 100% of the net cash proceeds of all non-ordinary course asset sales by the Borrower and its restricted subsidiaries, subject to customary reinvestment right and (ii) with 100% of the net cash proceeds of issuances of debt obligations of the Borrower and its restricted subsidiaries, other than permitted debt. Additionally, the Borrower may voluntarily repay outstanding loans under any of second lien term loans at any time without premium or penalty, subject to a prepayment premium with respect to the 2020 second lien incremental term loans applicable to any prepayment or repricing transactions of 1.00% of such loans prepaid or otherwise subject to such repricing transaction.

The Second Lien Credit Agreement also contains other customary covenants and events of default (with customary grace periods, as applicable).

As of September 30, 2023, we had \$208 million of outstanding borrowings on the initial second lien term loans, \$190 million of outstanding borrowings on the 2020 second lien incremental term loans and \$70 million of outstanding borrowings on the 2021 second lien incremental term loans. As of September 30, 2023 and December 31, 2022, we were in compliance with the covenants under the Second Lien Credit Agreement.

Receivables facility

On August 13, 2021, the Borrower, as servicer, and Waystar RC LLC, a wholly-owned "bankruptcy remote" special purpose vehicle, as "Receivables Borrower", entered into a receivables financing agreement (the "Receivables Financing Agreement"), providing for an aggregate borrowing of up to \$50 million. Loans under the Receivables Financing Agreement mature on August 13, 2024. Borrowings under the Receivables Financing Agreement accrue interest at a rate per annum of, at the option of the Receivables Borrower, either Term SOFR or base rate plus 2.00%. All amounts outstanding under the Receivables Financing Agreement are collateralized by substantially all of the accounts receivables and unbilled revenue of the Receivables Borrower.

In connection with the Receivables Financing Agreement, eligible accounts receivable of certain of our subsidiaries are sold to the Receivables Borrower. The Receivables Borrower pledges the receivables as security for loans. The accounts receivable owned by the Receivables Borrower are separate and distinct from our other assets and are not available to our other creditors should we become insolvent.

The Receivables Financing Agreement also contains customary representations, warranties, covenants, and default provisions.

As of September 30, 2023, the Receivables Borrower had \$50 million in outstanding borrowings under the Receivables Financing Agreement. As of September 30, 2023 and December 31, 2022, we were in compliance with the covenants under the Receivables Financing Agreement

Critical accounting policies and use of estimates

The above discussion and analysis of our financial condition and results of operations is based upon our consolidated financial statements. The preparation of financial statements in conformity with GAAP requires management to make estimates and judgments that affect the reported amounts of assets, liabilities, revenue, and expenses, and disclosures of contingent assets and liabilities. Our significant accounting policies are described in Note 2, "Significant Accounting Policies," of the accompanying consolidated financial statements included elsewhere in this prospectus. Critical accounting policies are those that we consider to be the most important in portraying our financial condition and results of operations and also require the greatest amount of judgments by management. Judgments or uncertainties regarding the application of these policies may result in materially different amounts being reported under different conditions or using different assumptions. We consider the following policies to be the most critical in understanding the judgments that are involved in preparing the consolidated financial statements.

Revenue recognition

Revenue is recognized for each performance obligation upon transfer of control of the software solutions to the client in an amount that reflects the consideration we expect to receive. Revenues are recognized net of any taxes collected from clients and subsequently remitted to governmental authorities.

We derive revenue primarily from providing access to our solutions for use in the healthcare industry and in doing so generate two types of revenue: (i) subscription revenue and (ii) volume-based revenue, which account for 99% of total revenue for all periods presented. We also derive revenue from implementation fees for our software, as well as hardware sales to facilitate patient payments.

Revenue from our subscription services as well as from our volume-based services represents a single promise to provide continuous access (i.e., a stand-ready obligation) to our software solutions in the form of a service. Our software products are made available to our clients via a cloud-based, hosted platform where our clients do not have the right or practical ability to take possession of the software. As each day of providing access to the software solutions is substantially the same and the client simultaneously receives and consumes the benefits as services are provided, these services are viewed as a single performance obligation comprised of a series of distinct daily services.

Revenue from our subscription services is recognized over time on a ratable basis over the contract term beginning on the date that the service is made available to the client. Volume-based services are priced based on transaction, dollar volume, or provider count in a given period. Given the nature of the promise is based on unknown quantities or outcomes of services to be performed over the contract term, the volume-based fee is determined to be variable consideration. The volume-based transaction fees are recognized each day using a time-elapsed output method based on the volume or transaction count at the time the clients' transactions are processed.

Our other services are generally related to implementation activities across all solutions and hardware sales to facilitate patient payments. Implementation services are not considered performance obligations as they do not provide a distinct service to clients without the use of our software solutions. As such, implementation fees related to our solutions are billed upfront and recognized ratably over the contract term. Implementation fees and hardware sales represent less than 1% of total revenue for all periods presented.

Revenue recorded where we act in the capacity of a principal is reported on a gross basis equal to the full amount of consideration to which we expect in exchange for the good or service transferred. Revenue recorded where we act in the capacity of an agent is reported on a net basis, exclusive of any consideration provided to the principal party in the transaction.

The principal versus agent evaluation is a matter of judgment that depends on the facts and circumstances of the arrangement and is dependent on whether we control the good or service before it is transferred to the client or whether we are acting as an agent of a third party. This evaluation is performed separately for each performance obligation identified. For the majority of our contracts, we are considered the principal in the transaction with the client and recognize revenue gross of any related channel partner fees or costs. We have certain agency arrangements where third parties control the goods or services provided to a client and we recognize revenue net of any fees owed to these third parties.

Goodwill and long-lived assets

Goodwill and long-lived assets comprise 92.3% of our total assets as of December 31, 2022. Goodwill represents the excess of consideration paid over the estimated fair value of the net intangible and identifiable intangible assets acquired in business combinations. We evaluate goodwill for impairment annually on October 1st or whenever there is an impairment indicator. Potential impairment indicators may include, but are not limited to, the results of our most recent annual or interim impairment testing, downward revisions to internal forecasts, macroeconomic conditions, industry and market considerations, cost factors, overall financial performance, changes in management and key personnel, changes in composition or carrying amount of net assets, and changes in share price.

ASC Topic 350, Intangibles — Goodwill and Other (“ASC 350”), allows entities to first use a qualitative approach to test goodwill for impairment by determining whether it is more likely than not (a likelihood of greater than 50%) that the fair value of a reporting unit is less than its carrying value. If the qualitative assessment supports that it is more likely than not that the fair value of the asset exceeds its carrying value, a quantitative impairment test is not required. If the qualitative assessment indicates that it is more likely than not that the fair value of the asset does not exceed its carrying value, we will perform the quantitative goodwill impairment test, in which we compare the fair value of the reporting unit to the respective carrying value, which includes goodwill. If the fair value of the reporting unit exceeds its carrying value, then goodwill is not considered impaired. If the carrying value is higher than the fair value, the difference would be recognized as an impairment loss.

Goodwill is tested for impairment at the reporting unit level, which is defined as an operating segment or one level below an operating segment (referred to as a component). Our single operating segment is also our single reporting unit as we do not have segment managers and there is no discrete information reviewed at a level lower than the consolidated entity level. All of our assets and liabilities are assigned to this single reporting unit.

For our annual goodwill impairment test during the year ended December 31, 2022, we elected to perform a qualitative assessment. Our assessment of relevant events and circumstances was designed to indicate whether it is more likely than not that the fair value of a reporting unit is less than its carrying amount. The assessment considered whether or not we observed changes in market conditions within the industry and macroeconomy, changes in cost factors which could result in a negative effect on earnings or financial performance of the reporting unit, such as negative or declining cash flows compared to prior period results, and other entity-specific events or conditions impacting the reporting unit. There were no indicators that it was more likely than not that the fair value of the asset did not exceed its carrying value. In connection with our goodwill impairment testing performed as of December 31, 2022 and 2021, we concluded that there was no impairment to goodwill.

Prior assessments have indicated that the fair value exceeds the carrying value for the reporting unit with reasonable headroom and no indication of impairment. However, we elect to perform a goodwill impairment test utilizing a quantitative approach every fourth year in order to calculate a new fair value "base" to which future qualitative tests can be compared. Our most recent quantitative assessment was performed as of October 1, 2020.

Long-lived assets are amortized over their useful lives. We evaluate the remaining useful life of long-lived assets periodically to determine if events or changes in circumstances warrant a revision to the remaining period of amortization. The carrying amounts of these assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying value of these assets may not be recoverable. We measure the recoverability of these assets by comparing the carrying amount of the asset group to the future undiscounted cash flows the assets are expected to generate. If the undiscounted cash flows used in the test for recoverability are less than the carrying amount of the asset group, then the carrying amount of such assets is reduced to fair value.

Quantitative and qualitative disclosures about market risk

We are exposed to certain market risks arising from transactions in the normal course of our business. Such risks are principally associated with credit risk and interest rate risk.

Credit risk

Credit risk involves the possibility that a counterparty will not meet its obligations under a financial instrument or client contract, leading to a financial loss. Concentrations of credit risk with respect to our clients are limited due to our diversified client base.

We routinely assess the financial strength of our clients through a combination of third-party financial reports, credit monitoring, publicly available information, and direct communication with those clients. We establish payment terms with clients to mitigate credit risk and monitor its accounts receivable credit risk exposure. However, while we actively seek to ensure credit risk, there can be no assurance that in the future it will be able to obtain credit risk insurance at commercially attractive terms or at all.

Interest rate risk

Our exposure to interest rate risk is related to our First Lien Credit Facility and Second Lien Credit Facility, entered into on October 22, 2019, which bear interest at SOFR plus 4% and SOFR plus 7.75%, respectively. A hypothetical 100 basis point increase or decrease in the current effective rate would have an impact on our interest expense of approximately \$23.3 million for the year ended December 31, 2022 or \$17.2 million for the nine months ended September 30, 2023.

We attempt to minimize our interest risk exposure by fixing our rate through the utilization of interest rate swaps, which are derivative instruments. Our intention is to limit exposure to interest rate fluctuations by maintaining an approximate 50% hedged position compared to the total amount of debt outstanding under our First Lien Credit Facility and our Second Lien Credit Facility.

Business

Our mission

Our mission is to simplify healthcare payments through our modern cloud-based software, enabling our healthcare clients to prioritize patient care and optimize their financial performance.

Overview

Waystar provides healthcare organizations with mission-critical cloud software that simplifies healthcare payments. Our enterprise-grade platform streamlines the complex and disparate processes our healthcare provider clients must manage to be reimbursed correctly, while improving the payments experience for providers, patients, and payers. We leverage internally developed AI as well as proprietary, advanced algorithms to automate payment-related workflow tasks and drive continuous improvement, which enhances claim and billing accuracy, enriches data integrity, and reduces labor costs for providers.

Put simply, our software helps providers get paid faster, accurately, and more efficiently, while ensuring patients receive a modern, transparent, and consumer-friendly financial experience.

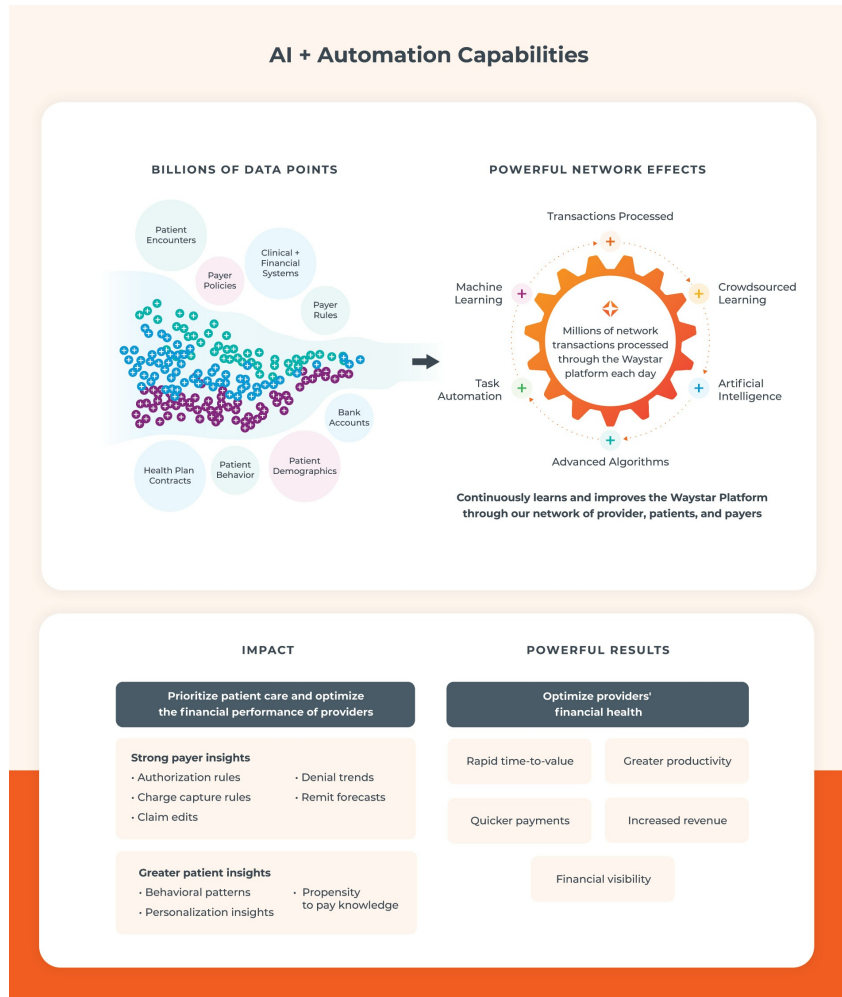

The healthcare payment ecosystem is highly complex, beginning with pre-service patient onboarding and extending through post-service revenue collection, with dozens of interdependent steps in between. Within this multi-step workflow, the process for determining how much a provider should be reimbursed involves millions of permutations of variables, such as over 10,000 diagnosis codes that are constantly changing and unique payer contracts, each with individual rules, processes, and reimbursement requirements. The burden borne by providers of tracking and managing all of these variables, coupled with a constantly evolving regulatory framework, often results in incorrect payments or denials that require time-consuming appeals procedures to resolve. Historically, healthcare providers have relied upon a patchwork of manual processes and systems to navigate these complexities and support their payment functions. However, this legacy approach has resulted in workflow delays, lost revenue, and slower time to payment. Our purpose-built software platform addresses these challenges and optimizes healthcare payments across all stages of the patient journey. Our clients utilize our software to manage pre-encounter workflows such as eligibility checks and prior authorization approvals, as well as mid- and post-encounter workflows such as co-pay collection, claims submission and monitoring, and payer remittances. Our software helps to avoid or reduce billing errors throughout the healthcare payment workflow, from pre-encounter eligibility verification to determine patient insurance eligibility and benefits prior to rendering service, to mid- and post-encounter solutions such as our revenue capture suite which identifies and resolves missing charges and errors in claims submissions by providers, our claims management suite which helps ensure submissions in accordance with payer contracts, and our denial avoidance solution which offers a root cause reporting tool for denied claims to help reduce preventable denials in the future.

Our software is used daily by providers of all types and sizes across the continuum of care, including physician practices, clinics, surgical centers, and laboratories, as well as large hospitals and health systems. We currently serve approximately 30,000 clients of various sizes, representing approximately one million distinct providers practicing across a variety of care sites, including 18 of the top 22 U.S. News Best Hospitals. Our client base is highly diversified, and for the nine months ended September 30, 2023 and the year ended December 31, 2022, our top 10 clients accounted for only 11.5% and 11.4%, respectively, of our total revenue. Our business model is designed such that as our clients grow to serve more patients, their claims and transactional volumes increase, resulting in corresponding growth in our business. In addition, our clients frequently adopt a greater number of our solutions over time and introduce our solutions across new sites of care. The number of clients from whom we generate over \$100,000 of revenue has grown from 733 in the twelve months ended March 31, 2021 to 1,033 in the twelve months ended September 30, 2023, driven by large, new client wins and successful cross-selling and up-selling efforts. In 2022, we facilitated over 4 billion healthcare payments transactions, including over \$900 billion in gross claims volume, spanning approximately 50% of patients in the United States.

Our platform benefits from powerful network effects. Our cloud-based software is driven by a sophisticated, automated, and curated rules engine, employing AI to generate and incorporate real-time feedback from millions

of network transactions processed through our platform each day. Every transaction we process provides additional data insights across providers, patients, and payers, which are embedded in updates that are deployed efficiently across our client base. This results in cumulative benefits to us over time — as we capture more data from each transaction we process, we leverage that data to continue to improve the Waystar platform through embedded machine learning, advanced algorithms, and other in-house AI technologies to deliver added value to our clients. In turn, the more value we create for our clients, the more likely it is that they will continue to use our platform, allowing us to continue to capture more data that results in tangible improvements to our products. As a result, our clients benefit from faster and more efficient performance from software that is evolving to meet ever-changing regulatory and payer requirements, enabling accurate and timely reimbursement.

We have demonstrated an ability to drive recurring, predictable, and profitable growth. Over 99% of our revenue is either recurring subscription or based on highly predictable volumes. For the twelve months ended September 30, 2023, our Net Revenue Retention Rate was 109.0%, and for the year ended December 31, 2022, our Net Revenue Retention Rate was 109.5%. For the nine months ended September 30, 2023, we generated revenue of \$584.3 million (reflecting a 11.8% increase compared to revenue of \$522.8 million for the same period in the prior year), net loss of \$36.9 million (reflecting a 2.8% decrease compared to net loss of \$35.9 million for the same period in the prior year), and Adjusted EBITDA of \$247.5 million (reflecting a 13.9% increase compared to Adjusted EBITDA of \$217.2 million for the same period in the prior year). For the year ended December 31, 2022, we generated revenue of \$704.9 million (reflecting a 22% increase compared to revenue of \$578.6 million in the prior year), net loss of \$44.0 million (reflecting a 6% decrease compared to net loss of \$47.1 million in the prior year), and Adjusted EBITDA of \$295.5 million (reflecting a 16% increase compared to Adjusted EBITDA of \$254.5 million in the prior year).

Industry background

Healthcare is one of the largest and most complex vertical end-markets within the U.S. economy, accounting for 18.3% of the U.S. gross domestic product as of 2021. According to CMS, total U.S. healthcare spending was \$4.3 trillion in 2021 and is expected to grow at a 5% annual rate to \$6.8 trillion in 2030. According to the Journal of the American Medical Association, the annual cost of wasteful spending in healthcare has ranged from \$760 billion to \$935 billion in recent years, or nearly one-quarter of total healthcare spending. Of this, \$350 billion is administrative-related, which is inclusive of healthcare payments-related waste.

The Waystar platform is purpose-built to address the administrative headwinds faced by healthcare providers, including:

- **Antiquated, legacy technology systems and data silos.** The historically slow pace of digital adoption by healthcare organizations has led to a patchwork of disparate point-solutions. These software tools, most of which are hosted or installed on-premises, lack the interoperability and scalability of a modern cloud-based technology architecture, which is designed to enable the safe and efficient dissemination of critical information. This patchwork approach has also led to data silos, which inhibit transparency and data sharing and often result in denials or the inability to process claims efficiently.
- **Reliance on inefficient, manual processes.** Poorly integrated legacy systems have led many healthcare organizations to employ labor-dependent solutions to address the critical demands of their businesses, often resulting in suboptimal financial performance for providers and a substandard experience for patients.
- **Increasing labor and administrative costs.** Staffing costs continue to present a major challenge, with clinical labor costs in 2021 increasing an average of 8% per patient day when compared to a pre-pandemic baseline period in 2019, according to an analysis by Premier, Inc. According to the Medical Group Management Association, 73% of medical practices ranked staffing shortages as their biggest challenge for 2022. Rising labor costs and retention challenges make it critical for providers to maximize the productivity of their workflows.
- **Reimbursement complexity and collection challenges.** Determining reimbursement to a provider from a payer or a patient is dependent on a myriad of factors that are both highly complex and constantly evolving. Achieving consistently accurate reimbursement is challenging, with more than 10,000 diagnosis codes that are constantly changing, thousands of unique payer contracts, and an evolving regulatory backdrop, resulting in high degrees of reimbursement variability. According to KFF research, approximately 17% of 2021 healthcare claims were initially denied, leaving a significant unmet need for solutions that reduce denials, increase first pass acceptance, and simplify appeals. Providers bear the burden of navigating reimbursement obstacles, and missteps can ultimately result in lost revenue or delayed cash flow. In addition, healthcare providers often struggle to convert patient bills (i.e., patient responsibility) to cash payments as patients are also tasked with navigating ever-changing benefits policies and interacting with outdated technology.
- **Accelerating consumer demand for digital tools.** Patients are bearing a greater burden of healthcare costs than ever before, with more than 50% of American employees enrolling in high deductible health plans according to SHADAC Data (2022). Out-of-pocket costs constituted 12% of total U.S. personal healthcare expenditures in 2021 according to CMS, and the estimated average patient lifetime spending is \$1.4 million, based on a 2021 Health Management Academy Research report. Despite these trends, patients lack access to digital tools and accurate information for healthcare payments, including transparency in insurance coverage and out-of-pocket cost estimates pre-service, as well as flexible payment arrangements to pay for care, resulting in 40% of patients paying their bills late, according to a Company survey.

Our market opportunity

Over time, administrative workflows (e.g., human resources, information technology, accounting and finance, and customer service) that were traditionally insourced by healthcare providers have undergone a meaningful transformation. Seeking more effective solutions to address industry challenges, providers initially outsourced these functions to third-party specialized services vendors. However, with advances in technology infrastructure and cloud-based software, as well as increased interoperability between systems, providers are increasingly utilizing automated software solutions to further enhance efficiency. We believe the healthcare payments workflow is currently undergoing such an evolution, and that Waystar is well-positioned to benefit from providers gravitating towards more modern, software-oriented solutions.

We estimate that our TAM with respect to our current software solution set, is approximately \$15 billion today. To estimate our market opportunity, we categorized the United States healthcare provider market into tiers based on setting of care and size of practice. We then applied our average pricing by product, accounting for pricing differences at varying sized providers, and multiplied the average product price by the corresponding practice

count per setting of care to determine our TAM. Based on a third-party study commissioned by the Company, we believe our TAM has the potential to increase to almost \$20 billion in 2027, reflecting a 5% CAGR over the next five years, driven by growth within healthcare payments (notably, in prior authorizations, patient payments, and revenue cycle management analytics), increased outsourcing in revenue cycle management, as well as secular technology tailwinds such as greater utilization of AI. We expect to expand our TAM further over time as we develop new solutions and address adjacent workflows. We believe we have consistently grown in excess of the market since 2016 and expect we will continue to grow our market share in the future by virtue of our differentiated platform and capabilities. We believe the market share of our solutions within the hospital segment and ambulatory practice segment is approximately 3% and 7% (calculated as a percentage of our revenue as compared to our TAM estimates by setting of care), respectively, demonstrating the ample white space in which we can continue driving our growth.

The Waystar platform

Our innovative cloud-based software platform is purpose-built to simplify our clients' payment-related challenges. We believe our platform significantly outperforms those of our competitors, who lack either modern functionality or the ability to address the full end-to-end payments workflow.

The key components of our platform include:

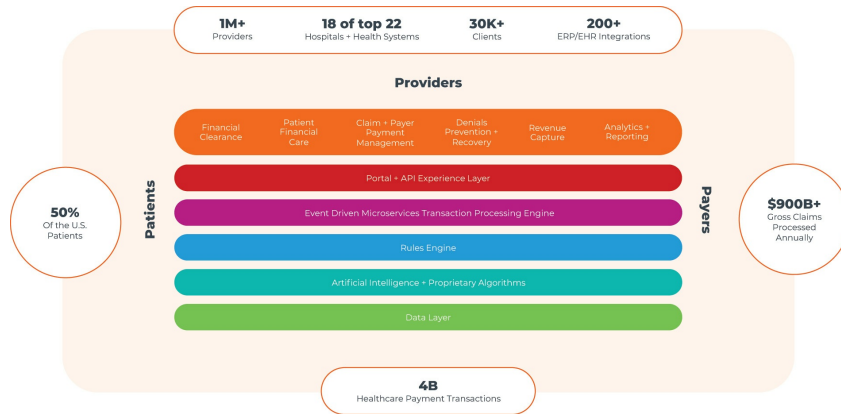

- **Modern, differentiated software.** We provide modern, scalable healthcare payments software solutions. Our platform is in alignment with best-in-class offerings in other industry verticals that include multi-tenancy, micro-services architecture, and robust data security. Our technology is cloud-native, allowing us to deploy it across any type and size of provider, from single-physician practices to the most sophisticated multi-site health systems. This single-instance, multi-tenant infrastructure is underpinned by an event-driven microservices architecture, all of which we have built in-house.
- **A comprehensive solution set.** Our software addresses the entire healthcare payments workflow, from pre-service patient onboarding and prior authorization through post-service payment collection. Rather than attacking individual pain points for a client user, our solutions can meet the full demands of an entire organization, eliminating the need for point solutions, boosting productivity through a seamless end-user experience, and reducing the risk of loss of data or information.
- **Seamless integrations.** Our solutions are integrated with a broad range of systems provided by over 200 channel partners, including ERP applications, as well as PM and EHR systems. This deep connectivity is an important point of differentiation and makes our solutions faster to implement, easier to use, and harder to replace.
- **An expansive network.** Our extensive network of clients and counterparties underpins our platform. Over more than two decades, we have built direct connectivity with healthcare payers—from large health insurers to small third-party administrators—to the benefit of our clients and partners. This network has allowed us to build a large database of information to generate insights and drive continuous improvements.
- **Advanced AI capabilities driven by proprietary data asset.** We build predictive scoring capabilities using extensive training data sets and advanced machine learning which we apply to data that passes through our platform. Using these machine-learning models, we are able to predict an outcome for a variety of reimbursement workflows, which we incorporate into our solutions to drive improved results for payers, providers, and patients. Our data asset is comprised of the billions of transactions we facilitate each year as well as the numerous variables that factor into each of those payments. This allows us to leverage the compounding value of this data asset to advance our AI and automation capabilities, which continuously learn and improve our platform. Our data include elements such as demographics, geography, diagnosis and prognosis, and care provider, as well as a variety of counterparty details. For example, we leverage AI in our denials prevention and recovery platform, where it helps us predict denied claim appeals success based on a variety of factors including patient benefits, procedure performed, applicable payer involved, and codes used. This enables providers to prioritize their workflow efforts and drive maximum recovery value on denied claims. In addition, we use AI to discover missing charges and capture otherwise lost revenue, to align claim status and escalation

efforts with claim-specific expected remit timeframe, to drive work queue prioritization by expected value, to predict the likelihood of charity qualification driving pre-service financial intervention, and for behavior modeling to align patient collection costs.

Our platform provides the following benefits to our clients:

- **Increased revenue.** Our software solutions simplify the payment process, allowing our clients to increase the share of revenue they collect.
- **Quicker payments.** Our software helps expedite payments by streamlining and automating cumbersome workflows that create excessive delays.
- **Greater productivity.** Our ability to automate portions of the payment cycle allows our clients to reduce operating costs and focus on their core mission of caring for their patients.
- **Financial visibility.** We deploy analytics, reporting, and forecasting tools that provide our clients with unprecedented visibility into areas where they can further improve their payment process and collections.
- **Rapid time-to-value.** Our architecture seamlessly integrates with our clients' existing systems and technology. This ease of integration enables our clients to quickly realize value from our solutions while avoiding costly and distracting implementation processes associated with other types of software and support services.

Our platform enables us to provide industry-leading technology at scale to more than 30,000 clients across more than four billion healthcare payment transactions worth over \$900 billion in annual gross claims. The quality and innovation of our technology has been widely recognized, as evidenced by our receipt of a MedTech Breakthrough Award for healthcare payments innovation and numerous Best in KLAS awards.

Why Waystar wins

Through decades of experience, we have honed our deep domain expertise, fostered long-standing client relationships, and built our library of rules and algorithms. We believe our modern, cloud-based platform combined with our subject matter expertise are extremely difficult to replicate and provide us with a meaningful competitive advantage. We believe these factors, together with the following additional strengths, position us well for continued success:

- **Strong brand with attractive client ROI.** The Waystar brand is synonymous with quality, reliability, robust analytics, exceptional customer service, and a deep and interconnected network. This strength is evidenced by our high NPS of 74 and #1 rank versus competitors in percentage of clients indicating the highest level of

satisfaction with our services, based on a third-party survey commissioned by us in 2023. Our brand, as well as the tangible ROI that we deliver, drives strong client loyalty, as evidenced by our 109.0% Net Revenue Retention Rate for the twelve months ended September 30, 2023. Many of our clients support our success by recommending Waystar to other providers, further driving growth and adoption of our solutions. Our award-winning brand attracts exceptional talent to help us further our mission.

- **Differentiated client experience.** We have a relentless focus on operational execution and deliver outstanding client experience. According to a third-party survey commissioned by us in 2023, Waystar ranks #1 in client satisfaction with implementation time, 94% of clients are satisfied with our integrations with other systems, and 98% of clients say we deliver on trust very well or extremely well. We frequently receive client recognition and industry awards, including being named a top client-rated healthcare payments platform by BlackBook across 17 categories. For our larger clients, we deploy a client success team, which serves as both a dedicated resource and trusted strategic partner to help drive value. Our client success team provides day-to-day operation support, has regular update calls and account reviews, quarterly in-person reviews, and ongoing on-site training. From our consistently on-time implementations to our highly responsive client service, we seek to support our clients so they can maximize the benefits of our software.
- **Mission-driven innovation culture.** We have cultivated a company culture that is focused on helping our clients by developing and delivering industry-leading software solutions. This innovation-focused culture has been foundational in creating a modern technology platform that delivers a comprehensive end-to-end suite of solutions with an intuitive user interface. According to a third-party survey commissioned by us in 2023, Waystar ranks #1 in satisfaction with rate of product innovation and vision and 94% of clients are satisfied with our capabilities in automation. We were recognized as one of the Best Workplaces for Innovators by Fast Company in both 2022 and 2023 and our team members are committed to working together toward a better future for healthcare.
- **Experienced leadership and technology teams with a track record of execution.** Our values-driven and award-winning leadership team brings together deep experience in the software and healthcare industries and strong relationships with our clients and key stakeholders. Several of our executives and team leaders have been with our predecessor companies since founding, in multiple cases for over 20 years. Our current management team has driven strategic and transformational initiatives across operations, product, engineering, and sales leading to best-in-class products, exceptional client service, and consistently profitable growth. We believe our team has the strategic vision, leadership qualities, technological expertise, and operational capabilities to continue to successfully drive our growth.

We believe our platform strengths and differentiation are most evident in our ability to win clients. We have an 82% win rate against our competitors over the past 30 months in situations where the client ultimately elected to switch vendors or purchase a new solution.

Our growth strategy

We plan to capitalize on our market opportunity by executing on the following growth strategies:

- **Expand our relationships with existing clients.** We believe we have a meaningful opportunity to continue driving growth within our current client base. We grow with existing clients in three ways—first, as they expand their businesses, provide more healthcare services, and see more patients; second, through cross-selling as they adopt additional Waystar offerings; and third, through up-selling as they leverage our solutions across additional providers and sites of care. We have a track record of building long-standing relationships with our clients, often growing from an initial solution to multi-solution adoption. Based on the estimated whitespace within our existing clients for the solutions we currently provide, we believe we have the opportunity to approximately double our revenue through cross-sell and up-sell of our solutions to existing clients.
- **Grow our client base.** We address a large and growing market that has a meaningful need for the solutions we provide. While we serve over one million providers today, there are over 7.5 million providers that we believe can

benefit from our solutions. We pursue this opportunity through our high-performing sales team, who are organized by client segment to address the specific needs and sales cycles of that market.

- **Deepen and expand our relationships with strategic channel partners.** We are highly focused on furthering our strategic channel partnerships. Our channel partners accelerate our growth by providing us access to a larger client base and actively promoting Waystar. We have established strong relationships with the nation's leading EHR and PM providers, which drives a significant competitive advantage. For example, we were recently named the exclusive payments vendor for a leading national ambulatory EHR provider, affording us greater access to its client base, enhanced integrations and user experience, and further opportunities to grow. We will continue to invest in deepening our current relationships and building new ones to drive our growth.
- **Innovate and develop adjacent solutions.** We will continue to invest heavily in the Waystar platform to expand our product breadth and depth, increase automation, strengthen system performance, and improve the user experience. Our product roadmap is informed by both continuous client feedback as well as our own assessments of opportunities to further streamline and simplify healthcare payments. For example, we are expanding our prior authorization capabilities into the ambulatory market, helping to solve an unmet market need for automation of previously manual workflows and unlocking cross-sell opportunities. We are also actively exploring how we can leverage generative AI to further enhance our value proposition to clients. Our product and engineering team, comprised of more than 250 full-time employees, delivers daily code updates to continually enhance our products. Among other development projects, we are exploring how we can leverage generative AI to improve our platform and deliver even greater ROI. Due to our modern architecture and purpose-built software, we have little technical debt as compared with legacy software platforms serving the market. As a result, we can focus our resources on innovating and advancing our platform for the benefit of our clients.
- **Selectively pursue strategic acquisitions.** Since 2018, we have completed and successfully integrated seven acquisitions, and we recently closed our eighth. These acquisitions complement our organic product roadmap and have helped us enhance our platform, add new solutions, and expand our market reach. For example, we acquired eSolutions in 2020, adding Medicare-specific solutions that allow us to address both commercial and government payers on a single cloud-based platform. Our acquisitions are fully integrated with and consolidated into the Waystar platform, which enables us to provide a seamless user experience for our clients, as well as drive innovation on the combined platform. We will continue to evaluate acquisition opportunities that improve our offering and accelerate our growth.

Our solutions

Our comprehensive solution set streamlines the complex and disparate processes relating to payments received by healthcare providers and addresses related pain points for providers, patients, and payers. Our solutions include:

- **Financial clearance.** Our platform automates insurance verification processes and validates that patients are eligible for care through the prior authorization process, helping eliminate downstream rejections and denials that lead to revenue delays and leakage. Based on a Company survey, 81% of patients would more actively pursue care if they knew the cost upfront. Our financial clearance solutions provide patients with price transparency tools and cost estimation data points that offer them better clarity around their expected costs.
- **Patient financial care.** Our platform enables digital interactions between the patient and provider, including delivery of electronic statements and processing of patient payments through our patient portal. We offer an omni-channel payment experience, with multiple ways for patients to pay, as well as flexible payment arrangements. These solutions deliver a better financial experience for patients, as well as faster collection times and higher collection rates for providers.
- **Claims and payer payment management.** Our platform streamlines the cumbersome reimbursement process that providers follow to submit claims and receive remittance information. Our solutions ensure submission of appropriate documentation and claim submission in accordance with payer contracts and automate workstreams that help our clients avoid denials and rejections, monitor in-process claims, and process payer remittances. In addition, we offer claim scrubbing capabilities to check for errors and verify accuracy to limit billing mistakes.

Built upon over two decades of industry experience, we believe that our AI-enabled rules engine drives an industry-leading first pass clean claims rate across both commercial and government (Medicare & Medicaid) claims.

- **Denials prevention and recovery.** Our platform leverages predictive analytics to identify claims that are likely to be denied and to prioritize denied claims based on the likelihood of claims appeal success. We reduce manual workflows, as well as denial appeal processing time. We also conduct root cause analysis to help providers reduce the chance of denials in future claims.
- **Revenue capture.** Our platform leverages AI and machine learning to identify and resolve missing charges and errors in claims submissions, reducing manual auditing and increasing reimbursement accuracy and cash flow for our clients.
- **Analytics and reporting.** Our platform collects and collates vast amounts of healthcare data, and we organize and present these data in dashboards that can be customized to meet the needs of individual clients. We provide data visualization and business intelligence analytics to enable providers to manage payment and denial trends across their business. We drive increased workflow efficiency by eliminating manual spreadsheets for evaluation of business trends and enable performance optimization through real-time evaluation of key performance indicators.

Our technology

The Waystar platform is built upon a modern, scalable, multi-tenant cloud-based architecture that delivers an exceptional client experience and allows us to process billions of transactions every year and support nearly 100,000 daily end-users. Our solutions are deeply integrated into our clients' workflows, providing an elegant and intuitive user experience. The architecture, design, deployment, and management of our platform are centered on the following areas:

- **Modern, cloud-based architecture.** We leverage a modern multi-tenant, event-driven micro-services architecture that enables a high degree of scalability and interoperability across the platform. We utilize resilient and fully-virtualized hosting architecture, with multiple layers of redundancy. Employing these and many other strategies, we have achieved greater than 99.9% uptime for the Waystar platform. Our solutions are designed to meet the needs of the largest hospitals and health systems but can also be scaled to cost-effectively serve the needs of smaller providers. Our modern web user applications utilize best practice software designs, allowing for high-velocity development and continual deployments.
- **Ongoing innovation.** Waystar has long-fostered an innovation-focused culture, with daily code update deployments and quarterly seasonal release campaigns delivering ongoing software enhancements to clients. Our tenured Product and Engineering teams consist of more than 250 full-time employees, all relentlessly focused on driving improvements in our platform. Our product roadmap balances new feature enrichment with continued backend integration of acquired solutions and methodical technology modernization.
- **Enterprise-grade security.** Our solutions provide clients with enterprise-grade security, data protection, and control that meet the healthcare industry's strict security standards. Our highly secure application and infrastructure are validated by PCI, HITRUST, and SSAE-18 SOC 2 Type Two audits and certifications.
- **Seamless user experience.** We have built a unified user experience across our solutions. Users access our platform through a single log-in experience, providing convenience, saving time, and increasing productivity. Search functionality, high-level vertical tabs for our solutions, and dropdown menus within each solution type deliver intuitive navigation for our clients. Comprehensive and customizable dashboards illustrate data using a variety of methods, enabling more efficient identification of outliers, trends, and other useful information.

We have built a comprehensive future-ready suite of enterprise-scale core system software, and we will continue to invest in our technology to further improve our platform infrastructure and capabilities. We are able to responsibly manage technical debt, allowing us to focus our investment on continuously innovating and advancing our platform for the benefit of our clients.

Our go-to-market strategy

We have built a powerful go-to-market engine focused on acquiring new clients, driving expanded use of our platform for existing clients, and strengthening and growing our relationships with channel partners.

We sell our platform through our sales team comprised of over 100 representatives. Our sales teams are dedicated to either ambulatory providers or hospital and health system clients given the specific needs, call points, and sales cycles of those client types. Our sales approach to ambulatory provider clients consists of high velocity direct enterprise go-to market strategy, with a shorter sales cycle, whereas our direct enterprise go-to-market strategy for hospital and health systems clients typically has a longer sales cycle. The team is further specialized, with certain individuals focused on winning new clients and others focused on cross-selling into existing clients. We leverage data and analytics to manage the effectiveness of our sales force, as well as identify areas for potential improvement. Our client-centric sales model is fueled by frequent engagement with our clients. We have assigned dedicated client success managers to clients that have generated almost half our revenue since the beginning of 2021.

In addition to our direct sales force, we have a team focused on strengthening and expanding our channel partner and alliance relationships. We have established strong partnerships with the nation's leading EHR and PM providers for integration and joint go-to-market efforts to providers. In addition, our strategic partners extend our sales presence and accelerate direct sales of our solutions by actively referring and promoting us to their client bases, enabling incremental touchpoints for our sales team who is ultimately responsible for marketing and selling to the client. We also partner with and sell to outsourced revenue cycle or billing service providers, who leverage our technology to help providers manage their administrative processes and payments.

Our go-to-market representatives are supported by a commercial operations team that is focused on developing strategic plans and driving team member development to enhance our effectiveness. Our go-to-market team also works with our product subject-matter experts, who help identify prospective client pain points and business challenges and help configure optimal solutions. Additionally, we have built a high-performance marketing function that has significantly elevated Waystar's voice in the industry, expanding awareness of our brand over time.

Our business model

Over 99% of our revenue is either recurring subscription or based on highly predictable volumes. Our contracts with clients generally include a subscription fee component as well as a volume-based component, although some contracts include only one of these components. The subscription fee provides us with a fixed, recurring revenue stream while the volume-based component allows us to benefit from our clients' growth. We generate greater revenue as our clients see more patients and greater utilization of their healthcare services. In addition, based on our contract structures, our proprietary data asset, our predictive analytics capabilities, and our deep understanding of the healthcare market, we believe we have visibility into and an ability to predict both subscription-based and volume-based revenue. For instance, 98% of revenue in 2022 was generated from clients already under contract as of the beginning of the year. Our client contracts are typically two or three years in length with automatic renewals for successive one-year terms that include standard price escalators. Client billing generally occurs monthly.

Our clients

Our clients represent healthcare providers across all types of care settings, including physician practices, clinics, surgical centers, and laboratories, as well as large hospitals and health systems. Generally, 30% of our revenue comes from hospitals and health systems, while 70% comes from ambulatory and alternate sites of care. The approximately 30,000 clients we currently serve also vary significantly in size and represent approximately one million distinct providers in total, including 18 of the top 22 U.S. News Best Hospitals. As a result of our broadly applicable model, our client base is highly diversified, and for the nine months ended September 30, 2023 and the year ended December 31, 2022, our top 10 clients accounted for only 11.5% and 11.4%, respectively, of our

total revenue. The number of clients from whom we generate over \$100,000 of revenue has grown from 733 in the twelve months ended March 31, 2021 to 1,033 in the twelve months ended September 30, 2023, driven by large, new client wins and successful cross-selling and up-selling efforts.

Our clients have no obligation to renew their subscriptions for our platform solutions after the initial term expires, which is typically a two to three-year term. Our contracts generally provide for the automatic renewal for one-year subsequent terms, with the ability for our clients to terminate the contract with limited notice to us. However, we believe that due to the breadth, depth, and quality of our products, as well as the significant time and resources it takes to switch to a different healthcare payments provider, we will be able to retain our existing clients and upsell and cross-sell to them, as evidenced by our Net Revenue Retention Rate of 109.0% for the twelve months ended September 30, 2023.

Client case studies

The following are representative examples of how our clients of varying sizes across different care settings use the Waystar platform to address the unique challenges they face:

Large integrated delivery network

Client: Not-for-profit integrated delivery network serving over 3 million patients across over 1,500 locations, including over 20 hospitals

Current Waystar solutions: Patient Financial Care, Revenue Capture, Claims and Payer Payment Management, Analytics and Reporting

- **Challenge:** A large integrated delivery network received feedback from patients that its billing process was confusing and inconvenient. Patients wanted billing statements that were easier to read, navigate, and understand, as well as digital self-service payment options. Prior to implementing Waystar solutions in 2018, approximately 30% of patient calls to the client call center stemmed from complaints about their financial experience. In addition to patient dissatisfaction, fielding these calls became a significant burden for staff and consumed valuable time that could have been spent on higher-value tasks. The network's prior payment solutions provider was also poorly integrated with its EHR system, utilizing overly complex workflows to collect patient payments and offering limited payment options. The network sought a partner who could improve its approach to patient financial care and use modern software to drive more revenue.
- **Waystar solutions:** Waystar simplifies this client's healthcare payments workflows and helps propel its mission forward. Our technology integrates seamlessly with its EHR system, allowing our client to improve point-of-service patient payment rates by 30% from 2018 compared to 2022. Our platform also eliminates the need for staff to switch between multiple tools and manual workflows. In the first two months after launch, our client achieved a 92% collection rate. Our Patient Financial Care solution has allowed this client to generate over \$10 million in quarterly revenue uplift for the second quarter of 2023 compared to the same quarter in 2022 while automating 90% of status inquiries (based on claim status inquiries made in the first six months of 2023). Waystar's solutions make it easier for patients to read, understand, and pay their medical bills, driving a patient NPS of 61 as of August 2023. We have a strong partnership with this client today, and they have continued to adopt additional Waystar solutions over time.
- **Client feedback:**
 - *"Waystar's integration with our EHR system has helped our staff assist patients more efficiently, both in-person and via phone, by eliminating the need to switch between multiple tools and workflows. In fact, this has resulted in reduced patient call handle times, improving the patient financial experience while boosting staff productivity."*
 - *"We're much more efficient and much faster, in both keeping the patients satisfied and getting paid for our services."*

Leading home health provider

Client: Leading home health provider offering clinical care and support services for children and adults in more than 20 states

Current Waystar solutions: Claims and Payer Payment Management, Denials Prevention and Recovery, Financial Clearance

- **Challenge:** This home health provider struggled with its legacy payments technology, which lacked connections to payers, reporting, analytics, and a process for managing denied claims and had outdated edits.
- **Waystar solutions:** This client implemented multiple Waystar solutions to improve its operations and financial performance. Our Claims and Payer Payment Management solution is dramatically improving efficiency, as evidenced by the number of days it takes our client to submit claims to payers and for payers to acknowledge receipt. In our client's first year with Waystar, the average days to payer receipt was reduced by more than 50%, while the denial rate was reduced from 4.6% to 1.3% in the first six months, a 72% decrease. Additionally, our Denials Prevention and Recovery solution allows our client to spot denial trends, troubleshoot common issues, and assess problems with specific payors, which led to the recovery of nearly \$4 million in twelve months. It has also accelerated the client's denial appeals process from 30-45 minutes to less than five minutes. Since implementing Waystar, billing staff productivity has risen 93%, driving significant savings for our client.
- **Client feedback:**
 - *"I hopped on Waystar's platform and moved around pretty easily. This was important because our staff members range from college grads to long-time professionals. Waystar's solutions are so intuitive, people at all technology experience levels pick it up quickly without a lot of training."*
 - *"Waystar is like our 'sixth man'."*

Regional health system

Client: Regional health system with over 300 locations, including over 30 hospitals, serving over 1 million patients across the Midwest

Current Waystar solutions: Claims and Payer Payment Management

- **Challenge:** Having grown rapidly, this health system had experienced a sharp rise in outstanding claims, accounts receivable backlog, and risk for timely filing of denials. The staff relied on disparate, time-consuming, and outdated technology and procedures to complete approximately 1.5 million claims status checks annually. Employees, including clinicians, would then need to log results manually, taking further time away from patient care. This hospital system sought Waystar to implement smart solutions to reinvent how the department verifies claim approval.
- **Waystar solutions:** Waystar's Claim Monitoring solution was swiftly implemented and successfully integrated into the health system's networks. Our software transforms its claims process by automating the workflow for determining the status on their entire claims inventory with much less manual support and intervention. Our client's ability to create an intelligent workflow based on claim prioritization is transformative. Instead of an overwhelming backlog of manual work, they now leverage automation to ensure staff is addressing only claims that need intervention, allowing them to work smarter, not harder. During the initial launch of our claims monitoring solution, we helped this client accelerate cash flow through quicker remediation of denied claims of \$20.6 million over a 12-month period and drove a seven-day reduction in accounts receivable in the first year of adoption. 80% of claims that once required manual intervention are now automated. The results from leveraging Waystar's platform are so compelling that the health system is expanding its partnership to several additional solutions, including Patient Financial Care, Financial Clearance, Denials Prevention, and Recovery, and Analytics and Reporting.

- **Client feedback:**

- *“My staff were living in backlogs of work, and unpaid accounts could remain unresolved up to 82 days or even 120 days in some facilities. Waystar really stuck its neck out for us to do what no vendor had previously done. I was very impressed by that.”*
- *“Waystar’s solution promised to alleviate the burden on my staff. This was important. We do get some turnover, which is expensive. For [us], the cash improvements and cost savings have been very apparent—it’s much less expensive to automate claim status verification with Waystar than add new staff.”*

Not-for-profit health system

Client: Not-for-profit health system with approximately 30,000 team members across more than a dozen hospitals

Current Waystar solutions: Financial Clearance

- **Challenge:** This multi-state health system was opening new facilities to service high patient volumes, but found itself struggling with an inefficient prior authorization process marred by high-touch payer interactions, lack of payer authorization rules, and disparate workflows. It was treating 2.7 million patients per year, amounting to roughly 7,400 insurance authorizations per day, making automation a must. However, the organization estimated that up to 70% of its staff’s time was dedicated to manual processes, keeping them from higher-value initiatives. This system turned to Waystar for a solution to not only boost productivity but help it further its mission of improving patient lives.
- **Waystar solutions:** Our client integrated Waystar’s Financial Clearance solution into its existing EHR. Our software has helped minimize manual tasks, improve service times and secure authorizations faster, freeing up time to focus on strategic growth initiatives. Our client has onboarded 11 primary care clinics, 67 specialty care clinics, two hospitals, and one surgery center since implementing Waystar solutions in 2019, all without adding any new full-time employees. Our client uses Waystar’s automation capabilities to self-navigate a payer’s website, enter the required authorization data, and submit the authorization. In the first six months of adoption, our client increased its automation rate by 42% and experienced 3.4x prior authorization speed, and, within the first year, obtained more than 60% of authorizations automatically and decreased denials related to authorizations by 46%, which allowed the client to save up to \$720,000 in projected annual salary costs. Waystar continues to engage with this client on new ways to drive even greater results.
- **Client feedback:**
 - *“Our journey started with finding a vendor that checked all the boxes from our product must-haves category—and that’s how we came to partner with Waystar.”*
 - *“We’ve optimized our workflow so that Waystar technology pulls the information from the physician order seamlessly to initiate an authorization on the payer website, statuses it, and then pulls the information back into our electronic health record. It’s a really slick workflow. That means when an authorization cannot be secured, we have two weeks to have that conversation with the patient and can potentially redirect them to a different site of care, or they can choose to make an informed decision about paying out of pocket.”*

Our people, values, and culture

As of September 30, 2023, we employed approximately 1,400 full-time team members, all of which are located in the United States. As of September 30, 2023, none of our team members were covered by a collective bargaining agreement or represented by a labor organization, and we have not experienced a labor-related work stoppage. We believe we have good relationships with our team members, as evidenced by our 2023 Fortune Great Place to Work Survey, where 86% of participating team members indicated that they would recommend working at Waystar to friends and family.

Our values and culture

Our values, which are foundational to the Waystar culture, include the following:

- *Honesty*—This is where we start. With integrity as our core, we are transparent, do the right thing, and build trust by staying true to our commitments.
- *Kindness*—We are friendly and respectful of everyone. We recognize the power of diversity and inclusion.

We have won numerous workplace awards, including being named as one of the Top Places to Work by Becker's Hospital Review in 2023 and one of the Best Workplaces for Innovators by Fast Company in both 2022 and 2023. We are proud of our strong company culture and investment in long-term career growth for our people, which is evidenced by the long tenure of many of our team members with our organization. We believe it is important to put our team members first, and we provide all of our team members competitive health benefits, 401(k) investment options, and paid family leave, and conduct mental health and other workshops for our team members. We also provide our team members with paid leave for volunteer time, as we believe it is important for Waystar and its team members to give back to the community. We regularly celebrate individuals and team members who exemplify Waystar's values. We believe this helps us reinforce our values and creates a performance-focused culture that enables us to continue to attract, retain, and develop talent, which is critical to our long-term success.

Training, development, leadership, and engagement

To engage and incentivize our workforce, we provide a wide range of training and development opportunities to support and motivate our team members to operate at their best and succeed. These opportunities include, but are not limited to, Front Line Leadership training for people leaders, Emerging Leader Training for potential leaders, and an annual Leadership Summit for our top leaders. All team members participate in annual training that reinforces our values, certifies team members on key business processes, and helps to promote a workplace of respect, safety, and engagement.

The continued engagement of our talented and committed team is critical to our business. Each year, we gauge our team members' level of engagement and satisfaction by conducting an employee engagement survey with the assistance of a third-party. As a part of this process, we solicit feedback from team members on training and development opportunities, benefits, well-being, and our ethical culture. We also ask for feedback about their people leader's effectiveness and ability to foster a more inclusive and diverse workplace.

Inclusion and diversity

At Waystar, we aspire to create an environment where every team member, with their unique background, feels a sense of belonging. We believe that we rise by lifting others up and provide a safe, inclusive work environment where every team member can be their whole, authentic self—no matter their age, race, sexual orientation, gender, or unique background. We have an Inclusion & Diversity Council that oversees various events and initiatives, including various mentorship programs that provide underrepresented students with salaried internships. We also have a "Waystar Day" every quarter that focuses on different initiatives such as kindness, diversity and

inclusion, and volunteering, as well as education assistance opportunities in furtherance of self-advancement and development. In addition, we have five Affinity Groups (BIPOC, Families, LGBTQIA+, Military, and Women) which seek to foster a sense of shared community and empowerment for employees who share a common social identity, such as gender, race, ethnicity, and sexual orientation. Team members can voluntarily join an Affinity Group to network, discuss and exchange ideas, and enhance their professional development.

Research and development

We believe that our research and development function and our cloud-based product portfolio provides us with a competitive advantage that enables us to innovate faster and more efficiently, while simultaneously delivering better solutions for our clients. Our research and development team is responsible for the design, development, testing, and enhancement of our products and software. As of December 31, 2022, we had over 225 team members dedicated to product and research and development. For the years ended December 31, 2022 and December 31, 2021, our research and development expense was \$32.8 million and \$28.3 million, respectively.

Competition

We operate in a highly fragmented and competitive market that is characterized by rapidly evolving technology standards, evolving regulatory requirements, and frequent changes in client needs and introduction of new products and solutions. However, we believe we have a competitive advantage based on the breadth, depth, and quality of our solutions, our innovative cloud-based software platform, our deep domain expertise developed over two decades of industry experience, the differentiated client service we provide, and the ROI we deliver.

Our current principal competitors include, but are not limited to:

- *Revenue cycle technology vendors*: vendors varying in scale that specialize in revenue cycle management. These vendors frequently utilize legacy technology, have a limited breadth of solutions or typically focus on providers in specific settings of care, such as hospitals or ambulatory practices.
- *Point solution vendors*: vendors that specialize or focus on point solutions for a specific healthcare payment workflow without addressing the entire healthcare payments workflow from pre-encounter to post-encounter. In addition, certain vendors focus exclusively on patient payments.
- *EHR and PM systems providers*: certain EHR and PM systems, including certain of our strategic partners and those with which we integrate, offer, or may begin to offer, solutions such as claim management and patient management solutions, payment processing tools, and direct patient communication solutions.
- *Internally developed software or manual processes*: large healthcare providers may have sufficient IT resources to develop and maintain proprietary internal systems, or to consider developing new custom systems. Many healthcare providers may also rely on manual tasks and labor, without the use of technology enabled systems.

We believe the principal competitive factors in our market include the following:

- breadth, depth, and quality of products and solutions;
- ability to deliver financial and operational performance improvement through the use of products and solutions;
- quality and reliability of solutions;
- ease of use and convenience;
- brand recognition;
- price; and
- the ability to integrate our platform solutions with various EHR and PM systems and other technology.

We believe that we compete favorably with respect to each of these factors. However, we believe that our ability to remain competitive will depend on the continued success of our disciplined investments in research and

development and sales and marketing programs. See “Risk factors—Risks related to our business and our industry—We operate in a highly competitive industry.”

Intellectual property

We rely on a combination of trademark, patent, trade secret, copyright, and other intellectual property laws, as well as contractual provisions, including in employment, confidentiality, and inventions assignment agreements to protect our intellectual property, intangible assets, and associated proprietary rights. Our intellectual property, particularly our know-how is material to the conduct of our business. The success of our business depends in part on our ability to use our trademarks, service marks, and other intellectual property in the operation of our business and platform. In the United States, we have obtained 22 trademark registrations, seven issued patents, and 26 copyright registrations. In addition, we have registered the www.waystar.com domain name, which we use in connection with our platform.

We have procedures in place to monitor for potential infringement of our intellectual property, and it is our policy to take appropriate action to enforce our intellectual property, taking into account the strength of our claim, likelihood of success, cost, and overall business priorities. See “Risk factors—Risks related to information technology systems, cybersecurity, data privacy, and intellectual property.”

Security and compliance

Security and compliance are our top priorities. We maintain a comprehensive security program designed to safeguard the confidentiality, integrity, and availability of our clients' data. In particular, we deploy physical, administrative, and technical controls to protect the security and privacy of patient information.

We operate a cloud-based platform that offers reliability, performance, security, and privacy for our clients. We have infrastructure in place with co-located data centers, and within Microsoft Azure, Amazon Web Service, and Google Cloud Platform environments, to securely manage and maintain our clients' patient information.

We use external security auditors and industry-leading vendors, such as CrowdStrike and CYE to ensure we have the controls and procedures in place to protect our clients' sensitive information. We have industry certifications, including HITRUST, PCI-DSS Level 1 Service Provider, SSAE 18 SOC 2, and validated PCI Point-to-Point Encryption. As a PCI-DSS Level 1 Service Provider, we are committed to upholding industry security standards to cardholder data. We received our HITRUST CSF certification in 2021.

We are committed to protecting the information and privacy of our clients and their patients. We are both a “Covered Entity” when we provide our clearinghouse services and a “Business Associate” as defined under HIPAA or subcontractor to a business associate to healthcare providers or revenue cycle management companies. We sign business associate agreements (“BAA”) that govern our uses and disclosures of PHI to our own business associates and on behalf of our covered entity clients that engage us to provide our software solutions. Such BAAs must, among other things, provide adequate written assurances as to how we will use and disclose PHI; that we will implement reasonable administrative, physical, and technical safeguards to protect such PHI from misuse; that we will enter into similar agreements with our agents and subcontractors that have access to the information; that we will report security incidents and other inappropriate uses or disclosures of PHI; and that we will assist the client with certain of its duties under HIPAA.

Regulation

Our business is subject to extensive, complex, and rapidly changing federal and state laws, regulations, and industry standards. These laws and regulations can vary significantly from jurisdiction to jurisdiction, and interpretation and enforcement of existing laws and regulations by governmental and regulatory authorities may change periodically. We cannot be assured that a review of our business by courts or governmental or regulatory authorities will not result in determinations that could adversely affect our operations or that the healthcare regulatory environment will not change in a way that restricts our operations. Federal and state legislatures also may enact various legislative proposals that could materially impact certain aspects of our business.

Federal and state health information privacy and security laws

There are numerous U.S. federal and state laws and regulations related to the privacy and security of personal information, including individually identifiable health information. In particular, HIPAA established privacy and security standards that limit the use and disclosure of PHI, and required the implementation of administrative, physical, and technical safeguards to ensure the confidentiality, integrity, and availability of individually identifiable health information in both paper and electronic form. HIPAA also required HHS to adopt national standards establishing electronic transaction standards that all healthcare providers must use when submitting or receiving certain healthcare transactions electronically. For example, claims for reimbursement that are transmitted electronically to payors must comply with specific formatting standards, and these standards apply whether the payor is a government or a private entity. We are contractually required to structure and provide our solutions in a way that supports our clients' HIPAA compliance obligations to use prescribed electronic formats.

HIPAA requires us to enter into written agreements with covered entities, business associates, and subcontractors with respect to uses and disclosures of PHI. Covered entities, such as us and our clients, may be subject to penalties for, among other activities, failing to enter into a BAA where required by law or as a result of a business associate violating HIPAA, if the business associate is found to be an agent of the covered entity and acting within the scope of the agency. Business associates are also directly subject to liability under HIPAA. In instances where we act as a business associate to a covered entity, there is the potential for additional liability beyond our status as a covered entity. Violations of HIPAA may result in significant civil and criminal penalties, as well as monitoring or resolution agreements. A single breach incident can result in violations of multiple standards.

We must also comply with HIPAA's breach notification rule and equivalent state breach notification laws. Under the breach notification rule, covered entities must notify affected individuals without unreasonable delay in the case of a breach of unsecured PHI, which compromises the privacy or security of the PHI, but no later than 60 days after discovery of the breach by a covered entity or its agents. Many state laws and regulations require affected individuals to be notified in the event of a data breach involving PHI within a shorter timeframe. Under HIPAA, all impermissible uses or disclosures of unsecured PHI are presumed to be breaches unless an exception to the definition of breach applies or the covered entity or business associate establishes that there is a low probability the PHI has been compromised based on a risk assessment of at least four regulatory factors. In addition, notification must be provided to HHS and the local media in cases where a breach affects 500 or more individuals. Breaches affecting fewer than 500 individuals must be reported to HHS on an annual basis. There can be no assurance that we will not be the subject of an investigation (arising out of a reportable breach incident, audit, or otherwise) alleging non-compliance with HIPAA in our maintenance of PHI. Violations of HIPAA by providers like us, including, but not limited to, failing to implement appropriate administrative, physical, and technical safeguards, have resulted in enforcement actions and in some cases triggered settlement payments or civil monetary penalties.

State attorneys general also have the right to prosecute HIPAA violations committed against residents of their states. While HIPAA does not create a private right of action that would allow individuals to sue in civil court for a HIPAA violation, its standards have been used as the basis for the duty of care in state civil suits, such as those for negligence or recklessness in misusing personal information. In addition, the HITECH Act mandated that HHS conduct periodic compliance audits of HIPAA covered entities and their business associates for compliance. It also tasks HHS with establishing a methodology whereby harmed individuals who were the victims of breaches of unsecured PHI may receive a percentage of the civil monetary penalty fine paid by the violator.

HHS proposed revisions to HIPAA regulations in December 2020 that, if adopted as proposed, would modify existing provisions regarding individuals' rights to access health information, increase information sharing between healthcare organizations, including through direct sharing of EHR. Additionally, HHS proposed revisions to HIPAA regulations in April 2023 that, if adopted as proposed, would modify privacy protections for reproductive health information, limit uses and disclosures of PHI for certain purposes, and establish new attestation requirements to protect sensitive PHI. If certain of these proposed amendments are adopted as proposed, we will be required to establish and implement new policies and procedures to ensure compliance with such amendments.

Other data privacy laws, regulations, and industry standards

In addition, because our business and platform involve the Processing of personal information and other confidential and regulated information, we are also subject to numerous additional laws, regulations, and industry standards. For example, the CCPA, which was subsequently amended by the CPRA, originally took effect in 2020, and provides California residents expanded privacy rights and protections, and provides for civil penalties for certain violations. Many additional jurisdictions around the world, including many additional U.S. states, have adopted or are proposing to adopt laws and regulations relating to privacy, data protection, and data security, and we may become subject to additional requirements and obligations as we expand the scope of our business and operations. Further, we are also subject to industry standards such as PCI-DSS as a result of the credit card payments initiated by patients and provider staff members. For a discussion of the risks and uncertainties affecting our business related to compliance with data privacy laws and regulations, please see "Risk factors—Risks related to information technology systems, cybersecurity, data privacy, and intellectual property."

Healthcare fraud and abuse provisions

A number of federal and state laws, generally referred to as fraud and abuse laws, apply to healthcare providers, physicians and others that make, offer, seek or receive referrals or payments for products or services that may be paid for through any federal or state healthcare program and in some instances any private program. Given the breadth of these laws and regulations, they may affect our business, either directly or because they apply to our clients.

The AKS is broadly worded and prohibits, among other things, knowingly and willfully offering, paying, soliciting, or receiving remuneration, directly or indirectly, in cash or in kind, in return for or to induce (1) the referral of an individual covered by federal healthcare programs, such as Medicare and Medicaid, to a person for the furnishing or arranging for the furnishing of any item or service for which payment may be made in whole or in part under a federal healthcare program, or (2) the purchasing, leasing, or ordering, or arranging for or recommending the purchasing, leasing, or ordering of any good, facility, service, or item for which payment may be made in whole or in part under a federal healthcare program. Court decisions have held that the AKS can be violated even if only "one purpose" of remuneration is to induce or reward referrals or other business generated between the parties. Further, a person or entity does not need to have actual knowledge of this statute or specific intent to violate it in order to have committed a violation. Violations of the AKS include imprisonment for up to ten years, exclusion from participation in federal healthcare programs, including Medicare and Medicaid, potential liability under the FCA (as discussed below), and significant civil and criminal fines and monetary penalties, plus a civil assessment of up to three times the total payments between the parties to the arrangement. Larger fines can be imposed upon corporations under the provisions of the U.S. Sentencing Guidelines and the Alternate Fines Statute. Individuals and entities convicted of violating the AKS are subject to mandatory exclusion from participation in Medicare, Medicaid, and other federal healthcare programs for a minimum of five years in the case of criminal conviction.

In addition to a few statutory exceptions, the HHS, Office of Inspector General has promulgated safe harbor regulations that outline categories of activities that are deemed not to be in violation of the AKS, provided all applicable criteria are met. The failure of a financial relationship to meet all of the applicable safe harbor criteria does not necessarily mean that particular arrangement violates the AKS, but instead will be reviewed on a case-by-case basis in light of the parties' intent and the arrangement's potential for abuse. Arrangements that do not satisfy a safe harbor may be subject to greater scrutiny by enforcement agencies.

Under HIPAA, there are additional provisions regarding healthcare fraud and false statements relating to healthcare matters, which if not complied with, could have an impact on our business. The healthcare fraud provision prohibits knowingly and willfully executing, or attempting to execute, a scheme to defraud any healthcare benefit program, including private payors. Similar to the AKS, a person or entity no longer needs to have actual knowledge of the healthcare fraud provision or specific intent to violate it in order to have committed a violation. The false statements provision prohibits knowingly and willfully falsifying, concealing, or covering up a material fact or making any materially false, fictitious, or fraudulent statement in connection with the delivery of or payment

for healthcare benefits, items, or services. Violations of these provisions are felonies and may result in fines or imprisonment, or, in the case of the healthcare fraud provision, exclusion from government programs.

Additionally, the Civil Monetary Penalties Law, 42 U.S.C. § 1320a-7a, authorizes the imposition of civil monetary penalties, assessments, and exclusion against an individual or entity based on a variety of prohibited conduct, including, but not limited to:

- presenting, or causing to be presented, claims, reports, or records relating to payment by Medicare, Medicaid or other government payors that the individual or entity knows or should know are for an item or service that was not provided as claimed, is false or fraudulent, or was presented for a physician's service by a person who knows or should know that the individual providing the service is not a licensed physician, obtained licensure through misrepresentation or represented certification in a medical specialty without in fact possessing such certification;
- offering remuneration to a federal healthcare program beneficiary that the individual or entity knows or should know is likely to influence the beneficiary to order or receive healthcare items or services from a particular provider;
- arranging contracts with or making payments to an entity or individual excluded from participation in the federal healthcare programs or included on CMS' preclusion list;
- violating the AKS;
- making, using, or causing to be made or used a false record or statement material to a false or fraudulent claim for payment for items and services furnished under a federal healthcare program;
- making, using, or causing to be made any false statement, omission, or misrepresentation of a material fact in any application, bid, or contract to participate or enroll as a provider of services or a supplier under a federal healthcare program; and
- failing to report and return an overpayment owed to the federal government.

Violations of applicable fraud and abuse laws could result in substantial civil monetary penalties that may be imposed under the federal Civil Monetary Penalties Law and may vary depending on the underlying violation. In addition, an assessment of not more than three times the total amount claimed for each item or service may also apply and a violator may be subject to exclusion from federal and state healthcare programs. In addition, should an individual providing services under our client contracts become excluded, we may be in violation of our agreements with clients and required to refund amounts attributable to services performed or sufficiently linked to an excluded individual.

False and fraudulent claims laws

There are numerous federal and state laws that forbid (i) submitting a false claim, (ii) causing the submission of a false claim, (iii) retaining a known overpayment, or (iv) engaging in similar types of conduct. The FCA, among other things, prohibits an individual or entity from knowingly presenting or causing to be presented a false or fraudulent claim for payment to the government, including but not limited to the Medicare and Medicaid programs and related managed care programs. Many states have their own false claims laws prohibiting similar conduct to the extent the claim seeks payment from state funds, including Medicaid, and states are becoming increasingly active in using such laws to police false bills, false requests for payment, and other activities. The standard for "knowledge" under the FCA includes "reckless disregard" or "deliberate ignorance" of the truth or falsity of the information. There are a number of other potential bases for liability under the FCA, including knowingly and improperly avoiding an obligation to repay money to the government (often called the "reverse false claims" provision). The government has used the FCA to bring civil claims for Medicare and other government program fraud based on allegations including but not limited to those involving coding issues (including up-coding), the submission of false cost or other reports, and billing for services at a higher payment rate than appropriate. Violations of other laws, such as the AKS and the Stark Law, can serve as a basis for liability under the FCA.

The Patient Protection and Affordable Care Act, as amended, provides that claims for payment that are tainted by a violation of the AKS (which could include, for example, illegal incentives, or remuneration) are false for purposes of the FCA. In addition, amendments to the FCA and Social Security Act impose severe penalties for the knowing and improper retention of overpayments from government payors. The FCA may be enforced by the federal government directly or by a private qui tam plaintiff (a "relator") on the government's behalf. In the latter circumstance, the government is required to investigate the allegations brought by the relator, and then must decide whether or not to intervene. Even if the government declines to intervene, the relator may continue to proceed with the lawsuit on the government's behalf. When a relator brings a qui tam action under the FCA, the defendant often will not be made aware of the lawsuit until the government commences its own investigation or makes a determination whether or not it will intervene.

If a defendant is found liable under the FCA, the defendant is subject to penalties for each separate false claim, plus up to three times the amount of damages caused by each false claim, which can be as much as the amounts received directly or indirectly from the government for each such false claim. These penalties are adjusted annually. A successful qui tam relator is entitled to receive a share of any settlement or judgment. In addition to civil enforcement under the FCA, the federal government can use several criminal statutes to prosecute persons who are alleged to have submitted false or fraudulent claims for payment to the federal government. It is difficult to predict how future enforcement initiatives may impact our business.

Stark Law and similar state laws

The Ethics in Patient Referrals Act, known as the Stark Law, prohibits certain types of referral arrangements between physicians and healthcare entities and thus potentially applies to our clients. The law prohibits a physician who has (or whose immediate family member has) a financial relationship with a provider from making referrals to that entity for "designated health services" if payment for the services may be made under Medicare or Medicaid. If such a financial relationship exists, referrals are prohibited unless a statutory or regulatory exception is available. Further, an entity that furnishes designated health services pursuant to a prohibited referral may not present or cause to be presented a claim or bill for such services to the Medicare program or to any other individual or entity. Violations of the Stark Law can result in civil monetary penalties and exclusion from federal healthcare programs and form the basis for liability under the FCA. Laws in many states similarly forbid billing based on referrals between individuals and entities that have various financial, ownership, or other business relationships. Any such violations by, and penalties and exclusions imposed upon, our clients could adversely affect their financial condition and, in turn, could adversely affect our own financial condition.

State fraud and abuse laws

Many states, including certain states in which we conduct our business, have adopted fraud and abuse laws similar to the federal laws described above. These laws are enforced by state courts and regulatory authorities, each with broad discretion, and the scope of these laws and the interpretations of them vary by jurisdiction. Some state fraud and abuse laws apply to items and services reimbursed by any third party payor, including commercial insurers. For example, several states have anti-kickback and self-referral prohibitions, which may apply regardless of whether the payor for such claims is Medicare or Medicaid and which may affect our ability to enter into financial relationships with certain entities or individuals. A determination of liability under state fraud and abuse laws could result in fines, penalties, and restrictions on our ability to operate in these jurisdictions, administrative sanctions, exclusions from governmental healthcare programs, refund requirements, and disciplinary action by the applicable governmental authority, and could have a material adverse effect on our business, financial condition, results of operations, cash flows, and reputation.

Corporate practice of medicine; fee splitting

We enter into contracts with healthcare providers pursuant to which we provide them with software solutions, and may be subject to regulatory oversight, including corporate practice of medicine and fee-splitting prohibitions. Some states have enacted laws and regulations prohibiting business corporations from practicing medicine and

limiting the extent to which physicians and certain other healthcare professionals may be employed by non-physicians or business corporations. These laws are intended to prevent interference in the medical decision-making process by anyone who is not a licensed physician. In addition, various state laws also generally prohibit the sharing or splitting professional services income or fees with lay entities or persons. Activities other than those directly related to the delivery of healthcare may be considered an element of the practice of medicine in many states. The scope and enforcement of such corporate practice of medicine and fee-splitting laws varies from state to state. Violations of these laws could require us to restructure our operations and arrangements and may result in penalties or other adverse action.

Some of these requirements may apply to us even if we do not have a physical presence in the state, based solely on our agreements with healthcare providers licensed in the state. Governmental or regulatory authorities or other parties may assert that we are engaged in the corporate practice of medicine or that our contractual arrangements with healthcare providers constitute unlawful fee splitting. In this event, failure to comply could lead to adverse judicial or administrative action against us and/or our healthcare provider clients, civil or criminal penalties, receipt of cease and desist orders from state regulators, the need to make changes to our contracts, and other materially adverse consequences.

Government regulation of reimbursement

Our clients are subject to regulation by a number of governmental agencies, including those that administer the Medicare and Medicaid programs. Accordingly, our clients are sensitive to legislative and regulatory changes in, and limitations on, the government healthcare programs and changes in reimbursement policies, processes, and payment rates. During recent years, there have been numerous federal legislative and administrative actions that have affected government programs, including adjustments that have reduced or increased payments to physicians and other healthcare providers. It is possible that the federal or state governments will implement additional reductions, increases or changes in reimbursement in the future under government programs that adversely affect our clients, or our cost of providing our solutions. Any such changes could adversely affect our own financial condition by reducing the reimbursement rates of our clients.

Consumer protection laws

We may also be subject to both federal and state regulatory agencies who have the authority to investigate consumer complaints relating to a variety of consumer protection laws, including but not limited to the FDCPA, the TCPA, the CAN-SPAM Act, and any state equivalent(s) of the foregoing. Our business practices involve assisting clients in collecting non-defaulted amounts owed by patients for current and prior services activities, which may subject us to the FDCPA. The FDCPA restricts the methods we may use to contact and seek payment from patients regarding past due accounts. Many states impose additional requirements on debt collection practices, and some of those requirements may be more stringent than the federal requirements. Moreover, regulations governing debt collection are subject to changing interpretations that may be inconsistent among different jurisdictions. Such laws and regulations, if deemed to apply to us, are continually evolving and any enforcement actions under such laws could result in fines, penalties, litigation, and increased expenses associated with compliance.

Our facilities

Our corporate headquarters are co-located in Lehi, Utah and Louisville, Kentucky. In addition to our headquarters, we have offices in Atlanta, Georgia and Duluth, Georgia. All of our facilities are leased and none of our facilities are used for any purpose other than general office use. We believe that our current facilities meet our needs and we are confident that we will be able to obtain, if needed, additional or different space on commercially reasonable terms to accommodate future growth.

Legal proceedings

We are subject to various claims and legal actions that arise in the ordinary course of our business, including claims resulting from employment related matters. We believe that we are not party to any material pending legal proceedings and we are not aware of any claims that could have a material effect on our business, financial

condition, results of operations, or cash flows. However, a significant increase in the number of these claims or an increase in amounts owing under successful claims could materially and adversely affect our business, financial condition, results of operations, or cash flows.

Indemnification and insurance

Our business exposes us to potential liability including, but not limited to, potential liability for breach of contract or negligence claims by our clients, non-compliance with applicable laws and regulations, and employment-related claims. In certain circumstances, we may also be liable for the acts or omissions of others, such as our vendors or suppliers. On occasion, we enter into standard indemnification arrangements in the ordinary course of business. Pursuant to these arrangements, we indemnify, hold harmless, and agree to reimburse the indemnified parties for losses suffered or incurred by the indemnified party, in connection with any trade secret, copyright, patent, or other intellectual property infringement claim by any third-party with respect to its technology. The terms of these indemnification agreements are generally perpetual. Maximum potential future payments we could be required to make under these agreements is not determinable because it involves claims that may be made against us in the future but have not yet been made. We have not incurred costs to defend lawsuits or settle claims related to these indemnification agreements.

We attempt to manage our potential liability to third-parties through contractual protection (such as indemnification and limitation of liability provisions) in our contracts with clients and others, and through insurance. The contractual indemnification provisions vary in scope and may not protect us against all potential liabilities, such as liability arising out of our gross negligence or willful misconduct. In addition, in the event that we seek to enforce such an indemnification provision, the indemnifying party may not have sufficient resources to fully satisfy its indemnification obligations or may otherwise not comply with its contractual obligations.

We may require our clients and other counterparties to maintain adequate insurance, and we currently maintain errors, omissions, and professional liability insurance coverage with limits we believe to be appropriate. The coverage provided by such insurance may not be adequate for all claims made and such claims may be contested by applicable insurance carriers.

Director independence

Pursuant to the corporate governance listing standards of Nasdaq, a director employed by us cannot be deemed to be an "independent director." Each other director will qualify as "independent" only if our board of directors affirmatively determines that he has no material relationship with us, either directly or as a partner, stockholder, or officer of an organization that has a relationship with us. Ownership of a significant amount of our stock, by itself, does not constitute a material relationship.

Our board of directors has affirmatively determined that each of our directors, other than Matthew J. Hawkins, qualifies as "independent" in accordance with Nasdaq rules. In making its independence determinations, our board of directors considered and reviewed all information known to it (including information identified through directors' questionnaires).

Background and experience of directors; board diversity

When considering whether directors and nominees have the experience, qualifications, attributes, or skills, taken as a whole, to enable our board of directors to satisfy its oversight responsibilities effectively in light of our business and structure, the board of directors focused primarily on each person's background and experience as reflected in the information discussed in each of the directors' individual biographies set forth above. We believe that our directors provide an appropriate mix of experience and skills relevant to the size and nature of our business.

In evaluating director candidates, we consider, and will continue to consider in the future, factors including, personal and professional character, integrity, ethics and values, experience in corporate management, finance and other relevant industry experience, social policy concerns, judgment, potential conflicts of interest, including other commitments, practical and mature business judgment, and such factors as age, gender, race, orientation, place of residence, and specialized experience and any other relevant qualifications, attributes or skills.

Code of conduct

We will adopt a new Code of Conduct (the "Code of Conduct") that applies to all of our directors, officers, and employees, including our chief executive officer and chief financial officer. Our Code of Conduct will be available on our website upon the completion of this offering. Our Code of Conduct is a "code of ethics," as defined in Item 406(b) of Regulation S-K. We will make any legally required disclosures regarding amendments to, or waivers of, provisions of our code of ethics on our website.

Base salary

We provide each named executive officer with a base salary, reflective of the competitive marketplace, for the services that the named executive officer performs for us. Base salary serves as the primary form of fixed compensation for our named executive officers. Base salary can also impact other compensation and benefit opportunities, including annual bonuses, as such opportunities are expressed as a percentage of base salary. This compensation component constitutes a stable element of compensation while other compensation elements are variable. Base salaries are renewed at least annually and may be increased based on the individual performance of the named executive officer, company performance, any change in the executive's position within our business, the scope of his responsibilities, and any changes thereto. For 2022, Messrs. Hawkins', Sinclair's, and Bridge's base salaries were \$750,000, \$400,000, and \$400,000, respectively.

Non-equity incentive plan compensation

For 2022, 70% of the Waystar Incentive Plan payout was based on company financial performance, 25% of the payout was based on metrics shared by leadership, and 5% of the payout was based on how an individual reflects our values. Company financial performance was based on Adjusted EBITDA targets, total gross bookings targets, and revenue targets, each established at the beginning of the

fiscal year and approved by our board of directors. For 2022, based largely on company and shared leadership metric performance, the Waystar Incentive Plan paid out at 101% of the target incentive opportunity.

Mr. Sinclair's Commission. For 2022, Mr. Sinclair was also eligible for a commission based on the estimated gross margin of 2022 bookings.

Equity awards

Vesting schedule

The stock options granted to our named executive officers under the 2019 Stock Incentive Plan are divided into time-vesting stock options (50% of the stock options granted) and performance-vesting stock options (50% of the stock options granted).

The stock options have a ten-year term and vest as follows:

- The time-vesting stock options vest over five years, with 20% vesting on each of the first five anniversaries of a specified vesting reference date, subject to continued employment or service with us through each applicable vesting date; however, upon a change of control, all outstanding unvested time-vesting stock options will vest in full immediately prior to the change of control.
- The performance-vesting stock options begin to vest when and if investment vehicles affiliated with EQT, CPPIB, and Bain receive cash proceeds with respect to or in exchange for their equity securities of us equal to a 1.5x multiple on their collective investment in us, subject to the named executive officer's continued employment or service with us through each applicable measurement date.
- 100% of the performance-vesting stock options vest when and if investment vehicles affiliated with EQT, CPPIB, and Bain receive cash proceeds with respect to or in exchange for their equity securities of us equal to a 2.5x multiple on their collective investment in us, subject to the named executive officer's continued employment or service with us through each applicable measurement date.
- To the extent the investment vehicles affiliated with EQT, CPPIB, and Bain receive cash proceeds with respect to or in exchange for their equity securities of us between a 1.5x and a 2.5x multiple on their collective investment in us, the performance-vesting stock options will vest based on linear interpolation.

In connection with a termination of employment or service for "cause," or in the event of a "restrictive covenant breach" (each as defined in the applicable stock option award agreements), both unvested and vested stock options will immediately terminate and expire. See "—Termination and change of control provisions—Equity awards" below for information regarding the treatment of stock options upon a qualified termination.

2019 Stock Incentive Plan

Our board of directors adopted the 2019 Stock Incentive Plan, effective October 22, 2019, under which we have granted options to purchase shares of our common stock to certain eligible individuals. The 2019 Stock Incentive Plan will be terminated effective as of the consummation of this offering and, following this offering, no further stock awards will be issued under the 2019 Stock Incentive Plan.

The Compensation Committee administers the 2019 Stock Incentive Plan and has the authority to, among other powers, designate participants, determine the terms and conditions of any award, and to make all decisions and determinations and to take any other action that the Compensation Committee deems necessary for the administration of the 2019 Stock Incentive Plan.

The 2019 Stock Incentive Plan provides for the grant of awards of non-qualified stock options and other stock-based awards tied to the value of our shares. In connection with an award of stock options under the 2019 Stock Incentive Plan, each participant enters into an award agreement, which provides the number of shares subject to the stock option and the terms of such grant, as determined by our board of directors. Shares are reserved for issuance with respect to currently outstanding options granted under the 2019 Stock Incentive Plan.

Awards under the 2019 Stock Incentive Plan are generally subject to adjustment in the event of any (i) dividend (other than regular cash dividends) or other distribution, recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, split-off, spin-off, combination, extraordinary sale, repurchase, or exchange of shares of common stock or other securities, or other similar transactions or events (including a change of control) or (ii) unusual or nonrecurring events affecting us, including changes in applicable laws, rules, or regulations, or the dissolution or liquidation of the company. In addition, in connection with any change of control, our board of directors may, in its sole discretion, provide for the (a) substitution or assumption of awards, or acceleration of the vesting of, exercisability of, or lapse of restrictions on, awards; (b) cancellation of any

outstanding awards that are vested as of such cancellation (or would vest as a result of the occurrence of a change of control) for payment to the holders thereof of the value of such awards, if any, as determined by our board of directors, including with respect to stock options, by payment in an amount equal to the excess, if any, of the fair market value of the shares of common stock subject to the stock option over the aggregate exercise price of the option (and, any stock option having a per share exercise price equal to, or greater than, the fair market value per share subject to the stock option may be canceled and terminated without any payment or consideration therefor); and/or (c) conversion or replacement of any award that is unvested as of the change of control event into, or with the right to receive a payment, based on the value of the award at the time of such conversion or replacement, as determined by our board of directors, that is subject to continued vesting on the same basis as the vesting requirements applicable to the corresponding award.

Pursuant to the terms of the 2019 Stock Incentive Plan, unless permitted by our board of directors, stock awards may not be transferred by a participant, other than by will or the laws of descent and distribution.

Our board of directors may amend, alter, suspend, discontinue, or terminate the 2019 Stock Incentive Plan or any portion thereof at any time, but no such amendment, alteration, suspension, discontinuance, or termination that would materially and adversely affect the rights of any participant or holder or beneficiary of an award will not be effective without the consent of the affected participant, holder, or beneficiary.

All awards under the 2019 Stock Incentive Plan are subject to reduction, cancellation, forfeiture, or recoupment to the extent necessary to comply with (i) any clawback, forfeiture or other similar policy adopted by our board of directors or Compensation Committee and as in effect from time to time and (ii) applicable law.

- An amount equal to 18 months of Mr. Bridge's then-current base salary, payable in equal monthly installments over 18 months following termination of employment;

- A pro-rated annual incentive bonus for the year of termination, based on actual performance, and payable at the time that annual bonuses are paid in accordance with the terms of the applicable plan as if Mr. Bridge remained employed.
- If Mr. Bridge timely elects continued coverage under COBRA, a monthly cash payment equal to monthly group health insurance premiums, at active employee rates, for 18 months following termination of employment or, if earlier, until the date on which Mr. Bridge is no longer eligible for COBRA coverage.

Our obligation to provide the severance payments and benefits described above are contingent upon Mr. Bridge's (i) execution and non-revocation of a separation agreement containing a general release of claims and (ii) continued compliance with the provisions of the Bridge employment agreement (including the restrictive covenants).

Retirement plan

We maintain a tax-qualified defined contribution 401(k) savings plan (the "401(k) Plan"), in which all employees, including our named executive officers, are eligible to participate. The 401(k) Plan allows participants to contribute up to 75% of their compensation on a pre-tax basis (or on a post-tax basis, with respect to elective Roth deferrals) into individual retirement accounts, subject to the maximum annual limits set by the Internal Revenue Service. The 401(k) Plan also allows us to make employer matching contributions. We have historically made employer matching contributions of up to 50% of our employees' elective deferrals, limited to the first 8% of each employee's compensation. Participants are immediately fully vested in their own contributions to the 401(k) Plan. Participants vest in the matching contributions we make to their accounts after 3 years of service, at the rate of 33⅓% per year.

Compensation arrangements to be adopted in connection with this offering

2023 Equity incentive plan

Our board of directors expects to adopt, and we expect our stockholders to approve, the 2023 Equity Incentive Plan prior to the completion of the offering, in order to provide a means through which to attract, retain, and motivate key personnel. Awards under the 2023 Equity Incentive Plan may be granted to any (i) individual employed by us or our subsidiaries (other than those U.S. employees covered by a collective bargaining agreement unless and to the extent that such eligibility is set forth in such collective bargaining agreement or similar agreement), (ii) director or officer of us or our subsidiaries, or (iii) consultant or advisor to us or our subsidiaries who may be offered securities registrable pursuant to a registration statement on Form S-8 under the Securities Act. The 2023 Equity Incentive Plan will be administered by the Compensation Committee or such other committee of our board of directors to which it has properly delegated power, or if no such committee or subcommittee exists, our board of directors.

The 2023 Equity Incentive Plan initially reserves _____ shares for issuance, which is subject to increase on the first day of each fiscal year beginning with the 2024 fiscal year in an amount equal to the lesser of (i) the positive difference, if any, between (x) _____ % of the outstanding common stock on the last day of the immediately preceding fiscal year and (y) the available plan reserve on the last day of the immediately preceding fiscal year and (ii) a lower number of shares of our common stock as determined by our board of directors; provided, however, that this automatic share reserve increase shall not apply following the tenth (10th) anniversary of the effective date of the 2023 Equity Incentive Plan.

All awards granted under the 2023 Equity Incentive Plan will vest and/or become exercisable in such manner and on such date or dates or upon such event or events as determined by the Compensation Committee. Awards available for grant under the 2023 Equity Incentive Plan include, non-qualified stock options, and incentive stock options, restricted shares of our common stock, restricted stock units, and other equity-based awards tied to the value of our shares.

Awards are generally subject to adjustment in the event of (i) any dividend (other than regular cash dividends) or other distribution, recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, split-off, spin-off, combination, repurchase, or exchange of shares of common stock or other securities, or other similar transactions or events or (ii) unusual or nonrecurring events affecting the Company, including changes in applicable rules, rulings, regulations, or other requirement. In addition, in connection with any change of control, the Compensation Committee may, in its sole discretion, provide for any one or more of the following: (i) a substitution or assumption of, acceleration of the vesting of, the exercisability of, or lapse of restrictions on, any one or more outstanding awards and (ii) cancellation of any one or more outstanding awards and payment to the holders of such awards that are vested as of such cancellation (including any awards that would vest as a result of the occurrence of such event but for such cancellation) the value of such awards, if any, as determined by the Compensation Committee.

Our board of directors may amend, alter, suspend, discontinue, or terminate the 2023 Equity Incentive Plan or any portion thereof at any time, but no such amendment, alteration, suspension, discontinuance, or termination may be made without stockholder approval if (i) such approval is required under applicable law, (ii) it would materially increase the number of securities which may be issued under the 2023 Equity Incentive Plan (except for adjustments in connection with certain corporate events), or (iii) it would materially modify the requirements for participation in the 2023 Equity Incentive Plan. Any such amendment, alteration, suspension, discontinuance, or termination that would materially and adversely affect the rights of any participant or any holder or beneficiary of any award will not to that extent be effective without such individual's consent.

All awards granted under the 2023 Equity Incentive Plan are subject to reduction, cancellation, forfeiture, or recoupment to the extent necessary to comply with (i) any clawback, forfeiture, or other similar policy adopted by our board of directors or the Compensation Committee and as in effect from time to time and (ii) applicable law.

IPO equity awards

In connection with this offering, it is expected that our board of directors will approve an IPO equity award in the form of 50% time-based vesting options and 50% time-based vesting restricted stock units to our executive officers, including each of our named executive officers, pursuant to the 2023 Equity Incentive Plan. The grants to the named executive officers will comprise an award of options to purchase _____ and _____ shares of our common stock to Messrs. Hawkins, Sinclair, and Bridge, respectively, each with a per-share exercise price equal to the initial public offering price, and an award of _____ and _____ restricted stock units to Messrs. Hawkins, Sinclair, and Bridge, respectively. The options and restricted stock units will vest in four substantially equal installments on each of the second, third, fourth, and fifth anniversaries of the completion of this offering, subject to the named executive officer's continued employment through the applicable vesting date; provided, however, that, upon any termination (i) by us without "cause" (as defined in the named executive officer's employment agreement) or (ii) by the named executive officer with "good reason" (as defined in the named executive officer's employment agreement), in either case, within the six-month period prior to, or within the 24-month period following a "change in control" (as defined in the 2023 Equity Incentive Plan) (the "CIC Protection Period"), all then-unvested options and restricted stock units will fully vest. In addition, with respect to Mr. Hawkins only, upon any termination by us without "cause" or by Mr. Hawkins with "good reason", in either case, the effective date of which is not within the CIC Protection Period, a pro-rata portion of the unvested options and restricted stock units that would otherwise vest on the next annual vesting date following such termination had Mr. Hawkins remained employed shall vest based on the number of days elapsed while Mr. Hawkins was actually employed during such annual vesting period.

Employee stock purchase plan

In connection with this offering, our board of directors expects to adopt, and we expect our stockholders to approve, the Waystar Holding Corp. 2023 Employee Stock Purchase Plan (the "ESPP") prior to the completion of the offering. The ESPP is intended to give eligible employees an opportunity to acquire shares of our common stock and promote our best interests and enhance our long-term performance. The ESPP is intended to qualify as an "employee stock purchase plan" under Section 423 of the Code.

The aggregate number of shares of our common stock that may be issued under the ESPP may not exceed _____ shares (which number of shares will be equal to _____ % of the total outstanding shares of our common stock at the consummation of this offering), subject to adjustment in accordance with the terms of the ESPP. Notwithstanding the foregoing, the share reserve of the ESPP shall automatically be increased on the first day of each fiscal year following the fiscal year in which the effective date of the ESPP occurred by a number of shares of our common stock equal to the lesser of (i) the positive difference, if any, between (A) _____ % of the outstanding common stock on the last day of the immediately preceding fiscal year, and (y) the available share reserve of the ESPP on the last day of the immediately preceding fiscal year, and (ii) a lower number of shares of our common stock as determined by our board of directors. If a purchase right expires or is terminated, surrendered or canceled without being exercised, in whole or in part, the number of shares subject to the purchase right will again be available for issuance and will not reduce the aggregate number of shares available under the ESPP.

The ESPP will be administered by the Compensation Committee unless the board of directors elects to administer the ESPP. The Compensation Committee will have full authority to administer the ESPP and make and interpret rules and regulations regarding administration of the ESPP as it may deem necessary or advisable.

The ESPP will become effective on or about the date of this offering. However, no offering periods will commence under the ESPP until such time and subject to such terms and conditions as may be determined by the Compensation Committee. The term of the ESPP will continue until terminated by our board of directors or until the date on which all shares available for issuance under the ESPP have been issued.

Subject to the Compensation Committee's ability to exclude certain groups of employees on a uniform and nondiscriminatory basis, including Section 16 officers, generally, all of our employees will be eligible to participate in the ESPP if they are employed by us or by a designated company (as defined below) except for any employee who has been employed for less than 12 months (or such lesser period of time as may be determined by the Compensation Committee in its discretion); provided that the Compensation Committee may determine that citizens or residents of a non-U.S. jurisdiction may be excluded from participation in the ESPP or an offering thereunder if the participation of such employees is prohibited under the laws of the applicable jurisdiction or if complying with the laws of the applicable jurisdiction would cause the ESPP or an offering to violate Section 423 of the Code. No employee will be eligible to participate if, immediately after the purchase right grant, the employee would own stock (including any stock the employee may purchase under outstanding purchase rights) representing 5% or more of the total combined voting power or value of our common stock. A "designated company" is any subsidiary or affiliate of Waystar Holding Corp., whether now existing or existing in the future, that has been designated by the Compensation Committee from time to time in its sole discretion as eligible to participate in the ESPP. The Compensation Committee may designate subsidiaries or affiliates of Waystar Holding Corp. as designated companies in an offering that does not satisfy the requirements of Section 423 of the Code. For offerings that, when taken together with the ESPP, comply with Section 423 of the Code and the regulations thereunder, only Waystar Holding Corp. and its subsidiaries may be designated companies; provided, however, that at any given time, a subsidiary that is a designated company under a Section 423 Code-compliant offering will not be a designated company under an offering that does not comply with Section 423 of the Code.

A participant may acquire common stock under the ESPP by authorizing the use of contributions to purchase shares of common stock. Contributions must not exceed 15% of the participant's total compensation (or such lesser percentage of the participant's total compensation as determined by the Compensation Committee). All contributions made by a participant will be credited (without interest) to his or her account. A participant may discontinue plan participation as provided in the ESPP, but a participant may not alter the amount of his or her contributions during an offering period. However, a participant's contribution election may be decreased to 0% at any time during an offering period to the extent necessary to comply with Section 423 of the Code or the terms of the ESPP. A participant may not make separate cash payments into his or her account except in limited circumstances when the participant is on leave of absence or unless otherwise required by applicable law. A participant may withdraw contributions credited to his or her account during an offering period at any time before the applicable purchase period end date.

The ESPP generally provides for offering periods set by the Compensation Committee, with one purchase period in each offering period. The Compensation Committee has the authority to change the duration of a purchase period; provided that the change is announced a reasonable period of time prior to its effective date and the purchase period is not greater than 27 months.

On the first day of an offering period, a participant will be granted a purchase right to purchase on the purchase period end date, at the applicable purchase price, the number of shares of common stock as is determined by dividing the amount of the participant's contributions accumulated as of the last day of the purchase period by the applicable purchase price; provided that (a) no participant may purchase shares of common stock with a fair market value (as of the date of purchase right grant) in excess of \$25,000 per calendar year in the case of offerings intended to comply with Section 423 of the Code; and (b) in no event will the aggregate number of shares subject to purchase rights during a purchase period exceed the number of shares then available under the ESPP or the maximum number of shares available for any single purchase period (as determined by the Compensation Committee from time to time).

The purchase price will be 85% (or such greater percentage as may be determined by the Compensation Committee prior to the start of any purchase period) of the lesser of (i) the fair market value per share of our common stock as determined on the applicable grant date of the purchase right or (ii) the fair market value per share of our common stock as determined on the applicable purchase period end date (provided that, in no event may the purchase price be less than the par value per share of our common stock). The Compensation Committee may determine prior to a purchase period to calculate the purchase price for such period solely by reference to the fair market value of a share on the applicable purchase period end date or applicable grant date of the purchase right, or based on the greater (rather than the lesser) of such values.

A participant's purchase right to purchase shares of common stock during a purchase period will be exercised automatically on the purchase period end date for that purchase period unless the participant withdraws at least thirty days prior to the end of the purchase period or his or her participation is terminated. On the purchase period end date, a participant's purchase right will be exercised to purchase that number of shares which the accumulated contributions in his or her account at that time will purchase at the applicable purchase price, but not in excess of the number of shares subject to the purchase right or other ESPP terms. Subject to the terms of the ESPP, a purchase right will generally terminate on the earlier of the date of the participant's termination of employment or the last day of the applicable purchase period.

A participant will have no rights as a stockholder with respect to our shares that the participant has a purchase right to purchase in any offering until those shares are issued to the participant.

A participant's rights under the ESPP will be exercisable only by the participant and are not transferable other than by will or the laws of descent or distribution.

If there is any change in the outstanding shares of our common stock because of a merger, "change in control" (as defined in our 2023 Equity Incentive Plan), consolidation, recapitalization, or reorganization involving Waystar Holding Corp., or if our board of directors declares a stock dividend, stock split distributable in shares of common stock or reverse stock split, other distribution or combination or reclassification of our common stock, or if there is a similar change in the capital stock structure of Waystar Holding Corp. affecting our common stock, then the number and type of shares of our common stock reserved for issuance under the ESPP will be correspondingly adjusted and, subject to applicable law, the Compensation Committee will make such adjustments to purchase rights or to any ESPP provision as the Compensation Committee deems equitable to prevent dilution or enlargement of purchase rights or as may otherwise be advisable. In addition, the Compensation Committee's discretion includes, but is not limited to, the authority to provide for any of, or a combination of any of, the following:

- (A) termination of any outstanding option in exchange for an amount of cash, if any, equal to the amount that would have been obtained upon the exercise of such option had such option been currently exercisable or (B) the replacement of such outstanding option with other rights or property selected by the Compensation Committee in its sole discretion;

- assumption or substitution of purchase rights by a successor entity (or parent or subsidiary of such successor);
- adjustments in the number and type of shares (or other securities or property) subject to outstanding options under the ESPP and/or in the terms and conditions of outstanding options and options that may be granted in the future;
- providing that participants' accumulated payroll deductions may be used to purchase common stock prior to the next occurring exercise date on such date as the Compensation Committee determines in its sole discretion and the participants' options under the ongoing offering period(s) shall be terminated; or
- providing that all outstanding options shall terminate without being exercised and all amounts in the accounts of participants shall be promptly refunded.

The ESPP may be amended, altered, suspended, and/or terminated at any time by our board of directors; provided, that approval of an amendment to the ESPP by our stockholders will be required to the extent, if any, that stockholder approval of such amendment is required by applicable law. The Compensation Committee may (subject to the provisions of Section 423 of the Code and the ESPP) amend, alter, suspend, and/or terminate any purchase right granted under the ESPP, prospectively or retroactively, but (except as otherwise provided in the ESPP) such amendment, alteration, suspension, or termination of a purchase right may not, without the written consent of a participant with respect to an outstanding purchase right, materially adversely affect the rights of the participant with respect to the purchase right. In addition, the Compensation Committee has unilateral authority to (a) subject to the provisions of Section 423 of the Code, amend the ESPP and any purchase right (without participant consent) to the extent necessary to comply with applicable law or changes in applicable law and (b) make adjustments to the terms and conditions of purchase rights in recognition of unusual or nonrecurring events affecting us or any parent or subsidiary corporation (each as defined under Section 424 of the Code), or our financial statements (or those of any parent or subsidiary corporation), or of changes in applicable law, or accounting principles, if the Compensation Committee determines that such adjustments are appropriate in order to prevent dilution or enlargement of benefits intended to be made available under the ESPP or necessary or appropriate to comply with applicable accounting principles or applicable law.

Amendments to outstanding options under 2019 Stock Incentive Plan

In connection with this offering, the Compensation Committee is expected to approve an amendment to the outstanding option awards granted to our executive officers, including our named executive officers, under the 2019 Stock Incentive Plan. The amendment is expected to provide that:

- If the executive officer's employment is terminated by us without "cause," by the executive officer for "good reason" or as a result of his death or disability prior to the first trading window that commences after the 18-month anniversary of the IPO, the performance-vesting options held by such executive officer will not be forfeited upon such termination and will remain outstanding and eligible to vest in connection with any measurement date(s) occurring through and including the commencement of such trading window, subject to satisfaction of applicable performance hurdles; provided, however, that, if any measurement date occurs outside of the three-month period (or, with respect to the stock options granted to Mr. Hawkins on October 23, 2019, six-month period) immediately following such termination, the number of performance-vesting options that will be eligible to vest in connection with such measurement date will be prorated based on the period of time the executive officer was employed by us relative to the vesting period;
- For purposes of calculating cash proceeds deemed received by investment vehicles affiliated with EQT, CPPIB, and Bain in connection with any trading window that commences after the 18-month anniversary of the IPO, the value of all of our equity securities held by investment vehicles affiliated with EQT, CPPIB, and Bain as of the commencement of such trading window will be calculated using a per share price equal to the volume-weighted average share price of such equity securities over the 20-trading day period ending as of the date of commencement of such trading window; and
- If the executive officer's employment is terminated as a result of his death, the executive officer will be permitted to "net exercise" his option awards granted under the 2019 Stock Incentive Plan without the need for additional Compensation Committee approval.

Director compensation

For the year ended December 31, 2022, we paid non-management and non-sponsor affiliated board members a cash retainer for their services as members of our board of directors. We did not grant equity awards to board members for their service on our board in 2022. Our board members are reimbursed for reasonable travel and related expenses associated with attendance at board or committee meetings.

The following table provides summary information concerning compensation paid or accrued by us to or on behalf of our non-sponsor affiliated non-employee directors for services rendered to us during 2022.

Name	Fees earned or paid in cash (\$)	Total (\$)
John Driscoll	\$ 125,000	\$125,000
Eric Liu	\$ —	\$ —
Michael Douglas	\$ —	\$ —
Paul Moskowitz	\$ —	\$ —
Ursula Burns	\$ 50,000	\$ 50,000
Heidi G. Miller	\$ 50,000	\$ 50,000
Robert DeMichiei	\$ 50,000	\$ 50,000

In connection with this offering, we expect to grant to each of our non-employee directors who is not employed by any of the Institutional Investors an IPO equity award of restricted stock units under the 2023 Equity Incentive Plan with an initial value of approximately \$200,000. The restricted stock units will be granted upon the completion of this offering and will vest on the date of the first annual meeting of the Company's stockholders following the date of grant, subject to the non-employee director's continued service on our board of directors through such date.

Effective upon the consummation of this offering, we expect to adopt an annual compensation policy covering each of our non-employee directors. Under this policy, each of our non-employee directors who is not employed by any of the Institutional Investors will receive (i) an annual cash retainer fee of \$50,000, payable in equal quarterly installments and (ii) an annual equity retainer of restricted stock units with an initial value of approximately \$200,000. The restricted stock units will be granted on the date of our annual meeting on stockholders and will vest on first anniversary of the date of grant or the business day immediately preceding the date of the following year's annual meeting of stockholders, if earlier, subject to the non-employee director's continued service on our board of directors through such date. In addition, the non-executive chair of the board will receive an additional \$100,000 cash retainer, the chair and the members of the Audit Committee will receive an additional cash retainer of \$25,000 and \$15,000, respectively, the chair and the members of the Compensation Committee will receive an additional cash retainer of \$20,000 and \$10,000, respectively, and the Nominating and Corporate Governance Committee will receive an additional cash retainer of \$15,000 and \$5,000, respectively, each of which will be payable in equal quarterly installments.

Non-Employee Director Deferral Plan

Our Board of Directors will adopt a Non-Employee Director Deferral Plan prior to the completion of the offering. All directors who are not employees of the Company will be eligible to participate in the Non-Employee Director Deferral Plan.

Deferral elections. Under the terms of the Non-Employee Director Deferral Plan, our non-employee directors may elect to defer all or a portion of their annual cash compensation and/or all of the Company shares issued upon settlement of their annual restricted stock unit award, in each case, in 25% increments, in the form of deferred stock units credited to an account maintained by the Company. The number of deferred stock units credited in respect of annual cash compensation is determined by dividing the dollar amount of the deferred cash compensation by the fair market value of a share of the Company's common stock on the date the cash compensation would otherwise have been paid to the director. Deferred stock units will be awarded from, and subject to the terms of, the 2023 Equity Incentive Plan.

Each deferred stock unit represents the right to receive a number of shares of our common stock equal to the number of deferred stock units initially credited to the director's account plus the number of deferred stock units credited as a result of any dividend equivalent rights (to which deferred stock units initially credited to a director's account are entitled).

Settlement of deferred stock units. Directors may elect that settlement of deferred stock units be made or commence on (i) the first business day in a year following the year for which the deferral is made, (ii) following termination of service on our board of directors or (iii) the earlier of (i) or (ii). Directors may elect that deferred stock units be settled in a single one-time distribution or in a series of up to 15 annual installments. In addition, deferred stock unit accounts will be settled upon a Change in Control (as defined in the 2023 Equity Incentive Plan) or upon a director's death.

Administration; amendment and termination. Our Compensation Committee will administer the Non-Employee Director Deferral Plan. The Non-Employee Director Deferral Plan or any deferral may be amended, suspended, discontinued by our Compensation Committee at any time in the Compensation Committee's discretion; provided that no amendment, suspension or discontinuance will reduce any director's accrued benefit, except as required to comply with applicable law. Our Compensation Committee may terminate the Non-Employee Director at any time, as long as the termination complies with applicable tax and other requirements.

Certain relationships and related party transactions

Registration rights agreement

We are party to a registration rights agreement with EQT, CPPIB, Bain, and certain equity holders, including members of management. We expect to amend and restate this registration rights agreement in connection with this offering.

The amended and restated registration rights agreement will contain provisions that entitle EQT, CPPIB, Bain, and the other stockholder parties thereto, including members of management, to certain rights to have their securities registered by us under the Securities Act. EQT, CPPIB, and Bain will be entitled to an unlimited number of "demand" registrations, subject to certain limitations. Certain stockholders will also be entitled to customary "piggyback" registration rights. In addition, the amended and restated registration rights agreement will provide that we will pay certain expenses of the stockholder parties relating to such registrations and indemnify them against certain liabilities which may arise under the Securities Act.

Stockholders agreement

We intend to enter into the Stockholders Agreement with EQT, CPPIB, Bain, and certain equity holders, including members of management, in connection with this offering.

The Stockholders Agreement will provide that following the completion of this offering, our board of directors will consist of ten members. EQT will have the right to nominate to our board of directors (i) two nominees for so long as EQT beneficially owns 30% or greater of our then-outstanding common stock, and (ii) one nominee for so long as EQT beneficially owns 5% or greater, but less than 30% of our then-outstanding common stock. CPPIB will have the right to nominate to our board of directors one nominee for so long as CPPIB beneficially owns 5% or greater of our then-outstanding common stock. Bain will have the right to nominate to our board of directors one nominee for so long as Bain beneficially owns 5% or greater of our then-outstanding common stock. EQT will have the right to designate the chairperson of our board of directors for so long as it beneficially owns at least 20% of our then-outstanding common stock, with the consent of CPPIB (not to be unreasonably withheld). In addition, the board of directors will be divided into three classes and serve staggered, three year terms until the second annual meeting of stockholders after the date on which EQT, CPPIB, and Bain collectively own less than 15% in voting power of the then-outstanding power of the then-outstanding shares of stock of our Company entitled to vote generally in the election of directors, after which the board will no longer be divided into three classes.

Subject to applicable laws and stock exchange regulations, and subject to requisite independence requirements applicable to such committee, the Stockholders Agreement will provide that for so long as EQT, CPPIB, and Bain collectively beneficially own 5% or greater of our then-outstanding common stock, (i) the Bain director nominee will be appointed to serve on the Audit Committee, (ii) the CPPIB director nominee and one EQT director nominee will be appointed to serve on the Compensation Committee, and (iii) the CPPIB director nominee and one EQT director nominee will be appointed to serve on the Nominating and Corporate Governance Committee.

Pursuant to the Stockholders Agreement, we will include the EQT, CPPIB, and Bain nominees on the slate that is included in our proxy statement relating to the election of directors of the class to which such persons belong, subject to the ownership thresholds described above. In addition, pursuant to the Stockholders Agreement, EQT, CPPIB, and Bain will agree, severally and not jointly, with the Company to vote in favor of the Company slate that is included in our proxy statement.

In the event that an EQT, CPPIB, or Bain nominee ceases to serve as a director for any reason (other than the failure of our stockholders to elect such individual as a director), EQT, CPPIB, or Bain, as applicable, will be entitled to appoint another nominee to fill the resulting vacancy.

Principal stockholders

The Institutional Investors and certain of our directors and officers currently hold their equity interests in the Company indirectly through their ownership of partnership interests of Derby TopCo, which owns all of the equity interests of the Company. In connection with this offering, we expect the Equity Distribution to be effected, following which EQT, CPPIB, Bain, and other equity holders, including members of management, will directly hold shares of common stock of the Company.

The following table contains information about the beneficial ownership of our common stock as of _____, 2023, after giving effect to the Equity Distribution, (i) immediately prior to the consummation of this offering and (ii) as adjusted to reflect the sale of shares of our common stock offered by this prospectus by:

- each individual or entity known by us to beneficially own more than 5% of our outstanding common stock;
- each named executive officer;
- each of our directors; and
- all of our directors and executive officers as a group.

Our calculation of the percentage of beneficial ownership prior to and after the offering is based on _____ shares of our outstanding common stock as of _____, 2023.

Beneficial ownership and percentage ownership are determined in accordance with the rules and regulations of the SEC. Under SEC rules, a person is deemed to be a "beneficial owner" of a security if that person has or shares voting power or investment power, which includes the power to dispose of or to direct the disposition of such security. A person is also deemed to be a beneficial owner of any securities of which that person has a right to acquire beneficial ownership within 60 days. Securities that can be so acquired are deemed to be outstanding for purposes of computing such person's ownership percentage, but not for purposes of computing any other person's percentage. Under these rules, more than one person may be deemed to be a beneficial owner of the same securities and a person may be deemed to be a beneficial owner of securities as to which such person has no economic interest. Except as indicated in the footnotes to the following table or pursuant to applicable community property laws, we believe, based on information furnished to us, that each stockholder named in the table has sole voting and investment power with respect to the shares set forth opposite such stockholder's name.

In this section, "we," "us," "our," "the Company" and "our Company" refer to Waystar Holding Corp. and not to any of its subsidiaries and "Institutional Investors" refers to the investment funds of EQT, CPPIB, and Bain, in each case, so long as they own shares of common stock of our Company.

Our purpose is to engage in any lawful act or activity for which corporations may be organized under the DGCL. Upon the consummation of this offering, our authorized capital stock will consist of

shares of our common stock, \$0.01 par value per share; and 100,000,000 shares of preferred stock, par value \$0.01 per share. In connection with amending and restating our existing certificate of incorporation, all of our issued and outstanding Class A common stock will be reclassified as common stock, \$0.01 par value per share. No shares of preferred stock will be issued or outstanding immediately after the offering contemplated by this prospectus. Unless our board of directors determines otherwise, we will issue all shares of our capital stock in uncertificated form.

Common stock

Voting rights

Each holder of our common stock is entitled to one vote per share on all matters submitted to a vote of the stockholders. The holders of our common stock do not have cumulative voting rights in the election of directors.

Dividend rights

The holders of our common stock are entitled to receive dividends as may be declared from time to time by our board of directors out of legally available funds. See the section titled "Dividend policy" for additional information.

Liquidation

In the event of our liquidation, dissolution, or winding up and after payment in full of all amounts required to be paid to creditors and to the holders of preferred stock having liquidation preferences, if any, holders of our common stock will be entitled to share ratably in the net assets legally available for distribution to stockholders.

Rights and preferences

Holders of our common stock have no preemptive, conversion, or subscription rights, and there are no redemption or sinking fund provisions applicable to our common stock.

Fully paid and non-assessable

All shares of our common stock that will be outstanding at the time of the completion of the offering will be fully paid and non-assessable.

The rights, powers, preferences, and privileges of holders of our common stock will be subject to those of the holders of any shares of our preferred stock we may authorize and issue in the future.

Preferred stock

Our amended and restated certificate of incorporation will authorize our board of directors to establish one or more series of preferred stock (including convertible preferred stock). Unless required by law or by the applicable

stock exchange, the authorized shares of preferred stock will be available for issuance without further action by you. Our board of directors will be able to determine, with respect to any series of preferred stock, the terms and rights of that series, including:

- the designation of the series;
- the number of shares of the series, which our board of directors may, except where otherwise provided in the preferred stock designation, increase (but not above the total number of authorized shares of the class) or decrease (but not below the number of shares then outstanding);
- whether dividends, if any, will be cumulative or non-cumulative and the dividend rate of the series;
- the dates at which dividends, if any, will be payable;
- the redemption rights and price or prices, if any, for shares of the series;
- the terms and amounts of any sinking fund provided for the purchase or redemption of shares of the series;
- the amounts payable on shares of the series in the event of any voluntary or involuntary liquidation, dissolution or winding-up of the affairs of the Company;
- whether the shares of the series will be convertible into shares of any other class or series, or any other security, of the Company or any other corporation and, if so, the specification of the other class or series or other security, the conversion price or prices or rate or rates, any rate adjustments, the date or dates as of which the shares will be convertible and all other terms and conditions upon which the conversion may be made;
- restrictions on the issuance of shares of the same series or of any other class or series of our capital stock; and
- the voting rights, if any, of the holders of the series.

We will be able to issue a series of preferred stock that could, depending on the terms of the series, impede or discourage an acquisition attempt or other transaction that some, or a majority, of the holders of our common stock might believe to be in their best interests or in which the holders of our common stock might receive a premium for their common stock over the market price of the common stock. In addition, the issuance of preferred stock may adversely affect the holders of our common stock by restricting dividends on the common stock, diluting the voting power of the common stock or subordinating the liquidation rights of the common stock. In addition, the issuance of preferred stock could have the effect of delaying, deferring, or preventing a change of control, or other corporate action. As a result of these or other factors, the issuance of preferred stock may have an adverse impact on the market price of our common stock.

Dividends

The DGCL permits a corporation to declare and pay dividends out of "surplus" or, if there is no "surplus," out of its net profits for the fiscal year in which the dividend is declared and/or the preceding fiscal year. "Surplus" is defined as the excess of the net assets of the corporation over the amount determined to be the capital of the corporation by the board of directors. The capital of the corporation is typically calculated to be (and cannot be less than) the aggregate par value of all issued shares of capital stock. Net assets equal the fair value of the total assets minus total liabilities. The DGCL also provides that dividends may not be paid out of net profits if, after the payment of the dividend, capital is less than the capital represented by the outstanding stock of all classes having a preference upon the distribution of assets.

Declaration and payment of any dividend will be subject to the discretion of our board of directors. The time and amount of dividends will be dependent upon our financial condition, operations, cash requirements, and availability, debt repayment obligations, capital expenditure needs, and restrictions in our debt instruments, industry trends, the provisions of Delaware law affecting the payment of dividends to stockholders and any other factors our board of directors may consider relevant.

Anti-takeover effects of our amended and restated certificate of incorporation and amended and restated bylaws, and certain provisions of Delaware law

Our amended and restated certificate of incorporation, amended and restated bylaws, and the DGCL, which are summarized in the following paragraphs, contain provisions that are intended to enhance the likelihood of continuity and stability in the composition of our board of directors. These provisions are intended to avoid costly takeover battles, reduce our vulnerability to a hostile change of control, and enhance the ability of our board of directors to maximize stockholder value in connection with any unsolicited offer to acquire us. However, these provisions may have an anti-takeover effect and may delay, deter, or prevent a merger or acquisition of the Company by means of a tender offer, a proxy contest, or other takeover attempt that a stockholder might consider is in its best interest, including those attempts that might result in a premium over the prevailing market price for the shares of common stock held by stockholders.

Authorized but unissued capital stock

Delaware law does not require stockholder approval for any issuance of authorized shares. However, the listing requirements of Nasdaq, which would apply if and so long as our common stock remains listed on Nasdaq, require stockholder approval of certain issuances equal to or exceeding 20% of the then-outstanding voting power or then-outstanding number of shares of common stock. These additional shares may be used for a variety of corporate purposes, including future public offerings to raise additional capital or to facilitate acquisitions.

Our board of directors may issue shares of preferred stock on terms calculated to discourage, delay, or prevent a change of control of the Company or the removal of our management. Moreover, our authorized but unissued shares of preferred stock will be available for future issuances without stockholder approval and could be utilized for a variety of corporate purposes, including future offerings to raise additional capital, acquisitions, or employee benefit plans.

One of the effects of the existence of unissued and unreserved common stock or preferred stock may be to enable our board of directors to issue shares to persons friendly to current management, which issuance could render more difficult or discourage an attempt to obtain control of the Company by means of a merger, tender offer, proxy contest, or otherwise, and thereby protect the continuity of our management and possibly deprive our stockholders of opportunities to sell their shares of common stock at prices higher than prevailing market prices.

Classified board of directors

Our amended and restated certificate of incorporation will provide that, subject to the right of holders of any series of preferred stock, our board of directors will be divided into three classes of directors, with the classes to be as nearly equal in number as possible, and with the directors serving three-year terms, with only one class of directors being elected at each annual meeting of stockholders. At the second annual meeting of stockholders after the date on which the Institutional Investors collectively own less than 15% in voting power of the then-outstanding power of the then-outstanding shares of stock of our Company entitled to vote generally in the election of directors (the "Triggering Annual Meeting"), and each annual meeting of stockholders thereafter, all directors shall be elected to hold office for a one-year term expiring at the next annual meeting of stockholders. Pursuant to such procedures, effective as of the Triggering Annual Meeting, the board of directors will no longer be classified under Section 141(d) of the DGCL and directors shall no longer be divided into three classes. As a result, prior to the Triggering Annual Meeting, approximately one-third of our board of directors will be elected each year. The classification of directors prior to the Triggering Annual Meeting will have the effect of making it more difficult for stockholders to change the composition of our board of directors. Our amended and restated certificate of incorporation and amended and restated bylaws will provide that, subject to any rights of holders of preferred stock to elect additional directors under specified circumstances, the number of directors will be fixed from time to time exclusively pursuant to a resolution adopted by the board of directors; however, if at any time the Institutional Investors collectively own at least 40% in voting power of the then-outstanding shares of stock of our Company entitled to vote generally in the election of directors, the stockholders may also fix the number of directors.

Business combinations

We will opt out of Section 203 of the DGCL; however, our amended and restated certificate of incorporation will contain similar provisions providing that we may not engage in certain "business combinations" with any "interested stockholder" for a three-year period following the time that the stockholder became an interested stockholder, unless:

- prior to such time, our board of directors approved either the business combination or the transaction that resulted in the stockholder becoming an interested stockholder;
- upon consummation of the transaction which resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of our voting stock outstanding at the time the transaction commenced, excluding certain shares;
- at or subsequent to that time, the business combination is approved by our board of directors and by the affirmative vote of holders of at least 66 2/3% of our outstanding voting stock that is not owned by the interested stockholder; or
- the stockholder became an interested stockholder inadvertently and (i) as soon as practicable divested itself of sufficient ownership to cease to be an interested stockholder and (ii) had not been an interested stockholder but for the inadvertent acquisition of ownership within three years of the business combination.

Generally, a "business combination" includes a merger, asset, or stock sale or other transaction resulting in a financial benefit to the interested stockholder. Subject to certain exceptions, an "interested stockholder" is a person who, together with that person's affiliates and associates, owns, or within the previous three years owned, 15% or more of our outstanding voting stock. For purposes of this section only, "voting stock" has the meaning given to it in Section 203 of the DGCL.

Under certain circumstances, these provisions will make it more difficult for a person who would be an "interested stockholder" to effect various business combinations with our company for a three-year period. These provisions may encourage companies interested in acquiring our Company to negotiate in advance with our board of directors because the stockholder approval requirement would be avoided if our board of directors approves either the business combination or the transaction which results in the stockholder becoming an interested stockholder. These provisions also may have the effect of preventing changes in our board of directors and may make it more difficult to accomplish transactions that stockholders may otherwise deem to be in their best interests.

Our amended and restated certificate of incorporation will provide that each of the Institutional Investors, and any of their respective direct or indirect transferees and any group as to which such persons or entities are a party, does not constitute an "interested stockholder" for purposes of these provisions.

Removal of directors; vacancies

Under the DGCL, unless otherwise provided in our amended and restated certificate of incorporation, directors serving on a classified board may be removed by the stockholders only for cause. Our amended and restated certificate of incorporation will provide that, other than directors elected by holders of our preferred stock, if any, directors may be removed with or without cause upon the affirmative vote of a majority in voting power of all outstanding shares of stock entitled to vote thereon, voting together as a single class; provided, however, at any time commencing on the day on which the Institutional Investors collectively beneficially own less than 40% in voting power of the then-outstanding shares of stock of our company entitled to vote generally in the election of directors and ending immediately following the final adjournment of the Triggering Annual Meeting (such period, the "Protective Period"), directors may only be removed for cause, and only by the affirmative vote of holders of at least 66 2/3% in voting power of all the then-outstanding shares of stock of our company entitled to vote thereon, voting together as a single class. In addition, our amended and restated certificate of incorporation will also provide that, subject to the rights granted to one or more series of preferred stock then outstanding or the rights granted pursuant to the Stockholders Agreement, any newly created directorship on the board of directors that results from an increase in the number of directors and any vacancies on our board of directors will be

filled only by the affirmative vote of a majority of the remaining directors, even if less than a quorum, or by a sole remaining director or by the stockholders; provided, however, at any time when the Institutional Investors collectively beneficially own less than 40% in voting power of the then-outstanding shares of stock of our company entitled to vote generally in the election of directors, any newly created directorship on the board of directors that results from an increase in the number of directors and any vacancy occurring in the board of directors may only be filled by a majority of the directors then in office, although less than a quorum, or by a sole remaining director (and not by the stockholders). Our amended and restated certificate of incorporation will provide that the board of directors may increase the number of directors by the affirmative vote of a majority of the directors or, at any time when the Institutional Investors collectively beneficially own at least 40% of the voting power of the then-outstanding shares of stock of our Company entitled to vote generally in the election of directors, of the stockholders.

No cumulative voting

Under Delaware law, the right to vote cumulatively does not exist unless the certificate of incorporation specifically authorizes cumulative voting. Our amended and restated certificate of incorporation will not authorize cumulative voting. Therefore, stockholders holding a majority in voting power of the then-outstanding shares of our stock entitled to vote generally in the election of directors will be able to elect all of our directors.

Special stockholder meetings

Our amended and restated certificate of incorporation will provide that special meetings of our stockholders may be called at any time only by or at the direction of the board of directors or the chairman of the board of directors; provided, however, at any time when the Institutional Investors beneficially own, in the aggregate, at least 40% in voting power of the then-outstanding shares of stock of our Company entitled to vote generally in the election of directors, special meetings of our stockholders may be called at any time by or at the direction of the board of directors or the chairman of the board of directors and shall be called by the secretary of our company at the request of at least two of the Institutional Investors. Our amended and restated bylaws will prohibit the conduct of any business at a special meeting other than as specified in the notice for such meeting. These provisions may have the effect of deferring, delaying, or discouraging hostile takeovers, or changes in control or management of the Company.

Requirements for advance notification of director nominations and stockholder proposals

Our amended and restated bylaws will establish advance notice procedures with respect to stockholder proposals and the nomination of candidates for election as directors, other than nominations made as provided in the Stockholders Agreement or by or at the direction of the board of directors or a committee of the board of directors. In order for any matter to be "properly brought" before a meeting, a stockholder will have to comply with advance notice requirements and provide us with certain information. Generally, to be timely, a stockholder's notice must be received at our principal executive offices not less than 90 days nor more than 120 days prior to the first anniversary date of the immediately preceding annual meeting of stockholders. Our amended and restated bylaws will also specify requirements as to the form and content of a stockholder's notice. Our amended and restated bylaws will allow the chairman of the meeting at a meeting of the stockholders to adopt rules and regulations for the conduct of meetings which may have the effect of precluding the conduct of certain business at a meeting if the rules and regulations are not followed. These notice requirements will not apply to the Sponsor and its affiliates for as long as the Stockholders Agreement to be entered into in connection with this offering remains in effect. These provisions may also deter, delay, or discourage a potential acquirer from conducting a solicitation of proxies to elect the acquirer's own slate of directors or otherwise attempting to influence or obtain control of the Company.

Stockholder action by written consent

Pursuant to Section 228 of the DGCL, any action required to be taken at any annual or special meeting of the stockholders may be taken without a meeting, without prior notice and without a vote if a consent or consents in

writing, setting forth the action so taken, is signed by the holders of outstanding stock having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares of our stock entitled to vote thereon were present and voted, unless our amended and restated certificate of incorporation provides otherwise. Our amended and restated certificate of incorporation will preclude stockholder action by written consent at any time when the Institutional Investors collectively beneficially own less than 40% in voting power of the then-outstanding shares of stock of our Company entitled to vote generally in the election of directors, other than certain rights that holders of our preferred stock may have to act by consent.

Supermajority provisions

Our amended and restated certificate of incorporation and our amended and restated bylaws will provide that the board of directors is expressly authorized to make, alter, amend, change, add to, rescind, or repeal, in whole or in part, our amended and restated bylaws without a stockholder vote in any matter not inconsistent with Delaware law or our amended and restated certificate of incorporation. Any amendment, alteration, rescission, or repeal, of our amended and restated bylaws by our stockholders will require the affirmative vote of a majority in voting power of the outstanding shares of our stock present in person or represented by proxy at the meeting of stockholders and entitled to vote on such amendment, alteration, change, addition, rescission, change, addition, or repeal, except that during the Protective Period, any amendment, alteration, rescission, change, addition, or repeal of our amended and restated bylaws by our stockholders will require the affirmative vote of the holders of at least 66 $\frac{2}{3}$ % in voting power of all the then-outstanding shares of stock of our Company entitled to vote thereon, voting together as a single class.

The DGCL provides generally that the affirmative vote of a majority of the outstanding shares entitled to vote thereon, voting together as a single class, is required to amend a corporation's certificate of incorporation, unless the certificate of incorporation requires a greater percentage.

Our amended and restated certificate of incorporation will provide that during the Protective Period, the following provisions in our amended and restated certificate of incorporation may be amended, altered, repealed, or rescinded only by the affirmative vote of the holders of at least 66 $\frac{2}{3}$ % in voting power of all the then-outstanding shares of stock of our company entitled to vote thereon, voting together as a single class:

- the provision requiring a 66 $\frac{2}{3}$ % supermajority vote for stockholders to amend our amended and restated bylaws;
- the provisions providing for a classified board of directors (the election and term of our directors);
- the provisions regarding resignation and removal of directors;
- the provisions regarding competition and corporate opportunities;
- the provisions regarding entering into business combinations with interested stockholders;
- the provisions regarding stockholder action by written consent;
- the provisions regarding calling annual or special meetings of stockholders;
- the provisions regarding filling vacancies on our board of directors and newly created directorships;
- the provisions eliminating monetary damages for breaches of fiduciary duty by a director or officer; and
- the amendment provision requiring that the above provisions be amended only with a 66 $\frac{2}{3}$ % supermajority vote.

The combination of the classification of our board of directors, the lack of cumulative voting and the supermajority voting requirements will make it more difficult for our existing stockholders to replace our board of directors as well as for another party to obtain control of us by replacing our board of directors. Because our board of directors has the power to retain and discharge our officers, these provisions could also make it more difficult for existing stockholders or another party to effect a change in management.

These provisions may have the effect of deterring hostile takeovers, delaying, or preventing changes in control of our management or the Company, such as a merger, reorganization or tender offer. These provisions are intended to enhance the likelihood of continued stability in the composition of our board of directors and its policies and to discourage certain types of transactions that may involve an actual or threatened acquisition of the Company. These provisions are designed to reduce our vulnerability to an unsolicited acquisition proposal. The provisions are also intended to discourage certain tactics that may be used in proxy fights. However, such provisions could have the effect of discouraging others from making tender offers for our shares and, as a consequence, they also may inhibit fluctuations in the market price of our shares that could result from actual or rumored takeover attempts. Such provisions may also have the effect of preventing changes in management.

Dissenters' rights of appraisal and payment

Under the DGCL, with certain exceptions, our stockholders will have appraisal rights in connection with a merger or consolidation of us. Pursuant to the DGCL, stockholders who properly request and perfect appraisal rights in connection with such merger or consolidation will have the right to receive payment of the fair value of their shares as determined by the Delaware Court of Chancery.

Stockholders' derivative actions

Under the DGCL, any of our stockholders may bring an action in our name to procure a judgment in our favor, also known as a derivative action, provided that the stockholder bringing the action is a holder of our shares at the time of the transaction to which the action relates or such stockholder's stock thereafter devolved by operation of law.

Exclusive forum

Our amended and restated certificate of incorporation will provide that unless we consent in writing to the selection of an alternative forum, the Court of Chancery of the State of Delaware (or if such court does not have subject matter jurisdiction another state or the federal court (as appropriate) located within the State of Delaware) shall, to the fullest extent permitted by law, be the sole and exclusive forum for any (i) derivative action or proceeding brought on behalf of our company, (ii) action asserting a claim of breach of a fiduciary duty owed by any current or former director, officer, employee, or stockholder of our company to our company or our company's stockholders, (iii) action asserting a claim against our company or any current or former director, officer, employee, or stockholder of our company arising pursuant to any provision of the DGCL or our amended and restated certificate of incorporation or our amended and restated bylaws (as either may be amended from time to time) or (iv) action asserting a claim governed by the internal affairs doctrine of the State of Delaware. These provisions shall not apply to suits brought to enforce a duty or liability created by the Exchange Act or any other claim for which the federal courts have exclusive jurisdiction and our stockholders cannot waive compliance with federal securities laws and the rules and regulations thereunder. Our amended and restated certificate of incorporation further will provide that, unless we consent in writing to the selection of an alternative forum, to the fullest extent permitted by law, the federal district courts of the United States of America will be the exclusive forum for the resolution of any complaint asserting a cause of action arising under the federal securities laws of the United States, including any claims under the Securities Act and the Exchange Act. Any person or entity purchasing or otherwise acquiring any interest in shares of capital stock of our company shall be deemed to have notice of and consented to the forum provisions in our amended and restated certificate of incorporation. Although our amended and restated certificate of incorporation will contain the exclusive forum provision described above, it is possible that a court could find that such a provision is inapplicable for a particular claim or action or that such provision is unenforceable. In particular, Section 22 of the Securities Act creates concurrent jurisdiction for federal and state courts over all suits brought to enforce a duty or liability created by the Securities Act or the rules and regulations thereunder and accordingly, we cannot be certain that a court would enforce such provision. Our exclusive forum provision shall not relieve the Company of its duties to comply with the federal securities laws and the rules and regulations thereunder, and our stockholders will not be deemed to

have waived our compliance with these laws, rules and regulations. Further, stockholders may not waive their rights under the Exchange Act, including their right to bring suit.

Conflicts of interest

Delaware law permits corporations to adopt provisions renouncing any interest or expectancy in certain opportunities that are presented to the corporation or its officers, directors, or stockholders. Our amended and restated certificate of incorporation will, to the maximum extent permitted from time to time by Delaware law, renounce any interest or expectancy that we have in, or right to be offered an opportunity to participate in, specified business opportunities that are from time to time presented to our officers, directors, or stockholders or their respective affiliates, other than those officers, directors, stockholders, or affiliates who are our or our subsidiaries' employees. Our amended and restated certificate of incorporation will provide that, to the fullest extent permitted by law, none of the Institutional Investors or any director who is not employed by us (including any non-employee director who serves as one of our officers in both his or her director and officer capacities) or his or her affiliates will have any duty to refrain from (1) engaging in a corporate opportunity in the same or similar business activities or lines of business in which we or our affiliates now engage or propose to engage or (2) otherwise competing with us or our affiliates. In addition, to the fullest extent permitted by law, in the event that any of the Institutional Investors or any non-employee director acquires knowledge of a potential transaction or other business opportunity which may be a corporate opportunity for itself or himself or its or his affiliates or for us or our affiliates, such person will have no duty to communicate or offer such transaction or business opportunity to us or any of our affiliates and they may take any such opportunity for themselves or offer it to another person or entity. Our amended and restated certificate of incorporation will not renounce our interest in any business opportunity that is expressly offered to a non-employee director solely in his or her capacity as a director or officer of the Company. To the fullest extent permitted by law, no business opportunity will be deemed to be a potential corporate opportunity for us unless we would be permitted to undertake the opportunity under our amended and restated certificate of incorporation, we have sufficient financial resources to undertake the opportunity and the opportunity would be in line with our business.

Limitations on liability and indemnification of officers and directors

The DGCL authorizes corporations to limit or eliminate the personal liability of directors and certain officers to corporations and their stockholders for monetary damages for breaches of directors' fiduciary duties, subject to certain exceptions. Our amended and restated certificate of incorporation will include a provision that eliminates the personal liability of directors and officers for monetary damages for any breach of fiduciary duty as a director or officer, except to the extent such exemption from liability or limitation thereof is not permitted under the DGCL. The effect of these provisions will be to eliminate the rights of us and our stockholders, through stockholders' derivative suits on our behalf, to recover monetary damages from a director for breach of fiduciary duty as a director, including breaches resulting from grossly negligent behavior. This provision will not limit or eliminate the liability of any officer in any action by or in the right of the Company, including any derivative claims. However, exculpation will not apply to any director if the director has breached the duty of loyalty to the corporation and its stockholders, acted in bad faith, knowingly or intentionally violated the law, authorized illegal dividends or redemptions, or derived an improper benefit from his or her actions as a director.

Our amended and restated bylaws will provide that we must generally indemnify, and advance expenses to, our directors and officers to the fullest extent authorized by the DGCL. We also are expressly authorized to carry directors' and officers' liability insurance providing indemnification for our directors, officers, and certain employees for some liabilities. We also intend to enter into indemnification agreements with our directors, which agreements will require us to indemnify these individuals to the fullest extent permitted under Delaware law against liabilities that may arise by reason of their service to us, and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified. We believe that these indemnification and advancement provisions and insurance will be useful to attract and retain qualified directors and officers.

The limitation of liability, indemnification, and advancement provisions in our amended and restated certificate of incorporation and amended and restated bylaws may discourage stockholders from bringing a lawsuit against

directors or officers for breach of their fiduciary duty. These provisions also may have the effect of reducing the likelihood of derivative litigation against directors and officers, even though such an action, if successful, might otherwise benefit us and our stockholders. In addition, your investment may be adversely affected to the extent we pay the costs of settlement and damage awards against directors and officers pursuant to these indemnification provisions.

There is currently no pending material litigation or proceeding involving any of our directors, officers or employees for which indemnification is sought.

Shares eligible for future sale

General

Prior to this offering, there has not been a public market for our common stock, and we cannot predict what effect, if any, market sales of shares of common stock or the availability of shares of common stock for sale will have on the market price of our common stock prevailing from time to time. Nevertheless, sales of substantial amounts of common stock, including shares issued upon the exercise of outstanding options, in the public market, or the perception that such sales could occur, could materially and adversely affect the market price of our common stock and could impair our future ability to raise capital through the sale of our equity or equity-related securities at a time and price that we deem appropriate. Furthermore, there may be sales of substantial amounts of our common stock in the public market after the existing legal and contractual restrictions lapse. This may adversely affect the prevailing market price and our ability to raise equity capital in the future. See “Risk factors—Risks related to this offering and our common stock—Future sales, or the perception of future sales, by us or our existing stockholders in the public market following the completion of this offering could cause the market price for our common stock to decline.”

Upon the consummation of this offering, we will have _____ shares of common stock outstanding. All shares sold in this offering will be freely tradable without registration under the Securities Act and without restriction, except for shares held by our “affiliates” (as defined under Rule 144). The shares of common stock held by certain stockholders including EQT, CPPIB, and Bain and certain of our directors, officers, and employees after this offering will be “restricted” securities under the meaning of Rule 144 and may not be sold in the absence of registration under the Securities Act, unless an exemption from registration is available, including the exemptions pursuant to Rule 144 under the Securities Act.

Pursuant to Rule 144, the restricted shares held by our affiliates will be available for sale in the public market at various times after the date of this prospectus following the expiration of the applicable lock-up period.

In addition, a total of _____ shares of our common stock has been reserved for issuance under (i) existing options awarded under our 2019 Stock Incentive Plan, (ii) our 2023 Equity Incentive Plan, and (iii) our 2023 Employee Stock Purchase Plan (each subject to adjustments for stock splits, stock dividends, and similar events), which will equal approximately _____ % of the shares of our common stock outstanding immediately following this offering. We intend to file one or more registration statements on Form S-8 under the Securities Act to register common stock issued or reserved for issuance under (i) our 2019 Stock Incentive Plan, (ii) our 2023 Equity Incentive Plan, and (iii) our 2023 Employee Stock Purchase Plan. Any such Form S-8 registration statement will automatically become effective upon filing. Accordingly, shares registered under such registration statement will be available for sale in the open market, unless such shares are subject to vesting restrictions or the lock-up restrictions described below.

Rule 144

In general, under Rule 144, as currently in effect, a person (or persons whose shares are deemed aggregated) who is not deemed to be or have been one of our affiliates for purposes of the Securities Act at any time during 90 days preceding a sale and who has beneficially owned the shares proposed to be sold for at least six months, including the holding period of any prior owner other than an affiliate, is entitled to sell such shares without registration, subject to compliance with the public information requirements of Rule 144. If such a person has beneficially owned the shares proposed to be sold for at least one year, including the holding period of a prior owner other than an affiliate, then such person is entitled to sell such shares without complying with any of the requirements of Rule 144.

Under Rule 144, our affiliates or persons selling shares on behalf of our affiliates, who have met the six-month holding period for beneficial ownership of “restricted shares” of our common stock, are entitled to sell within any three-month period, a number of shares that does not exceed the greater of:

- 1% of the number of shares of our common stock then outstanding, which will equal approximately shares immediately after this offering; or
- the average reported weekly trading volume of our common stock on Nasdaq during the four calendar weeks preceding the filing of a notice on Form 144 with respect to such sale.

Sales under Rule 144 by our affiliates or persons selling shares on behalf of our affiliates are also subject to certain manner of sale provisions and notice requirements and to the availability of current public information about us. The sale of these shares, or the perception that sales will be made, could adversely affect the price of our common stock after this offering because a great supply of shares would be, or would be perceived to be, available for sale in the public market.

We are unable to estimate the number of shares that will be sold under Rule 144 since this will depend on the market price for our common stock, the personal circumstances of the stockholder and other factors.

Rule 701

In general, under Rule 701 of the Securities Act as currently in effect, any of our employees, consultants, or advisors who purchase shares from us in connection with a compensatory stock or option plan or other written agreement in a transaction that was completed in reliance on Rule 701, and complied with the requirements of Rule 701, will be eligible to resell such shares 90 days after the effective date of this offering in reliance on Rule 144, but without compliance with certain restrictions, including the holding period, contained in Rule 144.

Registration rights

For a description of rights that certain of our stockholders will have to require us to register the shares of our common stock they own, see "Certain relationships and related person transactions—Registration rights agreement." Registration of these shares under the Securities Act would result in these shares becoming freely tradable immediately upon effectiveness of such registration.

Lock-up agreements

In connection with this offering, we, our officers, directors, and our significant stockholders have agreed with the underwriters, subject to certain exceptions, not to sell, dispose of or hedge any shares of our common stock or securities convertible into or exchangeable for shares of common stock during the period ending 180 days after the date of this prospectus (the "restricted period") except with the prior written consent of the representatives of the underwriters. In addition, all stockholders who are party to the Stockholders Agreement are also subject to certain lock-up provisions during the restricted period.

Immediately following the consummation of this offering, stockholders subject to the foregoing lock-up agreements or transfer restrictions will hold _____ shares of our common stock, representing approximately _____ % of our then outstanding shares of common stock, or approximately _____ % if the underwriters exercise in full their option to purchase additional shares.

We have agreed not to issue, sell, or otherwise dispose of any shares of our common stock during the restricted period. We may, however, grant options to purchase shares of common stock, issue shares of common stock upon the exercise of outstanding options, issue shares of common stock in connection with certain acquisitions or business combinations, or an employee stock purchase plan and in certain other circumstances.

After this offering, certain of our employees, including our executive officers, and/or directors may enter into written trading plans that are intended to comply with Rule 10b5-1 under the Exchange Act. Sales under these trading plans would not be permitted until the expiration of the lock-up agreements relating to the offering described above.

Certain United States federal income tax consequences to non-U.S. holders

The following is a summary of certain United States federal income tax consequences to non-U.S. holders (as defined below) of the ownership and disposition of our common stock. This summary does not address the consequences relevant to pre-IPO owners. Except where noted, this summary deals only with common stock that is held as a capital asset by a non-U.S. holder (as defined below).

A "non-U.S. holder" means a beneficial owner of our common stock (other than an entity or arrangement treated as a partnership for United States federal income tax purposes) that is not, for United States federal income tax purposes, any of the following:

- an individual who is a citizen or resident of the United States;
- a corporation (or any other entity treated as a corporation for United States federal income tax purposes) created or organized in or under the laws of the United States, any state thereof or the District of Columbia;
- an estate the income of which is subject to United States federal income taxation regardless of its source; or
- a trust if it (1) is subject to the primary supervision of a court within the United States and one or more United States persons have the authority to control all substantial decisions of the trust or (2) has a valid election in effect under applicable United States Treasury regulations to be treated as a United States person.

This summary is based upon provisions of the Code, and United States Treasury regulations, rulings, judicial decisions, and administrative pronouncements, in each case as of the date hereof. Those authorities may be changed, perhaps retroactively, so as to result in United States federal income tax consequences different from those summarized below. This summary does not address all of the United States federal income tax considerations that may be relevant to you in light of your particular circumstances, nor does it address the Medicare tax on net investment income, the alternative minimum tax, United States federal estate and gift taxes or the effects of any state, local or non-United States tax laws. In addition, it does not represent a detailed description of the United States federal income tax consequences applicable to you if you are subject to special treatment under the United States federal income tax laws (including if you are a United States expatriate, foreign pension fund, "controlled foreign corporation," "passive foreign investment company" or a partnership or other pass-through entity for United States federal income tax purposes). We cannot assure you that a change in law will not alter significantly the tax considerations that we describe in this summary.

If a partnership (or other entity or arrangement treated as a partnership for United States federal income tax purposes) holds our common stock, the tax treatment of a partner will generally depend upon the status of the partner and the activities of the partnership. If you are a partner of a partnership considering an investment in our common stock, you should consult your tax advisors.

If you are considering the purchase of our common stock, you should consult your own tax advisors concerning the particular United States federal income tax consequences to you of the purchase, ownership, and disposition of our common stock, as well as the consequences to you arising under other United States federal tax laws and the laws of any other taxing jurisdiction.

Dividends

As described in the section entitled "Dividend policy," we do not anticipate declaring or paying dividends to holders of our common stock in the foreseeable future. However, in the event that we make a distribution of cash or other property (other than certain pro rata distributions of our stock) in respect of our common stock, the distribution generally will be treated as a dividend for United States federal income tax purposes to the extent it is paid from our current or accumulated earnings and profits, as determined under United States federal income tax principles. Any portion of a distribution that exceeds our current and accumulated earnings and profits generally will be treated first as a tax-free return of capital, causing a reduction in the adjusted tax basis of a non-U.S. holder's common stock, and to the extent the amount of the distribution exceeds a non-U.S. holder's

adjusted tax basis in our common stock, the excess will be treated as gain from the disposition of our common stock (the tax treatment of which is discussed below under “—Gain on Disposition of Common Stock”).

Dividends paid to a non-U.S. holder generally will be subject to withholding of United States federal income tax at a 30% rate or such lower rate as may be specified by an applicable income tax treaty. However, dividends that are effectively connected with the conduct of a trade or business by the non-U.S. holder within the United States (and, if required by an applicable income tax treaty, are attributable to a United States permanent establishment) are not subject to the withholding tax, provided certain certification and disclosure requirements are satisfied. Instead, such dividends are subject to United States federal income tax on a net income basis generally in the same manner as if the non-U.S. holder were a United States person as defined under the Code. Any such effectively connected dividends received by a foreign corporation may be subject to an additional “branch profits tax” at a 30% rate or such lower rate as may be specified by an applicable income tax treaty.

A non-U.S. holder who wishes to claim the benefit of an applicable treaty rate and avoid backup withholding, as discussed below, for dividends will be required (1) to provide the applicable withholding agent with a properly executed IRS Form W-8BEN or Form W-8BEN-E (or other applicable form) certifying under penalty of perjury that such holder is not a United States person as defined under the Code and is eligible for treaty benefits or (2) if our common stock is held through certain foreign intermediaries, to satisfy the relevant certification requirements of applicable United States Treasury regulations. Special certification and other requirements apply to certain non-U.S. holders that are pass-through entities rather than corporations or individuals.

A non-U.S. holder eligible for a reduced rate of United States federal withholding tax pursuant to an income tax treaty may obtain a refund of any excess amounts withheld by timely filing an appropriate claim for refund with the IRS.

Gain on disposition of common stock

Subject to the discussion of backup withholding and FATCA (as defined below) below, any gain realized by a non-U.S. holder on the sale or other disposition of our common stock generally will not be subject to United States federal income or withholding tax unless:

- the gain is effectively connected with a trade or business of the non-U.S. holder in the United States (and, if required by an applicable income tax treaty, is attributable to a United States permanent establishment of the non-U.S. holder);
- the non-U.S. holder is an individual who is present in the United States for 183 days or more in the taxable year of that disposition, and certain other conditions are met; or
- we are or have been a “United States real property holding corporation” for United States federal income tax purposes at any time within the five-year period preceding the disposition or the non-U.S. holder’s holding period, whichever period is shorter, the non-U.S. holder is not eligible for a treaty exemption, and either (1) our common stock is not regularly traded on an established securities market during the calendar year in which the sale or disposition occurs or (2) the non-U.S. holder owned or is deemed to have owned at any time within the five-year period preceding the disposition or the non-U.S. holder’s holding period, whichever period is shorter, more than 5% of our common stock.

A non-U.S. holder described in the first bullet point immediately above will be subject to tax on the gain derived from the sale or other disposition in the same manner as if the non-U.S. holder were a United States person as defined under the Code. In addition, if any non-U.S. holder described in the first bullet point immediately above is a foreign corporation, the gain realized by such non-U.S. holder may be subject to an additional “branch profits tax” at a 30% rate or such lower rate as may be specified by an applicable income tax treaty. An individual non-U.S. holder described in the second bullet point immediately above will be subject to a 30% (or such lower rate as may be specified by an applicable income tax treaty) tax on the gain derived from the sale or other disposition, which gain may be offset by United States source capital losses even though the individual is not considered a resident of the United States.

Generally, a corporation is a "United States real property holding corporation" if the fair market value of its United States real property interests equals or exceeds 50% of the sum of the fair market value of its worldwide real property interests and its other assets used or held for use in a trade or business (all as determined for United States federal income tax purposes). We believe we are not and do not anticipate becoming a "United States real property holding corporation" for United States federal income tax purposes.

Information reporting and backup withholding

Distributions paid to a non-U.S. holder and the amount of any tax withheld with respect to such distributions generally will be reported to the IRS. Copies of the information returns reporting such distributions and any withholding may also be made available to the tax authorities in the country in which the non-U.S. holder resides under the provisions of an applicable income tax treaty.

A non-U.S. holder will not be subject to backup withholding on distributions received if such holder certifies under penalty of perjury that it is a non-U.S. holder, such as by furnishing a valid IRS Form W-8BEN, W-8BEN-E, or W-8ECI (and the payor does not have actual knowledge or reason to know that such holder is a United States person as defined under the Code), or such holder otherwise establishes an exemption.

Information reporting and, depending on the circumstances, backup withholding will apply to the proceeds of a sale or other disposition of our common stock within the United States or conducted through certain United States-related financial intermediaries, unless the beneficial owner certifies under penalty of perjury that it is a non-U.S. holder (and the payor does not have actual knowledge or reason to know that the beneficial owner is a United States person as defined under the Code) or such owner otherwise establishes an exemption.

Backup withholding is not an additional tax and any amounts withheld under the backup withholding rules will be allowed as a refund or a credit against a non-U.S. holder's United States federal income tax liability provided the required information is timely furnished to the IRS.

Additional withholding requirements

Under Sections 1471 through 1474 of the Code (such sections commonly referred to as "FATCA"), a 30% United States federal withholding tax may apply to any dividends paid on our common stock to (1) a "foreign financial institution" (as specifically defined in the Code and whether such foreign financial institution is the beneficial owner or an intermediary) which does not provide sufficient documentation, typically on IRS Form W-8BEN-E, evidencing either (x) an exemption from FATCA or (y) its compliance (or deemed compliance) with FATCA (which may alternatively be in the form of compliance with an intergovernmental agreement with the United States) in a manner which avoids withholding or (2) a "non-financial foreign entity" (as specifically defined in the Code and whether such non-financial foreign entity is the beneficial owner or an intermediary) which does not provide sufficient documentation, typically on IRS Form W-8BEN-E, evidencing either (x) an exemption from FATCA or (y) adequate information regarding certain substantial United States beneficial owners of such entity (if any). If a dividend payment is both subject to withholding under FATCA and subject to the withholding tax discussed above under "—Dividends," an applicable withholding agent may credit the withholding under FATCA against, and therefore reduce, such other withholding tax. FATCA withholding may also apply to payments of gross proceeds of dispositions of our common stock, although under proposed United States Treasury regulations (the preamble to which specifies that taxpayers are permitted to rely on them pending finalization), no withholding will apply on payments of gross proceeds. You should consult your own tax advisors regarding these requirements and whether they may be relevant to your ownership and disposition of our common stock.

Underwriting

We are offering the shares of common stock described in this prospectus through a number of underwriters. J.P. Morgan Securities LLC, Goldman Sachs & Co. LLC, and Barclays Capital Inc. are acting as joint book-running managers of the offering and as representatives of the underwriters. We have entered into an underwriting agreement with the underwriters. Subject to the terms and conditions of the underwriting agreement, we have agreed to sell to the underwriters, and each underwriter has severally agreed to purchase, at the public offering price less the underwriting discount set forth on the cover page of this prospectus, the number of shares of common stock listed next to its name in the following table:

The underwriters are committed to purchase all the shares of common stock offered by us if they purchase any shares. The underwriting agreement also provides that if an underwriter defaults, the purchase commitments of non-defaulting underwriters may also be increased or the offering may be terminated.

The underwriters propose to offer the shares of common stock directly to the public at the initial public offering price set forth on the cover page of this prospectus and to certain dealers at that price less a concession not in excess of \$ _____ per share. Any such dealers may resell shares to certain other brokers or dealers at a discount of up to \$ _____ per share from the initial public offering price. After the initial offering of the shares to the public, if all of the shares of common stock are not sold at the initial public offering price, the underwriters may change the offering price and the other selling terms. The offering of the shares by the underwriters is subject to receipt and acceptance and subject to the underwriters' right to reject any order in whole or in part. Sales of any shares made outside of the United States may be made by affiliates of the underwriters.

The underwriters have an option to purchase up to _____ additional shares of common stock from us to cover sales of shares by the underwriters that exceed the number of shares specified in the table above. The underwriters have 30 days from the date of this prospectus to exercise this option to purchase additional shares. If any shares are purchased with this option to purchase additional shares, the underwriters will purchase shares in approximately the same proportion as shown in the table above. If any additional shares of common stock are purchased, the underwriters will offer the additional shares on the same terms as those on which the shares are being offered.

The underwriting fee is equal to the public offering price per share of common stock less the amount paid by the underwriters to us per share of common stock. The underwriting fee is \$ _____ per share. The following table

shows the per share and total underwriting discount to be paid to the underwriters assuming both no exercise and full exercise of the underwriters' option to purchase additional shares from us.

	Per share	Total without option to purchase additional shares exercise	Total with full option to purchase additional shares exercise
Public offering price	\$	\$	\$
Underwriting discount			
Proceeds, before expenses, to us	\$	\$	\$

We estimate that the total expenses of this offering, including registration, filing and listing fees, printing fees, and legal and accounting expenses, but excluding the underwriting discount, will be approximately \$. We have agreed to reimburse the underwriters for certain of their expenses in an amount up to \$35,000.

A prospectus in electronic format may be made available on the web sites maintained by one or more underwriters, or selling group members, if any, participating in the offering. The underwriters may agree to allocate a number of shares to underwriters and selling group members for sale to their online brokerage account holders. Internet distributions will be allocated by the representatives to underwriters and selling group members that may make Internet distributions on the same basis as other allocations.

We have agreed that we will not (i) offer, pledge, sell, contract to sell, sell any option or contract to purchase, purchase any option or contract to sell, grant any option, right, or warrant to purchase, lend or otherwise transfer or dispose of, directly or indirectly, or submit to, or file with, the SEC a registration statement under the Securities Act relating to, any shares of our common stock or securities convertible into or exercisable or exchangeable for any shares of our common stock, or publicly disclose the intention to undertake any of the foregoing, or (ii) enter into any swap or other agreement that transfers all or a portion of the economic consequences associated with the ownership of any shares of common stock or any such other securities (regardless of whether any of these transactions are to be settled by the delivery of shares of common stock or such other securities, in cash or otherwise), in each case, without the prior written consent of the representatives for a period of 180 days after the date of this prospectus, other than the shares of our common stock to be sold in this offering, subject to certain exceptions.

The restrictions on our actions, as described above, do not apply to certain transactions, including (i) the shares of our common stock to be issued and sold pursuant to the underwriting agreement, (ii) any grants of options or other equity awards or issuances of shares of our common stock upon the exercise of options or other equity awards, in each case, granted under the terms of an equity compensation plan as described in this prospectus, (iii) any filing by us of a registration statement on Form S 8 relating to any equity compensation plan or arrangement described in this prospectus or any assumed benefit plan pursuant to an acquisition or similar strategic transaction, (iv) any shares of our common stock issued upon the exercise, conversion, or exchange of our securities outstanding as of the date of this prospectus and described in this prospectus, (v) up to 5.0% of the total number of outstanding shares of our common stock immediately following the issuance of the shares of our common stock to be issued and sold pursuant to the underwriting agreement, issued by us in connection with mergers, acquisitions, or commercial or strategic transactions (including, without limitation, entry into joint ventures, marketing, or distribution agreements or collaboration agreements or acquisitions of technology, assets, or intellectual property licenses), and (vi) confidential submission with the SEC or FINRA of any registration statement under the Securities Act; *provided* that in the case of clauses (ii) through (iv), we shall cause each recipient that is a member of our Board of Directors, one of our executive officers, or a beneficial holder of 5.0% or more of our fully diluted capital stock to execute a lock-up agreement for the restricted period subject to the terms and conditions summarized herein, if not already a party thereto; *provided, further*, that in the case of clause (v), we shall cause each recipient to execute a lock-up agreement for the restricted period.

Our directors and executive officers, and our significant stockholders (such persons, the "lock-up parties") have entered into lock-up agreements with the underwriters prior to the commencement of this offering pursuant to

which each lock-up party, with limited exceptions, for a period of 180 days after the date of this prospectus (such period, the "restricted period"), may not (and may not cause any of their direct or indirect affiliates to), without the prior written consent of the representatives, (1) offer, pledge, sell, contract to sell, sell any option or contract to purchase, purchase any option or contract to sell, grant any option, right, or warrant to purchase, lend or otherwise transfer or dispose of, directly or indirectly, any shares of our common stock or any securities convertible into or exercisable or exchangeable for our common stock (including, without limitation, common stock or such other securities which may be deemed to be beneficially owned by such lock-up parties in accordance with the rules and regulations of the SEC and securities which may be issued upon exercise of a stock option or warrant (collectively with the common stock, the "lock-up securities")), (2) enter into any hedging, swap, or other agreement or transaction that transfers, in whole or in part, any of the economic consequences of ownership of the lock-up securities, whether any such transaction described in clause (1) or (2) above is to be settled by delivery of lock-up securities, in cash or otherwise, (3) make any demand for, or exercise any right with respect to, the registration of any lock-up securities, or (4) publicly disclose the intention to do any of the foregoing. Such persons or entities have further acknowledged that these undertakings preclude them from engaging in any hedging or other transactions or arrangements (including, without limitation, any short sale or the purchase or sale of, or entry into, any put or call option, or combination thereof, forward, swap or any other derivative transaction or instrument, however described or defined) designed, or intended, or which could reasonably be expected, to lead to or result in a sale, disposition or transfer (by any person or entity, whether or not a signatory to such agreement) of any economic consequences of ownership, in whole or in part, directly or indirectly, of any lock-up securities, whether any such transaction or arrangement (or instrument provided for thereunder) would be settled by delivery of lock-up securities, in cash or otherwise.

The restrictions described in the immediately preceding paragraph and contained in the lock-up agreements between the underwriters and the lock-up parties do not apply, subject in certain cases to various conditions, to certain transactions, including: (a) transfers of lock-up securities: (i) as bona fide gifts, or for bona fide estate planning purposes; (ii) by will or intestacy; (iii) to any trust for the direct or indirect benefit of the lock-up party or any immediate family member; (iv) to any immediate family member of the lock-up party; (v) to a nominee or custodian of a person or entity to whom a disposition or transfer would be permissible under clauses (i) through (iv); (vi) by operation of law; (vii) to us from a current or former employee of ours upon death, disability, or termination of employment of such employee or to us pursuant to any contractual arrangement that provides us with a right to purchase lock-up securities; (viii) if the lock-up party is not a natural person, to any (1) corporation, partnership, limited liability company, trust or other entity, in each case, that controls, or is controlled by or is under common control with, the lock-up party or its immediate family, or is otherwise a direct or indirect affiliate (as defined in Rule 405 promulgated under the Securities Act) of the lock-up party, or (2) investment fund or other entity controlling, controlled by, managing or managed by or under common control with the lock-up party or its affiliates or as part of a distribution, transfer or disposition by the lock-up party to its stockholders, partners, members or other equity holders; (ix) as part of a sale of lock-up securities acquired in open-market transactions after the completion of this offering; (x) to us in connection with the vesting, settlement or exercise of restricted stock units, options, warrants or other rights to purchase shares of our common stock (including "net" or "cashless" exercise), including for the payment of exercise price and tax and remittance payments; (xi) pursuant to a bona fide third-party tender offer, merger, consolidation or other similar transaction approved by our board of directors and made to all stockholders involving a change in control in which the acquiring party or "group" (within the meaning of Section 13(d) (3) of the Exchange Act) of persons becomes the beneficial owner of more than 50% of the total voting power of the voting stock of us following such transaction; *provided* that if such transaction is not completed, all such lock-up securities would remain subject to the restrictions in the immediately preceding paragraph; (xii) in connection with any reclassification or conversion of our common stock; or (xiii) to the lock-up party's direct or indirect general partner or managing member or to certain officers, partners, or members thereof in connection with such general partner's, managing member's, officers', partners' or members' donation to charitable organizations, educational institutions, family foundations or donor advised funds at sponsoring organizations; (b) exercise of the options, settlement of RSUs or other equity awards, or the exercise of warrants, granted pursuant to plans described in in this prospectus; *provided* that any lock-up securities received upon such exercise, vesting or settlement would be subject to restrictions similar to those in

the immediately preceding paragraph; and (c) the establishment by lock-up parties of trading plans under Rule 10b5-1 under the Exchange Act; *provided* that such plan does not provide for the transfer of lock-up securities during the restricted period.

The representatives, in their sole discretion, may release the securities subject to any of the lock-up agreements with the underwriters described above, in whole or in part at any time.

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act.

We will apply to have our common stock approved for listing on Nasdaq under the symbol "WAY."

In connection with this offering, the underwriters may engage in stabilizing transactions, which involves making bids for, purchasing, and selling shares of common stock in the open market for the purpose of preventing or retarding a decline in the market price of the common stock while this offering is in progress. These stabilizing transactions may include making short sales of common stock, which involves the sale by the underwriters of a greater number of shares of common stock than they are required to purchase in this offering, and purchasing shares of common stock on the open market to cover positions created by short sales. Short sales may be "covered" shorts, which are short positions in an amount not greater than the underwriters' option to purchase additional shares referred to above, or may be "naked" shorts, which are short positions in excess of that amount. The underwriters may close out any covered short position either by exercising their option to purchase additional shares, in whole or in part, or by purchasing shares in the open market. In making this determination, the underwriters will consider, among other things, the price of shares available for purchase in the open market compared to the price at which the underwriters may purchase shares through the option to purchase additional shares. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the common stock in the open market that could adversely affect investors who purchase in this offering. To the extent that the underwriters create a naked short position, they will purchase shares in the open market to cover the position.

The underwriters have advised us that, pursuant to Regulation M of the Securities Act, they may also engage in other activities that stabilize, maintain, or otherwise affect the price of the common stock, including the imposition of penalty bids. This means that if the representatives of the underwriters purchase common stock in the open market in stabilizing transactions or to cover short sales, the representatives can require the underwriters that sold those shares as part of this offering to repay the underwriting discount received by them.

These activities may have the effect of raising or maintaining the market price of the common stock or preventing or retarding a decline in the market price of the common stock, and, as a result, the price of the common stock may be higher than the price that otherwise might exist in the open market. If the underwriters commence these activities, they may discontinue them at any time. The underwriters may carry out these transactions on Nasdaq, in the over-the-counter market or otherwise.

Prior to this offering, there has been no public market for our common stock. The initial public offering price will be determined by negotiations between us and the representatives of the underwriters. In determining the initial public offering price, we and the representatives of the underwriters expect to consider a number of factors, including:

- the information set forth in this prospectus and otherwise available to the representatives;
- our prospects and the history and prospects for the industry in which we compete;
- an assessment of our management;
- our prospects for future earnings;
- the general condition of the securities markets at the time of this offering;
- the recent market prices of, and demand for, publicly traded common stock of generally comparable companies; and

- other factors deemed relevant by the underwriters and us.

Neither we nor the underwriters can assure investors that an active trading market will develop for our common stock, or that the shares will trade in the public market at or above the initial public offering price.

Other than in the United States, no action has been taken by us or the underwriters that would permit a public offering of the securities offered by this prospectus in any jurisdiction where action for that purpose is required. The securities offered by this prospectus may not be offered or sold, directly or indirectly, nor may this prospectus or any other offering material or advertisements in connection with the offer and sale of any such securities be distributed or published in any jurisdiction, except under circumstances that will result in compliance with the applicable rules and regulations of that jurisdiction. Persons into whose possession this prospectus comes are advised to inform themselves about and to observe any restrictions relating to the offering and the distribution of this prospectus. This prospectus does not constitute an offer to sell or a solicitation of an offer to buy any securities offered by this prospectus in any jurisdiction in which such an offer or a solicitation is unlawful.

Certain of the underwriters and their affiliates have provided in the past to us and our affiliates and may provide from time to time in the future certain commercial banking, financial advisory, investment banking, and other services for us and such affiliates in the ordinary course of their business, for which they have received and may continue to receive customary fees and commissions. In addition, from time to time, certain of the underwriters and their affiliates may effect transactions for their own account or the account of customers, and hold on behalf of themselves or their customers, long or short positions in our debt or equity securities or loans, and may do so in the future. Certain of the underwriters and/or certain of their affiliates are lenders and/or agents under the Credit Facilities, and accordingly, are entitled to fees and expenses in connection therewith.

Certain of the underwriters and/or certain of their affiliates are lenders under our First Lien Credit Facility and/or our Second Lien Credit Facility, and, as a result, will receive a portion of the net proceeds from this offering.

Notice to prospective investors in the European Economic Area and the United Kingdom

- (c) in any other circumstances falling within Article 1(4) of the Prospectus Regulation;

provided that no such offer of shares shall require us or any underwriter to publish a prospectus pursuant to Article 3 of the Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation, and each person who initially acquires any shares or to whom any offer is made will be deemed to have represented, acknowledged and agreed to and with each of the underwriters and us that it is a "qualified investor" within the meaning of Article 2(e) of the Prospectus Regulation. In the case of any shares being offered to a financial intermediary as that term is used in the Prospectus Regulation, each such financial intermediary will be deemed to have represented, acknowledged and agreed that the shares acquired by it in the offer have not been acquired on a non-discretionary basis on behalf of, nor have they been acquired with a view to their offer or resale to, persons in circumstances which may give rise to an offer of any shares to the public other than their

offer or resale in a Relevant State to qualified investors as so defined or in circumstances in which the prior consent of the underwriters has been obtained to each such proposed offer or resale.

For the purposes of this provision and the following provision, the expression "offer to the public" in relation to shares in any Relevant State means the communication in any form and by any means of sufficient information on the terms of the offer and any shares to be offered so as to enable an investor to decide to purchase or subscribe for any shares, and the expression "Prospectus Regulation" means Regulation (EU) 2017/1129.

Waystar Holding Corp.

Notes to consolidated financial statements

1. Business

Waystar Holding Corp. (“Waystar”, “we” or “our”) is a provider of mission-critical cloud technology to healthcare organizations. Our enterprise-grade platform transforms the complex and disparate processes comprising healthcare payments received by healthcare providers from payers and patients, from pre-service engagement through post-service remittance and reconciliation. Our platform enhances data integrity, eliminates manual tasks, and improves claim and billing accuracy, which results in better transparency, reduced labor costs, and faster, more accurate reimbursement and cash flow. The market for our solutions extends throughout the United States and includes Puerto Rico and other US Territories.

On August 24, 2021, we completed the acquisition of Patientco Holdings, Inc. (“Patientco”), (see Note 5 for details of the Patientco Acquisition). This acquisition allows us to improve the patient financial experience while simplifying how providers receive and process payments from patients both before and after care delivery.

Risk and Uncertainties—We are subject to risks common to companies in similar industries, including, but not limited to, our operation in a highly competitive industry, our ability to retain our existing clients and attract new clients, our ability to establish and maintain strategic relationships, the growth and success of our clients and overall healthcare transaction volumes, consolidation in the healthcare industry, our selling cycle of variable length to secure new client agreements, our implementation cycle that is dependent on our clients’ timing and resources, our ability to develop and market new solutions, or enhance our existing solutions, to respond to technological changes or evolving industry standards, the interoperability, connectivity, and integration of our solutions with our clients’ and their vendors’ networks and infrastructures, the performance and reliability of internet, mobile, and other infrastructure, the consequences if we cannot obtain, process, use, disclose, or distribute the highly regulated data we require to provide our solutions, impact of government regulations on our market, and our reliance on certain third-party vendors and providers.

On occasion, we enter into standard indemnification arrangements in the ordinary course of business. Pursuant to these arrangements, we indemnify, hold harmless, and agree to reimburse the indemnified parties for losses suffered or incurred by the indemnified party, in connection with any trade secret, copyright, patent, or other intellectual property infringement claim by any third-party with respect to its technology. The terms of these indemnification agreements are generally perpetual any time after the execution of the agreement. The maximum potential future payments we could be required to make under these agreements is not determinable because it involves claims that may be made against us in the future but have not yet been made. Historically, we have not incurred costs to defend lawsuits or settle claims related to these indemnification agreements.

We have entered into agreements with our directors or officers that may require us to indemnify them against liabilities that may arise by reason of their status or service as directors or officers, other than liabilities arising from their willful misconduct.

No liability associated with such indemnifications was recorded as of December 31, 2022 and 2021.

2. Summary of significant accounting policies

Basis of financial statement presentation

The financial statements include the consolidated balance sheets, statements of operations, statements of comprehensive loss, statements of changes in stockholders’ equity, and statements of cash flows of Waystar and its subsidiaries and have been prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Emerging growth company status

We are an emerging growth company, as defined in the Jumpstart Our Business Startups Act (the "JOBS Act"). Under the JOBS Act, emerging growth companies can delay adopting new or revised accounting standards issued subsequent to the enactment of the JOBS Act until such time as those standards apply to private companies. We have elected to use this extended transition period for complying with new or revised accounting standards that have different effective dates for public and private companies until the earlier of the date that we (i) are no longer an emerging growth company or (ii) affirmatively and irrevocably opt out of the extended transition period provided in the JOBS Act. As a result, these financial statements may not be comparable to companies that comply with the new or revised accounting pronouncements as of public company effective dates.

Segment information

Operating segments are defined as components of an enterprise about which separate financial information is evaluated regularly by the chief operating decision maker in deciding how to allocate resources and assessing performance. We define the term "chief operating decision maker" to be our Chief Executive Officer. Our Chief Executive Officer reviews the financial information presented on an entire company basis for purposes of allocating resources and evaluating our financial performance. Accordingly, we have determined that we operate in a single reportable operating segment. Since we operate in one operating segment, all required financial segment information can be found in the financial statements.

Use of estimates

The preparation of the consolidated financial statements in conformity with GAAP requires us to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities as of the date of the financial statements, and the reported amounts of revenues and expenses during the reporting periods. Significant estimates and assumptions are used for, but are not limited to: (1) revenue recognition, including estimated expected customer life; (2) recoverability of accounts receivable and taxes receivable; (3) impairment assessment of goodwill and long-lived intangible assets; (4) fair value of intangibles acquired in business combinations; (5) litigation reserves; (6) depreciation and amortization; (7) fair value of stock options issued to employees and assumed as part of business combinations; (8) fair value of interest rate swaps; and (9) leases, including incremental borrowing rate. Future events and their effects cannot be predicted with certainty, and accordingly, accounting estimates require the exercise of judgment. We evaluate and update assumptions and estimates on an ongoing basis and may employ outside experts to assist in evaluations. Actual results could differ from the estimates used.

Principles of consolidation

The accompanying consolidated financial statements include the accounts of Waystar Holding Corp. and its subsidiaries. All material intercompany balances and transactions have been eliminated.

Revenue recognition

We derive revenue primarily from providing access to our solutions for use in the healthcare industry and in doing so generate two types of revenue: (i) subscription revenue and (ii) volume-based revenue, which account for 99% of total revenue for all periods presented. We also derive revenue from implementation fees for our software, as well as hardware sales to facilitate patient payments.

We recognize revenue in accordance with ASC Topic 606, *Revenue from Contracts with Customers* ("ASC 606"), through the following five steps:

- identification of the contract, or contracts, with a client;
- identification of the performance obligations in the contract;
- determination of the transaction price;
- allocation of the transaction price to the performance obligations in the contract; and
- recognition of revenue when, or as, we satisfy a performance obligation

Our customers, referred to as clients elsewhere in this prospectus, represent healthcare providers across all types of care settings, including physician practices, clinics, surgical centers, and laboratories, as well as large hospitals and health systems.

We account for a contract when it has approval and commitment from both parties, the rights of the parties are identified, payment terms are identified, the contract has commercial substance and collectability of consideration is probable. The length of our contracts vary but are typically two to three years and generally renew automatically for successive one-year terms. Our revenue is reported net of applicable sales and use tax and is recognized as, or when, control of these services or products are transferred to clients, in an amount that reflects the consideration we expect to be entitled to in exchange for the contract's performance obligations.

Revenue from our subscription services as well as from our volume-based services represents a single promise to provide continuous access (i.e., a stand-ready obligation) to our software solutions in the form of a service. Our software products are made available to our clients via a cloud-based, hosted platform where our clients do not have the right or practical ability to take possession of the software. As each day of providing access to the software solutions is substantially the same and the client simultaneously receives and consumes the benefits as services are provided, these services are viewed as a single performance obligation comprised of a series of distinct daily services.

Revenue from our subscription services is recognized over time on a ratable basis over the contract term beginning on the date that the service is made available to the client. Volume-based services are priced based on transaction, dollar volume or provider count in a given period. Given the nature of the promise is based on unknown quantities or outcomes of services to be performed over the contract term, the volume-based fee is determined to be variable consideration. The volume-based transaction fees are recognized each day using a time-elapsed output method based on the volume or transaction count at the time the clients' transactions are processed.

Our other services are generally related to implementation activities across all solutions and hardware sales to facilitate patient payments. Implementation services are not considered performance obligations as they do not provide a distinct service to clients without the use of our software solutions. As such, implementation fees related to our solutions are billed upfront and recognized ratably over the contract term. Implementation fees and hardware sales represent less than 1% of total revenue for all periods presented.

Our contracts with clients typically include various combinations of our software solutions. Determining whether such software solutions are considered distinct performance obligations that should be accounted for separately versus together requires significant judgment. Specifically, judgment is required to determine whether access to the Company's SaaS solutions is distinct from other services and solutions included in an arrangement.

We follow the requirements of ASC 606-10-55-36 through -40, Revenue from Contracts with Customers, Principal Agent Considerations, in determining the gross versus net revenue presentations for our performance obligations in the contract with a client. Revenue recorded where we act in the capacity of a principal is reported on a gross basis equal to the full amount of consideration to which we expect in exchange for the good or service transferred. Revenue recorded where we act in the capacity of an agent is reported on a net basis, exclusive of any consideration provided to the principal party in the transaction.

The principal versus agent evaluation is a matter of judgment that depends on the facts and circumstances of the arrangement and is dependent on whether we control the good or service before it is transferred to the client or whether we are acting as an agent of a third party. This evaluation is performed separately for each performance obligation identified. For the majority of our contracts, we are considered the principal in the transaction with the client and recognize revenue gross of any related channel partner fees or costs. We have certain agency arrangements where third parties control the goods or services provided to a client and we recognize revenue net of any fees owed to these third parties.

Payment terms and conditions vary by contract type, although our standard payment terms generally require payment within 30 to 60 days. In instances where the timing of revenue recognition differs from the timing of

payment, we have determined our contracts do not generally include a significant financing component. The primary purpose of our invoicing terms is to provide clients with simplified and predictable ways of purchasing our products and services, not to receive financing from our clients or to provide clients with financing.

Contract costs*Incremental costs of obtaining a contract*

Incremental costs of obtaining a contract primarily include commissions paid to our internal sales personnel. We consider all such commissions to be both incremental and recoverable since they are only paid when a contract is secured. These capitalized costs are amortized on a straight-line basis over the expected period of benefit, which is determined based on the average customer life, which includes anticipated renewals of contracts. As of December 31, 2022, and 2021, the total unamortized costs reported as deferred costs on our balance sheet amounted to \$18.8 million and \$12.6 million, respectively, for internal sales commissions. For the years ended December 31, 2022 and 2021, amortization related to the sales commission asset was \$4.9 million and \$2.4 million, respectively, and is included in sales and marketing in our consolidated statements of operations.

Costs to fulfill a contract

We capitalize costs incurred to fulfill contracts that i) relate directly to the contract, ii) are expected to generate resources that will be used to satisfy performance obligations under the contract, and iii) are expected to be recovered through revenue generated under the contract. Costs incurred to implement clients on our solutions (e.g., direct labor) are capitalized and amortized on a straight-line basis over the estimated customer life if we expect to recover those costs. As of December 31, 2022, and 2021, the total unamortized costs reported as deferred costs on our balance sheet amounted to \$32.8 million and \$21.6 million, respectively, for fulfillment costs. For the years ended December 31, 2022 and 2021, amortization related to the fulfillment cost asset was \$5.8 million and \$3.1 million, respectively, and is included in the costs of revenue in our consolidated statements of operations.

There were no impairment losses relating to deferred costs during the fiscal years ended December 31, 2022 and 2021.

Channel partners

We account for fees paid to channel partners within sales and marketing expenses in the accompanying statement of operations. For the years ended December 31, 2022 and 2021, we paid all channel partners \$46.0 million and \$40.7 million, respectively, for fees. As we are primarily responsible for contracting with and fulfilling contracts for the end user, we record revenue gross of related channel partner fees.

Cash and cash equivalents

We consider highly liquid investments with an original maturity of three months or less to be cash equivalents. We maintain our cash in bank deposit accounts, which, at times, may exceed federally insured limits. We have not experienced any credit losses in such accounts.

Restricted cash

For a fee, we provide lockbox solutions through a banking institution to certain clients. When participating customers' cash is received from their clients or patients, it is deposited in a lockbox account owned by us and is contractually required to be disbursed to the participating clients the following day. Any funds residing in these accounts are categorized as restricted cash.

Our restricted cash balance also consists of cash collected on behalf of healthcare providers from patients that has yet to be remitted to the providers. There is also an associated liability corresponding to cash held for others.

Accounts receivable

Accounts receivable are primarily generated from billings related to our cloud-based technology and do not bear interest. Unbilled accounts receivable arise when services have been rendered for which revenue has been recognized but the customers have not been billed. Substantially all accounts receivable are from companies in the healthcare service industry. Accounts receivable are net of an allowance for doubtful accounts and are considered past due when they are outstanding beyond agreement terms. We estimate the allowance for doubtful accounts based primarily on an analysis of historical collections experience, review of accounts receivable aging schedules, and specific identification of individual clients management believes to be at risk. If additional amounts become uncollectible, they will be charged to operations when that determination is made. Accounts receivable are written off against the allowance for doubtful accounts once all collection efforts have been exhausted, and recovery is deemed remote. If amounts previously written off are collected, they will be included as a deduction in general and administrative expense when received. Credit is extended based on historical experience with similar clients. Generally, collateral is not required.

Changes in the allowance for doubtful accounts are as follows (in thousands):

	December 31,	
	2022	2021
Beginning balance	\$(3,713)	\$(3,019)
Provision for losses on receivables	(2,518)	(2,563)
Write-offs	2,237	2,398
Recoveries	(483)	(529)
Ending Balance	\$(4,477)	\$(3,713)

Property and equipment

Property and equipment are stated at cost. Depreciation of property and equipment is computed using the straight-line method for financial reporting purposes at rates based on the estimated useful lives and pattern of usage of the assets. The estimated useful lives of the assets are 5 years for computer hardware and office equipment, 7 years for furniture and fixtures, and 40 years for buildings. Purchased computer software is depreciated over the estimated useful life of 3–5 years. Leasehold improvements are amortized over the life of the lease or their estimated useful lives, whichever is shorter. We evaluate the useful lives of these assets and test for impairment whenever events or changes in circumstances occur that could impact the recoverability of these assets.

Expenditures for major renewals and betterments that extend the useful lives of property and equipment are capitalized. Expenditures for maintenance and repairs are charged to expense as incurred. Refer to Note 6 for more information on property and equipment.

Software licenses and maintenance contracts

Software licenses and prepaid software maintenance contracts are accounted for as prepaid expenses and are amortized over the related service period, which is typically twelve months or less. In instances where contracts exceed twelve months, a portion of the contract is recorded as other long-term assets. At December 31, 2022 and 2021, total unamortized costs of \$4.0 million and \$2.9 million, respectively, were included in prepaid expenses. At December 31, 2022 and 2021, total unamortized costs of \$0.3 million and \$0.3 million, respectively, were included in other long-term assets.

Long-lived assets

Long-lived assets are amortized over their useful lives. We evaluate the remaining useful life of long-lived assets periodically to determine if events or changes in circumstances warrant a revision to the remaining period of amortization. The carrying amounts of these assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying value of these assets may not be recoverable. We measure the

recoverability of these assets by comparing the carrying amount of the asset group to the future undiscounted cash flows the assets are expected to generate. If the undiscounted cash flows used in the test for recoverability are less than the carrying amount of the asset groups, then the carrying amount of such assets is reduced to fair value. Refer to Notes 6, 7, and 8 for more information on long-lived assets.

Goodwill

We account for goodwill under the provisions of Accounting Standards Codification (“ASC”) 350, Intangibles—Goodwill and Other. Goodwill is not amortized but is evaluated for impairment annually on October 1st or whenever there is an impairment indicator. There was no impairment to goodwill for the years ended December 31, 2022 and 2021. Refer to Note 7 for more information on goodwill.

Deferred offering costs

We capitalize within other assets certain legal, accounting and other third-party fees that are directly related to our in-process equity financings, including the planned initial public offering, until such financings are consummated. After consummation of the equity financing, these costs are recorded as a reduction of the proceeds received as a result of the offering. Should a planned equity financing be abandoned, terminated or significantly delayed, the deferred offering costs are immediately written off to operating expenses. There were no deferred offering costs capitalized as of December 31, 2022 and 2021.

Capitalized software development costs

We capitalize internal-use software costs under the provisions of ASC 350 which includes costs incurred in connection with the development of new software solutions and enhancements to existing software solutions that are expected to result in increased functionality. The costs incurred in the preliminary stages of development are expensed as incurred. Once the software has reached the development stage, internal and external costs, if direct and incremental, are capitalized until the software is complete and available for general release. Capitalized software development costs are recorded in property and equipment and are amortized on a straight-line basis over their estimated useful life of two years. We evaluate the useful lives of these assets and test for impairment whenever events or changes in circumstances occur that could impact the recoverability of these assets. There were no impairments of capitalized software development costs for the years ended December 31, 2022 and 2021.

Research and development costs

Research and development (“R&D”) costs consist primarily of personnel and related expenses for employees engaged in research and development activities as well as third-party fees. All such costs are expensed as incurred, except for capitalized software development costs.

Debt issuance costs

Debt issuance costs, net of amortization, are reflected on our balance sheet as a direct reduction in the carrying amount of our long-term debt. In addition, debt issuance costs, net of amortization, related to our revolver debt are included in other assets. Debt issuance costs include direct financing fees, bank origination fees, amendment fees, legal and other fees incurred in obtaining long-term debt. Debt issuance costs are amortized over the respective term of the debt instruments using the effective interest method, and amortization charges are included in interest expense.

Derivative instruments

We hold one interest rate swap maturing on October 31, 2024 and held two interest rate swaps that matured on November 30, 2022 designated as cash flow hedges to a portion of our outstanding debt. At inception and on an ongoing basis, we assess whether our swaps qualify for hedge accounting. These interest rate swaps have been deemed highly effective under ASC 815 so they meet the hedge accounting treatment criteria and qualify for

hedge accounting. The swaps have been recorded on the balance sheet at fair value as either assets or liabilities and any changes to the fair value are recorded through accumulated other comprehensive income and reclassified into interest expense in the same period in which the hedged transaction is recognized in earnings. Cash flows from interest rate swaps are reported in the same category as the cash flows from the items being hedged.

Fair value of financial instruments

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. It also establishes a three-level hierarchy that prioritizes the inputs used to measure fair value. The three levels of the hierarchy are defined as follows:

- Level 1—Observable inputs that reflect quoted prices (unadjusted) for identical assets and liabilities in active markets.
- Level 2—Include other inputs that are directly or indirectly observable in the marketplace.
- Level 3—Unobservable inputs which are supported by little or no market activity.

As of December 31, 2022 and 2021, the carrying value of cash equivalents, accounts receivable, accounts payable, accrued liabilities, and other current assets and liabilities approximates fair value due to the short maturities of these instruments. Swaps are Level 2 instruments whose fair value is derived from discounted cash flows adjusted for nonperformance risk. The fair value of the amount outstanding under our term debt approximates the carrying values due to their variable market-based interest rates (Level 2).

Stock-based compensation

We measure and recognize compensation expense for all stock-based payment awards made to employees and members of the board of directors based on estimated fair values and when vesting criteria is assessed as probable of being achieved. We utilize the straight-line vesting method to recognize compensation expense for all service-based payment awards. The value of the portion of the award that is ultimately expected to vest is recognized as expense over the requisite service periods in the consolidated statement of operations. Such expense consists of stock-based compensation expense related to stock option grants to employees and directors. See Note 16 for additional information.

We estimate the fair value of stock-based payment awards on the date of grant using the Black-Scholes option pricing model ("Black-Scholes"). We account for forfeitures as they occur. Our determination of fair value is affected by an estimate of our stock value as well as assumptions regarding several highly complex and subjective variables. These variables include, but are not limited to, our expected stock price volatility over the term of the awards and the expected term of the awards. We estimate expected stock price volatility using historical data of a peer group of public companies.

Advertising costs

We expense advertising costs as incurred. Advertising expense amounted to approximately \$10.9 million and \$10.0 million for the years ended December 31, 2022 and 2021, respectively.

Income taxes

Income taxes are accounted for under the asset and liability method. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred income tax assets and liabilities of a change in tax rates is recognized in income tax expense in the period that includes the enactment date. A valuation allowance is provided against deferred tax assets if it is more-likely-than-not that some portion or all of the deferred tax assets will not be realized. Any change in the valuation allowance is charged to income tax expense

in the period such determination was made. Deferred tax balances are presented as noncurrent liabilities. See Note 9 for additional information.

We evaluate tax positions taken or expected to be taken in the course of preparing our tax returns to determine whether the tax positions are more-likely-than-not of being sustained upon examination by the applicable tax authority, based on the technical merits of the tax position, and then recognizing the tax benefit that is more-likely-than-not to be realized.

Interest and penalties on material uncertain tax positions are classified as interest expense and operating expense, respectively.

Loss contingencies

In accordance with ASC 450, Contingencies, estimated losses from contingencies are accrued when both of the following conditions are met: (1) it is probable a loss has been incurred; and (2) the amount of loss can be reasonably estimated. Any legal fees are recognized as incurred.

Recently issued accounting pronouncements

In July 2023, the FASB issued ASU 2023-03 to amend various SEC paragraphs in the Accounting Standards Codification to primarily reflect the issuance of SEC Staff Accounting Bulletin No. 120. ASU No. 2023-03, "Presentation of Financial Statements (Topic 205), Income Statement—Reporting Comprehensive Income (Topic 220), Distinguishing Liabilities from Equity (Topic 480), Equity (Topic 505), and Compensation—Stock Compensation (Topic 718): Amendments to SEC Paragraphs Pursuant to SEC Staff Accounting Bulletin No. 120, SEC Staff Announcement at the March 24, 2022 EITF Meeting, and Staff Accounting Bulletin Topic 6.B, Accounting Series Release 280—General Revision of Regulation S-X: Income or Loss Applicable to Common Stock." ASU 2023-03 amends the ASC for SEC updates pursuant to SEC Staff Accounting Bulletin No. 120; SEC Staff Announcement at the March 24, 2022 Emerging Issues Task Force Meeting; and Staff Accounting Bulletin Topic 6.B, Accounting Series Release 280—General Revision of Regulation S-X: Income or Loss Applicable to Common Stock. These updates were immediately effective and did not have a significant impact on our financial statements.

In March 2020, the FASB issued ASU No. 2020-04, as amended by ASU No. 2021-01, which created Topic 848—Reference Rate Reform. ASU No. 2020-04 contains optional practical expedients for reference rate reform related activities that impact debt, leases, derivatives and other contracts which may be elected over time as activities occur. Among other things, the ASU intends to ease the transition from London Interbank Offered Rates ("LIBOR") to an alternative reference rate. During the year ending December 31, 2020, we elected to apply the hedge accounting expedients related to probability and the assessments of effectiveness for future LIBOR-indexed cash flows to assume that the index upon which future hedged transactions will be based matches the index on the corresponding derivatives. Application of these expedients preserves the presentation of derivatives consistent with past presentation. We continue to evaluate the impacts of ASU No. 2020-04 and may apply other elections as reference rate reform activities progress.

In February 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2016-02, Leases (Topic 842). We adopted this standard on January 1, 2022 using the modified retrospective approach. As a result, the comparative financial information has not been updated and the required disclosures prior to the date of adoption have not been updated and continue to be reported under the accounting standards in effect for those periods. ASC 842 also permitted the election of certain practical expedients upon adoption. We elected the transition package of practical expedients which allowed us to carryforward the historical lease classification. We also elected the practical expedient to not separate lease and non-lease components for all leases entered into after the date of adoption. Finally, we elected the hindsight practical expedient which required us to assess the lease term for all existing leases. The adoption of this standard had a significant impact on our consolidated balance sheet. There was no significant impact to our results of operations or cash flows. This standard did not have a significant impact on our liquidity or on our compliance with our financial covenants associated with our credit facilities. Refer to Note 8 for further details.

In June 2016, the FASB issued ASU 2016-13, Financial Instruments—Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments. This amendment requires measurement and recognition of expected versus incurred losses for financial assets held. The amendment is effective for us for the year ending December 31, 2023, and early adoption is permitted. We do not believe this standard will have a significant impact on our consolidated financial statements and related disclosures.

In December 2019, the FASB issued ASU 2019-12, Income Taxes (Topic 740): Simplifying the Accounting for Income Taxes (“ASU 2019-12”) as part of its overall simplification initiative to reduce costs and complexity of applying accounting standards. ASU 2019-12 removes certain exceptions from Topic 740, Income Taxes, including (i) the exception to the incremental approach for intra period tax allocation; (ii) the exception to accounting for basis differences when there are ownership changes in foreign investments; and (iii) the exception in interim period income tax accounting for year-to-date losses that exceed anticipated losses. ASU 2019-12 also simplifies U.S. GAAP in several other areas of Topic 740 such as (i) franchise taxes and other taxes partially based on income; (ii) transactions with a government that result in a step up in the tax basis of goodwill; (iii) separate financial statements of entities not subject to tax; and (iv) enacted changes in tax laws in interim periods. We adopted this standard as of January 1, 2022 using the prospective approach. The adoption of this standard did not have a significant impact on our consolidated financial statements and related disclosures.

In October 2021, the FASB issued ASU 2021-08, Business Combinations (Topic 805): Accounting for Contract Assets and Contract Liabilities from Contracts with Customers. This standard requires an entity (acquirer) recognize and measure contract assets and contract liabilities acquired in a business combination in accordance with Topic 606. At the acquisition date, an acquirer should account for the related revenue contracts in accordance with Topic 606 as if it had originated the contracts. To achieve this, an acquirer may assess how the acquiree applied Topic 606 to determine what to record for the acquired revenue contracts. Generally, this should result in an acquirer recognizing and measuring the acquired contract assets and contract liabilities consistent with how they were recognized and measured in the acquiree’s financial statements (if the acquiree prepared financial statements in accordance with GAAP). The amendment is effective for us for the year ending December 31, 2024, and early adoption is permitted. We are currently evaluating the effect of the adoption of this amendment on our consolidated financial statements.

3. Revenue recognition

Disaggregation of revenue

The following table presents revenues disaggregated by revenue type and the timing of revenue recognition (in thousands):

	Recognition	Year ended December 31,	
		2022	2021
Subscription revenue	Over time	\$ 366,717	\$ 334,475
Volume-based revenue	Over time	335,452	241,886
Implementation services and other revenue	Various	2,705	2,204
Total revenues		\$ 704,874	\$ 578,565

Contract liabilities

We derive our revenue from contracts with clients primarily through subscription fees and volume-based fees. Our payment terms with the client generally comprise an initial payment for implementation services, which includes client enrollment and the setup of contracted solutions on our platform. These implementation fees are due upon contract execution. Additionally, subscription fees are earned on an ongoing basis, which are invoiced monthly.

Client payments received in advance of fulfilling the corresponding performance obligations are recorded as contract liabilities. Implementation fees are recognized over the customer life, with any unrecognized amounts deferred as contract liabilities. These amounts are reported as deferred revenue on our consolidated balance sheet.

The following table presents activity impacting deferred revenue balances (in thousands):

	December 31,	
	2022	2021
Beginning balance	\$ 17,771	\$13,845
Revenue recognized	(11,701)	(9,576)
Additional amounts deferred	10,384	13,502
Ending balance	\$ 16,454	\$17,771

Transaction price allocated to remaining performance obligations

At December 31, 2022, the transaction price related to unsatisfied performance obligations that are expected to be recognized for the next 12 months and greater than 12 months was \$22.5 million and \$8.9 million, respectively.

The transaction price allocated to performance obligations that are unsatisfied (or partially unsatisfied) for executed contracts does not include revenue related to performance obligations that are part of a contract with an original expected duration of one year or less. Additionally, the balance does not include variable consideration that is allocated entirely to wholly unsatisfied promises that form part of a single performance obligation comprised of a series of distinct daily services.

Remaining performance obligation estimates are subject to change and are affected by several factors, including terminations and changes in the timing and scope of contracts, arising from contract modifications.

4. Fair value measurements and disclosures

The following table presents the fair value hierarchy for financial assets and liabilities measured at fair value on a recurring basis (in thousands):

Balance sheet classification		Carrying value	Level 1	Level 2	Level 3
December 31, 2022					
Financial assets:					
Interest rate swaps	Other current assets; other long-term assets	\$ 39,529	\$ —	\$39,529	\$ —
December 31, 2021					
Financial assets:					
Interest rate swaps	Other long-term assets	\$ 6,654	\$ —	\$ 6,654	\$ —
Financial liabilities:					
Interest rate swaps	Other accrued expenses	\$ 7,329	\$ —	\$ 7,329	\$ —

The fair values of our interest rate swaps are based on the sum of all future net present value cash flows. The future cash flows are derived based on the terms of our interest rate swaps, as well as considering published discount factors, and projected LIBOR. At December 31, 2022, the fair value of the swap designated as a hedging instrument amounts to \$23.9 million included in other current assets and \$15.6 million included in other long-term assets. At December 31, 2021, the fair value of the three interest rate swaps designated as hedging instruments amount to \$6.7 million included in other long-term assets and \$7.3 million included in other accrued expenses. The fair value of long-term debt was determined using the present value of future cash flows based on the borrowing rates currently available for debt with similar terms and maturities. The carrying value of our first lien term loan facility was \$1,748.8 million and \$1,766.8 million compared to a fair value of \$1,716.0 million and \$1,764.6 million at December 31, 2022 and 2021, respectively. The carrying value of our second lien term loan facility approximated fair value at December 31, 2022 and 2021. There were no transfers in or out of Level 3 during years ended December 31, 2022 and 2021.

5. Acquisitions

Patientco acquisition

On August 24, 2021, we completed the acquisition of 100% of the capital stock of Patientco. We accounted for the acquisition as a business combination using the acquisition method of accounting. The total consideration paid was allocated to the net tangible and identifiable intangible assets acquired based on their fair values at the acquisition date. The excess consideration paid over the fair value of the net tangible and identifiable intangible assets acquired was recorded as goodwill. Goodwill for the acquisition primarily represents future customer relationships, future technology, and assembled workforce. The goodwill is not deductible for tax purposes. We have included the financial results of Patientco in the consolidated financial statements subsequent to the date of acquisition.

The acquisition date fair value of the consideration paid for Patientco was \$456.0 million which consisted of the following (in thousands):

Initial cash consideration	\$443,516
Rollover equity	12,505
Total	\$456,021

The rollover equity included \$12.5 million of shares, which was recorded as an increase to additional paid in capital.

The following table summarizes the estimated fair values of assets acquired and liabilities assumed as of the acquisition date (in thousands):

Cash and cash equivalents	\$ 3,565

The fair values of the tangible assets were determined primarily using the income approach. The fair values of the acquired identifiable intangible assets were determined using Level 3 inputs such as discounted cash flows which are not observable in the market. Intangible assets acquired from the acquisition include customer relationships, developed technologies, and trade names and trademarks which are all amortized on a straight-line basis approximating the use of the assets. The useful lives of the acquired identifiable intangible assets are

19 years for customer relationships, 8 years for developed technology, and 2 years for trade names and trademarks. The weighted-average remaining useful life for all acquired intangibles is 14.0 years.

Total acquisition costs of \$1.4 million were expensed as incurred and recorded in general and administrative expense in the statement of operations.

We recorded a net deferred tax liability of \$14.7 million at the time of the acquisition. The deferred tax liability was primarily recorded as a result of acquired intangible assets.

8. Leases

We adopted ASU 2016-02 as of January 1, 2022, exercising the optional transition method. Therefore, we did not restate the comparative periods. Under the transition method, we applied the legacy leasing guidance, ASC 840, including its disclosure requirements, for the comparative periods presented. Leases held on or after January 1, 2022 are presented under ASC 842. We recorded a right-of-use asset of \$19.7 million and a lease liability of \$24.5 million. Additionally, we recorded a reclassification of \$0.1 million from other accrued expenses and \$4.8 million from other long-term liabilities, related to deferred rent, cease-use lease liabilities, and tenant improvement liabilities related to the implementation of ASC 842. Our lease agreements do not contain any material residual value guarantees or material restrictive covenants.

We determine whether a contract is or contains a lease at inception. At the lease commencement date, we record a liability for the lease obligation and a corresponding asset representing the right to use the underlying asset over the lease term. Leases with an initial term of 12 months or less are not recorded on the consolidated balance sheet and are recognized in expense using a straight-line basis for all asset classes. Variable lease payments are expensed as incurred, which primarily include maintenance costs, services provided by the lessor, and other charges reimbursed to the lessor.

We lease office space and data center facilities with remaining lease terms ranging from one year to 11 years, some of which contain renewal options. The exercise of these options is at our sole discretion.

Certain of our leases contain lease and non-lease components. For leases held on or after January 1, 2022, we have elected the practical expedient under ASC 842-10-15-37 for all asset classes which allows companies to account for lease and non-lease components as a single lease component.

Our leases do not contain an implicit rate of return; therefore, an incremental borrowing rate was determined. We assessed which rate would be most reflective of a reasonable rate we would be able to borrow based on credit rating and lease term.

Finance lease right-of-use assets of \$17.6 million and \$19.2 million as of December 31, 2022 and December 31, 2021, respectively, are included in property and equipment, net on the consolidated balance sheet.

During the year ended December 31, 2022, we recognized no expense for interest and penalties related to unrecognized tax benefits. The above unrecognized tax benefits are recorded as an increase in the deferred tax liability in the accompanying balance sheet. Years 2018 to 2021 remain open to examination by federal, state, or local tax authorities.

At December 31, 2022, we had net operating loss ("NOL") carryforwards, consisting of approximately \$7.3 million of tax effected Federal NOLs that expire beginning in 2029 and \$10.6 million of tax effected state NOLs net of federal benefit that expire beginning in 2029, limited under provisions of Internal Revenue Code Section 382.

10. Accounts receivable securitization

On August 13, 2021, we entered into a receivables financing agreement with a counterparty as the lender, which provided for a three-year receivables facility with a limit of \$50.0 million (the "Receivables Facility"). As of December 31, 2022 and 2021, \$50.0 million was outstanding under the Receivables Facility.

Pursuant to the Receivables Facility, we sell and/or contribute current and future receivables to Waystar RC, LLC as the Special Purpose Entity ("SPE"). The SPE, in turn, pledges its interests in the receivables to the counterparty, which either makes loans or issues letters of credit on behalf of the SPE.

All receivables remain on our balance sheet as they continue to be the property of our consolidated entities under the securitization.

The interest rate under the Receivables Facility is 2.00% per annum above the LIBOR rate with a minimum base of 0%. The LIBOR is adjusted each thirty-day period to the thirty-day LIBOR rate. Interest under the Receivables Facility is paid monthly in arrears. The effective interest rate for the Receivables Facility is 2.64%.

All principal under the Receivables Facility is due on August 12, 2024.

The Receivables Facility contains certain covenants which, among other things, require we maintain certain collection thresholds with respect to our accounts receivable. We were in compliance with all such debt covenants during the periods presented.

11. Debt

Debt instruments consist primarily of term loans, our revolving credit facility, and the Receivables Facility as follows (in thousands):

First and second lien term loan facilities

On October 22, 2019, we entered into a first lien credit agreement (the "First Lien Credit Agreement"), which initially provided for a first lien term loan of \$825.0 million and a revolving credit facility of \$125.0 million. On March 24, 2021, we entered into a debt repricing agreement ("2021 Debt Repricing") related to the 2020 Incremental First Lien Term Loans to take advantage of preferential market rates, aligning its rates with the rest of the 2019 First Lien Term Loans. On August 24, 2021, we increased the first lien term loans by an incremental \$247.0 million (the "2021 Incremental First Lien Term Loans") to a total of \$1,792.0 million in conjunction with the acquisition of Patientco. We refer to the term loan facilities under the First Lien Credit Agreement as the "First Lien Credit Facility" and the revolving credit facility under the First Lien Credit Agreement as the "Revolving Credit Facility." The First Lien Credit Facility matures on October 21, 2026, and the Revolving Credit Facility matures on October 21, 2024. Our lenders under the First Lien Credit Facility include Bain Affiliated Funds and CPPIB Credit Investments III Inc., affiliates of Bain Capital LP and Canada Pension Plan Investment Board, respectively (together, the "Affiliated Debtholders"). See Note 12, Related Party Transactions. Substantially all of our assets are pledged as collateral under the debt.

The interest rate under the 2021 Incremental Second Lien Term Loan is 7.00% per annum above the LIBOR rate with a minimum base of 0.75%. The effective interest rates for the First Lien Credit Facility and Second Lien Credit Facility are 4.59% and 8.30%, respectively.

Principal on the First Lien Credit Facility is payable in 26 equal quarterly installments with the remaining balance to be paid on October 21, 2026. As of December 31, 2022, there are 15 payments remaining. All principal under the Second Lien Credit Facility is due on October 21, 2027. The First Lien Credit Agreement and Second Lien Credit Agreement contain certain covenants which, among other things, restrict our ability to incur additional indebtedness. We were in compliance with all such debt covenants during the years ended December 31, 2022 and 2021.

The maturity of long-term debt principal payments (excluding debt discount) at December 31, 2022 is as follows (in thousands):

These costs were recognized as losses on extinguishment of debt in general and administrative expense in our consolidated statement of operations. We have unamortized debt issuance costs of \$40.9 million and \$51.2 million as of December 31, 2022 and 2021, respectively.

In connection with the Revolving Credit Facility, unamortized debt issuance costs were \$1.8 million and \$2.8 million as of December 31, 2022 and 2021, respectively.

12. Derivative financial instruments

As-of January 1, 2021, we participated in two interest rate swaps to mitigate the risk of a rise in interest rates on the First Lien Credit Facility. On October 13, 2021, we entered into a third interest rate swap to further mitigate this risk. On November 30, 2022, our first two interest rate swaps matured. We attempt to minimize our interest risk exposure by fixing our rate through the utilization of interest rate swaps, which are derivative instruments. The interest rate swaps mitigate the exposure on the variable component of interest on our First Lien Credit Facility. Our swaps are entered into with financial institutions that participate in the First Lien Credit Facility. By using a

derivative instrument to hedge exposures to changes in interest rates, we expose ourselves to credit risk due to the possible failure of the counterparty to perform under the terms of the derivative contract.

As of December 31, 2022, we have the following interest rate swap agreement designated as a hedging instrument:

Effective dates	Floating rate debt	Fixed rates
October 29, 2021 through October 31, 2024	\$604.1 million	0.73%

The gain or loss on the swaps is recognized in accumulated other comprehensive loss and reclassified into earnings as adjustments to interest expense in the same period or periods during which the swaps affect earnings. Gains or losses on the swaps representing hedge components excluded from the assessment of effectiveness are recognized in current earnings.

The following table provides information on the location and amounts of our swaps designated as hedging instruments in the accompanying consolidated financial statements as of December 31, 2022 and 2021 (in thousands):

Balance sheet location	Interest rate swap derivatives	
	Fair value December 31, 2022	Fair value December 31, 2021
Other accrued expenses	\$ —	\$ (7,329)
Other current assets	\$ 23,881	\$ —
Other long-term assets	\$ 15,648	\$ 6,654

The effect of derivative instruments designated as hedging instruments on the accompanying consolidated financial statements is as follows (in thousands):

Derivatives—cash flow hedging relationships	Amount of gain or (loss) recognized in AOCI/AOCL on derivative	Location of gain or (loss) reclassified from AOCI/AOCL into income	Amount of gain or (loss) reclassified from AOCI/AOCL into income	Total interest expense on consolidated statements of operations

2021	\$ 10,606	Interest Expense	\$ (8,854)	\$ (127,011)

The net amount of accumulated other comprehensive income expected to be reclassified to interest income in the next twelve months is \$18.3 million.

There are 722,344 Class A common stock shares issued and outstanding as of December 31, 2022 and 2021. Both common stock and Class A common stock have the same dividend and liquidation rights. However, each share of common stock is entitled to one vote and each share of the Class A common stock is not entitled to a vote.

15. Retirement plans

We maintain qualified 401(k) plans which cover substantially all employees meeting certain eligibility requirements. Participants may contribute a portion of their compensation to the plans, up to the maximum amount permitted under Section 401(k) of the Internal Revenue Code. Under these plans, we contribute various percentages of employees' salaries to the plans. Total expenses included in operating expenses in the accompanying consolidated statement of operations related to the plans were \$3.8 million and \$3.2 million for the years ended December 31, 2022 and 2021, respectively.

16. Stock-based compensation

Stock plans

On October 22, 2019, the Board of Directors approved the Derby TopCo, Inc. 2019 Stock Incentive Plan ("Derby TopCo, Inc. Plan"). Under this plan, we can issue up to 16.4 million options or other equity awards. The granted awards contain service criteria, performance criteria, market conditions, or a combination thereof for vesting and have a 10-year contractual term. Options with a service condition generally vest over 5 years with 20% vesting in equal vesting installments. Options with a performance condition and a market condition vest based upon a change in control, initial public offering, or a sponsor distribution or deemed return if the investors have achieved specified levels of return on investment. In addition, as part of a change in control in 2019, 6.3 million fully vested rollover options remain outstanding.

We recorded \$8.0 million and \$6.8 million of stock-based compensation expense for the years ended December 31, 2022 and 2021, respectively. We expect to incur compensation expense of approximately \$23.1 million over a weighted average of 3.1 years for all unvested time-based awards outstanding at December 31, 2022.

Stock-based compensation expense was recorded in the following cost and expense categories in the consolidated statements of operations (in thousands):

	Year ended December 31,	
	2022	2021
Cost of revenue	\$ 478	\$ 289
General and administrative	4,567	3,970
Sales and marketing	1,776	1,489
Research and development	1,182	1,079
Total	\$ 8,003	\$ 6,827

Stock options

We utilize the Black-Scholes option pricing model to estimate the fair value of the service condition options and the Monte Carlo pricing model to estimate the fair value of the performance condition options. We value both types of options at the grant date and both pricing models utilize the following assumptions:

- Risk-free interest rate—reflects the average rate on the United States Treasury bond with maturity equal to the expected term of the option;
- Expected dividend yield—as we do not currently pay dividends or expect to pay dividends in the near future, the expected dividend yield is zero;
- Expected term of stock award—is based on historical experience that is modified based on expected future changes; and
- Expected volatility in stock price—reflects the historical volatility of comparable public companies over the expected term of the stock option.

The weighted average grant date fair value of options granted during the year ended December 31, 2022 and 2021 was \$9.47 and \$7.48 per share, respectively. As of December 31, 2022, we had 10.0 million fully vested options with a weighted average exercise price of \$5.45 per share, an aggregate intrinsic value of \$146.0 million and an average remaining contractual term of 5.6 years. The total fair value of options vested during 2022 and 2021 were \$7.2 million and \$6.3 million, respectively.

At December 31, 2022, we did not believe the vesting of performance condition options criteria was probable and, therefore, no stock-based compensation has been recorded for our performance based options. Once vesting performance criteria becomes probable, the amortization of the fair value will commence and be recorded as compensation expense. As of December 31, 2022 and 2021, total unrecognized stock-based compensation expense related to the performance condition options subject to the vesting conditions being met was approximately \$34.3 million and \$30.6 million, respectively.

Information pertaining to option activity (including rollover options) during the years ended December 31, 2022 and 2021 is as follows:

	Number of options	Weighted average exercise price per share	Weighted average remaining contractual life
Outstanding December 31, 2020	19,521,237	\$ 7.77	8.3
Granted	1,678,766	16.16	
Exercised	(121,119)	4.49	
Canceled	(641,915)	12.68	
Outstanding December 31, 2021	20,436,969	8.32	7.4
Granted	1,908,000	20.02	
Exercised	(56,465)	12.38	
Canceled	(597,300)	15.87	
Outstanding December 31, 2022	21,691,204	\$ 9.13	6.6

The following is a summary of the significant assumptions used in estimating the fair value of both the service and performance condition options granted the years ended December 31, 2022 and 2021:

	2022	2021
Risk free interest rate	1.65%–4.29%	0.36%–1.18%
Expected dividend yield	0%	0%
Expected term of stock award	1.4–5	2.6–5
Expected volatility in stock price	50.46%–55%	52.83% to 65%

During the years ended December 31, 2022 and 2021, the aggregate intrinsic value of options exercised (the difference between the fair market value of our stock on the date of exercise and the exercise price) was approximately \$0.3 million and \$1.5 million, respectively. At December 31, 2022, 0.9 million options were available for future grant under the plans.

17. Other accrued expenses

Other accrued expenses consist of the following (in thousands):

	December 31,	
	2022	2021
Interest rate swap liability	\$ —	\$ 7,329
Other taxes payable	2,338	3,273

18. Loss per share

A reconciliation of the numerators and the denominators of the basic and diluted per share computations are as follows:

	Year ended December 31,	
	2022	2021
<i>Basic loss per share:</i>		
Net loss	\$ (44,029)	\$ (47,116)
Net loss attributable to common shares	\$ (44,029)	\$ (47,116)

Weighted average common stock outstanding—(non-voting)	722,344	722,344
Basic weighted average common stock outstanding	201,131,854	200,692,186
Basic loss per share	\$ (0.22)	\$ (0.23)
<i>Diluted loss per share:</i>		
Net loss	\$ (44,029)	\$ (47,116)
Net loss attributable to common shares	\$ (44,029)	\$ (47,116)
Weighted average common stock outstanding—(voting)	200,409,510	199,969,843
Weighted average common stock outstanding—(non-voting)	722,344	722,344
Diluted weighted average common stock outstanding	201,131,854	200,692,186
Diluted loss per share	\$ (0.22)	\$ (0.23)

Because of their anti-dilutive effect, 100,310 and 86,290 common share equivalents comprised of stock options have been excluded from the diluted earnings per share calculation for the years ended December 31, 2022 and 2021, respectively.

19. Commitments and contingencies

We may be subject to legal proceedings, claims, asserted or unasserted, and litigation arising in the ordinary course of business. We do not, however, currently expect that the ultimate costs to resolve any pending matter will have a material effect on our consolidated financial position, results of operations, or cash flows.

20. Subsequent events

We have evaluated subsequent events through September 25, 2023, the date the financial statements were available to be issued.

Debt

On June 1, 2023, the Borrower and certain lenders amended the First Lien Credit Agreement to replace all LIBOR-based interest rates applicable to borrowings under the revolving credit facility with a Term Secured Overnight Financing Rate ("SOFR") based rate.

On June 23, 2023, the Borrower and certain lenders amended the First Lien Credit Agreement to replace all LIBOR-based interest rates applicable to the first lien term loans with a Term SOFR-based rate.

On June 27, 2023, the Borrower and certain lenders amended the Second Lien Credit Agreement to replace all LIBOR-based interest rates applicable to the second lien term loans with a Term SOFR-based rate.

Derivative financial instrument

On January 13, 2023, we entered into a new interest rate swap to further mitigate the risk of a rise in interest rates on the First Lien Credit Facility. This swap was entered into with a financial institution that participates in the First Lien Credit Facility. The following interest rate swap agreement is designated as a hedging instrument:

Effective dates	Floating rate debt	Fixed rates
January 31, 2023 through January 31, 2026	\$508.0 million	3.92%

As a result of amendments to the First Lien Credit Agreement and Second Lien Credit Agreement in June 2023, pursuant to which LIBOR benchmark provisions were removed and replaced with Term SOFR benchmark provisions, the Company elected to apply the optional expedients under Topic 848 to eligible hedging relationships.

Business combination

Additionally, on August 3, 2023, we completed the acquisition of all issued and outstanding membership interests (the "Units") of HealthPay24, pursuant to that certain Unit Purchase Agreement (the "Agreement") dated August 3, 2023. HealthPay24 offers a platform providing large hospitals and physician practices with comprehensive patient engagement and payment solutions.

Pursuant to the Agreement, the authorized and outstanding Units of HealthPay24 consist of 14,750 Common Units and 85,250 Preferred Units and were exchanged for \$30.0 million in cash. Due to the timing of the acquisition, the initial accounting for the acquisition is incomplete. As such, we are not able to disclose certain information relating to the acquisition, including the preliminary fair value of assets acquired and liabilities assumed.

Waystar Holding Corp. Notes to unaudited condensed consolidated financial statements

1. Business

Waystar Holding Corp. ("Waystar", "we" or "our") is a provider of mission-critical cloud technology to healthcare organizations. Our enterprise-grade platform transforms the complex and disparate processes comprising healthcare payments received by healthcare providers from payers and patients, from pre-service engagement through post-service remittance and reconciliation. Our platform enhances data integrity, eliminates manual tasks, and improves claim and billing accuracy, which results in better transparency, reduced labor costs, and faster, more accurate reimbursement and cash flow. The market for our solutions extends throughout the United States and includes Puerto Rico and other US Territories.

Risks and Uncertainties—We are subject to risks common to companies in similar industries, including, but not limited to, our operation in a highly competitive industry, our ability to retain our existing clients and attract new clients, our ability to establish and maintain strategic relationships, the growth and success of our clients and overall healthcare transaction volumes, consolidation in the healthcare industry, our selling cycle of variable length to secure new client agreements, our implementation cycle that is dependent on our clients' timing and resources, our ability to develop and market new solutions, or enhance our existing solutions, to respond to technological changes or evolving industry standards, the interoperability, connectivity, and integration of our solutions with our clients' and their vendors' networks and infrastructures, the performance and reliability of internet, mobile, and other infrastructure, the consequences if we cannot obtain, process, use, disclose, or distribute the highly regulated data we require to provide our solutions, impact of government regulations on our market, and our reliance on certain third-party vendors and providers.

On occasion, we enter into standard indemnification arrangements in the ordinary course of business. Pursuant to these arrangements, we indemnify, hold harmless, and agree to reimburse the indemnified parties for losses suffered or incurred by the indemnified party, in connection with any trade secret, copyright, patent, or other intellectual property infringement claim by any third-party with respect to its technology. The terms of these indemnification agreements are generally perpetual any time after the execution of the agreement. The maximum potential future payments we could be required to make under these agreements is not determinable because it involves claims that may be made against us in the future but have not yet been made. Historically, we have not incurred costs to defend lawsuits or settle claims related to these indemnification agreements.

We have entered into agreements with our directors or officers that may require us to indemnify them against liabilities that may arise by reason of their status or service as directors or officers, other than liabilities arising from their willful misconduct.

No liability associated with such indemnifications was recorded as of September 30, 2023 and 2022.

2. Summary of significant accounting policies

Basis of financial statement presentation

The financial statements include the consolidated balance sheets, statements of operations, statements of comprehensive loss, statements of changes in stockholders' equity, and statements of cash flows of Waystar and its subsidiaries and have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

We operate as a single business unit. As such, we report our results as a single operating segment that encompasses our entire organization.

Revenue recognition

We derive revenue primarily from providing access to our solutions for use in the healthcare industry and in doing so generate two types of revenue: (i) subscription revenue and (ii) volume-based revenue, which account

for 99% of total revenue for all periods presented. We also derive revenue from implementation fees for our software, as well as hardware sales to facilitate patient payments.

We recognize revenue in accordance with ASC Topic 606, *Revenue from Contracts with Customers* ("ASC 606"), through the following five steps:

- identification of the contract, or contracts, with a customer;
- identification of the performance obligations in the contract;
- determination of the transaction price;
- allocation of the transaction price to the performance obligations in the contract; and
- recognition of revenue when, or as, we satisfy a performance obligation

Our customers, referred to as clients elsewhere in this prospectus, represent healthcare providers across all types of care settings, including physician practices, clinics, surgical centers, and laboratories, as well as large hospitals and health systems.

We account for a contract when it has approval and commitment from both parties, the rights of the parties are identified, payment terms are identified, the contract has commercial substance and collectability of consideration is probable. The length of our contracts vary but are typically two to three years and generally renew automatically for successive one-year terms. Our revenue is reported net of applicable sales and use tax and is recognized as, or when, control of these services or products are transferred to clients, in an amount that reflects the consideration we expect to be entitled to in exchange for the contract's performance obligations.

Revenue from our subscription services as well as from our volume-based services represents a single promise to provide continuous access (i.e., a stand-ready obligation) to our software solutions in the form of a service. Our software products are made available to our clients via a cloud-based, hosted platform where our clients do not have the right or practical ability to take possession of the software. As each day of providing access to the software solutions is substantially the same and the client simultaneously receives and consumes the benefits as services are provided, these services are viewed as a single performance obligation comprised of a series of distinct daily services.

Revenue from our subscription services is recognized over time on a ratable basis over the contract term beginning on the date that the service is made available to the client. Volume-based services are priced based on transaction, dollar volume or provider count in a given period. Given the nature of the promise is based on unknown quantities or outcomes of services to be performed over the contract term, the volume-based fee is determined to be variable consideration. The volume-based transaction fees are recognized each day using a time-elapsed output method based on the volume or transaction count at the time the clients' transactions are processed.

Our other services are generally related to implementation activities across all solutions and hardware sales to facilitate patient payments. Implementation services are not considered performance obligations as they do not provide a distinct service to clients without the use of our software solutions. As such, implementation fees related to our solutions are billed upfront and recognized ratably over the contract term. Implementation fees and hardware sales represent less than 1% of total revenue for all periods presented.

Our contracts with clients typically include various combinations of our software solutions. Determining whether such software solutions are considered distinct performance obligations that should be accounted for separately versus together requires significant judgment. Specifically, judgment is required to determine whether access to the Company's SaaS solutions is distinct from other services and solutions included in an arrangement.

We follow the requirements of ASC 606-10-55-36 through -40, Revenue from Contracts with Customers, Principal Agent Considerations, in determining the gross versus net revenue presentations for our performance obligations in the contract with a client. Revenue recorded where we act in the capacity of a principal is reported on a gross basis equal to the full amount of consideration to which we expect in exchange for the good or

service transferred. Revenue recorded where we act in the capacity of an agent is reported on a net basis, exclusive of any consideration provided to the principal party in the transaction.

The principal versus agent evaluation is a matter of judgment that depends on the facts and circumstances of the arrangement and is dependent on whether we control the good or service before it is transferred to the client or whether we are acting as an agent of a third party. This evaluation is performed separately for each performance obligation identified. For the majority of our contracts, we are considered the principal in the transaction with the client and recognize revenue gross of any related channel partner fees or costs. We have certain agency arrangements where third parties control the goods or services provided to a client and we recognize revenue net of any fees to these third parties.

Payment terms and conditions vary by contract type, although our standard payment terms generally require payment within 30 to 60 days. In instances where the timing of revenue recognition differs from the timing of payment, we have determined our contracts do not generally include a significant financing component. The primary purpose of our invoicing terms is to provide clients with simplified and predictable ways of purchasing our products and services, not to receive financing from our clients or to provide clients with financing.

Contract costs

Incremental costs of obtaining a contract

Incremental costs of obtaining a contract primarily include commissions paid to our internal sales personnel. We consider all such commissions to be both incremental and recoverable since they are only paid when a contract is secured. These capitalized costs are amortized on a straight-line basis over the expected period of benefit, which is determined based on the average customer life, which includes anticipated renewals of contracts. As of September 30, 2023 and December 31, 2022, the total unamortized costs reported as deferred costs on our balance sheet amounted to \$21.8 million and \$18.8 million, respectively, for internal sales commissions. For the nine months ended September 30, 2023 and 2022, amortization related to the sales commission asset was \$5.4 million and \$3.4 million, respectively, and is included in sales and marketing in our consolidated statements of operations.

Costs to fulfill a contract

We capitalize costs incurred to fulfill contracts that i) relate directly to the contract, ii) are expected to generate resources that will be used to satisfy performance obligations under the contract and iii) are expected to be recovered through revenue generated under the contract. Costs incurred to implement clients on our solutions (e.g., direct labor) are capitalized and amortized on a straight-line basis over the estimated customer life if we expect to recover those costs. As of September 30, 2023 and December 31, 2022, the total unamortized costs reported as deferred costs on our balance sheet amounted to \$40.4 million and \$32.8 million, respectively, for fulfillment costs. For the nine months ended September 30, 2023 and 2022, amortization related to the fulfillment cost asset was \$6.3 million and \$4.1 million, respectively, and is included in the costs of revenue in our consolidated statements of operations.

There were no impairment losses relating to deferred costs during the nine months ended September 30, 2023 and 2022.

Channel partners

We account for fees paid to channel partners within sales and marketing expenses in the accompanying statement of operations. For the nine months ended September 30, 2023 and 2022, we paid all channel partners \$38.9 million and \$33.9 million, respectively, for fees. As we are primarily responsible for contracting with and fulfilling contracts for the end user, we record revenue gross of related channel partner fees.

Deferred offering costs

We capitalize within other assets certain legal, accounting and other third-party fees that are directly related to our in-process equity financings, including the planned initial public offering, until such financings are

consummated. After consummation of the equity financing, these costs are recorded as a reduction of the proceeds received as a result of the offering. Should a planned equity financing be abandoned, terminated or significantly delayed, the deferred offering costs are immediately written off to operating expenses. As of September 30, 2023, deferred offering costs capitalized was \$3.0 million. There were no deferred offering costs capitalized as of December 31, 2022.

Goodwill

We account for business combinations under the acquisition method of accounting in accordance with Accounting Standards Codification ("ASC") 805, Business Combinations, where the total purchase price is allocated to the tangible and identified intangible assets acquired and liabilities assumed based on their estimated fair values. The purchase price is allocated using the information currently available, and may be adjusted, up to one year from acquisition date, after obtaining more information regarding, among other things, asset valuations, liabilities assumed and revisions to preliminary estimates. The purchase price in excess of the fair value of the tangible and identified intangible assets acquired less liabilities assumed is recognized as goodwill.

We account for goodwill under the provisions of Accounting Standards Codification ("ASC") 350, Intangibles—Goodwill and Other. Goodwill is not amortized but is evaluated for impairment annually on October 1st or whenever there is an impairment indicator. There was no impairment to goodwill recorded during the nine months ended September 30, 2023 and 2022. Refer to Note 7 for more information on goodwill.

Recently adopted accounting pronouncements

In July 2023, the FASB issued ASU 2023-03 to amend various SEC paragraphs in the Accounting Standards Codification to primarily reflect the issuance of SEC Staff Accounting Bulletin No. 120. ASU No. 2023-03, "Presentation of Financial Statements (Topic 205), Income Statement—Reporting Comprehensive Income (Topic 220), Distinguishing Liabilities from Equity (Topic 480), Equity (Topic 505), and Compensation—Stock Compensation (Topic 718): Amendments to SEC Paragraphs Pursuant to SEC Staff Accounting Bulletin No. 120, SEC Staff Announcement at the March 24, 2022 EITF Meeting, and Staff Accounting Bulletin Topic 6.B, Accounting Series Release 280—General Revision of Regulation S-X: Income or Loss Applicable to Common Stock." ASU 2023-03 amends the ASC for SEC updates pursuant to SEC Staff Accounting Bulletin No. 120; SEC Staff Announcement at the March 24, 2022 Emerging Issues Task Force ("EITF") Meeting; and Staff Accounting Bulletin Topic 6.B, Accounting Series Release 280—General Revision of Regulation S-X: Income or Loss Applicable to Common Stock. These updates were immediately effective and did not have a significant impact on our financial statements.

In March 2020, the FASB issued ASU No. 2020-04, as amended by ASU No. 2021-01, which created Topic 848—Reference Rate Reform. ASU No. 2020-04 contains optional practical expedients for reference rate reform related activities that impact debt, leases, derivatives and other contracts which may be elected over time as activities occur. In December 2022, the FASB issued ASU 2022-06, which defers the sunset date of Topic 848 from December 31, 2022 to December 31, 2024, after which entities will no longer be permitted to apply the relief in Topic 848. An entity may elect to apply the amendments for contract modifications as of any date from the beginning of an interim period that includes or is subsequent to March 12, 2020, or prospectively from a date within an interim period that includes or is subsequent to March 12, 2020, up to the date that the financial statements are available to be issued. Topic 848 allows for different elections to be made at different points in time.

As a result of amendments to the First Lien Credit Agreement and Second Lien Credit Agreement in June 2023, pursuant to which LIBOR benchmark provisions were removed and replaced with Term Secured Overnight Financing Rate ("SOFR") benchmark provisions, the Company elected to apply the optional expedients under Topic 848 to eligible hedging relationships. This change from LIBOR to SOFR benchmark provisions did not have a material impact on our consolidated financial statements.

In June 2016, the FASB issued ASU 2016-13, Financial Instruments—Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments. This amendment requires measurement and recognition of expected versus incurred losses for financial assets held. The amendment is effective for us for fiscal years beginning after December 15, 2022, including interim periods within those fiscal years. We adopted the requirements of ASU 2016-13 as of January 1, 2023 on a modified retrospective basis. The adoption of this standard did not have a material impact on our condensed consolidated financial statements.

In October 2021, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) 2021-08, “Business Combinations (Topic 805)—Accounting for Contract Assets and Contract Liabilities from Contracts with Customers”, which requires that at the acquisition date, an acquirer should account for the related revenue contracts in accordance with ASC Topic 606, “Revenue from Contracts with Customers” (“Topic 606”), as if it had originated the contracts. Generally, this results in an acquirer recognizing and measuring the acquired contract assets and contract liabilities consistent with how they were recognized and measured in the acquiree’s financial statements if the acquiree prepared financial statements in accordance with U. S. GAAP. For public business entities, the ASU is effective for fiscal years beginning after December 15, 2022, including interim periods within those fiscal years. Early adoption of the ASU is permitted. The Company early adopted ASU 2021-08 using a prospective approach and has carried over the contract assets and liabilities from the 2023 business acquisitions into the Company’s condensed consolidated financial statements as of September 30, 2023. The adoption of this standard did not have a significant impact on our consolidated financial statements and related disclosures.

3. Revenue recognition

Disaggregation of revenue

The following table presents revenues disaggregated by revenue type and the timing of revenue recognition (in thousands):

	Recognition	Nine months ended September 30,	
		2023	2022
Subscription revenue	Over time	\$ 297,596	\$ 272,603
Volume-based revenue	Over time	284,178	248,158
Implementation services and other revenue	Various	2,541	2,012
Total revenues		\$ 584,315	\$ 522,773

Contract liabilities

We derive our revenue from contracts with clients primarily through subscription fees and volume-based fees. Our payment terms with the client generally comprise an initial payment for implementation services, which includes client enrollment and the setup of contracted solutions on our platform. These implementation fees are due upon contract execution. Additionally, subscription fees are earned on an ongoing basis, which are invoiced monthly.

Client payments received in advance of fulfilling the corresponding performance obligations are recorded as contract liabilities. Implementation fees are recognized over the customer life, with any unrecognized amounts deferred as contract liabilities. These amounts are reported as deferred revenue on our consolidated balance sheet.

The following table presents activity impacting deferred revenue balances (in thousands):

	September 30,	December 31,
	2023	2022
Beginning balance	\$ 16,454	\$ 17,771
Revenue recognized	(9,304)	(11,701)
Additional amounts deferred	9,868	10,384

	September 30, 2023	December 31, 2022
Ending balance	\$ 17,018	\$ 16,454

Transaction price allocated to remaining performance obligations

At September 30, 2023, the transaction price related to unsatisfied performance obligations that are expected to be recognized for the next 12 months and the greater of 12 months was \$24.7 million and \$14.3 million, respectively.

The transaction price allocated to performance obligations that are unsatisfied (or partially unsatisfied) for executed contracts does not include revenue related to performance obligations that are part of a contract with an original expected duration of one year or less. Additionally, the balance does not include variable consideration that is allocated entirely to wholly unsatisfied promises that form part of a single performance obligation comprised of a series of distinct daily services.

Remaining performance obligation estimates are subject to change and are affected by several factors, including terminations and changes in the timing and scope of contracts, arising from contract modifications.

4. Fair value measurements and disclosures

The following table presents the fair value hierarchy for financial assets and liabilities measured at fair value on a recurring basis (in thousands):

	Balance sheet	Carrying value	Level 1	Level 2	Level 3
September 30, 2023					
Financial assets:					
Interest rate swaps	Other	current	assets;	\$ 37,993	\$ —
	other	long-term	assets	\$ 37,993	\$ —
December 31, 2022					
Financial assets:					
Interest rate swaps	Other	current	assets;	\$ 39,529	\$ —
	other	long-term	assets	\$ 39,529	\$ —

The fair values of our interest rate swaps are based on the sum of all future net present value cash flows. The future cash flows are derived based on the terms of our interest rate swaps, as well as considering published discount factors, and projected SOFR. At September 30, 2023, the fair value of the swap designated as a hedging instrument amounts to \$33.3 million included in other current assets and \$4.7 million included in other long-term assets. At December 31, 2022, the fair value of the swap designated as a hedging instrument amounts to \$23.9 million included in other current assets and \$15.6 million included in other long-term assets. The fair value of long-term debt was determined using the present value of future cash flows based on the borrowing rates currently available for debt with similar terms and maturities. The carrying value of our first lien term loan facility was \$1,735.3 million and \$1,748.8 million compared to a fair value of \$1,737.5 million and \$1,716.0 million at September 30, 2023 and December 31, 2022, respectively. The carrying value of our second lien term loan facility approximated fair value at September 30, 2023 and December 31, 2022. There were no transfers in or out of Level 3 during the periods presented.

5. Acquisitions

HealthPay24 acquisition

On August 3, 2023, we completed the acquisition of all issued and outstanding membership interests (the "Units") of HealthPay24. We accounted for the acquisition as a business combination using the acquisition method

of accounting. The total consideration paid was allocated to the net tangible and identifiable intangible assets acquired based on their fair values at the acquisition date. The excess consideration paid over the fair value of the net tangible and identifiable intangible assets acquired was recorded as goodwill. Goodwill for the acquisition primarily represents future customer relationships. The goodwill is not deductible for tax purposes. We deem the initial valuation of the assets and liabilities to be provisional and have left the measurement period open. We are still in the process of reviewing the methods, inputs and assumptions utilized for the valuation of intangible assets recognized as a part of the purchase price allocation. These fair values may be adjusted in a future period, not to exceed one year after the acquisition date, to reflect new facts and circumstances which existed as of the acquisition date. We have included the financial results of HealthPay24 in the consolidated financial statements subsequent to the date of acquisition. Pro forma results, including the acquired business since the beginning of fiscal 2023, would not be materially different than the reported results. Revenue and net earnings since the completion of the acquisition were immaterial.

The acquisition date fair value of the consideration paid for HealthPay24 was \$31.4 million which consisted of the following (in thousands):

Initial cash consideration	\$31,401
Total	\$31,401

The following table summarizes the estimated fair values of assets acquired and liabilities assumed as of the acquisition date (in thousands):

Cash and cash equivalents	\$ 1,374
Accounts receivable	1,986
Prepaid and other current assets	255
Other assets	229
Customer relationships	14,800
Developed technology	800
Tradenames and trademarks	400
Goodwill	13,448
Total acquired assets	\$33,292
Other current liabilities	\$ 845
Deferred revenue	821
Other liabilities	225
Total acquired liabilities	\$ 1,891
Total net assets acquired	\$31,401

The fair values of the tangible assets were determined primarily using the income approach. The fair values of the acquired identifiable intangible assets were determined using Level 3 inputs such as discounted cash flows which are not observable in the market. Intangible assets acquired from the acquisition include customer relationships, developed technologies, and trade names and trademarks which are all amortized on a straight-line basis approximating the use of the assets. The useful lives of the acquired identifiable intangible assets are 13 years for customer relationships, 2 years for developed technology, and 2 years for trade names and trademarks. The weighted-average remaining useful life for all acquired intangibles is 12.1 years.

Total acquisition costs of \$0.9 million were expensed as incurred and recorded in general and administrative expense in the statement of operations.

We recognized income tax benefit of \$11.7 million and \$13.7 million for the nine months ended September 30, 2023 and 2022 based on the year-to-date pre-tax income. The Company's effective income tax rate was 24.1% and 27.6% for the nine months ended September 30, 2023 and 2022, respectively. Differences in the effective tax and statutory federal income tax rate of 21% are driven by state income taxes, anticipated annual permanent differences, offset by research and development credit claimed.

10. Accounts receivable securitization

On August 13, 2021, we entered into a receivables financing agreement with a counterparty as the lender, which provided for a three-year receivables facility with a limit of \$50.0 million (the "Receivables Facility"). As of September 30, 2023 and December 31, 2022, \$50.0 million was outstanding under the Receivables Facility

Pursuant to the Receivables Facility, we sell and/or contribute current and future receivables to Waystar RC, LLC as the Special Purpose Entity ("SPE"). The SPE, in turn, pledges its interests in the receivables to the counterparty, which either makes loans or issues letters of credit on behalf of the SPE.

All receivables remain on our balance sheet as they continue to be the property of our consolidated entities under the securitization.

The interest rate under the Receivables Facility is 2.00% per annum above the LIBOR rate with a minimum base of 0%. The LIBOR is adjusted each thirty-day period to the thirty-day LIBOR rate. Interest under the Receivables Facility is paid monthly in arrears. The effective interest rate for the Receivables Facility is 2.64%.

All principal under the Receivables Facility is due on August 12, 2024.

The Receivables Facility contains certain covenants which, among other things, require we maintain certain collection thresholds with respect to our accounts receivable. We were in compliance with all such debt covenants during the periods presented.

On May 22, 2023, we amended the Receivables Facility to replace all LIBOR-based interest rates applicable to the Receivables Facility with a Term SOFR-based rate.

11. Debt

On June 1, 2023, the Borrower and certain lenders amended the First Lien Credit Agreement to replace all LIBOR-based interest rates applicable to borrowings under the revolving credit facility with a Term SOFR-based rate.

On June 23, 2023, the Borrower and certain lenders amended the First Lien Credit Agreement to replace all LIBOR-based interest rates applicable to the first lien term loans with a Term SOFR-based rate.

On June 27, 2023, the Borrower and certain lenders amended the Second Lien Credit Agreement to replace all LIBOR-based interest rates applicable to the second lien term loans with a Term SOFR-based rate.

Debt instruments consist primarily of term loans, our revolving credit facility, and the Receivables Facility as follows (in thousands):

12. Derivative financial instruments

As of January 1, 2021, we participated in two interest rate swaps to mitigate the risk of a rise in interest rates on our first lien term loan facility. On October 13, 2021, we entered into a third interest rate swap to further mitigate this risk. On November 30, 2022, our first two interest rate swaps matured. We attempt to minimize our interest risk exposure by fixing our rate through the utilization of interest rate swaps, which are derivative instruments. The interest rate swaps mitigate the exposure on the variable component of interest on our first lien term loan facility. Our swaps are entered into with financial institutions that participate in the first lien term loan facility. By using a derivative instrument to hedge exposures to changes in interest rates, we expose ourselves to credit risk due to the possible failure of the counterparty to perform under the terms of the derivative contract.

As of September 30, 2023 and December 31, 2022, we have the following interest rate swap agreement designated as a hedging instrument:

Effective dates	Floating rate debt	Fixed rates
October 29, 2021 through October 31, 2024	\$604.1 million	0.67%

On January 13, 2023, we entered into a new interest rate swap to further mitigate the risk of a rise in interest rates on the first lien term loan facility. This swap was entered into with a financial institution that participates in the first lien term loan facility. As of September 30, 2023, the following interest rate swap agreement is designated as a hedging instrument:

Effective dates	Floating rate debt	Fixed rates
January 31, 2023 through January 31, 2026	\$506.7 million	3.87%

The gain or loss on the swaps is recognized in accumulated other comprehensive loss and reclassified into earnings as adjustments to interest expense in the same period or periods during which the swaps affect earnings. Gains or losses on the swaps representing hedge components excluded from the assessment of effectiveness are recognized in current earnings.

The following table provides information on the location and amounts of our swaps designated as hedging instruments in the accompanying consolidated financial statements as of September 30, 2023 and December 31, 2022 (in thousands):

Balance sheet location	Interest rate swap derivatives	
	Fair value September 30, 2023	Fair value December 31, 2022
Other current assets	\$ 33,270	\$ 23,881
Other long-term assets	\$ 4,723	\$ 15,648

The effect of derivative instruments designated as hedging instruments on the accompanying consolidated financial statements is as follows (in thousands):

Derivatives—cash flow hedging relationships	Amount of gain or (loss) recognized in AOCI/AOCL on derivative	Location of gain or (loss) reclassified from AOCI/AOCL into income	Amount of gain or (loss) reclassified from AOCI/AOCL into income	Total interest expense on consolidated statements of operations
Interest rate swaps:				
Ended September 30, 2023	\$ (1,186)	Interest Expense	\$ 22,659	\$ (153,057)
Ended September 30, 2022	\$ 33,056	Interest Expense	\$ (834)	\$ (110,533)

The net amount of accumulated other comprehensive income expected to be reclassified to interest income in the next twelve months is \$25.4 million.

On June 2023, the Borrower and certain lenders amended the First Lien Credit Agreement and Second Lien Credit Agreement. Pursuant to which LIBOR benchmark provisions were removed and replaced with Term SOFR benchmark provisions, the Company elected to apply the optional expedients under Topic 848 to eligible hedging relationships.

13. Related party transactions

At September 30, 2023 and December 31, 2022, we had \$67.5 million and \$109.3 million, respectively, of outstanding debt as part of the first lien term loan facility from Bain Affiliated Funds and CPPIB Credit Investments III Inc., affiliates of Bain Capital LP and Canada Pension Plan Investment Board (“Affiliated Debtholders”).

Interest expense associated with and paid to Affiliated Debtholders was \$6.0 million and \$4.2 million for the nine months ended September 30, 2023 and 2022, respectively.

Canada Pension Plan Investment Board has an ownership interest in us and a significant interest in the landlord that leases us office space under an operating lease agreement in Houston, Texas. For the nine months ended September 30, 2023 and 2022, we expensed \$0.2 million and \$0.2 million, respectively, for this office space lease in general and administrative expense.

Bain Capital LP has an ownership interest in us and a significant interest in some clients for whom we provide software solutions. For the nine months ended September 30, 2023 and 2022, we earned revenue of \$1.2 million from four clients and \$1.0 million from four clients, respectively. They also have an ownership interest in us and a significant interest in a vendor that provides us with software solutions. For the nine months ended September 30, 2023 and 2022, we expensed \$0.2 million and \$0.2 million, respectively, for software services from this vendor in cost of revenue expense.

14. Common stock

We have authorized the issuance of 220,000,000 shares of common stock, par value \$0.01 per share and 2,000,000 shares of Class A common stock, par value \$0.01 per share. There are 200,391,461 and 200,386,661 common stock shares issued and outstanding as of September 30, 2023 and December 31, 2022, respectively. There are 722,344 Class A common stock shares issued and outstanding as of September 30, 2023 and December 31, 2022. Each share of common stock is entitled to one vote and each share of the Class A common stock is not entitled to a vote.

15. Retirement plans

We maintain qualified 401(k) plans which cover substantially all employees meeting certain eligibility requirements. Participants may contribute a portion of their compensation to the plans, up to the maximum amount permitted under Section 401(k) of the Internal Revenue Code. Under these plans, we contribute various percentages of employees' salaries to the plans. Total expenses included in operating expenses in the accompanying consolidated statement of operations related to the plans were \$3.1 million and \$3.1 million for the nine months ended September 30, 2023 and 2022, respectively.

16. Stock-based compensation

Stock plans

On October 22, 2019, the Board of Directors approved the Derby TopCo, Inc. 2019 Stock Incentive Plan ("Derby TopCo, Inc. Plan"). Under this plan, we can issue up to 16.4 million options or other equity awards. The granted awards contain service criteria, performance criteria, market conditions, or a combination thereof for vesting and have a 10-year contractual term. Options with a service condition generally vest over 5 years with 20% vesting in equal vesting installments. Options with a performance condition and a market condition vest based upon a change in control, initial public offering, or a sponsor distribution or deemed return if the investors have achieved specified levels of return on investment. In addition, as part of a change in control in 2019, 6.3 million fully vested rollover options remain outstanding.

We recorded \$6.5 million and \$5.6 million of stock-based compensation expense for the nine months ended September 30, 2023 and 2022, respectively. We expect to incur compensation expense of approximately \$18.1 million over a weighted average of 2.54 years for all unvested time-based awards outstanding on September 30, 2023.

Stock-based compensation expense was recorded in the following cost and expense categories in the consolidated statements of operations (in thousands):

	Nine months ended September 30,	
	2023	2022
Cost of revenue	\$ 545	\$ 348
General and administrative	3,629	3,146
Sales and marketing	1,387	1,276
Research and development	944	876
Total	\$ 6,505	\$ 5,646

Stock options

We utilize the Black-Scholes option pricing model to estimate the fair value of the service condition options and the Monte Carlo pricing model to estimate the fair value of the performance condition options. We value both types of options at the grant date and both pricing models utilize the following assumptions:

- Risk-free interest rate—reflects the average rate on the United States Treasury bond with maturity equal to the expected term of the option;
- Expected dividend yield—as we do not currently pay dividends or expect to pay dividends in the near future, the expected dividend yield is zero;
- Expected term of stock award—is based on historical experience that is modified based on expected future changes; and
- Expected volatility in stock price—reflects the historical volatility of comparable public companies over the expected term of the stock option.

The weighted average grant date fair value of options granted during the nine months ended September 30, 2023 and 2022 was \$12.02 and \$9.46 per share, respectively. As of September 30, 2023, we had 10.5 million fully vested options with a weighted average exercise price of \$5.90 per share, an aggregate intrinsic value of \$200.3 million and an average remaining contractual term of 5.0 years. The total fair value of options vested for the nine months ended September 30, 2023 and 2022 were \$4.0 million and \$2.5 million, respectively.

At September 30, 2023, we did not believe the vesting of performance condition options criteria was probable and, therefore, no stock-based compensation has been recorded for our performance based options. Once vesting performance criteria becomes probable, the amortization of the fair value will commence and be recorded as compensation expense. As of September 30, 2023, and 2022, total unrecognized stock-based compensation expense related to the performance condition options subject to the vesting conditions being met was approximately \$33.4 million and \$34.4 million, respectively.

Information pertaining to option activity (including rollover options) during the nine months ended September 30, 2023 and 2022 is as follows:

	Number of options	Weighted average exercise price per share	Weighted average remaining contractual life
Outstanding December 31, 2022	21,691,204	\$ 9.13	6.6
Granted	265,000	24.34	
Exercised	(54,800)	12.83	
Canceled	(385,000)	16.60	
Outstanding September 30, 2023	21,516,404	\$ 9.17	5.9

	Number of options	Weighted average exercise price per share	Weighted average remaining contractual life
Outstanding December 31, 2021	20,436,969	\$ 8.32	7.4
Granted	1,892,000	20.00	—
Exercised	(56,465)	12.38	—
Canceled	(557,300)	15.57	—
Outstanding September 30, 2022	21,715,204	\$ 9.14	6.9

The following is a summary of the significant assumptions used in estimating the fair value of both the service and performance condition options granted the nine months ended September 30, 2023 and 2022:

	September 30, 2023	September 30, 2022
Risk free interest rate	3.51%–4.31%	1.65%–2.99%
Expected dividend yield	0%	0%
Expected term of stock award	1.2–5	1.4–5
Expected volatility in stock price	51.80%–55%	51.15%–55%

During the nine months ended September 30, 2023 and 2022, the aggregate intrinsic value of options exercised (the difference between the fair market value of our stock on the date of exercise and the exercise price) was approximately \$0.3 million and \$0.3 million, respectively. On September 30, 2023, 1.1 million options were available for future grant under the plans.

17. Other accrued expenses

Other accrued expenses consist of the following (in thousands):

	September 30, 2023	December 31, 2022
Other taxes payable	\$ 2,751	\$ 2,338
Accrued severance	89	463
Retirement plan payable	530	635
Accrued self insurance claims	925	821
Other	5,065	3,785
Total	\$ 9,360	\$ 8,042

18. Loss per share

A reconciliation of the numerators and the denominators of the basic and diluted per share computations are as follows:

	Nine months ended September 30,	
	2023	2022
<i>Basic loss per share:</i>		
Net loss	\$ (36,919)	\$ (35,921)
Net loss attributable to common shares	\$ (36,919)	\$ (35,921)
Weighted average common stock outstanding—(voting)	200,392,019	200,416,682
Weighted average common stock outstanding—(non-voting)	722,344	722,344
Basic weighted average common stock outstanding	201,114,363	201,139,026
Basic loss per share	\$ (0.18)	\$ (0.18)
<i>Diluted loss per share:</i>		
Net loss	\$ (36,919)	\$ (35,921)
Net loss attributable to common shares	\$ (36,919)	\$ (35,921)
Weighted average common stock outstanding—(voting)	200,392,019	200,416,682
Weighted average common stock outstanding—(non-voting)	722,344	722,344
Diluted weighted average common stock outstanding	201,114,363	201,139,026
Diluted loss per share	\$ (0.18)	\$ (0.18)

Because of their anti-dilutive effect, 105,499 and 90,123 common share equivalents comprised of stock options have been excluded from the diluted earnings per share calculation for the nine months ended September 30, 2023 and 2022, respectively.

19. Commitments and contingencies

We may be subject to legal proceedings, claims, asserted or unasserted, and litigation arising in the ordinary course of business. We do not, however, currently expect that the ultimate costs to resolve any pending matter will have a material effect on our consolidated financial position, results of operations, or cash flows.

20. Subsequent events

We have evaluated subsequent events through October 26, 2023, the date the financial statements were available to be issued.

On October 6, 2023, we executed the Seventh Amendment to the First Lien Credit Agreement increasing the credit available on our revolving credit facility from \$200.0 million to \$342.5 million.

Item 14. Indemnification of directors and officers

Section 102(b)(7) of the Delaware General Corporation Law (the "DGCL") allows a corporation to provide in its certificate of incorporation that a director of the corporation will not be personally liable to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, except where the director breached the duty of loyalty, failed to act in good faith, engaged in intentional misconduct or knowingly violated a law, authorized the payment of a dividend, or approved a stock repurchase in violation of Delaware corporate law or obtained an improper personal benefit. Our amended and restated certificate of incorporation will provide for this limitation of liability.

Section 145 of the DGCL ("Section 145") provides, among other things, that a Delaware corporation may indemnify any person who was, is or is threatened to be made, party to any threatened, pending or completed action, suit, or proceeding, whether civil, criminal, administrative, or investigative (other than an action by or in the right of such corporation), by reason of the fact that such person is or was an officer, director, employee, or agent of such corporation or is or was serving at the request of such corporation as a director, officer, employee, or agent of another corporation or enterprise. The indemnity may include expenses (including attorneys' fees), judgments, fines, and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit or proceeding, provided such person acted in good faith, and in a manner he or she reasonably believed to be in or not opposed to the corporation's best interests and, with respect to any criminal action or proceeding, had no reasonable cause to believe that his or her conduct was unlawful. A Delaware corporation may indemnify any persons who were or are a party to any threatened, pending or completed action or suit by or in the right of the corporation by reason of the fact that such person is or was a director, officer, employee, or agent of another corporation or enterprise. The indemnity may include expenses (including attorneys' fees) actually and reasonably incurred by such person in connection with the defense or settlement of such action or suit, provided such person acted in good faith, and in a manner he or she reasonably believed to be in or not opposed to the corporation's best interests, provided further that no indemnification is permitted without judicial approval if the officer, director, employee, or agent is adjudged to be liable to the corporation. Where an officer or director is successful on the merits or otherwise in the defense of any action referred to above, the corporation must indemnify him or her against the expenses (including attorneys' fees) which such officer or director has actually and reasonably incurred.

Section 145 further authorizes a corporation to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee, or agent of the corporation or is or was serving at the request of the corporation as a director, officer, employee, or agent of another corporation or enterprise, against any liability asserted against such person and incurred by such person in any such capacity, or arising out of his or her status as such, whether or not the corporation would otherwise have the power to indemnify such person under Section 145.

Our amended and restated bylaws will provide that we must indemnify, and advance expenses to, our directors and officers to the full extent authorized by the DGCL. We also intend to enter into indemnification agreements with our directors, which agreements will require us to indemnify these individuals to the fullest extent permitted under Delaware law against liabilities that may arise by reason of their service to us, and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified.

The indemnification rights set forth above shall not be exclusive of any other right which an indemnified person may have or hereafter acquire under any statute, provision of our amended and restated certificate of incorporation, our amended and restated bylaws, agreement, vote of stockholders, or disinterested directors or otherwise. Notwithstanding the foregoing, we shall not be obligated to indemnify a director or officer in respect of a proceeding (or part thereof) instituted by such director or officer, unless such proceeding (or part thereof) has been authorized by our board of directors pursuant to the applicable procedure outlined in the amended and restated bylaws.

Section 174 of the DGCL provides, among other things, that a director, who willfully or negligently approves of an unlawful payment of dividends or an unlawful stock purchase or redemption, may be held jointly and severally liable for such actions. A director who was either absent when the unlawful actions were approved or dissented at the time may avoid liability by causing his or her dissent to such actions to be entered in the books containing the minutes of the meetings of the board of directors at the time such action occurred or immediately after such absent director receives notice of the unlawful acts.

We expect to maintain standard policies of insurance that provide coverage (1) to our directors and officers against loss rising from claims made by reason of breach of duty or other wrongful act and (2) to us with respect to indemnification payments that we may make to such directors and officers.

The underwriting agreement will provide for indemnification by the underwriters of us and our officers and directors, and by us of the underwriters, for certain liabilities arising under the Securities Act or otherwise in connection with this offering.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers or persons controlling us under any of the foregoing provisions, in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

Unless otherwise stated, the sales of the above securities were deemed to be exempt from registration under the Securities Act in reliance upon Section 4(a)(2) of the Securities Act (or Regulation D or Regulation S promulgated thereunder) or Rule 701 promulgated under Section 3(b) of the Securities Act as transactions by an issuer not involving any public offering or pursuant to benefit plans and contracts relating to compensation as provided under Rule 701. The recipients of the securities in each of these transactions represented their intentions to acquire the securities for investment only and not with a view to or for sale in connection with any distribution thereof and appropriate legends were placed upon the stock certificates issued in these transactions.

Item 16. Exhibits and financial statement schedules

(a) Exhibits.

See the Exhibit Index immediately preceding the signature pages hereto, which is incorporated by reference as if fully set forth herein.

(b) Financial Statement Schedules.

None.

Item 17. Undertakings.

(1) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers, and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer, or controlling person of the registrant in the successful defense of any action, suit, or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question of whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

(2) The undersigned Registrant hereby undertakes that:

(A) For purposes of determining any liability under the Securities Act, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the Registrant pursuant to Rule 424(b) (1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.

(B) For the purpose of determining any liability under the Securities Act, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) The undersigned Registrant hereby undertakes to provide to the underwriters at the closing specified in the underwriting agreement certificates in such denominations and registered in such names as required by the underwriters to permit prompt delivery to each purchaser.

For so long as the Board is divided into three classes, the Company agrees to take all Necessary Action to apportion the Bain Director Nominee among such classes so as to maintain the proportion of the Bain Director Nominee in each class as nearly as possible to the relative apportionment of the Bain Director Nominee among the classes as contemplated in [Section 2.2\(a\)](#).

(e) **Independent Director Nominees.** The Company shall take all Necessary Action to include in the slate of nominees recommended by the Company for election as directors at the first applicable annual or special meeting of stockholders at which directors are to be elected, Ursula Burns, John Driscoll, Rob DeMichie, Heidi Miller, and Vivian Riefberg, three (3) of whom will satisfy the audit committee independence requirements of the The Nasdaq Global Select Market. For the avoidance of doubt, it is understood and agreed that, following the initial term of each of the foregoing Independent Director Nominees, the five (5) Independent Director Nominees shall be nominated by the Nominating and Corporate Governance Committee and approved by the Board.

(f) **Decrease in Directors.** Upon any decrease in the number of directors that the EQT Stockholders, the CPPIB Stockholders, or the Bain Stockholders, as applicable, are entitled to designate for nomination to the Board pursuant to [Section 2.2\(b\)](#), [Section 2.2\(c\)](#), or [Section 2.2\(d\)](#), the EQT Stockholders, the CPPIB Stockholders, or the Bain Stockholders, as applicable, shall take all Necessary Action to cause the appropriate number of EQT Director Nominees, the CPPIB Director Nominee, or the Bain Director Nominee, as applicable, to offer to tender their resignation at least sixty (60) days prior to the expected date of the Company's next annual meeting of stockholders for which the Company has not yet proposed a slate of directors; provided, that, for the avoidance of doubt, such resignation may be made effective as of the last day of the then-current term of such director. Notwithstanding the foregoing, the Nominating and Corporate Governance Committee may, in its sole discretion, recommend for nomination an EQT Director Nominee, a CPPIB Director Nominee, or a Bain Director Nominee that has tendered his or her resignation pursuant to this [Section 2.2\(f\)](#) so long, in each case, as such recommendation by the Nominating and Corporate Governance Committee is made unanimously by its members.

11

(g) **Removal; Vacancies.** The EQT Stockholders, the CPPIB Stockholders, or the Bain Stockholders, as applicable, shall have the exclusive right to (i) remove their nominees from the Board, and the Company shall take all Necessary Action to cause the removal of any such nominee at the request of the applicable party and (ii) designate directors for election or appointment, as applicable, to the Board to fill vacancies created by reason of death, removal, or resignation of its nominees to the Board, and the Company shall take all Necessary Action to nominate or cause the Board to appoint, as applicable, replacement directors designated by the applicable party to fill any such vacancies created pursuant to clause (i) or (ii) above as promptly as practicable after such designation (and in any event prior to the next meeting or action of the Board). Notwithstanding anything to the contrary contained in this [Section 2.2\(g\)](#), no party shall have the right to designate a replacement director, and the Company shall not be required to take any action to cause any vacancy to be filled by any such designee, to the extent that election or appointment of such designee to the Board would result in a number of directors nominated or designated by such party in excess of the number of directors that such party is then entitled to nominate for membership on the Board pursuant to this Agreement. Each of the EQT Stockholders, the CPPIB Stockholders, and the Bain Stockholders agrees, severally and not jointly, with the Company, not to take action to remove any director nominee of another party from office unless such removal is for cause or if the applicable party is no longer entitled to nominate such director pursuant to this [Section 2.2](#).

(h) **Chairperson.** For so long as the EQT Stockholders continue to Beneficially Own at least twenty percent (20%) or more of the then-outstanding Common Stock of the Company, the EQT Stockholders shall have the right to nominate, designate, and remove the chairperson of the Board, subject to CPPIB Consent (whose consent shall not be unreasonably withheld); provided, that the chairperson shall be an Independent Director Nominee appointed pursuant to [Section 2.2\(e\)](#). The initial chairperson of the Board shall be John Driscoll.

(i) **Committees.** In accordance with the Company's organizational documents, (i) the Board shall establish and maintain committees of the Board for (x) Audit, (y) Compensation, and (z) Nominating and Corporate Governance, and (ii) the Board may from time to time by resolution establish and maintain other committees of the Board. The initial members of the Audit Committee shall be Rob DeMichie, who shall be chairperson of such committee, Heidi Miller, Paul Moskowitz, and Vivian Riefberg. The initial members of the Compensation Committee shall be Heidi Miller, who shall be chairperson of such committee, Michael Douglas, John Driscoll, Eric Liu, and Ursula Burns. The initial members of the Nominating and Corporate Governance Committee shall be Eric Liu, who shall be chairperson of such committee, Michael Douglas, and John Driscoll. Subject to applicable laws and stock exchange regulations, and subject to requisite independence requirements applicable to such committee, for so long as the EQT Stockholders, the CPPIB Stockholders, and the Bain Stockholders collectively Beneficially Own Common Stock representing at least five percent (5%) of then-outstanding Common Stock of the Company, the Company shall take, and each of the EQT Stockholders, the CPPIB Stockholders, and the Bain Stockholders, severally and not jointly, agree with the Company to take, all Necessary Action to have (i) the Bain Director Nominee appointed to serve on the Audit Committee, (ii) the CPPIB Director Nominee and one (1) EQT Director Nominee appointed to serve on the Compensation Committee, and (iii) the CPPIB Director Nominee and one (1) EQT Director Nominee appointed to serve on the Nominating and Corporate Governance Committee; provided, that no such Necessary Action shall be required with respect to the Company, the EQT Stockholders, the CPPIB Stockholders, and the Bain Stockholders to have the Bain Director Nominee appointed to serve on the Audit Committee after the one (1)-year anniversary of the consummation of an initial Public Offering to the extent the Bain Stockholders collectively Beneficially Own at least ten percent (10%) of then-outstanding Common Stock of the Company on such date.

12

(j) **CPPIB Board Observer.** For so long as the CPPIB Stockholders Beneficially Own Common Stock representing ten percent (10%) or more of the then-outstanding Common Stock of the Company, the CPPIB Stockholders shall have the right to collectively appoint one (1) non-voting board observer (the "CPPIB Board Observer"). The CPPIB Board Observer shall have the right to (i) attend all meetings of the Board in a non-voting, observer capacity and (ii) receive copies of all notices, minutes, consents, and other materials that the Company provides to the Board in the same manner as such materials are provided to the Board; provided, that, (x) the CPPIB Stockholders' right to appoint the CPPIB Board Observer is non-transferable and shall automatically be terminated without any further action required in the event the CPPIB Stockholders' aggregate Beneficially Ownership falls below ten percent (10%) of the then-outstanding Common Stock of the Company, (y) the CPPIB Board Observer shall not be entitled to vote on any matter submitted to the Board nor to offer any motions or resolutions to the Board, and the CPPIB Board Observer's presence or absence at any meeting of the Board will not be relevant for purposes of determining whether there is a quorum, and (z) the Company may withhold information or materials from the CPPIB Board Observer and exclude the CPPIB Board Observer from any executive sessions and/or all or any portion of any meeting or discussion of the Board, in each case of this clause (z), if the Board determines in good faith that access to such information and/or materials or attendance at such meeting or portion thereof would (A) adversely affect the attorney-client privilege between the Company and its counsel, (B) adversely affect the Company or its Affiliates under governmental regulations or other applicable laws, (C) be in contravention of any agreement or arrangement with any governmental authority, or (D) result in a conflict of interest. The Company shall use reasonable best efforts to provide virtual access to any meeting of the Board for the CPPIB Board Observer. The CPPIB Board Observer shall be subject to the same obligations as the members of the Board with respect to confidentiality and conflicts of interest (and shall provide, prior to attending any meetings or receiving any information or materials, such reasonable assurances to such effect as may be requested by the Company). The CPPIB Stockholders may appoint one (1) alternate, who may attend any meetings of the Board, which the CPPIB Board Observer is unable to attend; provided, that at any such meeting, such alternate will be considered the CPPIB Board Observer for all purposes under this Agreement.

(k) Subsidiary Boards. The composition of the boards of directors and committees of all Subsidiaries of the Company shall be as determined by the Board; provided, that if any representatives of the EQT Stockholders (including any EQT Director Nominees) serve on such boards or committees of a Subsidiary of the Company, the CPPIB Stockholders and the Bain Stockholders shall have, and the Company shall take all Necessary Action to give effect to, the rights with respect to any such Subsidiary as are applicable to the Company under this Section 2.2 in respect of the appointment of a number of Stockholder Nominees to the board of directors of such Subsidiary or committee thereof such that the board of directors of such Subsidiary or committee thereof reflects, to the maximum extent possible, the composition of the Board and its committees required under this Section 2.2.

13

2.3 Confidentiality. Each Stockholder shall maintain the confidentiality of any confidential and proprietary information of the Company and its Subsidiaries ("Proprietary Information") using the same standard of care, but in no event less than reasonable care, as it applies to its own confidential information, except that such Proprietary Information may be disclosed (i) by a Stockholder to its Affiliates and their respective directors, managers, officers, employees, and authorized representatives (including attorneys, accountants, consultants, bankers, and financial advisors of such Stockholders or its Affiliates) (collectively, "Representatives") who need to be provided such Proprietary Information to assist such Stockholder in evaluating or reviewing its investment in securities of the Company; provided, that each of such Representatives shall be deemed to be bound by the provisions of this Section 2.3 and such Stockholder shall be responsible for any breach of this Section 2.3 by its Representatives, (ii) by any EQT Stockholder, CPPIB Stockholder or Bain Stockholder to prospective Permitted Transferees of such Stockholder or the current or prospective lenders, partners, members, or other investors of such Stockholder (or any direct or indirect investor in such Stockholder) or former partners, members, or other investors who retained an economic interest in such Stockholder (or in such investor) to the extent such disclosure is limited to customary disclosures made in the ordinary course of business by an investment fund to its current, prospective, or former investors or equity holders in respect of investments made thereby, including in connection with the disposition thereof; provided, that such Stockholder shall be responsible to the Company for any breach of such agreement or obligation by any such partner, member, or other investor, (iii) by a Stockholder to any potential Permitted Transferee that agrees to be bound by the provisions of this Section 2.3 or a confidentiality agreement having restrictions substantially similar to this Section 2.3, and such Stockholder shall be responsible for any breach of this provision or such confidentiality agreement by any such Person, (iv) by any Stockholder or Representative to the extent that the Stockholder or its Representative has received advice from its counsel that it is legally compelled to do so or is required to do so pursuant to a subpoena or other order from a court of competent jurisdiction or other applicable law, rule, regulation, legal, or judicial process or audit or inquiries by a regulator, bank examiner, or self-regulatory organization (collectively, "Law"); provided, that prior to making such disclosure, the Stockholder or Representative, as the case may be, uses commercially reasonable efforts to preserve the confidentiality of the Proprietary Information to the extent permitted by Law, including providing prior written notice to and consulting with the Company regarding such disclosure and, if reasonably requested by the Company, assisting the Company, at the Company's expense, in seeking a protective order to prevent the requested disclosure; provided, however, that the Stockholder or Representative, as the case may be, discloses only that portion of the Proprietary Information as is, based on the advice of its counsel, legally required, (v) by any Stockholder or Representative in connection with any audit or any examination by a regulator, bank examiner, or self-regulatory organization with regulatory oversight over such Stockholder or Representative; provided, that such audit or examination is not specifically directed primarily at the Company, any of its Subsidiaries or the Proprietary Information, (vi) by any Stockholder for any Proprietary Information which is publicly available (other than as a result of dissemination by such Stockholder in breach of this Agreement) or a matter of public knowledge generally or (vii) by any Stockholder for Proprietary Information that was known to such Stockholder on a non-confidential basis, without, to such Stockholders' knowledge, breach of any confidentiality obligations to the Company or its Affiliates in respect thereof, prior to its disclosure by the Company or its Affiliates. For the avoidance of doubt, any Stockholder Nominee and/or CPPIB Board Observer may disclose to the Institutional Investor that nominated or appointed such Person pursuant to this Agreement and such Person's and their relevant directors, officers, and employees and external compliance, legal, accounting, and tax advisors, any and all information received or observed by him or her in his or her capacity as a Stockholder Nominee and/or CPPIB Board Observer; provided, that no such disclosure shall be permitted to the extent it adversely affects the attorney-client privilege.

ARTICLE III

INDEMNIFICATION AND REIMBURSEMENT

3.1 Indemnification of Institutional Stockholders.

(a) The Company will, and will cause its Subsidiaries to, jointly and severally, indemnify, exonerate, and hold the Institutional Stockholders and each of their respective partners, stockholders, members, Affiliates, directors, officers, fiduciaries, managers, controlling Persons, employees, and agents and each of the partners, stockholders, members, Affiliates, directors, officers, fiduciaries, managers, controlling Persons, employees, and agents of each of the foregoing (collectively, the "Indemnitees") free and harmless from and against any and all liabilities, losses, damages, and costs and out-of-pocket expenses in connection therewith (including reasonable attorneys' fees and expenses) incurred by the Indemnitees or any of them before or after the date of this Agreement (collectively, the "Indemnified Liabilities"), arising out of any action, cause of action, suit, litigation, investigation, inquiry, arbitration, or claim (each, an "Action") arising directly or indirectly out of, or in any way relating to, (i) such Institutional Stockholder's or its Affiliates' ownership of Shares or such Institutional Stockholder's or its Affiliates' control or ability to influence the Company or any of its Subsidiaries (other than any such Indemnified Liabilities (x) to the extent such Indemnified Liabilities arise out of any breach of this Agreement or any other agreement by such Indemnitee or its Affiliates or other related Persons, or the breach of any fiduciary or other duty or obligation of such Indemnitee to its direct or indirect equity holders, creditors, or Affiliates or (y) to the extent such control or the ability to control the Company or any of its Subsidiaries derives from such Stockholder's or its Affiliates' capacity as an officer or director of the Company or any of its Subsidiaries) or (ii) the business, operations, properties, assets, or other rights or liabilities of the Company or any of its Subsidiaries; provided, however, that, if and to the extent that the foregoing undertaking may be unavailable or unenforceable for any reason, the Company will, and will cause its Subsidiaries to, jointly and severally make the maximum contribution to the payment and satisfaction of each of the Indemnified Liabilities that is permissible under applicable law. For the purposes of this Section 3.1, none of the circumstances described in the limitations contained in the immediately preceding sentence shall be deemed to apply absent a final non-appealable judgment of a court of competent jurisdiction to such effect, in which case to the extent any such limitation is so determined to apply to any Indemnitee as to any previously advanced indemnity payments made by the Company, then such payments shall be promptly repaid by such Indemnitee to the Company.

(b) The Company will, and will cause its Subsidiaries to, jointly and severally, reimburse any Indemnitee for all reasonable costs and expenses (including reasonable attorneys' fees and expenses and any other litigation-related expenses) as they are incurred in connection with investigating, preparing, pursuing, defending or assisting in the defense of any Action for which the Indemnitee would be entitled to indemnification under the terms of this ARTICLE III, or any action or proceeding arising therefrom, whether or not such Indemnitee is a party thereto. The Company and its Subsidiaries, in the defense of any Action for which an Indemnitee would be entitled to indemnification under the terms of this ARTICLE III, may, without the consent of such Indemnitee, consent to entry of any judgment or enter into any settlement if and only if it (i) includes as a term thereof the giving by the claimant or plaintiff therein to such Indemnitee of an unconditional release from all liability with respect to such Action, (ii) does not impose any limitations (equitable or otherwise) on such Indemnitee, and (iii) does not include a statement as to or an admission of fault, culpability or a failure to act by or on behalf of such Indemnitee, and provided that the only penalty imposed in connection with such settlement is a monetary payment that will be paid in full by the Company or its Subsidiaries.

15

(c) The Company acknowledges and agrees that it shall, and to the extent applicable shall cause the Controlled Entities to, be fully and primarily responsible for the payment to the Indemnitee in respect of Indemnified Liabilities in connection with any Jointly Indemnifiable Claims (as defined below), pursuant to and in accordance with (as applicable) the terms of (i) the Delaware General Corporation Law, as amended, (ii) the certificate of incorporation or similar organizational documents, as amended, of the Company, (iii) the bylaws or similar organizational documents, as amended, of the Company, (iv) any director or officer indemnification agreement, (v) this Agreement, (vi) any other agreement between the Company or any Controlled Entity and the Indemnitee pursuant to which the Indemnitee is indemnified, (vii) the laws of the jurisdiction of incorporation or organization of any Controlled Entity, and/or (viii) the certificate of incorporation, certificate of organization, bylaws, partnership agreement, operating agreement, certificate of formation, certificate of limited partnership or other organizational or governing documents of any Controlled Entity (clauses (i) through (viii)), collectively, the "Indemnification Sources"), irrespective of any right of recovery the Indemnitee may have from any corporation, limited liability company, partnership, joint venture, trust, employee benefit plan or other enterprise (other than the Company, any Controlled Entity or the insurer under and pursuant to an insurance policy of the Company or any Controlled Entity) from whom an Indemnitee may be entitled to indemnification with respect to which, in whole or in part, the Company or any Controlled Entity may also have an indemnification obligation (collectively, the "Indemnitee-Related Entities"). Under no circumstance shall the Company or any Controlled Entity be entitled to any right of subrogation or contribution by the Indemnitee-Related Entities and no right of advancement or recovery

the Indemnitee may have from the Indemnitee-Related Entities shall reduce or otherwise alter the rights of the Indemnitee or the obligations of the Company or any Controlled Entity under the Indemnification Sources. In the event that any of the Indemnitee-Related Entities shall make any payment to the Indemnitee in respect of indemnification with respect to any Jointly Indemnifiable Claim, (x) the Company shall, and to the extent applicable shall cause the Controlled Entities to, reimburse the Indemnitee-Related Entity making such payment to the extent of such payment promptly upon written demand from such Indemnitee-Related Entity, (y) to the extent not previously and fully reimbursed by the Company and/or any Controlled Entity pursuant to clause (x), the Indemnitee-Related Entity making such payment shall be subrogated to the extent of the outstanding balance of such payment to all of the rights of recovery of the Indemnitee against the Company and/or any Controlled Entity, as applicable, and (z) Indemnitee shall execute all papers reasonably required and shall do all things that may be reasonably necessary to secure such rights, including the execution of such documents as may be necessary to enable the Indemnitee-Related Entities effectively to bring suit to enforce such rights. The Company and Indemnitees agree that each of the Indemnitee-Related Entities shall be third-party beneficiaries with respect to this Section 3.1(c), entitled to enforce this Section 3.1(c) as though each such Indemnitee-Related Entity were a party to this Agreement. The Company shall cause each of the Controlled Entities to perform the terms and obligations of this Section 3.1(c) as though each such Controlled Entity was a party to this Agreement. For purposes of this Section 3.1(c), the term "Jointly Indemnifiable Claims" shall be broadly construed and shall include, without limitation, any Indemnified Liabilities for which the Indemnitee shall be entitled to indemnification from both (1) the Company and/or any Controlled Entity pursuant to the Indemnification Sources, on the one hand, and (2) any Indemnitee-Related Entity pursuant to any other agreement between any Indemnitee-Related Entity and the Indemnitee pursuant to which the Indemnitee is indemnified, the laws of the jurisdiction of incorporation or organization of any Indemnitee-Related Entity and/or the certificate of incorporation, certificate of organization, bylaws, partnership agreement, operating agreement, certificate of formation, certificate of limited partnership, or other organizational or governing documents of any Indemnitee-Related Entity, on the other hand.

(d) The rights of any Indemnitee to indemnification pursuant to this Section 3.1 will be in addition to any other rights any such Person may have under any other Section of this Agreement or any other agreement or instrument to which such Indemnitee is or becomes a party or is or otherwise becomes a beneficiary or under law or regulation or under the certificate of incorporation or bylaws of the Company, any newly formed direct or indirect parent or any direct or indirect Subsidiary or investment holding vehicle with respect to any of the foregoing.

16

(e) The Company shall obtain and maintain in effect at all times directors' and officers' liability insurance that, for so long as the EQT Stockholders, CPPIB Stockholders, and/or Bain Stockholders are entitled to designate any EQT Director Nominees, the CPPIB Director Nominee, and/or the Bain Director Nominee pursuant to Section 2.2(a), is reasonably satisfactory to the EQT Stockholders.

3.2 Reimbursement of Expenses.

(a) The Company will pay directly or reimburse, or cause to be paid directly or reimbursed, the actual and reasonable out-of-pocket costs and expenses incurred by the EQT Director Nominees, the CPPIB Director Nominee, the CPPIB Board Observer, and the Bain Director Nominee hereunder in connection with each such EQT Director Nominee's, CPPIB Director Nominee's, CPPIB Board Observer's and Bain Director Nominee's board service (including travel).

(b) All payments or reimbursement for such costs and expenses pursuant to this Section 3.2 will be made by wire transfer in same-day funds to the bank account designated by such EQT Director Nominee, such CPPIB Director Nominee, such CPPIB Board Observer, or such Bain Director Nominee promptly upon or as soon as practicable following request for reimbursement; provided, however, that such EQT Director Nominee, CPPIB Director Nominee, CPPIB Board Observer, or Bain Director Nominee, as applicable, has provided the Company with such supporting documentation reasonably requested by the Company.

(c) For the avoidance of doubt, none of the EQT Director Nominees, the CPPIB Director Nominee, CPPIB Board Observer, and the Bain Director Nominee shall receive any compensation for their role as director of the Company, other than as provided for in this Section 3.2.

ARTICLE IV

MISCELLANEOUS

The parties to this Agreement acknowledge and agree that the covenants of the Company and the Stockholders set forth in this Agreement may be enforced in equity by a decree requiring specific performance. In the event of a breach of any material provision of this Agreement, the aggrieved party will be entitled to institute and prosecute a proceeding to enforce specific performance of such provision, as well as to obtain damages for breach of this Agreement. Without limiting the foregoing, if any dispute arises concerning the Transfer of any of the Shares subject to this Agreement or concerning any other provisions hereof or the obligations of the parties hereunder, the parties to this Agreement agree that an injunction may be issued in connection therewith (including, without limitation, restraining the Transfer of such Shares or rescinding any such Transfer). Such remedies shall be cumulative and non-exclusive and shall be in addition to any other rights and remedies the parties may have under this Agreement or otherwise.

17

4.2 Entire Agreement; Amendment; Waiver. This Agreement, together with the Exhibits, Annexes, and Schedules hereto and the Registration Rights Agreement, sets forth the entire understanding of the parties, and as of the date hereof supersedes all prior agreements and all other arrangements and communications, whether oral or written, with respect to the subject matter hereof and thereof. The applicable Exhibits, Annexes, and/or Schedules hereto may be amended to reflect changes in the composition of the Stockholders as a result of Permitted Transfers, Transfers permitted under ARTICLE II, exercise of Options, or additional Stockholders due to issuances of additional securities by the Company or its Subsidiaries. Amendments to the applicable Exhibits, Annexes, and/or Schedules hereto reflecting Permitted Transfers or Transfers permitted under ARTICLE II or to reflect additional Stockholders due to issuances of additional securities by the Company pursuant to Section 4.12 or the exercise of Options shall become effective when a Joinder Agreement as executed by any new transferee or recipient of newly issued securities of the Company or its Subsidiaries is filed with the Company as provided for in Section 4.12. This Agreement may be amended, modified, supplemented, restated, waived, or terminated only upon EQT Consent, so long as it has the right to nominate the CPPIB Director Nominee, CPPIB Consent and, so long as it has the right to nominate the Bain Director Nominee, Bain Consent; provided, that any such amendment, modification, supplement, restatement, waiver, or termination which would have a material and disproportionate adverse effect on any Non-EQT Institutional Stockholder or Individual Stockholder as compared to the effect on the EQT Stockholders shall also require the written consent of the Non-EQT Institutional Stockholders and the Individual Stockholders holding a majority of the Shares held collectively by the Non-EQT Institutional Stockholders and the Individual Stockholders that are so affected; provided, further, that, in the event the EQT Stockholders no longer hold any Shares, this Agreement may be amended, modified, supplemented, restated, waived or terminated with the written consent of (a) the Company, (b) the Stockholders holding a majority of the Shares held by the Stockholders, (c) so long as it has the right to nominate the CPPIB Director Nominee, CPPIB Consent, and (d) so long as it has the right to nominate the Bain Director Nominee, Bain Consent. Notwithstanding any provisions to the contrary contained herein, any party may waive any rights with respect to which such party is entitled to benefits under this Agreement. No waiver of or consent to any departure from any provision of this Agreement shall be effective unless signed in writing by the party entitled to the benefit thereof.

4.3 Severability. It is the desire and intent of the parties that the provisions of this Agreement be enforced to the fullest extent permissible under the laws and public policies applied in each jurisdiction in which enforcement is sought. Accordingly, the invalidity or unenforceability of any particular provision of this Agreement shall not affect the other provisions hereof, and this Agreement shall be construed in all respects as if the invalid or unenforceable provision were omitted. Notwithstanding the foregoing, if such provision could be more narrowly drawn so as not to be invalid or unenforceable in such jurisdiction, it shall, as to such jurisdiction, be so more narrowly drawn, without invalidating the remaining provisions of this Agreement or affecting the validity or enforceability of such provision in any other jurisdiction.

4.4 Notices. Unless otherwise specified herein, all notices, consents, approvals, reports, designations, requests, waivers, elections, and other communications authorized or required to be given pursuant to this Agreement shall be in writing and shall be deemed to have been given (a) when personally delivered, (b) the day following the day (except if not a business day then the next business day) on which the same has been delivered prepaid to a reputable national overnight air courier service, (c) when transmitted via email (including via attached pdf document) to the email address set out below or on Exhibit A if the sender on the same day sends a confirming copy of such notice by a recognized delivery service (charges prepaid) or (d) the third business day following the day on which the same is sent by certified or registered mail, postage prepaid, in each case, to the respective parties, as applicable, at the address, facsimile number or email address set forth below or on Exhibit A hereto, as applicable (or such other address, facsimile number or email address as any Stockholder may specify by notice to the Company in accordance with this Section 4.4):

4.5 Binding Effect; Assignment. This Agreement shall be binding upon and inure to the benefit of the parties hereto and to their respective transferees, successors, and assigns; provided, however, that no right or obligation under this Agreement may be assigned except as expressly provided herein (including in connection with a Transfer of Shares in accordance herewith), it being understood that (i) the Company's rights hereunder may be assigned by the Company to any corporation which is the surviving entity in a merger, consolidation or like event involving the Company and (ii) the rights of the Stockholders shall be automatically assigned with respect to any Share that is Transferred to a Permitted Transferee thereof; provided, that such Permitted Transferee executes a counterpart to this Agreement and becomes bound to the provisions hereof.

4.6 Governing Law. All matters relating to the interpretation, construction, validity, and enforcement of this Agreement, including all claims (whether in contract or tort) that may be based upon, arise out of or relate to this Agreement or the negotiation, execution or performance of this Agreement, shall be governed by and construed in accordance with the domestic laws of the State of Delaware without giving effect to any choice or conflict of law provision or rule (whether of the State of Delaware or any other jurisdiction) that would cause the application of laws of any jurisdiction other than the State of Delaware.

4.7 Termination. Without affecting any other provision of this Agreement requiring termination of any rights in favor of any Stockholder or any transferee of Shares, the provisions of ARTICLE II (other than Section 2.1, 2.2(a), 2.2(b), 2.2(c), 2.2(d), and Section 2.3) shall terminate as to such Stockholder or transferee, when, pursuant to and in accordance with this Agreement, such Stockholder or transferee, as the case may be, no longer owns any Shares; provided, that termination pursuant to this Section 4.7 shall only occur in respect of a Stockholder after all Permitted Transferees in respect thereof also no longer own any Shares.

4.8 Recapitalizations, Exchanges, Etc. The provisions of this Agreement shall apply, to the full extent set forth herein with respect to Shares, to any and all shares of capital stock of the Company or any successor or assign of the Company (whether by merger, consolidation, sale of assets or otherwise) which may be issued in respect of, in exchange for, or in substitution of the Shares, by reason of a stock dividend, stock split, stock issuance, reverse stock split, combination, recapitalization, reclassification, merger, consolidation or otherwise.

4.9 Action Necessary to Effectuate the Agreement. The parties hereto agree to take or cause to be taken all such corporate and other action as may be reasonably necessary to effect the intent and purposes of this Agreement; provided, that no party shall be obligated to take any actions or omit to take any actions that would be inconsistent with applicable law.

4.10 Purchase for Investment; Legend on Certificate. Each of the Stockholders acknowledges that all of the Shares held by such Stockholder are being (or have been) acquired for investment and not with a view to the distribution thereof and that no transfer, hypothecation or assignment of such Shares may be made except in compliance with applicable federal and state securities laws.

(a) Unless Section 4.10(b) applies, each certificate (or book entry share) evidencing Shares owned by a Stockholder and which are subject to the terms of this Agreement shall bear the following legend, either as an endorsement or stamped or printed, thereon, or in a notice to the Stockholder or transferee:

"The securities represented by this Certificate have not been registered under the Securities Act of 1933, as amended, and may not be sold, offered for sale, pledged or hypothecated in the absence of an effective registration statement as to the securities under said Act or an opinion of counsel reasonably satisfactory to the Company and its counsel that such registration is not required."

"The securities represented by this Certificate are subject to the terms and conditions, including certain restrictions on transfer, of a Stockholders Agreement, dated as of [●], 2023, as amended and/or restated from time to time, and none of such securities, or any interest therein, shall be transferred, pledged, encumbered or otherwise disposed of except as provided in that Stockholders Agreement. A copy of the Stockholders Agreement is on file with the Secretary of the Company and will be mailed to any properly interested person without charge within five (5) business days after receipt of a written request."

(b) Each certificate (or book entry share) evidencing Shares owned by a Stockholder issued in a transaction registered under the 1933 Act and which are subject to the terms of this Agreement shall bear the following legend, either as an endorsement or stamped or printed, thereon, or in a notice to the Stockholder or transferee:

"The securities represented by this Certificate are subject to the terms and conditions, including certain restrictions on transfer, of a Stockholders Agreement, dated as of [●], 2023, as amended and/or restated from time to time, and none of such securities, or any interest therein, shall be transferred, pledged, encumbered or otherwise disposed of except as provided in that Stockholders Agreement. A copy of the Stockholders Agreement is on file with the Secretary of the Company and will be mailed to any properly interested person without charge within five (5) business days after receipt of a written request."

All shares shall also bear all legends required by federal and state securities laws. The legends set forth in this [Section 4.10](#) shall be removed at the expense of the Company at the request of a Stockholder at any time when they have ceased to be applicable (it being understood that the restriction referred to in the second paragraph of [Section 4.10\(a\)](#) and in the legend in [Section 4.10\(b\)](#) shall cease and terminate only when the provisions of [ARTICLE II](#) hereof cease to be applicable to any such Shares).

4.11 **Effectiveness of Transfers.** All Shares Transferred by a Stockholder (other than pursuant to an effective registration statement under the 1933 Act or pursuant to any distribution of Shares by an Institutional Stockholder to its partners, members or other investors after an initial Public Offering) shall, except as otherwise expressly stated herein, be held by the transferee thereof subject to this Agreement. Such transferee shall, except as otherwise expressly stated herein, have all the rights and be subject to all of the obligations of the transferor Stockholder under this Agreement (as though such party had so agreed pursuant to [Section 4.12](#)) automatically and without requiring any further act by such transferee or by any parties to this Agreement. Without affecting the preceding sentence, if such transferee is not a Stockholder on the date of such Transfer, then such transferee, as a condition to such Transfer, shall confirm such transferee's obligations hereunder in accordance with [Section 4.12](#). No Transfer of Shares by a Stockholder shall be registered on the Company's books and records, and such Transfer of Shares shall be null and void and not otherwise effective, unless any such Transfer is made in accordance with the terms and conditions of this Agreement, and the Company is hereby authorized by all of the Stockholders to enter appropriate stop transfer notations on its transfer records to give effect to this Agreement.

21

4.12 **Additional Stockholders.** Subject to the restrictions on Transfers of Shares contained herein, any Person who is not already a Stockholder acquiring Shares from a Stockholder (other than pursuant to an effective registration statement under the 1933 Act or pursuant to any distribution of Shares by an Institutional Stockholder to its partners, members or other investors after an initial Public Offering), shall, on or before the Transfer of such Shares, sign a Joinder Agreement and deliver such agreement to the Company, and shall thereby become a party to this Agreement to be bound hereunder as (i) an EQT Stockholder if a Permitted Transferee (other than the Company, or a CPPIB Stockholder, a Bain Stockholder, Other Institutional Stockholder, Director Stockholder, or Employee Stockholder) of an EQT Stockholder, (ii) a CPPIB Stockholder if a Permitted Transferee (other than the Company, or an EQT Stockholder, a Bain Stockholder, Other Institutional Stockholder, Director Stockholder, or Employee Stockholder) of a CPPIB Stockholder, (iii) a Bain Stockholder if a Permitted Transferee (other than the Company, or an EQT Stockholder, a CPPIB Stockholder, Other Institutional Stockholder, Director Stockholder, or Employee Stockholder) of an EQT Stockholder, (iv) an Other Institutional Stockholder if a Permitted Transferee (other than the Company, or an EQT Stockholder, a CPPIB Stockholder, a Bain Stockholder, Director Stockholder, or Employee Stockholder) of an Other Institutional Stockholder, (v) a Director Stockholder if a Permitted Transferee (other than the Company, or an EQT Stockholder, a CPPIB Stockholder, a Bain Stockholder, Director Stockholder, or Employee Stockholder) of a Director Stockholder, (vi) an Employee Stockholder if a Permitted Transferee (other than the Company, or an EQT Stockholder, a CPPIB Stockholder, a Bain Stockholder, Director Stockholder, or Employee Stockholder) of an Employee Stockholder, or (vii) an Additional Stockholder if such Person (other than the Company, or an EQT Stockholder, a CPPIB Stockholder, a Bain Stockholder, Other Institutional Stockholder, Director Stockholder, or Employee Stockholder) does not fall within clause (i), (ii), (iii), (iv), (v), or (vi) above. Each such additional Stockholder shall be listed on [Exhibit A](#), as amended from time to time.

4.13 **Other Business Opportunities.**

(a) Except as otherwise provided in the Company's certificate of incorporation or bylaws, the parties expressly acknowledge and agree that to the fullest extent permitted by applicable law: (i) each of the Institutional Stockholders (in each case, including (A) their respective Affiliates, (B) any portfolio company in which they or any of their respective affiliated Investment Funds or Affiliates have made a debt or equity investment (and vice versa), and (C) their respective limited partners, non-managing members or other similar direct or indirect investors) and each Stockholder Nominee has the right to, and shall have no duty (fiduciary, contractual or otherwise) not to, directly or indirectly engage in and possess interests in other business ventures of every type and description, including those engaged in the same or similar business activities or lines of business as the Company or any of its Subsidiaries or deemed to be competing with the Company or any of its Subsidiaries, on its own account, or in partnership with, or as an employee, officer, director, or shareholder of any other Person, with no obligation to offer to the Company or any of its Subsidiaries the right to participate therein; (ii) each of the Institutional Stockholders (in each case, including (A) their respective Affiliates, (B) any portfolio company in which they or any of their respective affiliated Investment Funds or Affiliates have made a debt or equity investment (and vice versa), and (C) their respective limited partners, non-managing members, or other similar direct or indirect investors) and each Stockholder Nominee may invest in, or provide services to, any Person that directly or indirectly competes with the Company or any of its Subsidiaries; and (iii) in the event that any of the Institutional Stockholders (in each case, including (A) their respective Affiliates, (B) any portfolio company in which they or any of their respective affiliated Investment Funds or Affiliates have made a debt or equity investment (and vice versa), and (C) their respective limited partners, non-managing members, or other similar direct or indirect investors) or any Stockholder Nominee acquires knowledge of a potential transaction or matter that may be a corporate or other business opportunity for the Company or any of its Subsidiaries, such Person shall have no duty (fiduciary, contractual, or otherwise) to communicate or present such corporate opportunity to the Company or any of its Subsidiaries, as the case may be, and, notwithstanding any provision of this Agreement to the contrary, shall not be liable to the Company or any of its Subsidiaries for breach of any duty (fiduciary, contractual, or otherwise) by reason of the fact that such Person, directly or indirectly, pursues or acquires such opportunity for itself, directs such opportunity to another Person or does not present such opportunity to the Company or any of its Subsidiaries. For the avoidance of doubt, the parties acknowledge that this paragraph is intended to disclaim and renounce, to the fullest extent permitted by applicable law, any right of the Company or any of its Subsidiaries with respect to the matters set forth herein, and this paragraph shall be construed to effect such disclaimer and renunciation to the fullest extent permitted by law.

22

(b) The Company, each of its Subsidiaries hereby, to the fullest extent permitted by applicable law:

(i) confirms that no Institutional Stockholder nor any of its Affiliates has any duty to the Company or any of its Subsidiaries other than the specific covenants and agreements set forth in this Agreement;

(ii) acknowledges and agrees that (A) in the event of any conflict of interest between the Company or any of its Subsidiaries, on the one hand, and any Institutional Stockholder or any of its Affiliates, on the other hand, such Institutional Stockholder or any of its Affiliates (and any Stockholder Nominee) may act in its best interest and (B) none of the Institutional Stockholders nor any of their respective Affiliates (or any Stockholder Nominee), shall be obligated (1) to reveal to the Company or any of its Subsidiaries confidential information belonging to or relating to the business of such Person or any of its Affiliates or (2) to recommend or take any action in its capacity as a Stockholder or director, as the case may be, that prefers the interest of the Company or its Subsidiaries over the interest of such Person; and

(iii) waives any claim or cause of action against any of the Institutional Stockholders, any Stockholder Nominee, and any officer, employee, agent, or Affiliate of any such Person that may from time to time arise in respect of a breach by any such person of any duty or obligation disclaimed under [Section 4.13\(b\)](#) (i) or [Section 4.13\(b\)\(ii\)](#).

(c) Each of the parties hereto agrees that the waivers, limitations, acknowledgments, and agreements set forth in this [Section 4.13](#) shall not apply to any alleged claim or cause of action against any Institutional Stockholder based upon the breach or nonperformance by such Institutional Stockholder of this Agreement or any other agreement to which such Person is a party.

(d) The provisions of this [Section 4.13](#), to the extent that they restrict the duties and liabilities of any of the Institutional Stockholders or any Stockholder Nominee otherwise existing at law or in equity, are agreed by the parties hereto to replace such other duties and liabilities of the Institutional Stockholders or any such

Stockholder Nominee to the fullest extent permitted by applicable law.

4.14 No Waiver. No course of dealing and no delay on the part of any party hereto in exercising any right, power, or remedy conferred by this Agreement shall operate as waiver thereof or otherwise prejudice such party's rights, powers, and remedies. No single or partial exercise of any rights, powers, or remedies conferred by this Agreement shall preclude any other or further exercise thereof or the exercise of any other right, power, or remedy.

23

4.15 Costs and Expenses. Except as provided in Section 3.2, each party shall pay its own costs and expenses incurred in connection with this Agreement, and any and all other documents furnished pursuant hereto or in connection herewith.

4.16 Counterparts. This Agreement may be executed in two or more counterparts each of which shall be deemed an original but all of which together shall constitute one and the same instrument, and all signatures need not appear on any one counterpart.

4.17 Headings. All headings and captions in this Agreement are for purposes of reference only and shall not be construed to limit or affect the substance of this Agreement.

4.18 Third Party Beneficiaries. Except as provided in Section 4.13 and Section 3.1, nothing in this Agreement is intended or shall be construed to entitle any Person other than the Company and the Stockholders to any claim, cause of action, right, or remedy of any kind.

4.19 Consent to Jurisdiction. The Company and each of the Stockholders, by its, his or her execution hereof, (i) hereby irrevocably submit to the exclusive jurisdiction of the state and federal courts in the State of Delaware for the purposes of any claim or action arising out of or based upon this Agreement or relating to the subject matter hereof, (ii) hereby waive, to the extent not prohibited by applicable law, and agree not to assert by way of motion, as a defense or otherwise, in any such claim or action, any claim that it or he is not subject personally to the jurisdiction of the above-named courts, that its, his or her property is exempt or immune from attachment or execution, that any such proceeding brought in the above-named court is improper or that this Agreement or the subject matter hereof may not be enforced in or by such court, and (iii) hereby agree not to commence any claim or action arising out of or based upon this Agreement or relating to the subject matter hereof other than before the above-named courts nor to make any motion or take any other action seeking or intending to cause the transfer or removal of any such claim or action to any court other than the above-named courts whether on the grounds of inconvenient forum or otherwise. The Company and each of the Stockholders hereby consent, to the fullest extent permitted by law, to service of process in any such proceeding, and agree that service of process by registered or certified mail, return receipt requested, at its address specified pursuant to Section 4.4 is reasonably calculated to give actual notice.

4.20 WAIVER OF JURY TRIAL. TO THE EXTENT NOT PROHIBITED BY APPLICABLE LAW WHICH CANNOT BE WAIVED, EACH PARTY HERETO HEREBY WAIVES AND COVENANTS THAT IT WILL NOT ASSERT (WHETHER AS PLAINTIFF, DEFENDANT OR OTHERWISE) ANY RIGHT TO TRIAL BY JURY IN ANY FORUM IN RESPECT OF ANY ISSUE OR ACTION, CLAIM, CAUSE OF ACTION, OR SUIT (IN CONTRACT, TORT OR OTHERWISE), INQUIRY, PROCEEDING, OR INVESTIGATION ARISING OUT OF OR BASED UPON THIS AGREEMENT OR THE SUBJECT MATTER HEREOF OR IN ANY WAY CONNECTED WITH OR RELATED OR INCIDENTAL TO THE TRANSACTIONS CONTEMPLATED HEREBY, IN EACH CASE WHETHER NOW EXISTING OR HEREAFTER ARISING. EACH PARTY HERETO ACKNOWLEDGES THAT IT HAS BEEN INFORMED BY THE OTHER PARTIES HERETO THAT THIS SECTION 4.20 CONSTITUTES A MATERIAL INDUCEMENT UPON WHICH THEY ARE RELYING AND WILL RELY IN ENTERING INTO THIS AGREEMENT. ANY PARTY HERETO MAY FILE AN ORIGINAL COUNTERPART OR A COPY OF THIS SECTION 4.20 WITH ANY COURT AS WRITTEN EVIDENCE OF THE CONSENT OF EACH SUCH PARTY TO THE WAIVER OF ITS RIGHT TO TRIAL BY JURY.

24

4.21 Representations and Warranties. Each of the Stockholders executing this Agreement hereby represents and warrants severally and not jointly to each of the other Stockholders and to the Company on the date hereof (and in respect of Persons who become a party to this Agreement after the date hereof, such Stockholder hereby represents and warrants to each of the other Stockholders and the Company on the date of its execution of a Joinder Agreement) as follows:

(a) Such Stockholder, to the extent applicable, is duly organized or incorporated, validly existing and in good standing under the laws of the jurisdiction of its organization or incorporation, and has all requisite power and authority to conduct its business as it is now being conducted and is proposed to be conducted. Such Stockholder has the full power, authority, and legal right to execute, deliver, and perform this Agreement. The execution, delivery, and performance of this Agreement have been duly authorized by all necessary action, corporate or otherwise, of such Stockholder. This Agreement has been duly executed and delivered by such Stockholder and constitutes its, his, or her legal, valid and binding obligation, enforceable against it, him, or her in accordance with its terms, subject to applicable bankruptcy, insolvency, and similar laws affecting creditors' rights generally.

(b) The execution and delivery by such Stockholder of this Agreement, the performance by such Stockholder of its, his, or her obligations hereunder by such Stockholder does not and will not violate (i) in the case of parties who are not individuals, any provision of its organizational or constituent documents, (ii) any provision of any material agreement to which it, he, or she is a party or by which it, he, or she is bound, or (iii) any law, rule, regulation, judgment, order, or decree to which it, he, or she is subject. No notice, consent, waiver, approval, authorization, exemption, registration, license, or declaration is required to be made or obtained by such Stockholder in connection with the execution, delivery, or enforceability of this Agreement.

(c) Such Stockholder is not currently in violation of any law, rule, regulation, judgment, order, or decree, which violation could reasonably be expected at any time to have a material adverse effect upon such Stockholder's ability to enter into this Agreement or to perform its, his, or her obligations hereunder. There is no pending legal action, suit, or proceeding that would materially and adversely affect the ability of such Stockholder to enter into this Agreement or to perform its, his, or her obligations hereunder.

(d) If such Stockholder is an individual and married, he or she has delivered to the Company a duly executed copy of a Spousal Consent in the form attached hereto as Annex II (a "Spousal Consent").

4.22 Consents, Approvals and Actions.

(a) If any consent, approval, or action of the EQT Stockholders is required at any time pursuant to this Agreement, such consent, approval, or action shall be deemed given if the holders of a majority of the Shares held by the EQT Stockholders at such time provide such consent, approval, or action in writing at such time.

(b) If any consent, approval, or action of the CPPIB Stockholders is required at any time pursuant to this Agreement, such consent, approval, or action shall be deemed given if the holders of a majority of the Shares held by the CPPIB Stockholders at such time provide such consent, approval, or action in writing at such time.

25

(c) If any consent, approval, or action of the Bain Stockholders is required at any time pursuant to this Agreement, such consent, approval, or action shall be deemed given if the holders of a majority of the Shares held by the Bain Stockholders at such time provide such consent, approval, or action in writing at such time.

(d) If any consent, approval, or action of the Other Institutional Stockholders is required at any time pursuant to this Agreement, such consent, approval, or action shall be deemed given if the holders of a majority of the Shares held by the Other Institutional Stockholders at such time provide such consent, approval, or action in writing at such time.

(e) If any consent, approval, or action of the Director Stockholders is required at any time pursuant to this Agreement, such consent, approval, or action shall be deemed given if the holders of a majority of the Shares held by the Director Stockholders at such time provide such consent, approval, or action in writing at such time.

(f) If any consent, approval, or action of the Employee Stockholders is required at any time pursuant to this Agreement, such consent, approval, or action shall be deemed given if the holders of a majority of the Shares held by the Employee Stockholders at such time provide such consent, approval, or action in writing at such time.

such time.

(g) If any consent, approval, or action of the EQT Stockholders, the CPPIB Stockholders, the Bain Stockholders, the Other Institutional Stockholders, the Director Stockholders, or the Employee Stockholders is required at any time pursuant to this Agreement, such consent, approval, or action shall be deemed given if the EQT Stockholders, the CPPIB Stockholders, the Bain Stockholders, the Other Institutional Stockholders, the Director Stockholders, or the Employee Stockholders, as applicable, fail to respond within five (5) business days of notice of the event or undertaking requiring such consent, approval, or action.

(h) For purposes of clarity, the operation of this Section 4.22 shall not deprive any of the EQT Stockholders, the CPPIB Stockholders, and/or the Bain Stockholders, as applicable, of their respective rights to nominate directors pursuant to Section 2.2.

4.23 No Third Party Liabilities. This Agreement may only be enforced against the named parties hereto. All claims or causes of action (whether in contract or tort) that may be based upon, arise out of or relate to any of this Agreement, or the negotiation, execution, or performance of this Agreement (including any representation or warranty made in or in connection with this Agreement or as an inducement to enter into this Agreement), may be made only against the entities that are expressly identified as parties hereto, as applicable; and no past, present, or future director, officer, employee, incorporator, member, partner, stockholder, Affiliate, portfolio company in which any such party or any of its Investment Fund Affiliates have made a debt or equity investment (and vice versa), agent, attorney, or representative of any party hereto (including any Person negotiating or executing this Agreement on behalf of a party hereto), unless a party to this Agreement, shall have any liability or obligation with respect to this Agreement or with respect any claim or cause of action (whether in contract or tort) that may arise out of or relate to this Agreement, or the negotiation, execution, or performance of this Agreement (including a representation or warranty made in or in connection with this Agreement or as an inducement to enter into this Agreement).

4.24 Aggregation of Securities. All securities held by an Institutional Stockholder and its respective Permitted Transferees shall be aggregated together for purposes of determining the rights or obligations of such Institutional Stockholder, respectively, or the application of any restrictions to any such Institutional Stockholder, respectively, under this Agreement in which such right, obligation, or restriction is determined by any ownership threshold. An Institutional Stockholder, in each case, may allocate the ability to exercise any rights of such Institutional Stockholder, respectively, under this Agreement in any manner among such Institutional Stockholder and its Permitted Transferees, respectively, that such Institutional Stockholder sees fit.

26

4.25 Independent Nature of Stockholders' Obligations and Rights. Each Stockholder and the Company agrees that the arrangements contemplated by this Agreement are not intended to constitute the formation of a "group" (as defined in section 13(d)(3) of the 1934 Act). Each Stockholder agrees that, for purposes of determining beneficial ownership of such Stockholder, it shall disclaim any beneficial ownership by virtue of this Agreement of the Shares owned by the other Stockholders (other than, in the case of each of the EQT Stockholders, the CPPIB Stockholders, or the Bain Stockholders, as amongst the Stockholders within such defined group as further set forth in Section 4.24), and the Company agrees to recognize such disclaimer in its 1934 Act and 1933 Act reports. The obligations of each Stockholder under this Agreement are several and not joint with the obligations of any other Stockholder, and no Stockholder shall be responsible in any way for the performance of the obligations of any other Stockholder under this Agreement. Nothing contained herein, and no action taken by any Stockholder pursuant hereto, shall be deemed to constitute the Stockholders as, and the Company acknowledges that the Stockholders do not so constitute, a partnership, an association, a joint venture, or any other kind of group or entity, or create a presumption that the Stockholders are in any way acting in concert or as a group or entity with respect to such obligations or the transactions contemplated by this Agreement and the Company acknowledges that the Stockholders are not acting in concert or as a group, and the Company shall not assert any such claim, in each case, with respect to such obligations or the transactions contemplated by this Agreement. The decision of each Stockholder to enter into this Agreement has been made by such Stockholder independently of any other Stockholder. Each Stockholder acknowledges that no other Stockholder has acted as agent for such Stockholder in connection with such Stockholder making its investment in the Company and that no other Stockholder will be acting as agent of such Stockholder in connection with monitoring such Stockholder's investment in the Shares or enforcing its rights under this Agreement. The Company and each Stockholder confirms that each Stockholder has had the opportunity to independently participate with the Company and its subsidiaries in the negotiation of the transaction contemplated hereby with the advice of its own counsel and advisors. Each Stockholder shall be entitled to independently protect and enforce its rights, including, without limitation, the rights arising out of this Agreement, and it shall not be necessary for any other Stockholder to be joined as an additional party in any proceeding for such purpose. The use of a single agreement to effectuate the rights and obligations contemplated hereby was solely in the control of the Company, not the action or decision of any Stockholder, and was done solely for the convenience of the Company and its subsidiaries and not because the Company was required to do so by any Stockholder. It is expressly understood and agreed that each provision contained in this Agreement is between the Company and a Stockholder, solely, and not between the Company and the Stockholders collectively and not between and among the Stockholders.

4.26 Effectiveness. This Agreement shall become effective on the day immediately preceding the date on which a registration statement on Form 8-A, or any successor form thereto, with respect to the Common Stock first becomes effective under the 1934 Act. This Agreement shall automatically terminate if the Underwriting Agreement is terminated prior to the completion of the initial Public Offering referenced therein for any reason or the initial Public Offering contemplated by the Underwriting Agreement is not consummated on or before the tenth (10th) business day following the date of this Agreement.

4.27 Structural Restrictions. For the avoidance of doubt, in the event the CPPIB Stockholder is not permitted to directly or indirectly invest in securities of the Company, its Subsidiaries, or any other entity in connection with the Company or its Subsidiaries to which are attached more than thirty percent (30%) of the votes that may be cast to elect or remove the directors (or members of a similar governing body) of such entity, then at no time will the CPPIB Stockholder be required to hold in any entity to the extent the CPPIB Stockholder would hold, directly or indirectly, securities of any such entity to which are attached more than thirty percent (30%) of the votes that may be cast to elect or remove the directors (or members of a similar governing body) of such entity; provided, that the Company and the CPPIB Stockholder shall cooperate in good faith to implement a structure to ensure the CPPIB Stockholder does not violate such thirty percent (30%) rule (it being understood that any such structure shall not result in adverse tax or other consequences for the Company, its Subsidiaries, or their shareholders (including any Stockholder)).

ARTICLE II

REGISTRATION RIGHTS

SECTION 2.01. Demand Registration.

(a) Demand by Institutional Investors. Following an IPO, at any time, any Institutional Investor may make a written request, in each case, subject to Section 2.11 (a "Demand Notice") to the Company for Registration of all or part of the Registrable Securities held by the Institutional Investors (i) on Form S-1 (a "Long-Form Registration"), provided that each of CPPIB and Bain shall be limited to a total of three (3) such requests, or (ii) on Form S-3 (a "Short-Form Registration") if the Company qualifies to use such short form (any such requested Long-Form Registration or Short-Form Registration, a "Demand Registration"). Each Demand Notice shall specify the aggregate amount of Registrable Securities of the Institutional Investors to be registered and the intended methods of disposition thereof. Subject to Section 2.11, after delivery of

such Demand Notice, the Company (x) shall file promptly (and in any event, within (i) ninety (90) days in the case of a request for a Long-Form Registration or (ii) thirty (30) days in the case of a request for a Short-Form Registration, in each case following delivery of such Demand Notice) with the SEC a Registration Statement (which the Company shall designate as an automatically effective Registration Statement if the Company qualifies at such time to file such a Registration Statement) relating to such Demand Registration (a "Demand Registration Statement"), and (y) shall use its reasonable best efforts to cause such Demand Registration Statement to promptly be declared effective under (x) the Securities Act (if such Registration Statement is not automatically effective) and (y) the "Blue Sky" laws of such jurisdictions as any Participating Holder or any underwriter, if any, reasonably requests.

(b) Demand Withdrawal. The Institutional Investors may withdraw their Registrable Securities from a Demand Registration at any time prior to the effectiveness of the applicable Demand Registration Statement. Upon delivery of a notice by the Institutional Investors to such effect, the Company shall cease all efforts to secure effectiveness of the applicable Demand Registration Statement. For the avoidance of doubt, the Institutional Investors shall not have any liability or obligation to any other Holder following their determination to terminate, withdraw and/or delay any Demand Registration initiated by them under this Section 2.01. In the case of CPPIB or Bain, as applicable, any withdrawal of a Demand Registration shall count as a Demand Registration for purposes of calculating the number of demands initiated by CPPIB or Bain, as applicable, unless it reimburses the Company for its pro rata portion of the Registration Expenses incurred in such Demand Registration through the time of such withdrawal.

(c) Demand Company Notice. Subject to Section 2.11, promptly upon delivery of any Demand Notice (but in no event more than two (2) Business Days following delivery of such Demand Notice), the Company shall deliver a written notice (a "Demand Company Notice") of any such Registration request to all Holders (other than the Institutional Investors exercising demand rights pursuant to Section 2.01(a)), and the Company shall include in such Demand Registration all such Registrable Securities of such Holders which the Company has received written requests for inclusion therein within five (5) Business Days after the date that such Demand Company Notice has been delivered. All requests made pursuant to this Section 2.01(c) shall specify the aggregate amount of Registrable Securities of such Holder to be registered.

9

(d) Delay in Filing; Suspension of Registration. If the Company shall furnish to the Participating Holders a certificate signed by the Chief Executive Officer or equivalent senior executive officer of the Company stating that the filing, effectiveness or continued use of a Demand Registration Statement would require the Company to make an Adverse Disclosure, then the Company may delay the filing (but not the preparation of) or initial effectiveness of, or suspend use of, the Demand Registration Statement (a "Demand Suspension"); provided, however, that the Company, unless otherwise approved in writing by the Institutional Investors exercising demand rights pursuant to Section 2.01(a), shall not be permitted to exercise a Demand Suspension or Shelf Suspension more than once, or for more than sixty (60) days, in each case, during any twelve (12) month period; provided, further, that in the event of a Demand Suspension, such Demand Suspension shall terminate at such earlier time as the Company would no longer be required to make any Adverse Disclosure. Each Participating Holder shall keep confidential the fact that a Demand Suspension is in effect, the certificate referred to above and its contents unless and until otherwise notified by the Company, except (A) for disclosure to such Participating Holder's employees, agents and professional advisers who reasonably need to know such information for purposes of assisting the Participating Holder with respect to its investment in the Company Shares and agree to keep it confidential, (B) for disclosures to the extent required in order to comply with reporting obligations to its limited partners or other direct or indirect investors who have agreed to keep such information confidential, (C) if and to the extent such matters are publicly disclosed by the Company or any of its Subsidiaries or any other Person that, to the actual knowledge of such Participating Holder, was not subject to an obligation or duty of confidentiality to the Company and its Subsidiaries, (D) as required by law, rule or regulation, (E) for disclosures to potential limited partners or investors of a Participating Holder who have agreed to keep such information confidential and (F) for disclosures to potential transferees of a Holder's Registrable Securities who have agreed to keep such information confidential. In the case of a Demand Suspension, the Participating Holders agree to suspend use of the applicable Prospectus and any Issuer Free Writing Prospectus in connection with any sale or purchase of, or offer to sell or purchase, Registrable Securities, upon delivery of the notice referred to above. The Company shall immediately notify the Participating Holders upon the termination of any Demand Suspension, and (i) in the case of a Demand Registration Statement that has not been declared effective, shall promptly thereafter file the Demand Registration Statement and use its reasonable best efforts to have such Demand Registration Statement declared effective under the Securities Act and (ii) in the case of an effective Demand Registration Statement, shall amend or supplement the Prospectus and any Issuer Free Writing Prospectus, if necessary, so it does not contain any untrue statement or omission and furnish to the Participating Holders such numbers of copies of the Prospectus and any Issuer Free Writing Prospectus as so amended or supplemented as the Participating Holders may reasonably request. The Company agrees, if necessary, to supplement or make amendments to the Demand Registration Statement if required by the registration form used by the Company for the applicable Registration or by the instructions applicable to such registration form or by the Securities Act, or as may reasonably be requested by the Institutional Investors exercising demand rights pursuant to Section 2.01(a).

(e) Underwritten Offering. If the Institutional Investors exercising demand rights pursuant to Section 2.01(a) so request, an offering of Registrable Securities pursuant to a Demand Registration shall be in the form of an Underwritten Offering, and such Institutional Investors shall have the right to select the managing underwriter or underwriters to administer the offering. If such Institutional Investors intend to sell the Registrable Securities covered by their demand by means of an Underwritten Offering, such Institutional Investors shall so advise the Company as part of its Demand Notice, and the Company shall include such information in the Demand Company Notice.

(f) Priority of Securities Registered Pursuant to Demand Registrations. If the managing underwriter or underwriters of a proposed Underwritten Offering of the Registrable Securities included in a Demand Registration advise the Board of Directors in writing (with a copy provided to the Institutional Investors requesting participation in such Demand Registration) that, in its or their opinion, the number of securities requested to be included in such Demand Registration exceeds the number which can be sold in such offering without being likely to have a significant adverse effect on the price, timing or distribution of the securities offered or the market for the securities offered, the securities to be included in such Demand Registration (i) first, shall be allocated pro rata among the Institutional Investors that have requested to participate in such Demand Registration based on the relative number of Registrable Securities then held by each such Institutional Investor (provided, that any securities thereby allocated to an Institutional Investor that exceed such Institutional Investor's request shall be reallocated among the remaining requesting Institutional Investors in like manner), (ii) second, and only if all the securities referred to in clause (i) have been included in such Demand Registration, shall be allocated pro rata among the Holders (excluding the Institutional Investors, as applicable) that have requested to participate in such Demand Registration based on the relative number of Registrable Securities then held by each such Holder (provided, that any securities thereby allocated to a Holder that exceed such Holder's request shall be reallocated among the remaining requesting Holders in like manner), (iii) third, and only if all the securities referred to in clause (ii) have been included in such Demand Registration, the number of securities that the Company proposes to include in such Demand Registration that, in the opinion of the managing underwriter or underwriters, can be sold without having such adverse effect and (iv) fourth, and only if all of the securities referred to in clause (iii) have been included in such Demand Registration, any other securities eligible for inclusion in such Demand Registration that, in the opinion of the managing underwriter or underwriters, can be sold without having such adverse effect.

10

SECTION 2.02. Shelf Registration.

(a) Filing.

(i) Following the IPO, the Company shall use its reasonable best efforts to qualify for Registration on Form S-3 for secondary sales. At least ten (10) days prior to the date on which the Company anticipates becoming eligible to Register on Form S-3 (the "S-3 Eligibility Date"), the Company shall notify, in writing, the Institutional Investors of such eligibility and its intention to file and maintain a Shelf Registration Statement on Form S-3 covering the Registrable Securities held by the Institutional Investors (the "Eligibility Notice"). Promptly following receipt of such Eligibility Notice (but in no event more than five (5) days after receipt of such Eligibility Notice), the Institutional Investors shall deliver a written notice to the Company, which notice shall specify the aggregate amount of Registrable Securities held by the Institutional Investors to be covered by such Shelf Registration Statement and the intended methods of distribution thereof (the "S-3 Shelf Notice"). Following delivery of the S-3 Shelf Notice, the Company (x) shall file promptly (any, in any event, within the earlier of (i) thirty (30) days of receipt of the S-3 Shelf Notice and (ii) forty (40) days after delivery of the Eligibility Notice) with the SEC such Shelf Registration Statement (which shall be an automatic Shelf Registration Statement if the Company qualifies at such time to file such a Shelf Registration Statement) relating to the offer and sale of all Registrable Securities requested for inclusion therein by the Institutional Investors and, to the extent requested under Section 2.02(c), the other Holders from time to time in accordance with the methods of distribution elected by such Holders (to the extent permitted in this Section 2.02) and set forth in the Shelf Registration Statement and (y) shall use its reasonable best efforts to cause such Shelf Registration Statement to be promptly declared effective under the Securities Act (including upon the filing thereof if the Company qualifies to file an automatic Shelf Registration Statement); provided, however, that if an Institutional Investor reasonably believes that the Company will become S-3 eligible and delivers a S-3 Shelf Notice following the IPO but prior to the S-3 Eligibility Date, the Company shall not be obligated to file (but shall be obligated to prepare) such Shelf Registration Statement on Form S-3. If the Company then qualifies as a "well-known seasoned issuer" under applicable rules of the SEC, then if requested by the Institutional Investors holding a majority of the Registrable Securities then held by the Institutional Investors, the Shelf Registration Statement shall include an unspecified amount of Registrable Securities to be sold by unspecified Holders.

11

(ii) Subject to the right to deliver a Shelf Notice in the manner contemplated by the first proviso below, at any time following the end of the twelfth calendar month following the IPO, to the extent that the Company is not eligible to file or maintain a Shelf Registration Statement on Form S-3 as contemplated by Section 2.02(a) (i), the Institutional Investors may, subject to Section 2.11, make a written request to the Company to file a Shelf Registration Statement on Form S-1 (a "Shelf Notice"), which Shelf Notice shall specify the aggregate amount of Registrable Securities of the Institutional Investors to be registered therein and the intended methods of distribution thereof. Following the delivery of a Shelf Notice, the Company (x) shall file promptly with the SEC such Shelf Registration Statement relating to the offer and sale of all Registrable Securities requested for inclusion therein by the Institutional Investors and, to the extent requested under Section 2.02(c), the other Holders from time to time in accordance with the methods of distribution elected by such Holders (to the extent permitted in this Section 2.02) and set forth in the Shelf Registration Statement (provided, however, that if a Shelf Notice is delivered prior to the end of the twelfth calendar month following the IPO, the Company shall not be obligated to file (but shall be obligated to prepare) such Shelf Registration Statement prior to the end of the twelfth calendar month following the IPO) and (y) shall use its reasonable best efforts to cause such Shelf Registration Statement to be promptly declared effective under the Securities Act. If, on the date of any such request (or, in the event of a request that is delivered prior to the end of the twelfth calendar month following the IPO, on the first day of the thirteenth calendar month following the IPO), the Company does not qualify to file a Shelf Registration Statement under the Securities Act, the provisions of this Section 2.02 shall not apply, and the provisions of Section 2.01 shall apply instead; provided that the limitations on the number of Demand Registrations for CPPIB and Bain shall not apply.

(b) Continued Effectiveness. The Company shall use its reasonable best efforts to keep any Shelf Registration Statement filed pursuant to Section 2.02(a) continuously effective under the Securities Act in order to permit the Prospectus forming a part thereof to be usable by Shelf Holders until the earliest of (i) the date as of which all Registrable Securities have been sold pursuant to the Shelf Registration Statement or another Registration Statement filed under the Securities Act (but in no event prior to the applicable period referred to in Section 4(a)(3) of the Securities Act and Rule 174 thereunder), (ii) the date as of which each of the Shelf Holders is permitted to sell its Registrable Securities without Registration pursuant to Rule 144 without volume limitation or other restrictions on transfer thereunder and (iii) such shorter period as the Institutional Investors with respect to such Shelf Registration shall agree in writing (such period of effectiveness, the "Shelf Period"). Subject to Section 2.02(d), the Company shall not be deemed to have used its reasonable best efforts to keep the Shelf Registration Statement effective during the Shelf Period if the Company voluntarily takes any action or omits to take any action that would result in Shelf Holders not being able to offer and sell any Registrable Securities pursuant to such Shelf Registration Statement during the Shelf Period, unless such action or omission is (x) a Shelf Suspension permitted pursuant to Section 2.02(d) or (y) required by applicable law, rule or regulation.

12

(c) Company Notices. Promptly after delivery of the S-3 Shelf Notice pursuant to Section 2.02(a) (but in no event more than two (2) Business Days after delivery of the S-3 Shelf Notice or the Shelf Notice, as applicable), the Company shall deliver a written notice of the S-3 Shelf Notice or the Shelf Notice, as applicable, to all Holders other than the Institutional Investors (which notice shall specify the Pro Rata Institutional Investors Shelf Percentage applicable to such Shelf Registration) and the Company shall include in such Shelf Registration all such Registrable Securities of such Holders which the Company has received written requests for inclusion therein within two (2) Business Days after such written notice is delivered to such Holders (each such Holder delivering such a request, together with the Institutional Investors that have requested inclusion, a "Shelf Holder"); provided, that the Company shall not include in such Shelf Registration Registrable Securities of any Holder (other than the Institutional Investors) in an amount in excess of such Holder's Pro Rata Shelf Percentage. If the Company is permitted by applicable law, rule or regulation to add selling stockholders to a Shelf Registration Statement without filing a post-effective amendment, a Holder may request the inclusion of an amount of such Holder's Registrable Securities not to exceed, in the case of a Holder that is not an Institutional Investor, such Holder's Pro Rata Shelf Percentage in such Shelf Registration Statement at any time or from time to time after the filing of a Shelf Registration Statement, and the Company shall add such Registrable Securities to the Shelf Registration Statement as promptly as reasonably practicable, and such Holder shall be deemed a Shelf Holder.

(d) Delay in Filing; Suspension of Registration. If the Company shall furnish to the Shelf Holders a certificate signed by the Chief Executive Officer or equivalent senior executive officer of the Company stating that the filing, effectiveness or continued use of a Shelf Registration Statement filed pursuant to Section 2.02(a) would require the Company to make an Adverse Disclosure, then the Company may delay the filing (but not the preparation of) or initial effectiveness of, or suspend use of the Shelf Registration Statement (a "Shelf Suspension"); provided, however, that the Company, unless otherwise approved in writing by the Institutional Investors, shall not be permitted to exercise aggregate Demand Suspensions and Shelf Suspensions more than once, or for more than sixty (60) days, in each case, during any 12-month period; provided, further, that in the event of a Shelf Suspension, such Shelf Suspension shall terminate at such earlier time as the Company would no longer be required to make any Adverse Disclosure. Each Shelf Holder shall keep confidential the fact that a Shelf Suspension is in effect, the certificate referred to above and its contents unless and until otherwise notified by the Company, except (A) for disclosures to such Shelf Holder's employees, agents and professional advisers who reasonably need to know such information for purposes of assisting the Holder with respect to its investment in the Company Shares and agree to keep it confidential, (B) for disclosures to the extent required in order to comply with reporting obligations to its limited partners or other direct or indirect investors who have agreed to keep such information confidential, (C) if and to the extent such matters are publicly disclosed by the Company or any of its Subsidiaries or any other Person that, to the actual knowledge of such Shelf Holder, was not subject to an obligation or duty of confidentiality to the Company and its Subsidiaries, (D) as required by law, rule or regulation, (E) for disclosures to potential limited partners or investors of a Participating Holder who have agreed to keep such information confidential and (F) for disclosures to potential transferees of a Holder's Registrable Securities who have agreed to keep such information confidential. In the case of a Shelf Suspension, the Holders agree to suspend use of the applicable Prospectus and any Issuer Free Writing Prospectus in connection with any sale or purchase of, or offer to sell or purchase, Registrable Securities, upon delivery of the notice referred to above. The Company shall immediately notify the Shelf Holders upon the termination of any Shelf Suspension, and (i) in the case of a Shelf Registration Statement that has not been declared effective, shall promptly thereafter file the Shelf Registration Statement and use its reasonable best efforts to have such Shelf Registration Statement declared effective under the Securities Act and (ii) in the case of an effective Shelf Registration Statement, shall (x) amend or supplement the Prospectus and any Issuer Free Writing Prospectus, if necessary, so it does not contain any untrue statement or omission and furnish to the Shelf Holders such numbers of copies of the Prospectus and any Issuer Free Writing Prospectus as so amended or supplemented as the Shelf Holders may reasonably request and (y) if applicable, cause any post-effective amendment to the Shelf Registration Statement to become effective. The Company agrees, if necessary, to supplement or make amendments to the Shelf Registration Statement if required by the registration form used by the Company for the applicable Registration or by the instructions applicable to such registration form or by the Securities Act or the rules or regulations promulgated thereunder, or as may reasonably be requested by the Institutional Investors.

(e) Shelf Take-Downs.

(i) An offering or sale of Registrable Securities pursuant to a Shelf Registration Statement (each, a "Shelf Take-Down") may be initiated only by an Institutional Investor. Except as set forth in Section 2.02(e)(iii) with respect to Marketed Underwritten Shelf Take-Downs and as set forth in Section 2.02(e)(iv), the Company shall not be required to permit the offer and sale of Registrable Securities by other Shelf Holders in connection with any such Shelf Take-Down initiated by the Institutional Investors.

(ii) Subject to Section 2.11, if an Institutional Investor elects by written request to the Company, a Shelf Take-Down shall be in the form of an Underwritten Offering (an "Underwritten Shelf Take-Down Notice") and the Company shall amend or supplement the Shelf Registration Statement for such purpose as soon as practicable. The Institutional Investor exercising demand rights under this Section 2.02(e) shall have the right to select the managing underwriter or underwriters to administer such offering. The provisions of Section 2.01(f) shall apply to any Underwritten Offering pursuant to this Section 2.02(e).

(iii) If the plan of distribution set forth in any Underwritten Shelf Take-Down Notice includes a customary "road show" (including an "electronic road show") or other marketing effort, which may be conducted confidentially, by the Company and the underwriters (a "Marketed Underwritten Shelf Take-Down" which, for the avoidance of doubt, shall not include a "block trade" or a "bought deal"), promptly upon delivery of such Underwritten Shelf Take-Down Notice (but in no event more than three (3) Business Days thereafter), the Company shall promptly deliver a written notice (a "Marketed Underwritten Shelf Take-Down Notice") of such Marketed Underwritten Shelf Take-Down to all Shelf Holders (other than the Institutional Investors exercising demand rights pursuant to Section 2.02(e)), and the Company shall include in such Marketed Underwritten Shelf Take-Down all such Registrable Securities of such Shelf Holders that are Registered on such Shelf Registration Statement for which the Company has received written requests, which requests must specify the aggregate amount of such Registrable Securities of such Holder to be offered and sold pursuant to such Marketed Underwritten Shelf Take-Down, for inclusion therein within three (3) Business Days after the date that such Marketed Underwritten Shelf Take-Down Notice has been delivered.

14

(iv) If the plan of distribution set forth in any Underwritten Shelf Take-Down Notice includes an Underwritten Offering to be conducted as a "block trade" or a "bought deal," promptly upon delivery of such Underwritten Shelf Take-Down Notice (but in no event more than twelve (12) hours thereafter), the Company shall promptly deliver a written notice (a "Block Trade Shelf Take-Down Notice") of such Underwritten Shelf Take-Down to each other Institutional Investor (and, if they are no longer Institutional Investors but continue to be Holders of Registrable Securities, CPPIB and Bain, as applicable), and the Company shall include in such Underwritten Shelf Take-Down all such Registrable Securities of such Holders that are Registered on such Shelf Registration Statement for which the Company has received written requests, which requests must specify the aggregate amount of such Registrable Securities of such Holder to be offered and sold pursuant to such Underwritten Shelf Take-Down, for inclusion therein within twenty-four (24) hours after the date that such Underwritten Shelf Take-Down Notice has been delivered.

SECTION 2.06. Underwritten Offerings.

(a) Demand and Shelf Registrations. If requested by the underwriters for any Underwritten Offering requested by the Institutional Investors pursuant to a Registration under Section 2.01 or Section 2.02, as applicable, the Company shall enter into an underwriting agreement with such underwriters for such offering, such agreement to be reasonably satisfactory in substance and form to the Company, the participating Institutional Investors and the underwriters, and to contain such representations and warranties by the Company and such other terms as are generally prevailing in agreements of that type, including indemnities no less favorable to the recipient thereof than those provided in Section 2.09. The participating Institutional Investors shall cooperate with the Company in the negotiation of such underwriting agreement and shall give consideration to the reasonable suggestions of the Company regarding the form thereof. The Participating Holders shall be parties to such underwriting agreement, which underwriting agreement shall (i) contain such representations and warranties by, and the other agreements on the part of, the Company to and for the benefit of such Participating Holders as are customarily made by issuers to selling stockholders in secondary underwritten public offerings and (ii) provide that any or all of the conditions precedent to the obligations of such underwriters under such underwriting agreement also shall be conditions precedent to the obligations of such Participating Holders. Any such Participating Holder shall not be required to make any representations or warranties to or agreements with the Company or the underwriters in connection with such underwriting agreement other than representations, warranties or agreements regarding such Participating Holder, such Participating Holder's title to the Registrable Securities, such Participating Holder's authority to sell the Registrable Securities, such Participating Holder's intended method of distribution, absence of liens with respect to the Registrable Securities, enforceability of the applicable underwriting agreement as against such Participating Holder, receipt of all consents and approvals with respect to the entry into such underwriting agreement and the sale of such Registrable Securities and any other representations required to be made by such Participating Holder under applicable law, rule or regulation, and the aggregate amount of the liability of such Participating Holder in connection with such underwriting agreement shall not exceed such Participating Holder's net proceeds from such Underwritten Offering.

(b) Piggyback Registrations. If the Company proposes to register any of its securities under the Securities Act as contemplated by Section 2.03 and such securities are to be distributed in an Underwritten Offering through one or more underwriters, the Company shall, if requested by any Holder pursuant to Section 2.03 and subject to the provisions of Sections 2.03(b) and (c), use its reasonable best efforts to arrange for such underwriters to include on the same terms and conditions that apply to the other sellers in such Registration all the Registrable Securities to be offered and sold by such Holder among the securities of the Company to be distributed by such underwriters in such Registration. The Participating Holders shall be parties to the underwriting agreement between the Company and such underwriters, which underwriting agreement shall (i) contain such representations and warranties by, and the other agreements on the part of, the Company to and for the benefit of such Participating Holders as are customarily made by issuers to selling stockholders in secondary underwritten public offerings and (ii) provide that any or all of the conditions precedent to the obligations of such underwriters under such underwriting agreement also shall be conditions precedent to the obligations of such Participating Holders. Any such Participating Holder shall not be required to make any representations or warranties to, or agreements with the Company or the underwriters in connection with such underwriting agreement other than representations, warranties or agreements regarding such Participating Holder, such Participating Holder's title to the Registrable Securities, such Participating Holder's authority to sell the Registrable Securities, such Holder's intended method of distribution, absence of liens with respect to the Registrable Securities, enforceability of the applicable underwriting agreement as against such Participating Holder, receipt of all consents and approvals with respect to the entry into such underwriting agreement and the sale of such Registrable Securities or any other representations required to be made by such Participating Holder under applicable law, rule or regulation, and the aggregate amount of the liability of such Participating Holder in connection with such underwriting agreement shall not exceed such Participating Holder's net proceeds from such Underwritten Offering.

(c) Participation in Underwritten Registrations. Subject to the provisions of Sections 2.06(a) and 2.06(b) above, no Person may participate in any Underwritten Offering hereunder unless such Person (i) agrees to sell such Person's securities on the basis provided in any underwriting arrangements approved by the Persons entitled to approve such arrangements and (ii) completes and executes all questionnaires, powers of attorney, indemnities, underwriting agreements and other documents reasonably requested by the underwriters and required under the terms of such underwriting arrangements.

(d) Price and Underwriting Discounts. In the case of an Underwritten Offering under Section 2.01 or Section 2.02, the price, underwriting discount and other financial terms for the Registrable Securities shall be determined by the Institutional Investors exercising demand rights so long as all Registrable Securities are subject to the same financial terms.

SECTION 2.07. No Inconsistent Agreements; Additional Rights. The Company is not currently a party to, and shall not hereafter enter into without the prior written consent of the Institutional Investors, any agreement with respect to its securities that is inconsistent with the rights granted to the Holders by this Agreement, including allowing any other holder or prospective holder of any securities of the Company (a) registration rights in the nature or substantially in the nature of those set forth in Section 2.01, Section 2.02 or Section 2.03 that would have priority over the Registrable Securities with respect to the inclusion of such securities in any Registration (except to the extent such registration rights are solely related to registrations of the type contemplated by Section 2.03(a)(iii) and (iv)) or (b) demand registration rights in the nature or substantially in the nature of those set forth in Section 2.01 or Section 2.02 that are exercisable prior to such time as the Institutional Investors and the Holders can first exercise their rights under Section 2.01 or Section 2.02, as applicable.

SECTION 2.08. Registration Expenses. All expenses incident to the Company's performance of or compliance with this Agreement shall be paid by the Company, including (i) all registration and filing fees, and any other fees and expenses associated with filings required to be made with the SEC, FINRA and if applicable, the fees and expenses of any "qualified independent underwriter," as such term is defined in FINRA Rule 5121 (or any successor provision), and of its counsel, (ii) all fees and expenses in connection with compliance with any securities or "Blue Sky" laws (including fees and disbursements of counsel for the underwriters in connection with "Blue Sky" qualifications of the Registrable Securities), (iii) all printing, duplicating, word processing, messenger, telephone, facsimile and delivery expenses (including expenses of printing certificates for the Registrable Securities in a form eligible for deposit with The Depository Trust Company or any other required depositories and of printing Prospectuses and Issuer Free Writing Prospectuses), (iv) all fees and disbursements of counsel for the Company and of all independent certified public accountants of the Company (including the expenses of any special audit and cold comfort letters required by or incident to such performance), (v) Securities Act liability insurance or similar insurance if the Company so desires or the underwriters so require in accordance with then-customary underwriting practice, (vi) all fees and expenses incurred in connection with the listing of Registrable Securities on any securities exchange or quotation of the Registrable Securities on any inter-dealer quotation system, (vii) all applicable rating agency fees with respect to the Registrable Securities, (viii) any reasonable fees and disbursements of underwriters customarily paid by issuers or sellers of securities, (ix) all fees and expenses of any special experts or other Persons retained by the Company in connection with any Registration, (x) all of the Company's internal expenses (including all salaries and expenses of its officers and employees performing legal or accounting duties), (xi) all expenses related to the "road-show" for any Underwritten Offering, including all travel, meals and lodging and (xii) any other fees and disbursements customarily paid by the issuers of securities. All such expenses are referred to herein as "Registration Expenses." The Company shall not be required to pay any underwriting discounts and commissions and transfer taxes, if any, attributable to the sale of Registrable Securities. Without limiting the foregoing, in connection with each Registration or offering made pursuant to this Agreement, the Company shall pay (i) the reasonable fees and expenses of the Institutional Investors' counsel for the Institutional Investors exercising demand rights and (ii) the reasonable fees and expenses of one counsel to the other Holders, which counsel shall be designated by the Institutional Investors exercising demand rights and may be the same counsel for such Institutional Investors; provided, however, if such Institutional Investors do not elect to designate such counsel, such counsel shall be designated by the Holders participating in such Registration or offering that hold a majority of the Registrable Securities held by all such participating Holders.

SECTION 2.09. Indemnification.

(a) Indemnification by the Company. The Company agrees to indemnify and hold harmless, to the full extent permitted by law, each of the Holders, each of their respective direct or indirect partners, members, managers or shareholders and each of such partner's, member's or shareholder's partners, members, managers or shareholders and, with respect to all of the foregoing Persons, each of their respective Affiliates, employees, directors, officers, trustees or agents and each Person who controls (within the meaning of the Securities Act or the Exchange Act) such Persons and each of their respective Representatives from and against any and all losses, penalties, judgments, suits, costs, claims, damages, liabilities and expenses, joint or several (including reasonable costs of preparation and investigation and legal expenses) (each, a "Loss" and collectively, "Losses") arising out of or based upon (i) any untrue statement or alleged untrue statement of a material fact contained in any Registration Statement under which such Registrable Securities were Registered under the Securities Act (including any final, preliminary or summary Prospectus contained therein or any amendment or supplement thereto or any documents incorporated by reference therein), any Issuer Free Writing Prospectus or amendment or supplement thereto, or any other disclosure document produced by or on behalf of the Company or any of its Subsidiaries including reports and other documents filed under the Exchange Act, (ii) any omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein (in the case of a Prospectus, preliminary Prospectus or Issuer Free Writing Prospectus, in light of the circumstances under which they were made) not misleading, (iii) any violation or alleged violation by the Company of any federal, state or common law rule or regulation applicable to the Company or any of its Subsidiaries in connection with any such registration, qualification, compliance or sale of Registrable Securities, (iv) any failure to register or qualify Registrable Securities in any state where the Company or its agents have affirmatively undertaken or agreed in writing that the Company (the undertaking of any underwriter being attributed to the Company) will undertake such registration or qualification on behalf of the Holders of such Registrable Securities or (v) any actions or inactions or proceedings in respect of the foregoing whether or not such indemnified party is a party thereto, and the Company will reimburse, as incurred, each such Holder and each of their respective direct or indirect partners, members or shareholders and each of such partner's, member's or shareholder's partners, members or shareholders and, with respect to all of the foregoing Persons, each of their respective Affiliates, employees, directors, officers, trustees or agents and controlling Persons and each of their respective Representatives, for any legal and any other expenses reasonably incurred in connection with investigating or defending any such claim, loss, damage, liability or action; provided, that no Participating Holder shall be entitled to indemnification pursuant to this Section in respect of any untrue statement or omission contained in any information relating to such Participating Holder furnished in writing by such Participating Holder to the Company specifically for inclusion in a Registration Statement and used by the Company in conformity therewith (such information "Selling Stockholder Information"). This indemnity shall be in addition to any liability the Company may otherwise have. Such indemnity shall remain in full force and effect regardless of any investigation made by or on behalf of such Holder or any indemnified party and shall survive the transfer of such securities by such Holder. The Company shall also indemnify underwriters, selling brokers, dealer managers and similar securities industry professionals participating in the distribution, their officers and directors and each Person who controls such Persons (within the meaning of the Securities Act and the Exchange Act) to the same extent as provided above with respect to the indemnification of the indemnified parties.

(b) Indemnification by the Participating Holders. Each Participating Holder agrees (severally and not jointly) to indemnify and hold harmless, to the fullest extent permitted by law, the Company, its directors and officers and each Person who controls the Company (within the meaning of the Securities Act or the Exchange Act), from and against any Losses resulting from (i) any untrue statement or alleged untrue statement of a material fact in any Registration Statement under which such Registrable Securities were Registered under the Securities Act (including any final, preliminary or summary Prospectus contained therein or any amendment or supplement thereto or any documents incorporated by reference therein) or any Issuer Free Writing Prospectus or amendment or supplement thereto, or (ii) any omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein (in the case of a Prospectus, preliminary Prospectus or Issuer Free Writing Prospectus, in light of the circumstances under which they were made) not misleading, in each case to the extent, but only to the extent, that such untrue statement (or alleged untrue statement) or omission (or alleged omission) is contained in such Participating Holder's Selling Stockholder Information. In no event shall the liability of such Holder hereunder be greater in amount than the dollar amount of the net proceeds received by such Holder under the sale of Registrable Securities giving rise to such indemnification obligation.

25

(c) Conduct of Indemnification Proceedings. Any Person entitled to indemnification under this Section 2.09 shall (i) give prompt written notice to the indemnifying party of any claim with respect to which it seeks indemnification (provided, that any delay or failure to so notify the indemnifying party shall relieve the indemnifying party of its obligations hereunder only to the extent, if at all, that it is actually and materially prejudiced by reason of such delay or failure) and (ii) permit such indemnifying party to assume the defense of such claim with counsel reasonably satisfactory to the indemnified party; provided, that any Person entitled to indemnification hereunder shall have the right to select and employ separate counsel and to participate in the defense of such claim, but the fees and expenses of such counsel shall be at the expense of such Person unless (A) the indemnifying party has agreed in writing to pay such fees or expenses, (B) the indemnifying party shall have failed to assume the defense of such claim within a reasonable time after delivery of notice of such claim from the Person entitled to indemnification hereunder and employ counsel reasonably satisfactory to such Person, (C) the indemnified party has reasonably concluded (based upon advice of its counsel) that there may be legal defenses available to it or other indemnified parties that are different from or in addition to those available to the indemnifying party, or (D) in the reasonable judgment of any such Person (based upon advice of its counsel) a conflict of interest may exist between such Person and the indemnifying party with respect to such claims (in which case, if the Person notifies the indemnifying party in writing that such Person elects to employ separate counsel at the expense of the indemnifying party, the indemnifying party shall not have the right to assume the defense of such claim on behalf of such Person). If the indemnifying party assumes the defense, the indemnifying party shall not have the right to settle such action, consent to entry of any judgment or enter into any settlement, in each case without the prior written consent of the indemnified party, unless the entry of such judgment or settlement (i) includes as an unconditional term thereof the giving by the claimant or plaintiff to such indemnified party of an unconditional release from all liability in respect to such claim or litigation and (ii) does not include a statement as to or an admission of fault, culpability or a failure to act by or on behalf of such indemnified party, and provided, that any sums payable in connection with such settlement are paid in full by the indemnifying party. If such defense is not assumed by the indemnifying party, the indemnifying party will not be subject to any liability for any settlement made without its prior written consent, but such consent may not be unreasonably withheld. It is understood that the indemnifying party or parties shall not, except as specifically set forth in this Section 2.09(c), in connection with any proceeding or related proceedings in the same jurisdiction, be liable for the reasonable fees, disbursements or other charges of more than one separate firm admitted to practice in such jurisdiction at any one time unless (X) the employment of more than one counsel has been authorized in writing by the indemnifying party or parties, (Y) an indemnified party has reasonably concluded (based on the advice of counsel) that there may be legal defenses available to it that are different from or in addition to those available to the other indemnified parties, or (Z) a conflict or potential conflict exists or may exist (based upon advice of counsel to an indemnified party) between such indemnified party and the other indemnified parties, in each of which cases the indemnifying party shall be obligated to pay the reasonable fees and expenses of such additional counsel or counsels.

26

(d) Contribution. If for any reason the indemnification provided for in paragraphs (a) and (b) of this Section 2.09 is unavailable to an indemnified party or insufficient in respect of any Losses referred to therein (other than as a result of exceptions or limitations on indemnification contained in Section 2.09), then the indemnifying party shall contribute to the amount paid or payable by the indemnified party as a result of such Loss in such proportion as is appropriate to reflect the relative fault of the indemnifying party on the one hand and the indemnified party or parties on the other hand in connection with the acts, statements or omissions that resulted in such losses, as well as any other relevant equitable considerations. In connection with any Registration Statement filed with the SEC by the Company, the relative fault of the indemnifying party on the one hand and the indemnified party on the other hand shall be determined by reference to, among other things, whether any untrue or alleged untrue statement of a material fact or the omission or alleged omission to state a material fact relates to information supplied by the indemnifying party or by the indemnified party and the parties' relative intent, knowledge, access to information and opportunity to correct or prevent such statement or omission. The parties hereto agree that it would not be just or equitable if contribution pursuant to this Section 2.09(d) were determined by pro rata allocation or by any other method of allocation that does not take account of the equitable considerations referred to in this Section 2.09(d). No Person guilty of fraudulent misrepresentation (within the meaning of section 11(f) of the Securities Act) shall be entitled to contribution from any Person who was not guilty of such fraudulent misrepresentation. The amount paid or payable by an indemnified party as a result of the Losses referred to in Sections 2.09(a) and 2.09(b) shall be deemed to include, subject to the limitations set forth above, any legal or other expenses reasonably incurred by such indemnified party in connection with investigating or defending any such action or claim. Notwithstanding the provisions of this Section 2.09(d), in connection with any Registration Statement filed by the Company, a Participating Holder shall not be required to contribute any amount in excess of the dollar amount of the net proceeds received by such Holder under the sale of Registrable Securities giving rise to such contribution obligation less any amount paid by such Holders pursuant to Section 2.09(b). If indemnification is available under this Section 2.09, the indemnifying parties shall indemnify each indemnified party to the full extent provided in Sections 2.09(a) and Section 2.09(b) hereof without regard to the provisions of this Section 2.09(d).

(e) No Exclusivity. The remedies provided for in this Section 2.09 are not exclusive and shall not limit any rights or remedies which may be available to any indemnified party at law or in equity or pursuant to any other agreement.

(f) Indemnification Priority. The Company hereby acknowledges and agrees that any of the Persons entitled to indemnification pursuant to this Section 2.09 (each, a "Company Indemnitee" and collectively, the "Company Indemnitees") may have certain rights to indemnification, advancement of expenses and/or insurance provided by other sources. The Company hereby acknowledges and agrees (i) that it is the indemnitor of first resort (i.e., its obligations to a Company Indemnitee are primary and any

obligation of such other sources to advance expenses or to provide indemnification for the same expenses or liabilities incurred by such Company Indemnitee are secondary) and (ii) that it shall be required to advance the full amount of expenses incurred by a Company Indemnitee and shall be liable for the full amount of all expenses, judgments, penalties, fines and amounts paid in settlement to the extent legally permitted and as required by the terms of this Agreement without regard to any rights a Company Indemnitee may have against such other sources. The Company further agrees that no advancement or payment by such other sources on behalf of a Company Indemnitee with respect to any claim for which such Company Indemnitee has sought indemnification, advancement of expenses or insurance from the Company shall affect the foregoing, and that such other sources shall have a right of contribution and/or be subrogated to the extent of such advancement or payment to all of the rights of recovery of such Company Indemnitee against the Company.

(g) Conflicts. Notwithstanding the foregoing, to the extent that the provisions on indemnification and contribution contained in the underwriting agreement entered into in connection with the underwritten public offering are in conflict with the foregoing provisions in this Section 2.09, the provisions in the underwriting agreement shall control.

(h) Survival. The indemnities provided in this Section 2.09 shall survive the transfer of any Registrable Securities by such Holder.

SECTION 2.10. Rules 144 and 144A and Regulation S. The Company covenants that it will file the reports required to be filed by it under the Securities Act and the Exchange Act and the rules and regulations adopted by the SEC thereunder (or, if the Company is not required to file such reports, it will, upon the reasonable request of the Institutional Investors, make publicly available such necessary information for so long as necessary to permit sales pursuant to Rules 144, 144A or Regulation S under the Securities Act), and it will take such further action as the Institutional Investors may reasonably request, all to the extent required from time to time to enable the Holders, following the IPO, to sell Registrable Securities without Registration under the Securities Act within the limitation of the exemptions provided by (i) Rules 144, 144A or Regulation S under the Securities Act, as such Rules may be amended from time to time, or (ii) any similar rule or regulation hereafter adopted by the SEC. Upon the reasonable request of a Holder, the Company will deliver to such Holder a written statement as to whether it has complied with such requirements and, if not, the specifics thereof.

SECTION 2.11. Limitation on Registrations and Underwritten Offerings. Notwithstanding the rights and obligations set forth in Sections 2.01 and 2.02, in no event shall the Company be obligated to take any action to (i) effect more than one Marketed Underwritten Offering in any consecutive 90-day period or (ii) effect any Underwritten Offering unless the Institutional Investors initiating such Underwritten Offering propose to sell Registrable Securities in such Underwritten Offering having a reasonably anticipated gross aggregate price (before deduction of underwriter commissions and offering expenses) of at least \$10,000,000.

SECTION 2.12. Clear Market. With respect to any Underwritten Offerings of Registrable Securities by the Institutional Investors pursuant to this Agreement, the Company agrees not to effect (other than pursuant to the Registration applicable to such Underwritten Offering or pursuant to a Special Registration) any public sale or distribution, or to file any Registration Statement (other than pursuant to the Registration applicable to such Underwritten Offering or pursuant to a Special Registration) covering any of its equity securities or any securities convertible into or exchangeable or exercisable for such securities, during the period not to exceed ten (10) days prior and sixty (60) days following the effective date of such offering or such longer period up to ninety (90) days as may be requested by the managing underwriter for such Underwritten Offering. "Special Registration" means the registration of (A) equity securities and/or options or other rights in respect thereof solely registered on Form S-4 or Form S-8 or (B) shares of equity securities and/or options or other rights in respect thereof to be offered to directors, employees, consultants, customers, lenders or vendors of the Company or its Subsidiaries or in connection with dividend reinvestment plans.

SECTION 2.13. In-Kind Distributions. If any Institutional Investor, as an Investment Fund or an Affiliate of an Investment Fund, seeks to effectuate an in-kind distribution of all or part of its Company Shares to its direct or indirect equity holders, the Company will reasonably cooperate with and assist such Institutional Investor, such equity holders and the Company's transfer agent to facilitate such in-kind distribution in the manner reasonably requested by such Institutional Investor (including the delivery of instruction letters by the Company or its counsel to the Company's transfer agent, the delivery of customary legal opinions by counsel to the Company and the delivery of Company Shares without restrictive legends, to the extent no longer applicable).

ARTICLE III

MISCELLANEOUS

SECTION 3.01. Term.

(a) This Agreement shall terminate with respect to any Holder (i) for those Holders (other than the Institutional Investors and the Katherine M. Denny 2012 Family Trust) that beneficially own less than one percent (1%) of the Company's outstanding Company Shares, if all of the Registrable Securities then owned by such Holder could be sold in any ninety (90)-day period pursuant to Rule 144, (ii) as to any Holder, if all of the Registrable Securities held by such Holder have been sold or otherwise transferred in a Registration pursuant to the Securities Act or pursuant to an exemption therefrom, or (iii) with respect to any Holder that is at any time an officer, director, employee or consultant of the Company or any of its Subsidiaries, on the date on which such Holder both (A) ceases to be an officer, employee, director or consultant (as applicable) of the Company and its Subsidiaries and (B) owns less than one percent (1%) of the outstanding Company Shares.

(b) Notwithstanding the foregoing, the provisions of Sections 2.09, 2.10 and 2.13 and all of this Article III shall survive any such termination. Upon the written request of the Company, each Holder agrees to promptly deliver a certificate to the Company setting forth the number of Registrable Securities then beneficially owned by such Holder.

SECTION 3.02. Injunctive Relief. It is hereby agreed and acknowledged that it will be impossible to measure in money the damage that would be suffered if the parties fail to comply with any of the obligations herein imposed on them and that in the event of any such failure, an aggrieved Person will be irreparably damaged and will not have an adequate remedy at law. Any such Person shall, therefore, be entitled (in addition to any other remedy to which it may be entitled in law or in equity) to injunctive relief, including specific performance, to enforce such obligations, and if any action should be brought in equity to enforce any of the provisions of this Agreement, none of the parties hereto shall raise the defense that there is an adequate remedy at law.

SECTION 3.03. Attorneys' Fees. In any action or proceeding brought to enforce any provision of this Agreement or where any provision hereof is validly asserted as a defense, the successful party shall, to the extent permitted by applicable law, be entitled to recover reasonable attorneys' fees in addition to any other available remedy.

SECTION 3.04. Notices. Unless otherwise specified herein, all notices, consents, approvals, reports, designations, requests, waivers, elections and other communications authorized or required to be given pursuant to this Agreement shall be in writing and shall be deemed to have been given (a) when personally delivered, (b) when transmitted via facsimile to the number set out below or on Schedule A or Schedule B, as applicable, if the sender receives confirmation of delivery or if the sender on the same or following Business Day sends a confirming copy of such notice by a recognized delivery service (charges prepaid), (c) the day following the day (except if not a Business Day then the next Business Day) on which the same has been delivered prepaid to a reputable national air courier service, (d) when transmitted via email (including via attached pdf document) to the email address set out below or on Schedule A or Schedule B, as applicable, if the sender on the same day sends a confirming copy of such notice by a recognized delivery service (charges prepaid) or (e) the third Business Day following the day on which the same is sent by certified or registered mail, postage prepaid, in each case, to the respective parties, as applicable, at the address, facsimile number or email address set forth below or on Schedule A or Schedule B hereto, as applicable (or such other address, facsimile number or email address as any Holder may specify by notice to the Company in accordance with this Section 3.04):

SECTION 3.05. Publicity and Confidentiality. Each of the parties hereto shall keep confidential any nonpublic information received pursuant to this Agreement, and shall not disclose, issue any press release or otherwise make any public statement relating hereto or thereto without the prior written consent of the Company and the Institutional Investors unless so required by applicable law or any governmental authority or the information is or becomes available to the public generally (or, in the case of a notice relating to a Registration or offering to be made hereunder, a determination is made not to proceed with such Registration or offering); provided that no such written consent shall be required (and each party shall be free to release such information) for disclosures (a) to each party's partners, members, advisors, employees, agents, accountants, trustee, attorneys, Affiliates, and investment vehicles managed or advised by such party or the partners, members, advisors, employees, agents, accountants, trustee, or attorneys of such Affiliates or managed or advised investment vehicles, in each case so long as such Persons agree to keep such information confidential, (b) to the extent required by law, rule, or regulation or (c) expressly permitted by this Agreement. Notwithstanding the foregoing or anything else in this Agreement, each Holder (and each employee, representative, or other agent of the Holder) may disclose to any and all persons, without limitation of any kind, the tax treatment and tax structure of, and tax strategies relating to, the transactions contemplated by this Agreement or engaged in by the Company and all materials of any kind (including opinions or other tax analyses) that are provided to the Holder relating to such tax treatment, tax structure, or tax strategies.

30

SECTION 3.06. Amendment. The terms and provisions of this Agreement may only be amended, modified, or waived at any time and from time to time by a writing executed by the Company and the Institutional Investors; provided, however, that any modification, amendment, or waiver of this Agreement that would subject any Holder (other than the Institutional Investors and any Excluded Holder) to materially adverse disproportionate treatment relative to the other Holders taking into account and considering the rights of such Holder prior to such amendment, modification, or waiver (each such Holder, an "Impacted Holder") shall require the agreement of the Majority Impacted Holders. No waiver by any party of any of the provisions hereof will be effective unless explicitly set forth in writing and executed by the party so waiving. Except as provided in the preceding sentence, no action taken pursuant to this Agreement, including without limitation, any investigation by or on behalf of any party, will be deemed to constitute a waiver by the party taking such action of compliance with any covenants or agreements contained herein. The waiver by any party hereto of a breach of any provision of this Agreement will not operate or be construed as a waiver of any subsequent breach.

SECTION 3.07. Successors, Assigns and Transferees.

(a) The rights and obligations of each party hereto may not be assigned, in whole or in part, without the written consent of the Company; provided, however, that notwithstanding the foregoing, the rights and obligations set forth herein may be assigned, in whole or in part, by EQT, CPPIB, or Bain to (i) any Permitted Transferee (as defined in the Stockholders Agreement in connection with a Permitted Transfer), (ii) with respect to EQT, any transferee that acquires Registrable Securities in accordance with the Stockholders Agreement and (iii) with respect to CPPIB and Bain, any transferee that acquires more than 50% of the Registrable Securities held by CPPIB or Bain in accordance with the Stockholders Agreement, as applicable, and such transferee shall, with the consent of the applicable Institutional Investor, be treated as an Institutional Investor and/or Holder (as determined by the applicable Institutional Investor) for all purposes under this Agreement (each Person to whom the rights and obligations are assigned in compliance with this Section 3.07 is a "Permitted Assignee" and all such Persons, collectively, are "Permitted Assignees"); provided, further, that such transferee shall only be admitted as a party hereunder upon its, his or her execution and delivery of a joinder agreement, in form and substance acceptable to the Institutional Investors, agreeing to be bound by the terms and conditions of this Agreement as if such Person were a party hereto (together with any other documents the Institutional Investors determine are necessary to make such Person a party hereto), whereupon such Person will be treated as an Institutional Investor and/or Holder, as applicable, for all purposes of this Agreement, with the same rights, benefits, and obligations hereunder as an Institutional Investor and/or Holder, as applicable, with respect to the transferred Registrable Securities (except that if the transferee was a Holder prior to such transfer, such transferee shall have the same rights, benefits, and obligations with respect to such transferred Registrable Securities as were applicable to Registrable Securities held by such transferee prior to such transfer).

31

(b) Nothing herein shall operate to permit a transfer of Registrable Securities otherwise restricted by the Stockholders Agreement or any other agreement to which any Holder may be a party.

SECTION 3.08. Binding Effect. Except as otherwise provided in this Agreement, the terms and provisions of this Agreement shall be binding on and inure to the benefit of each of the parties hereto and their respective successors.

SECTION 3.09. Third Party Beneficiaries. Nothing in this Agreement, express or implied, is intended or shall be construed to confer upon any Person not a party hereto (other than those Persons entitled to indemnity or contribution under Section 2.09, each of whom shall be a third party beneficiary thereof) any right, remedy, or claim under or by virtue of this Agreement.

SECTION 3.10. Governing Law; Jurisdiction. THIS AGREEMENT SHALL BE GOVERNED AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF DELAWARE, WITHOUT REGARD TO THE CONFLICTS OF LAW PRINCIPLES THEREOF. ANY ACTION OR PROCEEDING AGAINST THE PARTIES RELATING IN ANY WAY TO THIS AGREEMENT MAY BE BROUGHT AND ENFORCED EXCLUSIVELY IN THE COURTS OF THE STATE OF DELAWARE OR (TO THE EXTENT SUBJECT MATTER JURISDICTION EXISTS THEREFOR) THE U.S. DISTRICT COURT FOR THE DISTRICT OF DELAWARE, AND THE PARTIES IRREVOCABLY SUBMIT TO THE JURISDICTION OF BOTH SUCH COURTS IN RESPECT OF ANY SUCH ACTION OR PROCEEDING.

SECTION 3.11. Waiver of Jury Trial. EACH OF THE PARTIES HERETO HEREBY WAIVES TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY WITH RESPECT TO ANY LITIGATION DIRECTLY OR INDIRECTLY ARISING OUT OF, UNDER OR IN CONNECTION WITH THIS AGREEMENT OR ANY OF THE TRANSACTIONS CONTEMPLATED HEREBY. EACH OF THE PARTIES HEREBY (A) CERTIFIES THAT NO REPRESENTATIVE, AGENT OR ATTORNEY OF THE OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE FOREGOING WAIVER AND (B) ACKNOWLEDGES THAT IT HAS BEEN INDUCED TO ENTER INTO THIS AGREEMENT AND THE TRANSACTIONS CONTEMPLATED BY THIS AGREEMENT, AS APPLICABLE, BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS SECTION 3.11.

32

SECTION 3.12. Severability. If any provision of this Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

SECTION 3.13. Counterparts. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, and all of which shall constitute one and the same agreement.

SECTION 3.14. Headings. The heading references herein and in the table of contents hereto are for convenience purposes only, do not constitute a part of this Agreement and shall not be deemed to limit or affect any of the provisions hereof.

SECTION 3.15. Joinder. Any Person that holds Company Shares may, with the prior written consent of the Company, be admitted as a party to this Agreement upon its execution and delivery of a joinder agreement, in form and substance acceptable to Company, agreeing to be bound by the terms and conditions of this Agreement as if such Person were a party hereto (together with any other documents Company determine are necessary to make such Person a party hereto), whereupon such Person will be treated as a Holder for all purposes of this Agreement.

SECTION 3.16. Effectiveness. This Agreement shall become effective on the day immediately preceding the date on which a registration statement on Form 8-A, or any successor form thereto, with respect to the Company Shares first becomes effective under the Exchange Act. Until such time as this Agreement becomes effective, the Original Registration Rights Agreement shall remain in full force and effect. This Agreement shall automatically terminate if the Underwriting Agreement is terminated for any reason prior to the completion of the IPO or the IPO contemplated by the Underwriting Agreement is not consummated on or before the tenth (10th) Business Day following the date of this Agreement, provided, that Section 3.17 shall survive any such termination.

SECTION 3.17. Reinstatement of Original Registration Rights Agreement. The parties hereto hereby agree that in the event this Agreement becomes effective but is subsequently terminated pursuant to Section 3.16, the parties shall either reinstate the Original Registration Rights Agreement or execute a registration rights agreement with terms that are substantially equivalent (to the extent practicable) to, *mutatis mutandis*, the terms of the Original Registration Rights Agreement.

For purposes of Section 6.12(a) and the calculation of compliance with any financial ratio for purposes of taking any action hereunder (including for purposes of calculating compliance with the Incremental Cap), on any relevant date of determination, amounts denominated in currencies other than Dollars shall be translated into Dollars at the applicable currency exchange rate used in preparing the financial statements delivered pursuant to Section 5.01(a) or (b) (or, prior to the first such delivery, the financial statements referred to in Section 3.04), as applicable, for the relevant Test Period and will, with respect to any Indebtedness, reflect the currency translation effects, determined in accordance with GAAP, of any Hedge Agreement permitted hereunder in respect of currency exchange risks with respect to the applicable currency in effect on the date of determination for the Dollar equivalent amount of such Indebtedness.

76

(b) Each provision of this Agreement shall be subject to such reasonable changes of construction as the Administrative Agent may from time to time specify with the Borrower's consent to appropriately reflect a change in currency of any country and any relevant market convention or practice relating to such change in currency.

Notwithstanding anything to the contrary contained in this Agreement or in any other Loan Document, to the extent that any Lender extends the maturity date of, or replaces, renews or refinances, any of its then-existing Loans with Incremental Loans, Replacement Term Loans, Loans in connection with any Replacement Revolving Facility, Extended Term Loans, Extended Revolving Loans or loans incurred under a new credit facility, in each case, to the extent such extension, replacement, renewal or refinancing is effected by means of a "cashless roll" by such Lender pursuant to settlement mechanisms approved by the Borrower, the Administrative Agent and such Lender, such extension, replacement, renewal or refinancing shall be deemed to comply with any requirement hereunder or any other Loan Document that such payment be made "in Dollars", "in immediately available funds", "in Cash" or any other similar requirement.

Section 1.10 Certain Calculations and Tests. (a) Notwithstanding anything to the contrary herein, but subject to Sections 1.10(b) and (c) and Section 1.11, all financial ratios and tests (including the Total Leverage Ratio, the First Lien Leverage Ratio, the Secured Leverage Ratio, the Interest Coverage Ratio and the amount of Consolidated Total Assets and Consolidated Adjusted EBITDA) contained in this Agreement that are calculated with respect to any Test Period during which any Subject Transaction occurs shall be calculated with respect to such Test Period and each such Subject Transaction on a Pro Forma Basis. Further, if since the beginning of any such Test Period and on or prior to the date of any required calculation of any financial ratio or test (i) any Subject Transaction has occurred or (ii) any Person that subsequently became a Restricted Subsidiary or was merged, amalgamated or consolidated with or into the Borrower or any of its Restricted Subsidiaries or any joint venture since the beginning of such Test Period has consummated any Subject Transaction, then, in each case, any applicable financial ratio or test shall be calculated on a Pro Forma Basis for such Test Period as if such Subject Transaction had occurred at the beginning of the applicable Test Period (it being understood, for the avoidance of doubt, that solely for purposes of (x) calculating compliance with Section 6.12(a) and (y) calculating the First Lien Leverage Ratio for purposes of the definitions of "Applicable Rate" and "Commitment Fee Rate", in each case, no Subject Transaction occurring after the end of the relevant Test Period shall be taken into account).

(b) For purposes of determining the permissibility of any action, change, transaction or event that requires a calculation of any financial ratio or test (including, without limitation, Section 6.12(a), any First Lien Leverage Ratio test, any Secured Leverage Ratio test, any Total Leverage Ratio test and/or any Interest Coverage Ratio test, the amount of Consolidated Adjusted EBITDA and/or Consolidated Total Assets), such financial ratio or test shall be calculated at the time such action is taken (subject to Section 1.11), such change is made, such transaction is consummated or such event occurs, as the case may be, and no Default or Event of Default shall be deemed to have occurred solely as a result of a change in such financial ratio or test occurring after the time such action is taken, such change is made, such transaction is consummated or such event occurs, as the case may be.

77

(c) Notwithstanding anything to the contrary herein, with respect to any amounts incurred or transactions entered into (or consummated) in reliance on a provision of this Agreement (including any covenant or the definition of "Incremental Cap") that does not require compliance with a financial ratio or test (including, without limitation, Section 6.12(a), any First Lien Leverage Ratio test, any Secured Leverage Ratio test, any Total Leverage Ratio test and/or any Interest Coverage Ratio test) (any such amounts, the "Fixed Amounts") substantially concurrently with any amounts incurred or transactions entered into (or consummated) in reliance on a provision of this Agreement (including any covenant or the definition of "Incremental Cap") that requires compliance with a financial ratio or test (including, without limitation, Section 6.12(a), any First Lien Leverage Ratio test, any Secured Leverage Ratio test, any Total Leverage Ratio test and/or any Interest Coverage Ratio test) (any such amounts, the "Incurrence-Based Amounts"), it is understood and agreed that the Fixed Amounts shall be disregarded in the calculation of the financial ratio or test applicable to the Incurrence-Based Amounts.

Section 1.11 Limited Condition Transactions. In connection with any action being taken solely in connection with a Limited Condition Transaction (including any contemplated incurrence or assumption of indebtedness in connection therewith), for purposes of:

(a) determining compliance with any provision of this Agreement (other than Section 6.12(a)) that requires the calculation of the Interest Coverage Ratio, Total Leverage Ratio, the First Lien Leverage Ratio or the Secured Leverage Ratio;

(b) determining the accuracy of representations and warranties and/or whether a Default or Event of Default shall have occurred and be continuing (or any subset of Defaults or Events of Default); or

(c) testing availability under baskets set forth in this Agreement (including baskets measured as a percentage of Consolidated Adjusted EBITDA or Consolidated Adjusted EBITDA or by reference to the Available Amount or the Available Excluded Contribution Amount);

in each case, at the option of the Borrower (the Borrower's election to exercise such option in connection with any Limited Condition Transaction, an "LCT Election"), with such option to be exercised on or prior to the date of execution of the definitive agreements, submission of notice or the making of a definitive declaration, as applicable, with respect to such Limited Condition Transaction, the date of determination of whether any such action is permitted hereunder, shall be deemed to be (a) the date the definitive agreements, notice or declaration with respect to such Limited Condition Transaction are entered into, provided or made, as applicable or (b) with respect to sales in connection with an acquisition to which the United Kingdom City Code on Takeovers and Mergers applies (or similar law or practice in other jurisdictions), the date on which a "Rule 2.7 announcement" of a firm intent to make an offer or similar announcement or determination in another jurisdiction subject to laws similar to the United Kingdom City Code on Takeovers and Mergers (the "LCT Test Date"), and if, after giving Pro Forma Effect to the Limited Condition Transaction and the other transactions to be entered into in connection therewith (including any incurrence of Indebtedness or Liens and the use of proceeds thereof) as if they had occurred at the beginning of the most recent Test Period ending prior to the LCT Test Date, the Borrower could have taken such action on the relevant LCT Test Date in compliance with such ratio or basket, such ratio or basket shall be deemed to have been complied with.

For the avoidance of doubt, if the Borrower has made an LCT Election and any of the ratios or baskets for which compliance was determined or tested as of the LCT Test Date are exceeded as a result of fluctuations in any such ratio or basket, including due to fluctuations in Consolidated Adjusted EBITDA of the Borrower or the Person subject to such Limited Condition Transaction, at or prior to the consummation of the relevant transaction or action, such baskets or ratios will not be deemed to have been exceeded as a result of such fluctuations; provided however, if any ratios improve or baskets increase as a result of such fluctuations, such improved ratios or baskets may be utilized. If the

Borrower has made an LCT Election for any Limited Condition Transaction, then, in connection with any subsequent calculation of the ratios or baskets on or following the relevant LCT Test Date and prior to the earlier of (i) the date on which such Limited Condition Transaction is consummated or (ii) the date that the definitive agreement, notice or declaration for such Limited Condition Transaction is terminated or expires without consummation of such Limited Condition Transaction, any such ratio or basket shall be calculated on a Pro Forma Basis assuming such Limited Condition Transaction and other transactions in connection therewith (including any incurrence of Indebtedness or Liens and the use of proceeds thereof) have been consummated.

Section 1.12 Divisions. For all purposes under the Loan Documents, in connection with any division or plan of division under Delaware law (or any comparable event under a different jurisdiction's laws): (a) if any asset, right, obligation or liability of any Person becomes the asset, right, obligation or liability of a different Person, then it shall be deemed to have been transferred from the original Person to the subsequent Person, and (b) if any new Person comes into existence, such new Person shall be deemed to have been organized on the first date of its existence by the holders of its Capital Stock at such time.

Section 1.13 Interest Rates; Benchmark Notification. The interest rate on a Revolving Loan may be derived from an interest rate benchmark that may be discontinued or is, or may in the future become, the subject of regulatory reform. Upon the occurrence of a Benchmark Transition Event with respect to Initial Revolving Loans, Section 2.14(c) provides a mechanism for determining an alternative rate of interest. The Administrative Agent does not warrant or accept any responsibility for, and shall not have any liability with respect to, the administration, submission, performance or any other matter related to any interest rate used in this Agreement, or with respect to any alternative or successor rate thereto, or replacement rate thereof, including without limitation, whether the composition or characteristics of any such alternative, successor or replacement reference rate will be similar to, or produce the same value or economic equivalence of, the existing interest rate being replaced or have the same volume or liquidity as did any existing interest rate prior to its discontinuance or unavailability. The Administrative Agent and its affiliates and/or other related entities may engage in transactions that affect the calculation of any interest rate used in this Agreement or any alternative, successor or alternative rate (including any Benchmark Replacement) and/or any relevant adjustments thereto, in each case, in a manner adverse to the Borrower. The Administrative Agent may select information sources or services in its reasonable discretion to ascertain any interest rate used in this Agreement, any component thereof, or rates referenced in the definition thereof, in each case pursuant to the terms of this Agreement, and shall have no liability to the Borrower, any Lender or any other person or entity for damages of any kind, including direct or indirect, special, punitive, incidental or consequential damages, costs, losses or expenses (whether in tort, contract or otherwise and whether at law or in equity), for any error or calculation of any such rate (or component thereof) provided by any such information source or service.

(a) Each Term Borrowing, each Revolving Loan Borrowing, each conversion of Term Loans or Revolving Loans from one Type to the other and each continuation of Adjusted Term SOFR Loans shall be made upon notice by the Borrower to the Administrative Agent. Each such notice is irrevocable and must be in the form of a written Borrowing Request or Interest Election Request, as the case may be, appropriately completed and signed by a Responsible Officer of the Borrower or by telephone (and promptly confirmed by delivery of a written Borrowing Request or Interest Election Request, appropriately completed and signed by a Responsible Officer of the Borrower) and must be received by the Administrative Agent (by hand delivery, fax or other electronic transmission (including ".pdf" or ".tif")) not later than (i) 1:00 p.m. three U.S. Government Securities Business Days prior to the requested day of any Borrowing or continuation of Adjusted Term SOFR Loans or any conversion of ABR Loans to Adjusted Term SOFR Loans and (ii) 2:00 p.m. one Business Day prior to the requested date of any Borrowing or conversion to ABR Loans (or, in each case, such later time as is acceptable to the Administrative

Agent); provided, however, that if the Borrower wishes to request Adjusted Term SOFR Loans having an Interest Period of other than one (1), three (3) or six (6) months in duration as provided in the definition of "Interest Period," (A) the applicable notice from the Borrower must be received by the Administrative Agent not later than 1:00 p.m. four (4) Business Days prior to the requested date of the relevant Borrowing, conversion or continuation (or such later time as is acceptable to the Administrative Agent), whereupon the Administrative Agent shall give prompt notice to the appropriate Lenders of such request and determine whether the requested Interest Period is available to them and (B) not later than 12:00 p.m. three Business Days before the requested date of the relevant Borrowing, conversion or continuation, the Administrative Agent shall notify the Borrower whether or not the requested Interest Period is available to the appropriate Lenders.

(b) If no election as to the Type of Borrowing is specified, then the requested Borrowing shall be an ABR Borrowing. If no Interest Period is specified with respect to any Adjusted Term SOFR Borrowing then the Borrower shall be deemed to have selected an Interest Period of one month's duration. The Administrative Agent shall advise each Lender of the details and amount of any Loan to be made as part of the requested Borrowing (i) in the case of any ABR Borrowing, on the same Business Day of receipt of a Borrowing Request in accordance with this Section or (ii) in the case of any Adjusted Term SOFR Borrowing, no later than one (1) Business Day following receipt of a Borrowing Request in accordance with this Section.

Section 2.04 Swingline Loans.

(a) Subject to the terms and conditions set forth herein, in reliance upon the agreements of the other Lenders set forth in this Section 2.04, the Swingline Lender agrees to make Swingline Loans to the Borrower from time to time on and after the Closing Date, and until the earlier of the Initial Revolving Credit Maturity Date and the termination of the Initial Revolving Credit Commitment in accordance with the terms hereof, denominated in dollars, in an aggregate principal amount at any time outstanding that will not result in (i) the outstanding Swingline Loans of the Swingline Lender exceeding its Swingline Commitment or (ii) the aggregate Revolving Exposures exceeding the aggregate Revolving Credit Commitments, provided that the Swingline Lender shall not be required to make a Swingline Loan to refinance an outstanding Swingline Loan. Within the foregoing limits and subject to the terms and conditions set forth herein, the Borrower may borrow, prepay and reborrow Swingline Loans.

81

(b) To request a Swingline Loan, the Borrower shall notify the Administrative Agent and the Swingline Lender of such request by telephone (confirmed in writing) or by facsimile or electronic communication, if arrangements for doing so have been approved by the Swingline Lender (confirmed by telephone), not later than 1:00 p.m., New York time, on the day of such proposed Swingline Loan. Each such notice shall be irrevocable and shall specify the requested date (which shall be a Business Day), the amount of the requested Swingline Loan and (x) if the funds are not to be credited to a general deposit account of the Borrower maintained with the Swingline Lender because the Borrower is unable to maintain a general deposit account with the Swingline Lender under applicable Requirements of Law, the location and number of the Borrower's account to which funds are to be disbursed, which shall comply with Section 2.07, or (y) in the case of any Swingline Loan requested to finance the reimbursement of an LC Disbursement as provided in Section 2.05(e), the identity of the Issuing Bank that made such LC Disbursement. The Swingline Lender shall make each Swingline Loan available to the Borrower by means of a credit to the general deposit accounts of the Borrower maintained with the Swingline Lender (or, in the case of a Swingline Loan made to finance the reimbursement of an LC Disbursement as provided in Section 2.05(e), by remittance to the applicable Issuing Bank) by 3:00 p.m., New York City time, on the requested date of such Swingline Loan.

(c) The Swingline Lender may by written notice given to the Administrative Agent not later than 1:00 p.m., New York City time, on any Business Day require the Revolving Lenders to acquire participations on such Business Day in all or a portion of the Swingline Loans outstanding. Such notice shall specify the aggregate amount of Swingline Loans in which Revolving Lenders will participate. Promptly upon receipt of such notice, the Administrative Agent will give notice thereof to each Revolving Lender, specifying in such notice such Lender's Applicable Percentage of such Swingline Loan or Swingline Loans. Each Revolving Lender hereby absolutely and unconditionally agrees, upon receipt of notice as provided above, to pay to the Administrative Agent, for the account of the Swingline Lender, such Lender's Applicable Percentage of such Swingline Loan or Swingline Loans. Each Revolving Lender acknowledges and agrees that its obligation to acquire participations in Swingline Loans pursuant to this paragraph is absolute and unconditional and shall not be affected by any circumstance whatsoever, including the occurrence and continuance of a Default or any reduction or termination of the Revolving Commitments, and that each such payment shall be made without any offset, abatement, withholding or reduction whatsoever. Each Revolving Lender shall comply with its obligation under this paragraph by wire transfer of immediately available funds, in the same manner as provided in Section 2.07 with respect to Loans made by such Lender (with references to 1:00 p.m. and 2:00 p.m., New York City time, in such Section being deemed to be references to 3:00 p.m., New York City time) (and Section 2.07 shall apply, *mutatis mutandis*, to the payment obligations of the Revolving Lenders pursuant to this paragraph), and the Administrative Agent shall promptly remit to the Swingline Lender the amounts so received by it from the Revolving Lenders. The Administrative Agent shall notify the Borrower of any participations in any Swingline Loan acquired pursuant to this paragraph, and thereafter payments in respect of such Swingline Loan shall be made to the Administrative Agent and not to the Swingline Lender. Any amounts received by the Swingline Lender from the Borrower (or other Person on behalf of the Borrower) in respect of a Swingline Loan after receipt by the Swingline Lender of the proceeds of a sale of participations therein shall be promptly remitted by the Swingline Lender to the Administrative Agent; any such amounts received by the Administrative Agent shall be promptly remitted by the Administrative Agent to the Revolving Lenders that shall have made their payments pursuant to this paragraph and to the Swingline Lender, as their interests may appear, provided that any such payment so remitted shall be repaid to the Swingline Lender or the Administrative Agent, as the case may be, and thereafter to the Borrower, if and to the extent such payment is required to be refunded to the Borrower for any reason. The purchase of participations in a Swingline Loan pursuant to this paragraph shall not relieve the Borrower of any default in the payment thereof.

82

(d) The Borrower may, at any time and from time to time, designate as additional Swingline Lenders one or more Revolving Lenders that agree to serve in such capacity as provided below. The acceptance by a Revolving Lender of an appointment as a Swingline Lender hereunder shall be evidenced by an agreement, which shall be in form and substance reasonably satisfactory to the Administrative Agent and the Borrower, executed by the Borrower, the Administrative Agent and such designated Swingline Lender, and, from and after the effective date of such agreement, (i) such Revolving Lender shall have all the rights and obligations of a Swingline Lender under this Agreement and (ii) references herein to the term "Swingline Lender" shall be deemed to include such Revolving Lender in its capacity as a lender of Swingline Loans hereunder.

(e) The Borrower may terminate the appointment of any Swingline Lender as a "Swingline Lender" hereunder by providing a written notice thereof to such Swingline Lender, with a copy to the Administrative Agent. Any such termination shall become effective upon the earlier of (i) such Swingline Lender's acknowledging receipt of such notice and (ii) the fifth (5th) Business Day following the date of the delivery thereof, provided that no such termination shall become effective until and unless the Swingline Exposure of such Swingline Lender shall have been reduced to zero. Notwithstanding the effectiveness of any such termination, the terminated Swingline Lender shall remain a party hereto and shall continue to have all the rights of a Swingline Lender under this Agreement with respect to Swingline Loans made by it prior to such termination, but shall not make any additional Swingline Loans.

Section 2.05 Letters of Credit.

(a) General. Subject to the terms and conditions set forth herein, (i) each Issuing Bank agrees, in each case in reliance upon the agreements of the other Revolving Lenders set forth in this Section 2.05, (A) from time to time on any Business Day during the period from the Closing Date to the earlier of (x) the third Business Day prior to the Latest Revolving Credit Maturity Date and (y) the termination of 100% of the Revolving Credit Commitments in accordance with this Agreement, upon the request of the Borrower, to issue Letters of Credit denominated in Dollars issued on sight basis only for the account of the Borrower and/or any Restricted Subsidiary (provided that the Borrower will be the applicant) and to amend or renew Letters of Credit previously issued by it, in accordance with Section 2.05(b), and (B) to honor drafts under the Letters of Credit, and (ii) the Revolving Lenders severally agree to participate in the Letters of Credit issued under this Section 2.05(a) in accordance with the terms of Section 2.05(d). No Issuing Bank shall be obligated to issue any Letter of Credit if such issuance would violate any policies of such Issuing Bank governing letters of credit in general.

(b) Notice of Issuance, Amendment, Renewal, Extension; Certain Conditions. To request the issuance of any Letter of Credit, the Borrower shall deliver to the applicable Issuing Bank and the Administrative Agent, at least three (3) Business Days in advance of the requested date of issuance (or such shorter period as is acceptable to the applicable Issuing Bank or, in the case of any issuance to be made on the Closing Date, one Business Day prior to the Closing Date), a Letter of Credit Request. To request an amendment, extension or renewal of an outstanding Letter of Credit, (other than any automatic extension of a Letter of Credit permitted under Section 2.05(c)) the Borrower shall submit a Letter of Credit Request to the applicable Issuing Bank (with a copy to the Administrative Agent) at least three (3) Business Days in advance of the requested date of amendment, extension or renewal (or such shorter period as is acceptable to the applicable Issuing Bank). If requested by the applicable Issuing Bank in connection with any request for any Letter of Credit, the Borrower shall also submit a letter of credit application on such Issuing Bank's standard form. In the event of any inconsistency between the terms and conditions of this Agreement and the terms and conditions of any form of letter of credit application or other agreement submitted by the Borrower to, or entered into by the Borrower with, the applicable Issuing Bank relating to any Letter of Credit, the terms and conditions of this Agreement shall control. No Letter of Credit, letter of credit application or other document entered into by the Borrower with any Issuing Bank relating to any Letter of Credit shall contain any representation or warranty, covenant or event of default that is in direct conflict with this Agreement, and all representations and warranties, covenants and events of default set forth therein shall contain standards, qualifications, thresholds and exceptions for materiality or otherwise consistent with those set forth in this Agreement. No Letter of Credit may be issued, amended, extended or renewed unless (and on the issuance, amendment, extension or renewal of each Letter of Credit, the Borrower shall be deemed to represent and warrant that), after giving effect to such issuance, amendment, extension, or renewal (i) the LC Exposure does not exceed the Letter of Credit Sublimit, (ii) the portion of the LC Exposure attributable to Letters of Credit issued by

any Issuing Bank does not exceed the LC Commitment of such Issuing Bank (unless otherwise agreed by such Issuing Bank) and (iii) (A) the Revolving Credit Exposure of any Lender does not exceed such Lender's Revolving Credit Commitment, (B) the aggregate amount of the Revolving Credit Exposure does not exceed the aggregate amount of the Revolving Credit Commitments then in effect and (C) if such Letter of Credit has a term that extends beyond the Maturity Date applicable to the Revolving Credit Commitments of any Class, the aggregate amount of the LC Exposure attributable to Letters of Credit expiring after such Maturity Date does not exceed the aggregate amount of the Revolving Credit Commitments then in effect that are scheduled to remain in effect after such Maturity Date.

83

(c) Expiration Date. No Letter of Credit shall expire later than the earlier of (i) the date that is one (1) year after the date of the issuance of such Letter of Credit and (ii) the date that is three (3) Business Days prior to the Latest Revolving Credit Maturity Date; provided that, any Letter of Credit may provide for the automatic extension thereof for any number of additional periods of up to one (1) year in duration (which additional periods shall not extend beyond the date referred to in the preceding clause (ii) unless 100% of the then-available face amount thereof is Cash collateralized or backstopped on or before the date on which such Letter of Credit is extended beyond the date referred to in clause (ii) above pursuant to arrangements reasonably satisfactory to the relevant Issuing Bank).

(d) Participations. By the issuance of any Letter of Credit (or an amendment to any Letter of Credit increasing the amount thereof) and without any further action on the part of the applicable Issuing Bank or the Revolving Lenders, the applicable Issuing Bank hereby grants to each Revolving Lender, and each Revolving Lender hereby acquires from such Issuing Bank, a participation in such Letter of Credit equal to such Revolving Lender's Applicable Revolving Credit Percentage of the aggregate amount available to be drawn under such Letter of Credit. In consideration and in furtherance of the foregoing, each Revolving Lender hereby absolutely and unconditionally agrees to pay to the Administrative Agent, for the account of the applicable Issuing Bank, such Lender's Applicable Revolving Credit Percentage of each LC Disbursement made by such Issuing Bank and not reimbursed by the Borrower on the date due as provided in paragraph (e) of this Section 2.05, or of any reimbursement payment that is required to be refunded to the Borrower for any reason. Each Revolving Lender acknowledges and agrees that its obligation to acquire participations pursuant to this paragraph in respect of Letters of Credit is absolute and unconditional and shall not be affected by any circumstance whatsoever, including any amendment, renewal or extension of any Letter of Credit or the occurrence and continuance of any Default or Event of Default or reduction or termination of the Revolving Credit Commitments, and that each such payment shall be made without any offset, abatement, withholding or reduction whatsoever.

(e) Reimbursement.

(i) If the applicable Issuing Bank makes any LC Disbursement in respect of a Letter of Credit, the Borrower shall reimburse such LC Disbursement by paying to such Issuing Bank an amount equal to the amount of such LC Disbursement not later than 1:00 p.m. two (2) Business Days immediately following the date on which the Borrower receives notice of such LC Disbursement under paragraph (g) of this Section 2.05; provided, that the Borrower may, without satisfying the conditions to Borrowing set forth herein, request in accordance with Section 2.03 that such payment be financed with an ABR Revolving Loan or a Swingline Loan (a " Letter of Credit Reimbursement Loan") in an equivalent amount and, to the extent so financed, the obligation of the Borrower to make such payment shall be discharged and replaced by the resulting Revolving Loan. The relevant Issuing Bank shall immediately notify the Administrative Agent of any payment made by the Borrower in accordance with the terms of the preceding sentence (without giving effect to the proviso therein). If the Borrower fails to make such payment when due, the Administrative Agent shall notify each Revolving Lender of the applicable LC Disbursement, the payment then due from the Borrower in respect thereof and such Revolving Lender's Applicable Revolving Credit Percentage thereof. No later than the date set forth in such notice, each Revolving Lender or Swingline Lender, as the case may be, shall pay to the Administrative Agent its Applicable Revolving Credit Percentage of the payment then due from the Borrower, in the same manner as provided in Section 2.07 with respect to Loans made by such Revolving Lender or Swingline Lender, as the case may be, (and Section 2.07 shall apply, *mutatis mutandis*, to the payment obligations of the Revolving Lenders and Swingline Lenders), and the Administrative Agent shall promptly pay to the applicable Issuing Bank the amounts so received by it from the Revolving Lenders or Swingline Lender, as the case may be. In the event that the Revolving Lenders or Swingline Lenders have made payments to the Administrative Agent pursuant to this paragraph to reimburse any Issuing Bank for the amount of any LC Disbursement, if the Administrative Agent receives any payment in respect of any LC Disbursement (or interest thereon) (whether directly from the Borrower or otherwise (including proceeds of cash collateral applied thereto)), the Administrative Agent shall promptly distribute such payment to the Revolving Lenders or the Swingline Lenders, as applicable, as their interests may appear.

84

(ii) If any Revolving Lender fails to make available to the Administrative Agent for the account of the applicable Issuing Bank any amount required to be paid by such Revolving Lender pursuant to the foregoing provisions of this Section 2.05(e) by the time specified therein, such Issuing Bank shall be entitled to recover from such Revolving Lender (acting through the Administrative Agent), on demand, such amount with interest thereon for the period from the date such payment is required to the date on which such payment is immediately available to such Issuing Bank at a rate per annum equal to the greater of Federal Funds Effective Rate from time to time in effect and a rate determined by the Administrative Agent in accordance with banking industry rules on interbank compensation. A certificate of the applicable Issuing Bank submitted to any Revolving Lender (through the Administrative Agent) with respect to any amounts owing under this clause (ii) shall be conclusive absent manifest error.

(f) Obligations Absolute. The obligation of the Borrower to reimburse LC Disbursements as provided in paragraph of this Section 2.05 shall be absolute and unconditional and irrespective of (i) any lack of validity or enforceability of any Letter of Credit or this Agreement, or any term or provision herein or therein, (ii) any draft or other document presented under any Letter of Credit proving to be forged, fraudulent or invalid in any respect or any statement therein being untrue or inaccurate in any respect, (iii) payment by the applicable Issuing Bank under any Letter of Credit against presentation of a draft or other document that does not comply with the terms of such Letter of Credit or (iv) any other event or circumstance whatsoever, whether or not similar to any of the foregoing, that might, but for the provisions of this Section, constitute a legal or equitable discharge of, or provide a right of setoff against, the obligations of the Borrower hereunder. Neither the Administrative Agent, the Revolving Lenders nor any Issuing Bank, nor any of their respective Related Parties shall have any liability or responsibility by reason of or in connection with the issuance, amendment or transfer of any Letter of Credit or any payment or failure to make any payment thereunder (irrespective of any of the circumstances referred to in the preceding sentence), or any error, omission, interruption, loss or delay in transmission or delivery of any draft, notice or other communication under or relating to any Letter of Credit (including any document required to make a drawing thereunder), any error in interpretation of technical terms or any consequence arising from causes beyond the control of such Issuing Bank; provided that the foregoing shall not be construed to excuse such Issuing Bank from liability to the Borrower to the extent of any direct damages suffered by the Borrower that are caused by such Issuing Bank's failure to exercise care when determining whether drafts and other documents presented under a Letter of Credit comply with the terms thereof. The parties hereto expressly agree that, in the absence of gross negligence, bad faith or willful misconduct on the part of applicable Issuing Bank (as finally determined by a court of competent jurisdiction), such Issuing Bank shall be deemed to have exercised care in each such determination. In furtherance of the foregoing and without limiting the generality thereof, the parties agree that, with respect to documents presented which appear on their face to be in substantial compliance with the terms of any Letter of Credit, the applicable Issuing Bank may, in its sole discretion, either accept and make payment upon such documents without responsibility for further investigation, regardless of any notice or information to the contrary, or refuse to accept and make payment upon such documents if such documents are not in strict compliance with the terms of such Letter of Credit.

85

(g) Disbursement Procedures. The applicable Issuing Bank shall, promptly following its receipt thereof, examine all documents purporting to represent a demand for payment under a Letter of Credit. Such Issuing Bank shall promptly notify the Administrative Agent and the Borrower by telephone (confirmed by electronic means) upon any LC Disbursement thereunder; provided that no delay in giving such notice shall relieve the Borrower of its obligation to reimburse such Issuing Bank and the Revolving Lenders with respect to any such LC Disbursement within the time period prescribed in Section 2.05(e).

(h) Interim Interest. If any Issuing Bank makes any LC Disbursement, unless the Borrower reimburses such LC Disbursement in full on the date such LC Disbursement has been made, the unpaid amount thereof shall bear interest, for each day from and including the date such LC Disbursement is made to but excluding the date that the Borrower reimburses such LC Disbursement (or the date on which such LC Disbursement is reimbursed with the proceeds of Loans, as applicable), at the rate per annum then applicable to Initial Revolving Loans that are ABR Loans (or, to the extent of the participation in such LC Disbursement by any Revolving Lender of another Class, the rate per annum then applicable to the Revolving Loans of such other Class); provided that if the Borrower fails to reimburse such LC Disbursement when due pursuant to paragraph (e) of this Section 2.05, Section 2.13(c) shall apply. Interest accrued pursuant to this paragraph shall be for the account of the applicable Issuing Bank, except that interest accrued on and after the date of payment by any Revolving Lender pursuant to paragraph (e) of this Section 2.05 to reimburse such Issuing Bank shall be for the account of such Revolving Lender to the extent of such payment and shall be payable on the date on which the Borrower is required to reimburse the applicable LC Disbursement in full (and, thereafter, on demand).

(i) Replacement or Resignation of an Issuing Bank or Designation of New Issuing Banks.

(i) Any Issuing Bank may be replaced with the consent of the Administrative Agent (not to be unreasonably withheld or delayed) and the Borrower at any time by written agreement among the Borrower, the Administrative Agent and the successor Issuing Bank. The Administrative Agent shall notify the Revolving Lenders of any such replacement of an Issuing Bank. At the time any such replacement becomes effective, the Borrower shall pay all unpaid fees accrued for the account of the replaced Issuing Bank pursuant to Section 2.12(b)(ii). From and after the effective date of any such replacement, (i) the successor Issuing Bank shall have all the rights and obligations of the replaced Issuing Bank under this Agreement with respect to Letters of Credit to be issued thereafter and (ii) references herein to the term "Issuing Bank" shall be deemed to refer to such successor or to any previous Issuing Bank, or to such successor and all previous Issuing Banks, as the context shall require. After the replacement of any Issuing Bank hereunder, the replaced Issuing Bank shall remain a party hereto and shall continue to have all the rights and obligations of an Issuing Bank under this Agreement with respect to Letters of Credit issued by it prior to such replacement, but shall not be required to issue additional Letters of Credit.

86

(ii) The Borrower may, at any time and from time to time with the consent of the Administrative Agent (which consent shall not be unreasonably withheld or delayed) and the relevant Revolving Lender, designate one or more additional Revolving Lenders to act as an issuing bank under the terms of this Agreement. Any Revolving Lender designated as an issuing bank pursuant to this paragraph (ii) who agrees in writing to such designation shall be deemed to be an "Issuing Bank" (in addition to being a Revolving Lender) in respect of Letters of Credit issued or to be issued by such Revolving Lender, and, with respect to such Letters of Credit, such term shall thereafter apply to the other Issuing Bank and such Revolving Lender.

(iii) Notwithstanding anything to the contrary contained herein, any Issuing Bank may, upon 15 days' prior written notice to the Borrower, each other Issuing Bank and the Lenders, resign as Issuing Bank, which resignation shall be effective as of the date referenced in such notice (but in no event less than 15 days after the delivery of such written notice); it being understood that in the event of any such resignation, any Letter of Credit then outstanding shall remain outstanding (irrespective of whether any amount has been drawn at such time). In the event of any such resignation as an Issuing Bank, the Borrower shall be entitled to appoint any Revolving Lender that accepts such appointment in writing as successor Issuing Bank. Upon the acceptance of any appointment as Issuing Bank hereunder, the successor Issuing Bank shall thereupon succeed to and become vested with all the rights, powers, privileges and duties of the retiring Issuing Bank, and the retiring Issuing Bank shall be discharged from its duties and obligations in such capacity hereunder. After the resignation of any Issuing Bank hereunder, the resigning Issuing Bank shall remain a party hereto and shall continue to have all rights (including all rights to payments pursuant to Section 2.12(b)) and obligations of an Issuing Bank under this Agreement with respect to Letters of Credit issued by it prior to such resignation, but shall not be required to issue additional Letters of Credit.

(j) Cash Collateralization.

(i) If any Event of Default exists and the Loans have been declared due and payable in accordance with Article VII, then on the Business Day on which the Borrower receives notice from the Administrative Agent at the direction of the Required Revolving Lenders demanding the deposit of Cash collateral pursuant to this paragraph (j), the Borrower shall deposit, in an interest-bearing account with the Administrative Agent, in the name of the Administrative Agent and for the benefit of the Revolving Lenders (the "LC Collateral Account"), an amount in Cash equal to 100% of the LC Exposure as of such date (minus the amount then on deposit in the LC Collateral Account); provided that the obligation to deposit such Cash collateral shall become effective immediately, and such deposit shall become immediately due and payable, without demand or other notice of any kind, upon the occurrence of any Event of Default with respect to the Borrower described in Section 7.01(f) or (g).

(ii) Any such deposit under clause (i) above shall be held by the Administrative Agent as collateral for the payment and performance of the Secured Obligations in accordance with the provisions of this paragraph (j). The Administrative Agent shall have exclusive dominion and control, including the exclusive right of withdrawal, over the LC Collateral Account, and the Borrower hereby grants the Administrative Agent, for the benefit of the Secured Parties, a First Priority security interest in the LC Collateral Account. Interest or profits, if any, on such investments shall accumulate in the LC Collateral Account. Moneys in the LC Collateral Account shall be applied by the Administrative Agent to reimburse the applicable Issuing Bank for LC Disbursements for which it has not been reimbursed and, to the extent not so applied, shall be held for the satisfaction of the reimbursement obligations of the Borrower for the LC Exposure at such time or, subject to the consent of the Required Revolving Lenders, applied to satisfy other Secured Obligations. The amount of any Cash Collateral posted in accordance with the terms of this Section 2.05(j) (together with all interest and other earnings with respect thereto, to the extent not applied as aforesaid) shall be returned to the Borrower promptly but in no event later than three (3) Business Days after the Event of Default giving rise to the obligation to do so has been cured or waived (so long as no other Event of Default has occurred and is continuing).

87

Section 2.06 [Reserved].

Section 2.07 Funding of Borrowings.

(a) Each Lender shall make each Loan to be made by it hereunder not later than (i) 1:00 p.m., in the case of Adjusted Term SOFR Loans and (ii) 2:00 p.m., in the case of ABR Loans, in each case on the Business Day specified in the applicable Borrowing Request by wire transfer of immediately available funds to the account of the Administrative Agent most recently designated by it for such purpose by notice to the Lenders in an amount equal to such Lender's respective Applicable Percentage; provided that Swingline Loans shall be made as provided in Section 2.04. The Administrative Agent will make such Loans available to the Borrower by promptly crediting the amounts so received, in like funds, to the account designated in the relevant Borrowing Request or as otherwise directed by the Borrower; provided that Revolving Loans made to finance the reimbursement of any LC Disbursement as provided in Section 2.05(e) shall be remitted by the Administrative Agent to the applicable Issuing Bank.

(b) Unless the Administrative Agent has received notice from any Lender that such Lender will not make available to the Administrative Agent such Lender's share of any Borrowing prior to the proposed date of such Borrowing, the Administrative Agent may assume that such Lender has made such share available on such date in accordance with paragraph (a) of this Section and may, in reliance upon such assumption, make a corresponding amount available to the Borrower. In such event, if any Lender has not in fact made its share of the applicable Borrowing available to the Administrative Agent, then the applicable Lender and the Borrower severally agree to pay to the Administrative Agent (without duplication) such corresponding amount with interest thereon forthwith on demand for each day from and including the date such amount is made available to the Borrower to but excluding the date of payment to the Administrative Agent, at (i) in the case of such Lender, the greater of the Federal Funds Effective Rate from time to time in effect and a rate determined by the Administrative Agent in accordance with banking industry rules on interbank compensation or (ii) in the case of the Borrower, the interest rate applicable to the Loans comprising such Borrowing at such time. If such Lender pays such amount to the Administrative Agent, then such amount shall constitute such Lender's Loan included in such Borrowing, and the obligation of the Borrower to repay the Administrative Agent the corresponding amount pursuant to this Section 2.07(b) shall cease. If the Borrower pays such amount to the Administrative Agent, the amount so paid shall constitute a repayment of such Borrowing by such amount. Nothing herein shall be deemed to relieve any Lender from its obligation to fulfill its Commitment or to prejudice any rights which the Administrative Agent or the Borrower or any other Loan Party may have against any Lender as a result of any default by such Lender hereunder.

88

Section 2.08 Type: Interest Elections.

(a) Each Borrowing shall initially be of the Type specified in the applicable Borrowing Request and, in the case of any Adjusted Term SOFR Borrowing, shall have the initial Interest Period specified in such Borrowing Request. Thereafter, the Borrower may elect to convert any Borrowing to a Borrowing of a different Type or to continue such Borrowing and, in the case of an Adjusted Term SOFR Borrowing, may elect Interest Periods therefor, all as provided in this Section. The Borrower may elect different options with respect to different portions of the affected Borrowing, in which case each such portion shall be allocated ratably among the Lenders based upon their respective Applicable Percentages, and the Loans comprising each such portion shall be considered a separate Borrowing. This Section shall not apply to Swingline Loans, which may not be converted or continued.

(b) To make an election pursuant to this Section 2.08, the Borrower shall deliver an Interest Election Request, in accordance with the terms of Section 2.03(a).

(c) Promptly following receipt of each Interest Election Request, the Administrative Agent shall advise each applicable Lender of the details thereof and of such

Lender's portion of each resulting Borrowing.

(d) If the Borrower fails to deliver a timely Interest Election Request with respect to any Adjusted Term SOFR Borrowing prior to the end of the Interest Period applicable thereto, then, unless such Borrowing is repaid as provided herein, such Borrowing shall be continued at the end of such Interest Period to an Adjusted Term SOFR Borrowing, as applicable, with an Interest Period of one month. Notwithstanding anything to the contrary herein, if an Event of Default exists and the Administrative Agent, at the request of the Required Lenders, so notifies the Borrower, then, so long as such Event of Default exists (i) no outstanding Borrowing may be converted to or continued as an Adjusted Term SOFR Borrowing and (ii) unless repaid, each Adjusted Term SOFR Borrowing shall be converted to an ABR Borrowing at the end of the then-current Interest Period applicable thereto.

Section 2.09 Termination and Reduction of Commitments.

(a) Unless previously terminated, (i) the Initial Term Loan Commitments shall automatically terminate upon the making of the Initial Term Loans on the Closing Date, in the case of the First Amendment Incremental Term Loans, on the First Amendment Closing Date, or in the case of the 2021 Replacement Term Loans, on the Third Amendment Closing Date, or in the case of the Fourth Amendment Incremental Term Loans, on the Fourth Amendment Closing Date (ii) the Second Amendment Incremental Term Loan Commitments shall automatically terminate upon the making of the Second Amendment Incremental Term Loans on the Second Amendment Closing Date, (iii) the Initial Revolving Credit Commitments shall automatically terminate on the Initial Revolving Credit Maturity Date, (iv) the Additional Term Loan Commitments of any Class shall automatically terminate upon the making of the Additional Term Loans of such Class and, if any such Additional Term Loan Commitment is not drawn on the date that such Additional Term Loan Commitment is required to be drawn pursuant to the applicable Incremental Facility Agreement, Extension Amendment or Refinancing Amendment, as applicable, the undrawn amount thereof shall automatically terminate, and (v) the Additional Revolving Credit Commitments of any Class shall automatically terminate on the Maturity Date specified therefor in the applicable Incremental Facility Agreement, Extension Amendment or Refinancing Amendment, as applicable.

(ii) The Borrower shall repay the Additional Term Loans of any Class in such scheduled amortization installments and on such date or dates as shall be specified therefor in the applicable Incremental Facility Agreement, Extension Amendment or Refinancing Amendment (as such payments may be reduced from time to time as a result of the application of prepayments in accordance with Section 2.11 or purchases or assignments in accordance with Section 9.05(g)).

(b) (i) The Borrower hereby promises to pay in Dollars (A) to the Administrative Agent for the account of each Initial Revolving Lender, the then-unpaid principal amount of the Initial Revolving Loans of such Lender on the Initial Revolving Credit Maturity Date owing by the Borrower and (B) to the Administrative Agent for the account of each Additional Revolving Lender, the then-unpaid principal amount of each Additional Revolving Loan of such Additional Revolving Lender on the Maturity Date applicable thereto.

(ii) On the Maturity Date applicable to the Revolving Credit Commitments of any Class, the Borrower shall (A) cancel and return outstanding Letters of Credit, or alternatively, with respect to each outstanding Letter of Credit, furnish to the Administrative Agent a Cash deposit (or otherwise provide a "backstop" letter of credit or such other credit support or other arrangements as are reasonably satisfactory to the relevant Issuing Bank(s) pursuant to which such Letters of Credit are no longer subject to this Agreement) equal to 100% of the LC Exposure (minus any amount then on deposit in any Cash collateral account established for the benefit of the relevant Issuing Bank in respect of its LC Exposure) as of such date, in each case to the extent necessary so that, after giving effect thereto, the aggregate amount of the Revolving Credit Exposure attributable to the Revolving Credit Commitments of any other Class shall not exceed the Revolving Credit Commitments of such other Class then in effect and (B) make payment in full in Cash of all accrued and unpaid fees and all reimbursable expenses and other Obligations with respect to the Revolving Facility of the applicable Class then due, together with accrued and unpaid interest (if any) thereon.

(c) The Borrower hereby unconditionally promises to repay to each Swingline Lender the then unpaid principal amount of each Swingline Loan made by such Swingline Lender on the earlier to occur of (A) the date that is ten (10) Business Days after such Loan is made and (B) the Initial Revolving Credit Maturity Date; provided that on each date that a Borrowing of Revolving Loan is made the Borrower shall repay all Swingline Loans that are then outstanding.

(d) Each Lender shall maintain in accordance with its usual practice an account or accounts evidencing the indebtedness of the Borrower to such Lender resulting from each Loan made by such Lender, including the amounts of principal and interest payable and paid to such Lender from time to time hereunder.

91

(f) The entries made in the accounts maintained pursuant to paragraphs (d) and (e) of this Section shall be *prima facie* evidence of the existence and amounts of the obligations recorded therein (absent manifest error); provided that the failure of any Lender or the Administrative Agent to maintain such accounts or any manifest error therein shall not in any manner affect the obligation of the Borrower to repay the Loans in accordance with the terms of this Agreement; provided, further, that in the event of any inconsistency between the accounts maintained by the Administrative Agent pursuant to paragraph (d) of this Section and any Lender's records, the accounts of the Administrative Agent shall govern.

(g) Any Lender may request (through the Administrative Agent) that any Loan made by it be evidenced by a Promissory Note. In such event, the Borrower shall prepare, execute and deliver to such Lender a Promissory Note that is payable to such Lender and its registered assigns; it being understood and agreed that such Lender (and/or its applicable assign) shall be required to return such Promissory Note to the Borrower in accordance with Section 9.05(b)(iii) and upon the occurrence of the Termination Date (or as promptly thereafter as practicable). If any Lender (and/or its applicable assign) loses the original copy of its Promissory Note, it shall execute an affidavit of loss containing an indemnification provision that is reasonably satisfactory to the Borrower. The obligation of each Lender to execute an affidavit of loss containing an indemnification provision that is reasonably satisfactory to the Borrower shall survive the Termination Date.

Section 2.11 Prepayment of Loans.

(a) Optional Prepayments.

(i) Upon prior notice in accordance with paragraph (a)(iii) of this Section 2.11, the Borrower shall have the right at any time and from time to time to repay any Borrowing of its Term Loans of any Class in whole or in part without premium or penalty (but subject (A) in the case of Borrowings of Initial Term Loans or Second Amendment Incremental Term Loans only, to Section 2.12(e) and (B) if applicable, to Section 2.16). Each such prepayment shall be paid to the Lenders in accordance with their respective Applicable Percentages of the relevant Class.

(ii) Upon prior notice in accordance with paragraph (a)(iii) of this Section 2.11, the Borrower shall have the right at any time and from time to time to prepay any Borrowing of Revolving Loans of any Class in whole or in part without premium or penalty (but subject to Section 2.16); provided that after the establishment of any Additional Revolving Credit Commitment, any such prepayment of any Borrowing of Revolving Loans of any Class shall be subject to the provisions set forth in Section 2.22, 2.23 and/or 9.02(c), as applicable. Each such prepayment shall be paid to the Revolving Lenders in accordance with their respective Applicable Percentages of the relevant Class.

(iii) The Borrower shall notify the Administrative Agent (and, in the case of prepayment of a Swingline Loan, the Swingline Lender) in writing of any prepayment under this Section 2.11(a) in the case of any prepayment of (i) an Adjusted Term SOFR Borrowing, not later than 1:00 p.m. three (3) Business Days (or, in the case of an Adjusted Term SOFR Borrowing, three (3) U.S. Government Securities Business Days) before the date of prepayment or (ii) an ABR Borrowing, not later than 11:00 a.m. on the date of prepayment (or, in the case of clauses (i) and (ii), such later time as to which the Administrative Agent may agree). Each such notice shall be irrevocable (except as set forth in the proviso to this sentence) and shall specify the prepayment date and the principal amount of each Borrowing or portion thereof to be prepaid; provided that any notice of prepayment delivered by the Borrower may be conditioned upon the effectiveness of other transactions, in which case such notice may be revoked by the Borrower (by notice to the Administrative Agent on or prior to the specified effective date) if such condition is not satisfied. Promptly following receipt of any such notice relating to any Borrowing (other than a notice relating solely to Swingline Loans), the Administrative Agent shall advise the applicable Lenders of the contents thereof. Each partial prepayment of any Borrowing shall be in an amount at least equal to the amount that would be permitted in the case of a Borrowing of the same Type and Class as provided in Section 2.02(c), or such lesser amount that is then outstanding with respect to such Borrowing being repaid (and in increments of \$100,000 in excess thereof or such lesser incremental amount that is then outstanding with respect to such Borrowing being repaid). Each prepayment of Term Loans shall be applied to the Class of Term Loans specified in the applicable prepayment notice, and each prepayment of Term Loans of such Class made pursuant to this Section 2.11(a) shall be applied against the remaining scheduled installments of principal due in respect of the Term Loans of such Class in the manner specified by the Borrower or, in the absence of any such specification on or prior to the date of the relevant optional prepayment, in direct order of maturity.

92

(b) Mandatory Prepayments.

(i) No later than the tenth (10th) Business Day after the date on which the financial statements with respect to each Fiscal Year of the Borrower are required to be delivered pursuant to Section 5.01(b), commencing with the Fiscal Year ending December 31, 2020, the Borrower shall prepay the outstanding principal amount of Subject Loans in an aggregate principal amount equal to (A) the Required Excess Cash Flow Percentage of Excess Cash Flow of the Borrower and its Restricted Subsidiaries for the Excess Cash Flow Period then ended, minus (B) at the option of the Borrower, the sum of (1) the aggregate principal amount of any other Indebtedness that is secured on a pari passu basis with the Secured Obligations that the Borrower voluntarily repays or repurchases during such period and prior to such date, (2) the aggregate principal amount of any Term Loans and/or Revolving Loans prepaid pursuant to Section 2.11(a) during such period and prior to such date (in the case of any prepayment of Revolving Loans, to the extent accompanied by a permanent reduction in the relevant commitment), (3) the aggregate principal amount of any Second Lien Term Loans (or any other Indebtedness constituting Second Lien Obligations (as defined in the Closing Date Intercreditor Agreement) optionally prepaid pursuant to Section 2.11(a) of the Second Lien Credit Agreement (or otherwise optionally prepaid, redeemed or repurchased pursuant to any equivalent provision under any other document governing any such other Indebtedness constituting Second Lien Obligations (as defined in the Closing Date Intercreditor Agreement))) during such period and prior to such date and (4) the amount of any reduction in the outstanding amount of any Term Loans resulting from any assignment to or purchase by Holdings, the Borrower or any Restricted Subsidiary in accordance with Section 9.05(g) of this Agreement in connection with any Dutch Auction during such period and prior to such date and, in the case of this clause (4), based upon the principal amount of Indebtedness subject to the relevant assignment or purchase, minus (C) at the option of the Borrower, the sum of (1) cash payments by the Borrower and its Restricted Subsidiaries during such Excess Cash Flow Period in respect of purchase price holdbacks, earn out obligations, or long-term liabilities of the Borrower and its Restricted Subsidiaries other than Indebtedness to the extent such payments are not expended during such Excess Cash Flow Period or are not deducted in arriving at such Consolidated Net Income to the extent financed with internally generated cash flow of the Borrower or its Restricted Subsidiaries, (2) the amount of Investments (other than Investments in Holdings, the Borrower or any Restricted Subsidiary and other than Investments in Cash or Cash Equivalents) and acquisitions not prohibited by this Agreement made during such Excess Cash Flow Period, to the extent that such Investments and acquisitions were financed with internally generated cash flow of the Borrower or its Restricted Subsidiaries, (3) the amount of Restricted Payments (other than Restricted Investments) paid in cash during such Excess Cash Flow Period not prohibited by this Agreement (other than Restricted Payments made (i) to the Borrower or any Restricted Subsidiary or (ii) pursuant to Section 6.04(a)(iii)(A)), to the extent that such Restricted Payments were financed with internally generated cash flow of the Borrower or its Restricted Subsidiaries, (4) the amount of Capital Expenditures (including acquisitions of intellectual property) made in Cash or accrued during such Excess Cash Flow Period, to the extent that such Capital Expenditures were financed with internally generated cash flow of the Borrower or its Restricted Subsidiaries and (5) without duplication of amounts deducted from Excess Cash Flow in prior periods, (i) the aggregate consideration required to be paid in Cash by the Borrower or any of its Restricted Subsidiaries pursuant to binding contract commitments, letters of intent or purchase orders (the "Contract Consideration"), in each case, entered into prior to or during such Excess Cash Flow Period and (ii) to the extent set forth in a certificate of a Responsible Officer delivered to the Administrative Agent at or before the time the Compliance Certificate for the period ending simultaneously with such Test Period is required to be delivered pursuant to Section 5.01(c), the aggregate amount of cash that is reasonably expected to be paid in respect of planned cash expenditures by the Borrower or any of its Restricted Subsidiaries (the "Planned Expenditures"), in the case of each of clauses (i) and (ii), relating to Permitted Acquisitions, other Investments (other than Investments in Cash Equivalents) or Capital Expenditures (including purchases of intellectual property) to be consummated or made within the succeeding 12-month period; provided, that to the extent the aggregate amount of internally generated cash actually utilized to finance such Permitted Acquisitions, Investments or Capital Expenditures during such succeeding 12-month period is less than the Contract Consideration or Planned Expenditures, the amount of such shortfall shall be added to the calculation of Excess Cash Flow at the

end of such Test Period, in each case, (I) to the extent such payments are made during such Fiscal Year or after the end of such Fiscal Year and prior to the date any payment in respect of Excess Cash Flow would be due under this [Section 2.11\(b\)\(i\)](#), (II) excluding any such optional prepayment made during such Fiscal Year that reduced the amount required to be prepaid pursuant to this [Section 2.11\(b\)\(i\)](#) in the prior Fiscal Year and (III) to the extent that the relevant prepayments were not financed with the proceeds of other Indebtedness (other than revolving Indebtedness) of the Borrower or its Restricted Subsidiaries; provided that no prepayment under this [Section 2.11\(b\)\(i\)](#) shall be required unless and to the extent the amount thereof would exceed \$20,000,000 after giving effect to the calculations and adjustments described in [clauses \(A\)](#) and [\(B\)](#) above.

93

(ii) No later than the tenth (10th) Business Day following the receipt of Net Proceeds in respect of any Prepayment Asset Sale or Net Insurance/Condemnation Proceeds, the Borrower shall apply an amount equal to the Required Asset Sale Percentage of the Net Proceeds or Net Insurance/Condemnation Proceeds received with respect thereto in excess of the threshold specified in [clause \(B\)](#) of this [Section 2.11\(b\)\(ii\)](#) (collectively, the "Subject Proceeds") to prepay the outstanding principal amount of Subject Loans; provided that (A) if prior to the date any such prepayment is required to be made, the Borrower notifies the Administrative Agent of its intention to reinvest the Subject Proceeds (other than Subject Proceeds with respect to any Disposition consummated pursuant to [Section 6.07\(h\)\(B\)](#)) in the business of the Borrower or any of its subsidiaries (including any acquisition or other Investment permitted hereunder but not in Cash or Cash Equivalents), then the Borrower shall not be required to make a mandatory prepayment under this [clause \(ii\)](#) in respect of the Subject Proceeds to the extent (x) the Subject Proceeds are so reinvested within 540 days following receipt thereof, or (y) the Borrower or any of its subsidiaries has committed to so reinvest the Subject Proceeds during such 540-day period and the Subject Proceeds are so reinvested within 180 days after the expiration of such 540-day period; it being understood that if the Subject Proceeds have not been so reinvested prior to the expiration of the applicable period, the Borrower shall promptly prepay the Subject Loans with the amount of Subject Proceeds not so reinvested as set forth above (without regard to the immediately preceding proviso) and (B) the obligation to make a prepayment under this [Section 2.11\(b\)\(ii\)](#) shall only apply if and to the extent the aggregate amount of (I) Net Proceeds resulting from Prepayment Asset Sales and (II) Net Insurance/Condemnation Proceeds, in each case received by the Borrower and/or any Restricted Subsidiaries (x) for any such single transaction (or related transactions) exceeds \$10,000,000 and (y) in any Fiscal Year exceeds \$20,000,000 (with only the amount of Net Proceeds exceeding such amount for any single transaction (or related transactions) or in such Fiscal Year to be applied to make a prepayment under this [Section 2.11\(b\)\(ii\)](#)).

94

(iii) In the event that the Borrower or any of its Restricted Subsidiaries receives Net Proceeds from the issuance or incurrence of Indebtedness by the Borrower or any of its Restricted Subsidiaries (other than Indebtedness that is permitted to be incurred under [Section 6.01](#), except to the extent the relevant Indebtedness constitutes (A) Refinancing Indebtedness incurred to refinance all or a portion of the Term Loans pursuant to [Section 6.01\(p\)](#), (B) Incremental Loans incurred to refinance all or a portion of the Term Loans pursuant to [Section 2.22](#), (C) Replacement Term Loans incurred to refinance all or any portion of the Term Loans in accordance with the requirements of [Section 9.02\(c\)](#) and/or (D) Incremental Equivalent Debt incurred to refinance all or a portion of the Loans in accordance with the requirements of [Section 6.01\(z\)](#)), the Borrower or the relevant Restricted Subsidiary shall, substantially simultaneously with (and in any event not later than the next succeeding Business Day) the receipt of such Net Proceeds by the relevant Person, apply an amount equal to 100% of such Net Proceeds to prepay the outstanding principal amount of the relevant Term Loans in accordance with [clause \(iv\)](#) below.

(iv) Notwithstanding anything in this [Section 2.11\(b\)](#) to the contrary:

(A) the Borrower shall not be required to prepay any amount that would otherwise be required to be paid pursuant to [Sections 2.11\(b\)\(i\)](#) or [\(ii\)](#) above to the extent that the relevant affected Excess Cash Flow is attributable to any Foreign Subsidiary or the relevant Subject Proceeds are received by any Foreign Subsidiary, as the case may be, for so long as the repatriation to the Borrower of any such amount would be prohibited, delayed or restricted under any Requirement of Law or conflict with the fiduciary duties of such Foreign Subsidiary's directors, or result in, or could reasonably be expected to result in, a material risk of personal or criminal liability for any officer, director, employee, manager, member of management or consultant of such Foreign Subsidiary (the Borrower hereby agreeing to cause the applicable Foreign Subsidiary to promptly take all commercially reasonable actions available under applicable Requirements of Law to permit such repatriation or to remove such prohibition); it being understood and agreed that if the repatriation of the relevant affected Excess Cash Flow or Subject Proceeds, as the case may be, is permitted under the applicable Requirement of Law and, to the extent applicable, would no longer conflict with the fiduciary duties of such director, or result in, or be reasonably expected to result in, a material risk of personal or criminal liability for the Persons described above, in either case, within 540 days following the end of the applicable Excess Cash Flow Period or the event giving rise to the relevant Subject Proceeds, an amount equal to the relevant Excess Cash Flow or Subject Proceeds, as the case may be, will be promptly applied (net of additional Taxes that would be payable or reserved against as a result of repatriating such amounts) to the repayment of the Term Loans pursuant to this [Section 2.11\(b\)](#) to the extent required herein (without regard to this [clause \(iv\)](#)),

95

(B) the Borrower shall not be required to prepay any amount that would otherwise be required to be paid pursuant to [Sections 2.11\(b\)\(i\)](#) or [\(ii\)](#) to the extent that the relevant Excess Cash Flow is generated by any joint venture or the relevant Subject Proceeds are received by any joint venture, in each case, for so long as the distribution to the Borrower of such Excess Cash Flow or Subject Proceeds would be prohibited, delayed or restricted under the Organizational Documents governing such joint venture; it being understood and agreed that if the relevant prohibition ceases to exist within the 540-day period following the end of the applicable Excess Cash Flow Period or the event giving rise to the relevant Subject Proceeds, the relevant joint venture will promptly distribute the relevant Excess Cash Flow or the relevant Subject Proceeds, as the case may be, and the distributed Excess Cash Flow or Subject Proceeds, as the case may be, will be promptly (and in any event not later than two Business Days after such distribution) applied to the repayment of the Term Loans pursuant to this [Section 2.11\(b\)](#) to the extent required herein (without regard to this [clause \(iv\)](#)), and

(C) if the Borrower determines in good faith that the repatriation to the Borrower as a distribution or dividend of any amounts required to mandatorily prepay the Term Loans pursuant to [Sections 2.11\(b\)\(i\)](#) or [\(ii\)](#) above that are attributable to any Foreign Subsidiary would result in a material adverse Tax liability (including any withholding Tax) (such amount, a "Restricted Amount"), the amount that the Borrower shall be required to mandatorily prepay pursuant to [Sections 2.11\(b\)\(i\)](#) or [\(ii\)](#) above, as applicable, shall be reduced by the Restricted Amount; provided that to the extent that the repatriation of the relevant Subject Proceeds or Excess Cash Flow from the relevant Foreign Subsidiary would no longer have a material adverse tax consequence within the 540-day period following the event giving rise to the relevant Subject Proceeds or the end of the applicable Excess Cash Flow Period, as the case may be, an amount equal to the Subject Proceeds or Excess Cash Flow, as applicable and to the extent available, not previously applied pursuant to this [clause \(C\)](#), shall be promptly applied to the repayment of the Term Loans pursuant to [Section 2.11\(b\)](#) as otherwise required above (net of additional Taxes that would be payable or reserved against as a result of repatriating such amounts),

(v) Any Term Lender may elect, by notice to the Administrative Agent at or prior to the time and in the manner specified by the Administrative Agent, prior to any prepayment of Term Loans required to be made by the Borrower pursuant to this [Section 2.11\(b\)](#), to decline all (but not a portion) of its Applicable Percentage of such prepayment (such declined amounts, the "Declined Proceeds"), in which case such Declined Proceeds shall be applied to any mandatory prepayment, repurchase or redemption required under the Second Lien Credit Agreement or the documentation governing any other Indebtedness in excess of the Threshold Amount; provided that (A) in the event that any lender under the Second Lien Credit Agreement (or such other Indebtedness) elects to decline receipt of such Declined Proceeds in accordance with the terms of the Second Lien Credit Agreement (or the documentation governing such other Indebtedness), the remaining amount thereof may be retained by the Borrower and (B) that for the avoidance of doubt, no Lender may reject any prepayment made under [Section 2.11\(b\)\(iii\)](#) above to the extent that such prepayment is made with the Net Proceeds of (w) Refinancing Indebtedness incurred to refinance all or a portion of the Term Loans pursuant to [Section 6.01\(p\)](#), (x) Incremental Loans incurred to refinance all or a portion of the Term Loans pursuant to [Section 2.22](#), (y) Replacement Term Loans incurred to refinance all or any portion of the Term Loans in accordance with the requirements of [Section 9.02\(c\)](#) and/or (z) Incremental Equivalent Debt incurred to finance all or a portion of the Loans in accordance with the requirements of [Section 6.01\(z\)](#). If any Lender fails to deliver a notice to the Administrative Agent of its election to decline receipt of its Applicable Percentage of any mandatory prepayment within the time frame specified by the Administrative Agent, such failure will be deemed to constitute an acceptance of such Lender's Applicable Percentage of the total amount of such mandatory prepayment of Term Loans.

96

(vi) Except as otherwise provided in any Refinancing Amendment, any Incremental Facility Agreement or any Extension Amendment, and subject to the last sentence of this Section 2.11(b)(vi), each prepayment of Term Loans pursuant to this Section 2.11(b) shall be applied ratably to each Class of Term Loans then outstanding irrespective of whether such Term Loan is an ABR Loan or an Adjusted Term SOFR Loan (provided that any prepayment of Term Loans with the Net Proceeds of any Refinancing Indebtedness and/or any Incremental Term Facility or Replacement Term Loans incurred for the purpose of refinancing or replacing such Term Loans shall be applied to the applicable Class of Term Loans being refinanced or replaced) other than with respect to Lenders holding a Class of Term Loans that have agreed to receive less than a pro rata share of such prepayments. With respect to each Class of Term Loans, all prepayments accepted under this Section 2.11(b) shall be applied against the remaining scheduled installments of principal due in respect of such Class of Term Loans as directed by the Borrower (or, in the absence of direction from the Borrower, to the remaining scheduled amortization payments in respect of such Class of Term Loans in direct order of maturity), and each such prepayment shall be paid to the Term Lenders of such Class in accordance with their respective Applicable Percentages of the applicable Class. If no Lender exercises its right to decline its Applicable Percentage of a given mandatory prepayment made pursuant to Section 2.11(b)(v), then with respect to such prepayment, the amount of such prepayment shall be applied first to the then outstanding Term Loans that are ABR Loans to the full extent thereof before application to the outstanding Term Loans that are Adjusted Term SOFR Loans in a manner that minimizes the amount of any payments required to be made by the Borrower pursuant to Section 2.16.

(vii) Prepayments made under this Section 2.11(b) shall be (A) accompanied by accrued interest as required by Section 2.13, (B) subject to Section 2.16 and (C) in the case of prepayments of Initial Term Loans or Second Amendment Incremental Term Loans under clause (iii) above as part of a Repricing Transaction, subject to Section 2.12(e), but shall otherwise be without premium or penalty.

(viii) Notwithstanding anything herein to the contrary, if, at the time that any prepayment would be required under Section 2.11(b)(i) or (ii), the Borrower or any of its Restricted Subsidiaries is required to repay or repurchase any other Indebtedness (or offer to repay or repurchase such Indebtedness) that is secured on a pari passu basis with the Subject Loans pursuant to the terms of the documentation governing such Indebtedness with the Subject Proceeds (such Indebtedness required to be so repaid or repurchased (or offered to be repaid or repurchased), the "Other Applicable Indebtedness"), then the relevant Person may apply the Subject Proceeds on a pro rata basis to the prepayment of the Subject Loans and to the repurchase or repayment of the Other Applicable Indebtedness (determined on the basis of the aggregate outstanding principal amount of the Subject Loans and the Other Applicable Indebtedness (or accreted amount if such Other Applicable Indebtedness is issued with original issue discount) at such time); it being understood that (1) the portion of the Subject Proceeds allocated to the Other Applicable Indebtedness shall not exceed the amount of the Subject Proceeds required to be allocated to the Other Applicable Indebtedness pursuant to the terms thereof (and the remaining amount, if any, of the Subject Proceeds shall be allocated to the Subject Loans in accordance with the terms hereof), and the amount of the prepayment of the Subject Loans that would have otherwise been required pursuant to Section 2.11(b) (i) or (ii) shall be reduced accordingly and (2) to the extent the holders of the Other Applicable Indebtedness decline to have such Indebtedness prepaid or repurchased, the declined amount shall promptly (and in any event within ten (10) Business Days after the date of such rejection) be applied to prepay the Subject Loans in accordance with the terms hereof (without giving effect to this Section 2.11(b)(viii)).

Section 2.12 Fees and Premium.

(a) The Borrower agrees to pay to the Administrative Agent for the account of each Initial Revolving Lender (other than any Defaulting Lender) a commitment fee, which shall accrue at a rate equal to the Commitment Fee Rate per annum applicable to the Initial Revolving Credit Commitments on the average daily amount of the unused Initial Revolving Credit Commitment of such Revolving Lender during the period from and including the Closing Date to the date on which such Initial Revolving Lender's Initial Revolving Credit Commitment terminates. Accrued commitment fees shall be payable in arrears on the fifteenth day after the last day of each March, June, September and December commencing with December 2019 for the quarterly period then ended (or, in the case of the payment to be made in December 2019, for the period from the Closing Date to December 31, 2019), and on the date on which the Initial Revolving Credit Commitment terminates. For purposes of calculating the commitment fee only, the Initial Revolving Credit Commitment of any Initial Revolving Lender shall be deemed to be used to the extent of Initial Revolving Loans of such Class of such Initial Revolving Lender and the LC Exposure of such Initial Revolving Lender attributable to its Initial Revolving Credit Commitment of such Class (and the Swingline Exposure of such Lender shall be disregarded for such purpose).

97

(b) The Borrower agrees to pay (i) to the Administrative Agent for the account of each Revolving Lender of any Class a participation fee with respect to its participations in Letters of Credit issued at the request of the Borrower, which shall accrue at the Applicable Rate used to determine the interest rate applicable to Revolving Loans of such Class that are Adjusted Term SOFR Loans, as applicable, on the daily face amount of such Lender's LC Exposure that is attributable to its Revolving Credit Commitment of such Class (excluding any portion thereof that is attributable to unreimbursed LC Disbursements), during the period from and including the Closing Date to the earlier of (A) the later of the date on which such Revolving Lender's Revolving Credit Commitment of such Class terminates and the date on which such Revolving Lender ceases to have any LC Exposure that is attributable to its Revolving Credit Commitment of such Class and (B) the Termination Date, and (ii) to each Issuing Bank, for its own account, a fronting fee, in respect of each Letter of Credit issued by such Issuing Bank for the period from the date of issuance of such Letter of Credit to the earliest of (A) the expiration date of such Letter of Credit, (B) the date on which such Letter of Credit terminates and (C) the Termination Date, computed at a rate equal to the rate agreed by such Issuing Bank and the Borrower (but in any event not to exceed 0.125% per annum) of the daily face amount of such Letter of Credit, as well as such Issuing Bank's standard fees with respect to the issuance, amendment, renewal or extension of any Letter of Credit or processing of drawings thereunder. Participation fees and fronting fees shall accrue to but excluding the last Business Day of each March, June, September and December and be payable in arrears for the quarterly period then ended on the fifteenth day following the last day of each March, June, September and December (commencing, if applicable, December 31, 2019 (it being understood that such payment shall be with respect to the period from the Closing Date to December 31, 2019)); provided that all such fees shall be payable on the date on which the Revolving Credit Commitments of the applicable Class terminate. Any fee other than the participation fee and the fronting fee described above that is payable to any Issuing Bank pursuant to this paragraph shall be payable within 30 days after receipt of a written demand (accompanied by reasonable back-up documentation) therefor.

(c) The Borrower agrees to pay to the Administrative Agent, for its own account, the annual administration fee described in the Fee Letter.

(d) All fees payable hereunder shall be paid on the dates due and in immediately available funds to the Administrative Agent (or to the applicable Issuing Bank, in the case of any fee payable to any Issuing Bank). Fees paid shall not be refundable under any circumstances except as otherwise provided in the Fee Letter. Fees payable hereunder shall accrue through and including the last day of the month immediately preceding the applicable fee payment date.

(e) In the event that, on or prior to the date that is six (6) months after the Third Amendment Closing Date, the Borrower (A) prepaids, repays, refinances, substitutes or replaces any Initial Term Loans (including 2021 Replacement Term Loans or Fourth Amendment Incremental Term Loans) in connection with a Repricing Transaction (including, for the avoidance of doubt, any prepayment made pursuant to Section 2.11(b)(iii) that constitutes a Repricing Transaction) or (B) effects any amendment, modification or waiver of, or consent under, this Agreement resulting in a Repricing Transaction, the Borrower shall pay to the Administrative Agent, for the ratable account of each applicable Initial Term Lender, (I) in the case of clause (A), a premium of 1.00% of the aggregate principal amount of the Initial Term Loans (including Fourth Amendment Incremental Term Loans) so prepaid, repaid, refinanced, substituted or replaced and (II) in the case of clause (B), a fee equal to 1.00% of the aggregate principal amount of the Initial Term Loans (including Fourth Amendment Incremental Term Loans) that are the subject of such Repricing Transaction outstanding immediately prior to such amendment. If, on or prior to the date that is six (6) months after the Third Amendment Closing Date, all or any portion of the Initial Term Loans (including Fourth Amendment Incremental Term Loans) held by any Term Lender are prepaid, repaid, refinanced, substituted or replaced pursuant to Section 2.19(b)(iv) as a result of, or in connection with, such Term Lender not agreeing or otherwise consenting to any waiver, consent, modification or amendment in connection with a Repricing Transaction, such prepayment, repayment, refinancing, substitution or replacement will be made at 101% of the principal amount so prepaid, repaid, refinanced, substituted or replaced. All such amounts shall be due and payable on the date of effectiveness of such Repricing Transaction in Dollars and in immediately available funds.

98

(f) Unless otherwise indicated herein, all computations of fees shall be made on the basis of a 360-day year and shall be payable for the actual days elapsed (including the first day but excluding the last day). The determination by the Administrative Agent of the amount of any fee hereunder shall be conclusive and binding for all purposes, absent manifest error.

Section 2.13 Interest.

(a) The Term Loans and Revolving Loans that comprise each ABR Borrowing shall bear interest at the Alternate Base Rate plus the Applicable Rate.

(b) [reserved];

(c) The Term Loans and Revolving Loans that comprise each Adjusted Term SOFR Borrowing shall bear interest at Adjusted Term SOFR for the Interest Period in

effect for such Borrowing plus the Applicable Rate.

(d) Notwithstanding the foregoing, upon the occurrence of a Specified Event of Default, for so long as any principal of or interest on any Term Loan, Revolving Loan or any LC Disbursement or any fee payable by the Borrower hereunder is not, in each case, paid or reimbursed, whether at stated maturity, upon acceleration or otherwise, the relevant overdue amount shall bear interest, to the fullest extent permitted by applicable Requirements of Law, after as well as before judgment, at a rate per annum equal to (i) in the case of overdue principal of any Term Loan, Revolving Loan or unreimbursed LC Disbursement, 2.00% plus the rate otherwise applicable to such Term Loan, Revolving Loan or LC Disbursement as provided in the preceding paragraphs of this Section 2.13 or (ii) in the case of any other amount (including overdue interest), 2.00% plus the rate applicable to Revolving Loans that are ABR Loans as provided in paragraph (a) of this Section 2.13; provided that no amount shall accrue pursuant to this Section 2.13(d) on any overdue amount, reimbursement obligation in respect of any LC Disbursement or other amount that is payable to any Defaulting Lender so long as such Lender is a Defaulting Lender.

(e) Accrued interest on each Term Loan or Revolving Loan borrowed by the Borrower shall be payable by the Borrower in arrears on each Interest Payment Date for such Term Loan or Revolving Loan and (i) on the Maturity Date applicable to such Loan and (ii) in the case of a Revolving Loan of any Class, upon termination of the Revolving Credit Commitments of such Class; provided that (A) interest accrued pursuant to paragraph (d) of this Section 2.13 shall be payable on demand, (B) in the event of any repayment or prepayment of any Term Loan or Revolving Loan (other than an ABR Revolving Loan of any Class prior to the termination of the Revolving Credit Commitments of such Class), accrued interest on the principal amount repaid or prepaid shall be payable on the date of such repayment or prepayment and (C) in the event of any conversion of any Adjusted Term SOFR Loan prior to the end of the current Interest Period therefor, accrued interest on such Loan shall be payable on the effective date of such conversion.

99

(f) All interest hereunder shall be computed on the basis of a year of 360 days (except that interest computed by reference to the Alternate Base Rate shall be on the basis of a year of 365 or 366 days, as applicable) and actual number of days elapsed (including the first day but excluding the last day). The applicable Alternate Base Rate or Adjusted Term SOFR shall be determined by the Administrative Agent, and such determination shall be conclusive absent manifest error. Interest shall accrue on each Loan for the day on which the Loan is made and shall not accrue on a Loan, or any portion thereof, for the day on which the Loan or such portion is paid; provided that any Loan that is repaid on the same day on which it is made shall bear interest for one day.

Section 2.14 Alternate Rate of Interest. (a) If prior to the commencement of any Interest Period for an Adjusted Term SOFR Borrowing:

- (i) the Administrative Agent determines (which determination shall be conclusive absent manifest error) that adequate and reasonable means do not exist for ascertaining Adjusted Term SOFR (including because the Term SOFR Reference Rate is not available or published on a current basis) for such Interest Period; or
- (ii) the Administrative Agent is advised by the Required Lenders that Adjusted Term SOFR for such Interest Period will not adequately and fairly reflect the cost to such Lenders of making or maintaining their Loans included in such Borrowing for such Interest Period;

then the Administrative Agent shall give notice thereof to the Borrower and the Lenders by telephone, teletype or electronic mail as promptly as practicable thereafter and, until the Administrative Agent notifies the Borrower and the Lenders that the circumstances giving rise to such notice no longer exist, (A) any Interest Election Request that requests the conversion of any Borrowing to, or continuation of any Borrowing as, an Adjusted Term SOFR Borrowing shall be ineffective and (B) if any Borrowing Request requests an Adjusted Term SOFR Borrowing, such Borrowing shall be made as an ABR Borrowing.

- (b) [Reserved].
- (c) Benchmark Replacement Setting.

(i) Benchmark Replacement. Notwithstanding anything to the contrary herein or in any other Loan Document, if a Benchmark Transition Event and its related Benchmark Replacement Date have occurred prior to the Reference Time in respect of any setting of the then current Benchmark, then (x) if a Benchmark Replacement is determined in accordance with clause (a) of the definition of "Benchmark Replacement" for such Benchmark Replacement Date, such Benchmark Replacement will replace such Benchmark for all purposes hereunder and under any Loan Document in respect of such Benchmark setting and subsequent Benchmark settings without any amendment to, or further action or consent of any other party to, this Agreement or any other Loan Document and (y) if a Benchmark Replacement is determined in accordance with clause (b) of the definition of "Benchmark Replacement" for such Benchmark Replacement Date, such Benchmark Replacement will replace such Benchmark for all purposes hereunder and under any Loan Document in respect of any Benchmark setting at or after 5:00 p.m. (New York City time) on the fifth Business Day after the date notice of such Benchmark Replacement is provided to the Initial Revolving Lenders without any amendment to, or further action or consent of any other party to, this Agreement or any other Loan Document so long as the Administrative Agent has not received, by such time, written notice of objection to such Benchmark Replacement from Lenders comprising the Required Lenders. If the Benchmark Replacement is Daily Simple SOFR, all interest payments will be payable on a monthly basis.

100

(ii) Benchmark Replacement Conforming Changes. In connection with the use, administration, adoption or implementation of a Benchmark Replacement, the Administrative Agent will have the right to make Benchmark Replacement Conforming Changes in consultation with the Borrower from time to time and, notwithstanding anything to the contrary herein or in any other Loan Document, any amendments implementing such Benchmark Replacement Conforming Changes will become effective without any further action or consent of any other party to this Agreement or any other Loan Document.

(iii) Notices: Standards for Decisions and Determinations. The Administrative Agent will promptly notify the Borrower and the Lenders of (i) the implementation of any Benchmark Replacement and (ii) the effectiveness of any Benchmark Replacement Conforming Changes. The Administrative Agent will notify the Borrower of (x) the removal or reinstatement of any tenor of a Benchmark pursuant to Section 2.14(c)(iv) and (y) the commencement of any Benchmark Unavailability Period. Any determination, decision or election that may be made by the Administrative Agent or, if applicable, any Lender (or group of Lenders) pursuant to this Section 2.14(c), including any determination with respect to a tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection, will be conclusive and binding absent manifest error and may be made in its or their sole discretion and without consent from any other party to this Agreement or any other Loan Document, except, in each case, as expressly required pursuant to this Section 2.14(c).

(iv) Unavailability of Tenor of Benchmark. Notwithstanding anything to the contrary herein or in any other Loan Document, at any time (including in connection with the implementation of a Benchmark Replacement), (i) if any then-current Benchmark is a term rate and either (A) any tenor for such Benchmark is not displayed on a screen or other information service that publishes such rate from time to time as selected by the Administrative Agent in its reasonable discretion or (B) the regulatory supervisor for the administrator of such Benchmark has provided a public statement or publication of information announcing that any tenor for such Benchmark is not or will not be representative, then the Administrative Agent may modify the definition of "Interest Period" (or any similar or analogous definition) for any Benchmark settings at or after such time to remove such unavailable or non-representative tenor and (ii) if a tenor that was removed pursuant to clause (i) above either (A) is subsequently displayed on a screen or information service for a Benchmark (including a Benchmark Replacement) or (B) is not, or is no longer, subject to an announcement that it is not or will not be representative for a Benchmark (including a Benchmark Replacement), then the Administrative Agent may modify the definition of "Interest Period" (or any similar or analogous definition) for all Benchmark settings at or after such time to reinstate such previously removed tenor.

(v) Benchmark Unavailability Period. Upon the Borrower's receipt of notice of the commencement of a Benchmark Unavailability Period with respect to a given Benchmark or Adjusted Term SOFR Borrowing, (i) the Borrower may revoke any pending request for an Adjusted Term SOFR Borrowing of, conversion to or continuation of Adjusted Term SOFR Loans, in each case, to be made, converted or continued during any Benchmark Unavailability Period and, failing that, in the case of any request for any affected Adjusted Term SOFR Borrowing, if applicable, the Borrower will be deemed to have converted any such request into a request for an ABR Borrowing or conversion to ABR Loans in the amount specified therein, (ii) any outstanding affected Adjusted Term SOFR Loans, if applicable, will be deemed to have been converted into ABR Loans at the end of the applicable Interest Period. Upon any such prepayment or conversion, the Borrower shall also pay accrued interest on the amount so prepaid or converted, together with any additional amounts required pursuant to Section 2.16. During a Benchmark Unavailability Period with respect to any Benchmark or at any time that a tenor for any then-current Benchmark is not an Available Tenor, the component of the Alternate Base Rate based upon the then-current Facility Benchmark that is the subject of such Benchmark Unavailability Period or such tenor for such Benchmark, as applicable, will not be used in any determination of the Alternate Base Rate.

101

Capitalized terms used in the foregoing [Section 2.14\(c\)](#) but not otherwise defined herein shall have the following meanings:

"Available Tenor" means, as of any date of determination and with respect to the then-current Benchmark, as applicable, (x) if such Benchmark is a term rate, any tenor for such Benchmark (or component thereof) that is or may be used for determining the length of an Interest Period pursuant to this Agreement or (y) otherwise, any payment period for interest calculated with reference to such Benchmark (or component thereof) that is or may be used for determining any frequency of making payments of interest calculated with reference to such Benchmark pursuant to this Agreement, in each case, as of such date and not including, for the avoidance of doubt, any tenor for such Benchmark that is then-removed from the definition of "Interest Period" pursuant to [Section 2.14\(c\)\(iv\)](#).

"Daily Simple SOFR" means, for any day (a "SOFR Rate Day"), a rate per annum equal to SOFR for the day (such day "SOFR Determination Date") that is five (5) U.S. Government Securities Business Days prior to (i) if such SOFR Rate Day is a U.S. Government Securities Business Day, such SOFR Rate Day or (ii) if such SOFR Rate Day is not a U.S. Government Securities Business Day, the U.S. Government Securities Business Day immediately preceding such SOFR Rate Day, in each case, as such SOFR is published by the SOFR Administrator on the SOFR Administrator's Website. Any change in Daily Simple SOFR due to a change in SOFR shall be effective from and including the effective date of such change in SOFR without notice to the Borrower. If by 5:00 p.m. (New York City time) on the second (2nd) U.S. Government Securities Business Day immediately following any SOFR Determination Date, SOFR in respect of such SOFR Determination Date has not been published on the SOFR Administrator's Website and a Benchmark Replacement Date with respect to the Daily Simple SOFR has not occurred, then SOFR for such SOFR Determination Date will be SOFR as published in respect of the first preceding U.S. Government Securities Business Day for which such SOFR was published on the SOFR Administrator's Website.

"Reference Time" with respect to any setting of the then-current Benchmark means (1) if such Benchmark is the Term SOFR Reference Rate, 5:00 a.m. (Chicago time) on the day that is two U.S. Government Securities Business Days preceding the date of such setting, (2) if such Benchmark is Daily Simple SOFR, then four U.S. Government Securities Business Days prior to such setting or (3) if such Benchmark is none of the Term SOFR Reference Rate or Daily Simple SOFR, the time determined by the Administrative Agent in its reasonable discretion.

"Benchmark" means, initially, with respect to any Obligations, interest, fees, commissions or other amounts, the Term SOFR Reference Rate; provided that if a Benchmark Transition Event, and the related Benchmark Replacement Date, have occurred with respect to the applicable then-current Benchmark, then "Benchmark" means, with respect to such Obligations, interest, fees, commissions or other amounts, the applicable Benchmark Replacement to the extent that such Benchmark Replacement has replaced such prior Benchmark rate pursuant to [Section 2.14\(c\)](#).

"Benchmark Replacement" means, with respect to any Benchmark Transition Event for any then-current Benchmark, the first alternative set forth in the order below that can be determined by the Administrative Agent for the applicable Benchmark Replacement Date:

- (a) Daily Simple SOFR (with all interest payments being payable on a monthly basis); or

102

- (b) the sum of: (i) the alternate benchmark rate that has been selected by the Administrative Agent and the Borrower as the replacement for such Benchmark giving due consideration to (A) any selection or recommendation of a replacement benchmark rate or the mechanism for determining such a rate by the Relevant Governmental Body or (B) any evolving or then-prevailing market convention for determining a benchmark rate as a replacement for such Benchmark for syndicated credit facilities denominated in Dollars at such time and (ii) the related Benchmark Replacement Adjustment;

provided that, the Benchmark Replacement as determined pursuant to clause (a) or (b) above shall not be less than 0.00% per annum.

"Benchmark Replacement Adjustment" means, with respect to any replacement of any then-current Benchmark with an Unadjusted Benchmark Replacement, the spread adjustment, or method for calculating or determining such spread adjustment (which may be a positive or negative value or zero), that has been selected by the Administrative Agent and the Borrower giving due consideration to (a) any selection or recommendation of a spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of such Benchmark with the applicable Unadjusted Benchmark Replacement by the Relevant Governmental Body or (b) any evolving or then-prevailing market convention for determining a spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of such Benchmark with the applicable Benchmark Replacement for syndicated credit facilities denominated in Dollars at such time.

"Benchmark Replacement Conforming Changes" means, with respect to either the use or administration of Term SOFR or the use, administration, adoption or implementation of any Benchmark Replacement, any technical, administrative or operational changes (including changes to the definition of "Alternate Base Rate," the definition of "Business Day", the definition of "U.S. Government Securities Business Day", the definition of "Interest Period" or any similar or analogous definition (or the addition of a concept of "interest period"), timing and frequency of determining rates and making payments of interest, timing of borrowing requests or prepayment, conversion or continuation notices, the applicability and length of lookback periods, the applicability of [Section 2.16](#) and other technical, administrative or operational matters) that the Administrative Agent, in consultation with the Borrower, decides may be appropriate to reflect the adoption and implementation of any such rate or to permit the use and administration thereof by the Administrative Agent in a manner substantially consistent with market practice (or, if the Administrative Agent reasonably decides that adoption of any portion of such market practice is not administratively feasible or if the Administrative Agent reasonably determines that no market practice for the administration of any such rate exists, in such other manner of administration as the Administrative Agent, in consultation with the Borrower, decides is reasonably necessary in connection with the administration of this Agreement and the other Loan Documents).

"Benchmark Replacement Date" means a date and time determined by the Administrative Agent, in consultation with the Borrower, which date shall be no later than the earliest to occur of the following events with respect to the then-current Benchmark:

- (a) in the case of clause (a) or (b) of the definition of "Benchmark Transition Event", the later of (i) the date of the public statement or publication of information referenced therein and (ii) the date on which the administrator of such Benchmark (or the published component used in the calculation thereof) permanently or indefinitely ceases to provide all Available Tenors of such Benchmark (or such component thereof); or
- (b) in the case of clause (c) of the definition of "Benchmark Transition Event", the first date on which such Benchmark (or the published component used in the calculation thereof) has been, or, if such Benchmark is a term rate, all Available Tenors of such Benchmark (or component thereof) have been, determined and announced by the regulatory supervisor for the administrator of such Benchmark (or such component thereof) to be non-representative; provided that such non-representativeness will be determined by reference to the most recent statement or publication referenced in such clause (c) and even if such Benchmark (or component thereof) or, if such Benchmark is a term rate, any Available Tenor of such Benchmark (or such component thereof) continues to be provided on such date.

103

For the avoidance of doubt, (i) if the event giving rise to the Benchmark Replacement Date occurs on the same day as, but earlier than, the Reference Time in respect of any determination, the Benchmark Replacement Date will be deemed to have occurred prior to the Reference Time for such determination and (ii) the "Benchmark Replacement Date" will be deemed to have occurred in the case of clause (a) or (b) with respect to any Benchmark upon the occurrence of the applicable event or events set forth therein with respect to all then-current Available Tenors of such Benchmark (or the published component used in the calculation thereof).

"Benchmark Transition Event" means, with respect to the then-current Benchmark, the occurrence of one or more of the following events with respect to such Benchmark:

- (a) a public statement or publication of information by or on behalf of the administrator of such Benchmark (or the published component used in the calculation thereof) announcing that such administrator has ceased or will cease to provide all Available Tenors of such Benchmark (or such component thereof), permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide such Benchmark (or such component thereof) or, if such Benchmark is a term rate, any Available Tenor of such Benchmark (or such component thereof);

- (b) a public statement or publication of information by the regulatory supervisor for the administrator of such Benchmark (or the published component used in the calculation thereof), the Federal Reserve Board, the Federal Reserve Bank of New York, the Term SOFR Administrator, an insolvency official with jurisdiction over the administrator for such Benchmark (or such component), a resolution authority with jurisdiction over the administrator for such Benchmark (or such component) or a court or an entity with similar insolvency or resolution authority over the administrator for such Benchmark (or such component), which states that the administrator of such Benchmark (or such component) has ceased or will cease to provide such Benchmark (or such component thereof) or, if such Benchmark is a term rate, all Available Tenors of such Benchmark (or such component thereof) permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide such Benchmark (or such component thereof) or, if such Benchmark is a term rate, any Available Tenor of such Benchmark (or such component thereof); or
- (c) a public statement or publication of information by the regulatory supervisor for the administrator of such Benchmark (or the published component used in the calculation thereof) announcing that such Benchmark (or such component thereof) or, if such Benchmark is a term rate, all Available Tenors of such Benchmark (or such component thereof) are not, or as of a specified future date will not be, representative.

For the avoidance of doubt, a "Benchmark Transition Event" will be deemed to have occurred with respect to any Benchmark if a public statement or publication of information set forth above has occurred with respect to each then-current Available Tenor of such Benchmark (or the published component used in the calculation thereof).

"Benchmark Unavailability Period" means, with respect to any then-current Benchmark, the period (if any) (a) beginning at the time that a Benchmark Replacement Date with respect to such Benchmark has occurred if, at such time, no Benchmark Replacement has replaced such Benchmark for all purposes hereunder and under any Loan Document in accordance with Section 2.14(c) and (b) ending at the time that a Benchmark Replacement has replaced such Benchmark for all purposes hereunder and under any Loan Document in accordance with Section 2.14(c).

"Relevant Governmental Body" means the Federal Reserve Board or the Federal Reserve Bank of New York, or a committee officially endorsed or convened by the Federal Reserve Board or the Federal Reserve Bank of New York, or any successor thereto.

"Unadjusted Benchmark Replacement" means the Benchmark Replacement Rate excluding the related Benchmark Replacement Adjustment.

Section 2.15 Increased Costs.

(a) If any Change in Law:

(i) imposes, modifies or deems applicable any reserve, special deposit or similar requirement against assets of, deposits with or for the account of, or credit extended by, any Lender or Issuing Bank;

(ii) subjects any Lender or Issuing Bank to any Taxes (other than (A) Indemnified Taxes, (B) Other Taxes and (C) Excluded Taxes) on or with respect to its loans, letters of credit, commitments, or other obligations, or its deposits, reserves, other liabilities or capital attributable thereto; or

(iii) imposes on any Lender or Issuing Bank any other condition (other than Taxes) affecting this Agreement or Adjusted Term SOFR Loans, as applicable, made by any Lender or any Letter of Credit or participation therein; and the result of any of the foregoing is to increase the cost to the relevant Lender of making or maintaining any or Adjusted Term SOFR Loans (or of maintaining its obligation to make any such Loan) or to increase the cost to such Lender or Issuing Bank of participating in, issuing or maintaining any Letter of Credit or to reduce the amount of any sum received or receivable by such Lender or Issuing Bank hereunder (whether of principal, interest or otherwise) in respect of any Adjusted Term SOFR Loan or Letter of Credit in an amount deemed by such Lender or Issuing Bank to be material;

then, within 30 days after the Borrower's receipt of the certificate contemplated by paragraph (c) of this Section 2.15, the Borrower will pay to such Lender or Issuing Bank, as applicable, such additional amount or amounts as will compensate such Lender or Issuing Bank, as applicable, for such additional costs incurred or reduction suffered; provided that the Borrower shall not be liable for such compensation if (x) the relevant Change in Law occurs on a date prior to the date such Lender becomes a party hereto, (y) such Lender invokes Section 2.20 or (z) in the case of any request for reimbursement under clause (iii) above resulting from a market disruption, (A) the relevant circumstances do not generally affect the banking market or (B) the applicable request has not been made by Lenders constituting Required Lenders.

(b) If any Lender or Issuing Bank determines that any Change in Law regarding liquidity or capital requirements has or would have the effect of reducing the rate of return on such Lender's or Issuing Bank's capital or on the capital of such Lender's or Issuing Bank's holding company, if any, as a consequence of this Agreement or the Loans made by, or participations in Letters of Credit or Swingline Loans held by, such Lender, or the Letters of Credit issued by such Issuing Bank, to a level below that which such Lender or such Issuing Bank or such Lender's or such Issuing Bank's holding company could have achieved but for such Change in Law other than due to Taxes (taking into consideration such Lender's or Issuing Bank's policies and the policies of such Lender's or such Issuing Bank's holding company with respect to capital adequacy), then within 30 days of receipt by the Borrower of the certificate contemplated by paragraph (c) of this Section 2.15 the Borrower will pay to such Lender or such Issuing Bank, as applicable, such additional amount or amounts as will compensate such Lender or such Issuing Bank or such Lender's or such Issuing Bank's holding company for any such reduction suffered.

(c) Any Lender or Issuing Bank requesting compensation under this Section 2.15 shall be required to deliver a certificate to the Borrower that (i) sets forth the amount or amounts necessary to compensate such Lender or Issuing Bank or the holding company thereof, as applicable, as specified in paragraph (a) or (b) of this Section 2.15, (ii) sets forth, in reasonable detail, the manner in which such amount or amounts were determined and (iii) certifies that such Lender or Issuing Bank is generally charging such amounts to similarly situated borrowers, which certificate shall be conclusive absent manifest error.

(d) Failure or delay on the part of any Lender or Issuing Bank to demand compensation pursuant to this Section 2.15 shall not constitute a waiver of such Lender's or Issuing Bank's right to demand such compensation; provided, however that the Borrower shall not be required to compensate any Lender or any Issuing Bank pursuant to this Section for any increased costs or reductions incurred more than 180 days prior to the date that such Lender or Issuing Bank notifies the Borrower of the Change in Law giving rise to such increased costs or reductions and of such Lender's or Issuing Bank's intention to claim compensation therefor; provided, further, that if the Change in Law giving rise to such increased costs or reductions is retroactive, then the 180-day period referred to above shall be extended to include the period of retroactive effect thereof.

Section 2.16 Break Funding Payments. In the event of (a) the conversion or prepayment of any principal of any Adjusted Term SOFR Loan other than on the last day of an Interest Period applicable thereto (whether voluntary, mandatory, automatic, by reason of acceleration or otherwise), (b) the failure to borrow, convert, continue or prepay any Adjusted Term SOFR Loan on the date or in the amount specified in any notice delivered pursuant hereto or (c) the assignment of any Adjusted Term SOFR Loan of any Lender other than on the last day of the Interest Period applicable thereto as a result of a request by the Borrower pursuant to Section 2.19, then, in any such event, the Borrower shall compensate each Lender for the loss, cost and expense incurred by such Lender that is attributable to such event (other than loss of profit). In the case of any Adjusted Term SOFR Loan, the loss, cost or expense of any Lender shall be the amount reasonably determined by such Lender to be the excess, if any, of (i) the amount of interest which would have accrued on the principal amount of such Loan had such event not occurred at the Adjusted Term SOFR that would have been applicable to such Loan for the period from the date of such event to the last day of the then current Interest Period therefor (or, in the case of a failure to borrow, convert or continue, for the period that would have been the Interest Period for such Loan), over (ii) the amount of interest which would accrue on such principal amount for such period at the interest rate which such Lender would bid were it to bid, at the commencement of such period, for deposits in Dollars of a comparable amount and period from other banks in the Eurodollar market; it being understood that such loss, cost or expense shall in any case exclude any interest rate floor and all administrative, processing or similar fees. Any Lender requesting compensation under this Section 2.16 shall be required to deliver a certificate to the Borrower that (A) sets forth any amount or amounts that such Lender is entitled to receive pursuant to this Section, the basis therefor and, in reasonable detail, the manner in which such amount or amounts were determined and (B) certifies that such Lender is generally charging the relevant amounts to similarly situated borrowers, which certificate shall be conclusive absent manifest error. The Borrower shall pay such Lender the amount shown as due on any such certificate within 30 days after receipt thereof.

(a) All payments by or on account of any obligation of any Loan Party under any Loan Document shall be made free and clear of and without deduction for any Taxes, except as required by applicable Requirements of Law. If any applicable Requirement of Law (as determined in the good faith discretion of the applicable Withholding Agent) requires the deduction or withholding of any Tax from any such payment by a Withholding Agent, then (i) if such Tax is an Indemnified Tax and/or Other Tax, the amount payable by the applicable Loan Party shall be increased as necessary so that after all required deductions or withholdings have been made (including deductions or withholdings applicable to additional sums payable under this Section 2.17) each Lender (or, in the case of any payment made to the Administrative Agent for its own account, the Administrative Agent) receives an amount equal to the sum it would have received had no deductions or withholdings for Indemnified Taxes and/or Other Taxes been made, (ii) the applicable Withholding Agent shall make such deductions and (iii) the applicable Withholding Agent shall timely pay the full amount deducted to the relevant Governmental Authority in accordance with applicable Requirements of Law. In addition, the Loan Parties shall pay any Other Taxes to the relevant Governmental Authority in accordance with applicable Requirements of Law, or, at the option of the Administrative Agent, timely reimburse it for the payment of any Other Taxes.

(b) The Borrower shall indemnify the Administrative Agent and each Lender within 30 days after receipt of the certificate described in the succeeding sentence, for the full amount of any Indemnified Taxes or Other Taxes payable or paid by the Administrative Agent or such Lender, as applicable (including Indemnified Taxes or Other Taxes imposed or asserted on or attributable to amounts payable under this Section 2.17), other than any interest or penalties determined by a final and non-appealable judgment of a court of competent jurisdiction (or documented in any settlement agreement) to have resulted from the gross negligence, bad faith or willful misconduct of the Administrative Agent or such Lender, and, in each case, any reasonable expenses arising therefrom or with respect thereto (whether or not correctly or legally imposed or asserted); provided that if the Borrower reasonably believes that such Taxes were not correctly or legally asserted, the Administrative Agent or such Lender, as applicable, will use reasonable efforts to cooperate with the Borrower to obtain a refund of such Taxes (which shall be repaid to the Borrower in accordance with Section 2.17(f)) so long as such efforts would not, in the sole determination of the Administrative Agent or such Lender, result in any additional out-of-pocket costs or expenses not reimbursed by the Borrower or be otherwise materially disadvantageous to the Administrative Agent or such Lender, as applicable. In connection with any request for reimbursement under this Section 2.17(b), the relevant Lender or the Administrative Agent, as applicable, shall deliver a certificate to the Borrower setting forth, in reasonable detail, the basis and calculation of the amount of the relevant payment or liability, which shall be conclusive absent manifest error. Notwithstanding anything to the contrary contained in this Section 2.17(b), the Borrower shall not be required to indemnify the Administrative Agent or any Lender pursuant to this Section 2.17(b) for any amount to the extent the Administrative Agent or such Lender fails to notify the Borrower of the relevant possible indemnification claim within 180 days after the Administrative Agent or such Lender receives written notice from the applicable taxing authority of the specific tax assessment giving rise to such indemnification claim.

(c) Each Lender shall severally indemnify the Administrative Agent, within 10 days after demand thereof, for (i) any Indemnified Taxes or Other Taxes attributable to such Lender (but only to the extent that the Borrower has not already indemnified the Administrative Agent for such Taxes and without limiting the obligation of the Borrower to do so), (ii) any Taxes attributable to such Lender's failure to comply with the provisions of Section 9.05(c) relating to the maintenance of a Participant Register and (iii) any Excluded Taxes attributable to such Lender, in each case that are payable or paid by the Administrative Agent in connection with this Agreement or any other Loan Document and any reasonable expenses arising therefrom or with respect thereto, whether or not such Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority. A certificate as to the amount of such payment or liability delivered to any Lender by the Administrative Agent shall be conclusive absent manifest error. Each Lender hereby authorizes the Administrative Agent to set off and apply any and all amounts at any time owing to such Lender under this Agreement or any other Loan Document or otherwise payable by the Administrative Agent to such Lender from any other source against any amount due to the Administrative Agent under this paragraph.

107

(d) As soon as practicable after any payment of any Taxes by any Loan Party to a Governmental Authority pursuant to this Section 2.17, the Borrower shall deliver to the Administrative Agent the original or a certified copy of a receipt issued by such Governmental Authority evidencing such payment, a copy of the return reporting such payment or other evidence of such payment that is reasonably satisfactory to the Administrative Agent.

(e) Status of Lenders.

(i) Any Lender that is entitled to an exemption from or reduction of any withholding Tax with respect to any payment made under any Loan Document shall deliver to the Borrower and the Administrative Agent, at the time or times reasonably requested by the Borrower or the Administrative Agent, such properly completed and executed documentation as the Borrower or the Administrative Agent may reasonably request to permit such payments to be made without withholding or at a reduced rate of withholding. In addition, any Lender, if reasonably requested by the Borrower or the Administrative Agent, shall deliver such other documentation prescribed by applicable Requirements of Law or reasonably requested by the Borrower or the Administrative Agent as will enable the Borrower or the Administrative Agent to determine whether or not such Lender is subject to backup withholding or information reporting requirements.

(ii) Without limiting the generality of the foregoing,

(A) each Lender that is not a Foreign Lender shall deliver to the Borrower and the Administrative Agent on or prior to the date on which such Lender becomes a Lender under this Agreement (and from time to time thereafter upon the reasonable request of the Borrower or the Administrative Agent), two executed original copies of IRS Form W-9 certifying that such Lender is exempt from U.S. federal backup withholding Tax;

(B) each Foreign Lender shall deliver to the Borrower and the Administrative Agent on or prior to the date on which such Foreign Lender becomes a Lender under this Agreement (and from time to time thereafter upon the reasonable request of the Borrower or the Administrative Agent), whichever of the following is applicable:

(1) in the case of any Foreign Lender claiming the benefits of an income tax treaty to which the United States is a party, two executed original copies of IRS Form W-8BEN or IRS Form W-8BEN-E, as applicable, establishing any available exemption from, or reduction of, U.S. federal withholding Tax;

(2) two executed original copies of IRS Form W-8ECI;

(3) in the case of any Foreign Lender claiming the benefits of the exemption for portfolio interest under Section 871(h) or 881(c) of the Code, (x) two executed original copies of a certificate substantially in the form of Exhibit L-1 to the effect that such Foreign Lender is not a "bank" within the meaning of Section 881(c)(3)(A) of the Code, a "10 percent shareholder" of the Borrower within the meaning of Section 871(h)(3)(B) of the Code, or a "controlled foreign corporation" described in Section 881(c)(3)(C) of the Code, and that no payments payable to such Lender are effectively connected with the conduct of a U.S. trade or business (a "U.S. Tax Compliance Certificate") and (y) two executed original copies of IRS Form W-8BEN or IRS Form W-8BEN-E, as applicable; or

108

(4) to the extent any Foreign Lender is not the beneficial owner (e.g., where the Foreign Lender is a partnership or participating Lender), two executed original copies of IRS Form W-8IMY, accompanied by IRS Form W-8ECI, IRS Form W-8BEN or IRS Form W-8BEN-E, as applicable, a U.S. Tax Compliance Certificate substantially in the form of Exhibit L-2, Exhibit L-3 or Exhibit L-4, IRS Form W-9, and/or other certification documents from each beneficial owner, as applicable; provided that if such Foreign Lender is a partnership (and not a participating Lender) and one or more direct or indirect partners of such Foreign Lender are claiming the portfolio interest exemption, such Foreign Lender may provide a U.S. Tax Compliance Certificate substantially in the form of Exhibit L-4 on behalf of each such direct or indirect partner;

(C) each Foreign Lender shall deliver to the Borrower and the Administrative Agent on or prior to the date on which such Foreign Lender becomes a Lender under this Agreement (and from time to time thereafter upon the reasonable request of the Borrower or the Administrative Agent), two executed original copies of any other form prescribed by applicable Requirements of Law as a basis for claiming exemption from or a reduction in U.S. federal withholding Tax, duly completed, together with such supplementary documentation as may be prescribed by applicable Requirements of Law to permit the Borrower or the Administrative Agent to determine the withholding or deduction required to be made; and

(D) if a payment made to any Lender under any Loan Document would be subject to U.S. federal withholding Tax imposed by FATCA if such Lender were to fail to comply with the applicable reporting requirements of FATCA (including those contained in Section 1471(b) or 1472(b) of the Code, as applicable), such Lender shall deliver to the Borrower and the Administrative Agent at the time or times prescribed by applicable Requirements of Law and at such time or times reasonably requested by the Borrower or the Administrative Agent such documentation as is prescribed by applicable Requirements of Law (including as prescribed by Section 1471(b)(3)(C)(i) of the Code) and may be necessary for the Borrower and the Administrative Agent to comply with their obligations under FATCA, to determine whether such Lender has complied with such Lender's obligations under FATCA and to determine the amount, if any, to deduct and withhold from such payment. Solely for purposes of this

clause (D). "FATCA" shall include any amendments made to FATCA after the date of this Agreement.

Each Lender agrees that if any documentation it previously delivered pursuant to this Section 2.17(e) expires or becomes obsolete or inaccurate in any respect, it shall update such documentation or promptly notify the Borrower and the Administrative Agent in writing of its legal ineligibility to do so.

Notwithstanding anything to the contrary in this Section 2.17(e), no Lender shall be required to provide any documentation that such Lender is not legally eligible to deliver.

Each Lender authorizes the Administrative Agent to deliver to the Loan Parties and to any successor Administrative Agent any documentation provided by such Lender to the Administrative Agent pursuant to this Section 2.17(e).

109

(f) If the Administrative Agent or any Lender determines, in its sole discretion, that it has received a refund of any Indemnified Taxes or Other Taxes as to which it has been indemnified by any Loan Party or with respect to which any Loan Party has paid additional amounts pursuant to this Section 2.17, it shall pay over such refund to the Borrower (but only to the extent of indemnity payments made, or additional amounts paid, by the Borrower under this Section 2.17 with respect to the Indemnified Taxes or Other Taxes giving rise to such refund), net of all out-of-pocket expenses of the Administrative Agent or such Lender (including any Taxes imposed with respect to such refund), and without interest (other than any interest paid by the relevant Governmental Authority with respect to such refund); provided that the Borrower, upon the request of the Administrative Agent or such Lender, agrees to repay the amount paid over to the Borrower (plus any penalties, interest or other charges imposed by the relevant Governmental Authority) to the Administrative Agent or such Lender in the event the Administrative Agent or such Lender is required to repay such refund to such Governmental Authority. Notwithstanding anything to the contrary in this paragraph (f), in no event will the Administrative Agent or any Lender be required to pay any amount to the Borrower pursuant to this paragraph (f) to the extent that the payment thereof would place the Administrative Agent or such Lender in a less favorable net after-Tax position than the position that the Administrative Agent or such Lender would have been in if the Tax subject to indemnification had not been deducted, withheld or otherwise imposed and the indemnification payments or additional amounts giving rise to such refund had never been paid. This Section 2.17 shall not be construed to require the Administrative Agent or any Lender to make available its Tax returns (or any other information relating to its Taxes which it deems confidential) to the Borrower or any other Person.

(g) Survival. Each party's obligations under this Section 2.17 shall survive the resignation or replacement of the Administrative Agent or any assignment of rights by, or the replacement of, any Lender, the termination of the Commitments and the repayment, satisfaction or discharge of all obligations under any Loan Document.

(h) Definition of "Lender" for Purposes of Section 2.17. For the avoidance of doubt, the term "Lender" shall, for all purposes of this Section 2.17, include any Issuing Bank and any Swingline Lender.

Section 2.18 Payments Generally; Allocation of Proceeds; Sharing of Payments.

(a) Unless otherwise specified in this Agreement, the Borrower shall make each payment required to be made by it hereunder (whether of principal, interest or fees, reimbursements of LC Disbursements, or of amounts payable under Section 2.15, 2.16 or 2.17, or otherwise). Each such payment shall be made prior to 3:00 p.m. on the date when due, in immediately available funds, without set-off or counterclaim. Any amount received after such time on any date may, in the discretion of the Administrative Agent, be deemed to have been received on the next succeeding Business Day for purposes of calculating interest thereon. All such payments shall be made to the Administrative Agent to the applicable account designated by the Administrative Agent to the Borrower, except that payments pursuant to Sections 2.05(e)(i), 2.12(b)(ii), 2.15, 2.16, 2.17 and 9.03 shall be made directly to the Person or Persons entitled thereto. The Administrative Agent shall distribute any such payments received by it for the account of any other Person to the appropriate recipient promptly following receipt thereof. Except as provided in Sections 2.19(b), 2.20 and 9.05(g), (i) each Borrowing, each payment or prepayment of principal of any Borrowing, each payment of interest on the Loans of a given Class and each conversion of any Borrowing to or continuation of any Borrowing as a Borrowing of any Type (and of the same Class) shall be allocated pro rata among the Lenders in accordance with their respective Applicable Percentages of the applicable Class, (ii) each payment or prepayment of Initial Term Loans shall be allocated pro rata among the Initial Term Lenders in accordance with their respective Initial Term Loan Applicable Percentages of the Initial Term Loans and (iii) each payment or prepayment of Second Amendment Incremental Term Loans shall be allocated pro rata among the Second Amendment Incremental Term Lenders in accordance with their respective Second Amendment Incremental Term Loan Applicable Percentages of the Second Amendment Incremental Term Loans. All payments (including accrued interest) hereunder shall be made in Dollars. Each Lender agrees that in computing such Lender's portion of any Borrowing to be made hereunder, the Administrative Agent may, in its discretion, round each Lender's percentage of such Borrowing to the next higher or lower whole Dollar amount. Any payment required to be made by the Administrative Agent hereunder shall be deemed to have been made by the time required if the Administrative Agent shall, at or before such time, have taken the necessary steps to make such payment in accordance with the regulations or operating procedures of the clearing or settlement system used by the Administrative Agent to make such payment.

110

(b) Subject in all respects to the provisions of the Closing Date Intercreditor Agreement and any other Acceptable Intercreditor Agreement, all proceeds of Collateral received by the Administrative Agent while an Event of Default exists and all or any portion of the Loans have been accelerated hereunder pursuant to Section 7.01 shall be applied first, to the payment of all costs, fees, indemnities and expenses then due that have been incurred by the Administrative Agent in connection with any collection, sale or realization on Collateral or otherwise in connection with this Agreement, any other Loan Document or any of the Secured Obligations, including all court costs and the fees and expenses of agents and legal counsel, the repayment of all advances made by the Administrative Agent hereunder or under any other Loan Document on behalf of any Loan Party and any other costs or expenses incurred in connection with the exercise of any right or remedy hereunder or under any other Loan Document, second, to payment in full of any Unfunded Advance/Participation (the amounts so applied to be distributed between or among, as applicable, the Administrative Agent and the Issuing Banks on a pro rata basis in accordance with the amount of such Unfunded Advance/Participation owed to them on the date of the relevant distribution), third, to pay any fees, indemnities or expense reimbursements then due to any Issuing Bank from the Borrower that constitute Secured Obligations, fourth, on a pro rata basis in accordance with the amounts of the Secured Obligations (other than contingent indemnification obligations for which no claim has yet been made) owed to the Secured Parties on the date of any such distribution, to the payment in full of the Secured Obligations (including, with respect to LC Exposure, an amount to be paid to the Administrative Agent equal to 100% of the LC Exposure (minus the amount then on deposit in the LC Collateral Account) on such date, to be held in the LC Collateral Account as Cash collateral for such Obligations); provided that if any Letter of Credit expires undrawn, then any Cash collateral held to secure the related LC Exposure shall be applied in accordance with this Section 2.18(b), beginning with clause first above, and fifth, after all Secured Obligations have been paid in full to, or at the direction of, the Borrower or as a court of competent jurisdiction may otherwise direct.

(c) If any Lender obtains payment (whether voluntary, involuntary, through the exercise of any right of set-off or otherwise) in respect of any principal of or interest on any of its Loans of any Class or participations in LC Disbursements or Swingline Loans held by it resulting in such Lender receiving payment of a greater proportion of the aggregate amount of its Loans of such Class and participations in LC Disbursements and Swingline Loans and accrued interest thereon than the proportion received by any other Lender with Loans of such Class and participations in LC Disbursements, then the Lender receiving such greater proportion shall purchase (for Cash at face value) participations in the Loans of such Class and sub-participations in LC Disbursements or Swingline Loans of other Lenders of such Class at such time outstanding to the extent necessary so that the benefit of all such payments shall be shared by the Lenders of such Class ratably in accordance with the aggregate amount of principal of and accrued interest on their respective Loans of such Class and participations in LC Disbursements or Swingline Loans; provided that (i) if any such participations are purchased and all or any portion of the payment giving rise thereto is recovered, such participations shall be rescinded and the purchase price restored to the extent of such recovery, without interest, and (ii) the provisions of this paragraph shall not apply to (A) any payment made by the Borrower pursuant to and in accordance with the express terms of this Agreement or (B) any payment obtained by any Lender as consideration for the assignment of or sale of a participation in any of its Loans to any permitted assignee or participant, including any payment made or deemed made in connection with Sections 2.22, 2.23, 9.02(c) and/or Section 9.05. The Borrower consents to the foregoing and agrees, to the extent it may effectively do so under applicable Requirements of Law, that any Lender acquiring a participation pursuant to the foregoing arrangements may exercise rights of set-off and counterclaim against the Borrower with respect to such participation as fully as if such Lender were a direct creditor of the Borrower in the amount of such participation. The Administrative Agent will keep records (which shall be conclusive and binding in the absence of manifest error) of participations purchased under this Section 2.18(c) and will, in each case, notify the Lenders following any such purchases or repayments. Each Lender that purchases a participation pursuant to this Section 2.18(c) shall, from and after the date of such purchase, have the right to give all notices, requests, demands, directions and other communications under this Agreement with respect to the portion of the Obligations purchased to the same extent as though the purchasing Lender were the original owner of the Obligations purchased.

111

(d) Unless the Administrative Agent has received notice from the Borrower prior to the date on which any payment is due to the Administrative Agent for the account of any Lender or any Issuing Bank hereunder that the Borrower will not make such payment, the Administrative Agent may assume that the Borrower has made such payment on such date in accordance herewith and may, in reliance upon such assumption, distribute to the applicable Lender or Issuing Bank the amount due. In such event, if the Borrower has not in fact made such payment, then each Lender or the applicable Issuing Bank severally agrees to repay to the Administrative Agent forthwith on demand the amount so distributed to such Lender or Issuing Bank with interest thereon, for each day from and including the date such amount is distributed to it to but excluding the date of payment to the Administrative Agent, at the greater of the Federal Funds Effective Rate in effect from time to time and a rate determined by the Administrative Agent in accordance with banking industry rules on interbank compensation.

(e) If any Lender fails to make any payment required to be made by it pursuant to Section 2.07(b) or Section 2.18(d), then the Administrative Agent may, in its discretion (notwithstanding any contrary provision hereof), apply any amounts thereafter received by the Administrative Agent for the account of such Lender to satisfy such Lender's obligations under such Sections until all such unsatisfied obligations are fully paid.

Section 2.19 Mitigation Obligations: Replacement of Lenders.

(a) If any Lender requests compensation under Section 2.15 or determines that it can no longer make or maintain Adjusted Term SOFR Loans pursuant to Section 2.20, or any Loan Party is required to pay any additional amount to or indemnify any Lender or any Governmental Authority for the account of any Lender pursuant to Section 2.17, then such Lender shall use reasonable efforts to designate a different lending office for funding or booking its Loans hereunder or its participation in any Letter of Credit affected by such event, or to assign its rights and obligations hereunder to another of its offices, branches or affiliates, if, in the reasonable judgment of such Lender, such designation or assignment (i) would eliminate or reduce amounts payable pursuant to Section 2.15 or 2.17, as applicable, in the future or mitigate the impact of Section 2.20, as the case may be, and (ii) would not subject such Lender to any unreimbursed out-of-pocket cost or expense and would not otherwise be disadvantageous to such Lender in any material respect. The Borrower in respect of the relevant obligations hereby agrees to pay all reasonable costs and expenses incurred by any Lender in connection with any such designation or assignment.

112

(b) If (i) any Lender requests compensation under Section 2.15 or determines that it can no longer make or maintain Adjusted Term SOFR Loans pursuant to Section 2.20, (ii) any Loan Party is required to pay any additional amount to or indemnify any Lender or any Governmental Authority for the account of any Lender pursuant to Section 2.17, (iii) any Lender is a Defaulting Lender or (iv) in connection with any proposed amendment, waiver or consent requiring the consent of "each Lender", "each Revolving Lender" or "each Lender directly affected thereby" (or any other Class or group of Lenders other than the Required Lenders and including, for the avoidance of doubt, in connection with any Extension Offer with respect to which a majority of the applicable Class of Lenders have agreed to extend the applicable Class of Loans) with respect to which Required Lender or Required Revolving Lender consent (or the consent of Lenders holding loans or commitments of such Class or lesser group representing more than 50% of the sum of the total loans and unused commitments of such Class or lesser group at such time) has been obtained, as applicable, any Lender is a non-consenting Lender (each such Lender described in this clause (iv), a "Non-Consenting Lender"), then the Borrower may, at its sole expense and effort, upon notice to such Lender and the Administrative Agent, (x) terminate the applicable Commitments of such Lender and repay all Obligations of the Borrower owing to such Lender relating to the applicable Loans and participations held by such Lender as of such termination date (provided that, if, after giving effect such termination and repayment, the aggregate amount of the Revolving Credit Exposure of any Class exceeds the aggregate amount of the Revolving Credit Commitments of such Class then in effect, then the Borrower shall, not later than the next Business Day, prepay one or more Revolving Loan Borrowings of the applicable Class (and, if no Revolving Loan Borrowings of such Class are outstanding, deposit Cash collateral in the LC Collateral Account) in an amount necessary to eliminate such excess) or (y) replace such Lender by requiring such Lender to assign and delegate (and such Lender shall be obligated to assign and delegate), without recourse (in accordance with and subject to the restrictions contained in Section 9.05), all of its interests, rights and obligations under this Agreement to an Eligible Assignee that assumes such obligations (which Eligible Assignee may be another Lender, if any Lender accepts such assignment); provided that (A) such Lender has received payment of an amount equal to the outstanding principal amount of its Loans and, if applicable, participations in LC Disbursements and Swingline Loans, in each case of such Class of Loans and/or Commitments, accrued interest thereon, accrued fees and all other amounts payable to it under any Loan Document with respect to such Class of Loans and/or Commitments, (B) in the case of any assignment resulting from a claim for compensation under Section 2.15 or payment required to be made pursuant to Section 2.17, such assignment would result in a reduction in such compensation or payment and (C) such assignment does not conflict with applicable Requirements of Law. No Lender (other than a Defaulting Lender) shall be required to make any such assignment and delegation, and the Borrower may not repay the Obligations of such Lender or terminate its Commitments, in each case if, prior thereto, as a result of a waiver by such Lender or otherwise, the circumstances entitling the Borrower to require such assignment and delegation cease to apply. Each Lender agrees that if it is replaced pursuant to this Section 2.19, it shall execute and deliver to the Administrative Agent an Assignment and Assumption to evidence such sale and purchase and shall deliver to the Administrative Agent any Promissory Note (if the assigning Lender's Loans are evidenced by one or more Promissory Notes) subject to such Assignment and Assumption (provided that the failure of any Lender replaced pursuant to this Section 2.19 to execute an Assignment and Assumption or deliver any such Promissory Note shall not render such sale and purchase (or the corresponding assignment) invalid), such assignment shall be recorded in the Register and any such Promissory Note shall be deemed cancelled. In connection with any replacement under this Section 2.20, if the replaced Lender does not execute and deliver to the Administrative Agent a duly executed Assignment and Assumption by the time all Obligations of the Borrower owing to such Lender have been paid in full to such replaced Lender, then such replaced Lender shall be deemed to have executed and delivered such Assignment and Assumption. To the extent that any Lender is replaced pursuant to Section 2.19(b)(iv) in connection with a Repricing Transaction requiring payment of a fee pursuant to Section 2.12(e), the Borrower shall pay the fee set forth in Section 2.12(e) to each Lender being replaced as a result of such Repricing Transaction.

Section 2.20 Illegality.

(a) If any Lender reasonably determines that any Change in Law has made it unlawful, or that any Governmental Authority has asserted after the Closing Date that it is unlawful, for such Lender or its applicable lending office to make, maintain or fund Loans whose interest is determined by reference to Term SOFR or to determine or charge interest rates based upon Term SOFR, or any Governmental Authority has imposed material restrictions on the authority of such Lender to purchase or sell, or to take deposits of, Dollars, then, upon notice thereof by such Lender to the Borrower through the Administrative Agent:

113

(i) any obligation of such Lender to make or continue Adjusted Term SOFR Loans in the affected currency or currencies or to convert ABR Loans to Adjusted Term SOFR Loans shall be suspended,

(ii) if such notice asserts the illegality of such Lender making or maintaining ABR Loans the interest rate on which is determined by reference to the Term SOFR component of the Alternate Base Rate, the interest rate on such Lender's ABR Loans shall, if necessary to avoid such illegality, be determined by the Administrative Agent without reference to the Term SOFR component of the Alternate Base Rate in each case until such Lender notifies the Administrative Agent and the Borrower that the circumstances giving rise to such determination no longer exist (which notice such Lender agrees to give promptly),

(iii) the Borrower shall, upon demand from such Lender (with a copy to the Administrative Agent), prepay or convert all of such Lender's Adjusted Term SOFR Loans to ABR Loans (the interest rate on which ABR Loans of such Lender shall, if necessary to avoid such illegality, be determined by the Administrative Agent without reference to the Term SOFR component of the Alternate Base Rate), either on the last day of the Interest Period therefor, if such Lender may lawfully continue to maintain such Adjusted Term SOFR Loans to such day, or immediately, if such Lender may not lawfully continue to maintain such Adjusted Term SOFR Loans (in which case the Borrower shall not be required to make payments pursuant to Section 2.16 in connection with such payment), and

(iv) if such notice asserts the illegality of such Lender determining or charging interest rates based upon Term SOFR, the Administrative Agent shall during the period of such suspension compute the Alternate Base Rate applicable to such Lender without reference to Term SOFR component thereof, as applicable, until the Administrative Agent is advised in writing by such Lender that it is no longer illegal for such Lender to determine or charge interest rates based upon Term SOFR.

(b) Upon any such prepayment or conversion, the Borrower shall also pay accrued interest on the amount so prepaid or converted.

(c) Each Lender agrees to designate a different lending office if such designation will avoid the need for such notice and will not, in the determination of such Lender, otherwise be materially disadvantageous to such Lender.

Section 2.21 Defaulting Lenders. Notwithstanding any provision of this Agreement to the contrary, if any Lender becomes a Defaulting Lender, then the following provisions shall apply for so long as such Lender is a Defaulting Lender:

(a) Fees shall cease to accrue on the unfunded portion of any Commitment of such Defaulting Lender pursuant to Section 2.12(a) and, subject to clause (d)(iv) below, on the participation of such Defaulting Lender in Letters of Credit pursuant to Section 2.12(b) and pursuant to any other provisions of this Agreement or other

(b) The Commitments and the Revolving Credit Exposure of such Defaulting Lender shall not be included in determining whether all Lenders, each affected Lender, the Required Lenders, the Required Revolving Lenders or such other number of Lenders as may be required hereby or under any other Loan Document have taken or may take any action hereunder (including any consent to any waiver, amendment or modification pursuant to Section 9.02); provided that any waiver, amendment or modification requiring the consent of all Lenders or each affected Lender which affects such Defaulting Lender disproportionately and adversely relative to other affected Lenders shall require the consent of such Defaulting Lender.

(c) Any payment of principal, interest, fees or other amounts received by the Administrative Agent for the account of any Defaulting Lender (whether voluntary or mandatory, at maturity, pursuant to Section 2.11, Section 2.15, Section 2.16, Section 2.17, Section 2.18, Article VII, Section 9.05 or otherwise, and including any amounts made available to the Administrative Agent by such Defaulting Lender pursuant to Section 9.09), shall be applied at such time or times as may be determined by the Administrative Agent and, where relevant, the Borrower as follows: first, to the payment of any amounts owing by such Defaulting Lender to the Administrative Agent hereunder; second, to the payment on a pro rata basis of any amounts owing by such Defaulting Lender to any applicable Issuing Bank or Swingline Lender hereunder; third, if so reasonably determined by the Administrative Agent or reasonably requested by the applicable Issuing Bank, to be held as Cash collateral for future funding obligations of such Defaulting Lender in respect of any participation in any Letter of Credit; fourth, so long as no Default or Event of Default exists, as the Borrower may request, to the funding of any Loan in respect of which such Defaulting Lender has failed to fund its portion thereof as required by this Agreement; fifth, as the Administrative Agent or the Borrower may elect, to be held in a deposit account and released in order to satisfy obligations of such Defaulting Lender to fund Loans under this Agreement; sixth, to the payment of any amounts owing to the non-Defaulting Lenders or Issuing Banks or Swingline Lender as a result of any judgment of a court of competent jurisdiction obtained by any non-Defaulting Lender or any Issuing Bank or Swingline Lender against such Defaulting Lender as a result of such Defaulting Lender's breach of its obligations under this Agreement; seventh, to the payment of any amounts owing to the Borrower as a result of any judgment of a court of competent jurisdiction obtained by the Borrower against such Defaulting Lender as a result of such Defaulting Lender's breach of its obligations under this Agreement; and eighth, to such Defaulting Lender or as otherwise directed by a court of competent jurisdiction; provided that if (x) such payment is a payment of the principal amount of any Loan or LC Exposure in respect of which such Defaulting Lender has not fully funded its appropriate share and (y) such Loan or LC Exposure was made or created, as applicable, at a time when the conditions set forth in Section 4.02 were satisfied or waived, such payment shall be applied solely to pay the Loans of, and LC Exposure owed to, all non-Defaulting Lenders on a pro rata basis prior to being applied to the payment of any Loans of, or LC Exposure owed to, such Defaulting Lender. Any payments, prepayments or other amounts paid or payable to any Defaulting Lender that are applied (or held) to pay amounts owed by any Defaulting Lender or to post Cash collateral pursuant to this Section 2.21(c) shall be deemed paid to and redirected by such Defaulting Lender, and each Lender irrevocably consents hereto.

(d) If any LC Exposure or Swingline Exposure exists at the time any Lender becomes a Defaulting Lender then:

(i) the LC Exposure and Swingline Exposure of such Defaulting Lender shall be reallocated among the non-Defaulting Revolving Lenders in accordance with their respective Applicable Revolving Credit Percentages but only to the extent that (A) the sum of the Revolving Credit Exposures of all non-Defaulting Lenders attributable to the Revolving Credit Commitments of any Class does not exceed the total of the Revolving Credit Commitments of all non-Defaulting Revolving Lenders of such Class and (B) the Revolving Credit Exposure of any non-Defaulting Lender that is attributable to its Revolving Credit Commitment of such Class does not exceed such non-Defaulting Lender's Revolving Credit Commitment of such Class;

(ii) if the reallocation described in clause (i) above cannot, or can only partially, be effected, the Borrower shall, without prejudice to any other right or remedy available to it hereunder or under applicable Requirements of Law, within two (2) Business Days following notice by the Administrative Agent, Cash collateralize 100% of such Defaulting Lender's LC Exposure (after giving effect to any partial reallocation pursuant to paragraph (i) above and any Cash collateral provided by such Defaulting Lender or pursuant to Section 2.21(c) above) or make other arrangements reasonably satisfactory to the Administrative Agent and to the applicable Issuing Bank with respect to such LC Exposure and obligations to fund participations. Cash collateral (or the appropriate portion thereof) provided to reduce LC Exposure or other obligations shall be released promptly following (A) the elimination of the applicable LC Exposure or other obligations giving rise thereto (including by the termination of the Defaulting Lender status of the applicable Lender (or, as appropriate, its assignee following compliance with Section 2.19) or (B) the Administrative Agent's good faith determination that there exists excess Cash collateral (including as a result of any subsequent reallocation of LC Exposure among non-Defaulting Lenders described in clause (i) above);

(iii) (A) if the LC Exposure of the non-Defaulting Lenders is reallocated pursuant to this Section 2.21(d), then the fees payable to the Revolving Lenders pursuant to Sections 2.12(a) and (b), as the case may be, shall be adjusted to give effect to such reallocation and (B) if the LC Exposure of any Defaulting Lender is Cash collateralized pursuant to this Section 2.21(d), then, without prejudice to any rights or remedies of the applicable Issuing Bank, any Revolving Lender or the Borrower hereunder, no letter of credit fees shall be payable under Section 2.12(b) with respect to such Defaulting Lender's LC Exposure; and

(iv) if any Defaulting Lender's LC Exposure is not Cash collateralized, prepaid or reallocated pursuant to this Section 2.21(d), then, without prejudice to any rights or remedies of the applicable Issuing Bank, any Revolving Lender or the Borrower hereunder, all letter of credit fees payable under Section 2.12(b) with respect to such Defaulting Lender's LC Exposure shall be payable to the applicable Issuing Bank until such Defaulting Lender's LC Exposure is Cash collateralized or reallocated.

(e) So long as any Revolving Lender is a Defaulting Lender, (i) no Issuing Bank shall be required to issue, extend, create, incur, amend or increase any Letter of Credit unless it is reasonably satisfied that the related exposure will be 100% covered by the Revolving Credit Commitments of the non-Defaulting Lenders, Cash collateral provided pursuant to Section 2.21(c) and/or Cash collateral provided in accordance with Section 2.21(d), and participating interests in any such or newly issued, extended or created Letter of Credit shall be allocated among non-Defaulting Revolving Lenders in a manner consistent with Section 2.21(d)(i) (it being understood that Defaulting Lenders shall not participate therein) and (ii) no Swingline Lender shall be required to make any Swingline Loans unless it is reasonably satisfied that the related exposure will be 100% covered by the Revolving Credit Commitments of the non-Defaulting Lenders.

(f) In the event that the Administrative Agent and the Borrower agree that any Defaulting Lender has adequately remedied all matters that caused such Lender to be a Defaulting Lender, then the Applicable Revolving Credit Percentage of LC Exposure and Swingline Exposure of the Revolving Lenders shall be readjusted to reflect the inclusion of such Lender's Revolving Credit Commitment, and on such date such Revolving Lender shall purchase at par such of the Revolving Loans of the applicable Class of the other Revolving Lenders or participations in Revolving Loans of the applicable Class as the Administrative Agent determine as necessary in order for such Revolving Lender to hold such Revolving Loans or participations in accordance with its Applicable Percentage of the applicable Class or its Applicable Revolving Credit Percentage, as applicable. Notwithstanding the fact that any Defaulting Lender has adequately remedied all matters that caused such Lender to be a Defaulting Lender, (x) no adjustments will be made retroactively with respect to fees accrued or payments made by or on behalf of the Borrower while such Lender was a Defaulting Lender and (y) except to the extent otherwise expressly agreed by the affected parties, no change hereunder from "Defaulting Lender" to "Lender" will constitute a waiver or release of any claim of any party hereunder arising from such Lender's having been a Defaulting Lender.

Section 2.22 Incremental Credit Extensions.

(a) The Borrower may, at any time after the Closing Date, on one or more occasions pursuant to an Incremental Facility Agreement, (i) add one or more new tranches of term facilities (each new tranche, a "New Incremental Term Facility") and/or increase the principal amount of the Term Loans of any existing Class by requesting new commitments to provide such Term Loans (each increase, an "Incremental Increase Facility"; together with any New Incremental Term Facility, "Incremental Term Facilities" and any loans made pursuant to an Incremental Term Facilities, "Incremental Term Loans") and/or (ii) add one or more new tranches of Incremental Revolving Commitments (each new tranche, a "New Incremental Revolving Facility") and/or increase the aggregate amount of the Revolving Credit Commitments of any existing Class (each increase, a "Revolving Commitment Increase"; together with any New Incremental Revolving Facility, "Incremental Revolving Facilities" and, together with any Incremental Term Facility, "Incremental Facilities"; and the loans thereunder, "Incremental Revolving Loans" and any Incremental Revolving Loans, together with any Incremental Term Loans, "Incremental

Loans") in an aggregate outstanding principal amount not to exceed the Incremental Cap; provided that:

- (i) unless the Administrative Agent otherwise agrees, no Incremental Facility may be less than \$1,000,000,
- (ii) except as the Borrower and any Lender may separately agree, no Lender shall be obligated to provide any Incremental Commitment, and the determination to provide such commitments shall be within the sole and absolute discretion of such Lender,
- (iii) no Incremental Facility or Incremental Loan (nor the creation, provision or implementation thereof) shall require the approval of any existing Lender other than in its capacity, if any, as a lender providing all or part of any Incremental Commitment or Incremental Loan,
- (iv) except as otherwise permitted herein (including as provided in clause (xii) below), (A) the terms of any Incremental Term Facility (other than any terms which are applicable only after the Latest Term Loan Maturity Date) must be substantially consistent with those applicable to any then-existing Class of Term Loans or otherwise, at the option of the Borrower, either (I) reflect, in the good faith determination of the Borrower, market terms and conditions (taken as a whole) at the time of incurrence of such Incremental Term Facility or (II) be reasonably acceptable to the Administrative Agent and (B) the terms of any Incremental Revolving Facility (other than any terms which are applicable only after the then-existing Latest Revolving Credit Maturity Date) must be substantially consistent with those applicable to any then-existing Revolving Facility or otherwise, at the option of the Borrower, either (I) reflect, in the good faith determination of the Borrower, market terms and conditions (taken as a whole) at the time of incurrence of such Incremental Revolving Facility or (II) be reasonably acceptable to the Administrative Agent (it being understood that to the extent that any financial maintenance covenant or other term is added for the benefit of (A) any Incremental Term Facility, no consent shall be required from the Administrative Agent or any Lender to the extent that such financial maintenance covenant or other term is also added for the benefit of all Classes of Loans or (B) any Incremental Revolving Facility, no consent shall be required from the Administrative Agent or any Lender to the extent that such financial maintenance covenant or other term is also added for the benefit of each then-existing Revolving Facility),

117

(v) the Effective Yield (and the components thereof, including interest rate margins, rate floors, fees, premiums and funding discounts), currency types and denominations and any "MFN" terms or prepayment premiums applicable to any Incremental Facility may be determined by the Borrower and the lender or lenders providing such Incremental Facility; provided that (A) in the case of any Incremental Term Facility that is secured by the Collateral on a pari passu basis with the Secured Obligations and incurred prior to the date that is 18 months following the Closing Date (other than, at the option of the Borrower, any Incremental Term Facility that, (I) is incurred to finance a Permitted Acquisition, Investment or similar transaction and/or (II) do not fall within clause (I) above in an aggregate amount not exceeding the greater of \$149,000,000 and 100.0% of Consolidated Adjusted EBITDA for the most recently ended Test Period), the Effective Yield applicable thereto may not be more than 0.50% higher than the Effective Yield applicable to the Initial Term Loans or the Second Amendment Incremental Term Loans unless the Applicable Rate with respect to the Initial Term Loans or the Second Amendment Incremental Term Loans, as applicable, is adjusted to the extent necessary to be equal to the Effective Yield with respect to such Incremental Facility, minus 0.50%, and (B) the Applicable Rate for any Incremental Increase Facility shall be (x) the Applicable Rate for the Class being increased in connection therewith or (y) higher than the Applicable Rate for the Class being increased as long as the Applicable Rate for the Class being increased is automatically increased as and to the extent necessary to eliminate the deficiency,

(vi) the maturity date of any Incremental Facility may be determined by the Borrower and the lender or lenders providing such Incremental Facility; provided that except with respect to customary prepayment terms in connection with customary escrow arrangements, (A) the final maturity date with respect to any Incremental Term Loans shall be no earlier than the Initial Term Loan Maturity Date and (B) no Incremental Revolving Facility may have a final maturity date earlier than (or require scheduled amortization or mandatory commitment reductions prior to) the Initial Revolving Credit Maturity Date; provided that, at the option of the Borrower, (A) Incremental Facilities constituting Customary Bridge Loans and (B) Incremental Facilities incurred in the form of Term A Loans, in the case of each of clauses (A) and (B), may be incurred without regard to this clause (vi).

(vii) the amortization schedule for any Incremental Term Facility may be determined by the Borrower and the lender or lenders providing such Incremental Facility; provided that except with respect to customary prepayment terms in connection with customary escrow arrangements, the Weighted Average Life to Maturity of any Incremental Term Facility shall be no shorter than the remaining Weighted Average Life to Maturity of the Initial Term Loans (without giving effect to any prepayments thereof); provided that, at the option of the Borrower, (A) Incremental Term Facilities constituting Customary Bridge Loans and (B) Incremental Facilities in the form of Term A Loans, in the case of each of clauses (A) and (B), may be incurred without regard to this clause (vii).

118

(viii) (A) any Incremental Term Facility or Incremental Revolving Facility shall be secured by a Lien on the Collateral that is pari passu with the Lien securing the Secured Obligations and (B) no Incremental Facility shall be (x) guaranteed by any Person other than a Loan Guarantor or (y) secured by any assets other than the Collateral,

(ix) any mandatory prepayment (other than any scheduled amortization payment) of Incremental Term Loans shall be made on a pro rata basis with all then-existing Term Loans, except that the Borrower and the lenders providing the relevant Incremental Term Loans shall be permitted, in their sole discretion, to elect to prepay or receive, as applicable, any such mandatory prepayment on a less than pro rata basis (but not on a greater than pro rata basis),

(x) no Event of Default then exists (except in the case of the incurrence or provision of any Incremental Facility in connection with a Permitted Acquisition, Investment or similar transaction not prohibited by the terms of this Agreement or any Limited Condition Transaction, in which case, no Specified Event of Default then exists or would exist after giving effect thereto),

(xi) the proceeds of any Incremental Revolving Facility and/or any Incremental Term Facility may be used by the Borrower and its subsidiaries for working capital and other general corporate purposes, including the financing of Permitted Acquisitions and other Investments and any other use not prohibited by this Agreement,

(xii) (A) any Incremental Increase Facility shall be on the same terms (including maturity date and interest rates) and pursuant to the same documentation (other than the relevant Incremental Facility Agreement) applicable to such Class of Term Loans, and (B) any Revolving Commitment Increase (x) shall be on the same terms (including maturity date and interest rates (except (I) if required to consummate such Revolving Commitment Increase, any increase in interest rates, rate floors and undrawn fees that is provided to all Lenders for such Class of Revolving Credit Commitments), but excluding upfront fees or similar fees) and pursuant to the same documentation (other than the relevant Incremental Facility Agreement) applicable to such Class of Revolving Credit Commitments and (y) shall not require any scheduled amortization or mandatory commitment reduction prior to the Maturity Date with respect to such Class of Revolving Credit Commitments, and

(xiii) on the date of the Borrowing of any Incremental Term Loans that will be of the same Class as any then-existing Class of Term Loans, and notwithstanding anything to the contrary set forth in Section 2.08 or 2.13, such Incremental Term Loans shall be added to (and constitute a part of, be of the same Type as and, at the election of the Borrower, have the same Interest Period as) each Borrowing of outstanding Term Loans of such Class on a pro rata basis (based on the relative sizes of such Borrowings), so that each Term Lender providing such Incremental Term Loans will participate proportionately in each then-outstanding Borrowing of Term Loans of such Class; it being acknowledged that the application of this clause (a)(xiii) may result in new Incremental Term Loans having Interest Periods (the duration of which may be less than one month) that begin during an Interest Period then applicable to outstanding Adjusted Term SOFR Loans of the relevant Class and that end on the last day of such Interest Period.

119

(b) Incremental Commitments may be provided by any existing Lender, or by any other Eligible Assignee (any such other lender being called an " Additional Lender"); provided that the Administrative Agent (and, in the case of any Incremental Revolving Facility, any Issuing Bank and Swingline Lender) shall have a right to consent (such consent not to be unreasonably withheld) to the relevant Additional Lender's provision of Incremental Commitments if such consent would be required under Section 9.05(b) for an assignment of Loans to such Additional Lender; provided, further, that any Additional Lender that is an Affiliated Lender shall be subject to the provisions of Section 9.05(g), *mutatis mutandis*, to the same extent as if the relevant Incremental Commitments and related Obligations had been acquired by such Lender by way of assignment.

(c) Each Lender or Additional Lender providing a portion of any Incremental Commitment shall execute and deliver to the Administrative Agent and the Borrower all such documentation (including the relevant Incremental Facility Agreement) as may be reasonably required by the Administrative Agent to evidence and effectuate such Incremental Commitment. On the effective date of such Incremental Commitment, each Additional Lender shall become a Lender for all purposes in connection with this Agreement.

(d) As conditions precedent to the effectiveness of any Incremental Facility or the making of any Incremental Loans, (i) upon its request, the Administrative Agent shall be entitled to receive customary written opinions of counsel, as well as such solvency certificates, reaffirmation agreements, supplements and/or amendments as it shall reasonably require, (ii) the Administrative Agent shall be entitled to receive, from each Additional Lender, (1) an administrative questionnaire, in the form provided to such Additional Lender by the Administrative Agent (the "Administrative Questionnaire"), and (2) such other documents as it shall reasonably require from such Additional Lender, (iii) the Administrative Agent and the relevant Additional Lenders shall be entitled to receive all fees required to be paid in respect of such Incremental Facility or Incremental Loans, (iv) subject to Section 2.22(a)(x), the Administrative Agent shall have received a Borrowing Request as if the relevant Incremental Loans were subject to Section 2.03 or another written request the form of which is reasonably acceptable to the Administrative Agent (it being understood and agreed that the requirement to deliver a Borrowing Request shall not, unless agreed by the Borrower, result in the imposition of any additional condition precedent to the availability of the relevant Incremental Loans) and (v) the Administrative Agent shall be entitled to receive a certificate of the Borrower signed by a Responsible Officer thereof:

(A) certifying and attaching a copy of the resolutions adopted by the governing body of the Borrower approving or consenting to such Incremental Facility or Incremental Loans, and

(B) to the extent applicable, certifying that the condition set forth in clause (a)(x) above has been satisfied.

(e) Upon the implementation of any Incremental Revolving Facility pursuant to this Section 2.22:

(i) if such Incremental Revolving Facility establishes Revolving Credit Commitments of the same Class as any then-existing Class of Revolving Credit Commitments, (A) each Revolving Lender immediately prior to such increase will automatically and without further act be deemed to have assigned to each relevant Incremental Revolving Facility Lender, and each relevant Incremental Revolving Facility Lender will automatically and without further act be deemed to have assumed a portion of such Revolving Lender's participations hereunder in outstanding Letters of Credit such that, after giving effect to each deemed assignment and assumption of participations, all of the Revolving Lenders' (including each Incremental Revolving Facility Lender's) participations hereunder in Letters of Credit shall be held ratably on the basis of their respective Revolving Credit Commitments (after giving effect to any increase in the Revolving Credit Commitment pursuant to this Section 2.22) and (B) the existing Revolving Lenders of the applicable Class shall assign Revolving Loans to certain other Revolving Lenders of such Class (including the Revolving Lenders providing the relevant Incremental Revolving Facility), and such other Revolving Lenders (including the Revolving Lenders providing the relevant Incremental Revolving Facility) shall purchase such Revolving Loans, in each case to the extent necessary so that all of the Revolving Lenders of such Class participate in each outstanding Borrowing of Revolving Loans pro rata on the basis of their respective Revolving Credit Commitments of such Class (after giving effect to any increase in the Revolving Credit Commitment pursuant to this Section 2.22); it being understood and agreed that the minimum borrowing, pro rata borrowing and pro rata payment requirements contained elsewhere in this Agreement shall not apply to the transactions effected pursuant to this clause (i); and

120

(ii) if such Incremental Revolving Facility establishes a New Incremental Revolving Facility, then (A) the borrowing and repayment (except (x) payments of interest and fees at different rates on the Revolving Facilities (and related outstandings), (y) repayments required on the Maturity Date of any Revolving Facility and (z) as provided in clause (C) below) of Revolving Loans with respect to any Revolving Facility after the effective date of such Incremental Revolving Facility shall be made on a pro rata basis with all other Revolving Facilities, (B) all Letters of Credit and Swingline Loans shall be participated on a pro rata basis by all Revolving Lenders and (C) unless the relevant Additional Lenders elect payments and/or Commitment reductions on a less-than-pro rata basis, any permanent repayment of Revolving Loans with respect to, and reduction and termination of Revolving Credit Commitments under, any Revolving Facility after the effective date of such Incremental Revolving Facility shall be made on a pro rata basis with all other Revolving Facilities.

(f) On the date of effectiveness of any Incremental Revolving Facility, the maximum amount of LC Exposure permitted hereunder shall increase by an amount, if any, agreed upon by Administrative Agent, the relevant Issuing Bank and the Borrower.

(g) The Lenders hereby irrevocably authorize the Administrative Agent to enter into any Incremental Facility Agreement and/or any amendment to any other Loan Document as may be necessary in order to establish new Classes or sub-Classes in respect of Loans or commitments pursuant to this Section 2.22 and such technical amendments as may be necessary or appropriate in the reasonable opinion of the Administrative Agent and the Borrower in connection with the establishment of such new Classes or sub-Classes, in each case on terms consistent with this Section 2.22.

(h) This Section 2.22 shall supersede any provision in Section 2.18 or 9.02 to the contrary.

Section 2.23 Extensions of Loans and Revolving Commitments.

(a) Notwithstanding anything to the contrary in this Agreement, pursuant to one or more offers (each, an "Extension Offer") made from time to time by the Borrower to all Lenders holding Loans of the Borrower of any Class or Commitments with respect to any Class, in each case on a pro rata basis (based on the aggregate outstanding principal amount of the respective Loans or Commitments of such Class) and on the same terms to each such Lender, the Borrower is hereby permitted to consummate transactions with any individual Lender who accepts the terms contained in the relevant Extension Offer to extend the Maturity Date of such Lender's Loans and/or Commitments of such Class and/or otherwise modify the terms of such Loans and/or Commitments pursuant to the terms of the relevant Extension Offer (including by increasing the interest rate or fees payable (or adding other pricing terms, including premiums, discounts, MFN terms or rate floors) in respect of such Loans and/or Commitments (and related outstandings) and/or modifying the amortization schedule, if any, in respect of such Loans) (each, an "Extension"), so long as the following terms are satisfied:

121

(i) except as to (A) interest rates, fees and other pricing terms (including rate floors, premiums, discounts and any MFN terms) and final maturity (which shall, subject to immediately succeeding clause (iii), be determined by the Borrower and any Lender who agrees to an Extension of its Revolving Credit Commitments and set forth in the relevant Extension Offer) and (B) covenants or other provisions applicable only to periods after the Latest Maturity Date (in each case, as of the date of such Extension), the Revolving Credit Commitment of any Lender who agrees to an extension with respect to such Commitment (an "Extended Revolving Credit Commitment"; and the Loans thereunder, "Extended Revolving Loans"), and the related outstandings, shall constitute a revolving commitment (or related outstandings, as the case may be) with the same terms (or terms not more favorable to extending Lenders) as the Class of Revolving Credit Commitments subject to the relevant Extension Offer (and related outstandings) provided hereunder; provided that to the extent more than one Revolving Facility exists after giving effect to any such Extension, (x) the borrowing and repayment (except for (1) payments of interest and fees at different rates on the Revolving Facilities (and related outstandings), (2) repayments required upon the Maturity Date of any Revolving Facility and (3) as provided in clause (z) below) of Revolving Loans with respect to any Revolving Facility after the effective date of such Extended Revolving Credit Commitments shall be made on a pro rata basis with all other Revolving Facilities, (y) all Letters of Credit and Swingline Loans shall be participated on a pro rata basis by all Revolving Lenders and (z) unless the relevant Lenders elect payments and/or Commitment reductions on a less-than-pro rata basis, any permanent repayment of Revolving Loans with respect to, and reduction and termination of Revolving Credit Commitments under, any Revolving Facility after the effective date of such Extended Revolving Credit Commitment shall be made on a pro rata basis with all other Revolving Facilities; provided, further, that any representations and warranties, affirmative and negative covenants (including financial covenants) and events of default applicable to such Class of Extended Revolving Credit Commitments Loans that also expressly apply to (and for the benefit of) the Class of Revolving Credit Commitments subject to the Extension Offer and each other Class of Revolving Credit Commitments hereunder may be more favorable to the lenders of the applicable Class of Extended Revolving Credit Commitments than those originally applicable to the Class of Revolving Credit Commitments subject to the Extension Offer

(ii) except as to (A) interest rates, fees, other pricing terms (including rate, discounts, floors and MFN terms), amortization, final maturity date, premiums, required prepayment dates and participation in prepayments (which shall, subject to immediately succeeding clauses (iii), (iv) and (v), be determined by the Borrower and any Lender who agrees to an Extension of its Term Loans and set forth in the relevant Extension Offer) and (B) covenants or other provisions applicable only to periods after the Latest Maturity Date (in each case, as of the date of such Extension), the Term Loans of any Lender extended pursuant to any Extension (any such extended Term Loans, the "Extended Term Loans") shall have the same terms (or terms not more favorable to extending Lenders) as the Class of Term Loans subject to the relevant Extension Offer; provided, however, that any representations and warranties, affirmative and negative covenants (including financial covenants) and events of default applicable to such Class of Extended Term Loans that also expressly apply to (and for the benefit of) the Class of Term Loans subject to the Extension Offer and each other Class of Term Loans hereunder may be more favorable to the lenders of the applicable Class of Extended Term Loans than those originally applicable to the

Class of Term Loans subject to the Extension Offer;

(iii) (x) the final Maturity Date of any Class of Extended Term Loans may be no earlier than the Maturity Date of the Class of Term Loans subject to such Extension at the time of Extension and (y) no Class of Extended Revolving Credit Commitments or Extended Revolving Loans may have a final Maturity Date earlier than (or require commitment reductions prior to) the Latest Maturity Date applicable to any then-existing Revolving Facility;

122

(iv) the Weighted Average Life to Maturity of any Class of Extended Term Loans shall be no shorter than the remaining Weighted Average Life to Maturity of the Class of Term Loans subject to such Extension; provided that, at the option of the Borrower, Extended Term Loans in an aggregate principal amount up to the available Maturity/Weighted Average Life Excluded Amount may be incurred without regard to this clause (iv);

(v) any Class of Extended Term Loans may participate on a pro rata basis or a less than pro rata basis (but not greater than a pro rata basis) in any mandatory prepayment (but, for purposes of clarity, not scheduled amortization payments) in respect of the Term Loans, in each case as specified in the relevant Extension Offer;

(vi) if the aggregate principal amount of Loans or Commitments, as the case may be, in respect of which Lenders have accepted the relevant Extension Offer exceeds the maximum aggregate principal amount of Loans or Commitments, as the case may be, offered to be extended by the Borrower pursuant to such Extension Offer, then the Loans or Commitments, as the case may be, of such Lenders shall be extended ratably up to such maximum amount based on the respective principal amounts (but not to exceed the applicable Lender's actual holdings of record) with respect to which such Lenders have accepted such Extension Offer;

(vii) unless the Administrative Agent otherwise agrees, each Extension shall be in a minimum amount of \$1,000,000;

(viii) any applicable Minimum Extension Condition must be satisfied or waived by the Borrower;

(ix) any documentation in respect of any Extension shall be consistent with the foregoing;

(x) no Extension of any Revolving Facility shall be effective as to the obligations of any Issuing Bank with respect to Letters of Credit without the consent of such Issuing Bank (such consent not to be unreasonably withheld or delayed) (and, in the absence of such consent, all references herein to Latest Revolving Credit Maturity Date shall be determined, when used in reference to such Issuing Bank, as applicable, without giving effect to such Extension); and

(xi) no Extension of any Revolving Facility shall be effective as to the obligations of any Swingline Lender without the consent of such Swingline Lender (such consent not to be unreasonably withheld or delayed) (and, in the absence of such consent, all references herein to Latest Revolving Credit Maturity Date shall be determined, when used in reference to such Swingline Lender's Swingline Commitment, as applicable, without giving effect to such Extension).

(b) (i) No Extension consummated in reliance on this Section 2.23 shall constitute a voluntary or mandatory prepayment for purposes of Section 2.11, (ii) the scheduled amortization payments (insofar as such schedule affects payments due to Lenders participating in the relevant Class) set forth in Section 2.10 shall be adjusted to give effect to any Extension of any Class of Loans and/or Commitments and (iii) except as set forth in clause (a)(vii) above, no Extension Offer is required to be in any minimum amount or any minimum increment; provided that the Borrower may at its election specify as a condition (a "Minimum Extension Condition") to the consummation of any Extension that a minimum amount (to be specified in the relevant Extension Offer in the Borrower's sole discretion) of Loans or Commitments (as applicable) of any or all applicable tranches be extended; it being understood that the Borrower may, in its sole discretion, waive any such Minimum Extension Condition. The Administrative Agent and the Lenders hereby consent to the transactions contemplated by this Section 2.23 (including, for the avoidance of doubt, the payment of any interest, fees or premium in respect of any Extended Term Loans and/or Extended Revolving Credit Commitments on such terms as may be set forth in the relevant Extension Offer) and hereby waive the requirements of any provision of this Agreement (including Sections 2.10, 2.11 and/or 2.18) or any other Loan Document that may otherwise prohibit any such Extension or any other transaction contemplated by this Section.

123

(c) Subject to any consent required in Section 2.23(a)(x), no consent of any Lender or the Administrative Agent shall be required to effectuate any Extension, other than the consent of each Lender agreeing to such Extension with respect to one or more of its Loans and/or Commitments of any Class (or a portion thereof). All Extended Term Loans and Extended Revolving Credit Commitments and all obligations in respect thereof shall constitute Secured Obligations under this Agreement and the other Loan Documents that are secured by the Collateral and guaranteed on a pari passu basis with all other applicable Secured Obligations under this Agreement and the other Loan Documents. The Lenders hereby irrevocably authorize the Administrative Agent to enter into any Extension Amendment and any amendment to any of the other Loan Documents with the Loan Parties as may be necessary in order to establish new Classes or sub-Classes in respect of Loans or Commitments so extended and such technical amendments as may be necessary or appropriate in the reasonable opinion of the Administrative Agent and the Borrower in connection with the establishment of such new Classes or sub-Classes, in each case on terms consistent with this Section 2.23.

(d) In connection with any Extension, the Borrower shall provide the Administrative Agent at least five Business Days' (or such shorter period as may be agreed by the Administrative Agent) prior written notice thereof, and shall agree to such procedures (including regarding timing, rounding and other adjustments and to ensure reasonable administrative management of the credit facilities hereunder after such Extension (including mechanics to permit conversions, cashless rollovers and exchanges by Lenders and other repayments and reborrowings of Loans of Lenders agreeing to such Extension or non-accepting Lenders replaced or repaid in accordance with this Section 2.23)), if any, as may be established by, or acceptable to, the Administrative Agent, in each case acting reasonably to accomplish the purposes of this Section 2.23.

(e) Any Extended Term Loan and/or Extended Revolving Credit Commitment shall be established pursuant to an Extension Amendment, which shall be consistent with the provisions set forth in this Section 2.23. As conditions precedent to the effectiveness of any Extension Amendment, (i) upon its request, the Administrative Agent shall be entitled to receive customary written opinions of counsel, as well as such reaffirmation agreements, supplements and/or amendments as it shall reasonably require, (ii) the Administrative Agent and the relevant Lenders shall be entitled to receive all fees required to be paid in respect of such Extension Amendment and (iii) the Administrative Agent shall be entitled to receive a certificate of the Borrower signed by a Responsible Officer thereof certifying and attaching a copy of the resolutions adopted by the governing body of the Borrower approving or consenting to such Extension Amendment (and the Extended Term Loans and/or Extended Revolving Credit Commitments borrowed or implemented thereunder).

(f) This Section 2.23 shall supersede any provision in Sections 2.11, 2.18 or 9.02 to the contrary.

124

If, on the last day of any Test Period, the Revolving Facility Test Condition is then satisfied (it being understood and agreed that this Section 6.12(a) shall not apply until the Test Period that includes the last day of the second full Fiscal Quarter ending after the Closing Date), the Borrower shall not permit the

If, after giving effect to the foregoing recalculation, the requirements of Section 6.12(a) would be satisfied, then the requirements of Section 6.12(a) shall be deemed satisfied as of the end of the relevant Fiscal Quarter with the same effect as though there had been no failure to comply therewith at such date, and the applicable breach of Section 6.12(a) that had occurred (or would have occurred) shall be deemed cured for all purposes under this Agreement. Notwithstanding anything herein to the contrary, (i) in each four consecutive Fiscal Quarter period there shall be at least two Fiscal Quarters (which may be, but are not required to be, consecutive) in which the Cure Right is not exercised, (ii) during the term of this Agreement, the Cure Right shall not be exercised more than five times, (iii) the Cure Amount shall be no greater than the amount required for the purpose of causing compliance with Section 6.12(a), (iv) upon the Administrative Agent's receipt of a written notice from the Borrower that the Borrower intends to exercise the Cure Right (a "Notice of Intent to Cure"), until the 10th Business Day following the date on which financial statements for the Fiscal Quarter to which such Notice of Intent to Cure relates are required to be delivered pursuant to Section 5.01(a) or (b), as applicable, neither the Administrative Agent (nor any sub-agent thereof) nor any Lender shall exercise any right to accelerate the Loans or terminate the Revolving Credit Commitments, and none of the Administrative Agent (nor any sub-agent thereof) nor any Lender or Secured Party shall exercise any right to foreclose on or take possession of the Collateral or any other right or remedy under the Loan Documents solely on the basis of the relevant failure to comply with Section 6.12(a), (v) there shall be no pro forma or other reduction of the amount of indebtedness by the amount of any Cure Amount for purposes of determining compliance with Section 6.12(a) for the Fiscal Quarter in respect of which the Cure Right was exercised, (vi) during any Test Period in which any Cure Amount is included in the calculation of Consolidated Adjusted EBITDA as a result of any exercise of the Cure Right, the pro forma adjustment to Consolidated Adjusted EBITDA arising therefrom shall be disregarded for purposes of determining (x) whether any financial ratio-based condition to the availability of any carve-out set forth in Article VI of this Agreement has been satisfied or (y) the Required Excess Cash Flow Percentage, Applicable Rate or the Commitment Fee Rate, (vii) no Revolving Lender or Issuing Bank shall be required to make any Revolving Loan or issue or amend to increase the face amount of any Letter of Credit from and after such time as the Administrative Agent has received the Notice of Intent to Cure unless and until the Cure Amount is actually received and (viii) the proceeds of any Cure Amount made during the Fiscal Quarter in respect of which the Cure Right was exercised shall not have previously been applied in reliance on the Available Amount or as an Available Excluded Contribution Amount.

Upon the occurrence and during the continuance of an Event of Default, the Administrative Agent may, and at the request of the Required Lenders shall, exercise any rights and remedies provided to the Administrative Agent under the Loan Documents or at law or equity, including all remedies provided under the UCC or equivalent Requirement of Law, as applicable.

179

ARTICLE VIII THE ADMINISTRATIVE AGENT

Section 8.01 General. Each of the Lenders and the Issuing Banks hereby irrevocably appoints JPMorgan Chase Bank, N.A. (or any successor appointed pursuant hereto) as Administrative Agent and as Collateral Agent and authorizes the Administrative Agent and Collateral Agent to take such actions on its behalf hereunder and under any other Loan Document, including execution of the other Loan Documents, and to exercise such powers as are delegated to the Administrative Agent by the terms of the Loan Documents, together with such actions and powers as are reasonably incidental thereto.

Any Person serving as Administrative Agent hereunder shall have the same rights and powers in its capacity as a Lender as any other Lender and may exercise the same as though it were not the Administrative Agent, and the term "Lender" or "Lenders" shall, unless otherwise expressly indicated, unless the context otherwise requires or unless such Person is in fact not a Lender, include each Person serving as Administrative Agent hereunder in its individual capacity. Such Person and its Affiliates may accept deposits from, lend money to, own securities of, act as the financial advisor or in any other advisory capacity for and generally engage in any kind of business with any Loan Party or any subsidiary of any Loan Party or other Affiliate thereof as if it were not the Administrative Agent hereunder and without any duty to account therefor to the Lenders. The Lenders acknowledge that, pursuant to such activities, the Administrative Agent or its Affiliates may receive information regarding any Loan Party or any of its Affiliates (including information that may be subject to confidentiality obligations in favor of such Loan Party or such Affiliate) and acknowledge that the Administrative Agent shall not be under any obligation to provide such information to them.

180

The Administrative Agent shall not have any duties or obligations except those expressly set forth herein and in the other Loan Documents. Without limiting the generality

of the foregoing, (a) the Administrative Agent shall not be subject to any fiduciary or other implied duty, regardless of whether any Default or Event of Default exists, and the use of the term "agent" herein and in the other Loan Documents with reference to the Administrative Agent is not intended to connote any fiduciary or other implied (or express) obligation arising under agency doctrine of any applicable Requirements of Law; it being understood that such term is used merely as a matter of market custom, and is intended to create or reflect only an administrative relationship between independent contracting parties. (b) the Administrative Agent shall not have any duty to take any discretionary action or exercise any discretionary power, except discretionary rights and powers (1) that are expressly contemplated hereby or by the other Loan Documents and (2) that the Administrative Agent is required to exercise as directed in writing by the Required Lenders or Required Revolving Lenders (or such other number or percentage of the Lenders as shall be necessary under the relevant circumstances as provided in Section 9.02), which such writing shall be binding upon each Lender unless and until revoked in writing; provided that the Administrative Agent shall not be required to take any action that, in its opinion or the opinion of its counsel, may expose the Administrative Agent to liability or that is contrary to any Loan Document or applicable Requirements of Law, and (c) except as expressly set forth herein or in any other Loan Document, the Administrative Agent shall not have any duty to disclose, and shall not be liable for the failure to disclose, any information relating to the Borrower or any of its Affiliates that is communicated to or obtained by the Person serving as Administrative Agent or any of its Affiliates in any capacity. Nothing in this Agreement or any Loan Document shall require the Administrative Agent to account to any Lender for any sum or the profit element of any sum received by the Administrative Agent for its own account. The Administrative Agent shall not be liable to the Lenders or any other Secured Party for any action taken or not taken by it with the consent or at the request of the Required Lenders or Required Revolving Lenders (or such other number or percentage of the Lenders as is necessary, or as the Administrative Agent believes in good faith shall be necessary, under the relevant circumstances as provided in Section 9.02) or in the absence of its own gross negligence or willful misconduct, as determined by the final judgment of a court of competent jurisdiction, in connection with its duties expressly set forth herein. The Administrative Agent shall not be deemed to have knowledge of any Default or Event of Default unless and until written notice thereof is given to the Administrative Agent by the Borrower or any Lender, and the Administrative Agent shall not be responsible for or have any duty to ascertain or inquire into (i) any statement, warranty or representation made in or in connection with this Agreement or any other Loan Document, (ii) the contents of any certificate, report or other document delivered hereunder or in connection with this Agreement or any other Loan Document, (iii) the performance or observance of any covenant, agreement or other term or condition set forth in this Agreement or any other Loan Document or the occurrence of any Default or Event of Default, (iv) the sufficiency, validity, enforceability, effectiveness or genuineness of this Agreement or any other Loan Document or any other agreement, instrument or document, (v) the creation, perfection or priority of any Lien on the Collateral or the existence, value or sufficiency of the Collateral or to assure that the Liens granted to the Administrative Agent pursuant to this Agreement or any other Loan Document have been or will continue to be properly or sufficiently or lawfully created, perfected or enforced or are entitled to any particular priority, (vi) the satisfaction of any condition set forth in Article IV or elsewhere in this Agreement or any other Loan Document, other than to confirm receipt of items (which on their face purport to be such items) expressly required to be delivered to the Administrative Agent or satisfaction of any condition that expressly refers to the matters described therein being acceptable or satisfactory to the Administrative Agent, (vii) any property, book or record of any Loan Party or any Affiliate thereof or (viii) compliance by Affiliated Lenders with any term hereof relating to Affiliated Lenders. Notwithstanding anything herein to the contrary, the Administrative Agent shall not be liable for, or be responsible for any claim, liability, loss, cost or expense suffered by the Borrower, any Subsidiary, any Lender or any Issuing Bank as a result of, any determination of the Revolving Credit Exposure, any of the component amounts thereof or any portion thereof attributable to each Lender or Issuing Bank; provided that none of the Borrower, any Subsidiary, any Lender or any Issuing Bank shall be liable for any portion of such claim, liability, loss, cost or expense resulting from the Administrative Agent's gross negligence or willful misconduct (as determined by a court of competent jurisdiction in a final and non-appealable decision).

181

Each Lender agrees that, except with the written consent of the Administrative Agent, it will not take any enforcement action hereunder or under any other Loan Document, accelerate the Obligations under any Loan Document, or exercise any right that it might otherwise have under applicable Requirements of Law or otherwise to credit bid at any foreclosure sale, UCC sale, any sale under Section 363 of the Bankruptcy Code or any other similar Disposition of Collateral (an "Insolvency Disposition"). Notwithstanding the foregoing, any Lender may take action to preserve or enforce its rights against a Loan Party where a deadline or limitation period is applicable that would, absent such action, bar enforcement of the Obligations held by such Lender, including the filing of a proof of claim in a case under the Bankruptcy Code.

Notwithstanding anything to the contrary contained herein or in any of the other Loan Documents, the Borrower, the Administrative Agent and each Secured Party agree that (i) no Secured Party shall have any right individually to realize upon any of the Collateral or to enforce the Loan Guaranty; it being understood and agreed that all powers, rights and remedies hereunder may be exercised solely by the Administrative Agent on behalf of the Secured Parties in accordance with the terms hereof, and all powers, rights and remedies under the other Loan Documents may be exercised solely by the Administrative Agent, and (ii) in the event of a foreclosure by the Administrative Agent on any of the Collateral pursuant to a public or private sale or in the event of any other Disposition (including pursuant to an Insolvency Disposition), (A) the Administrative Agent, as agent for and representative of the Secured Parties, shall be entitled, for the purpose of bidding and making settlement or payment of the purchase price for all or any portion of the Collateral sold at any such sale, to use and apply all or any portion of the Obligations as a credit on account of the purchase price for any Collateral payable by the Administrative Agent at such Disposition and (B) the Administrative Agent or any Lender may be the purchaser or licensor of all or any portion of such Collateral at any such Disposition.

No holder of any Secured Hedging Obligation or Banking Services Obligation in its respective capacity as such shall have any rights in connection with the management or release of any guarantees or Collateral or of the obligations of any Loan Party under this Agreement. By accepting the benefits of the Collateral, each party to any such arrangement in respect of any Secured Hedging Obligation or Banking Services Obligation, as applicable, shall be deemed to have appointed the Administrative Agent to serve as administrative agent and collateral agent under the Loan Documents and agreed to be bound by the Loan Documents as a Secured Party thereunder, subject to the limitations set forth in this paragraph.

Each of the Lenders hereby irrevocably authorizes (and by entering into a Hedge Agreement with respect to any Secured Hedging Obligation and/or by entering into documentation in connection with respect to any Banking Services Obligation, each of the other Secured Parties hereby authorizes and shall be deemed to authorize) the Administrative Agent, on behalf of all Secured Parties, to take any of the following actions upon the instruction of the Required Lenders:

(a) consent to the Disposition of all or any portion of the Collateral free and clear of the Liens securing the Secured Obligations in connection with any Disposition pursuant to the applicable provisions of the Bankruptcy Code, including Section 363 thereof;

182

(b) credit bid all or any portion of the Secured Obligations, or purchase all or any portion of the Collateral (in each case, either directly or through one or more acquisition vehicles), in connection with any Disposition of all or any portion of the Collateral pursuant to the applicable provisions of the Bankruptcy Code, including Section 363 thereof;

(c) credit bid all or any portion of the Secured Obligations, or purchase all or any portion of the Collateral (in each case, either directly or through one or more acquisition vehicles), in connection with any Disposition of all or any portion of the Collateral pursuant to the applicable provisions of the UCC, including pursuant to Sections 9-610 or 9-620 of the UCC;

(d) credit bid all or any portion of the Secured Obligations, or purchase all or any portion of the Collateral (in each case, either directly or through one or more acquisition vehicles), in connection with any foreclosure or other Disposition conducted in accordance with applicable Requirements of Law following the occurrence of an Event of Default, including by power of sale, judicial action or otherwise; and/or

(e) estimate the amount of any contingent or unliquidated Secured Obligations of such Lender or other Secured Party;

it being understood that no Lender shall be required to fund any amount in connection with any purchase of all or any portion of the Collateral by the Administrative Agent pursuant to the foregoing clause (b), (c) or (d) without its prior written consent.

Each Secured Party agrees that the Administrative Agent is under no obligation to credit bid any part of the Secured Obligations or to purchase or retain or acquire any portion of the Collateral; provided that, in connection with any credit bid or purchase described under clause (b), (c) or (d) of the preceding paragraph, the Secured Obligations owed to all of the Secured Parties (other than with respect to contingent or unliquidated liabilities as set forth in the next succeeding paragraph) may be, and shall be, credit bid by the Administrative Agent on a ratable basis.

With respect to any contingent or unliquidated claim that is a Secured Obligation, the Administrative Agent is hereby authorized, but is not required, to estimate the amount thereof for purposes of any credit bid or purchase described in the second preceding paragraph so long as the estimation of the amount or liquidation of such claim would not unduly delay the ability of the Administrative Agent to credit bid the Secured Obligations or purchase the Collateral in the relevant Disposition. In the event that the Administrative Agent, in its sole and absolute discretion, elects not to estimate any such contingent or unliquidated claim or any such claim cannot be estimated without unduly delaying the ability of the Administrative Agent to consummate any credit bid or purchase in accordance with the second preceding paragraph, then any contingent or unliquidated claims not so estimated shall be disregarded, shall not be credit bid, and shall not be entitled to any interest in the portion or the entirety of the Collateral purchased by means of such credit bid.

Each Secured Party whose Secured Obligations are credit bid under clause (b), (c) or (d) of the third preceding paragraph is entitled to receive interests in the Collateral or any other asset acquired in connection with such credit bid (or in the Capital Stock of the acquisition vehicle or vehicles that are used to consummate such acquisition) on a ratable basis in accordance with the percentage obtained by dividing (x) the amount of the Secured Obligations of such Secured Party that were credit bid in such credit bid or other Disposition, by (y) the aggregate amount of all Secured Obligations that were credit bid in such credit bid or other Disposition.

183

In connection with any such bid, (i) the Administrative Agent shall be authorized to form one or more acquisition vehicles and to assign any successful credit bid to such acquisition vehicle or vehicles, (ii) each of the Secured Parties' ratable interests in the Obligations which were credit bid shall be deemed without any further action under this Agreement to be assigned to such vehicle or vehicles for the purpose of closing such sale, (iii) the Administrative Agent shall be authorized to adopt documents providing for the governance of the acquisition vehicle or vehicles (provided that any actions by the Administrative Agent with respect to such acquisition vehicle or vehicles, including any disposition of the assets or equity interests thereof, shall be governed, directly or indirectly, by, and the governing documents shall provide for, control by the vote of the Required Lenders or their permitted assignees under the terms of this Agreement or the governing documents of the applicable acquisition vehicle or vehicles, as the case may be, irrespective of the termination of this Agreement and without giving effect to the limitations on actions by the Required Lenders contained in Section 9.02 of this Agreement), (iv) the Administrative Agent on behalf of such acquisition vehicle or vehicles shall be authorized to issue to each of the Secured Parties, ratably on account of the relevant Secured Obligations which were credit bid, interests, whether as equity, partnership interests, limited partnership interests or membership interests, in any such acquisition vehicle and/or debt instruments issued by such acquisition vehicle, all without the need for any Secured Party or acquisition vehicle to take any further action, and (v) to the extent that Secured Obligations that are assigned to an acquisition vehicle are not used to acquire Collateral for any reason (as a result of another bid being higher or better, because the amount of Secured Obligations assigned to the acquisition vehicle exceeds the amount of Secured Obligations credit bid by the acquisition vehicle or otherwise), such Secured Obligations shall automatically be reassigned to the Secured Parties pro rata with their original interest in such Secured Obligations and the equity interests and/or debt instruments issued by any acquisition vehicle on account of such Obligations shall automatically be cancelled, without the need for any Secured Party or any acquisition vehicle to take any further action. Notwithstanding that the ratable portion of the Secured Obligations of each Secured Party are deemed assigned to the acquisition vehicle or vehicles as set forth in clause (ii) above, each Secured Party shall execute such documents and provide such information regarding the Secured Party (and/or any designee of the Secured Party which will receive interests in or debt instruments issued by such acquisition vehicle) as the Administrative Agent may reasonably request in connection with the formation of any acquisition vehicle, the formulation or submission of any credit bid or the consummation of the transactions contemplated by such credit bid.

In addition, in case of the pendency of any proceeding under any Debtor Relief Law or any other judicial proceeding relative to any Loan Party, each Secured Party agrees that the Administrative Agent (irrespective of whether the principal of any Loan or LC Disbursement is then due and payable as herein expressed or by declaration or otherwise and irrespective of whether the Administrative Agent has made any demand on the Borrower) shall be entitled and empowered, by intervention in such proceeding or otherwise:

- (i) to file and prove a claim for the whole amount of the principal and interest owing and unpaid in respect of the Loans or LC Disbursements and all other Obligations that are owing and unpaid and to file such other documents as may be necessary or advisable in order to have the claims of the Lenders, the Issuing Banks and the Administrative Agent (including any claim for the reasonable compensation, expenses, disbursements and advances of the Lenders, the Issuing Banks and the Administrative Agent and their respective agents and counsel and all other amounts to the extent due to the Lenders and the Administrative Agent under Sections 2.12, 2.13, 2.15, 2.17, and 9.03) allowed in such judicial proceeding; and
- (ii) to collect and receive any monies or other property payable or deliverable on any such claims and to distribute the same.

184

Any custodian, receiver, assignee, trustee, liquidator, sequestrator or other similar official in any such judicial proceeding is hereby authorized by each Lender and each Issuing Bank to make such payments to the Administrative Agent and, in the event that the Administrative Agent consents to the making of such payments directly to the Lenders and the Issuing Banks, to pay to the Administrative Agent any amount due for the reasonable compensation, expenses, disbursements and advances of the Administrative Agent and its agents and counsel, and any other amount due to the Administrative Agent under Sections 2.12 and 9.03.

Nothing contained herein shall be deemed to authorize the Administrative Agent to authorize or consent to or accept or adopt on behalf of any Lender or any Issuing Bank any plan of reorganization, arrangement, adjustment or composition affecting the Secured Obligations or the rights of any Lender or any Issuing Bank or to authorize the Administrative Agent to vote in respect of the claim of any Lender or any Issuing Bank in any such proceeding.

The Administrative Agent shall be entitled to rely upon, and shall not incur any liability for relying upon, any notice, request, certificate, consent, statement, instrument, document or other writing (including any electronic message, Internet or intranet website posting or other distribution) that it believes to be genuine and to have been signed, sent or otherwise authenticated by the proper Person (whether or not such Person in fact meets the requirements set forth in the Loan Documents for being the maker thereof). The Administrative Agent also may rely upon any statement made to it orally or by telephone and believed by it to have been made by the proper Person and shall not incur any liability for relying thereon. In determining compliance with any condition hereunder to the making of a Loan, or the issuance of a Letter of Credit, that by its terms must be fulfilled to the satisfaction of a Lender or the applicable Issuing Bank, the Administrative Agent may presume that such condition is satisfactory to such Lender unless the Administrative Agent has received notice to the contrary from such Lender or Issuing Bank sufficiently in advance of the making of such Loan or the issuance of such Letter of Credit. The Administrative Agent may consult with legal counsel (who may be counsel for the Borrower), independent accountants and other experts selected by it, and shall not be liable for any action taken or not taken by it in accordance with the advice of any such counsel, accountants or experts.

The Administrative Agent may perform any and all of its duties and exercise its rights and powers hereunder or under any other Loan Document by or through any one or more sub-agents appointed by it. The Administrative Agent and any such sub-agent may perform any and all of their respective duties and exercise their respective rights and powers through their respective Related Parties. The exculpatory provisions of this Article shall apply to any such sub-agent and to the Related Parties of the Administrative Agent and any such sub-agent and shall apply to their respective activities in connection with the syndication of the Credit Facilities provided for herein as well as activities as the Administrative Agent. The Administrative Agent shall not be responsible for the negligence or misconduct of any subagent except to the extent that a court of competent jurisdiction determines in a final and non-appealable judgment that the Administrative Agent acted with gross negligence or willful misconduct in the selection of such sub-agent.

185

Subject to the appointment and acceptance of a successor Administrative Agent as provided in this paragraph, the Administrative Agent may resign at any time by giving ten (10) days' written notice to the Lenders, the Issuing Banks and the Borrower. If the Administrative Agent is a Defaulting Lender or an Affiliate of a Defaulting Lender, in either case, other than as a result of a good faith dispute over whether a Loan, Letter of Credit or participation in a Letter of Credit is required to be made or funded under clause (a), (b) or (c) of the definition of "Defaulting Lender", either the Required Lenders or the Borrower may, upon ten (10) days' written notice, remove the Administrative Agent. Upon receipt of any such written notice of resignation or delivery of any such written notice of removal, the Required Lenders shall have the right, with the consent of the Borrower (not to be unreasonably withheld or delayed), to appoint a successor Administrative Agent which shall be a bank or trust company with an office in New York, New York or an Affiliate of any such bank or trust company; provided that during the occurrence and continued existence of a Specified Event of Default (in the case of Section 7.01(f) or (g), with respect to the Borrower), no consent of the Borrower shall be required. If no successor has been appointed as provided above and has accepted such appointment within 30 days after the retiring Administrative Agent gives notice of its resignation or the Administrative Agent receives notice of removal, then (a) in the case of a retirement, the retiring Administrative Agent may (but shall not be obligated to), on behalf of the Lenders and the Issuing Banks, appoint a successor Administrative Agent meeting the qualifications set forth above (including, for the avoidance of doubt, the consent of the Borrower) or (b) in the case of a removal, the Borrower may, after consulting with the Required Lenders, appoint a successor Administrative Agent meeting the qualifications set forth above; provided that (x) in the case of a retirement, if the Administrative Agent notifies the Borrower, the Lenders and the Issuing Banks that no qualifying Person has accepted such appointment or (y) in the case of a removal, the Borrower notifies the Required Lenders that no qualifying Person has accepted such appointment, then, in each case, such resignation or removal shall nonetheless become effective in accordance with such notice and (i) the retiring or removed Administrative Agent shall be discharged from its duties and obligations hereunder and under any other Loan Document (except that in the case of any collateral security held by the Administrative Agent in its capacity as collateral agent for the Secured Parties for purposes of maintaining the perfection of the Lien on the Collateral securing the Secured Obligations, the retiring Administrative Agent shall continue to hold such collateral security until such time as a successor Administrative Agent is appointed) and (ii) all payments, communications and determinations required to be made by, to or through the Administrative Agent shall instead be made by or to each Lender and each Issuing Bank directly (and each Lender and each Issuing Bank will cooperate with the Borrower to enable the Borrower to take such actions), until such time as the Required

Lenders or the Borrower, as applicable, appoint a successor Administrative Agent, as provided above in this Article VIII. Upon the acceptance of its appointment as Administrative Agent hereunder as a successor Administrative Agent, the successor Administrative Agent shall succeed to and become vested with all the rights, powers, privileges and duties of the retiring or removed Administrative Agent (other than any rights to indemnity payments owed to the retiring Administrative Agent), and the retiring (or retired) or removed Administrative Agent shall be discharged from its duties and obligations hereunder (other than its obligations under Section 9.13 hereof) and under each other Loan Document. The fees payable by the Borrower to any successor Administrative Agent shall be the same as those payable to its predecessor unless otherwise agreed between the Borrower and such successor Administrative Agent. After the Administrative Agent's resignation or removal hereunder, the provisions of this Article and Section 9.03 shall continue in effect for the benefit of such retiring or removed Administrative Agent, its sub-agents and their respective Related Parties in respect of any action taken or omitted to be taken by any of them while the relevant Person was acting as Administrative Agent (including for this purpose holding any collateral security following the retirement or removal of the Administrative Agent). Notwithstanding anything to the contrary herein, no Disqualified Institution may be appointed as a successor Administrative Agent.

Each Lender and each Issuing Bank acknowledges that it has, independently and without reliance upon the Administrative Agent or any other Lender or any of their Related Parties and based on such documents and information as it has deemed appropriate, made its own credit analysis and decision to enter into this Agreement. Each Lender and each Issuing Bank also acknowledges that it will, independently and without reliance upon the Administrative Agent or any other Lender or any of their respective Related Parties and based on such documents and information as it shall from time to time deem appropriate, continue to make its own decisions in taking or not taking action under or based upon this Agreement, any other Loan Document or related agreement or any document furnished hereunder or thereunder. Except for notices, reports and other documents expressly required to be furnished to the Lenders and the Issuing Banks by the Administrative Agent herein, the Administrative Agent shall not have any duty or responsibility to provide any Lender or any Issuing Bank with any credit or other information concerning the business, prospects, operations, property, financial and other condition or creditworthiness of any of the Loan Parties or any of their respective Affiliates which may come into the possession of the Administrative Agent or any of its Related Parties.

186

Notwithstanding anything to the contrary herein, the Arrangers shall not have any right, power, obligation, liability, responsibility or duty under this Agreement or any other Loan Document, except in their respective capacities as the Administrative Agent, an Issuing Bank or a Lender hereunder, as applicable.

Each Lender, by delivering its signature page to this Agreement on the Closing Date, or delivering its signature page to an Assignment and Assumption or any other Loan Document pursuant to which it shall become a Lender hereunder, shall be deemed to have acknowledged receipt of, and consented to and approved, each Loan Document and each other document required to be delivered to, or be approved by or satisfactory to, the Administrative Agent or the Lenders on the Closing Date.

Each Secured Party irrevocably authorizes and instructs the Administrative Agent to, and the Administrative Agent shall upon reasonable request of the Borrower:

(a) subordinate any Lien on any property granted to or held by the Administrative Agent under any Loan Document to the holder of any Lien on such property that is permitted by Sections 6.02(d), 6.02(e), 6.02(g), 6.02(i), 6.02(m) (with respect to any assets subject to such Sale and Lease-Back Transaction), 6.02(n), Section 6.02(o) (other than any Lien on the Capital Stock of any Subsidiary Guarantor), Section 6.02(r), 6.02(u) (to the extent the relevant Lien is of the type to which the Lien of the Administrative Agent is otherwise required or, if requested by the Borrower, permitted to be subordinated under this clause (a) pursuant to any of the other exceptions to Section 6.02 that are expressly included in this clause (a), 6.02(x), 6.02(y), 6.02(z)(i), 6.02(bb), 6.02(cc), 6.02(dd) (in the case of clause (ii), to the extent the relevant Lien covers cash collateral posted to secure the relevant obligation), 6.02(ee), 6.02(ff), 6.02(gg), 6.02(hh) (and any Refinancing Indebtedness in respect of any thereof to the extent such Refinancing Indebtedness is permitted to be secured under Section 6.02(k), 6.02(ii), 6.02(ji) and 6.02(kk); provided that the subordination of any Lien on any property granted to or held by the Administrative Agent shall only be required to the extent that the Lien of the Administrative Agent with respect to such property is required to be subordinated to the relevant Permitted Lien in accordance with the documentation governing the Indebtedness that is secured by such Permitted Lien;

(b) enter into subordination, intercreditor and/or similar agreements contemplated hereunder with respect to Indebtedness permitted to be incurred under this Agreement (including the Closing Date Intercreditor Agreement, any other Acceptable Intercreditor Agreement and/or any amendment thereof) that is (i) required or, if requested by the Borrower, permitted to be subordinated hereunder, (ii) secured by Permitted Liens, and with respect to which Indebtedness and/or Liens, this Agreement contemplates an intercreditor, subordination, collateral trust agreement or similar agreement and/or (iii) contemplates the entry into collateral allocation and/or loss sharing arrangements; and

(c) release any Lien on any property granted to or held by the Administrative Agent under any Loan Document if approved, authorized or ratified by the Required Lenders in accordance with Section 9.02.

187

Upon the request of the Administrative Agent at any time, the Required Lenders will confirm in writing the Administrative Agent's authority to release, share or subordinate its interest in particular types or items of property, or to release (or provide evidence of release of) any Loan Party from its obligations under the Loan Guaranty or its Lien on any Collateral pursuant to this Article VIII and Section 9.13. In each case specified in this Article VIII and Section 9.13, the Administrative Agent will (and each Lender, and each Issuing Bank hereby authorizes the Administrative Agent to), at the Borrower's expense, execute and deliver to the applicable Loan Party such documents as such Loan Party may reasonably request to evidence the release of such item of Collateral from the assignment and security interest granted under the Collateral Documents, to subordinate and/or share its interest therein, or to release such Loan Party from its obligations under the Loan Guaranty, in each case in accordance with the terms of the Loan Documents and this Article VIII and Section 9.13; provided, that upon the request of the Administrative Agent, the Borrower shall deliver a certificate of a Responsible Officer certifying that the relevant transaction has been consummated in compliance with the terms of this Agreement.

The Administrative Agent is authorized to enter into any of the Closing Date Intercreditor Agreement, any other Acceptable Intercreditor Agreement and any other intercreditor, subordination, collateral trust, collateral allocation, loss sharing or similar agreement contemplated hereby with respect to any Indebtedness (i) that is required or permitted to be subordinated hereunder and (ii) with respect to which Indebtedness and/or Liens, this Agreement contemplates an intercreditor, subordination or collateral trust or similar agreement (any such other intercreditor, subordination or collateral trust or similar agreement, an "Additional Agreement"), and the Secured Parties party hereto acknowledge that the Closing Date Intercreditor Agreement and each other Acceptable Intercreditor Agreement and each other Additional Agreement is binding upon them. Each Secured Party party hereto hereby (a) agrees that they will be bound by, and will not take any action contrary to, the provisions of the Closing Date Intercreditor Agreement and any other Acceptable Intercreditor Agreement or any Additional Agreement and (b) authorizes and instructs the Administrative Agent to enter into the Closing Date Intercreditor Agreement and any other Acceptable Intercreditor Agreement and/or any Additional Agreement and to subject the Liens on the Collateral securing the Secured Obligations to the provisions thereof. The foregoing provisions are intended as an inducement to the Secured Parties to extend credit to the Borrower, and the Secured Parties are intended third party beneficiaries of such provisions and the provisions of the Closing Date Intercreditor Agreement and any other Acceptable Intercreditor Agreement and/or any Additional Agreement.

The Administrative Agent shall not be responsible for or have a duty to ascertain or inquire into any representation or warranty regarding the existence, value or collectability of the Collateral, the existence, priority or perfection of the Administrative Agent's Lien thereon, or any certificate prepared by the Borrower or any of its Restricted Subsidiaries in connection therewith, nor shall the Administrative Agent be responsible or liable to the Lenders for any failure to monitor or maintain any portion of the Collateral.

To the extent that the Administrative Agent (or any Affiliate thereof) is not reimbursed and indemnified by the Borrower in accordance with and to the extent required by Section 9.03(b), the Lenders will reimburse and indemnify the Administrative Agent (and any Affiliate thereof) in proportion to their respective Applicable Percentages (determined as if there were no Defaulting Lenders) for and against any and all liabilities, obligations, losses, damages, penalties, claims, actions, judgments, costs, expenses or disbursements of whatsoever kind or nature which may be imposed on, asserted against or incurred by the Administrative Agent (or any Affiliate thereof) in performing its duties hereunder or under any other Loan Document or in any way relating to or arising out of this Agreement or any other Loan Document; provided that no Lender shall be liable for any portion of such liabilities, obligations, losses, damages, penalties, claims, actions, judgments, suits, costs, expenses or disbursements resulting from the Administrative Agent's (or such affiliate's) gross negligence or willful misconduct (as determined by a court of competent jurisdiction in a final and non-appealable decision).

188

To the extent required by any applicable Requirements of Law, the Administrative Agent may withhold from any payment to any Lender an amount equal to any applicable withholding Tax. If the Internal Revenue Service or any other governmental authority asserts a claim that the Administrative Agent did not properly withhold Tax from any amounts

paid to or for the account of any Lender for any reason (including because the appropriate form was not delivered or was not properly executed or because such Lender failed to notify the Administrative Agent of a change in circumstance which rendered the exemption from, or reduction of, withholding Tax ineffective), such Lender shall indemnify the Administrative Agent fully, within 10 days after demand therefor, for all amounts paid, directly or indirectly, by the Administrative Agent as Tax or otherwise, including any penalties, additions to Tax or interest and together with all expenses (including legal expenses, allocated internal costs and out-of-pocket expenses) incurred, whether or not such Tax was correctly or legally imposed or asserted by the relevant Governmental Authority. A certificate as to the amount of such payment or liability delivered to any Lender by the Administrative Agent shall be conclusive absent manifest error. Each Lender hereby authorizes the Administrative Agent to set off and apply any and all amounts at any time owing to such Lender under this Agreement or any other Loan Document against any amount due the Administrative Agent under this paragraph. For the avoidance of doubt, the term "Lender" shall, for purposes of this paragraph, include any Issuing Bank and any Swingline Lender.

The provisions of this Article VIII are solely for the benefit of the Administrative Agent, the Lenders and the Issuing Banks, and, except solely to the extent of the Borrower's rights to consent pursuant to and subject to the conditions set forth in this Article VIII, none of the Borrower or any Loan Party, or any of their respective Affiliates, shall have any rights as a third party beneficiary under any such provisions. Each Secured Party, whether or not a party hereto, will be deemed, by its acceptance of the benefits of the Collateral and of the Guarantees of the Secured Obligations provided under the Loan Documents, to have agreed to the provisions of this Article VIII.

Section 8.02 Certain ERISA Matters.

(a) Each Lender (x) represents and warrants, as of the date such Person became a Lender party hereto, to, and (y) covenants, from the date such Person became a Lender party hereto to the date such Person ceases being a Lender party hereto, for the benefit of, the Administrative Agent and not, for the avoidance of doubt, to or for the benefit of the Borrower or any other Loan Party, that at least one of the following is and will be true:

(i) such Lender is not using "plan assets" (within the meaning of Section 3(42) of ERISA or otherwise) of one or more Benefit Plans with respect to such Lender's entrance into, participation in, administration of and performance of the Loans, the Letters of Credit, the Commitments or this Agreement,

(ii) the transaction exemption set forth in one or more PTEs, such as PTE 84-14 (a class exemption for certain transactions determined by independent qualified professional asset managers), PTE 95-60 (a class exemption for certain transactions involving insurance company general accounts), PTE 90-1 (a class exemption for certain transactions involving insurance company pooled separate accounts), PTE 91-38 (a class exemption for certain transactions involving bank collective investment funds) or PTE 96-23 (a class exemption for certain transactions determined by in-house asset managers), is applicable with respect to such Lender's entrance into, participation in, administration of and performance of the Loans, the Letters of Credit, the Commitments and this Agreement,

(iii) (A) such Lender is an investment fund managed by a "Qualified Professional Asset Manager" (within the meaning of Part VI of PTE 84-14), (B) such Qualified Professional Asset Manager made the investment decision on behalf of such Lender to enter into, participate in, administer and perform the Loans, the Letters of Credit, the Commitments and this Agreement, (C) the entrance into, participation in, administration of and performance of the Loans, the Letters of Credit, the Commitments and this Agreement satisfies the requirements of sub-sections (b) through (g) of Part I of PTE 84-14 and (D) to the best knowledge of such Lender, the requirements of subsection (a) of Part I of PTE 84-14 are satisfied with respect to such Lender's entrance into, participation in, administration of and performance of the Loans, the Letters of Credit, the Commitments and this Agreement, or

189

(iv) such other representation, warranty and covenant as may be agreed in writing between the Administrative Agent, in its sole discretion, and such Lender.

(b) In addition, unless either (1) subclause (i) in the immediately preceding clause (a) is true with respect to a Lender or (2) a Lender has provided another representation, warranty and covenant in accordance with subclause (iv) in the immediately preceding clause (a), such Lender further (x) represents and warrants, as of the date such Person became a Lender party hereto, to, and (y) covenants, from the date such Person became a Lender party hereto to the date such Person ceases being a Lender party hereto, for the benefit of, the Administrative Agent and not, for the avoidance of doubt, to or for the benefit of the Borrower or any other Loan Party, that the Administrative Agent is not a fiduciary with respect to the assets of such Lender involved in such Lender's entrance into, participation in, administration of and performance of the Loans, the Letters of Credit, the Commitments and this Agreement (including in connection with the reservation or exercise of any rights by the Administrative Agent under this Agreement, any Loan Document or any documents related hereto or thereto).

Section 8.03 Erroneous Payments.

(a) Each Revolving Lender hereby agrees that (i) if the Administrative Agent notifies such Revolving Lender that the Administrative Agent has determined in its sole discretion that any funds received by such Revolving Lender from the Administrative Agent or any of its Affiliates (whether as a payment, prepayment or repayment of principal, interest, fees or otherwise; individually and collectively, a "Payment") were erroneously transmitted to such Revolving Lender (whether or not known to such Revolving Lender), and demands the return of such Payment (or a portion thereof), such Revolving Lender shall promptly, but in no event later than one Business Day thereafter (or such later date as the Administrative Agent, may, in its sole discretion, specify in writing), return to the Administrative Agent the amount of any such Payment (or portion thereof) as to which such a demand was made in same day funds, together with interest thereon (except to the extent waived in writing by the Administrative Agent) in respect of each day from and including the date such Payment (or portion thereof) was received by such Revolving Lender to the date such amount is repaid to the Administrative Agent at the greater of the NYFRB Rate and a rate determined by the Administrative Agent in accordance with banking industry rules on interbank compensation from time to time in effect, and (ii) to the extent permitted by applicable law, such Revolving Lender shall not assert, and hereby waives, as to the Administrative Agent, any claim, counterclaim, defense or right of set-off or recoupment with respect to any demand, claim or counterclaim by the Administrative Agent for the return of any Payments received, including without limitation any defense based on "discharge for value" or any similar doctrine. A notice of the Administrative Agent to any Revolving Lender under this Section 8.03 shall be conclusive, absent manifest error.

(b) Each Revolving Lender hereby further agrees that if it receives a Payment from the Administrative Agent or any of its Affiliates (i) that is in a different amount than, or on a different date from, that specified in a notice of payment sent by the Administrative Agent (or any of its Affiliates) with respect to such Payment (a "Payment Notice") or (ii) that was not preceded or accompanied by a Payment Notice, it shall be on notice, in each such case, that an error has been made with respect to such Payment. Each Revolving Lender agrees that, in each such case, or if it otherwise becomes aware a Payment (or portion thereof) may have been sent in error, such Revolving Lender shall promptly notify the Administrative Agent of such occurrence and, upon demand from the Administrative Agent, it shall promptly, but in no event later than one Business Day thereafter (or such later date as the Administrative Agent, may, in its sole discretion, specify in writing), return to the Administrative Agent the amount of any such Payment (or portion thereof) as to which such a demand was made in same day funds, together with interest thereon (except to the extent waived in writing by the Administrative Agent) in respect of each day from and including the date such Payment (or portion thereof) was received by such Revolving Lender to the date such amount is repaid to the Administrative Agent at the greater of the NYFRB Rate and a rate determined by the Administrative Agent in accordance with banking industry rules on interbank compensation from time to time in effect.

190

(c) Each Revolving Lender hereby further agrees that (i) in the event an erroneous Payment (or portion thereof) are not recovered from any Revolving Lender that has received such Payment (or portion thereof) for any reason, the Administrative Agent shall be subrogated to all the rights of such Revolving Lender with respect to such amount and (ii) an erroneous Payment shall not pay, prepay, repay, discharge or otherwise satisfy any Obligations owed by the Borrower or any other Loan Party, except, in each case, to the extent such erroneous Payment is, and solely with respect to the amount of such erroneous Payment that is, comprised of funds received by the Administrative Agent from the Borrower or any other Loan Party for the purpose of making a payment on the Obligations.

(d) Each party's obligations under this Section 8.03 shall survive the resignation or replacement of the Administrative Agent or any transfer of rights or obligations by, or the replacement of, a Revolving Lender, the termination of the Revolving Credit Commitments or the repayment, satisfaction or discharge of all Obligations under any Loan Document.

(c) Any party hereto may change its address or facsimile number or other notice information hereunder by notice to the other parties hereto; it being understood and agreed that the Borrower may provide any such notice to the Administrative Agent as recipient on behalf of itself, each Issuing Bank and each Lender.

193

Each of Holdings and the Borrower hereby acknowledges that (a) the Administrative Agent will make available to the Lenders and each Issuing Bank materials and/or information provided by, or on behalf of, Holdings or the Borrower hereunder (collectively, the "Borrower Materials") by posting the Borrower Materials on Intranet or another similar electronic system (the "Platform") and (b) certain of the Lenders may be "public-side" Lenders (i.e., Lenders that only wish to receive information and documentation that (x) is of a type that would be publicly available if Holdings and its Subsidiaries were public reporting companies, (y) is not material with respect to Holdings and its securities or (z) is publicly available (collectively, "Public Lender Information") (each, a "Public Lender"). Each of Holdings and the Borrower hereby agrees that (i) all Borrower Materials that are to be made available to Public Lenders shall be clearly and conspicuously marked "PUBLIC" which, at a minimum, shall mean that the word "PUBLIC" shall appear prominently on the first page thereof, (ii) by marking Borrower Materials "PUBLIC," Holdings and the Borrower shall be deemed to have authorized the Administrative Agent and the Lenders to treat such Borrower Materials as not containing any Private Lender Information (as defined below) (provided that to the extent such Borrower Materials constitute Confidential Information, they shall be treated as set forth in Section 9.13), (iii) all Borrower Materials marked "PUBLIC" are permitted to be made available through a portion of the Platform designated as "Public Investor" and (iv) the Administrative Agent shall be entitled to treat any Borrower Materials that are not marked "PUBLIC" as being suitable only for posting on a portion of the Platform not marked as "Public Investor." Notwithstanding the foregoing, the following Borrower Materials shall be deemed to be marked "PUBLIC," unless the Borrower notifies the Administrative Agent promptly that any such document contains Private Lender Information (provided that the Borrower has been notified of the proposed distribution within a reasonable time period prior thereto): (1) the Loan Documents, (2) any notification of changes in the terms of the Credit Facilities and (3) all information delivered pursuant to Section 5.01 (other than information delivered pursuant to Section 5.01(g) or (k)). "Private Lender Information" means any information that is not Public Lender Information.

Each Public Lender agrees to cause at least one individual at or on behalf of such Public Lender to at all times have selected the "Private Side Information" or similar designation on the content declaration screen of the Platform in order to enable such Public Lender or its delegate, in accordance with such Public Lender's compliance procedures and applicable law, including United States Federal and state securities laws, to make reference to information, documents and other materials that Holdings or the Borrower is obligated to furnish to the Administrative Agent pursuant to the Loan Documents or to the Lenders under Article V, including all notices, requests, financial statements, financial and other reports, certificates and other information materials (all such communications being referred to herein collectively as "Communications") that are not made available through the "Public Side Information" portion of the Platform and that may contain Private Lender Information.

Although the Platform and its primary web portal are secured with generally-applicable security procedures and policies implemented or modified by the Administrative Agent from time to time (including, as of the Effective Date, a user ID/password authorization system) and the Platform is secured through a per-deal authorization method whereby each user may access the Platform only on a deal-by-deal basis, each of the Lenders, each of the Issuing Banks and the Borrower acknowledges and agrees that the distribution of material through an electronic medium is not necessarily secure, that the Administrative Agent is not responsible for approving or vetting the representatives or contacts of any Lender that are added to the Platform, and that there may be confidentiality and other risks associated with such distribution. Each of the Lenders, each of the Issuing Banks and the Borrower hereby approves distribution of the Communications through the Platform and understands and assumes the risks of such distribution.

194

THE PLATFORM IS PROVIDED "AS IS" AND "AS AVAILABLE." NEITHER THE ADMINISTRATIVE AGENT NOR ANY OF ITS RELATED PARTIES WARRANTS THE ACCURACY OR COMPLETENESS OF THE COMMUNICATIONS OR THE ADEQUACY OF THE PLATFORM AND EACH EXPRESSLY DISCLAIMS LIABILITY FOR ERRORS OR OMISSIONS IN THE PLATFORM AND THE COMMUNICATIONS. NO WARRANTY OF ANY KIND, EXPRESS, IMPLIED OR STATUTORY, INCLUDING ANY WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT OF THIRD PARTY RIGHTS OR FREEDOM FROM VIRUSES OR OTHER CODE DEFECTS IS MADE BY THE ADMINISTRATIVE AGENT OR ANY OF ITS RELATED PARTIES IN CONNECTION WITH THE COMMUNICATIONS OR THE PLATFORM. IN NO EVENT SHALL THE ADMINISTRATIVE AGENT OR ANY OF ITS RELATED PARTIES HAVE ANY LIABILITY TO ANY LOAN PARTY, ANY LENDER OR ANY OTHER PERSON FOR DAMAGES OF ANY KIND, WHETHER OR NOT BASED ON STRICT LIABILITY AND INCLUDING DIRECT OR INDIRECT, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES, LOSSES OR EXPENSES (WHETHER IN TORT, CONTRACT OR OTHERWISE) ARISING OUT OF ANY LOAN PARTY'S OR THE ADMINISTRATIVE AGENT'S TRANSMISSION OF COMMUNICATIONS THROUGH THE INTERNET OR THE PLATFORM, EXCEPT TO THE EXTENT THE LIABILITY OF ANY SUCH PERSON IS FOUND IN A FINAL RULING BY A COURT OF COMPETENT JURISDICTION TO HAVE RESULTED FROM SUCH PERSON'S GROSS NEGLIGENCE OR WILLFUL MISCONDUCT.

The Administrative Agent agrees that the receipt of the Communications by the Administrative Agent at its electronic mail address set forth above shall constitute effective delivery of the Communications to the Administrative Agent for purposes of the Loan Documents. Each Lender agrees that receipt of notice to it (as provided in the next sentence) specifying that the Communications have been posted to the Platform shall constitute effective delivery of the Communications to such Lender for purposes of the Loan Documents. Each Lender agrees to notify the Administrative Agent in writing (including by electronic communication) from time to time of such Lender's electronic mail address to which the foregoing notice may be sent by electronic transmission and that the foregoing notice may be sent to such e-mail address. Nothing herein shall prejudice the right of the Administrative Agent or any Lender to give any notice or other communication pursuant to any Loan Document in any other manner specified in such Loan Document.

Section 9.02 Waivers; Amendments.

(a) No failure or delay by the Administrative Agent, any Issuing Bank or any Lender in exercising any right or power hereunder or under any other Loan Document shall operate as a waiver thereof, nor shall any single or partial exercise of any such right or power, or any abandonment or discontinuance of steps to enforce such a right or power, preclude any other or further exercise thereof or the exercise of any other right or power. The rights and remedies of the Administrative Agent, the Issuing Banks and the Lenders hereunder and under any other Loan Document are cumulative and are not exclusive of any rights or remedies that they would otherwise have. No waiver of any provision of any Loan Document or consent to any departure by any party hereto therefrom shall in any event be effective unless the same is permitted by paragraph (b) of this Section 9.02, and then such waiver or consent shall be effective only in the specific instance and for the purpose for which given. Without limiting the generality of the foregoing, to the extent permitted by applicable Requirements of Law, neither the making of any Loan nor the issuance of any Letter of Credit shall be construed as a waiver of any Default or Event of Default, regardless of whether the Administrative Agent, any Lender or any Issuing Bank may have had notice or knowledge of such Default or Event of Default at the time.

(b) Subject to clauses (A), (B), (C), (D) and (E) of this Section 9.02(b) and Sections 9.02(c) and (d) below, neither this Agreement nor any other Loan Document nor any provision hereof or thereof may be waived, amended or modified, except (i) in the case of this Agreement, pursuant to an agreement or agreements in writing entered into by the Borrower and the Required Lenders (or the Administrative Agent with the consent of the Required Lenders) or (ii) in the case of any other Loan Document (other than any waiver, amendment or modification to effectuate any modification thereto expressly contemplated by the terms of such other Loan Document), pursuant to an agreement or agreements in writing entered into by the Administrative Agent and each Loan Party that is party thereto, with the consent of the Required Lenders; provided that, notwithstanding the foregoing:

195

(A) the consent of each Lender directly and adversely affected thereby (but not the consent of the Required Lenders) shall be required for any waiver, amendment or modification that:

(1) increases the Commitment of such Lender; it being understood that no amendment, modification or waiver of, or consent to departure from, any condition precedent, representation, warranty, covenant, Default, Event of Default, mandatory prepayment or mandatory reduction of the Commitments shall constitute an increase of any Commitment of such Lender;

(2) reduces the principal amount of any Loan owed to such Lender or reduces any amount due to such Lender on any Loan Installment Date; it being understood that no amendment, modification or waiver of, or consent to departure from, any condition precedent, representation, warranty, covenant, Default, Event of Default, mandatory prepayment or mandatory reduction of the Loans or other amounts shall constitute a reduction in the principal amount or any other amount due to any Lender;

(3) (x) extends the scheduled final maturity of any Loan or (y) postpones any Loan Installment Date or any Interest Payment Date with respect to any Loan held by such Lender or the date of any scheduled payment of any fee or premium payable to such Lender hereunder (in each case, other than any extension for administrative reasons agreed by the Administrative Agent); it being understood that no amendment, modification or waiver of, or consent to departure from, any condition precedent, representation, warranty, covenant, Default, Event of Default, mandatory prepayment or mandatory reduction of the Loans shall constitute such an extension or postponement;

(4) reduces the rate of interest (other than to waive any Default or Event of Default or obligation of the Borrower to pay interest to such Lender at the default rate of interest under Section 2.13(c), which shall only require the consent of the Required Lenders) or the amount of any fee or premium owed to such Lender; it being understood that no change in the definition of "First Lien Leverage Ratio" or any other ratio used in the calculation of the Applicable Rate or the Commitment Fee Rate, or in the calculation of any other interest, fee or premium due hereunder (including any component definition thereof) shall constitute a reduction in any rate of interest or fee hereunder;

(5) extends the expiry date of such Lender's Commitment; it being understood that no amendment, modification or waiver of, or consent to departure from, any condition precedent, representation, warranty, covenant, Default, Event of Default, mandatory prepayment or mandatory reduction of any Commitment shall constitute an extension of any Commitment of any Lender; and

(6) waives, amends or modifies the provisions of (x) Sections 2.18(b) or 2.18(c) in a manner that would by its terms alter the pro rata sharing of payments required thereby or (y) Section 2.18(b) in a manner that alters the order in which payments are applied to repay the Secured Obligations, in each case except in connection with any transaction permitted under Sections 2.21, 2.22, 2.23, 9.02(c) and/or 9.05(g) or as otherwise provided in this Section 9.02;

196

(B) no such agreement shall:

(1) change (x) any of the provisions of Section 9.02(a) or Section 9.02(b) or the definition of "Required Lenders" to reduce any voting percentage required to waive, amend or modify any right thereunder or make any determination or grant any consent thereunder, without the prior written consent of each Lender, or (y) the definition of "Required Revolving Lenders" without the prior written consent of each Revolving Lender (it being understood that neither the consent of the Required Lenders nor the consent of any other Lender shall be required in connection with any change to the definition of "Required Revolving Lenders");

(2) release all or substantially all of the Collateral from the Lien granted pursuant to the Loan Documents (except as otherwise permitted herein or in the other Loan Documents, including pursuant to Article VIII), without the prior written consent of each Lender; or

(3) release all or substantially all of the value of the Guarantees under the Loan Guaranty (except as otherwise permitted herein or in the other Loan Documents, including pursuant to Article VIII), without the prior written consent of each Lender;

(C) solely with the consent of the Required Revolving Lenders (but without the consent of the Required Lenders or any other Lender), any such agreement may (x) waive, amend or modify Section 6.12 (or the definition of "First Lien Leverage Ratio" or any component definition thereof, in each case, as any such definition is used solely for purposes of Section 6.12) (other than, in the case of Section 6.12(a), for purposes of determining compliance with such Section as a condition to taking any action under this Agreement), (y) waive, amend or modify any condition precedent set forth in Section 4.02 as it pertains to any Revolving Loan or Letter of Credit and/or (z) waive any Default or Event of Default resulting from any failure to satisfy any condition precedent set forth in Section 4.02 as it pertains to any Revolving Loan or Letter of Credit; and

(D) solely with the consent of each Issuing Bank and, in the case of clause (x), the Administrative Agent, any such agreement may (x) increase or decrease the Letter of Credit Sublimit or (y) waive, amend or modify any condition precedent set forth in Section 4.02 hereof as it pertains to the issuance of any Letter of Credit; and

(E) no such agreement shall amend, modify or otherwise affect the rights or duties of the Administrative Agent, Swingline Lender or any Issuing Bank hereunder without the prior written consent of the Administrative Agent, Swingline Lender or such Issuing Bank, as the case may be.

(c) Notwithstanding the foregoing, this Agreement may be amended:

(i) with the written consent of the Borrower and the Lenders providing the relevant Replacement Term Loans to permit the refinancing or replacement of all or any portion of the outstanding Term Loans under any Class (any such loans being refinanced or replaced, the "Replaced Term Loans") with one or more replacement term loans hereunder ("Replacement Term Loans") pursuant to a Refinancing Amendment; provided that

197

(A) the aggregate principal amount of any Class of Replacement Term Loans shall not exceed the aggregate principal amount of the relevant Replaced Term Loans plus (1) any additional amount permitted to be incurred under Section 6.01 and, to the extent any such additional amount is secured, the related Lien is permitted under Section 6.02 and plus (2) the amount of accrued interest and premium (including tender premium) thereon and underwriting discounts, fees (including upfront fees and original issue discount), commissions and expenses associated therewith),

(B) any Class of Replacement Term Loans must have a final maturity date that is equal to or later than the final maturity date of, and have a Weighted Average Life to Maturity equal to or greater than the Weighted Average Life to Maturity of, the applicable Replaced Term Loans at the time of the relevant refinancing; provided that, at the option of the Borrower, Replacement Term Loans (x) constituting Customary Bridge Loans or Term A Loans, (y) being incurred in connection with a Permitted Acquisition, Investment or other similar transaction or (z) in an aggregate principal amount up to the available Maturity/Weighted Average Life Excluded Amount, in each case, may be incurred without regard to this clause (B).

(C) any Class of Replacement Term Loans may be pari passu with or junior to any then-existing Class of Term Loans in right of payment and pari passu with or junior to such Class of Term Loans with respect to the Collateral or may be unsecured; provided that (x) any Class of Replacement Term Loans that is pari passu with any then-existing Class of Term Loan shall be subject to an Acceptable Intercreditor Agreement and may be, at the option of the Administrative Agent and the Borrower, documented in a separate agreement or agreements and (y) any Class of Replacement Term Loans that is junior to the Initial Term Loans with respect to security shall be pari passu with, or junior to, the Second Lien Term Loans and shall be subject to the Closing Date Intercreditor Agreement,

(D) any Class of Replacement Term Loans that is secured may not be secured by any asset other than the Collateral,

(E) any Class of Replacement Term Loans that is guaranteed may not be guaranteed by any Person that is not a Loan Party,

(F) any Class of Replacement Term Loans that is pari passu with the Initial Term Loans and the Second Amendment Incremental Term Loans in right of

payment and security may participate on a pro rata basis or a less than pro rata basis (but not greater than a pro rata basis) in any mandatory prepayment in respect of the Initial Term Loans and the Second Amendment Incremental Term Loans (and any Additional Term Loans then subject to ratable repayment requirements), in each case as agreed by the Borrower and the Lenders providing the relevant Class of Replacement Term Loans,

(G) any Class of Replacement Term Loans may have pricing (including interest, fees, MFN terms, discounts, rate floors and premiums) and, subject to preceding clause (F), optional prepayment and redemption terms as the Borrower and the lenders providing such Class of Replacement Term Loans may agree, and

(H) the terms and conditions of any Class of Replacement Term Loans (excluding pricing, interest, currency types and denominations, fees, MFN terms, discounts, rate floors, premiums, optional prepayment or redemption terms, security and maturity, subject to preceding clauses (B) through (G)) must be, as reasonably determined in good faith by the Borrower, either (x) consistent with market terms and conditions (taken as a whole) at the time of the incurrence of such Replacement Term Loans or (y) not materially more restrictive on the Borrower and its Restricted Subsidiaries (taken as a whole) than those applicable to the relevant Replaced Term Loans (taken as a whole) (other than covenants or other provisions applicable only to periods after the Latest Term Loan Maturity Date (in each case, as of the date of incurrence of such Class of Replacement Term Loans)) (it being understood that to the extent that any financial maintenance covenant or other term is added for the benefit of the Lenders providing the relevant Class of Replacement Term Loans, the terms and conditions of such Replacement Term Loans will be deemed not to be more restrictive than the terms and conditions of the relevant Replaced Term Loans if such financial maintenance covenant or other term is also added for the benefit of all Classes of Loans remaining outstanding);

198

(ii) with the written consent of the Borrower and the Lenders providing the relevant Replacement Revolving Facility to permit the refinancing or replacement of all or any portion of any Revolving Credit Commitment of any Class (any such Revolving Credit Commitment being refinanced or replaced, a "Replaced Revolving Facility") with a replacement revolving facility hereunder (a "Replacement Revolving Facility") pursuant to a Refinancing Amendment; provided that:

(A) the aggregate maximum amount of any Replacement Revolving Facility shall not exceed the aggregate maximum amount of the relevant Replaced Revolving Facility plus (x) any additional amount permitted to be incurred under Section 6.01 and, to the extent any such additional amount is secured, the related Lien is permitted under Section 6.02 and plus (y) the amount of accrued interest and premium thereon, any committed but undrawn amounts and underwriting discounts, fees (including upfront fees and original issue discount), commissions and expenses associated therewith),

(B) no Replacement Revolving Facility may have a final maturity date (or require commitment reductions) prior to the final maturity date of the relevant Replaced Revolving Facility at the time of such refinancing or require scheduled amortization or mandatory commitment reduction prior to the final maturity date of the Initial Revolving Facility; provided that, at the option of the Borrower, Replacement Revolving Facilities in an aggregate principal amount up to the available Maturity/Weighted Average Life Excluded Amount may be incurred without regard to this clause (B).

(C) any Replacement Revolving Facility may be pari passu with or junior to any then-existing Revolving Credit Commitment in right of payment and pari passu with or junior to any then-existing Revolving Credit Commitment with respect to the Collateral or may be unsecured; provided that (x) any Replacement Revolving Facility that is pari passu with or junior to the Revolving Credit Commitment shall be subject to an Acceptable Intercreditor Agreement and may be, at the option of the Administrative Agent and the Borrower, documented in a separate agreement or agreements and (y) any Replacement Revolving Facility that is junior to any then-existing Revolving Credit Commitment with respect to security shall be pari passu with, or junior to, the Second Lien Term Loans and shall be subject to the Closing Date Intercreditor Agreement,

(D) any Replacement Revolving Facility that is secured may not be secured by any assets other than the Collateral,

(E) any Replacement Revolving Facility that is guaranteed may not be guaranteed by any Person that is not a Loan Party,

199

(F) any Replacement Revolving Facility shall be subject to the "ratability" provisions applicable to Extended Revolving Credit Commitments and Extended Revolving Loans set forth in the proviso to clause (i) of Section 2.23(a), *mutatis mutandis*, to the same extent as if fully set forth in this Section 9.02(c)(ii),

(G) any Replacement Revolving Facility may have pricing (including interest, fees and premiums) and, subject to preceding clause (F), optional prepayment and redemption terms as the Borrower and the lenders providing such Replacement Revolving Facility may agree,

(H) the terms and conditions of any Replacement Revolving Facility (excluding pricing, interest, currency types and denominations, fees, rate floors, premiums, optional prepayment or redemption terms, security and maturity, subject to preceding clauses (B) through (G)) must be, as reasonably determined in good faith by the Borrower, either (x) consistent with market terms and conditions (taken as a whole) at the time of the incurrence of such Replacement Revolving Facility or (y) not materially more restrictive on the Borrower and its Restricted Subsidiaries (taken as a whole) than those applicable to the Replaced Revolving Facility (taken as a whole) (other than covenants or other provisions applicable only to periods after the Latest Revolving Credit Maturity Date (in each case, as of the date of incurrence of the relevant Replacement Revolving Facility)) (it being understood that to the extent that any financial maintenance covenant or other term is added for the benefit of the Lenders providing the Replacement Revolving Facility, the terms and conditions of such Replacement Revolving Facility will be deemed not to be more restrictive than the terms and conditions of the Replaced Revolving Facility if such financial maintenance covenant or other term is also added for the benefit of any remaining Revolving Facility), and

(I) the commitments in respect of the relevant Replaced Revolving Facility shall be terminated, and all loans outstanding thereunder and all fees then due and payable in connection therewith shall be paid in full, in each case on the date any Replacement Revolving Facility is implemented;

provided, further, that, in respect of each of subclauses (i) and (ii) of this clause (C), any Non-Debt Fund Affiliate and Debt Fund Affiliate shall (x) be permitted without the consent of the Administrative Agent to provide any Class of Replacement Term Loans, it being understood that in connection therewith, the relevant Non-Debt Fund Affiliate or Debt Fund Affiliate, as applicable, shall be subject to the restrictions applicable to such Person under Section 9.05 and (y) any Debt Fund Affiliate (but not any Non-Debt Fund Affiliate) may provide any Replacement Revolving Facility.

Each party hereto hereby agrees that this Agreement may be amended by the Borrower, the Administrative Agent and the lenders providing the relevant Class of Replacement Term Loans or the Replacement Revolving Facility, as applicable, to the extent (but only to the extent) necessary to reflect the existence and terms of such Class of Replacement Term Loans or Replacement Revolving Facility, as applicable, incurred or implemented pursuant thereto (including any amendment necessary to treat the loans and commitments subject thereto as a separate "tranche" and "Class" of Loans and/or commitments hereunder). It is understood that any Lender approached to provide all or a portion of any Class of Replacement Term Loans or any Replacement Revolving Facility may elect or decline, in its sole discretion, to provide such Class of Replacement Term Loans or Replacement Revolving Facility.

(d) Notwithstanding anything to the contrary contained in this Section 9.02 or any other provision of this Agreement or any provision of any other Loan Document:

200

(i) the Borrower and the Administrative Agent may, without the input or consent of any Lender, amend, supplement and/or waive any guaranty, collateral security agreement, pledge agreement and/or related document (if any) executed in connection with this Agreement to (A) comply with any Requirement of Law or the advice of counsel or (B) cause any such guaranty, collateral security agreement, pledge agreement or other document to be consistent with this Agreement and/or the relevant other Loan Documents,

(ii) the Borrower and the Administrative Agent may, without the input or consent of any other Lender (other than the relevant Lenders providing Loans under such Sections), effect amendments to this Agreement and the other Loan Documents as may be necessary in the reasonable opinion of the Borrower and the Administrative Agent to (1) effect the provisions of Sections 2.22, 2.23, 5.12, 5.17 and/or 9.02(c), or any other provision specifying that any waiver, amendment or

modification may be made with the consent or approval of the Administrative Agent and/or (2) to add terms (including, without limitation, representations and warranties, conditions, prepayments, covenants or events of default), in connection with the addition of any Loan or Commitment hereunder, that are favorable to the then-existing Lenders, as reasonably determined by the Administrative Agent,

(iii) if the Administrative Agent and the Borrower have jointly identified any ambiguity, mistake, defect, inconsistency, obvious error or any error or omission of a technical nature or any necessary or desirable technical change, in each case, in any provision of any Loan Document, then the Administrative Agent and the Borrower shall be permitted to amend such provision solely to address such matter as reasonably determined by them acting jointly,

(iv) the Administrative Agent and the Borrower may amend, restate, amend and restate or otherwise modify any Acceptable Intercreditor Agreement as provided therein,

(v) the Administrative Agent may amend the Commitment Schedule to reflect assignments entered into pursuant to Section 9.05, Commitment reductions or terminations pursuant to Section 2.09, implementations of Additional Commitments or incurrences of Additional Loans pursuant to Sections 2.22, 2.23 and/or 9.02(c) and reductions or terminations of any such Additional Commitments or Additional Loans,

(vi) no Defaulting Lender shall have any right to approve or disapprove any amendment, waiver or consent hereunder, except as permitted pursuant to Section 2.21(b) and except that the Commitment and any Additional Commitment of any Defaulting Lender may not be increased without the consent of such Defaulting Lender (it being understood that any Commitment or Loan held or deemed held by any Defaulting Lender shall be excluded from any vote hereunder that requires the consent of any Lender, except as expressly provided in Section 2.21(b)),

(vii) this Agreement may be amended (or amended and restated) with the written consent of the Required Lenders, the Administrative Agent and the Borrower (i) to add one or more additional Credit Facilities to this Agreement and to permit any extension of credit from time to time outstanding thereunder and the accrued interest and fees in respect thereof to share ratably in the relevant benefits of this Agreement and the other Loan Documents and (ii) to include appropriately the Lenders holding such credit facilities in any determination of the Required Lenders on substantially the same basis as the Lenders prior to such inclusion, and

(viii) any waiver, amendment or modification of this Agreement that by its terms affects the rights or duties under this Agreement of Lenders holding Loans or Commitments of a particular Class (but not the Lenders holding Loans or Commitments of any other Class) may be effected by an agreement or agreements in writing entered into solely by the Borrower, the Administrative Agent and the requisite percentage in interest of the affected Class of Lenders that would be required to consent thereto under this Section if such Class of Lenders were the only Class of Lenders hereunder at the time.

201

(e) Notwithstanding anything to the contrary herein, in connection with any determination as to whether the requisite Lenders have (A) consented (or not consented) to any amendment or waiver of any provision of this Agreement or any other Loan Document or any departure by any Loan Party therefrom, (B) otherwise acted on any matter related to any Loan Document or (C) directed or required the Administrative Agent or any Lender to undertake any action (or refrain from taking any action) with respect to or under any Loan Document, any Lender (alone or together with its Affiliates (but subject to clause (vi) below)) (other than (x) any Lender that is a Regulated Bank and (y) any Revolving Lender) that, as a result of its (or its Affiliates' (but subject to clause (vi) below)) interest in any total return swap, total rate of return swap, credit default swap or other derivative contract (other than any such total return swap, total rate of return swap, credit default swap or other derivative contract entered into pursuant to bona fide market making activities), has a net short position with respect to the Loans and/or Commitments (each, a "Net Short Lender") shall have no right to vote any of its Loans and Commitments and shall be deemed to have voted its interest as a Lender without discretion in the same proportion as the allocation of voting with respect to such matter by Lenders who are not Net Short Lenders (in each case unless otherwise agreed to by the Borrower). For purposes of determining whether a Lender (alone or together with its Affiliates (but subject to clause (vi) below)) has a "net short position" on any date of determination: (i) derivative contracts with respect to the Loans and Commitments and such contracts that are the functional equivalent thereof shall be counted at the notional amount thereof in Dollars, (ii) notional amounts in other currencies shall be converted to the dollar equivalent thereof by such Lender in a commercially reasonable manner consistent with generally accepted financial practices and based on the prevailing conversion rate (determined on a mid-market basis) on the date of determination, (iii) derivative contracts in respect of an index that includes any Loan Party or any instrument issued or guaranteed by any Loan Party shall not be deemed to create a short position with respect to the Loans and/or Commitments, so long as (x) such index is not created, designed, administered or requested by such Lender or its Affiliates and (y) the Loan Parties and any instrument issued or guaranteed by any of the Loan Parties, collectively, shall represent less than 5% of the components of such index, (iv) derivative transactions that are documented using either the 2014 ISDA Credit Derivatives Definitions or the 2003 ISDA Credit Derivatives Definitions (collectively, the "ISDA CDS Definitions") shall be deemed to create a short position with respect to the Loans and/or Commitments if such Lender or its Affiliates is a protection buyer or the equivalent thereof for such derivative transaction and (x) the Loans or the Commitments are a "Reference Obligation" under the terms of such derivative transaction (whether specified by name in the related documentation, included as a "Standard Reference Obligation" on the most recent list published by Markit, if "Standard Reference Obligation" is specified as applicable in the relevant documentation or in any other manner), (y) the Loans or the Commitments would be a "Deliverable Obligation" under the terms of such derivative transaction or (z) any Loan Party (or its successor) is designated as a "Reference Entity" under the terms of such derivative transactions, (v) credit derivative transactions or other derivatives transactions not documented using the ISDA CDS Definitions shall be deemed to create a short position with respect to the Loans and/or Commitments if such transactions are functionally equivalent to a transaction that offers the Lender or its Affiliates protection in respect of the Loans or the Commitments, or as to the credit quality of any Loan Party (or its successor) other than, in each case, as part of an index so long as (x) such index is not created, designed, administered or requested by such Lender or its Affiliates and (y) the Loan Parties and any instrument issued or guaranteed by any of the Loan Parties, collectively, shall represent less than 5% of the components of such index and (vi) in connection with any such amendment, waiver, action or direction each Lender shall provide a certification or deemed certification to the Administrative Agent and the Borrower that such Lender is not knowingly and intentionally acting in concert with any of its Affiliates (other than any Affiliates designated in writing by such Lender whose interests in the Loans and/or Commitments and/or any applicable total return swap, total rate of return swap, credit default swap or other derivative contract shall be included in determining whether such Lender is a Net Short Lender (each, a "Designated Affiliate")) for the express purpose of creating (and in fact creating) the same economic effect with respect to the Loan Parties as though such Lender were a Net Short Lender at such time, in which case the interests of the Affiliates (other than any Designated Affiliates) of such Lender in the Loans and/or Commitments and/or any applicable total return swap, total rate of return swap, credit default swap or other derivative contract shall not be included in determining whether such Lender is a Net Short Lender. In connection with any such determination, each Lender (other than (x) any Lender that is a Regulated Bank and (y) any Revolving Lender) shall promptly notify the Administrative Agent in writing that it is a Net Short Lender, or shall otherwise be deemed to have represented and warranted to the Borrower and the Administrative Agent that it is not a Net Short Lender (it being understood and agreed that the Administrative Agent shall be entitled to conclusively rely on each such representation and deemed representation and shall have no duty to (x) inquire as to or investigate the accuracy of any such representation or deemed representation, (y) verify any statements in any officer's certificates delivered to it or (z) otherwise ascertain or monitor whether any Lender, Eligible Assignee or Participant or prospective Lender, Eligible Assignee or Participant is a Net Short Lender or make any calculations, investigations or determinations with respect to any derivative contracts and/or net short positions). Without limiting the foregoing, the Administrative Agent shall not be responsible or have any liability for, or have any duty to ascertain, inquire into, monitor or enforce, compliance with the provisions hereof relating to the Net Short Lenders or (B) have any liability with respect to or arising out of any assignment or participation of Loans to any Net Short Lender.

(a) The Borrower shall pay (i) if the Closing Date occurs, all reasonable and documented out-of-pocket expenses incurred by each Arranger, the Administrative Agent and their respective Affiliates (but limited, in the case of legal fees and expenses, to the actual reasonable and documented out-of-pocket fees, disbursements and other charges of Cravath, Swaine & Moore LLP and, if necessary, of one local counsel in any relevant jurisdiction to all such Persons, taken as a whole, and, solely in the case of an actual or potential conflict of interest, one additional counsel to each similarly situated group of affected Persons, taken as a whole, and, if reasonably necessary, one additional local counsel to each similarly situated group of affected Persons, taken as a whole, in each relevant jurisdiction) in connection with the syndication and distribution (including via the Internet or through a service such as Intralinks) of the Credit Facilities, the preparation, execution, delivery and administration of the Loan Documents and any related documentation, including in connection with any amendment, modification or waiver of any provision of any Loan Document (whether or not the transactions contemplated thereby are consummated, but only to the extent the preparation of any such amendment, modification or waiver was requested by the Borrower and except as otherwise provided in a separate writing between the Borrower, the relevant Arranger and/or the Administrative Agent) and (ii) all reasonable and documented out-of-pocket expenses incurred by the Administrative Agent, the Arrangers, the Issuing Banks or the Lenders or any of their respective Affiliates (but limited, in the case of legal fees and expenses, to the actual reasonable and documented out-of-pocket fees, disbursements and other charges of one firm of counsel and, if necessary, of one local counsel in any relevant jurisdiction to all such Persons, taken as a whole) in connection with the enforcement, collection or protection of their respective rights in connection with the Loan Documents, including their respective rights under this Section, or in connection with the Loans made and/or Letters of Credit issued hereunder. Except to the extent required to be paid on the Closing Date, all amounts due under this paragraph (a) shall be payable by the Borrower within 30 days of receipt by the Borrower of an invoice setting forth such expenses in reasonable detail, together with backup documentation supporting the relevant reimbursement request.

(b) The Borrower shall indemnify each Arranger, the Administrative Agent, each Issuing Bank and each Lender, and each Related Party of any of the foregoing Persons (each such Person being called an "Indemnitee") against, and hold each Indemnitee harmless from, any and all losses, claims, damages and liabilities (but limited, in the case of legal fees and expenses, to the actual reasonable and documented out-of-pocket fees, disbursements and other charges of one firm of counsel and, if necessary, of one local counsel in any relevant jurisdiction to all Indemnitees, taken as a whole, and, solely in the case of an actual or potential conflict of interest, one additional counsel to each similarly situated group of affected Persons, taken as a whole, and, if reasonably necessary, one additional local counsel to each similarly situated group of affected Persons, taken as a whole, in each relevant jurisdiction) incurred by or asserted against any Indemnitee arising out of, in connection with, or as a result of any claim, litigation, investigation or proceeding, whether based on contract, tort or any other theory and regardless of whether any Indemnitee is a party thereto (and regardless of whether such matter is initiated by a third party or by the Borrower, any other Loan Party or any of their respective Affiliates) relating to (i) the execution or delivery of the Loan Documents or any agreement or instrument contemplated thereby, the performance by the parties hereto of their respective obligations thereunder or the consummation of the Transactions or any other transactions contemplated hereby or thereby and/or the enforcement of the Loan Documents, (ii) the use or the proposed use of the proceeds of the Loans or any Letter of Credit or (iii) any actual or alleged Release, threatened Release or presence of Hazardous Materials on, at, under or from any property currently or formerly owned, leased or operated by the Borrower, any of its Restricted Subsidiaries or any other Loan Party or any other Environmental Liability to the extent related to the Borrower, any of its Restricted Subsidiaries or any other Loan Party; provided that such indemnity shall not, as to any Indemnitee, be available to the extent that any such loss, claim, damage, or liability (i) is determined by a final and non-appealable judgment of a court of competent jurisdiction to have resulted from the gross negligence, bad faith or willful misconduct of such Indemnitee, or to the extent such judgment finds that any such loss, claim, damage, or liability has resulted from such Person's material breach of the Loan Documents or (ii) arises out of any claim, litigation, investigation or proceeding brought by such Indemnitee against another Indemnitee (other than any claim, litigation, investigation or proceeding that is brought by or against the Administrative Agent or any Arranger, acting in its capacity as the Administrative Agent or as an Arranger) that does not arise out of any act or omission of the Sponsors, Holdings, the Borrower or any of its subsidiaries. Notwithstanding the foregoing, each Indemnitee shall be obligated to refund and return any and all amounts paid by the Borrower pursuant to this Section 9.03(b) to such Indemnitee for any fees, expenses, or damages to the extent such Indemnitee is not entitled to payment thereof in accordance with the terms hereof. All amounts due under this paragraph (b) shall be payable by the Borrower within 30 days (x) after receipt by the Borrower of a written demand therefor, in the case of any indemnification obligations and (y) in the case of reimbursement of costs and expenses, after receipt by the Borrower of an invoice setting forth such costs and expenses in reasonable detail, together with backup documentation supporting the relevant reimbursement request. This Section 9.03(b) shall not apply to Taxes other than any Taxes that represent losses, claims, damages or liabilities in respect of a non-Tax claim.

(c) The Borrower shall not be liable for any settlement of any proceeding effected without the written consent of the Borrower (which consent shall not be unreasonably withheld, delayed or conditioned (it being understood that the withholding of consent due to non-satisfaction of either of the conditions described in clauses (i) and (ii) of the following sentence (with "Borrower" being substituted for "Indemnitee" in each such clause) shall be deemed reasonable)), but if any proceeding is settled with the written consent of the Borrower, or if there is a final judgment against any Indemnitee in any such proceeding, the Borrower agrees to indemnify and hold harmless each Indemnitee to the extent and in the manner set forth above. The Borrower shall not, without the prior written consent of the affected Indemnitee (which consent shall not be unreasonably withheld, conditioned or delayed), effect any settlement of any pending or threatened proceeding in respect of which indemnity could have been sought hereunder by such Indemnitee unless (i) such settlement includes an unconditional release of such Indemnitee from all liability or claims that are the subject matter of such proceeding and (ii) such settlement does not include any statement as to any admission of fault or culpability of the relevant Indemnitee.

203

(d) No indemnitee referred to above shall be liable for any damages arising from the use by unintended recipients of any information or other materials distributed by it through telecommunications, electronic or other information transmission systems in connection with this Agreement or the other Loan Documents or the transactions contemplated hereby or thereby except to the extent the liability of any such person is found in a final ruling by a court of competent jurisdiction to have resulted from such person's gross negligence or willful misconduct.

Section 9.04 Waiver of Claim. To the extent permitted by applicable Requirements of Law, no party to this Agreement shall assert, and each hereby waives, any claim against any other party hereto, any Loan Party and/or any Related Party of any thereof, on any theory of liability, for special, indirect, consequential or punitive damages (including, without limitation, any loss of profits, business or anticipated savings) (as opposed to direct or actual damages) arising out of, in connection with, or as a result of, this Agreement or any agreement or instrument contemplated hereby, the Transactions, any Loan or any Letter of Credit or the use of the proceeds thereof, except, in the case of any claim by any Indemnitee against the Borrower, to the extent such damages are included in any claim by a third party unaffiliated with any of parties hereto that would otherwise be subject to indemnification pursuant to the terms of Section 9.03.

Section 9.05 Successors and Assigns.

(a) The provisions of this Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and permitted assigns; provided that (i) except in a transaction permitted under Section 6.07(a), the Borrower may not assign or otherwise transfer any of its rights or obligations hereunder without the prior written consent of each Lender (and any attempted assignment or transfer by the Borrower without such consent shall be null and void) and (ii) no Lender may assign or otherwise transfer its rights or obligations hereunder except in accordance with the terms of this Section 9.05 (any attempted assignment or transfer not complying with the terms of this Section 9.05 shall be null and void). Nothing in this Agreement, expressed or implied, shall be construed to confer upon any Person (other than the parties hereto, their respective successors and permitted assigns, to the extent provided in paragraph (c) of this Section 9.05, Participants and, to the extent expressly contemplated hereby, the Related Parties of each of the Arrangers, the Administrative Agent, the Swingline Lenders, the Issuing Banks and the Lenders) any legal or equitable right, remedy or claim under or by reason of this Agreement.

(b) (i) Subject to the conditions set forth in paragraph (b)(ii) below, any Lender may assign to one or more Eligible Assignees all or a portion of its rights and obligations under this Agreement (including all or a portion of any Additional Loan or Additional Commitment added pursuant to Sections 2.22, 2.23 and/or 9.02(c)) at the time owing to it) with the prior written consent of:

(A) the Borrower (such consent not to be unreasonably withheld or delayed); provided that (x) the Borrower shall be deemed to have consented to any assignment of Term Loans unless it has objected thereto by written notice to the Administrative Agent within 15 Business Days after receipt of written notice thereof and (y) the consent of the Borrower shall not be required for any assignment (1) of Term Loans or Term Commitments to any Term Lender, any Affiliate of any Term Lender or an Approved Fund, (2) of Term Loans or Term Commitments to the Sponsors, any Affiliate of the Sponsors or Holdings or any of its Subsidiaries or (3) at any time when a Specified Event of Default (with respect to the Borrower) exists;

204

(B) the Administrative Agent (such consent not to be unreasonably withheld or delayed); provided that no consent of the Administrative Agent shall be required for any assignment (1) to another Lender, any Affiliate of a Lender or any Approved Fund or (2) to the Sponsors, any Affiliate of the Sponsors or Holdings or any of its Subsidiaries in accordance with the terms of this Agreement; and

(C) in the case of any Revolving Credit Commitment, each Issuing Bank and Swingline Lender, not to be unreasonably withheld or delayed.

(ii) Assignments shall be subject to the following additional conditions:

(A) except in the case of any assignment to another Lender, any Affiliate of any Lender or any Approved Fund or any assignment of the entire remaining amount of the relevant assigning Lender's Loans or Commitments of any Class, the principal amount of Loans or Commitments of the assigning Lender subject to the relevant assignment (determined as of the date on which the Assignment and Assumption with respect to such assignment is delivered to the Administrative Agent and determined on an aggregate basis in the event of concurrent assignments to Related Funds or by Related Funds) shall not be less than (x) \$1,000,000, in the case of Term Loans and Term Commitments and (y) \$5,000,000, in the case of Revolving Loans and Revolving Credit Commitments, unless the Borrower and the Administrative Agent otherwise consent;

(B) any partial assignment shall be made as an assignment of a proportionate part of all the relevant assigning Lender's rights and obligations under this Agreement;

(C) the parties to each assignment shall execute and deliver to the Administrative Agent an Assignment and Assumption via an electronic settlement system acceptable to the Administrative Agent (or, if previously agreed with the Administrative Agent, manually), and shall pay to the Administrative Agent a processing and recordation fee of \$3,500 (which fee may be waived or reduced in the sole discretion of the Administrative Agent);

(D) the relevant Eligible Assignee, if it is not a Lender, shall deliver on or prior to the effective date of such assignment, to the Administrative Agent (1) an

Administrative Questionnaire and (2) any IRS form required under Section 2.17; and

(E) assignments of all or any portion of the Revolving Credit Commitment of a Lender that is also a Swingline Lender or an Issuing Bank may be made; provided that, unless the Borrower otherwise agrees, (1) the assignee (or any Lender with a Revolving Credit Commitment who agrees to act in such capacity) shall be or become a Swingline Lender and/or an Issuing Bank, as applicable, and assume a ratable portion of such assignor's Swingline Commitment and/or LC Commitment and its rights and obligations in its capacity as Swingline Lender and/or Issuing Bank or (2) the assignor agrees, in its discretion, to retain all of its rights with respect to, and obligations to make or issue, Swingline Loans and Letters of Credit hereunder in which case the Swingline Exposure and/or LC Exposure, as applicable, of such assignor may exceed such assignor's Revolving Credit Commitment for purposes of Section 2.04(a) and Section 2.05(b) by an amount not to exceed the difference between the assignor's Revolving Credit Commitment prior to such assignment and the assignor's Revolving Credit Commitment following such assignment.

205

(iii) Subject to the acceptance and recording thereof pursuant to paragraph (b)(iv) of this Section 9.05, from and after the effective date specified in any Assignment and Assumption, the Eligible Assignee thereunder shall be a party hereto and, to the extent of the interest assigned pursuant to such Assignment and Assumption, have the rights and obligations of a Lender under this Agreement, and the assigning Lender thereunder shall, to the extent of the interest assigned by such Assignment and Assumption, be released from its obligations under this Agreement (and, in the case of an Assignment and Assumption covering all of the assigning Lender's rights and obligations under this Agreement, such Lender shall cease to be a party hereto but shall continue to be (A) entitled to the benefits of Sections 2.15, 2.16, 2.17 and 9.03 with respect to facts and circumstances occurring on or prior to the effective date of such assignment and (B) subject to its obligations thereunder and under Section 9.13). If any assignment by any Lender holding any Promissory Note is made after the issuance of such Promissory Note, the assigning Lender shall, upon the effectiveness of such assignment or as promptly thereafter as practicable, surrender such Promissory Note to the Administrative Agent for cancellation, and, following such cancellation, if requested by either the assignee or the assigning Lender, the Borrower shall issue and deliver a new Promissory Note to such assignee and/or to such assigning Lender, with appropriate insertions, to reflect the new commitments and/or outstanding Loans of the assignee and/or the assigning Lender.

(iv) The Administrative Agent, acting for this purpose as a non-fiduciary agent of the Borrower, shall maintain at one of its offices a copy of each Assignment and Assumption delivered to it and a register for the recordation of the names and addresses of the Lenders and their respective successors and assigns, and the commitment of, and principal amount and interest on the Loans and LC Disbursements owing to, each Lender or Issuing Bank pursuant to the terms hereof from time to time (the "Register"). Failure to make any such recordation, or any error in such recordation, shall not affect the Borrower's obligations in respect of such Loans and LC Disbursements. The entries in the Register shall be conclusive, absent manifest error, and the Borrower, the Administrative Agent, the Issuing Banks and the Lenders shall treat each Person whose name is recorded in the Register pursuant to the terms hereof as a Lender hereunder for all purposes of this Agreement, notwithstanding notice to the contrary. The Register shall be available for inspection by the Borrower, each Issuing Bank and each Lender (but only as to its own holdings), at any reasonable time and from time to time upon reasonable prior notice. The parties intend that all Loans will be at all times maintained in "registered form" within the meaning of Sections 163(f), 871(h)(2) and 881(c)(2) of the Code and any related Treasury Regulation (or any other relevant or successor provisions of the Code or of such Treasury Regulation).

(v) Upon its receipt of a duly completed Assignment and Assumption executed by an assigning Lender and an Eligible Assignee, the Eligible Assignee's completed Administrative Questionnaire and any tax certification required by Section 9.05(b)(ii)(D)(2) (unless the assignee is already a Lender hereunder), the processing and recordation fee referred to in paragraph (b) of this Section 9.05, if applicable, and any written consent to the relevant assignment required by paragraph (b) of this Section 9.05, the Administrative Agent shall promptly accept such Assignment and Assumption and record the information contained therein in the Register. No assignment shall be effective for purposes of this Agreement unless it has been recorded in the Register as provided in paragraph (b) of this Section 9.05.

206

(vi) By executing and delivering an Assignment and Assumption, the assigning Lender and the Eligible Assignee thereunder shall be deemed to confirm and agree with each other and the other parties hereto as follows: (A) the assigning Lender warrants that it is the legal and beneficial owner of the interest being assigned thereby free and clear of any adverse claim and that the amount of its commitments, and the outstanding balances of its Loans, in each case without giving effect to any assignment thereof which has not become effective, are as set forth in such Assignment and Assumption, (B) except as set forth in clause (A) above, the assigning Lender makes no representation or warranty and assumes no responsibility with respect to any statement, warranty or representation made in or in connection with this Agreement, or the execution, legality, validity, enforceability, genuineness, sufficiency or value of this Agreement, any other Loan Document or any other instrument or document furnished pursuant hereto, or the financial condition of the Borrower or any Restricted Subsidiary or the performance or observance by the Borrower or any Restricted Subsidiary of any of its obligations under this Agreement, any other Loan Document or any other instrument or document furnished pursuant hereto, (C) the assignee represents and warrants that it is an Eligible Assignee, legally authorized to enter into such Assignment and Assumption and that it is not a Disqualified Institution or an Affiliate of a Disqualified Institution, (D) the assignee confirms that it has received a copy of this Agreement and any Acceptable Intercreditor Agreement, together with copies of the financial statements referred to in Section 4.01(c) or the most recent financial statements delivered pursuant to Section 5.01, as applicable, and such other documents and information as it has deemed appropriate to make its own credit analysis and decision to enter into such Assignment and Assumption, (E) the assignee will independently and without reliance upon the Administrative Agent, the Arrangers, the assigning Lender or any other Lender and based on such documents and information as it deems appropriate at the time, continue to make its own credit decisions in taking or not taking action under this Agreement, (F) if the assignee is a Foreign Lender, attached to such Assignment and Assumption is any documentation required to be delivered by it pursuant to the terms of this Agreement, duly completed and executed by the assignee, (G) if the assignee is not already a Lender under this Agreement, attached to the Assignment and Assumption is a customary administrative questionnaire in the form provided by the Administrative Agent, (H) the assignee has attached to such Assignment and Assumption any tax documentation (including without limitation the IRS forms, any FATCA documentation, and, if applicable, a U.S. Tax Compliance Certificate) required to be delivered by it pursuant to the terms of this Agreement, duly completed and executed by it, (I) the assignee appoints and authorizes the Administrative Agent to take such action as agent on its behalf and to exercise such powers under this Agreement as are delegated to or conferred upon the Administrative Agent, by the terms hereof, together with such powers as are reasonably incidental thereto, and (J) the assignee agrees that it will perform in accordance with their terms all the obligations which by the terms of this Agreement are required to be performed by it as a Lender.

(vii) Any assignment by a Lender of rights or obligations under this Agreement that does not comply with this Section 9.05(b) shall be treated for purposes of this Agreement as a sale by such Lender of a participation in such rights and obligations in accordance Section 9.05(c).

(c) (i) Any Lender may, without the consent of the Borrower, the Administrative Agent, any Issuing Bank or any other Lender, sell participations to any bank or other entity (other than to any Disqualified Institution (provided that the list of Disqualified Institutions (other than any "reasonably identifiable affiliate" (on the basis of such Affiliate's name) included in the definition of "Disqualified Institution") is made available to any Lender who specifically requests a copy thereof), any natural Person or, other than with respect to any participation to any Debt Fund Affiliate (any such participations to a Debt Fund Affiliate being subject to the limitation set forth in the first proviso of the last paragraph set forth in Section 9.05(g)), as if the limitation applied to such participations), the Borrower or any of its Affiliates) (a "Participant") in all or a portion of such Lender's rights and obligations under this Agreement (including all or a portion of its commitments and the Loans owing to it); provided that (A) such Lender's obligations under this Agreement shall remain unchanged, (B) such Lender shall remain solely responsible to the other parties hereto for the performance of such obligations and (C) the Borrower, the Administrative Agent, the Issuing Banks and the other Lenders shall continue to deal solely and directly with such Lender in connection with such Lender's rights and obligations under this Agreement. Any agreement or instrument pursuant to which any Lender sells such a participation shall provide that such Lender shall retain the sole right to enforce this Agreement and to approve any amendment, modification or waiver of any provision of this Agreement; provided that such agreement or instrument may provide that such Lender will not, without the consent of the relevant Participant, agree to any amendment, modification or waiver described in (x) clause (A) of the first proviso to Section 9.02(b) that directly and adversely affects the Loans or commitments in which such Participant has an interest or (y) any of clauses (B)(1), (2) or (3) of the first proviso to Section 9.02(b). Subject to paragraph (c)(ii) of this Section, the Borrower agrees that each Participant shall be entitled to the benefits of Sections 2.15, 2.16 and 2.17 (subject to the limitations and requirements of such Sections and Section 2.19) to the same extent as if it were a Lender and had acquired its interest by assignment pursuant to paragraph (b) of this Section (it being understood that the documentation required under Section 2.17(e) is delivered solely to the participating Lender, and if additional amounts are required to be paid pursuant to Section 2.17(a) or Section 2.17(b), to the Borrower and the Administrative Agent). To the extent permitted by applicable Requirements of Law, each Participant also shall be entitled to the benefits of Section 9.09 as though it were a Lender; provided that such Participant shall be subject to Section 2.18(c) as though it were a Lender.

207

(ii) No Participant shall be entitled to receive any greater payment under Section 2.15, 2.16 or 2.17 than the participating Lender would have been

entitled to receive with respect to the participation sold to such Participant, except to the extent such entitlement to receive a greater payment results from a Change in Law that occurs after the Participant acquired the applicable participation unless the sale of the participation to such Participant is made with the Borrower's prior written consent expressly acknowledging that such Participant's entitlement to benefits under Sections 2.15, 2.16 and 2.17 is not limited to what the participating Lender would have been entitled to receive absent the participation.

Each Lender that sells a participation shall, acting solely for this purpose as a non-fiduciary agent of the Borrower, maintain a register on which it enters the name and address of each Participant and its respective successors and registered assigns, and the principal and interest amounts of each Participant's interest in the Loans or other obligations under the Loan Documents (a "Participant Register"); provided that no Lender shall have any obligation to disclose all or any portion of any Participant Register (including the identity of any Participant or any information relating to any Participant's interest in any Commitment, Loan, Letter of Credit or any other obligation under any Loan Document) to any Person except to the extent that such disclosure is necessary to establish that such Commitment, Loan, Letter of Credit or other obligation is in registered form under Section 5f.103-1(c) of the US Treasury Regulations. The entries in the Participant Register shall be conclusive absent manifest error, and each Lender shall treat each Person whose name is recorded in the Participant Register as the owner of such participation for all purposes of this Agreement notwithstanding any notice to the contrary. For the avoidance of doubt, the Administrative Agent (in its capacity as Administrative Agent) shall have no responsibility for maintaining a Participant Register.

(d) (i) Any Lender may at any time pledge or assign a security interest in all or any portion of its rights under this Agreement (other than to any Disqualified Institution (provided that the list of Disqualified Institutions (other than any "reasonably identifiable affiliate" (on the basis of such Affiliate's name) included in the definition of "Disqualified Institution") is made available to any Lender who specifically requests a copy thereof) or any natural person) to secure obligations of such Lender, including without limitation any pledge or assignment to secure obligations to any Federal Reserve Bank or other central bank having jurisdiction over such Lender, and this Section 9.05 shall not apply to any such pledge or assignment of a security interest; provided that no such pledge or assignment of a security interest shall release any Lender from any of its obligations hereunder or substitute any such pledgee or assignee for such Lender as a party hereto.

208

(e) Notwithstanding anything to the contrary contained herein, any Lender (a "Granting Lender") may grant to a special purpose funding vehicle (an "SPC"), identified as such in writing from time to time by the Granting Lender to the Administrative Agent and the Borrower, the option to provide to the Borrower all or any part of any Loan that such Granting Lender would otherwise be obligated to make to the Borrower pursuant to this Agreement; provided that (i) nothing herein shall constitute a commitment by any SPC to make any Loan, (ii) if an SPC elects not to exercise such option or otherwise fails to provide all or any part of such Loan, the Granting Lender shall be obligated to make such Loan pursuant to the terms hereof and (iii) in no event may any Lender grant any option to provide to the Borrower all or any part of any Loan that such Granting Lender would have otherwise been obligated to make to the Borrower pursuant to this Agreement to any Disqualified Institution. The making of any Loan by an SPC hereunder shall utilize the Commitment of the Granting Lender to the same extent, and as if, such Loan were made by such Granting Lender. Each party hereto hereby agrees that (A) neither the grant to any SPC nor the exercise by any SPC of such option shall increase the costs or expenses or otherwise increase or change the obligations of the Borrower under this Agreement (including its obligations under Section 2.15, 2.16 or 2.17) and no SPC shall be entitled to any greater amount under Section 2.15, 2.16 or 2.17 or any other provision of this Agreement or any other Loan Document than the Granting Lender would have been entitled to receive, except to the extent an entitlement to receive a greater payment results from a Change in Law that occurs after the grant to the SPC, unless the grant to such SPC is made with the prior written consent of the Borrower expressly acknowledging that such SPC's entitlement to benefits under Sections 2.15, 2.16 and 2.17 is not limited to what the Granting Lender would have been entitled to receive absent the grant to the SPC, (B) no SPC shall be liable for any indemnity or similar payment obligation under this Agreement (all liability for which shall remain with the Granting Lender) and (C) the Granting Lender shall for all purposes including approval of any amendment, waiver or other modification of any provision of the Loan Documents, remain the Lender of record hereunder. In furtherance of the foregoing, each party hereto hereby agrees (which agreement shall survive the termination of this Agreement) that, prior to the date that is one year and one day after the payment in full of all outstanding commercial paper or other senior indebtedness of any SPC, it will not institute against, or join any other Person in instituting against, such SPC any bankruptcy, reorganization, arrangement, insolvency or liquidation proceedings under the Requirements of Law of the US or any State thereof; provided that (x) such SPC's Granting Lender is in compliance in all material respects with its obligations to the Borrower hereunder and (y) each Lender designating any SPC hereby agrees to indemnify, save and hold harmless each other party hereto for any loss, cost, damage or expense arising out of its inability to institute such a proceeding against such SPC during such period of forbearance. In addition, notwithstanding anything to the contrary contained in this Section 9.05, any SPC may (1) with notice to, but without the prior written consent of, the Borrower or the Administrative Agent and without paying any processing fee therefor, assign all or a portion of its interests in any Loan to the Granting Lender and (2) disclose on a confidential basis any non-public information relating to its Loans to any rating agency, commercial paper dealer or provider of any surety, guaranty or credit or liquidity enhancement to such SPC.

(f) If any assignment or participation under this Section 9.05 is made to any Disqualified Institution (other than any Bona Fide Debt Fund) without the Borrower's prior written consent (any such person, a "Disqualified Person"), then the Borrower may, at its sole expense and effort, upon notice to the applicable Disqualified Person and the Administrative Agent, (A) terminate any Commitment of such Disqualified Person and cause the Borrower to repay all obligations of the Borrower owing to such Disqualified Person, (B) in the case of any outstanding Term Loans held by such Disqualified Person, purchase such Term Loans by paying the lesser of (x) par and (y) the amount that such Disqualified Person paid to acquire such Term Loans, plus accrued interest thereon, accrued fees and all other amounts payable to it hereunder and/or (C) require such Disqualified Person to assign, without recourse (in accordance with and subject to the restrictions contained in this Section 9.05), all of its interests, rights and obligations under this Agreement to one or more Eligible Assignees; provided that (I) in the case of clause (B), the applicable Disqualified Person has received payment of an amount equal to the lesser of (1) par and (2) the amount that such Disqualified Person paid for the applicable Loans and participations in Letters of Credit, plus accrued interest thereon, accrued fees and all other amounts payable to it hereunder from the Borrower, (II) in the case of clauses (A) and (B), the Borrower shall be liable to the relevant Disqualified Person under Section 2.16 if any Adjusted Term SOFR Loan owing to such Disqualified Person is repaid or purchased other than on the last day of the Interest Period relating thereto and (III) in the case of clause (C), the relevant assignment shall otherwise comply with this Section 9.05 (except that (x) no registration and processing fee required under this Section 9.05 shall be required with any assignment pursuant to this paragraph and (y) any Term Loan acquired by any Affiliated Lender pursuant to this paragraph will not be included in calculating compliance with the Affiliated Lender Cap for a period of 90 days following such transfer; provided that, to the extent the aggregate principal amount of Term Loans held by Affiliated Lenders exceeds the Affiliated Lender Cap on the 91st day following such transfer, then such excess amount shall either be (x) contributed to Holdings, the Borrower or any of its subsidiaries and retired and cancelled immediately upon such contribution or (y) automatically cancelled). Nothing in this Section 9.05(f) shall be deemed to prejudice any right or remedy that Holdings or the Borrower may otherwise have at law or equity. The Administrative Agent shall have no responsibility or liability for monitoring or enforcing the list of Disqualified Institutions or for any assignment or participation to a Disqualified Person. The Administrative Agent shall not be responsible or have any liability for, or have any duty to ascertain, inquire into, monitor or enforce, compliance with the provisions hereof relating to Disqualified Lenders. Without limiting the generality of the foregoing, the Administrative Agent shall not (A) be obligated to ascertain, monitor or inquire as to whether any Lender, Eligible Assignee or Participant or prospective Lender, Assignee or Participant is a Disqualified Institution or (B) have any liability with respect to or arising out of any assignment or participation of Loans, or disclosure of confidential information (including Information), to any Disqualified Person.

209

(g) Notwithstanding anything to the contrary contained herein, any Lender may, at any time, assign all or a portion of its rights and obligations under this Agreement in respect of its Term Loans to any Affiliated Lender on a non-pro rata basis (A) through Dutch Auction open to all Lenders holding the relevant Term Loans on a pro rata basis or (B) through open market purchases, in each case with respect to clauses (A) and (B), without the consent of the Administrative Agent; provided that:

(i) any Term Loans acquired by Holdings, the Borrower or any of its Restricted Subsidiaries shall, to the extent permitted by applicable Requirements of Law, be retired and cancelled immediately upon the acquisition thereof; provided that upon any such retirement and cancellation, the aggregate outstanding principal amount of the Term Loans shall be deemed reduced by the full par value of the aggregate principal amount of the Term Loans so retired and cancelled, and each principal repayment installment with respect to the Term Loans pursuant to Section 2.10(a) shall be reduced on a pro rata basis by the full par value of the aggregate principal amount of Term Loans so cancelled;

(ii) any Term Loans acquired by any Non-Debt Fund Affiliate may (but shall not be required to) be contributed to Holdings, the Borrower or any of its subsidiaries (it being understood that any Term Loans so contributed shall, to the extent permitted by applicable Requirements of Law, be retired and cancelled promptly upon such contribution); provided that upon any such cancellation, the aggregate outstanding principal amount of the Term Loans shall be deemed reduced, as of the date of such contribution, by the full par value of the aggregate principal amount of the Term Loans so contributed and cancelled, and each principal repayment installment with respect to the Term Loans pursuant to Section 2.10(a) shall be reduced pro rata by the full par value of the aggregate principal amount of Term Loans so contributed and cancelled;

(iii) the relevant Affiliated Lender and assigning Lender shall have executed an Affiliated Lender Assignment and Assumption;

210

(iv) after giving effect to the relevant assignment and to all other assignments to all Affiliated Lenders, the aggregate principal amount of all Term Loans then held by all Affiliated Lenders shall not exceed 30% of the aggregate principal amount of the Term Loans then outstanding (after giving effect to any substantially simultaneous cancellations thereof) (the "Affiliated Lender Cap"); provided that each party hereto acknowledges and agrees that the Administrative Agent shall not be liable for any losses, damages, penalties, claims, demands, actions, judgments, suits, costs, expenses and disbursements of any kind or nature whatsoever incurred or suffered by any Person in connection with any compliance or non-compliance with this clause (g)(iv) or any purported assignment exceeding the Affiliated Lender Cap (it being understood and agreed that the Affiliated Lender Cap is intended to apply to any Loan made available to Affiliated Lenders by means other than formal assignment (e.g., as a result of an acquisition of another Lender (other than any Debt Fund Affiliate) by any Affiliated Lender or the provision of Additional Term Loans by any Affiliated Lender)); provided, further, that to the extent that any assignment to any Affiliated Lender would result in the aggregate principal amount of Term Loans held by Affiliated Lenders exceeding the Affiliated Lender Cap (after giving effect to any substantially simultaneous cancellation thereof), the assignment of the relevant excess amount shall be null and void;

(v) in connection with any assignment effected pursuant to a Dutch Auction and/or open market purchase conducted by Holdings, the Borrower or any of its Restricted Subsidiaries, (A) the relevant Person may not use the proceeds of any Revolving Loans to fund such assignment, (B) no Default or Event of Default exists at the time of acceptance of bids for the Dutch Auction or the entry into a binding agreement with respect to the relevant open market purchase, as applicable, and (C) such offer shall have been made to all Term Lenders with respect to the Class of Term Loans subject to such Dutch Auction; and

(vi) by its acquisition of Term Loans, each relevant Affiliated Lender shall be deemed to have acknowledged and agreed that:

(A) the Term Loans held by such Affiliated Lender shall be disregarded in both the numerator and denominator in the calculation of any Required Lender or other Lender vote (and the Term Loans held by such Affiliated Lender shall be deemed to be voted pro rata along with the other Lenders that are not Affiliated Lenders); provided that (x) such Affiliated Lender shall have the right to vote (and the Term Loans held by such Affiliated Lender shall not be so disregarded) with respect to any amendment, modification, waiver, consent or other action that requires the vote of all Lenders or all Lenders directly and adversely affected thereby, as the case may be, and (y) no amendment, modification, waiver, consent or other action shall (1) disproportionately affect such Affiliated Lender in its capacity as a Lender as compared to other Lenders of the same Class that are not Affiliated Lenders or (2) deprive any Affiliated Lender of its share of any payments which the Lenders are entitled to share on a pro rata basis hereunder, in each case without the consent of such Affiliated Lender; and

(B) such Affiliated Lender, solely in its capacity as an Affiliated Lender, will not be entitled to (i) attend (including by telephone) or participate in any meeting or discussion (or portion thereof) solely among the Administrative Agent and any Lender or solely among Lenders and, in each case, to which the Loan Parties and their representatives are not invited, or (ii) receive any information or material prepared by the Administrative Agent or any Lender or any communication by or among the Administrative Agent and one or more Lenders, except to the extent such information or materials have been made available by the Administrative Agent or any Lender to any Loan Party or its representatives (and in any case, other than the right to receive notices of Borrowings, prepayments and other administrative notices in respect of its Term Loans required to be delivered to Lenders pursuant to Article II);

211

(vii) no Affiliated Lender shall be required to represent or warrant that, as of the date of any such purchase or assignment, it is not in possession of material non-public information with respect to Holdings, the Borrower and/or any subsidiary thereof and/or their respective securities in connection with any assignment permitted by this Section 9.05(g); and

(viii) in any proceeding under any Debtor Relief Law, the interest of any Affiliated Lender in any Term Loan will be deemed to be voted in the same proportion as the vote of Lenders that are not Affiliated Lenders on the relevant matter and each Affiliated Lender hereby acknowledges, agrees and consents that if, for any reason, its vote to accept or reject any plan pursuant to the U.S. Bankruptcy Code is not deemed to have been so voted, then such vote will be (i) deemed not to be in good faith and (ii) "designated" pursuant to Section 1126(e) of the U.S. Bankruptcy Code such that the vote is not counted in determining whether the applicable class has accepted or rejected such plan in accordance with Section 1126(c) of the U.S. Bankruptcy Code; provided that each Affiliated Lender will be entitled to vote its interest in any Term Loan for any plan of reorganization or other arrangement with respect to which the relevant vote being sought proposes to treat the interest of such Affiliated Lender in such Term Loan in a manner that is less favorable to such Affiliated Lender than the proposed treatment of Term Loans held by other Term Lenders.

Notwithstanding anything to the contrary contained herein, any Lender may, at any time, assign all or a portion of its rights and obligations under this Agreement in respect of its Term Loans and/or Term Commitments to any Debt Fund Affiliate, and any Debt Fund Affiliate may, from time to time, purchase Loans and/or Commitments (x) on a non-pro rata basis through Dutch Auctions open to all applicable Lenders or (y) on a non-pro rata basis through open market purchases without the consent of the Administrative Agent, in each case, notwithstanding the requirements set forth in subclauses (i) through (viii) of this clause (g); provided that the Loans and Commitments held by all Debt Fund Affiliates shall not account for more than 49.9% of the amounts included in determining whether the Required Lenders have (A) consented to any amendment, modification, waiver, consent or other action with respect to any of the terms of any Loan Document or any departure by any Loan Party therefrom, (B) otherwise acted on any matter related to any Loan Document or (C) directed or required the Administrative Agent or any Lender to undertake any action (or refrain from taking any action) with respect to or under any Loan Document; it being understood and agreed that the portion of the Loan and/or Commitments that accounts for more than 49.9% of the relevant Required Lender action shall be deemed to be voted pro rata along with other Lenders that are not Debt Fund Affiliates. Any Loans acquired by any Debt Fund Affiliate may (but shall not be required to) be contributed to Holdings, the Borrower or any of its subsidiaries for purposes of cancelling such indebtedness (it being understood that any Loans so contributed shall be retired and cancelled immediately upon thereof); provided that upon any such cancellation, the aggregate outstanding principal amount of the relevant Class of Loans shall be deemed reduced, as of the date of such contribution, by the full par value of the aggregate principal amount of the Loans so contributed and cancelled, and each principal repayment installment with respect to the Term Loans pursuant to Section 2.10(a) shall be reduced pro rata by the full par value of the aggregate principal amount of any applicable Term Loans so contributed and cancelled.

Section 9.06 Survival. All covenants, agreements, representations and warranties made by the Loan Parties in the Loan Documents and in the certificates or other instruments delivered in connection with or pursuant to this Agreement or any other Loan Document shall be considered to have been relied upon by the other parties hereto and shall survive the execution and delivery of the Loan Documents and the making of any Loan and issuance of any Letter of Credit regardless of any investigation made by any such other party or on its behalf and notwithstanding that the Administrative Agent may have had notice or knowledge of any Default or Event of Default or incorrect representation or warranty at the time any credit is extended hereunder, and shall continue in full force and effect until the Termination Date. The provisions of Sections 2.15, 2.16, 2.17, 9.03 and 9.13 and Article VIII shall survive and remain in full force and effect regardless of the consummation of the transactions contemplated hereby, the repayment of the Loans, the expiration or termination of the Letters of Credit and the Revolving Credit Commitment, the occurrence of the Termination Date or the termination of this Agreement or any provision hereof but in each case, subject to the limitations set forth in this Agreement.

212

Section 9.07 Counterparts; Integration; Effectiveness. This Agreement may be executed in counterparts (and by different parties hereto on different counterparts), each of which shall constitute an original, but all of which when taken together shall constitute a single contract. This Agreement, the other Loan Documents and the Fee Letter and any separate letter agreements with respect to fees payable to the Administrative Agent constitute the entire agreement among the parties relating to the subject matter hereof and supersede any and all previous agreements and understandings, oral or written, relating to the subject matter hereof. This Agreement shall become effective when it has been executed by Holdings, the Borrower and the Administrative Agent and when the Administrative Agent has received counterparts hereof which, when taken together, bear the signatures of each of the other parties hereto, and thereafter shall be binding upon and inure to the benefit of the parties hereto and their respective successors and permitted assigns. Delivery of an executed counterpart of a signature page to this Agreement by facsimile or by email as a ".pdf" or ".tif" attachment shall be effective as delivery of a manually executed counterpart of this Agreement.

Section 9.08 Severability. To the extent permitted by applicable Requirements of Law, any provision of any Loan Document held to be invalid, illegal or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such invalidity, illegality or unenforceability without affecting the validity, legality and enforceability of the remaining provisions thereof; and the invalidity of a particular provision in a particular jurisdiction shall not invalidate such provision in any other jurisdiction.

Section 9.09 Right of Setoff. At any time when an Event of Default exists, upon the written consent of the Administrative Agent and each Issuing Bank, each Lender and each of their respective Affiliates is hereby authorized at any time and from time to time, to the fullest extent permitted by applicable Requirements of Law, to set off and apply any and all deposits (general or special, time or demand, provisional or final) at any time held and other obligations (in any currency) at any time owing by the Administrative

Agent, such Issuing Bank or such Lender to or for the credit or the account of any Loan Party against any and all of the Secured Obligations then due and owing held by the Administrative Agent, such Issuing Bank, such Lender or their respective Affiliates, irrespective of whether or not the Administrative Agent, such Issuing Bank or such Lender shall have made any demand under the Loan Documents and although such obligations are owed to a branch or office of such Lender or Issuing Bank different than the branch or office holding such deposit or obligation on such Indebtedness. Any applicable Lender or Issuing Bank shall promptly notify the Borrower and the Administrative Agent of such set-off or application; provided that any failure to give or any delay in giving such notice shall not affect the validity of any such set-off or application under this Section. The rights of each Lender, each Issuing Bank, the Administrative Agent and each of their respective Affiliates under this Section are in addition to other rights and remedies (including other rights of setoff) which such Lender, such Issuing Bank, the Administrative Agent or their respective Affiliates may have.

Section 9.13 Confidentiality. Each of the Administrative Agent, each Lender, each Issuing Bank and each Arranger agrees (and each Lender agrees to cause its SPC, if any) to maintain the confidentiality of the Confidential Information (as defined below), except that Confidential Information may be disclosed (a) to its Affiliates and its and their respective limited partners, lenders, investors, managed accounts and rating agencies and to the respective directors, officers, managers, members, accountants, agents, employees, independent auditors, or other experts and advisors of it or any of the foregoing, including accountants, legal counsel and other advisors (collectively, the "Representatives") on a "need to know" basis solely in connection with the transactions contemplated hereby or in connection with the administration, evaluation or monitoring of the Commitments and/or Loans of the relevant Person hereunder and who are informed of the confidential nature of the Confidential Information and are or have been advised of their obligation to keep the Confidential Information of this type confidential; provided that such Person shall be responsible for its Affiliates' and its and their respective Representatives' compliance with this paragraph with respect to any information provided to the applicable Representative by the relevant disclosing Person; provided, further, that unless the Borrower otherwise consents, no such disclosure shall be made by the Administrative Agent, any Issuing Bank, any Arranger, any Lender or any Affiliate or Representative thereof to any Affiliate or Representative of the Administrative Agent, any Issuing Bank, any Arranger, or any Lender that is a Disqualified Institution (other than, if applicable, any senior employee who is required, in accordance with industry regulations or the relevant Disqualified Institution's internal policies and procedures, to act in a supervisory capacity and the internal legal, compliance, risk management, credit or investment committee members of the relevant Disqualified Institution), (b) to the extent compelled by legal process in, or reasonably necessary to, the defense of such legal, judicial or administrative proceeding, in any legal, judicial or administrative proceeding or otherwise as required by applicable Requirements of Law (in which case such Person shall, (i) to the extent permitted by applicable Requirements of Law, inform the Borrower promptly in advance thereof and (ii) use commercially reasonable efforts to ensure that any such information so disclosed is accorded confidential treatment), (c) upon the demand or request of any regulatory or governmental authority (including any self-regulatory body and including the National Insurance Commissioners Association) purporting to have jurisdiction over such Person or its Affiliates (in which case such Person shall, except with respect to any audit or examination conducted by bank accountants or any Governmental Authority or regulatory or self-regulatory authority exercising examination or regulatory authority, to the extent permitted by applicable Requirements of Law, (i) inform the Borrower promptly in advance thereof and (ii) use commercially reasonable efforts to ensure that any information so disclosed is accorded confidential treatment, (d) to any other party to this Agreement, (e) subject to an acknowledgment and agreement by the relevant recipient that the Confidential Information is being disseminated on a confidential basis (on substantially the terms set forth in this paragraph or as otherwise reasonably acceptable to the Borrower and the Administrative Agent, including as set forth

in the Information Memorandum) in accordance with the standard syndication process of the Arrangers or market standards for dissemination of the relevant type of information, which shall in any event require "click through" or other affirmative action on the part of the recipient to access the Confidential Information and acknowledge its confidentiality obligations in respect thereof (with the disclosing party, to the extent such recipient's compliance is within its control, being responsible for such compliance), to (i) any Eligible Assignee of or Participant in, or any prospective Eligible Assignee of or prospective Participant in, any of its rights or obligations under this Agreement, including any SPC (in each case other than a Disqualified Institution; provided that the list of Disqualified Institutions may, upon their reasonable request, be made available to any prospective Eligible Assignee or prospective Participant on a confidential basis so that any such prospective Eligible Assignee or prospective Participant may represent and warrant that it is not a Disqualified Institution or an Affiliate of a Disqualified Institution), (ii) any pledgee referred to in [Section 9.05](#), (iii) any actual or prospective, direct or indirect contractual counterparty (or its advisors) to any Derivative Transaction (including any credit default swap, total return swap or total rate of return swap) or similar derivative product to which any Loan Party is a party and (iv) subject to the Borrower's prior approval of the information to be disclosed (not to be unreasonably withheld or delayed), to Moody's or S&P on a confidential basis in connection with obtaining or maintaining ratings as required under [Section 5.13](#), (f) with the prior written consent of the Borrower, (g) to the extent the Confidential Information becomes publicly available other than as a result of a breach of this Section by such Person, its Affiliates or their respective Representatives, (h) to any rating agency when required by it or the CUSIP Service Bureau or any similar agency in connection with the issuance or monitoring of CUSIP numbers or other market identifiers with respect to the Credit Facilities provided hereunder and (i) to market data collectors, similar services providers to the lending industry, and service providers to the Administrative Agent and the Lenders in connection with the administration and management of this Agreement and the other Loan Documents. For purposes of this Section, "Confidential Information" means all information relating to Holdings, the Borrower and/or any of its subsidiaries and their respective businesses or the Transactions (including any information obtained by the Administrative Agent, any Issuing Bank, any Lender or any Arranger, or any of their respective Affiliates or Representatives, based on a review of any books and records relating to Holdings, the Borrower and/or any of its subsidiaries and their respective Affiliates from time to time, including prior to the date hereof) other than any such information that is publicly available to the Administrative Agent or any Arranger, Issuing Bank, or Lender on a non-confidential basis prior to disclosure by Holdings, the Borrower or any of its subsidiaries. For the avoidance of doubt, in no event shall any disclosure of any Confidential Information be made to Person that is a Disqualified Institution at the time of disclosure.

[Section 9.14 No Fiduciary Duty.](#) Each of the Administrative Agent, the Arrangers, each Lender, each Issuing Bank and their respective Affiliates (collectively, solely for purposes of this paragraph, the "Lenders"), may have economic interests that conflict with those of the Loan Parties, their stockholders and/or their respective Affiliates. Each Loan Party agrees that nothing in the Loan Documents or otherwise will be deemed to create an advisory, fiduciary or agency relationship or fiduciary or other implied duty between any Lender, on the one hand, and such Loan Party, its respective stockholders or its respective affiliates, on the other. Each Loan Party acknowledges and agrees that: (i) the transactions contemplated by the Loan Documents (including the exercise of rights and remedies hereunder and thereunder) are arm's-length commercial transactions between the Lenders, on the one hand, and the Loan Parties, on the other, and (ii) in connection therewith and with the process leading thereto, (x) no Lender, in its capacity as such, has assumed an advisory or fiduciary responsibility in favor of any Loan Party, its respective stockholders or its respective affiliates with respect to the transactions contemplated hereby (or the exercise of rights or remedies with respect thereto) or the process leading thereto (irrespective of whether any Lender has advised, is currently advising or will advise any Loan Party, its respective stockholders or its respective Affiliates on other matters) or any other obligation to any Loan Party except the obligations expressly set forth in the Loan Documents and (y) each Lender, in its capacity as such, is acting solely as principal and not as the agent or fiduciary of such Loan Party, its respective management, stockholders, creditors or any other Person. Each Loan Party acknowledges and agrees that such Loan Party has consulted its own legal, tax and financial advisors to the extent it deemed appropriate and that it is responsible for making its own independent judgment with respect to such transactions and the process leading thereto.

[Section 9.15 Several Obligations.](#) The respective obligations of the Lenders hereunder are several and not joint and the failure of any Lender to make any Loan, issue any Letter of Credit or perform any of its obligations hereunder shall not relieve any other Lender from any of its obligations hereunder.

[Section 9.16 Anti-Money Laundering Legislation.](#)

(a) Each Lender that is subject to the requirements of the USA PATRIOT Act or any other applicable anti-money laundering, anti-terrorist financing, government sanction and "know your client" Requirement of Law (collectively, "[AML Legislation](#)") and the Administrative Agent (for itself and not on behalf of any Lender) hereby notifies the Loan Parties that pursuant to the requirements of the AML Legislation, it is required to obtain, verify and record information that identifies each Loan Party, which information includes the name and address of such Loan Party and other information that will allow such Lender or the Administrative Agent to identify such Loan Party in accordance with the such AML Legislation. The Borrower shall promptly provide and cause its subsidiaries that are Loan Parties to provide such information as may be reasonably requested by any Lender or the Administrative Agent (for itself and not on behalf of any Lender), or any prospective assignee of any Lender or the Administrative Agent, in order to comply with such AML Legislation, whether now or hereafter in existence. This notice is given in accordance with the requirements of the AML Legislation and is effective as to the Lenders and the Administrative Agent.

(b) If, upon the written request of any Lender, the Administrative Agent has ascertained the identity of the Borrower or any other Loan Party or any authorized signatory of such Person for the purposes of applicable AML Legislation on such Lender's behalf, then the Administrative Agent:

(i) shall be deemed to have done so as an agent for such Lender, and this Agreement shall constitute a "written agreement" in such regard between such Lender and the Administrative Agent within the meaning of applicable AML Legislation; and

(ii) shall provide to such Lender copies of all information obtained in such regard without any representation or warranty as to its accuracy or completeness.

(c) Notwithstanding anything to the contrary in this [Section 9.16](#), each of the Lenders agrees that the Administrative Agent has no obligation to ascertain the identity of the Borrower or any other Loan Party or any authorized signatory of such Person, on behalf of any Lender, or to confirm the completeness or accuracy of any information it obtains from any such person or any such authorized signatory in doing so.

[Section 9.17 Disclosure of Agent Conflicts.](#) Each Loan Party, each Issuing Bank and each Lender hereby acknowledge and agree that the Administrative Agent and/or its Affiliates from time to time may hold investments in, make other loans to or have other relationships with any of the Loan Parties and their respective Affiliates.

[Section 9.18 Appointment for Perfection; Release of Liens and Guarantees.](#)

(a) Each Lender hereby appoints each other Lender and each Issuing Bank as its agent for the purpose of perfecting Liens for the benefit of the Administrative Agent, the Issuing Banks and the Lenders, in assets which, in accordance with Article 9 of the UCC or any other applicable Requirement of Law can be perfected only by possession. If any Lender or Issuing Bank (other than the Administrative Agent) obtains possession of any Collateral, such Lender, Issuing Bank shall notify the Administrative Agent thereof and, promptly upon the Administrative Agent's request therefor shall deliver such Collateral to the Administrative Agent or otherwise deal with such Collateral in accordance with the Administrative Agent's instructions.

(b) The Liens on any property granted to or held by the Administrative Agent under any Loan Document (x) shall be automatically released (i) upon the occurrence of the Termination Date, (ii) upon the sale or transfer of such property in connection with any Disposition permitted under the Loan Documents to a Person that is not a Loan Party, (iii) upon such property becoming an Excluded Asset, (iv) if the property subject to such Lien is owned by a Subsidiary Guarantor, upon the release of such Subsidiary Guarantor from its Guarantee under the Loan Guaranty otherwise in accordance with the Loan Documents and (y) shall be released by the Administrative Agent as expressly set forth in [Article VIII](#) in connection with the approval, authorization or ratification in writing by the Required Lenders approving such release (or the release of a Subsidiary Guarantor owning such property) in accordance with [Section 9.02](#).

(c) Any Subsidiary Guarantor shall be automatically released from all its obligations under the Loan Documents (including its Guarantee under the Loan Guaranty) (i) in the case of any Subsidiary Guarantor, upon the consummation of any permitted transaction or series of related transactions if as a result thereof such Subsidiary Guarantor ceases to be a Restricted Subsidiary or, upon written request by a Responsible Officer of the Borrower, becomes an Excluded Subsidiary (including upon the effectiveness of any approval, authorization or ratification in writing by the Required Lenders approving such release in accordance with [Section 9.02](#)) and/or (ii) upon the occurrence of the Termination Date.

[Section 9.19 Interest Rate Limitation.](#) Notwithstanding anything herein to the contrary, if at any time the interest rate applicable to any Loan or Letter of Credit, together with all fees, charges and other amounts which are treated as interest on such Loan or Letter of Credit under applicable Requirements of Law (collectively the "[Charged Amounts](#)"), shall exceed the maximum lawful rate (the "[Maximum Rate](#)") which may be contracted for, charged, taken, received or reserved by the Lender or Issuing Bank holding such Loan or Letter of Credit in accordance with applicable Requirements of Law, the rate of interest payable in respect of such Loan or Letter of Credit hereunder, together with all Charged Amounts payable in respect thereof, shall be limited to the Maximum Rate and, to the extent lawful, the interest and Charged Amounts that would have been payable

in respect of such Loan or Letter of Credit but were not payable as a result of the operation of this Section shall be cumulated and the interest and Charged Amounts payable to such Lender or Issuing Bank in respect of other Loans or Letters of Credit shall be increased (but not above the Maximum Rate therefor) until such cumulated amount, together with interest thereon at the Federal Funds Effective Rate to the date of repayment, have been received by such Lender or Issuing Bank.

Section 9.20 Intercreditor Agreements. REFERENCE IS MADE TO THE CLOSING DATE INTERCREDITOR AGREEMENT AND EACH OTHER ACCEPTABLE INTERCREDITOR AGREEMENT (IF ANY). EACH LENDER AND ISSUING BANK HEREUNDER AGREES THAT IT WILL BE BOUND BY AND WILL TAKE NO ACTIONS CONTRARY TO THE PROVISIONS OF THE CLOSING DATE INTERCREDITOR AGREEMENT AND ANY OTHER ACCEPTABLE INTERCREDITOR AGREEMENT AND AUTHORIZES AND INSTRUCTS THE ADMINISTRATIVE AGENT TO ENTER INTO THE CLOSING DATE INTERCREDITOR AGREEMENT AND ANY OTHER ACCEPTABLE INTERCREDITOR AGREEMENT IN THE CAPACITY OTHERWISE PERMITTED HEREUNDER AND ON BEHALF OF SUCH LENDER OR ISSUING BANK. THE PROVISIONS OF THIS SECTION 9.20 ARE NOT INTENDED TO SUMMARIZE ALL RELEVANT PROVISIONS OF THE CLOSING DATE INTERCREDITOR AGREEMENT AND ANY OTHER ACCEPTABLE INTERCREDITOR AGREEMENT. REFERENCE MUST BE MADE TO THE CLOSING DATE INTERCREDITOR AGREEMENT AND ANY OTHER ACCEPTABLE INTERCREDITOR AGREEMENT TO UNDERSTAND ALL TERMS AND CONDITIONS THEREOF. EACH LENDER AND ISSUING BANK IS RESPONSIBLE FOR MAKING ITS OWN ANALYSIS AND REVIEW OF THE CLOSING DATE INTERCREDITOR AGREEMENT AND ANY OTHER ACCEPTABLE INTERCREDITOR AGREEMENT AND THE TERMS AND PROVISIONS THEREOF, AND NEITHER THE ADMINISTRATIVE AGENT NOR ANY OF ITS AFFILIATES MAKES ANY REPRESENTATION TO ANY LENDER OR ISSUING BANK AS TO THE SUFFICIENCY OR ADVISABILITY OF THE PROVISIONS CONTAINED IN THE CLOSING DATE INTERCREDITOR AGREEMENT AND ANY OTHER ACCEPTABLE INTERCREDITOR AGREEMENT.

Section 9.21 Conflicts. Notwithstanding anything to the contrary contained herein or in any other Loan Document, in the event of any conflict or inconsistency between this Agreement and any other Loan Document, the terms of this Agreement shall govern and control; provided that in the case of any conflict or inconsistency between the Closing Date Intercreditor Agreement or any other Acceptable Intercreditor Agreement and any Loan Document, the terms of the Closing Date Intercreditor Agreement or such other Acceptable Intercreditor Agreement (as applicable) shall govern and control.

Section 9.22 Effectiveness of the Target Merger. The Target shall have no rights or obligations hereunder until the consummation of the Acquisition and its merger with Merger Sub pursuant to the Target Merger and any representations and warranties of the Target hereunder shall not become effective until such time. Upon consummation of the Acquisition, the Target shall succeed to all the rights and obligations of Merger Sub under this Agreement and the other Loan Documents to which it is a party and all representations and warranties of the Target shall become effective as of the date hereof, without any further action by any Person.

Section 9.23 Effectiveness of the Closing Date Borrower Assumption.

(a) Effective upon the consummation of the Acquisition and the Target Merger, the Target hereby assign all rights and obligations (including the Obligations) of Merger Sub and the Target under this Agreement and the Fee Letter to the Company, effective upon the consummation of the Acquisition, and the Company hereby assumes all the rights and obligations (including the Obligations) of the Target under this Agreement and the Fee Letter and agrees that thereafter it shall be the "Borrower" under, and for all purposes of, this Agreement, the Fee Letter and the other Loan Documents and neither Merger Sub nor the Target shall continue to be the "Borrower" under this Agreement, the Fee Letter or the other Loan Documents (collectively, the "Closing Date Borrower Assumption"). From and after the Closing Date Borrower Assumption, the Target is hereby released from all the Obligations of the "Borrower" under this Agreement, the Fee Letter and the other Loan Documents.

(b) Neither the Target nor the Company shall have any rights or obligations hereunder until the consummation of the Acquisition, the Target Merger and the Closing Date Borrower Assumption and any representations and warranties of the Borrower (other than Merger Sub) hereunder shall not become effective until such time. Upon consummation of the Acquisition, the Target Merger and the Closing Date Borrower Assumption, the Company shall succeed to all the rights and obligations of Merger Sub and the Target under this Agreement and the other Loan Documents to which it is a party and all representations and warranties of the Company in its capacity as the Borrower shall become effective as of the date hereof, without any further action by any Person.

Section 9.24 Effectiveness of the Closing Date Holdings Assumption.

(a) Effective upon the consummation of the Acquisition, Initial Holdings hereby assigns all rights and obligations (including the Obligations) of Initial Holdings under this Agreement and the Fee Letter to BNVC Holdings, Inc., effective upon the consummation of the Acquisition, and BNVC Holdings, Inc. hereby assumes all the rights and obligations (including the Obligations) of Initial Holdings under this Agreement and the Fee Letter and agrees that thereafter it shall be "Holdings" under, and for all purposes of, this Agreement, the Fee Letter and the other Loan Documents and Initial Holdings shall no longer continue to be "Holdings" under this Agreement, the Fee Letter or the other Loan Documents (collectively, the "Closing Date Holdings Assumption"). From and after the Closing Date Holdings Assumption, Initial Holdings is hereby released from all the Obligations of "Holdings" under this Agreement, the Fee Letter and the other Loan Documents.

(b) Holdings shall have no rights or obligations hereunder until the consummation of the Acquisition and the Closing Date Holdings Assumption and any representations and warranties of Holdings (other than Initial Holdings) hereunder shall not become effective until such time. Upon consummation of the Acquisition and the Closing Date Holdings Assumption, BNVC Holdings, Inc. shall succeed to all the rights and obligations of Initial Holdings under this Agreement and the other Loan Documents to which it is a party and all representations and warranties of BNVC Holdings, Inc. in its capacity as Holdings shall become effective as of the date hereof, without any further action by any Person.

Section 9.25 Acknowledgement and Consent to Bail-In of EEA Financial Institutions. Notwithstanding anything to the contrary in any Loan Document or in any other agreement, arrangement or understanding among any such parties, each party hereto acknowledges that any liability of any EEA Financial Institution arising under any Loan Document, to the extent such liability is unsecured, may be subject to the write-down and conversion powers of an EEA Resolution Authority and agrees and consents to, and acknowledges and agrees to be bound by:

(a) the application of any Write-Down and Conversion Powers by an EEA Resolution Authority to any such liabilities arising hereunder which may be payable to it by any party hereto that is an EEA Financial Institution; and

(b) the effects of any Bail-In Action on any such liability, including, if applicable:

(i) a reduction in full or in part or cancellation of any such liability;

(ii) a conversion of all, or a portion of, such liability into shares or other instruments of ownership in such EEA Financial Institution, its parent entity, or a bridge institution that may be issued to it or otherwise conferred on it, and that such shares or other instruments of ownership will be accepted by it in lieu of any rights with respect to any such liability under this Agreement or any other Loan Document; or

(iii) the variation of the terms of such liability in connection with the exercise of the write-down and conversion powers of any EEA Resolution Authority.

Section 9.26 Acknowledgement Regarding Any Supported QFCs. To the extent that the Loan Documents provide support, through a guarantee or otherwise, for hedging agreements or any other agreement or instrument that is a QFC (such support, "QFC Credit Support"), and each such QFC, a "Supported QFC"), the parties acknowledge and agree as follows with respect to the resolution power of the Federal Deposit Insurance Corporation under the Federal Deposit Insurance Act and Title II of the Dodd-Frank Wall Street Reform and Consumer Protection Act (together with the regulations promulgated thereunder, the "U.S. Special Resolution Regimes") in respect of such Supported QFC and QFC Credit Support (with the provisions below applicable notwithstanding that the Loan Documents and any Supported QFC may in fact be stated to be governed by the laws of the State of New York and/or of the United States or any other state of the United States):

In the event a Covered Entity that is party to a Supported QFC (each, a "Covered Party") becomes subject to a proceeding under a U.S. Special Resolution Regime, the

transfer of such Supported QFC and the benefit of such QFC Credit Support (and any interest and obligation in or under such Supported QFC and such QFC Credit Support, and any rights in property securing such Supported QFC or such QFC Credit Support) from such Covered Party will be effective to the same extent as the transfer would be effective under the U.S. Special Resolution Regime if the Supported QFC and such QFC Credit Support (and any such interest, obligation and rights in property) were governed by the laws of the United States or a state of the United States. In the event a Covered Party or a BHC Act Affiliate of a Covered Party becomes subject to a proceeding under a U.S. Special Resolution Regime, Default Rights under the Loan Documents that might otherwise apply to such Supported QFC or any QFC Credit Support that may be exercised against such Covered Party are permitted to be exercised to no greater extent than such Default Rights could be exercised under the U.S. Special Resolution Regime if the Supported QFC and the Loan Documents were governed by the laws of the United States or a state of the United States. Without limitation of the foregoing, it is understood and agreed that rights and remedies of the parties with respect to a Defaulting Lender shall in no event affect the rights of any Covered Party with respect to a Supported QFC or any QFC Credit Support.

FIRST AMENDMENT, dated as of December 2, 2019 (this " **Agreement**"), to the First Lien Credit Agreement, dated as of October 22, 2019 (as amended, restated, amended and restated, supplemented, or otherwise modified from time to time, the "**Credit Agreement**"), by and among Derby Parent, Inc., a Delaware corporation ("**Initial Holdings**"), after giving effect to the Closing Date Holdings Assumption (as defined therein), BNVC Holdings, Inc., a Delaware corporation (together with Initial Holdings, collectively, "**Holdings**"), Derby Merger Sub, Inc., a Delaware corporation ("**Merger Sub**"), after giving effect to the Target Merger (as defined therein), BNVC Group Holdings, Inc., a Delaware corporation (the "**Target**"), after giving effect to the Closing Date Borrower Assumption (as defined therein), Navicure, Inc., a Delaware corporation (together with Merger Sub and the Target, collectively the "**Borrower**"), the financial institutions from time to time party thereto, JPMorgan Chase Bank, N.A., as Administrative Agent (in such capacity, the "**Administrative Agent**"), and JPMorgan Chase Bank, N.A., Barclays Bank PLC and Deutsche Bank AG New York Branch, as Issuing Banks.

ARTICLE I Pursuant to Section 2.22(a) of the Credit Agreement, the Borrower has requested that the Person set forth on Schedule I hereto (the "**Incremental Term Loan Lender**") extend additional senior secured first lien incremental term loans to the Borrower in an aggregate principal amount equal to \$100,000,000 (the "**Incremental Term Loans**"). The Borrower has appointed JPMorgan Chase Bank, N.A. as lead arranger and joint bookrunner and appointed Barclays Bank PLC and Deutsche Bank Securities, Inc. as joint bookrunners for the Incremental Term Loans.

ARTICLE II The Incremental Term Loan Lender is willing to provide the Incremental Term Loans to the Borrower on the First Amendment Closing Date (as defined in Section 5 hereof) on the terms set forth herein and in the Credit Agreement and subject to the conditions set forth herein.

ARTICLE III The Incremental Term Loans shall have the same terms (other than with respect to issue price) as, and become part of the same Class of Term Loans as, the Initial Term Loans outstanding under the Credit Agreement immediately prior to the effectiveness of this Agreement.

ARTICLE IV The proceeds of the Incremental Term Loans will be used, together with cash on hand of the Borrower, (a) to finance the acquisition (the "**Acquisition**") and the related transactions contemplated by the Agreement and Plan of Merger, dated November 13, 2019, among the wholly-owned direct Subsidiary of the Borrower, Zirmed, Inc., Bighorn Merger Sub, Inc., Recondo Technology, Inc. and the Seller Representative (as defined therein) (the "**Acquisition Agreement**") and (b) to pay related fees and expenses incurred in connection herewith and therewith. Accordingly, in consideration of the mutual agreements herein contained and other good and valuable consideration, the sufficiency and receipt of which are hereby acknowledged, the parties hereto agree as follows:

Section 4.01 Definitions. Capitalized terms used but not defined in this Agreement have the meanings assigned thereto in the Credit Agreement. The provisions of Section 1.03 of the Credit Agreement are hereby incorporated by reference herein, *mutatis mutandis*. This Agreement shall be an "Incremental Facility Agreement" for all purposes of the Credit Agreement, and shall be a "Loan Document" for all purposes of the Credit Agreement and the other Loan Documents. The Incremental Term Loan Lender shall, upon the effectiveness of this Agreement in accordance with Section 5 hereof, be a party to the Credit Agreement, have the rights and obligations of a Lender thereunder, and shall be a "Lender" for all purposes of the Credit Agreement and the other Loan Documents.

Section 4.02 Incremental Term Loans.

(a) Incremental Term Loans. On the terms and subject to the conditions set forth herein, the Incremental Term Loan Lender hereby agrees to make Incremental Term Loans to the Borrower on the First Amendment Closing Date in an aggregate principal amount set forth opposite its name under the heading "Incremental Term Commitment" on Schedule I hereto (each, an "**Incremental Term Commitment**" and collectively, the "**Incremental Term Commitments**"). It is understood and agreed that, once funded, the Incremental Term Loans shall be added to (and form part of) each Term Borrowing of outstanding Term Loans on a *pro rata* basis (based on the relative sizes of the various outstanding Borrowings), so that each Term Lender will participate proportionately in each then outstanding Term Borrowing. Interest will begin accruing on the Incremental Term Loans on the First Amendment Closing Date. Unless previously terminated, the Incremental Term Commitments shall terminate at 5:00 p.m., New York City time, on the First Amendment Closing Date. Amounts borrowed under this Section 2(a) and repaid or prepaid may not be reborrowed.

(b) The Incremental Term Loans shall be an "Incremental Facility" for all purposes of the Credit Agreement and the other Loan Documents. The Incremental Term Loans shall have the same terms applicable to, and shall constitute, "Loans", "Initial Term Loans", "Term Loans" and "Additional Term Loans" under the Credit Agreement. From and after the First Amendment Closing Date, the Incremental Term Loan Lender shall constitute an "Initial Term Lender", a "Term Lender", an "Additional Lender" and a "Lender" for all purposes of the Credit Agreement and the other Loan Documents.

Section 4.03 Amendments to the Credit Agreement. Subject to the satisfaction or waiver of the conditions set forth in Section 5 hereof, the Credit Agreement is hereby amended as follows:

(a) Section 1.01 of the Credit Agreement is hereby amended by inserting the following definitions in the appropriate alphabetical order therein:

"First Amendment" means the First Amendment, dated as of December 2, 2019, among the Borrower, Holdings, the Guarantors party thereto, the Administrative Agent and the Lenders party thereto.

"First Amendment Closing Date" has the meaning assigned to such term in the First Amendment.

"First Amendment Incremental Term Lender" has the meaning assigned to the term "Incremental Term Loan Lender" in the First Amendment.

"First Amendment Incremental Term Loans" has the meaning assigned to the term "Incremental Term Loans" in the First Amendment.

"Recondo Acquisition" means the acquisition of Recondo Technology, Inc. by the wholly-owned direct Subsidiary of the Borrower, Zirmed, Inc., to be consummated pursuant to the terms of that certain Agreement and Plan of Merger, dated as of November 13, 2019 by and among Zirmed, Inc., Bighorn Merger Sub, Inc., Recondo Technology, Inc. and the Seller Representative (as defined therein).

(b) Section 1.01 of the Credit Agreement is hereby amended by amending and restating the definition of "Initial Term Loans" in its entirety to read as follows:

"Initial Term Loans": means (i) prior to the First Amendment Closing Date, the term loans made by the Initial Term Lenders to the Initial Borrower pursuant to Section 2.01(a)(i) on the Closing Date and (ii) on and after the First Amendment Closing Date, the collective reference to (a) the term loans made by the Initial Term Lenders to the Initial Borrower pursuant to Section 2.01(a)(i) on the Closing Date and (b) the First Amendment Incremental Term Loans made on the First Amendment Closing Date.

(c) Section 1.01 of the Credit Agreement is hereby amended by inserting "the First Amendment," after "this Agreement," in the definition of "Loan Documents".

(d) Section 2.01(a)(i) of the Credit Agreement is hereby amended by inserting "or, in the case of the First Amendment Incremental Term Loans, on the First Amendment Closing Date" after "Closing Date" in such subclause (a)(i).

(e) Section 2.09(a)(i) of the Credit Agreement is hereby amended by inserting "or, in the case of the First Amendment Incremental Term Loans, on the First Amendment Closing Date" after "Closing Date" in each instance where such term appears in such subclause (a)(i).

(f) Section 3.19 of the Credit Agreement is hereby replaced in its entirety as follows:

"3.19 Use of Proceeds. The Borrower shall use the proceeds of (a) the Initial Term Loans to finance the Transactions (including to pay Transaction Costs), (b) the Revolving Loans and Swingline Loans (i) on the Closing Date to pay a portion of the Transaction Costs, (ii) on and after the Closing Date for working capital purposes and (iii) after the Closing Date for general corporate purposes (including any purpose not prohibited by this Agreement), (c) the First Amendment Incremental Term Loans incurred on the First Amendment Closing Date, together with cash on hand of the Borrower, (i) to finance the Recondo Acquisition and (ii) to pay related fees and expenses incurred in connection therewith and with the First Amendment, and (d) any Incremental Facility for working capital and other general corporate purposes, including the financing of Permitted Acquisitions, other Investments and any other use not prohibited by this Agreement."

3

(g) Section 5.11 of the Credit Agreement is hereby amended by adding the following clause (e) to the end of such Section 5.11:

"(e) The Borrower shall use the proceeds of the First Amendment Incremental Term Loans incurred on the First Amendment Closing Date, together with cash on hand of the Borrower, (i) to finance the Recondo Acquisition and (ii) to pay related fees and expenses incurred in connection therewith and with the First Amendment.

Section 4.04 Representations and Warranties. To induce the other parties hereto to enter into this Agreement, Holdings and the Borrower hereby jointly and severally represent and warrant to the Administrative Agent and each Lender that, as of the First Amendment Closing Date:

(a) Holdings and the Borrower have the organizational power and authority, and the legal right, to enter into this Agreement and to carry out the transactions contemplated by, and perform its obligations under, this Agreement, the Credit Agreement and the other Loan Documents;

(b) Holdings and the Borrower have taken all necessary organizational action to authorize the execution, delivery and performance of this Agreement;

(c) This Agreement has been duly executed and delivered on behalf of Holdings and the Borrower and constitutes the legal, valid and binding obligation of Holdings and the Borrower, enforceable against Holdings and the Borrower in accordance with its terms, except as enforceability may be limited by any applicable bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the enforcement of creditor's rights generally, by general equitable principles (whether enforcement is sought by proceedings in equity or at law) and by general principles of good faith and fair dealing; and

(d) Each of the representations and warranties made by any Loan Party in or pursuant to the Loan Documents are true and correct in all material respects on and as of the First Amendment Closing Date as if made on and as of such date, except for representations and warranties expressly stated to relate to a specified date, in which case such representations and warranties are true and correct in all material respects as of such earlier date (it being understood and agreed that the reference in Section 3.12 of the Credit Agreement to "the Closing Date, immediately after the consummation of the Transactions to occur on the Closing Date" shall be deemed to refer instead to "the First Amendment Closing Date, immediately after giving effect to the transactions to be consummated on the First Amendment Closing Date").

4

Section 4.05 Conditions Precedent to Effectiveness of this Agreement. This Agreement shall become effective on the first date (the "**First Amendment Closing Date**") on which the following conditions precedent are satisfied or waived:

(a) the Administrative Agent (or its counsel) shall have received counterparts of this Agreement that, when taken together, bear the signatures of (1) the Borrower, (2) Holdings, (3) the Reaffirming Loan Parties (as defined in Section 7 hereof), (4) the Administrative Agent and (5) the Incremental Term Loan Lender;

(b) all fees and expenses in connection with this Agreement or under any other Loan Document or other agreement with the Borrower relating to the transactions contemplated hereby (including reasonable and documented out-of-pocket legal fees and expenses required to be paid by the Borrower pursuant to Section 9.03(a) of the Credit Agreement) payable by the Borrower on or before the First Amendment Closing Date shall have been paid to the extent then due; provided that any such expenses shall be required to be paid, as a condition precedent to the First Amendment Closing Date, only to the extent invoiced at least two (2) Business Days prior to the First Amendment Closing Date;

(c) the Administrative Agent shall have received a duly executed officer's certificate of the Borrower certifying, as of the First Amendment Closing Date, that (A) each of the representations and warranties set forth in Section 4 above are true and correct on and as of the First Amendment Closing Date and (B) no Default or Event of Default has occurred and is continuing both before and immediately after giving effect to this Agreement and the transactions contemplated hereby;

(d) the Administrative Agent shall have received the following:

a copy of a short form certificate of the Secretary of State or other applicable Governmental Authority of the jurisdiction in which each Loan Party is organized, dated reasonably near the First Amendment Closing Date, certifying that such Loan Party is duly organized and in good standing or full force and effect under the laws of such jurisdiction; and

a certificate of the Secretary, Assistant Secretary or other appropriate Responsible Officer of each Loan Party, dated the First Amendment Closing Date and certifying (1) (x) that attached thereto is a true and complete copy of the by-laws of such Loan Party as in effect on the First Amendment Closing Date and at all times since a date prior to the date of the resolutions described in clause (2) below or (y) that the by-laws of such Loan Party provided in the certificate delivered on the Closing Date are still in effect, (2) (x) that attached thereto is a true and complete copy of resolutions duly adopted by the board of directors of such Loan Party authorizing the execution, delivery and performance of this Agreement and the borrowings hereunder, in the case of the Borrower, and any Loan Documents to which each such Loan Party is a party, and that such resolutions have not been modified, rescinded or amended and are in full force and effect or (y) that the resolutions adopted by the board of directors of such Loan Party in connection with the entry into the Credit Agreement on the Closing Date have not been modified, rescinded or amended and are in full force and effect, and (3) (x) as to the incumbency and specimen signature of each officer executing this Agreement or any other Loan Document or any other document delivered in connection herewith on behalf of such Loan Party or (y) that the incumbency and specimen signature of each officer executing this Agreement provided on the Closing Date have not changed;

5

(e) the Administrative Agent shall have received, on behalf of itself and the Incremental Term Loan Lender, an opinion of Simpson Thacher & Bartlett LLP, in its capacity as New York counsel to the Loan Parties, dated the First Amendment Closing Date and addressed to the Administrative Agent and the Incremental Term Loan Lender and in form and substance consistent with the opinions delivered by such counsel on the Closing Date, taking into account the nature of this Agreement and the transactions contemplated hereby;

(f) delivery of a Borrowing Request pursuant to Section 2.03 of the Credit Agreement; and

(g) no later than three (3) Business Days in advance of the First Amendment Closing Date, the Administrative Agent shall have received all documentation and other information reasonably requested with respect to any Loan Party in writing by the Administrative Agent (including on behalf of the Lenders) at least ten (10) Business Days in advance of the First Amendment Closing Date, which documentation or other information is required by regulatory authorities under applicable "know your customer" and anti-money laundering rules and regulations, including the USA PATRIOT Act.

Section 4.06 Effect of this Agreement. Except as expressly set forth herein, this Agreement shall not by implication or otherwise limit, impair, constitute a waiver of, or otherwise affect the rights and remedies of the Lenders or the Agents under, the Credit Agreement or any other Loan Document, and shall not alter, modify, amend or

in any way affect any of the terms, conditions, obligations, covenants or agreements contained in the Credit Agreement or any other Loan Document, all of which are ratified and affirmed in all respects and shall continue in full force and effect. Nothing herein shall be deemed to entitle any Loan Party to a consent to, or a waiver, amendment, modification or other change of, any of the terms, conditions, obligations, covenants or agreements contained in the Credit Agreement or any other Loan Document in similar or different circumstances. Nothing herein can or may be construed as a novation of the Credit Agreement or any other Loan Document. This Agreement shall apply and be effective only with respect to the provisions of the Credit Agreement specifically referred to herein. After the First Amendment Closing Date, any reference to the Credit Agreement shall mean the Credit Agreement as modified hereby.

6

Section 4.07 Reaffirmation. Each of Holdings, the Borrower and each Guarantor identified on the signature pages hereto (collectively, Holdings, the Borrower and such Guarantors, the "**Reaffirming Loan Parties**") hereby acknowledges that it expects to receive substantial direct and indirect benefits as a result of this Agreement and the transactions contemplated hereby. Each Reaffirming Loan Party hereby consents to this Agreement and the transactions contemplated hereby, and hereby confirms its respective guarantees (including in respect of the Incremental Term Loans), pledges and grants of security interests, as applicable, under each of the Loan Documents to which it is party, and agrees that, notwithstanding the effectiveness of this Agreement and the transactions contemplated hereby, such guarantees, pledges and grants of security interests shall continue to be in full force and effect and shall accrue to the benefit of the Secured Parties (including in respect of the Incremental Term Loan Lender). Each of the Reaffirming Loan Parties hereby reaffirms its obligations under each provision of each Loan Document to which it is party.

Section 4.08 Counterparts. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. Delivery by telecopier (or other electronic transmission) of an executed counterpart of a signature page to this Agreement shall be effective as delivery of an original executed counterpart of this Agreement.

Section 4.09 Headings. Section headings used herein are for convenience of reference only, are not part of this Agreement and are not to affect the construction of, or to be taken into consideration in interpreting, this Agreement.

Section 4.10 Governing Law; Jurisdiction, etc. This Agreement shall be construed in accordance with and governed by the laws of the State of New York. The provisions of Sections 9.10 and 9.11 of the Credit Agreement shall apply to this Agreement, *mutatis mutandis*.
